AFFIDAVIT

The above witness being first duly sworn deposes and says that from his/her personal knowledge,

I was about to leave for my lunch break, and my husband came to pick me up for that, when I left the teller station door, my husband was waiting for me, and he told me to go back and check on teller (Linda) because when he was waiting for me outside, he thought he've notice a suspicious person (male) - and he was on Linda's window - I saw him laying very close to Linda's station, and I went back inside very quickly, and I pretended I drop something in the floor - nearby Linda's station - and she looked at me and whispered "robbery" - then I went to my station and actived the silent alarm, then I heard the phone ringing - and I answered - and it was the Bank of America security - before that I've said not very loud, to Millie (Teller Operational Service) and seemed like she didn't realized I've said "robery" to her, when I answered the phone, I was shaking, and I ask millie to answer the phone, then it was the moment I said to her again that we're being robbered. I called my manager, then a second after, I saw the police officer arresting the suspect.

THIS OFFICE HAS TAKEN THE FOLLOWING ACTION CONCERNING THE CHARGES AGAINST THE ABOVE-NAMED DEFENDANT:

[X] Criminal charge(s) will not be filed as to:
ARMED ROBBERY

[X] Felony charge(s) will be filed as to:
ATTEMPTED ROBBERY

COMMENTS:

The defendant entered Bank of America, informed the bank teller "this is a robbery," and requested different denominations of bills. The teller refused to provide the defendant with any money. At one point, the defendant states he has a gun, but it is outside. At no time is the defendant ever seen or found in possession of a gun or any other weapon. As such, there is no basis for an Armed Robbery charge, and prosecution of that charge is declined. Furthermore, the defendant was unsuccessful in his attempt to ever gain any money or property from the bank or the teller, thus never completing the crime of Robbery. Therefore, a charge of Attempted Robbery will be filed.

NARRATIVE / CONTINUATION

I was in the parking lot of district two when I heard call of a bank robbery in progress at the Bank of America located at 6160 14th Street West. I immediately headed to the bank as dispatch updated the responding units. Prior to my arrival I heard two units arrive on scene. At that point we were told the suspect was still inside. Upon my arrival I parked my unmarked car in the parking lot due north of the bank, as to remain out of view of the main entrance doors which face west. I approached on foot and stood at the northwest corner of the bank with my handgun at a low ready. I observed Dep. Gary Sellitto on the southwest corner. Dispatch tried to call 1W41 (Deputy Getman) who advised he was on scene moments earlier, on the radio and he did not respond. I did not know where he was until a customer opened the door of the bank and motioned for me to come inside to help. I went to the rear of the bank and saw Deputy Getman had the suspect in custody. He was taken to a separate office in handcuffs and I had no contact with him. I was asked to interview the teller who had been approached by the suspect and demanded money. In another office inside the bank, I began a taped interview of Linda. She told me that the suspect approached her and leaned in really close to her and said that "this is a robbery, I want all of your money" to her. She pretended she couldn't hear him, so he repeated himself again two more times. She said he told her he had a gun, but wouldn't show her a weapon. Linda could not see his hands. He kept his hands down near his pockets. Gisella, who was the teller beside Linda overheard the suspect say his demands to Linda, at which time Linda beleived Gisella pushed the bank's alarm button. He then demanded she give him all her one hundred dollar bills. When she told him she had none, he demanded she give him the fifties. Again she told him she was out and he demanded the twenties. She told the suspect she needed to go around the corner to get money from her safe. He told her he had a gun in his car. He told her if he went out and got it (the gun) he would bring it in and shoot her. She had written a note while out of the suspect's view that said "robbery". She showed it to the other teller beside her named Sylvia. She then went over to her supervisor, Mildred, and she told Linda that she was on the phone with someone about the situation that was unfolding. Mildred was also shown the note Linda wrote indicating it was a robbery. Shortly after this, Linda said the deputy came in and took the suspect into custody. Linda said the suspect appeared very nervous and was shaking. The suspect did not touch the victim at any time and did not obtain any money from them. I concluded my taped interview then. Linda was given an affidavit and wrote her statement as well. I then found Sylvia and asked her to speak with me in an office. I did a taped interview with her. She recalled the events the same as Linda and said she did not speak to the suspect during the robbery. She said she has been a with Bank of America for 17 years. She also confirmed that the subject who was arrested was the suspect who was demanding money from Linda. I concluded the short interview with Sylvia. Both of the interviews were saved to a CD and placed into evidence. I obtained the suspect's name from dispatch and checked with teletype to see if he had any vehicles registered to himself. They told me he had a green 1992 Honda with a Florida tag FJ5 61H and a 1997 green Ford four door with Florida tag I99 ARN.

Case # 06-45611

I checked the nearby parking lot for either vehicle and saw none. I was unable to determine if the suspect, William Dawson, had driven to the bank, or if he had an accomplice. I drove past the home address listed on his driver's license at 3205 22nd Ave West in Bradenton. I saw no vehicles matching the ones provided by teletype there. I did not approach the home at all. I also asked teletype if Dawson has a criminal history, and they said no. I was given the affidavit written by Mildred Singer while still on scene by Deputy Ribeiro with the intentions to give it to Deputy Getman. I was unable to meet Deputy Getman, so I attached the affidavit to my supplement.

Crime Scene: 811 27th Ave W
Bradenton

- Front entry/ livingroom Area

Investigation: Upon my arrival to the residence I observed a few bystanders standing outside the residence near the street. I observed the front door to the residence to be open and a male pinned on the floor by another male. I entered the residence and took the male subject into custody without incident. I observed a silver handgun on the couch of the residence which was secured as evidence. I observed the male subject now identified as Stephen R. Weidman to have a ski mask on his head and athletic type socks on his hands. The mask, socks and gun were placed into property and evidence located at district 2. It was determined that the gun was a BB pistol, although it appeared to be Real. I obtained sworn written affidavits from David Evans and Robert Montague (see interviews). I transported Stephen Weidman to district 2 where he was Read Miranda from the Agency issued card. Weidman was then taken to MCSO jail by transport.

* A blue bandanna was also placed into property at District 2.

Interviews:

Robert Montague: (see affidavit) heard what he thought was a knock at the door, tried to open it and a male with a gun wearing a ski mask and socks on his hands pushed his way inside the residence. Started struggling with the man trying to get the gun away from him. Called for David Evans in the bedroom by yelling help, Evans came to help and they disarmed the male and Evans held him down until law enforcement arrived. Originally opened the door because he thought it was Evans brother coming home. Had never seen the male before. Was just staying at the residence as a guest, recently moved out. Male stated he thought they where black, he was at the wrong house.

David Evans: (see affidavit) was sleeping in bed, heard a struggle went to see what was happening saw Robert fighting a gun out of a mens hand in the living room of his house. Fought male to the ground until law enforcement arrived. Had never seen male before. Male kept saying he got the wrong house.

NARRATIVE / CONTINUATION

(Interviews Continued)

Stephen Weidman: (Post Miranda) thought it was the house of some black males that Robbed him a few months ago and took $1200 and a gold chain. Saw a male wearing his chain a few weeks ago and followed him home. Thought the person who robbed him lived at that house, with a similar car. Was driving down the street tonight and decided to go by that house. Saw a car that he thought belonged to the males that robbed him. Drove home to Palmetto to get his mask, socks and gun. Had purchased the mask from Sports Authority previously and cut out the mouth and eye holes himself. Got socks to put over his hands because he didn't have any gloves and they work just as good. Had BB gun already at home. Also put on a longsleeve shirt because he was getting Ready to Rob someone. Used the mask because he didn't want them to see his face. Put a bandanna over the gun so they could not tell it was fake. Got a Ride from a taxi back to the area and was planning on walking home. When asked if he would do anything different stated would make sure he was Robbing black people not white people. Tried to kick door, then tried again as door was being opened. Saw the people where white and realized was at the wrong house.

Supplement Date / Time	Offense	Related Report #
08-14-2006 / 0040	Armed Home Invasion / Robbery	

NARRATIVE / CONTINUATION

On above date I responded to 811 27th Ave West to assist patrol in an possible armed burglary. I arrived on scene and saw that Dep. Hottman already had the defendant, Steven Weidman, in handcuffs. I went over and assisted in searching the defendant. While searching the subject I noticed that the defendant was wearing socks on both of his hands. He also had a grey watch cap on his head. As I searched he said "nigger robbed me so I was gunna rob him back but it was the wrong fucking house." I also noticed that a smell of alcohol coming from defendant as he spoke to me. Dep. Hottman took the defendant to district two and read him Miranda. Dep. Hottman spoke to the defendant and obtained a statement. I got to district two and read defendant Miranda again. He said he understood his rights and would talk to me. He told me that two months ago three black males robbed him for $1200 and his gold chain. He said that it happened off of 5th Street East. When I asked if he reported it it told me no. He did not think that anyone would believe him. About a week ago he saw a black male wearing his gold chain. He thought the black male was standing by a red car in front of the house we were just at. Tonight he was driving by 811 27th Ave West when he saw the red car again. Believing the black males lived at the house, he drove his car to his house in Palmetto. Once at his house he got a pair of socks, his cap and his BB gun. He called a cab company to come and take him back over to the house. once close to the house he bit eye holes into the cap and put the socks over his hands. He went up to the front door of the house and kicked the door but it did not open so he kicked it again. The door still did not open. Someone from inside opened the door so he rushed the person pushing them into the house. At that point he realized that the people inside the house were all white and that he had the wrong house. The people inside the house jumped on him, took the BB gun away from him and started beating him. He said that he has never done something like this before and he did it this time for revenge on the people that robbed him. I did not speak with him after that.

Robbery

Detective Lewis

On 8-31-06 at approximately 1410 hours, I was contacted by U/M Talbot and requested to respond to a possible robbery at 5504 13 St E. The victims, Danny Yarger, W/M 7-01-81, and Kenneth Hughes, W/M 7-06-83 were reportedly asleep inside the residence when a white male entered the residence via a rear door and took a microwave, awakening Hughes. Hughes then woke Yarger. The male returned to the residence and was confronted by Yarger concerning the microwave. The male then battered Yarger. Hughes grabbed Yarger and pulled him into the northwest bedroom and locked the door. The male again left the residence and fled in a vehicle.

The residence is located on the west side of 13 St E. A cement driveway led from the roadway to the carport located on the south end of the residence. The carport had been screened in. The front of the screened area was even with the front of the residence. A screen door was located near the center of the front of the screened area. A table and chairs was located near the center of this area. A couch was against the north wall. West of the couch was a door leading to the kitchen. This door was locked with a double cylinder deadbolt. In the southwest corner of the screened area was a screen door leading to the south yard. East of the door is a solid wooden stockade style fence. A door located on the west side of the residence was found open. This door opens into the kitchen of the residence. The exterior of the deadbolt appeared slightly damaged however the lock was checked and was operable. No scratches or damage was noted to the bolt itself. It should be noted that I was informed that this door was locked prior to the incident. A cart just north of the doorway had contained the black Tappan microwave. A wooden table was located in the southwest corner of the room. The locked doorway leading to the screened area was located on the east end of the south wall. Several pieces of a plastic cup were noted on the floor. An entranceway located on the south end of the east wall led to the living room. Couches were located along the west end of the south wall and the south end of the east wall. A glass top table was located in front of these couches. A door secured with a double cylinder deadbolt was located north of the couch on the east wall. A section of a hollow plastic hanger with a melted edge was noted on a table lamp west of the couch on the south wall. The northeast bedroom was located north of the living room. This door was closed and was not opened during this investigation. The bathroom was located north of the kitchen. The northwest bedroom was located north of the bathroom. This room contained a dresser on the south wall with the doorway, a bed along the north wall, small table on the west wall near the south edge of the bed, and a stereo system in the northeast corner. A cut section of brown electric cord was noted on the floor. On the bed were the base and the top of a torch lamp. Brown electric cord with a cut end was noted attached to the top of the torch lamp. The metal tube was not in the room but a metal tube located south of the driveway in the yard was consistent with the size of the missing tube. A rusty razor blade and a clear pen with the ink removed from it were located on the small table by the bed.

Yarger had a small laceration below his left eye. Swelling was also noted around this eye. No other injuries related to this incident. Yarger complained of injuries to his feet related to previously walking in wet shoes. Yarger stated that he was dizzy and had trouble keeping his balance near the end of the investigation and was treated by EMS. Hughes sustained no injuries.

Upon arrival at approximately 1417 hours, I met with Deputies B. Seahorne and Harrington. I was given the above

U/m Rick Talbot

listed synopsis. I was further informed that a suspect later identified as Jorge Mercado, W/M 2-23-70, had been stopped in a vehicle with a microwave. The microwave was returned to the residence by Sgt. Romano and was positively identified by Hughes and Yarger as the stolen microwave. Digital photographs were taken of the microwave and of the exterior and interior of the residence, including the items noted above. The microwave was processed for possible fingerprints with ridge detail being located and lifted. The exterior and interior of the rear kitchen door was processed for fingerprints with no prints located. The top of the stand the microwave was taken off of, the interior of the kitchen door leading the screened area, and the pieces of broken cup were processed for possible fingerprints. Ridge detail was noted on pieces of cup and the windows on the inside of the door to the screened area. It should be noted that at about this time Yarger entered the residence and stated that he was dizzy. EMS was summoned to the scene and Yarger was evaluated prior to my arrival. At the request of Yarger, I also made contact with the home owner, his father, and requested that he respond to the residence as Yarger had no keys to secure the residence. I was informed that he would respond as soon as possible.

Photographs are on file and available upon request.

NARRATIVE / CONTINUATION

On 08-31-06 I was in the area of 5700 15th Street East when a robbery call was dispatched to patrol. The vehicle description was aired and a vehicle fitting the description was subsequently stopped on 15th Street East.

It was learned that a microwave oven was one of the items stolen from the crime scene. The oven was in the trunk of the car which was stopped by patrol deputies. I took possession of the microwave oven and transported it back to the crime scene. I completed the property release paperwork and released the oven to its owner. (See attached property release)
