Meeting with Mercury went VERY well. I am SUPER encouraged, and further talks about what slowing down and re-imagining this project could mean for the city and for Mercury HEAVILY intrigue them.

Please keep that we are in talks on the down low. Stakeholders should be the only people who know that these conversations are happening.

Great work Ben . . . we need Mercury to be engaged with the existing Pavilion to create greater value for their Walleye Weekend Event as well as, potentially, a year-round attraction.

As Craig advised . . . respect for those involved in the decision-making and implementation processes requires a measured degree of confidentiality and timing.
