Subject: Rep Graves (LA) event rescheduled for Tuesday, Sept. 12th Wash DC
Attachments: Local Flood Protection and Sec 408 priorities (v2a).pdf

Importance: High

The Sec 408 Coalition fundraising event with Rep Garrett Graves (R-LA) has been rescheduled and will now be held in Washington, D.C., Tuesday, Sept. 12th from Noon – 1 PM at the Capitol Hill Club.

Please let me know ASAP whether you'll attend. If you're unable to do so, but still wish to make a donation to Rep. Graves, Chair, Water Resources & Environment Subcommittee of House Transportation & Infrastructure Committee, we can handle that for you.

Also, attached is most recent Sec 408 Coalition handout for use during meetings in DC next week. On one side is the Coalition's top 3 priorities, and on the other an update on barriers to locals providing reliable flood protection for their communities.

Any questions, just let me know.

Best,

Subject: Aug 28th event will be rescheduled
Importance: High

With Hurricane Harvey in the Gulf it's been determined that we'll skip event on Monday and look for another date for the event.
Please go ahead and cancel your flight reservations, and we'll take care of the hotel reservations that were made for the group.

To our friends in Texas and Louisiana, stay safe!!!

Good morning Nancy –
With Hurricane Harvey heading toward the Gulf Coast and demands being placed on elected officials and those with flood protection responsibilities (which can be expected to continue into next week) perhaps rather than trying to have this event in NOLA on Monday, it would be better to connect with the Congressman another time (maybe on Sept 12th when the Section 408 Coalition will be in DC for meetings).
Please let us know your thoughts, and feel free to call to discuss.
Best,
Karin
