- A. The term of each License shall commence upon the Commencement Date of said License, as set forth in each fully executed **Exhibit A** License and Right of Entry Agreement, and shall continue for a period of five years. The term of each License shall renew for up to four five-year renewal terms unless either Party gives sixty days' written notice of its intent not to renew.

3. **Rent/License Fees.**

- A. From and after the Commencement, Licensee shall pay a license fee for each of the Licensed Premises (1) in the amount of Two Hundred and Seventy Dollars (\$270) per year, paid annually on July 1 of each year for each Licensed Premises, in accordance with Federal Communications Commission Order No. 18-133 (FCC 18-133) or (2) as set forth in the City's Master Fee Schedule in accordance with FCC 18-133, whichever is greater (the Rent). Should an updated fee be imposed pursuant to an update to the Master Fee Schedule during a pending license year, Licensee shall be responsible for the pro-rata difference in fees in favor of City.
- B. The Parties acknowledge that as of the date of this Agreement, the validity of FCC 18-133 has been challenged by the City of Fresno in Federal Court and is the subject of ongoing litigation nationwide. In the event that FCC 18-133 is invalidated in any way which affected the amount which can be charged by the City for the Licensed Premises (whether stayed, overturned, wholly or partially invalidated or otherwise limited), the Rent going forward shall be the maximum amount allowed under the then-applicable law. In the absence of any applicable law mandating a maximum, the fee shall immediately be calculated based upon the following formula:
 - i. As of October 1, 2019, the Rent/License Fee shall be Twelve Hundred and Fifty Dollars (\$1250), subject to an automatic annual adjustment of 3% each October 1st thereafter.
- C. Licensee shall also pay to Licensors fees as set forth in the City of Fresno Master Fee Schedule and defined further below, for inspections of the Improvements and for rental of City of Fresno infrastructure utilized by Licensee for its Improvements, including, but not limited to normal permitting fees per location and fees for rental of electric conduits.

4. **Occupancy Restrictions.** Occupancy of the Licensed Premises, subject to the following:

- A. Licensee acknowledges existing City Facilities are not designed or built to support Wireless Telecommunication Facilities and Licensors does not warrant or represent the ability of the City Facilities to support Wireless Telecommunications Facilities.
 - i. If Licensee elects to attach onto City facilities, Licensee shall perform and submit to Licensors a structural analysis report signed and stamped by a City-approved California licensed professional civil or structural engineer showing that the subject City Facility is capable of handling the maximum load being added by Licensee. A structural

analysis shall be submitted for each licensed premise. Neither submission of a structural analysis required hereunder, nor acceptance of the same by the City, shall act, in any way, as a waiver by City of its rights, or otherwise limit Licensee's obligations under Section 4.A.ii and Section 13 herein.

- ii. Licensee expressly waives any claims against Licensor relating to defects with the City Facilities, including, but not limited to, any improvements located thereon and/or the habitability or suitability of the City Facilities or the improvements located thereon for any permitted purpose(s). Licensee indemnifies, holds Licensor harmless, and shall defend Licensor as set forth in Section 13, from any damages caused by Licensee's negligence, including but not limited to damage due to Licensee's modifications to, or the addition of Licensee's facilities to City Facilities. Licensee's obtaining a structural analysis and/or conducting an inspection shall not relieve Licensee of any liability under this Agreement.
- B. Licensee shall make every reasonable effort to ensure that each proposed Wireless Telecommunications Facility will not affect, detract, or impact the operation of existing Licensor facilities, particularly traffic signal control and street lighting devices.
- C. Licensee shall ensure that the proposed Wireless Telecommunications Facility is not dependent on the resources dedicated to Licensor facilities unless otherwise approved by Licensor.
- D. Licensee shall propose new locations for Wireless Telecommunications Facilities to Licensor. Not all Licensor facilities will be accessible due to necessary Licensor operations. However, to the extent Licensee is seeking to install its Wireless Telecommunications Facility on a Licensor pole, and the Wireless Telecommunications Facility can be accommodated by rearranging other facilities on the poles and/or replacing the pole with a stronger and/or taller pole, Licensee may utilize such pole upon written approval by Licensor; such rearrangement or replacement shall be coordinated with Licensor and/or other facility(s) owner, shall be at Licensee's cost, and shall comport with all applicable City policies. Licensor shall have the final and absolute authority to approve or reject said locations.

In the event of damage, Licensor shall not be obligated to repair or restore the Wireless Telecommunications Facility to normal operating conditions unless Licensor is the primary and direct cause of such damage. As between Licensee and Licensor, Licensee shall bear all other costs incurred to repair or restore Wireless Telecommunications Facilities. Licensee shall make every reasonable effort during the deployment and maintenance of the Wireless Telecommunications Facilities to restore Licensor facilities in a safe and timely manner. Licensee shall be fully responsible for all

damages incurred by Licensor, including but not limited to loss of revenue incurred in association therewith.

- E. Licensee shall give Licensor reasonable notice (of no less than fourteen days) prior to impacting Licensor facilities in a manner that is beyond the routine maintenance (including changing the frequency of the equipment and like-for-like replacement of the equipment) and operation of Wireless Telecommunications Facilities. Provided, however, that in the event of an emergency, including but not limited failure of Licensee's equipment, Licensee shall give such notice, if any, as is reasonable under the circumstances.

5. Construction, Engineering, and Other Costs.

- A. Licensor shall have no financial responsibility for planning, construction, and engineering costs associated with the implementation of this Agreement.
- B. Licensee shall pay appropriate City permitting fees as set forth in the Master Fee Schedule.
- C. Licensee shall furnish and install its own power source independent from the Licensor for the electricity used by the Wireless Service Providers.
 - i. Where feasible, appropriate and desirable, Licensee may non-exclusively lease from the City excess access to power (i.e. conductor(s) and/or conduit(s)) for the purpose of providing power to Licensee's equipment at a rate of \$400 per year per Licensed Premise or as set forth in the City's Master Fee Schedule, subject to the same automatic annual adjustment set forth in Section 3.B.i., in order for the City to recoup the additional operating cost associated with such access. Licensee shall be responsible for all costs and for the procurement of all approvals, permits, and inspections associated with and required for access. The Licensee understands that the City's design for its street lighting access to power and the operating of those streetlights does not allow shared conductor(s) and/or conduit(s) use. This provision may be re-addressed at the time that the City re-designs its systems.
 - ii. Licensee acknowledges existing conduit(s) and/or conductor(s) are not designed or built to accommodate third party access. Existing conduit(s) and/or conductor(s) may fail at any time and Licensor shall retain the ability to repair damaged conduit(s) and/or conductor(s) at any time and within its sole discretion. Licensee may repair the damaged conduit(s) and conductor(s) at no cost to the Licensor. Licensee acknowledges that many City Facilities are serviced by direct burial conductors to the utility point of connection, which fail often; Licensee may replace the direct burial conductor with a new conduit and conductors per City standards and specifications to have reliable utility service. Licensor shall not bear any cost to replace the

existing direct burial conductors with a new conduit and conductors. All new conduit and conductors proposed for replacement, repair, modification, or installation shall be noted in designs submitted for City approval; such installations shall be paid for by Licensee and shall be property of the Licensor upon acceptance by the City.

iii. Per State and Federal regulations, the City is not allowed to share its power for powering light fixtures on poles. Licensee shall be required to:

- a) Set a pull box for existing poles that do not have one.
- b) Update locking lids if existing concrete layer is broken for installation of equipment.
- c) Locking lids shall be keyed to City of Fresno keys.
- d) Utilize striped conductor wires or label wires properly to differentiate from Licensor's existing conductor wires.
- e) Comply with all applicable City of Fresno standard specifications for like facilities and/or work.

D. Where Licensor implementations exist on poles, Licensee may only coexist where physically possible, taken into consideration possible rearrangements or replacement in accordance with Section 4.C. Licensee shall not install equipment where such installing equipment on a pole would compromise the safety of that pole (wind rating, weight bearing, etc.).

6. **Licensed Premises; Survey.** Licensee has provided Licensor with a copy of an "as-built" survey for each Licensed Premises, which shall depict and identify the boundaries of each Licensed Premises and any attendant easements.

7. **Access.** Licensee shall execute a Right of Entry Agreement in the form attached hereto as **Exhibit A** for each Licensed Premise. Conditioned upon and subject to commencement of the License Term, Licensor grants to Licensee and Licensee's employees, agents, contractors, licensees and their employees, agents, and contractors access to the Licensed Premises, for the purpose of constructing, repairing, maintaining, replacing, and removing the facility to be located upon each Licensed Premises as necessary to obtain or comply with any stipulations in the Right of Entry Agreement (**Exhibit A**). The Right of Entry Agreement shall be utilized for the purposes provided.

8. **Use of Property.** The Licensed Premises and the Right of Entry Agreement shall be used for the purpose of constructing, repairing, maintaining, replacing, operating, and removing the Improvements and for uses incidental thereto. All Improvements shall be constructed at no expense to Licensor. All Improvements, inclusive of security fences, shall comply with the requirements of the Fresno Municipal Code and all other laws and regulations applicable thereto, and Licensee shall obtain all required and necessary governmental agency Approvals and permits. Licensee will maintain the Licensed Premises in a safe condition. It is the intent of the parties that Licensee's Improvements shall not constitute a fixture.

- A. **Maintenance and Operation.** At its sole cost and expense, Licensee shall construct, install, and maintain Wireless Telecommunication Facilities on Licensors' Properties in accordance and conformity with all applicable laws, policies, guidelines, and contractual obligations to Licensors. Licensors shall not be responsible for any cost of maintaining or operating any Wireless Telecommunication Facility. If the Licensors elects, in its sole discretion, to remove or relocate the pole comprising the Licensed Premises subject to this Agreement, Licensee shall promptly remove and reinstall its Wireless Telecommunication Facility, at no cost to Licensors. In the event of pole relocation, the Licensors shall provide sixty days' notice to Licensee. Licensors shall not be responsible for any damage to any Wireless Telecommunication Facility in the event that a pole falls or is knocked down, nor shall Licensors be responsible for any damage to Licensee's Wireless Telecommunication Facilities caused by a pole removal or relocation.
- B. **Compliance with FCC Regulations.**
- i. Licensee will operate its Wireless Telecommunications Facilities in compliance with all FCC regulations regarding Interference with the radio signal transmissions of Licensors and other third parties in or upon a City Facility, which transmissions are operated in compliance with Laws.
9. **Removal of Obstructions.** Licensee has the right to remove obstructions from Licensors' Property, as approved by Licensors, which approval shall be requested in writing by Licensee and shall not be unreasonably withheld, conditioned or delayed by Licensors. Potential obstructions include but are not limited to vegetation, which may encroach upon, interfere with or present a hazard to Licensee's use of the Licensed Premises Licenses. Licensee shall dispose of any materials removed.
10. **Hazardous Materials.**
- A. **Licensee's Obligation and Indemnity.** Licensee shall not (either with or without negligence) cause or permit the escape, disposal or release of any Hazardous Materials on or from the Licensed Premises in any manner prohibited by law. Licensee shall indemnify and hold Licensors harmless from and against any and all claims, damages, fines, judgments, penalties, costs, liabilities or losses (including, without limitation, any and all sums paid for settlement of claims, attorneys' fees, and consultants' and experts' fees) from the release of any Hazardous Materials on the Licensed Premises if caused by Licensee or persons acting under Licensee.
11. **Real Estate Taxes.** To the extent that a possessory interest is deemed created, Licensee acknowledges that notice is and was hereby given to Licensee pursuant to California Revenue and Taxation Code Section 107.6 that use or occupancy of any public property may subject the Licensee to possessory interest taxes or other taxes levied against Licensee's right to possession, occupancy or use of any public property. Licensee shall pay all applicable (federal, state, county, city, local)

excise, sales, consumer use, possessory interest, or other similar taxes required by law that are levied upon this Agreement or upon Licensee's services under this Agreement. Licensee agrees to reimburse Licenser for any documented increase in real estate or personal property taxes levied against Licenser's Property that are directly attributable to the Improvements. Licenser agrees to provide Licensee any documentation evidencing the increase and how such increase is attributable to Licensee's use. Licensee reserves the right to challenge any such assessment, and Licenser agrees to cooperate with Licensee in connection with any such challenge.

12. **Insurance.** At all times during the performance of its Due Diligence Investigation and during the License Term, Licensee, at its sole expense, shall obtain and keep in force the required insurance as set forth in the attached **Exhibit B**. The insurance provisions shall be separate and independent from the indemnification and defense provisions between the Licensee and Licenser and shall not in any way limit the applicability, scope or obligations of the indemnification defense provisions in Section 13
13. **Indemnification.** To the furthest extent allowed by law, Licensee shall indemnify, hold harmless and defend Licenser and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by Licenser, Licensee or any other person, and from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Licensee's obligations under the preceding sentence shall apply regardless of whether Licenser or any of its officers, officials, employees, agents or volunteers are negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused solely by the gross negligence, or caused by the willful misconduct, of Licenser or any of its officers, officials, employees, agents or volunteers. If Licensee should subcontract all or any portion of the work to be performed under this Agreement, Licensee shall require each subcontractor to indemnify, hold harmless and defend Licenser and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph. This section shall survive termination or expiration of this Agreement.
14. **Eminent Domain.** If Licenser receives notice of a proposed taking by eminent domain of any part of the Licensed Premises, Licenser will notify Licensee of the proposed taking within five days of receiving said notice and Licensee will have the option to: (i) declare this Agreement null and void and thereafter neither party will have any liability or obligation hereunder other than payment of Rent for so long as Licensee remains in physical possession of the Licensed Premises; or (ii) remain in possession of that portion of the Licensed Premises that will not be taken, in which event there shall be an equitable adjustment in Rent on account of the portion of the Licensed so taken.

15. **Sale of Property.** If during the Lease Term, Licensors sells all or part of Licensors Property, of which the Licensed Premises is a part, then such sale shall be subject to this Agreement.
16. **Surrender of Property.** Upon expiration or termination of this Agreement, Licensee shall, within a reasonable time, remove all above and below ground Improvements and restore the Licensed Premises to its original condition, normal wear and tear excepted, without, however, being required to replace any trees or other plants removed, or alter the then existing grading.
17. **Recording.** Licensee shall have the right to record a memorandum of the Agreement with the Fresno County Recorder's Office. Licensors shall execute and deliver each such memorandum, for no additional consideration, promptly upon Licensee's request.
18. **Quiet Enjoyment.** Licensors covenants that Licensee, on paying Rent and performing the covenants of this Agreement, shall peaceably and quietly have, hold and enjoy the Licensed Premises.
19. **Default.**
 - A. **Notice of Default; Cure Period.** If there is a default by Licensors or Licensee (the Defaulting Party) with respect to any of the provisions of this Agreement or Licensors or Licensee's obligations under this Agreement, the other party (the Non-Defaulting Party) shall give the Defaulting Party written notice of such default. After receipt of such written notice, the Defaulting Party shall have thirty days in which to cure any monetary default and thirty days in which to cure any non-monetary default. If a non-monetary default reasonably requires more than a thirty-day cure period, the Defaulting Party shall diligently pursue cure to completion and shall request additional time to cure from the Non-Defaulting Party. The Non-Defaulting Party shall not unreasonably withhold approval of additional time to cure. The Non-Defaulting Party may not maintain any action or effect any remedies for default against the Defaulting Party unless and until the Defaulting Party has failed to cure the same within the time periods provided in this Section.
 - B. **Consequences of Licensee's Default.** In the event that Licensors maintains any action or effects any remedies for default against Licensee resulting in Licensee's dispossession or removal, (i) the Rent shall be paid up to the date of such physical dispossession or removal and (ii) Licensors shall be entitled to recover from Licensee, in lieu of any other damages, as liquidated, final damages, a sum equal to six months' Rent which shall be calculated at the highest value of the Rent which is in effect on the date of default and for the six-month period thereafter. In no event shall Licensee be liable to Licensors for indirect or speculative damages in connection with or arising out of any default.
 - C. **Consequences of Licensors Default.** If Licensors is in default beyond the applicable periods set forth above in Section 20(A), Licensee may, at its option, upon written notice: (i) terminate the Lease, vacate the Licensed

Premises and be relieved from all further obligations under this Agreement; (ii) perform the obligation(s) of Licensors specified in such notice, in which case any expenditures reasonably made by Licensee in so doing shall be deemed paid for the account of Licensors and Licensors agree to reimburse Licensee for said expenditures upon demand; (iii) take any actions that are consistent with Licensee's rights; (iv) sue for injunctive relief, and/or (v) set-off from Rent any amount reasonably expended by Licensee as a result of such default.

20. **Termination.** Notwithstanding any other provision to the contrary, Licensors and Licensee shall each have the absolute right to terminate this Agreement for cause as provided herein; either Party may terminate any individual License and Right of Entry Agreement executed hereunder upon sixty days' notice to the other party with cause. Licensee may also terminate any individual License and Right of Entry Agreement executed hereunder without cause upon sixty days' notice to Licensors and removal of all Company Facilities from the License Premises subject to the License and Right of Entry Agreement being terminated.
21. **Amendments.** This Agreement may be amended with the mutual agreement of the parties. All amendments hereto shall be in writing executed by the parties.
22. **Force Majeure.** If an event or condition constituting a "force majeure"—including, but not limited to, an act of God, labor dispute, civil unrest, epidemic, or natural disaster—prevents or delays either the Licensors or the Licensee (Party) from performing or fulfilling an obligation under this Agreement, said Party is not in Default, under Section 20 of this Agreement, of the obligation. A delay beyond a Party's control automatically extends the time, in an amount equal to the period of the delay, for the Party to perform the obligation under this Agreement. The Licensors and Licensee shall prepare and sign an appropriate document acknowledging any extension of time under this Section.
23. **Applicable Law.** This Agreement and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the State of California. The parties agree that the venue for any litigation regarding this Agreement shall be the state of California.
24. **Assignment, Sublease, Licensing and Encumbrance.** Licensee may assign this Agreement to a person or entity with demonstrated capacity to carry out Licensee's obligations under this Agreement. Licensee shall provide thirty days' prior written notice of such assignment to Licensors. Notwithstanding the foregoing, upon thirty days' written notice, Licensee may assign this Agreement or its rights or obligations to (a) an affiliate or (b) in connection with the sale or other transfer of substantially all of Licensee's assets in the FCC market area where the City Facilities are located. Licensee may enter into subleases, licenses, or other authorizations (Sub-Authorizations) to allow a third party to utilize and operate from the Leased Premises, so long as such third party is a provider of services that utilize Wireless Telecommunications Facilities. Sub-Authorizations shall not require the consent of Licensors.
25. **Miscellaneous.**

- A. **Entire Agreement.** Licensors and Licensees agree that this Agreement contains all of the agreements, promises and understandings between Licensors and Licensees with regard to the subject matter herein. No oral agreements, promises or understandings shall be binding upon either Licensors or Licensees in any dispute, controversy or proceeding at law. Any addition, variation or modification to this Agreement shall be void and ineffective unless made in writing and signed by the parties hereto.
- B. **Captions.** The captions preceding the Sections of this Agreement are intended only for convenience of reference and in no way define, limit or describe the scope of this Agreement or the intent of any provision hereof.
- C. **Construction of Document.** Licensors and Licensees acknowledge that this document shall not be construed in favor of or against the drafter by virtue of said party being the drafter and that this Agreement shall not be construed as a binding offer until signed by Licensee.
- D. **Notices.** All notices hereunder shall be in writing and shall be given by (i) established national courier service which maintains delivery records, (ii) hand delivery, or (iii) certified or registered mail, postage prepaid, return receipt requested. Notices are effective upon receipt, or upon attempted delivery if delivery is refused or if delivery is impossible because of failure to provide reasonable means for accomplishing delivery. The notices shall be sent to Licensors at Licensors' Notice Address and to Licensees at Licensees' Notice Address.
- E. **Partial Invalidity.** If any term of this Agreement is found to be void or invalid, then such invalidity shall not affect the remaining terms of this Agreement, which shall continue in full force and effect.

The required policies of insurance as stated herein shall maintain limits of liability in the amounts stated therein.

(b) If at any time during the life of the Agreement or any extension, Licensee or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to Licensee shall be withheld until notice is received by city that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to City. Any failure to maintain the required insurance shall be sufficient cause for City to terminate this Agreement. No action taken by City pursuant to this section shall in any way relieve Licensee of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by City that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by Licensee shall not be deemed to release or diminish the liability of Licensee, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify City shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by Licensee. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of Licensee, vendors, suppliers, invitees, Licensees, subcontractors, consultants, or anyone employed directly or indirectly by any of them.

If no Side Agreement is able to be obtained, Licensee shall be solely responsible for ensuring that its subcontractors maintain insurance coverage at levels no less than those required by applicable law and is customary in the relevant industry. Provided, however, nothing in this section shall diminish Licensee's indemnification obligations pursuant to Section 13 of this Agreement.
