Subject: Meghan Megan interview Urgent!

I write, as I obviously am not sure to whom I log a formal complaint.

Why, because Winfrey has encouraged misinformation to be broadcast which has had serious consequences.

Through poor research, and Winfrey has allowed Merkle to lie on camera, it has caused racial issues in the UK.

During interview Merkle implied to Winfrey knowingly, Queen Elizabeth did not give her son a Royal Title because of his mixed race.

This is rubbish!

Harry, Prince Harry grew up in Royal household, so Merkle lied knowingly, and Winfrey allowed, without checking her facts to say this on air.

Obviously I am British, and we are sick and tired of this type of misinformation being broadcast.

Facts have NOT been checked, and I suggest you see below as to the real reason why Merkle's son was not given a Royal Title and NOT as Merkle implied on tv.

This might not be important to you, but this goes down to you allowing falsehoods and misinformation to be broadcast. On this occasion, this has caused a great amount of aggression towards the British public.

Actual True Fact which you MUST address!

"Under a royal convention, established by King George V in 1917, Archie was not given the title of prince at his birth, since he was a great-grandson — not a son or grandson — of the reigning monarch, Queen Elizabeth II".

Description

Fox News hosts, guests & contributors have been relentlessly engaging in aggressive negative and disparaging conversation, comments and banter towards and about Meghan Markle- a Private but notable American Citizen.

The abhorrent behaviour is occurring in light of the recent high profile TV event airing on March 7 2021 where Ms Markle gave a deeply personal interview expressing how the Tabloid abuse she was/ is the subject of in the UK played a large part in her Seriously considering committing SUICIDE. Whatever the agenda is of the Fox Network, I would hope they would see that using their world wide platform to mistreat, influence & inflame a very sensitive situation is Highly Inappropriate, cruel and damaging to Ms Markle and everyone who have or will find themselves in a Mental Health Crisis.

This behaviour must be rectified as a Top Priority

Thank You for your time.

Description

It is very distressing to see this network make fun of the interview that Meghan Markle and Prince Harry did with Oprah. I respect differences of opinion, but the callous and malicious comments of this network, not only has racists undertones but as troubling, making fun of mental health is dangerous. Please do something. I beg you. It is indecent.

Description

On 3/7/2021 at 8pm (PT/ET), Oprah Winfrey interviewed Meghan Markle and Prince Harry and knowingly provided inaccurate and false information regarding the United Kingdom and the British Royal Family. The aftermath has been death threats against members of the Royal Family and to newscasters by fans of the couple. This misinformation should no longer be aired and should not be able to continue onto a streaming service.
