Wal-Mark Contracting Group

From: Pat O'Brien  
General Manager

Subject: Chinese Wallboard

There has been a lot of conversation both within the industry and the media regarding a noxious (sulfur) odor being emitted by homes containing Chinese wallboard. Please be assured Kobrin Builders Supply at no time provided anything but one hundred percent domestically produced wallboard to the Wal-Mark Contracting Group. Kobrin Builders Supply has never at any time purchased, warehoused, or distributed Chinese wallboard. All of our wallboard both past and present comes from the following domestic producers, National Gypsum (Apollo Beach & Tampa), LaFarge Gypsum (Palatka), USG (Jacksonville), & Certainteed (Jacksonville).
