This will acknowledge receipt by the
Criminal Court Clerk's Office for Davidson County
of a Search Warrant in the case of

State of Tennessee vs:

Megan Barry & Rob Forrest

Silver Apple iPhone 6s Plus

From: Josh Savley

Clerk's Login No. 300

This 22nd day of February, 2018.

Davidson County Criminal Court Clerk

Tom Bh Deputy

Deputy Clerk

SEARCH WARRANT

STATE OF TENNESSEE
DAVIDSON COUNTY

To the Sheriff, or Any Lawful Officer of Said County:

Proof by affidavit having been made before me by Special Agent Joshua Savley, with the Tennessee Bureau of Investigation, that there is probable cause to believe that certain evidence of a crime, to wit: violations of Tennessee state law as set forth in Tennessee Code Annotated §39-14-103 (Theft of Property) and §39-16-402 (Official Misconduct) and will be found in the cellular telephone owned by the Metropolitan Nashville Police Department previously used by Rob Forrest assigned to telephone number 615-[redacted] and bearing the identifying IMEI 353287070818832, and that the evidence to be searched for is as follows:

> Any and all electronic data to include, recordings, images, emails, SMS messages, MMS messages, instant messages, chats, iMessages, call logs, contact lists, audio recordings, video recordings, photographs, and GPS or geolocation information.

YOU ARE HEREBY COMMANDED to make an immediate search of the following electronic device:

> Silver Apple iPhone 6s Plus - Model A1687 – IMEI 353287070818832

which will be found in the custody of the Tennessee Bureau of Investigation.

This search warrant will include the transport of this device to electronic evidence recovery specialists within the Tennessee Bureau of Investigation Technical Services Unit or other persons trained in the accessing and imaging of the aforementioned device. You are commanded to search for the aforesaid evidence and if you find the same or any part thereof, you shall seize the evidence and make a lawful return to me and safe keep such evidence until further orders of this court.

Issued this 16th day of February, 2018, at 1235 o'clock P.m.

Issued to: Special Agent Joshua Savley, Tennessee Bureau of Investigation

Witness my hand, this 16 day of February 2018.

Signed: John R. Dozier
Criminal Court Judge for Davidson County, Tennessee

AFFIDAVIT

STATE OF TENNESSEE
DAVIDSON COUNTY

Personally appeared before me, Steve R. Dozier Criminal Court Judge for Davidson County, Tennessee, Special Agent Joshua P. Savley, with the Tennessee Bureau of Investigation, who has made oath and has probable cause to believe that certain evidence of a crime, to wit: violations of Tennessee state law as set forth in Tennessee Code Annotated §39-14-103 (Theft of Property) and §39-16-402 (Official Misconduct) and will be found in the cellular telephone owned by the Metropolitan Nashville Police Department previously used by Sgt. Rob Forrest assigned to telephone number 615-[redacted] and bearing the identifying IMEI 353287070818832, and that the evidence to be searched for is as follows:

Any and all electronic data to include, recordings, images, emails, SMS messages, MMS messages, instant messages, chats, iMessages, call logs, contact lists, audio recordings, video recordings, photographs, and GPS or geolocation information.

Statement of Facts and Circumstances In Support of Probable Cause

This affidavit is made by Special Agent Joshua Savley, with the Tennessee Bureau of Investigation. This affidavit is based upon information your Affiant has received from other law enforcement officers, information your Affiant has received from citizens, and through investigation that your Affiant has personally conducted. Probable cause is as follows:

1. On February 1, 2018 District Attorney General Glenn R. Funk requested that the Tennessee Bureau of Investigation conduct an investigation into whether the affair between Nashville Mayor Megan Barry and Metropolitan Nashville Police Department (MNPD) Sergeant Rob Forrest led to any misappropriation of funds or official misconduct by either. On this same date your affiant was assigned as the lead investigator in this case.
2. On January 31, 2018 Megan Barry held a press conference where she admitted to having an affair with Sgt. Rob Forrest of the MNPD. Until that day, he had been the head of her security detail. Rob Forrest submitted his resignation to MNPD on January 17, 2018 and it was effective January 31, 2018.
3. On February 1, 2018 your affiant spoke with MNPD Deputy Chief Todd Henry concerning the iPhone and iPad of Rob Forrest. It explained that the TBI would like these devices so that the TBI could search them. Henry stated that this was not a problem and arranged contact with Lieutenant Doug Bell who had physical custody of the devices.
4. On February 2, 2018 your affiant met with MNPD Lieutenant Doug Bell to take possession of the iPhone and iPad that had previously been assigned to Rob Forrest. Your affiant submitted both the iPhone and iPad to the TBI Technical Services Unit for analysis. These devices were examined and extraction reports were completed on February 5, 2018. As part of this extraction, it was determined that a unique identifying number assigned to this iPhone known as an IMEI is 353287070818832. It was also determined that this particular phone is an Apple iPhone 6sPlus - Model A1687. Certain items of evidence were recovered including some items that had been deleted from the phone. There is also evidence showing that items were deleted but not recovered in this extraction. Of note in this extraction are 260 deleted iMessages between the number listed as Megan Barry's phone, 615-[redacted] and Rob Forrest's phone. During the extraction, many of these messages were recovered as a log form only and no content was recovered. Much of the information simply shows that a message was sent or received but the content of that message was not recovered.
5. On February 7, 2018 your affiant met with Executive Administrator for Fiscal Affairs of MNPD, Samir Mehic, In this meeting Mr. Mehic explained that while Rob Forrest served as the head of the Mayor's security going back two previous administrations, he did not have any travel claims for his time with either Mayor Karl Dean or Mayor Bill Purcell.
6. On February 6, 2018 your affiant received documents produced by Megan Barry's office from her attorney, Jerry Martin. Additional documents were received on February 8 and February 12, 2018. Megan Barry's calendar from January 1, 2017 to January 26, 2018 was provided as a part of these documents. A list of all trips that Megan Barry took during this timeframe was also provided. Of note are two trips reflected in both her calendar and travel schedule. They are a trip to Washington DC May 15-17, 2017 and a second trip to Washington DC October 18-19, 2017. Both trips list Megan Barry and Rob Forrest as the only parties travelling on these trips.
7. On February 7, 2018 your affiant received payroll records for Rob Forrest from Christy Sawyers of MNPD. Mrs. Sawyers is the Assistant Director for Human Resources for MNPD. In these records are timecards for Rob Forrest dating back to July 10, 2006. These time cards show that Rob Forrest reported working a regular shift from 07:00 to 15:30 and overtime from 15:30 to 21:30 on May 15, 2017. They also show that Rob Forrest reported working a regular shift from 07:00 to 15:30 and overtime from 15:30 to 23:00 on October 18, 2017.

8. On February 13, 2017 your affiant met with Don Aaron of MNPD to receive previously requested records. Some of these records were Rob Forrest's emails from his work email address. That email address is rob.forrest@nashville.gov. In a review of these records there are two emails to specifically note. These two emails were sent from his MNPD email address to his MNPD email address.
9. One of the emails mentioned in the previous paragraph was sent on May 15, 2017. This email does not have a subject. This email has a single .jpg attachment. This image is of a nude female lying on a bed with a black purse beside her. In the properties of this image it is noted that the photograph was taken on May 15, 2017 at 16:29:20. This photo was taken with an iPhone 6s Plus. The name of this image file is IMG_1183. The second email mentioned in the previous paragraph was sent on October 18, 2017. This email does not have a subject. This email has a single .jpg attachment. This image is of a woman's vagina exposed through black pantyhose with what appears to be a black dress or skirt pulled up above the waist of the woman. In the properties of this image it is noted that the photograph was taken on October 18, 2017 at 15:39:54. This photo was taken with an iPhone 6s Plus. The name of this image file is IMG_2013.
10. On February 15, 2018 your affiant reviewed the iPhone extraction of the aforementioned phone. Your affiant discovered that the closest numbered photograph in sequence to IMG_1183 is a photograph of Megan Barry conducting a radio interview. The name of that file is IMG_1185. Beside her in this photo is what your affiant believes to be the same black purse seen in IMG_1183. In the properties of image IMG_1185 it is noted that the photograph was taken on May 16, 2017 at 08:22:11. This photo was taken with an iPhone 6s Plus. Of note is that this photo was taken the morning after the photo of the woman on the bed with the purse beside her. In your affiant's experience, cameras typically name photos in a numerical sequential order which would indicate that IMG_1185 was the second photo taken after IMG_1183. No IMG_1184 was found on the phone.
11. On February 15, 2018 in the review of the extraction of the aforementioned phone your affiant also discovered that the closest numbered photograph to IMG_2013 is a photograph of Megan Barry in what appears to be a television studio set. The name of that file is IMG_2001. She is wearing a black outfit in this photo. In the properties of image IMG_2001 it is noted that the photograph was taken on October 18, 2017 at 11:13:51. This photo was taken with an iPhone 6s Plus. Of note is that this photo was taken a little over 4 hours before the photo of the woman's vagina was taken. There were no images numbered IMG_2002 through IMG_2012 found on the phone.
12. In further review of the extraction of Sgt Forrest's phone, your affiant noted many deleted items recovered in the extraction either in part or in whole. There were 35 deleted call logs between Rob Forrest and Megan Barry. There were 260 deleted chats between Rob Forrest and Megan Barry. There were 2 deleted SMS messages between Rob Forrest and Megan Barry.
13. In a review of records provided by the Mayor's office, Megan Barry's travel schedule shows that she did not travel with security personnel for the 4 business trips taken during the first 6 months of her administration. Starting in April 2016, Megan Barry began travelling with security on most out of town business trips. From April 3, 2016 to January 17, 2018 Megan Barry took 45 out of town trips. 10 of these trips were personal trips where she did not have security personnel. Of the 35 business trips during this timeframe, she had security personnel with her for 30 of these trips. Rob Forrest was present on 26 of these trips. Ten of these trips show that Megan Barry and Rob Forrest are the only travelers on the trip. Your affiant would note that there is a marked increase in trips with security around the same time that the affair began in the Spring of 2016.
14. On February 5, 2018 your affiant reviewed a Summary of Earnings for fiscal years 2013 to 2017 for Rob Forrest and Detective Mike Dixon, both of which were on the Mayor's security detail throughout this timeframe. In the three fiscal years prior to Megan Barry's administration, Rob Forrest reported an average of 650 hours of overtime and Det. Dixon reported an average of 406 hours of overtime. In the two years after Megan Barry took office, Rob Forrest has reported an average of 1189 hours of overtime while Det. Dixon has reported an average of 606 hours of overtime. Rob Forrest's overtime has increased by 83% while Det. Dixon's overtime has only increased by 49%.
15. Based on your affiant's knowledge, training, and experience, I know that many people use their cell phones to communicate with others in a variety of ways to include but not limited to email, text, instant messaging, phone calls, and various messaging applications. Many people also document certain events with photographs, video recording or audio recording. Your affiant also knows that many people use location services on their phones and that many phones store this information in the properties of various data files.
16. Your affiant believes that a more thorough search of Rob Forrest's phone could recover more deleted material from the phone which could prove to be crucial evidence in this case. The device will be sent to a third party contractor to provide advanced technical services. These technical services may include passcode bypass, passcode unlocking, and advanced extractions of the device data. The third party contractor does not provide any type of analysis or examination of the data. The unlocked device and all extracted data will be returned to the Tennessee Bureau of Investigation for technical analysis and examination by the TBI Technical Services Unit.

Experience and Basis of Knowledge of Affiant

Your affiant is a 2001 Graduate of the University of Tennessee at Knoxville and a 2011 Graduate of the Tennessee Law Enforcement Training Academy. Your affiant has been employed as a Special Agent with the Tennessee Bureau of Investigation MID-CID since January 2011. Your affiant has completed the following training courses: Criminal Investigations, Financial Investigations, Interview and Interrogation, Statement Analysis, Death and Homicide Investigations, Child Sex Abuse, Stolen Vehicle Identification, Shooting Scene Reconstruction, Bloodstain Pattern Analysis, Latent Fingerprints, Bomb and Arson investigations, and Crime Scene Management. Your affiant has written and been involved in the successful execution of search warrants in different counties within this state. Your affiant has also investigated different types of cases to include: property crimes, violent crimes, public corruption, sex crimes, and white-collar crimes. I have acted on and received the information set forth in this affidavit in my capacity as a Special Agent for the Tennessee Bureau of Investigation.

CONCLUSION

Your affiant believes that probable cause exists to show that Rob Forrest used a department issued iPhone 6s Plus while on duty. It will also show that on May 15, 2017 and on October 18, 2017 he used this phone to photograph a nude or partially nude female. It will also show that Rob Forrest's timecards report that he was working while these photographs were taken. Your affiant believes probable cause exists to show that Rob Forrest was indeed not working at the time IMG_1183 and IMG_2013 were taken but was rather participating in the affair with Megan Barry at these times.

Based upon the probable cause set forth in this affidavit, your Affiant prays for a search warrant to be issued for the recovery of evidence mentioned in this search warrant and supporting affidavit.

Witness my hand this 16 day of February, 2018.

Affiant

Sworn to and subscribed before me this 16th day of February, 2018.

Signed: Steve R. Dozier

Deputy Clerk

SEARCH WARRANT

STATE OF TENNESSEE
DAVIDSON COUNTY

To the Sheriff, or Any Lawful Officer of Said County:

Proof by affidavit having been made before me by Special Agent Joshua Savley, with the Tennessee Bureau of Investigation, that there is probable cause to believe that certain evidence of a crime, to wit: violations of Tennessee state law as set forth in Tennessee Code Annotated §39-14-103 (Theft of Property) and §39-16-402 (Official Misconduct) and will be found in the cellular telephone owned by Megan Barry assigned to telephone number 615-[redacted], and that the evidence to be searched for is as follows:

> Any and all electronic data to include, recordings, images, emails, SMS messages, MMS messages, instant messages, chats, iMessages, call logs, contact lists, audio recordings, video recordings, photographs, and GPS or geolocation information.

YOU ARE HEREBY COMMANDED to seize the phone assigned to telephone number 615-[redacted] wherever it may be found in Davidson County, Tennessee and make an immediate search of the electronic device.

This search warrant will include the transport of this device to electronic evidence recovery specialists within the Tennessee Bureau of Investigation Technical Services Unit or other persons trained in the accessing and imaging of the aforementioned device. You are commanded to search for the aforesaid evidence and if you find the same or any part thereof, you shall seize the evidence and make a lawful return to me and safe keep such evidence until further orders of this court.

YOU ARE FURTHER HEREBY COMMANDED that an Agent(s) from the Tennessee Bureau of Investigation (TBI), separate and apart from the Agent(s) assigned to investigate this matter (hereinafter referred to as the "screening agents"), shall assist your affiant in the actual search of material extracted from the device listed in this search warrant. The screening Agent(s) shall act as a filter for the disclosure of information to the Agent(s) assigned to this investigation. This screening process shall be supervised and/or solely conducted, to be determined by the amount of material to be viewed, by a licensed attorney in Tennessee and employed by TBI. The TBI Attorney will screen all material, files, and records extracted from the device to maintain the confidentiality of records not deemed evidentiary. Other than a cursory review of extracted information after search warrant execution, for the purposes of determining whether the particular item falls within the ambit of this search warrant, the affiant and any other Agent(s) conducting this investigation will not conduct a detailed examination of the items extracted under this warrant until it has been reviewed for relevancy by the screening Agent(s). More precisely, after execution of the search warrant and the material has been extracted from the target device, the actual search is to begin by the screening Agent(s) and only that data, or items, pertinent to the investigation shall be provided to your affiant or other Agent(s) assigned to this investigation. The screening Agent(s) shall not provide to your affiant, or any other Agent assigned to the investigation, any item, document, or information not relevant or pertinent to the allegations contained in this search warrant. Your affiant is to meet with the screening Agent(s) upon issuance of this warrant and explain the scope, depth, and allegations of this investigation. Further, the screening Agent(s) shall be provided a copy of this affidavit and search warrant in order to perform the task requested of them by this search warrant.

Issued this 16 day of February, 2018, at 12:30 o'clock P .m.

Issued to: Special Agent Joshua Savley, Tennessee Bureau of Investigation

Witness my hand, this 16 day of February 2018.

Signed: Steve R. Dozier
Criminal Court Judge for Davidson County, Tennessee

AFFIDAVIT

STATE OF TENNESSEE
DAVIDSON COUNTY

Personally appeared before me, Steve R. Dozier, Criminal Court Judge for Davidson County, Tennessee, Special Agent Joshua P. Savley, with the Tennessee Bureau of Investigation, who has made oath and has probable cause to believe that certain evidence of a crime, to wit: violations of Tennessee state law as set forth in Tennessee Code Annotated §39-14-103 (Theft of Property) and §39-16-402 (Official Misconduct) and will be found in the cellular telephone owned by Megan Barry assigned to telephone number 615-[redacted], and that the evidence to be searched for is as follows:

> Any and all electronic data to include, recordings, images, emails, SMS messages, MMS messages, instant messages, chats, iMessages, call logs, contact lists, audio recordings, video recordings, photographs, and GPS or geolocation information.

Statement of Facts and Circumstances In Support of Probable Cause

This affidavit is made by Special Agent Joshua Savley, with the Tennessee Bureau of Investigation. This affidavit is based upon information your Affiant has received from other law enforcement officers, information your Affiant has received from citizens, and through investigation that your Affiant has personally conducted. Probable cause is as follows:

1. On February 1, 2018 District Attorney General Glenn R. Funk requested that the Tennessee Bureau of Investigation conduct an investigation into whether the affair between Nashville Mayor Megan Barry and Metropolitan Nashville Police Department (MNPD) Sergeant Rob Forrest led to any misappropriation of funds or official misconduct by either. On this same date your affiant was assigned as the lead investigator in this case.
2. On January 31, 2018 Megan Barry held a press conference where she admitted to having an affair with Sgt. Rob Forrest of the MNPD. Until that day, he had been the head of her security detail. Sgt. Forrest submitted his resignation to MNPD on January 17, 2018 and it was effective January 31, 2018. Megan Barry stated that the affair began in the Spring of 2016.
3. On February 1, 2018 your affiant spoke with MNPD Deputy Chief Todd Henry concerning the iPhone and iPad of Sgt. Rob Forrest. It explained that the TBI would like these devices so that the TBI could search them. Henry stated that this was not a problem and arranged contact with Lieutenant Doug Bell who had physical custody of the devices.
4. On February 2, 2018 your affiant met with MNPD Lieutenant Doug Bell to take possession of the iPhone and iPad that had previously been assigned to Sgt. Forrest. Your affiant submitted both the iPhone and iPad to the TBI Technical Services Unit for analysis. These devices were examined and extraction reports were completed on February 5, 2018. As part of this extraction, it was determined that this particular phone is an Apple iPhone 6sPlus. Certain items of evidence were recovered including some items that had been deleted from the phone. There is also evidence showing that items were deleted but not recovered in this extraction. Of note in this extraction are 260 deleted iMessages between the number listed as Megan Barry's phone, 615-[redacted], and Sgt. Forrest's phone. During the extraction, many of these messages were recovered as a log form only and no content was recovered. Much of the information simply shows that a message was sent or received but the content of that message was not recovered.
5. On February 7, 2018 your affiant met with Executive Administrator for Fiscal Affairs of MNPD, Samir Mehic, In this meeting Mr. Mehic explained that while Sgt. Forrest served as the head of the Mayor's security going back two previous administrations, he did not have any travel claims for his time with either Mayor Karl Dean or Mayor Bill Purcell.
6. On February 6, 2018 your affiant received documents produced by Megan Barry's office from her attorney, Jerry Martin. Additional documents were received on February 8 and February 12, 2018. Megan Barry's calendar from January 1, 2017 to January 26, 2018 was provided as a part of these documents. A list of all trips that Megan Barry took during this timeframe was also provided. Of note are two trips reflected in both her calendar and travel schedule. They are a trip to Washington DC May 15-17, 2017 and a second trip to Washington DC October 18-19, 2017. Both trips list Megan Barry and Rob Forrest as the only parties travelling on these trips.
7. On February 7, 2018 your affiant received payroll records for Sgt. Forrest from Christy Sawyers of MNPD. Mrs. Sawyers is the Assistant Director for Human Resources for MNPD. In these records are timecards for Sgt. Forrest dating back to July 10, 2006. These time cards show that Sgt. Forrest reported working a regular shift from 07:00 to 15:30 and overtime from 15:30 to 21:30 on May 15, 2017. They also show that Sgt. Forrest reported working a regular shift from 07:00 to 15:30 and overtime from 15:30 to 23:00 on October 18, 2017.
8. On February 13, 2017 your affiant met with Don Aaron of MNPD to receive previously requested records. Some

of these records were Sgt. Forrest's emails from his work email address. That email address is rob.forrest@nashville.gov. In a review of these records there are two emails to specifically note. These two emails were sent from his MNPD email address to his MNPD email address.

9. One of the emails mentioned in the previous paragraph was sent on May 15, 2017. This email does not have a subject. This email has a single .jpg attachment. This image is of a nude female lying on a bed with a black purse beside her. In the properties of this image it is noted that the photograph was taken on May 15, 2017 at 16:29:20. This photo was taken with an iPhone 6s Plus. The name of this image file is IMG_1183. The second email mentioned in the previous paragraph was sent on October 18, 2017. This email does not have a subject. This email has a single .jpg attachment. This image is of a woman's vagina exposed through black pantyhose with what appears to be a black dress or skirt pulled up above the waist of the woman. In the properties of this image it is noted that the photograph was taken on October 18, 2017 at 15:39:54. This photo was taken with an iPhone 6s Plus. The name of this image file is IMG_2013.
10. On February 15, 2018 your affiant reviewed the iPhone extraction of Sgt. Forrest's phone. Your affiant discovered that the closest numbered photograph in sequence to IMG_1183 is a photograph of Megan Barry conducting a radio interview. The name of that file is IMG_1185. Beside her in this photo is what your affiant believes to be the same black purse seen in IMG_1183. In the properties of image IMG_1185 it is noted that the photograph was taken on May 16, 2017 at 08:22:11. This photo was taken with an iPhone 6s Plus. Of note is that this photo was taken the morning after the photo of the woman on the bed with the purse beside her. In your affiant's experience, cameras typically name photos in a numerical sequential order which would indicate that IMG_1185 was the second photo taken after IMG_1183. No IMG_1184 was found on the phone.
11. On February 15, 2018 in the review of the extraction of Sgt. Forrest's phone your affiant also discovered that the closest numbered photograph to IMG_2013 is a photograph of Megan Barry in what appears to be a television studio set. The name of that file is IMG_2001. She is wearing a black outfit in this photo. In the properties of image IMG_2001 it is noted that the photograph was taken on October 18, 2017 at 11:13:51. This photo was taken with an iPhone 6s Plus. Of note is that this photo was taken a little over 4 hours before the photo of the woman's vagina was taken. There were no images numbered IMG_2002 through IMG_2012 found on the phone.
12. In further review of the extraction of Sgt Forrest's phone, your affiant noted many deleted items recovered in the extraction either in part or in whole. There were 35 deleted call logs between Sgt. Forrest and Megan Barry. There were 260 deleted chats between Sgt. Forrest and Megan Barry. There were 2 deleted SMS messages between Sgt. Forrest and Megan Barry.
13. In a review of records provided by the Mayor's office, Megan Barry's travel schedule shows that she did not travel with security personnel for the 4 business trips taken during the first 6 months of her administration. Starting in April 2016, Megan Barry began travelling with security on most out of town business trips. From April 3, 2016 to January 17, 2018 Megan Barry took 45 out of town trips. 10 of these trips were personal trips where she did not have security personnel. Of the 35 business trips during this timeframe, she had security personnel with her for 30 of these trips. Sgt. Forrest was present on 26 of these trips. Ten of these trips show that Megan Barry and Sgt. Forrest are the only travelers on the trip. Your affiant would note that there is a marked increase in trips with security around the same time that the affair began in the Spring of 2016.
14. On February 5, 2018 your affiant reviewed a Summary of Earnings for fiscal years 2013 to 2017 for Sgt. Forrest and Detective Mike Dixon, both of which were on the Mayor's security detail throughout this timeframe. In the three fiscal years prior to Megan Barry's administration, Sgt. Forrest reported an average of 650 hours of overtime and Det. Dixon reported an average of 406 hours of overtime. In the two years after Megan Barry took office, Sgt. Forrest has reported an average of 1189 hours of overtime while Det. Dixon has reported an average of 606 hours of overtime. Sgt. Forrest's overtime has increased by 83% while Det. Dixon's overtime has only increased by 49%.
15. Based on your affiant's knowledge, training, and experience, I know that many people use their cell phones to communicate with others in a variety of ways to include but not limited to email, text, instant messaging, phone calls, and various messaging applications. Many people also document certain events with photographs, video recording or audio recording. Your affiant also knows that many people use location services on their phones and that many phones store this information in the properties of various data files. Your affiant knows that this information is often stored on cell phone devices even if the user has attempted to delete the information and can be recovered in a forensic data extraction of the device.
16. Your affiant believes that a search of Megan Barry's phone could reveal information that is crucial evidence in this case. In particular, data and information that has been deleted from Sgt. Forrest's phone may still exist on Megan Barry's phone.

Experience and Basis of Knowledge of Affiant

Your affiant is a 2001 Graduate of the University of Tennessee at Knoxville and a 2011 Graduate of the Tennessee Law Enforcement Training Academy. Your affiant has been employed as a Special Agent with the Tennessee Bureau of Investigation MID-CID since January 2011. Your affiant has completed the following training courses: Criminal Investigations, Financial Investigations, Interview and Interrogation, Statement Analysis, Death and Homicide

Investigations, Child Sex Abuse, Stolen Vehicle Identification, Shooting Scene Reconstruction, Bloodstain Pattern Analysis, Latent Fingerprints, Bomb and Arson investigations, and Crime Scene Management. Your affiant has written and been involved in the successful execution of search warrants in different counties within this state. Your affiant has also investigated different types of cases to include: property crimes, violent crimes, public corruption, sex crimes, and white-collar crimes. I have acted on and received the information set forth in this affidavit in my capacity as a Special Agent for the Tennessee Bureau of Investigation.

CONCLUSION

Your affiant believes that probable cause exists to show that Sgt. Rob Forrest used a department issued iPhone 6s Plus while on duty. It will also show that on May 15, 2017 and on October 18, 2017 he used this phone to photograph a nude or partially nude female. It will also show that Sgt. Forrest's timecards report that he was working while these photographs were taken. Your affiant believes probable cause exists to show that Sgt. Forrest was indeed not working at the time IMG_1183 and IMG_2013 were taken but was rather participating in the affair with Megan Barry at these times. Your affiant further believes that the deleted chats and messages between Sgt. Forrest and Megan Barry, if recovered, could provide further evidence of their activities while Sgt. Forrest reported to be on duty.

Based upon the probable cause set forth in this affidavit, your Affiant prays for a search warrant to be issued for the recovery of evidence mentioned in this search warrant and supporting affidavit.

Special Precautions Employed in Executing This Search Warrant

Your Affiant recognizes that a search warrant involving the search of an elected officials property mandates special precautions to ensure confidentiality protections are afforded to the business of government, its officials, and citizens; this confidentiality includes but is not limited to: legal conversations, contracts for bid, contingency plans, urban planning, employment, public safety, and any number of sensitive and confidential matters associated with the daily and long term operations of government. Further, it is recognized there is a duty to protect, from disclosure, information protected by legal privileges, and to ensure government operations are not disrupted by the investigative activities of law enforcement. As a result, an Agent(s) from the Tennessee Bureau of Investigation (TBI), separate and apart from the Agent(s) assigned to investigate this matter (hereinafter referred to as the "screening agents"), shall assist your affiant in the actual search of material extracted from the device listed in this search warrant. The Agent(s) shall act as a filter for the disclosure of information to the Agent(s) assigned to this investigation. The screening process shall be supervised and/or solely conducted, to be determined by the amount of material to be viewed, by a licensed attorney in Tennessee and employed by TBI. The TBI Attorney will screen all material, files, and records extracted to maintain the confidentiality of such records not deemed evidentiary. Other than a cursory review of extracted information after search warrant execution, for the purposes of determining whether the particular item falls within the ambit of this search warrant, your affiant and any other Agent(s) conducting this investigation will not conduct a detailed examination of the items extracted under this warrant until it is has been reviewed for relevancy by the screening Agent(s). More precisely, after execution of the search warrant and the material has been extracted from the target device, the actual search will begin by the screening Agent(s) and only that data, or items, pertinent to the investigation shall be provided to your affiant or other Agent(s) assigned to this investigation. The screening Agent(s) shall not provide to your affiant, or any other Agent assigned to the investigation, any item, document, or information not relevant or pertinent to the allegations contained in this search warrant. Your affiant will meet with the screening Agent(s) upon issuance of this warrant to explain the scope, depth, and allegations of this investigation. Further, the screening Agent(s) shall be provided a copy of this affidavit and search warrant in order to perform the task requested of them by this search warrant.

Witness my hand this 16th day of February, 2018.

SEARCH WARRANT

STATE OF TENNESSEE
DAVIDSON COUNTY

To the Sheriff, or Any Lawful Officer of Said County:

Proof by affidavit having been made before me by Special Agent Joshua Savley, with the Tennessee Bureau of Investigation, that there is probable cause to believe that certain evidence of a crime, to wit: violations of Tennessee state law as set forth in Tennessee Code Annotated §39-14-103 (Theft of Property) and §39-16-402 (Official Misconduct) and will be found in the cellular telephone owned by Megan Barry assigned to telephone number 615-[redacted], and bearing the identifying IMEI 356694081365256, and that the evidence to be searched for is as follows:

> Any and all electronic data to include, recordings, images, emails, SMS messages, MMS messages, instant messages, chats, iMessages, call logs, contact lists, audio recordings, video recordings, photographs, and GPS or geolocation information.

YOU ARE HEREBY COMMANDED to make an immediate search of the following electronic device:

> Black Apple iPhone 7 Plus - Model A1661 – IMEI 356694081365256

which will be found in the custody of the Tennessee Bureau of Investigation.

This search warrant will include the transport of this device to electronic evidence recovery specialists within the Tennessee Bureau of Investigation Technical Services Unit or other persons trained in the accessing and imaging of the aforementioned device. You are commanded to search for the aforesaid evidence and if you find the same or any part thereof, you shall seize the evidence and make a lawful return to me and safe keep such evidence until further orders of this court.

YOU ARE FURTHER HEREBY COMMANDED that an Agent(s) from the Tennessee Bureau of Investigation (TBI), separate and apart from the Agent(s) assigned to investigate this matter (hereinafter referred to as the "screening agents"), shall assist your affiant in the actual search of material extracted from the device listed in this search warrant. The screening Agent(s) shall act as a filter for the disclosure of information to the Agent(s) assigned to this investigation. This screening process shall be supervised and/or solely conducted, to be determined by the amount of material to be viewed, by a licensed attorney in Tennessee and employed by TBI. The TBI Attorney will screen all material, files, and records extracted from the device to maintain the confidentiality of records not deemed evidentiary. Other than a cursory review of extracted information after search warrant execution, for the purposes of determining whether the particular item falls within the ambit of this search warrant, the affiant and any other Agent(s) conducting this investigation will not conduct a detailed examination of the items extracted under this warrant until it has been reviewed for relevancy by the screening Agent(s). More precisely, after execution of the search warrant and the material has been extracted from the target device, the actual search is to begin by the screening Agent(s) and only that data, or items, pertinent to the investigation shall be provided to your affiant or other Agent(s) assigned to this investigation. The screening Agent(s) shall not provide to your affiant, or any other Agent assigned to the investigation, any item, document, or information not relevant or pertinent to the allegations contained in this search warrant. Your affiant is to meet with the screening Agent(s) upon issuance of this warrant and explain the scope, depth, and allegations of this investigation. Further, the screening Agent(s) shall be provided a copy of this affidavit and search warrant in order to perform the task requested of them by this search warrant.

Issued this 20 day of February, 2018, at 3:30 o'clock P .m.

Issued to: Special Agent Joshua Savley, Tennessee Bureau of Investigation

Witness my hand, this 20 day of February 2018.

Signed: John R. Dozier
Criminal Court Judge for Davidson County, Tennessee

AFFIDAVIT

STATE OF TENNESSEE
DAVIDSON COUNTY

Personally appeared before me, Steve R Dozier Criminal Court Judge for Davidson County, Tennessee, Special Agent Joshua P. Savley, with the Tennessee Bureau of Investigation, who has made oath and has probable cause to believe that certain evidence of a crime, to wit: violations of Tennessee state law as set forth in Tennessee Code Annotated §39-14-103 (Theft of Property) and §39-16-402 (Official Misconduct) and will be found in the cellular telephone owned by Megan Barry assigned to telephone number 615-[redacted], and bearing the identifying IMEI 356694081365256, and that the evidence to be searched for is as follows:

> Any and all electronic data to include, recordings, images, emails, SMS messages, MMS messages, instant messages, chats, iMessages, call logs, contact lists, audio recordings, video recordings, photographs, and GPS or geolocation information.

Statement of Facts and Circumstances In Support of Probable Cause

This affidavit is made by Special Agent Joshua Savley, with the Tennessee Bureau of Investigation. This affidavit is based upon information your Affiant has received from other law enforcement officers, information your Affiant has received from citizens, and through investigation that your Affiant has personally conducted. Probable cause is as follows:

1. On February 1, 2018 District Attorney General Glenn R. Funk requested that the Tennessee Bureau of Investigation conduct an investigation into whether the affair between Nashville Mayor Megan Barry and Metropolitan Nashville Police Department (MNPD) Sergeant Rob Forrest led to any misappropriation of funds or official misconduct by either. On this same date your affiant was assigned as the lead investigator in this case.
2. On January 31, 2018 Megan Barry held a press conference where she admitted to having an affair with Sgt. Rob Forrest of the MNPD. Until that day, he had been the head of her security detail. Rob Forrest submitted his resignation to MNPD on January 17, 2018 and it was effective January 31, 2018. Megan Barry stated that the affair began in the Spring of 2016.
3. On February 1, 2018 your affiant spoke with MNPD Deputy Chief Todd Henry concerning the iPhone and iPad of Rob Forrest. It explained that the TBI would like these devices so that the TBI could search them. Henry stated that this was not a problem and arranged contact with Lieutenant Doug Bell who had physical custody of the devices.
4. On February 2, 2018 your affiant met with MNPD Lieutenant Doug Bell to take possession of the iPhone and iPad that had previously been assigned to Rob Forrest. Your affiant submitted both the iPhone and iPad to the TBI Technical Services Unit for analysis. These devices were examined and extraction reports were completed on February 5, 2018. As part of this extraction, it was determined that this particular phone is an Apple iPhone 6sPlus. Certain items of evidence were recovered including some items that had been deleted from the phone. There is also evidence showing that items were deleted but not recovered in this extraction. Of note in this extraction are 260 deleted iMessages between the number listed as Megan Barry's phone, 615-[redacted], and Rob Forrest's phone. During the extraction, many of these messages were recovered as a log form only and no content was recovered. Much of the information simply shows that a message was sent or received but the content of that message was not recovered.
5. On February 7, 2018 your affiant met with Executive Administrator for Fiscal Affairs of MNPD, Samir Mehic, In this meeting Mr. Mehic explained that while Rob Forrest served as the head of the Mayor's security going back two previous administrations, he did not have any travel claims for his time with either Mayor Karl Dean or Mayor Bill Purcell.
6. On February 6, 2018 your affiant received documents produced by Megan Barry's office from her attorney, Jerry Martin. Additional documents were received on February 8 and February 12, 2018. Megan Barry's calendar from January 1, 2017 to January 26, 2018 was provided as a part of these documents. A list of all trips that Megan Barry took during this timeframe was also provided. Of note are two trips reflected in both her calendar and travel schedule. They are a trip to Washington DC May 15-17, 2017 and a second trip to Washington DC October 18-19, 2017. Both trips list Megan Barry and Rob Forrest as the only parties travelling on these trips.
7. On February 7, 2018 your affiant received payroll records for Rob Forrest from Christy Sawyers of MNPD. Mrs. Sawyers is the Assistant Director for Human Resources for MNPD. In these records are timecards for Rob Forrest dating back to July 10, 2006. These time cards show that Rob Forrest reported working a regular shift from 07:00 to 15:30 and overtime from 15:30 to 21:30 on May 15, 2017. They also show that Rob Forrest reported working a regular shift from 07:00 to 15:30 and overtime from 15:30 to 23:00 on October 18, 2017.
8. On February 13, 2017 your affiant met with Don Aaron of MNPD to receive previously requested records. Some

of these records were Rob Forrest's emails from his work email address. That email address is rob.forrest@nashville.gov. In a review of these records there are two emails to specifically note. These two emails were sent from his MNPD email address to his MNPD email address.

9. One of the emails mentioned in the previous paragraph was sent on May 15, 2017. This email does not have a subject. This email has a single .jpg attachment. This image is of a nude female lying on a bed with a black purse beside her. In the properties of this image it is noted that the photograph was taken on May 15, 2017 at 16:29:20. This photo was taken with an iPhone 6s Plus. The name of this image file is IMG_1183. The second email mentioned in the previous paragraph was sent on October 18, 2017. This email does not have a subject. This email has a single .jpg attachment. This image is of a woman's vagina exposed through black pantyhose with what appears to be a black dress or skirt pulled up above the waist of the woman. In the properties of this image it is noted that the photograph was taken on October 18, 2017 at 15:39:54. This photo was taken with an iPhone 6s Plus. The name of this image file is IMG_2013.
10. On February 15, 2018 your affiant reviewed the iPhone extraction of Rob Forrest's phone. Your affiant discovered that the closest numbered photograph in sequence to IMG_1183 is a photograph of Megan Barry conducting a radio interview. The name of that file is IMG_1185. Beside her in this photo is what your affiant believes to be the same black purse seen in IMG_1183. In the properties of image IMG_1185 it is noted that the photograph was taken on May 16, 2017 at 08:22:11. This photo was taken with an iPhone 6s Plus. Of note is that this photo was taken the morning after the photo of the woman on the bed with the purse beside her. In your affiant's experience, cameras typically name photos in a numerical sequential order which would indicate that IMG_1185 was the second photo taken after IMG_1183. No IMG_1184 was found on the phone.
11. On February 15, 2018 in the review of the extraction of Rob Forrest's phone your affiant also discovered that the closest numbered photograph to IMG_2013 is a photograph of Megan Barry in what appears to be a television studio set. The name of that file is IMG_2001. She is wearing a black outfit in this photo. In the properties of image IMG_2001 it is noted that the photograph was taken on October 18, 2017 at 11:13:51. This photo was taken with an iPhone 6s Plus. Of note is that this photo was taken a little over 4 hours before the photo of the woman's vagina was taken. There were no images numbered IMG_2002 through IMG_2012 found on the phone.
12. In further review of the extraction of Sgt Forrest's phone, your affiant noted many deleted items recovered in the extraction either in part or in whole. There were 35 deleted call logs between Rob Forrest and Megan Barry. There were 260 deleted chats between Rob Forrest and Megan Barry. There were 2 deleted SMS messages between Rob Forrest and Megan Barry.
13. In a review of records provided by the Mayor's office, Megan Barry's travel schedule shows that she did not travel with security personnel for the 4 business trips taken during the first 6 months of her administration. Starting in April 2016, Megan Barry began travelling with security on most out of town business trips. From April 3, 2016 to January 17, 2018 Megan Barry took 45 out of town trips. 10 of these trips were personal trips where she did not have security personnel. Of the 35 business trips during this timeframe, she had security personnel with her for 30 of these trips. Rob Forrest was present on 26 of these trips. Ten of these trips show that Megan Barry and Rob Forrest are the only travelers on the trip. Your affiant would note that there is a marked increase in trips with security around the same time that the affair began in the Spring of 2016.
14. On February 5, 2018 your affiant reviewed a Summary of Earnings for fiscal years 2013 to 2017 for Rob Forrest and Detective Mike Dixon, both of which were on the Mayor's security detail throughout this timeframe. In the three fiscal years prior to Megan Barry's administration, Rob Forrest reported an average of 650 hours of overtime and Det. Dixon reported an average of 406 hours of overtime. In the two years after Megan Barry took office, Rob Forrest has reported an average of 1189 hours of overtime while Det. Dixon has reported an average of 606 hours of overtime. Rob Forrest's overtime has increased by 83% while Det. Dixon's overtime has only increased by 49%.
15. Based on your affiant's knowledge, training, and experience, I know that many people use their cell phones to communicate with others in a variety of ways to include but not limited to email, text, instant messaging, phone calls, and various messaging applications. Many people also document certain events with photographs, video recording or audio recording. Your affiant also knows that many people use location services on their phones and that many phones store this information in the properties of various data files. Your affiant knows that this information is often stored on cell phone devices even if the user has attempted to delete the information and can be recovered in a forensic data extraction of the device.
16. Your affiant believes that a search of Megan Barry's phone could reveal information that is crucial evidence in this case. In particular, data and information that has been deleted from Rob Forrest's phone may still exist on Megan Barry's phone.
17. On Thursday February 15, 2018 Special Agent in Charge (SAC) Russ Winkler of the TBI spoke to Attorney Jerry Martin who is representing Megan Barry in this investigation. SAC Winkler requested that Megan Barry turn her phone over to the TBI for examination along with her consent to search the phone. Attorney Jerry Martin refused to comply with this request at that time.
18. On Friday February 16, 2018 your affiant came before the Honorable Steve R. Dozier and obtained a Search Warrant for Megan Barry's phone assigned to the number [redacted]. Your affiant executed that Search Warrant at Megan Barry's office in Davidson County at approximately 3:45PM that same day. During the

execution of that Search Warrant your affiant explained the process to Attorney Jerry Martin and requested Megan Barry's passcode to her phone. Megan Barry did not provide your affiant with the passcode and Attorney Jerry Martin explained that he would have to get back with me on whether they would provide the code or not.

19. On February 20, 2018 your affiant submitted Megan Barry's phone to SA Joel Wade of the Technical Services Unit of the TBI. He was not able to examine the phone's contents due to the phone being locked. He was able to confirm that the IMEI for this particular phone is 356694081365256. IMEI stands for International Mobile Equipment Identity and it is a unique number used to identify most mobile devices.
20. On February 20, 2018 SAC Winkler spoke with Attorney Jerry Martin concerning the passcode for Megan Barry's phone. Attorney Jerry Martin again declined to provide the passcode.
21. Due to the fact that Megan Barry has thus far refused to provide the passcode to her phone, the only process for examining the phone known to your affiant is to have the phone unlocked by a third party. The device will be sent to a third party contractor to provide advanced technical services. These technical services may include passcode bypass, passcode unlocking, and advanced extractions of the device data. The third party contractor does not provide any type of analysis or examination of the data. The unlocked device and all extracted data will be returned to the Tennessee Bureau of Investigation for technical analysis and examination by the TBI Technical Services Unit.

Experience and Basis of Knowledge of Affiant

Your affiant is a 2001 Graduate of the University of Tennessee at Knoxville and a 2011 Graduate of the Tennessee Law Enforcement Training Academy. Your affiant has been employed as a Special Agent with the Tennessee Bureau of Investigation MID-CID since January 2011. Your affiant has completed the following training courses: Criminal Investigations, Financial Investigations, Interview and Interrogation, Statement Analysis, Death and Homicide Investigations, Child Sex Abuse, Stolen Vehicle Identification, Shooting Scene Reconstruction, Bloodstain Pattern Analysis, Latent Fingerprints, Bomb and Arson investigations, and Crime Scene Management. Your affiant has written and been involved in the successful execution of search warrants in different counties within this state. Your affiant has also investigated different types of cases to include: property crimes, violent crimes, public corruption, sex crimes, and white-collar crimes. I have acted on and received the information set forth in this affidavit in my capacity as a Special Agent for the Tennessee Bureau of Investigation.

CONCLUSION

Your affiant believes that probable cause exists to show that Sgt. Rob Forrest used a department issued iPhone 6s Plus while on duty. It will also show that on May 15, 2017 and on October 18, 2017 he used this phone to photograph a nude or partially nude female. It will also show that Rob Forrest's timecards report that he was working while these photographs were taken. Your affiant believes probable cause exists to show that Rob Forrest was indeed not working at the time IMG_1183 and IMG_2013 were taken but was rather participating in the affair with Megan Barry at these times. Your affiant further believes that the deleted chats and messages between Rob Forrest and Megan Barry, if recovered, could provide further evidence of their activities while Rob Forrest reported to be on duty.

Based upon the probable cause set forth in this affidavit, your Affiant prays for a search warrant to be issued for the recovery of evidence mentioned in this search warrant and supporting affidavit.

Special Precautions Employed in Executing This Search Warrant

Your Affiant recognizes that a search warrant involving the search of an elected officials property mandates special precautions to ensure confidentiality protections are afforded to the business of government, its officials, and citizens; this confidentiality includes but is not limited to: legal conversations, contracts for bid, contingency plans, urban planning, employment, public safety, and any number of sensitive and confidential matters associated with the daily and long term operations of government. Further, it is recognized there is a duty to protect, from disclosure, information protected by legal privileges, and to ensure government operations are not disrupted by the investigative activities of law enforcement. As a result, an Agent(s) from the Tennessee Bureau of Investigation (TBI), separate and apart from the Agent(s) assigned to investigate this matter (hereinafter referred to as the "screening agents"), shall assist your affiant in the actual search of material extracted from the device listed in this search warrant. The Agent(s) shall act as a filter for the disclosure of information to the Agent(s) assigned to this investigation. The screening process shall be supervised and/or solely conducted, to be determined by the amount of material to be viewed, by a licensed attorney in Tennessee and employed

by TBI. The TBI Attorney will screen all material, files, and records extracted to maintain the confidentiality of such records not deemed evidentiary. Other than a cursory review of extracted information after search warrant execution, for the purposes of determining whether the particular item falls within the ambit of this search warrant, your affiant and any other Agent(s) conducting this investigation will not conduct a detailed examination of the items extracted under this warrant until it is has been reviewed for relevancy by the screening Agent(s). More precisely, after execution of the search warrant and the material has been extracted from the target device, the actual search will begin by the screening Agent(s) and only that data, or items, pertinent to the investigation shall be provided to your affiant or other Agent(s) assigned to this investigation. The screening Agent(s) shall not provide to your affiant, or any other Agent assigned to the investigation, any item, document, or information not relevant or pertinent to the allegations contained in this search warrant. Your affiant will meet with the screening Agent(s) upon issuance of this warrant to explain the scope, depth, and allegations of this investigation. Further, the screening Agent(s) shall be provided a copy of this affidavit and search warrant in order to perform the task requested of them by this search warrant.
