Subject: Case No: 2008CF000655 2007CF000125

Dear Cynthia, this letter is intended for Judge Ramona A. Gonzalez. My name is Antonio Vernon and I am writing in regards to the above referenced case numbers and the sexual registration requirement that came with the charges that I was facing as an adolescent. At that time, Judge Peterson (who has since retired) gave me this requirement to teach me the severity of my crime and intended to expunge this from my record after I showed that I learned from my past mistakes. Also, while attending court with Judge Gonzalez, she requested that I cooperate with the Sexual Offender Registration and go about having these charges removed and expunged.

Since that time, I have complied with her requirements and have learned from my past mistakes. At this time, I would like to start the process of having this requirement and charges removed from my record. I have started a life for myself and have come to realize that having this on my record seems to be a very challenging when trying to find employment. I have accomplished many things in the last few years. One of which is a college education focusing on Supervisory Management. While attending college I served on the Student Governing Board as Vice President and President at NTC and WWTC. Also, I started the Supervisory Management Club during my time at NTC. Since given the opportunity, I have proven to be a strong leader and was chosen to be one of the few selected to meet President Obama when he visited Wausau, WI.

The reason that I am listing some of my accomplishments is because I want you to know that I am a good person and am not a sexual predator. I have changed my lifestyle and am now striving to have a better life for me and the loved ones in it. I am 25 and trying to live the rest of my life as a positive citizen.

I hope that something good may come out of this and that I have the opportunity to live a normal life without having this hang over my head. I do not feel that I am the type of person that this title has labeled me as.

I can be reached at this email address or by the telephone number of 715-581-3081

Thank you for taking the time to read this letter and for the opportunity that you have presented to me.

Antonio Vernon
