(Affidavit continued) numerous times. Radford died as a result the injuries he sustained due to the stab wounds. During early stages of the affiant's investigation Keshawn Lonnell Hopwell (co-defendant) was identified as a possible suspect due to the evidence in the form of electronic communication records recovered from Radford's cellular telephone. Of particular interest to the affiant were a series of text messages sent back and forth between Radford's cellular number and an unknown individual's cellular number. The unknown individual's cellular number was identified as 904-609-1407. Upon researching the unknown individual's number, detectives were able to identify Hopewell as the owner of that particular cellular number. Upon reviewing the content of the text messages sent between Radford's cellular number and Hopwell's cellular number, detectives were able to determine Radford met up with Hopewell at an apartment complex located off Topside Road, Louisville, minutes before his death. Detectives also discovered through the text messages Hopewell tells Radford he is going to bring his cousin. The apartment complex was located less than three miles from the location where Radford and his vehicle were discovered. Based on the content of the text messages, as well as additional information obtained through Radford's girlfriend and location information obtained through a GPS app Radford's parents utilized to monitor his movements, the affiant was able to obtain with a high degree of certainty that the Hopewell was the last individual to have contact with Radford prior to his death. On 08/01/17, Alcoa Detectives arrested Hopewell on an outstanding warrant. Hopewell was taken into custody at a residence in Harriman, TN. While at the residence detectives also made contact with the defendant. Tarese Patrick, Ayame Wright, and Tamazia Gibson at the residence. The affiant and Detective Caldwell interviewed I. Wright, C. Patrick, T. Patrick, A. Wright, and T. Gibson at the Harriman Police Department. Through those interviews the affiant and Detective Caldwell were able to determine defendant was involved in the homicide. The affiant and Detective Caldwell were able to determine that I. Wright drove co-defendants and defendant to 981 Linden Ave, Alcoa after the homicide . The defendant on the next day after the homicide went to a pawnshop with Hopewell and other co-defendants and took something out of pawn that belonged to the defendant with the money they took from Radford. All the above occurred in Blount County, TN.
