**ACTIVATION**

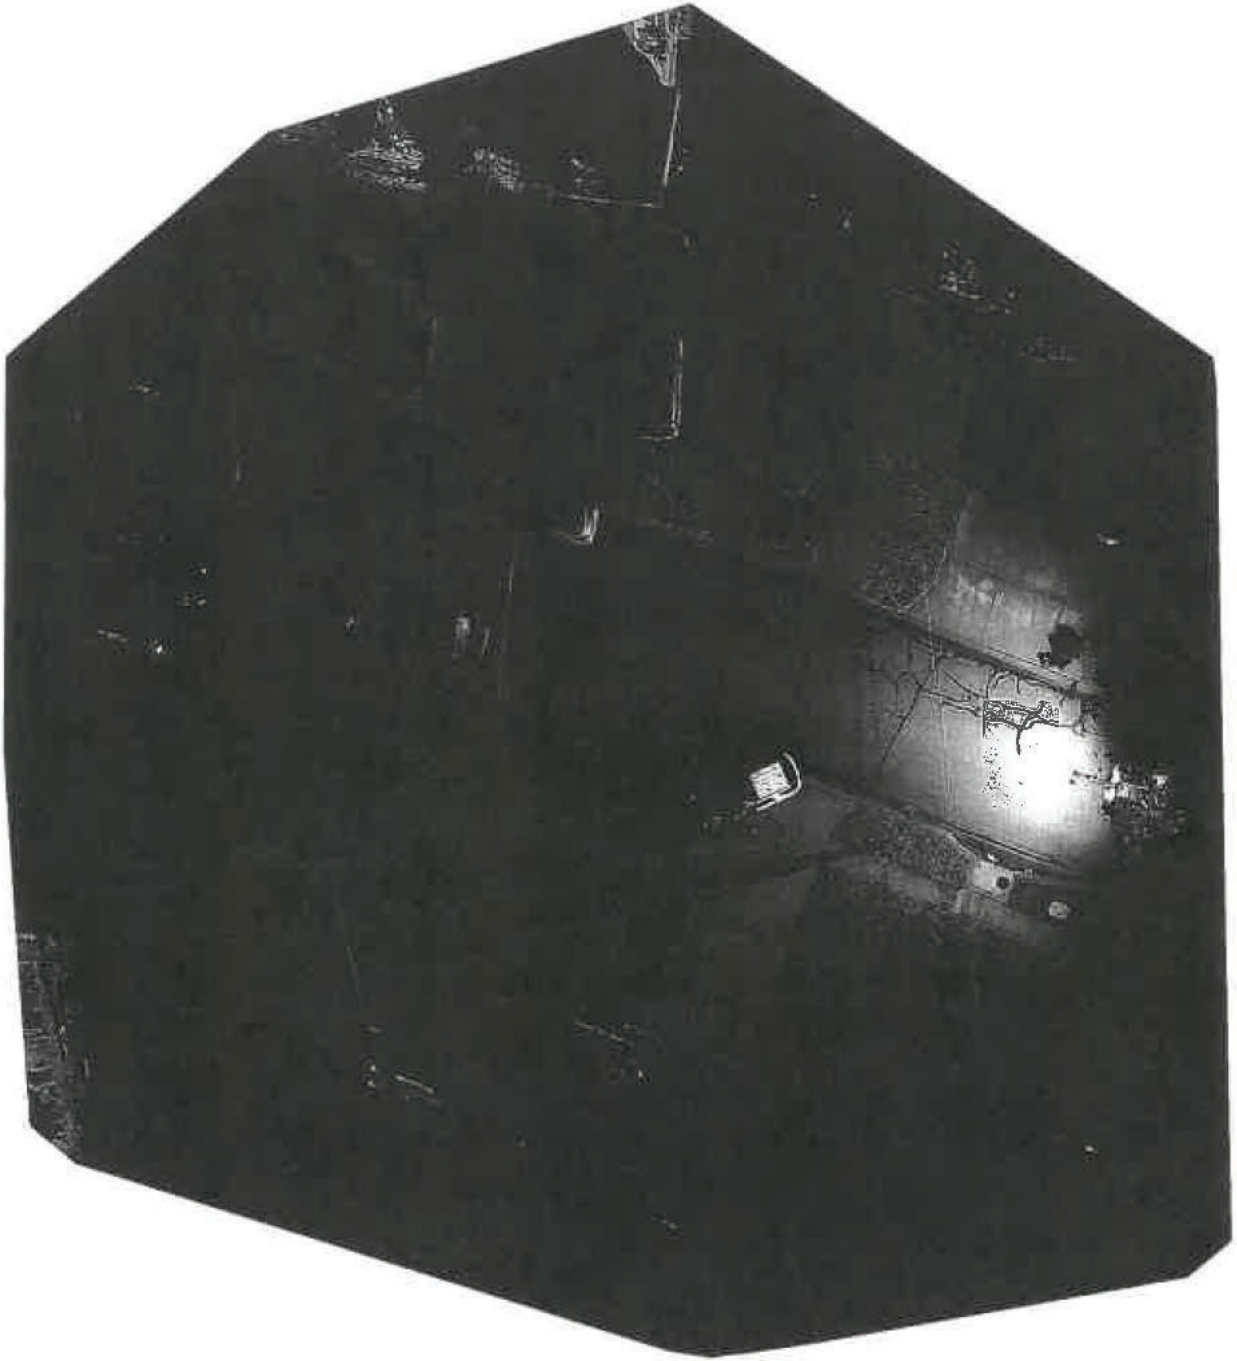

On Saturday, January 20<sup>th</sup>, 2018 at approximately 1808 hours, I received notification from a deputy with the Johnson County Sheriff's Department of an Officer Involved Shooting in Overland Park, Kansas. The deputy advised that the incident had occurred at or near 9309 W. 149<sup>th</sup> Terrace, Overland Park, Kansas. I was further advised that Overland Park Police Department Deputy Chief of Police Simon Happer was currently the Officer in Charge of the incident. I called Deputy Chief Simon Happer to confirm the request for activation of the OISIT. I then contacted Captain Troy Duvanel to assist in making notification to team members to respond. I then contacted the Johnson County Criminalistics Laboratory CSI Supervisor Andrea Reed to make notification to them as well. Ms. Reed was already aware of the incident and preparing to respond. I then called A.D.A. Chris McMullin to advise him of the situation as well and left him a voice message. ADA McMullin would return the call in a matter of a few minutes. I drove directly to the scene and contacted Overland Park Police Department command staff and supervisory personnel. Ten initial detectives would respond to the scene, representing the Mission, Olathe, Johnson County Sheriff's Department, Leawood Police Departments and the Johnson County District Attorney's Office. This is in addition to myself and Jeremiah Waters with the Merriam Police Department. A total of three JCSO Crime Scene Investigators responded to the scene. Two responded to the scene itself, and one was sent from the scene to the Overland Park Police Department-Sanders Facility, 12400 Foster, Overland Park, Kansas to process the involved officers. Overland Park Police Department staff advised that they would handle the public information duties. Additional detectives from the Johnson County District Attorney's Office and Olathe Police Department would assist later in the investigation.

I arrived on scene at approximately 1852 hours and contacted Overland Park Police Department Deputy Chief Simon Happer, Major Cindy Henson and other members of their department. I was given a briefing on what was believed to have transpired. I was advised that two Overland Park Police officers had been dispatched to the address of 9309 W. 149<sup>th</sup> Terrace, Overland Park, Kansas on a suicidal subject. As officers were outside of the residence, the garage door opened, and a minivan began driving backwards towards an officer. The officer that the van was driving towards fired his duty weapon at the vehicle. I was further advised that the vehicle then did a rapid turn and the officer closest to the van fired his duty weapon again at the vehicle. The mini-van then traveled northbound across 149<sup>th</sup> Terrace and came to rest in the front yard of 9308 W. 149<sup>th</sup> Terrace, Overland Park, Kansas.

The involved officer was still on scene, Officer Clayton Jenison. I met with Officer Jenison separately, introduced myself and provided a brief overview of the investigation process and what he could expect in the coming days. Sgt. Goddard and Officer Vendetti were determined to be witness officers to the event. Officer Jenison, Sgt. Goddard and Officer Vendetti were later transported to the Overland Park Police Department-Sanders Facility located at 12400 Foster Street, Overland Park, Kansas, and processed by CSI personnel. CSI personnel along with OISIT Investigator Ahring met with them there for standard post-shooting processing. Officer Jenison was processed, and a weapon check was conducted along with an ammunition count. Sgt. Goddard and Officer Vendetti had a weapon check conducted along with an ammunition count. It was later determined that Officer Newlon was a first responding officer to the event and a weapon check and ammunition count was conducted on him as well.

At the shooting scene, the outside temperature was approximately 40-45 degrees Fahrenheit. The wind was approximately 10 miles per hours and the weather was partially cloudy with high humidity. OPPD officers had secured the scene with crime scene tape and a crime scene log was started. CSI personnel thoroughly processed the scene, documenting it through photography, evidence collection and scanning. The Olathe Police Department command post was called to the scene. Overland Park Police Department provided scene lighting for the on-scene investigation. The Olathe Police Department unmanned aerial system was called to the scene to take imagery from an elevated perspective. An orthosmosaic image was created from the system which provides an overview of the scene:

During the initial stages of the investigation it was learned that the subject had been identified as John Albers, WM, [REDACTED]. It was also learned that the subject had been utilizing social media and advised that he was going to kill himself and that perhaps he may have even stabbed himself live on a social media platform. A video was recovered that is believed to be a snapchat "story". In this video, John is observed smoking and states the following:

*"Fuck it. Someone needs to find my journal and then can read it to people and shit. I'm done with this. I'm going back to jail if I don't die right now. Call...they've already called the cops but I'm killing myself. So, I love people. You know who you are. Come to my funeral, but I'm done. Fucking done. All these people on my arm, I love all of you. Find my journal."*

The scene then changes and shows John holding a knife to his chest. While doing this he states,

*"I love you people. Come to my funeral."*

It was later determined that much of the video "story" that was sent out to other people had been recorded from inside the kitchen area of the residence. This scene would later be photograph by crime scene personnel and items recovered as evidence from the kitchen. The journal that was referenced by John in the video was recovered from the basement of the residence and is further described in Lead #44.

Detectives worked at the scene and in the field initially, reconvening at the Olathe Police Department at approximately 0900 hours on Sunday, January 21st, 2018. The remainder of the investigation was headquartered at the Olathe PD. The team worked until Wednesday, January 24<sup>th</sup>, 2018. After the team was disbanded, two Olathe detectives along with myself and Jeremiah Waters continued to work on the investigation for several days until submission to the DA. A total of seventy-nine (79) leads were actively investigated. Lead #80 to interview Steve and Sheila Albers has not been assigned or completed as of yet due to a family request.

The family provided consent to search the residence, the vehicle and would later provide consent to search a recovered iPad and cellular phone. One search warrant written and executed for Snapchat. Approximately 624.9 staff hours were spent on the investigation by the team. This does not include hours spent after the team was disbanded on the 24th, or time spent by Olathe PD support personnel and Administrative Assistant Maranda Cochran. JCSO Crime Scene Investigators spent twenty-six and a half (26.5) hours processing the scene, two and a half (2.5) hours processing the officers, three (3) hours in the autopsy and thirty-one (31) hours processing the suspect vehicle. This does not include their laboratory time or time spent in briefing.

#### **JOHN ALBERS BACKGROUND (Lead #28)**

The subject was identified as John Albers, WM, [REDACTED]. Mr. Albers has criminal history through the Overland Park Police Department and the Johnson County District Attorney's Office.

Mr. Albers had two court cases listed through Johnson County Court records:

**18JV00001**

**Charge---Domestic Battery with no priors**

**OPPD Case #17-027079**

**Case filed on 01-02-2018**

Victim in the case was John's girlfriend, [REDACTED]

No contact order signed on 01-16-18 for John not to have contact with [REDACTED]

JAC Case Supervision showed to be Megan Saylor

**16JV00446**

**Charges—Battery (two counts)**

**OPPD Case #16-003126**

**Case filed on 03-29-2016**

Victims were [REDACTED], and his [REDACTED]

Charges show dismissed by the court on 06-27-2016

John has had increasing contact with law enforcement since November of 2017 which included the following incidents:

**OPPD Case # 2017-024764—CINC Report**

**Reported 11-27-2017**

[REDACTED]

**OPPD Case # 2017-026621-Battery Report**

**Reported 12-20-2017**

John listed as the suspect. Parents called police to their residence. John was intoxicated and struck his [REDACTED]. When officers arrived, John was in the driveway and punching [REDACTED]. John ignored officer's commands to "stop" and fled on foot. John was located a few houses away. John did not obey commands and the officer pointed his Taser at John as he was clinching his fists. John commented if he was going to the Juvenile Detention Center he would run again. John was eventually handcuffed without incident, but commented he could "slip" the cuffs, he was stronger than officers and could win in a fight. A PBT showed John's BAC to be .198 and John's parents opted not to pursue charges. John could not be accepted at Marillac due to his intoxication level, so he was transported to Saint Luke's South and released.

**OPPD Case #2017-027059-Missing Person/Runaway Report**

**Reported 12-27-2017**

John listed as a suspect. John was reported to have taken his father's Acura. John's father responded to Pie Five to pick up John's girlfriend, [REDACTED]. [REDACTED] had texted John's parents about his driving and that she was scared. While at Pie Five, John jumped into his father's vehicle and fled the area. Information was obtained that John had responded to a friend's house. The friend was reported to be [REDACTED]. Officer Waggoner responded to [REDACTED] residence. Upon his arrival, John fled out of the back of the house and got into his father's Acura. Officer Waggoner tried to contact John as he drove away by pointing his flashlight at the car and sticking his hand out for John to stop. However, John revved the engine and swerved away from the officer. Since John swerved away from the officer, no aggravated assault charges were reported. [REDACTED] reported John made vague suicidal threats that included, "I should just kill myself" and "I just want to be done with it all."

**OPPD Case #2017-027079-Aggravated Assault, Aggravated Battery, Domestic Battery**

**Reported 12-28-2017**

John listed as a suspect. John's parents located him at an address in a vehicle with 2 associates. John was still listed as a runaway and [REDACTED] had provided John's parents with his location. When John's parents arrive, John fled from the vehicle on foot and John's father restrained him. John called for help from his associates, who responded. One of them had a baseball bat and during this John's father let go of John and he fled again. It was also determined that John had grabbed and shoved his girlfriend, [REDACTED] to the ground during this incident. John and the two males fled the area in a vehicle and [REDACTED] foot was run over by the vehicle. John was arrested the following day (12-29-2017) at his residence and charged with domestic battery. John was transported to JIAC and domestic battery charges were filed by the Johnson County District Attorney's Office. (18JV00001)

**OPPD Case #20187-001364--Theft Report**

**Reported 01-20-2018**

John listed as a suspect. John reported to be working as referee at Scheel's. John grabbed clothes and removed tags. John was questioned and admitted his plan was to steal the items. A report was taken, and John was released to his father with a juvenile notice to appear being completed at approximately 1338 hours, which was about 5 hours prior to the officer involved shooting.

**Megan Saylor (Probation Officer for John) (Lead #28)**

Megan Saylor was listed as the "probation officer" for John. Ms. Saylor advised that a UA request was made for John on 01-16-2018, but John's mother advised John's father was out of town. [REDACTED] stated [REDACTED] did not feel comfortable taking John to the UA appointment based on past issues with John.

Lead # 28 documents the 24 involvements, three arrest reports, 8 suspect reports and 10 involved other reports.

**SHOOTING SYNOPSIS**

This synopsis is based on a combination of witness interviews, involved officer interviews, recorded audio and video from multiple sources, and physical evidence. For specifics on individual interviews and other evidence, refer to the investigative narratives contained in Olathe Case Number 2018-0000981.

On Saturday at approximately 1736 hours, the Overland Park Dispatch Center receives a phone call from [REDACTED]. The following is a synopsis of the 911 audio.

- 1736 hours [REDACTED] calls 911 and reported her ex-boyfriend, who is identified as John Albers, contacted her through Facetime. [REDACTED] explains there is a no-contact order from [REDACTED] and she stated, "he is going to kill himself."
- [REDACTED] states, "he popped, he took a thing of pills, I don't know what they were, and he swallowed them. He is drinking very heavily, he was just chugging and chugging huge bottles of vodka." She continues explaining, "he is saying when the police get there he is going to stab himself."
- Approximately six minutes and 22 seconds into the call another female begins talking to the dispatcher. This female stated that he stabbed himself and there is blood everywhere. The caller explained that he had stabbed himself in his stomach and his chest. This female was identified as [REDACTED].
- 1747 hours [REDACTED] calls 911. Ms. [REDACTED] explained that her friend, John Albers, was posting suicide notes on his story. She continued by saying Johns was posting on Snapchat. She stated he was posting how he was going to kill himself.

A review of the involved officer's police vehicle in-car camera system indicated the following according to the in-car audio/video:

#### Officer Ryan Newlon video (Lead #47)

- 17:43:57 hours Officer Newlon's vehicle turns eastbound on 151<sup>st</sup> from Stearns Place. After Officer Newlon turns eastbound onto 151<sup>st</sup> Street he activates his emergency lights and siren. After the activation of lights and siren the microphone picks up audio from the in-car camera. The dispatcher states that the subject stated that he was going to stab himself and that he was done with life. The dispatcher advises the subject's apartment, there are no parents at [REDACTED].
- 17:45:40 hours Officer Newlon is observed parking his vehicle approximately one house to the east of 9309 W. 149<sup>th</sup> Terrace. Dispatch advises officers on the call to switch to Tac 6.
- 17:46:34 hours Officer Newlon exits his patrol vehicle and walks westbound in front of his vehicle on the north side of the road.
- 17:46:43 hours Officer Jenison's patrol vehicle travels eastbound to the west of Officer Newlon's patrol vehicle. Officer Jenison turns north on Hayes Street and turns around in the street and parks facing southbound on Hayes Street.
- 17:47:45 hours Officer Jenison walks from his vehicle, across the street, towards the address of 9309 W. 149<sup>th</sup> Terrace.
- 17:48:09 hours Both Officers Newlon and Officer Jenison approach the residence. A canine is heard barking inside of the residence and the officers are speaking about the canine. Officer Jenison remains north of the residence in the front yard near a tree, while Officer Newlon remained at the west corner of the single car garage door. Officer Jenison asks if they can get a phone number for inside the

residence. Officer Jenison then asks Officer Newlon if he had a phone. Officer Newlon advised that he did not have a phone but would run back to his vehicle and get one.

- 17:49:00 hours Officer Newlon is observed running back towards his vehicle. A vehicle appears to be pulling up behind Officer Newlon's vehicle and you can hear Officer Newlon state, "that's his mom." Officer Jenison is standing behind a tree in the front yard of the residence at this time.
- 17:49:19 hours Officer Jenison is observed to start walking towards the garage door of the residence.
- 17:49:25 hours The garage door begins to open as Officer Jenison is reaching the driveway of the residence. Officer Jenison continues walking toward the garage door while the garage door is opening. As the garage door is almost fully opened, brake lights and reverse lights from the minivan inside the garage are illuminated. Officer Jenison is observed taking two steps backward down the driveway toward the street.
- 17:49:33 hours The garage door is fully opened. As soon as the garage door is fully opened the van is observed backing out of the garage.
- 17:49:35 hours Officer Jenison yells, "stop" as he begins stepping backward down the driveway toward the street. Officer Jenison yells "stop" a second time. As Officer Jenison is stepping backward it appears he is drawing his firearm from his holster.
- 17:49:37 hours Officer Jenison can be heard yelling "stop" a third time. After Officer Jenison yells stop, he fires two shots in rapid succession. Officer Jenison continues walking backwards as he was firing and stops firing after the second shot. Officer Jenison is observed almost to the sidewalk area after he fires the second shot. Just prior to Officer Jenison firing the two shots, Officer Vendetti is observed arriving to the west of the residence. After the second shot is fired the brake lights activate on the van and the van stops briefly.
- 17:49:40 hours The van accelerates at a high rate of speed in reverse. Officer Jenison yells, "stop" a fourth time. At that time, the van's rear tires were near the sidewalk and the vehicle made a sharp J turn.
- 17:49:41 hours The tires are screeching as the van makes the sharp J turn and is accelerating backwards at a high rate of speed toward the house. The van backs up into the yard in a southeast direction toward Officer Jenison. Officer Vendetti exits his patrol vehicle and runs toward the van. Officer Jenison is on the sidewalk area and he had turned around facing toward the north, so that he was facing toward the van. Sgt. Goddard's vehicle enters the video and his vehicle is traveling westbound. Emergency lights are activated on Sgt. Goddard's vehicle. Sgt. Goddard's vehicle continues to travel westbound toward the driveway and the van. The van continues to back up in a southerly direction towards Officer Jenison. Officer Jenison appears to be trying to call out on his radio as he continued to move back away from the van.
- 17:49:44 hours The van continues traveling backward toward Officer Jenison and the residence. The van is completely off the street. Officer Jenison steps backward up the driveway toward the house. Officer Jenison yell's "stop the car." Officer Jenison begins to fire as he went back to a two-handed shooting stance. Officer Jenison appears to fire 11 rounds in rapid succession as the van continues to drive

backward. Officer Jenison is stepping backward and toward the east as he fires. Around the time that Officer Jenison is firing his final shots in the series, the van stops moving backwards.

- 17:49:47 hours The van starts rolling forward.
- 17:49:49 hours Officer Vendetti runs towards the van and can be heard yelling "stop the car, stop John, stop the car." Sgt. Goddard is observed exiting his patrol vehicle and starts running toward the van. Officer Newlon moves into camera view and towards Sgt. Goddard's patrol vehicle.

The van continues to roll across the street and into the neighbor's yard on the north side of the street. Officer Vendetti, Sgt. Goddard, and Officer Newlon ran toward the van. Officer Vendetti and Sgt. Goddard approached the van. Officer Jenison begins to walk across the street toward the van. Officer Jenison holsters his handgun as he walks across the street.

- 17:50:13 hours Officer Newlon and Officer Jenison walk away from the van toward the street. Officer Jenison is breathing heavy. Officer Newlon tells him "Hey, deep breaths man, deep breaths."
- 17:50:22 hours Officer Vendetti asks, "are you okay?" Officer Jenison says, "Yeah, I'm good".
- 17:50:36 hours Officer Jenison says, "I thought he was going to run me over man". Officer Jenison sounds very upset and sounds as if he is about to cry when speaking.
- 17:51:06 hours Officer Newlon appears to get on the radio and advise, "one subject is down. Officer is 10-4".
- 17:51:15 hours Officer Jenison again states, "I thought he was going to run me over man".
- 17:51:20 hours Med-Act and a fire truck pull into the scene. Officer Jenison states, "fuck".
- 17:51:38 hours A white female is observed running westbound past Officer Newlon's vehicle and she appears to be running toward the van. This female is believed to be [REDACTED]
- 17:52:02 hours Officer Newlon is speaking to Officer Jenison telling him to take deep breaths. Officer Jenison sounds as if he is dry heaving on audio.
- 17:54:01 hours Officer Newlon moves Officer Jenison's vehicle to block the street.
- 17:56:35 hours Officer Jenison can be heard sobbing and then he states, "I didn't want to". Officer Jenison continues crying and then asks Officer Newlon to get his phone to contact his wife.
- 17:58:30 hours Officer Jenison says, "I told him to stop". He later states, "I fucking told him to stop". He is heard crying again and states, "fucking told him to stop".
- 18:27:56 hours Two officers are observed entering the garage of 9309 West 149<sup>th</sup> Terrace. These officers are believed to be Officer William Robbins and Officer Newlon who conducted a protective sweep of the residence.
- 18:34:43 hours Two officers exit the garage.

Officer Adam Vendetti video begins on January 20<sup>th</sup>, 2018 at 17:44:47. The video is one hour, twenty-two minutes, and twenty-two seconds in length. Officer Vendetti activates his emergency lights and siren at 17:45:18 hours.

Officer Vendetti arrives on scene at 17:49:35. He parks along the southside of the road in between the properties of 9039 W. 149<sup>th</sup> Terrace and 9401 W. 149<sup>th</sup> Terrace. As he is arriving, Officer Jenison can be

seen walking backwards, with his arms extended in front of him, down the driveway away from the residence of 9309 W. 149<sup>th</sup> Terrace. A silver van is seen backing towards Officer Jenison. Officer Newlon is seen in the street, east of 9309 W. 149<sup>th</sup> Terrace, moving toward Officer Jenison. Sergeant Goddard is seen turning from northbound England Street going west on 149<sup>th</sup> Terrace.

As the silver van almost clears the garage, it appears to speed up toward Officer Jenison who has backed up just past the halfway point of the driveway toward the street. Two shots are heard being fired at 17:49:37 hours by Officer Jenison. The van slows down but again speeds up. It then turns counterclockwise at the end of the driveway until it faces north toward the street with its front wheels just in the street. While the van turned, Officer Jenison is seen trying to avoid being struck by moving within the center of the spiral turn of the van.

The van next started backing up toward the residence. The video shows Sgt. Goddard pulling up to the northeast corner of the driveway with his emergency lights activated. Officer Vendetti exits his vehicle and can be seen running in the middle of the street toward the van and Officer Jenison. Officer Vendetti yells, "stop the car!" The van is observed backing up rapidly toward the house and the direction of Officer Jenison. Multiple shots are then heard being fired by Officer Jenison at 17:49:45 hours with the last one fired at 17:49:47. Officer Vendetti yells, "shots fired shots fired!" The van begins to roll forward and crosses the street northbound coming to rest in the yard. Officer Vendetti radios, "we have shots fired, he's down, we need medical ASAP!"

**Sgt. Jason Goddard (1P40) (240) video begins January 20<sup>th</sup>, 2018 at 17:44:45.**

- 17:45:15 The audio turns on as the vehicle is exiting onto Foster Street.
- 17:45:50 Dispatchers advise officers in route to the call to switch radio traffic to Tac 6.
- 17:46:22 Goddard states his radio number (240) and advises he is on Tac 6 and has his less lethal ready.
- 17:46:46 Goddard receives radio traffic from Officer Vendetti (233) and advises that "this kid has run from us before" and "he's a wrestler and always bragging on how he would fight us".
- 17:48:30 Officer Jenison (234) requests a telephone number for the male subject (John Albers) to have him come upstairs.
- 17:48:58 Dispatchers inform officers that John is currently on Snapchat or another form of social media and that "they are observing blood."
- 17:49:17 Dispatchers advise that the reporting party did not have a current telephone number for John and that he was currently communicating via an iPad.
- 17:49:34 Sgt. Goddard advises dispatch he has arrived.
- 17:49:37 Sgt. Goddard's patrol vehicle turns westbound onto 149<sup>th</sup> Terrace from England Street. The video shows Officer Newlon on the southside of the street near 9305 W. 149<sup>th</sup> Terrace. A non-law enforcement female subject can also be seen standing near a silver SUV on the northside of the street in front of 9300 W. 149<sup>th</sup> Terrace. A van is seen in the driveway of 9309 W. 149<sup>th</sup> Terrace, as two shots are heard. Officer Jenison can be seen standing at the rear of the van near the end of the driveway.
- 17:49:40 The van can be seen accelerating in reverse in the direction of Officer Jenison. Officer Jenison can be seen on the rear passenger side of the van standing on the driveway and moving towards the front lawn to avoid being struck by the van. As the van continues to reverse, it then makes a 180 degree turn onto the street

and continues to reverse onto the curb, sidewalk, and towards the front lawn. The van's tires can be heard squealing as it turns. Sgt. Goddard activates his patrol vehicle's emergency lights as he approaches the driveway of the residence.

- 17:49:43 The van continues to reverse onto the grass towards Officer Jenison. Officer Jenison can be seen behind the van walking backwards onto the driveway, in order to avoid being struck by the van, with his firearm drawn out in his hands. Officer Jenison can be heard on the radio advising dispatch of shots fired as the van appears to slow down. As Officer Jenison is giving his radio traffic, the van begins to speed up as it reverses towards him. The patrol vehicle drives onto the driveway towards the front passenger fender of the van, as the van continues to reverse. The video then shows Officer Jenison moving backwards as he fires his weapon twice at the van before he is out of camera view.
- 17:49:45 Approximately 11 shots are heard being fired. The rear passenger sliding door is seen shattering, along with the front passenger window. John can be seen sitting in the front driver's seat, without a shirt on. As the shots ring out, John slumps forward towards the steering wheel, then back into the seat as the last shot is heard.

The standard view of the dash camera video shows Officer Jenison shooting twice until he is out of camera view. The panoramic view of the dash camera footage was reviewed and it shows Officer Jenison shooting and moving backwards as the van is reversing towards him. Officer Jenison is then seen standing near the rear passenger side fender of the van when he is firing as the van continues to reverse. Officer Jenison is out of camera view for the last four to five shots that are fired.

- 17:49:47 The van is seen traveling northbound at a slow rate of speed. Sgt. Goddard is heard saying, "Oh, my God." Another officer can be heard yelling "John stop the car, shit" in the background.
- 17:49:56 An officer can be heard telling dispatch that shots had been fired and medical assistance is needed.
- 17:50:05 Officer's can be heard saying John's name. An officer then tells someone to take deep breaths.
- 17:50:20 The audio begins to have pulsating sounds.
- 17:50:22 Sgt. Goddard asks dispatchers to have medical enter the scene. Dispatchers confirm the request with Sgt. Goddard and he tells them to have medical come in.
- 17:50:36 Officers can be heard attempting to get a response from John by calling his name.

Additional radio traffic is available in Lead #34.

#### Officer Clayton Jenison Video (Lead #45)

The video begins with Officer Jenison's police vehicle in a parked position in a parking lot. The first time displayed on the video was approximately 17:43:08 on January 20<sup>th</sup>, 2018. The vehicle pulls onto the street and the lights were activated at approximately 17:43:37. The siren is activated at approximately 17:43:39. Officer Jenison (234) advises dispatch he was at 143<sup>rd</sup> and Grant at approximately 17:43:44.

The call is dispatched for Units 234 and 237 for a J21 (suicide attempt) at 9309 W. 149<sup>th</sup> Terrace. At approximately 17:45 the dispatcher advises officers to switch to Tac 6. Officer Jenison switches to Tac 6 at 17:46 hours.

At approximately 17:47:03 hours Officer Jenison stops his vehicle on Hayes at the intersection of Hayes and 149<sup>th</sup> Terrace. 9401 W. 149<sup>th</sup> Terrace and 9309 W. 149<sup>th</sup> Terrace are both partially visible in the video.

Between 17:47 and 17:48, Officer Jenison approached 9309 W. 149<sup>th</sup> Terrace on foot. He contacted Officer Newlon in the yard and there was conversation about a dog and trying to get a phone number. Officer Jenison appears to use his radio to request a phone number for the child and have him come upstairs. Officer Jenison then asks Officer Newlon if he had his phone with him. Officer Jenison said he thinks there is a "mom right there."

At approximately 17:49:23 Officer Jenison is visible on the driveway near the garage doors. At approximately 17:49:26 the garage door begins opening. At 17:49:34, the vehicle began backing out of the garage and Officer Jenison yells, "Stop!" He again yelled "Stop" at 17:49:35. The vehicle was visible, backing from the garage toward Officer Jenison. Officer Jenison backed away from the vehicle. He yelled, "Stop again and fired two (2) shots at approximately 17:49:38.

The suspect vehicle appeared to stop briefly at 17:49:40 and then resumed backing at 17:49:41. Officer Jenison again yells, "Stop". The car continues backing and turning until it was facing away from the residence and was partially on the street and in the yard. The engine is revving and the tires were squealing on the pavement.

Officer Jenison can be heard on the video calling into dispatch that shots have been fired at approximately 17:49:45. Then a volley of shots are fired. Approximately eleven (11) additional shots were fired between 17:49:46 and 17:49:48. The suspect vehicle then began rolling forward toward the street. An officer can be heard yelling, stop, John, stop the car, as it rolled across the street.

Officer Jenison then called into dispatch that shots had been fired at 17:49:55. Another officer can be heard calling dispatch for medical assistance for the suspect. Officer Jenison was breathing very heavily and uttered, "fuck."

Officer Jenison's voice is heard becoming high pitched, with a distraught emotional tone and said, "I though he was going to run me over man." At approximately 17:51:17, Officer Jenison repeated that he thought he was going to be run over by saying, "I thought he was going to run me over man."

At approximately 17:52:10 Officer Jenison appears to throw up or be dry heaving. The video also shows Officer Jenison weeping. At approximately 17:54:48 an officer moved Officer Jenison's police vehicle to block the road. While continuing to weep Officer Jenison said, "I didn't want to do it" at approximately 17:56:37. At approximately 17:58:30, Officer Jenison said, "I fucking told I told him to stop. I fucking told him to stop."

## INVESTIGATION

Detectives interviewed several individuals. A neighborhood canvass (Lead #6 through Lead #9) was accomplished the same day as the incident. Sgt. Jason Goddard (Lead #37), Officer Adam Vendetti (Lead #39) and Officer Ryan Newlon (Lead #38) were interviewed. [REDACTED] (Lead #6), Ms. [REDACTED] (Lead #7) were interviewed as an auditory witness to the incident. [REDACTED] (Lead #8) was interviewed as a witness to the event. [REDACTED] (Lead #9) were contacted and provided a copy of their Ring Doorbell Video. The video shows one officer in the driveway of 9309 W. 149<sup>th</sup> Terrace and a short time later that officer runs eastbound. The video then shows a second officer walk into the driveway of the residence and stand by the garage doors. The video shows the garage door beginning to open and the reverse lights active on the vehicle which is in the

garage. The video then concludes. A second ring video is captured showing emergency personnel on scene treating an individual inside a silver minivan. [REDACTED] (Lead #10) was interviewed as a witness to the incident. [REDACTED] (Lead #11) was interviewed as a calling party to a 911 call and witness.

CSI thoroughly documented the crime scene. They also responded to the Overland Park Police Department-Sanders Facility and recovered equipment from Officer Jenison to include his issued Glock Model 22, .40 caliber pistol. Officer Jenison's weapon was submitted to the lab for testing. Ammunition round counts were conducted on the other officer's weapons and all spare magazines carried on their duty belts. It was reported that Officer Jenison's pistol and magazine was absent thirteen rounds. It was reported that all other officer's pistols and magazines were absent zero rounds. The rifles and shotguns in their respective patrol vehicles on scene were visually inspected and round counts were conducted. No vehicle weapons appeared to have been recently fired.

CSI located 13 casings at the scene.

Detectives examined many pieces of digital media. This included videos that were recovered during the investigation (Lead #17 and #58)

[REDACTED] (LEAD #7)

[REDACTED] was interviewed on January 20<sup>th</sup>, 2018 at approximately 1930 hours and was present at [REDACTED]. [REDACTED] advised that she heard two gunshots coming from the street in front of her house. She advised that there was a short pause and then she heard another 4 to 6 shots. [REDACTED] advised that the police have been at the Albers residence over a dozen times in the last year or so.

[REDACTED] (LEAD #8)

[REDACTED] stated that at approximately 1750 hours he was out in his driveway rinsing off his car when he sees a couple of Overland Park Police units arrive on his street. [REDACTED] stated that he looks over at his neighbor's house and observed the double car garage door raise up and the Alber's minivan back out of the garage at a quick pace. [REDACTED] then stated he heard two shots and then the minivan makes a sharp k-turn in the street. [REDACTED] stated he heard an additional 5 to 6 shots at which time he took cover behind his car.

[REDACTED] (RING DOORBELL VIDEO) (LEAD #9)

[REDACTED] were not home at the time of the event and their children were being watched by a sitter named [REDACTED]. The [REDACTED] advised that they have a Ring Doorbell which provided a view of a portion of the incident. The video was recovered which shows the following: One officer is in the driveway of 9309 W. 149<sup>th</sup> Terrace, Overland Park, Kansas. A short time later that officer runs off to the east. A second officer then walks into the driveway of the residence and stands by the garage doors. The double garage door begins to open, the reverse lights are activated from the vehicle which was parked inside the garage. The video then concludes.

A second video is then activated a few minutes later which shows emergency personnel on scene treating an individual inside the silver minivan which is now parked on the lawn.

[REDACTED] (LEAD #10)

[REDACTED] was contacted in front of [REDACTED]. [REDACTED] advised that her daughter, [REDACTED] had telephoned her sounding very upset. [REDACTED] stated that [REDACTED] told her that John

Albers was in the process of taking pills and drinking alcohol. [REDACTED] advised that she arrived on 149<sup>th</sup> Terrace and parked behind a police car which was already on scene (believed to be Officer Newlon's vehicle). [REDACTED] advised that she observed an officer run away from the house while a second officer remained in the driveway of the residence. [REDACTED] advised that the garage door opened and the minivan "flew out of the garage". [REDACTED] advised that she heard the officer yell "stop" and then fired two gunshots. [REDACTED] stated the minivan made a U-turn backing up the driveway and then began going forward. [REDACTED] advised that she saw the officer fire three shots at the minivan which eventually came to rest in the front yard of the house across the street.

(LEAD #11)

[REDACTED] advised that she had met John Albers at a party and they started dating. [REDACTED] advised that they broke up approximately a month ago after an erratic driving incident which occurred in Overland Park. [REDACTED] advised that she was granted a PFA against Mr. Albers. [REDACTED] advised that Mr. Albers violated the order from the day it was granted by trying to contact her via telecommunication device. [REDACTED] stated that she blocked/or refused all contact with Mr. Albers but tonight answered a Facetime request from Mr. Albers.

[REDACTED] stated that she was telling Mr. Albers to stop while her friend, [REDACTED] who was with [REDACTED] at the time, was trying to call Mr. Albers parents. [REDACTED] eventually called 911. [REDACTED] advised that before the Facetime conversation ended she observed Mr. Albers stabbing himself in the chest with a knife. [REDACTED] advised that she was able to reconnect Facetime to Mr. Albers and received a 2-4 second view of Mr. Albers shirt covered in blood.

(LEAD #15)

[REDACTED] had been identified as a friend of Mr. Albers. [REDACTED] had been requested to send the video that was sent to him by [REDACTED]. [REDACTED] played the video however there was no sound. [REDACTED] retrieved [REDACTED] phone in order for investigators to obtain a copy of the video with the audio portion included. Investigators took a video of the video as it was played on [REDACTED] phone.

[REDACTED] advised that Mr. Albers use to date [REDACTED]. [REDACTED] advised that they broke up about a month ago. [REDACTED] explained that Mr. Albers had stolen his father's car which led to Mr. Albers being in jail for a few days. [REDACTED] stated that after Mr. Albers was released he was on house arrest, had to wear an ankle monitor and was told to have no contact with [REDACTED].

[REDACTED] stated that since being arrested he thought Mr. Albers was doing better. Mr. Albers had told [REDACTED] that he had quit drinking and smoking. However, [REDACTED] stated that Mr. Albers has recently been "very weird". [REDACTED] said that recently Mr. Albers said, "thank you for what you've done for me. You've helped me so much." [REDACTED] said these are not things that Mr. Albers would ever say in a random conversation.

[REDACTED] advised that while he was at work today he received a call from Mr. Albers that he was unable to answer. [REDACTED] stated that he tried to call Mr. Albers back, but Mr. Albers did not answer. Mr. [REDACTED] stated that he tried to call him back a few minutes later however, it went to voice mail.

[REDACTED] advised that twenty to thirty minutes later, he received a phone call from [REDACTED] Mr. [REDACTED] said that when he answered the call [REDACTED] shouted, "Please God help me!" [REDACTED] advised the call dropped so he tried her again, however, she did not answer. [REDACTED] said that he then

called his girlfriend, [REDACTED] who was with [REDACTED]. [REDACTED] advised [REDACTED] that Mr. Albers had contacted [REDACTED] through Snapchat and stated he wanted to kill himself. [REDACTED] continued by stating that [REDACTED] explained that Mr. Albers later contacted [REDACTED] via Facetime and during this call had stabbed himself in the chest.

[REDACTED] stated that he contacted his mother [REDACTED] and advised her of the situation.

#### [REDACTED] (LEAD #16)

[REDACTED] advised that Mr. Albers was continuously contacting his ex-girlfriend, [REDACTED] since he got out of jail approximately one month ago. [REDACTED] explained that Mr. Albers had gone to jail after stealing his dad's car. [REDACTED] explained that prior to stealing the vehicle, [REDACTED] had been in another car which Mr. Albers had been driving. [REDACTED] explained that Mr. Albers was driving so dangerously that he "almost like killed us by driving off the road".

[REDACTED] explained that she was with [REDACTED] at [REDACTED]'s house. [REDACTED] stated that [REDACTED] came running into a room screaming, "help me, call the police!" [REDACTED] stated that she saw a live Facetime session that Mr. Albers was in with [REDACTED]. [REDACTED] stated that Mr. Albers was "popping pills" and drinking "like four different bottles of alcohol". [REDACTED] stated that Mr. Albers said, "I don't want to be alive anymore. It's going to be better when I'm gone. I want you to be happy." [REDACTED] stated that [REDACTED] advised she was going to call the police.

[REDACTED] stated that at approximately 1736 hours she called 911 and had [REDACTED] speak to the 911 operator. [REDACTED] stated that Mr. Albers called back and [REDACTED] gave the phone to [REDACTED]. [REDACTED] then informed the 911 operator of their concerns for Mr. Albers. [REDACTED] stated that a few moments later, [REDACTED] began screaming that Mr. Albers had stabbed himself. [REDACTED] advised that she did not see this happen. [REDACTED] advised that after being told that officers arrived at Mr. Albers home she ended her conversation with the 911 operator.

[REDACTED] advised that she contacted [REDACTED] by telephone who was with [REDACTED] and they were headed to Mr. Albers residence to check on him. [REDACTED] stated that during this conversation, she heard a loud "bang" and then [REDACTED] said, "oh shit".

[REDACTED] advised that she saw Mr. Albers drinking on the video and that he "looked insane" causing her to think that he had already been drinking before she saw the video also.

#### [REDACTED] (SOCIAL MEDIA VIDEO) (LEAD #17)

[REDACTED] was contacted and is the mother of [REDACTED]. [REDACTED] advised that her son [REDACTED] had contacted her earlier in the day by telephone. [REDACTED] had asked her to meet him at his girlfriend's address. [REDACTED] then explained that Mr. Albers had been using Facetime to communicate with Ms. [REDACTED]. [REDACTED] had told her that Mr. Albers had a knife during these communications which were causing [REDACTED] to become scared.

[REDACTED] stated, "this has been an ongoing thing with John". [REDACTED] stated that Ms. Albers, earlier in the day, had sent a group message to several of his friends and their parents asking them to "please stop entertaining him when he does this stuff because it just makes it worse". [REDACTED] said that Ms. [REDACTED] still continued to talk with him.

[REDACTED] advised of one previous time where Mr. Albers indicated that he was suicidal while he was drunk. [REDACTED] said that her son [REDACTED] later found him in a ditch.

██████████ forwarded three videos that had been sent to her from her son ██████████. These videos were viewed but no sound was present.

██████████ LEAD #20)

Mr. and Mrs. ██████████ were contacted at their residence. ██████████ advised that he had heard several noises that he believed to be gun shots next door. ██████████ explained that they had come home and entered the residence through the garage, left the garage door open and came inside to change clothes so they could go out with friends. ██████████ stated after they changed clothes, they began walking towards the garage together and ██████████ heard two or three loud noises he believed were gunshots. ██████████ stated that he and his wife got down and he heard another volley he thought consisted of around ten shots. ██████████ stated they waited a few minutes and closed the garage doors. ██████████ asked if the incident was at the Albers' residence. ██████████ was advised that it was. ██████████ then stated he was not surprised as he knew the police had been at the residence several times.

██████████ advised she had heard a couple of noises that she believed were gun shots and then heard approximately 20 more a few seconds later.

OFFICER NEWLON INTERVIEW (LEAD #38)

Officer Newlon was interviewed at the Olathe Police Department on January 21<sup>st</sup>, 2018 at approximately 1650 hours. Officer Newlon advised that he recalled the incident and stated he was dispatched on an attempted suicide call. He stated that he remembered receiving information that the subject had stabbed himself in the stomach, he was on Snapchat and there was blood at the scene. Officer Newlon advised that he understood that his department had previous contact with the subject and he had expressed violent tendencies in the past. Officer Newlon advised that he had not previously responded to the address, and further advised he had no previous dealing with John Albers.

Officer Newlon stated that he was the first officer to arrive on scene and due to the nature of the call he waited in his patrol vehicle for another officer to arrive. He stated once another officer arrived, he put on his gloves and started to approach from the east while the other officer, who was later identified as Officer Jenison approached from the west. Officer Newlon stated that after reaching the front of the residence they took a moment to assess the situation. Officer Newlon advised that they heard a large dog barking and thought they could not approach the front door based on the information they had. Officer Newlon stated that Officer Jenison asked him if he had his patrol phone on him, which he did not. Officer Newlon then ran back towards his patrol car to get his phone. Officer Newlon advised that while running back he observed a silver Jeep sitting in the roadway and he remembered hearing the calling party was in a silver Jeep. He said he wasn't sure if the calling party was the subject's mother or not, but he knew it was someone related to the call. Officer Newlon said he approached the female in the Jeep and attempted to get a phone number for the subject inside the residence. Officer Newlon said at the same time he was reaching into his patrol vehicle to retrieve his phone. Officer Newlon advised that he turned around and looked and he saw the garage door start to open. Officer Newlon said that he then started making his way on the south side of the street back to where Officer Jenison was. Officer Newlon described Officer Jenison as being right by the driveway or right on the driveway. Officer Newlon stated that Officer Jenison was trying to contact the subject in the vehicle. Officer Newlon said that he saw the van start to back up and heard Officer Jenison giving commands to the driver to stop. Officer Newlon said that he then saw the van accelerate rapidly and noticed it was heading right at Officer Jenison. Officer Newlon said he then heard, what he believed, were three shots. Officer Newlon believed he was approximately 100 feet away from the van when it began to back out of the garage.

Officer Newlon advised that he drew his gun and was starting to approach the van while also trying to maintain cover. Officer Newlon said that as he was making his approach, he saw the van "swoop" around and saw Sgt. Goddard's vehicle approach. Officer Newlon said he then saw the van start to back up towards Officer Jenison and there was another volley of fire. Officer Newlon recalled hearing about another three shots and said the van then went forward until it came to rest across the street.

Officer Newlon recalled that Officer Jenison said to him, "I thought he was going to run me over." Officer Newlon stated it was one of the first things Officer Jenison stated and he repeated it several times. Officer Newlon described Officer Jenison as visibly upset and breathing heavy. Officer Newlon said that Officer Jenison did a quick check of himself and noticed he was bent over breathing heavy and his voice was cracking. Officer Newlon said that he stayed with Officer Jenison the entire time he was on scene, except for a short time when Officer Jenison was in an ambulance. Officer Newlon also stated that he conducted a protective sweep of the residence with Officer William Robbins.

Officer Newlon later explains that the reason he thought the vehicle was accelerating towards Officer Jenison was due to the speed of the vehicle. He said in his experience when you back out of a garage/driveway it is typically a "nice easy back out". He stated on this occasion the van started slowly and then, "sped up." He further advised, "he was already back there, he was about an arms' reach away from the van." Officer Newlon stated that Officer Jenison was already yelling and giving commands. Officer Newlon said that he saw Officer Jenison's arm extend out as the van was coming towards him.

Officer Newlon explained the vehicle turn and stated, "it seemed like the front of the van just whipped around in a completely different direction." Officer Newlon said that Officer Jenison stepped around to the back side of the van to stay away from the front of it, but the van then continued backing up the driveway again, as he was trying to make his way off to the side.

Officer Newlon would state that Officer Jennison was almost directly behind the van as it initially started to back towards him after the turn. Officer Newlon drew a diagram as well.

Officer Newlon described the protective sweep as well.

#### SERGEANT JASON GODDARD INTERVIEW (LEAD #37)

Sergeant Goddard was interviewed in relation to this incident. Sgt. Goddard stated that he responded from the station and that prior to his departure he was aware that John Albers had stabbed himself, was armed and was covered in blood. Sgt. Goddard stated that he prepared his less lethal shotgun, by collecting it from a rear cargo drawer, loading the rounds in the gun, and placing it on the floorboard of the front passenger seat. Sgt. Goddard explained that he prepared it anticipating a possible need.

Sgt. Goddard stated he arrived on scene and turned the corner of the street. Sgt. Goddard stated, "I see Officer Jenison behind a minivan, uh, the minivan is backing up. I see him begin to fire". Sgt. Goddard said he is not sure if Officer Jenison had fired prior to him arriving. Sgt. Goddard continues to say, "the vehicle then accelerates like a J-turn, and then he's now like, he was down closer to the sidewalk and now he was back towards the house and the minivan is backing up towards him again and he then proceeds to fire again. Uh, I see the driver get struck. Looks to be multiple times, goes limp, and the van rolls across the street to the yard where it rests. So then, I jump out of my car, I go running to the car with Vendetti, we check on the driver, he's clearly deceased, nothing we can do for him".

Sgt. Goddard was asked again to describe what he saw and heard. Sgt. Goddard advised that dispatch had advised that the reportee or "mom" would be arriving in a gray Jeep. Sgt. Goddard stated that he saw a gray Patriot parked behind a patrol vehicle. Sgt. Goddard stated he saw the van backing up and Jenison

behind the vehicle in a "shooting stance" as he fires into the van. Sgt. Goddard continues to say that the van then moves "rapidly" and does a "J-turn". Sgt. Goddard states Officer Jenison moved closer to the garage, the van is "backing towards him", and he "fires again".

Sgt. Goddard would explain that he was not sure if he shifted the vehicle into park, but he did remove the key from the ignition and placed the keys on the roof of the van.

Sgt. Goddard would state, "once that car did the J-turn and came back at him, my concern was he was going to get hit with it".

#### OFFICER ADAM VENDETTI INTERVIEW (LEAD #39)

Officer Vendetti was interviewed in relation to this incident. Officer Vendetti heard the dispatch call involving Unit 234, Officer Jenison and Unit 237, Officer Newlon. It was dispatched as a suicidal subject. Officer Vendetti advised that it was reported that the suicidal subject was broadcasting himself on video, and was armed with a knife, stabbing himself. Officer Vendetti advised it was also reported that there was a lot of blood. Officer Vendetti advised that he looked at the call notes because of the type of call and the fact that he was a CIT officer. Officer Vendetti advised that he was familiar with and had been on calls at this location before. Officer Vendetti advised that approximately 4-6 weeks ago, John had battered his dad after drinking a bunch of alcohol. Officer Vendetti advised that he recalled John telling officers if they took him to Marillac, he wouldn't fight the police.

Officer Vendetti made a broadcast about John's previous statements about being a wrestler and wanting to fight the police on prior contacts. Officer Vendetti advised that he pulled in from the west and stated that when he pulled in his perception was that Officer Jenison was in a shooting stance. Officer Vendetti advised that he had "tunnel vision" at this point and could see Officer Jenison standing in this position and he could see the garage was open at the residence.

Officer Vendetti advised that he had no idea of what was going on inside the garage. He advised that he didn't know if John was standing there with a knife, since it was reported he was armed. Officer Vendetti said he sees the silver minivan backing out of the garage towards Officer Jenison. Officer Vendetti advised he could not tell the angle of the vehicle backing out in reference to Officer Jenison's position. Officer Vendetti explained that he couldn't tell if Officer Jenison was directly behind the vehicle or off to the side and did not know what Officer Jenison perceived.

Officer Vendetti advised that within seconds of the van coming out of the garage, Officer Vendetti advised he heard the first couple of gunshots. As Officer Vendetti is exiting his vehicle, the silver minivan does a turnaround as he approaches. After the silver minivan turns around, Officer Vendetti jumps out of the way as a reaction. Officer Vendetti explained that he was reacting to more gunshots. Officer Vendetti advised that he knew John still had control of the van because it went from reverse to drive.

Officer Vendetti then described the vehicle traveling across the street. Officer Vendetti ran to the driver's side door of the van as it approached the neighbor's house. Officer Vendetti advised that he asked Sgt. Goddard if the vehicle was in park because he was worried the van might continue into the neighbor's house.

Officer Vendetti explained that at this point he could see John slumped over in the driver's seat. Officer Vendetti advised that he had to lift John's head up as he was reaching across the front of him to check John's pulse. Officer Vendetti used his left hand to check the right side of John's neck. Officer Vendetti advised that he could not find a pulse on John's carotid artery and believed him to be dead.

Officer Vendetti assumed that the minivan came to a stop due to John's foot coming off the accelerator pedal. Officer Vendetti advised that he could not find the gear shift and assumes that Sgt. Goddard put the van into park. Officer Vendetti described seeing Officer Jenison's face as he was walking up to the van and that Officer Jenison was "all fucked up". As Officer Vendetti described the events, he became emotional.

#### **OFFICER CLAYTON JENISON INTERVIEW (LEAD #40)**

Officer Jenison was interviewed in relation to this incident. Officer Jenison advised that he responded to the area of this call for service from the area of 143<sup>rd</sup> and Grant. Officer Jenison was unable to recall the exact address of the call. Officer Jenison advised that the information for the call indicated it was an attempted suicide. Officer Jenison advised that he drove with his lights and siren on to the call. Officer Jenison advised that he parked on a side street near the address and thought his camera was pointed at the house. Officer Jenison advised that while enroute to the call dispatch advised the subject had been actively cutting himself and was threatening to stab himself. Officer Jenison further advised that dispatch stated the parents were not home and that the subject had sent out information via social media.

Officer Jenison stated he switched radio channels and approached the address on foot with Officer Newlon. Officer Jenison stated that he positioned himself behind a tree in the front yard and could hear a dog barking from within the home. Officer Jenison stated that dispatch had said the subject's mother was enroute to the address in a white Jeep. Officer Jenison advised that Officer Newlon left his position and returned to his vehicle to get a phone and around that same time, a female arrived in a white SUV. Officer Jenison believed the female was the subject's mother and Officer Newlon contacted her.

Officer Jenison stated he felt he could best cover the front door by standing closer to the garage door, so he moved from the tree toward the garage door area. Officer Jenison said that this area would offer him protection if the subject exited the front door and he felt he could control the situation from that position. Officer Jenison said he did not know the subject's intentions, which could have been "self-harm" or "homicidal tendencies."

Officer Jenison said that as he moved toward the garage, the garage door began to open. Officer Jenison commented that the subject's mother opened the garage door when she arrived but then stated he was not sure if the subject's mother opened the garage door or if the subject did.

Officer Jenison stated that to contain the area and not knowing what was in the garage, not knowing what the subject's relationship with his mother was (who was believed to be standing on the road with Officer Newlon), he unholstered his service weapon and approached. Officer Jenison said as he was looking into the garage he observed a silver van with the brake lights on. Officer Jenison stated that initially he did not see anyone in the vehicle, but when the reverse lights came on he knew someone was in the vehicle. Officer Jenison said that he wanted to contain the situation and not let the subject leave, which is why he was behind the vehicle.

Officer Jenison states the van then begins moving backward. Officer Jenison stated that he told the subject to stop, but he did not stop. Officer Jenison stated that he tells the subject to stop again. Officer Jenison described himself as "running backwards" at this time. Officer Jenison stated that he was "afraid he was going to hit me", which was the reason he "shot" the first time. Officer Jenison could not provide a distance on how far the vehicle was away from him, but stated it felt like it was "from me to you" away. Officer Jenison said he felt the vehicle was "pretty close" to him and it was not stopping. Officer Jenison said he felt the vehicle was going fast enough to be a threat and cause him bodily harm. Officer Jenison advised that he fired "two to three" rounds. Officer Jenison was not sure what caused him to stop

shooting during the initial backing incident. Officer Jenison stated that it might have been because he observed the brake lights come on, but he was not sure.

Officer Jenison advised that after the initial shots were fired he got on this radio to inform dispatch that shots had been fired. Officer Jenison then stated the vehicle accelerated in reverse rapidly past him. Officer Jenison described the vehicle as doing a "U-turn" that caused the rear of the vehicle to be facing toward him again. Officer Jenison described himself as being positioned "dead center" right between the wheels. Officer Jenison said the vehicle accelerates back toward him. Officer Jenison said he fires again "fearing" he was going to be struck. Officer Jenison stated, "I believe he was going to hit me." Officer Jenison stated that he was "running" backwards as the vehicle backs up toward him. Officer Jenison stated that he fired until the vehicle started moving forward. Officer Jenison stated that when the vehicle began moving forward he felt it was no longer a threat to him, which was when he stopped firing. Officer Jenison believed he had fired between "five and seven" shots.

Officer Jenison stated that he holstered his weapon and moved to the vehicle to help assist in performing life saving measures. Officer Jenison commented the reason they were sent to the call was to help the subject. Officer Jenison stated his intentions on that day were not to shoot the subject, but instead get him the help he needed.

Officer Jenison said that as he approached the vehicle, Officer Vendetti instructs Officer Newlon to get him back. Officer Jenison was asked about any conversation that took place. Officer Jenison recalled breaking down and saying, "I thought he was going to hit me." Officer Jenison described himself as being very emotional, crying, and at one-point dry heaving.

Officer Jenison was asked to further explain his movement around the time the garage door was going up. Officer Jenison said he moved from the tree, which was not a lot of cover for him, closer to the house. Officer Jenison said as he walked closer to the house the garage door was opening. Officer Jenison said he unholstered his weapon. Officer Jenison said he knows he is there for someone who attempted suicide, but he does not know what is waiting for him inside the garage. Officer Jenison said the vehicle is "on" and the reverse lights are on. Officer Jenison said he wanted to keep "him here", so he could get him help. Officer Jenison said the vehicle starts reversing and he told him to stop, and the vehicle does not stop. Officer Jenison said he was moving backward and again tells "him to stop", but he does not stop. Officer Jenison said he shoots and tried to move out of the way. Officer Jenison said he gets on the radio saying, "shots fired."

Officer Jenison was asked what he was thinking when the vehicle was backing toward him after he told the driver to stop. Officer Jenison said, "I am thinking he was going to hit me." Officer Jenison said he was afraid if he was hit that he was going to get knocked down and run over. Officer Jenison said that he did not want that to happen and added that he did not know what "his" (driver's) intent was.

**REVIEW THE BLUE AND WHITE STRIPED NOTEBOOK/JOURNAL (LEAD #44)**

Detectives reviewed the journal that is believed to be the same journal referenced by Mr. Albers in the video. A thorough review of the journal was conducted, and the following are portions of the writing that was in or on the journal.

On the outside of the journal are a few written words that include: 2018, Ease, Zengchove, Fuck12, Lilzom, and a heart with J&K. Fuck12 is likely a reference to fuck the police and appears to be urban slang.

"January 1, 2018 3:39 pm

Well I'm in JDC (Juvenile detention Center) Kid jail pretty much. I have been here since Dec 29 2017. Why am I here Well I will explain everything. So on the 27<sup>th</sup> [REDACTED] broke up w me My mind was split cuz I was actually changing for her since I got out of Meralic (12/20/17). So I obv was a mess and my mins is so foggy of that night even tho I was sober. So [REDACTED] took my keys then when my father showed up I stole his car and skrted off. My whole mind was in such a dark place. Well you might think why did you also kill urself when going 135 on highway In my dads car. Finally I called [REDACTED] reminded me suicide is for pussys. So I drove to his house after I calmed myself down and pulled over. I was not just made, that [REDACTED] broke up w me I was furius cuz my whole life is so fucked up. And she mad a comment that my past is a big problem for her cuz at partyes people say oh that suck we (unittelligelble) John. Anways I got to [REDACTED] house. Well a cop showed up. So I ran out the back and hopped fences then (unintelligible) got to the car. *Then I stated to drive off but the cop was in the middle of the street. So I sped up and he moved. ...."*

"10:01 am 1/20/18

I passed my drug test. Then I came back to school and skipped 5 and 6 to take a nap and they excused my absents. Then [REDACTED] came over after school and he hung out til 10:30 pm. (Unintelligible) Im in a 5 hr recertification course for refereeing. I just got caught shoplifting at Sheels. I am a complete fuck up.”

“1/20/18 Today I got caught Shoplifting at Scheels. I now have additional charges and way to much to come back from. My [REDACTED] just told me I am literally a dipointment and never going to change. Well [REDACTED] Your Compeltly right I love you But no Im gone life will be 100% easier. [REDACTED] we fight so much but I do love you. [REDACTED] I love you so much and I need to both to not end up like me. These days (unintelligible).

A later entry states, I love you and forgive me.

[REDACTED] I love you and [REDACTED] and [REDACTED] well be back some day.”

Olathe PD #2018-0000981

OPPD #2018-001376

Lead #1—Processing and collection of duty equipment from OPPD Officer Jenison

On Saturday, 01-20-18 at approximately 1743 hours, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers  
WM [REDACTED]

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

I responded to the scene at approximately 1915 hours. Shortly after being on scene, I was assigned Leads #1 through #4. The leads were to assist Johnson County CSI process officers on scene during the time the shooting occurred. This included checking their weapons and completing a round count.

At approximately 1956 hours, JO CO CSI Shanahan and I made contact with

Overland Park PD Officer Clayton Jenison #1086  
Involved Officer

at the Overland Park PD Sanders Station. Officer Jenison was transported to the station by OPPD Officer Newlon.

CSI Shanahan and I explained the process of what was going to occur and what was going to be collected. Officer Jenison advised he was not injured during the incident.

CSI Shanahan took several photos of Officer Jenison. He was wearing an Overland Park PD long sleeve uniform with an outer vest, which stated POLICE on the back. On the left sleeve of the uniform shirt was an OPPD police patch.

CSI Shanahan proceeded to process and collect Officer Jenison's duty weapon, which was a

Glock 22 Gen 4 .40 caliber  
Serial # [REDACTED]

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer Jenison stated he had not checked or done anything to his weapon following the shooting. Officer Jenison stated he did not know how many rounds he fired during the incident. Officer Jenison advised he attended a range session last week. He further advised his weapon/magazine would have contained 15 rounds plus one round in the chamber prior to the shooting incident (16 total).

Officer Jenison's duty weapon and magazine contained the following rounds

- 1 round in the chamber
- 2 rounds in the magazine
- Speer 40 S&W hollow point rounds

Based on this information along with the information Officer Jenison provided that his magazine was full prior to the incident, it is likely Officer Jenison fired 13 rounds during the incident. Officer Jenison was not provided information about the round count. The two extra magazines from Officer's Jenison's duty belt were also checked and both were completely full with 15 rounds.

CSI Shanahan collected Officer Jenison's duty weapon, magazines, rounds, duty belt with equipment, outer vest, and uniform shirt/pants. The Watch Guard Mic Pack that Officer Jenison had attached to his outer vest was returned to OPPD Capt. Fleming, so it could be placed back in service.

Officer Jenison was provided my contact information if he had any further questions. Officer Jenison was advised no further information was needed at this time and was released to OPPD Command Staff.

On Saturday, 01-20-18 at approximately 1743 hours, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

I responded to the scene at approximately 1915 hours. Shortly after being on scene, I was assigned Leads #1 through #4. The leads were to assist Johnson County CSI process officers on scene during the time the shooting occurred. This included checking their weapons and completing a round count.

JO CO CSI Shanahan and I made contact with

Overland Park PD Sgt. Goddard #929

CSI Shanahan took several photos of Sgt. Goddard, who was wearing an Overland Park PD long sleeve uniform. The uniform had a badge displayed on the front of the shirt, an OPPD patch on the left sleeve along with Sergeant stripes on both sleeves. Sgt. Goddard had some small cuts on his right hand, which were photographed. Sgt. Goddard believed the cuts occurred when he reached into the check on the deceased victim.

Sgt. Goddard's duty weapon was checked to determine a round count. As Sgt. Goddard removed his weapon from his holster, fragment of glass fell to the floor. The glass was collected by CSI Shanahan. A closer look at Sgt. Goddard's holster revealed it had glass wedged into it, so it was collected as evidence.

Sgt. Goddard's duty weapon was a

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

The duty weapon was checked and it contained 15 rounds in the magazine and one round in the chamber, which indicated no shots were fired by Sgt. Goddard. The two other magazines on his duty belt were also checked and they too contained 15 rounds.

All items with the exception of the holster were returned back to him at the conclusion of the processing/round check.

Overland Park PD Officer Newlon #1095

CSI Shanahan took several photos of Officer Newlon, who was wearing an Overland Park PD long sleeve uniform with an outer vest that stated "POLICE" on the back. The shirt had an OPPD patch on the left sleeve.

Officer Newlon advised he was first officer to arrive on the scene. His duty weapon was checked to determine a round count. Officer Newlon's duty weapon was a

Glock 22 Gen 4 .40 caliber  
Serial # [REDACTED]

It was determined the magazine in the gun contained 15 rounds plus one round in the chamber, which indicated no shots were fired by Officer Newlon. The two other magazines on his duty belt were also checked and they too contained 15 rounds.

On Saturday, 01-20-18 at approximately 1743 hours, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived, they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers

WM [REDACTED]

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

I responded to the scene at approximately 1915 hours. During the evening, I was assigned Lead #5, which was to retrieve in-car video from Overland Park PD. At the time I was assigned the lead, the only patrol vehicle at the scene during the incident that was able to be downloaded was driven by OPPD Officer Newlon. The other three units were still at the scene as the JO CO CSI Unit processed the scene.

I contacted OPPD Capt. Olney, who provided me a flash drive containing

Watch Guard Video

In-car video from OPPD Unit #1P33

Driven by Officer Newlon

It was determined Officer Newlon was the first officer to arrive at the scene and had parked his patrol vehicle along the north side of street facing westbound. Officer Newlon's vehicle was approximately 2 houses to the east of residence where the shooting took place.

The flash drive was provided to OISIT Commanders, so it could be viewed. The flash drive was later provided to Olathe PD Det. Spegal, so it could be placed into evidence.

On the morning of 01-21-18, OPPD Deputy Chief Happer brought three flash drives to the OISIT briefing. The flash drives contained Watch Guard video from the following vehicles

OPPD Unit #1P40—Driven by Sgt. Goddard

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

OPPD Unit #1P44—Driven by Officer Jenison

OPPD Unit #1P54—Driven by Officer Vendetti

The three flash drives were turned over to OISIT Commander Reynolds, who later provided the flash drives to Olathe PD Det. Spegal, so they could be placed into evidence.

On 01/20/2018 at approximately 2000 hours I was present at [REDACTED] in regard to obtaining the video surveillance of a Ring Door Bell which was facing the incident. Upon my arrival I was met by:

[REDACTED]

I spoke to [REDACTED] who advised that after the incident they received a call from [REDACTED] was able to access his phone and together we viewed the Ring Doorbell Video which was activated at the time of the incident. The Ringdoor bell video appears to show one officer in the driveway of 9309 W. 149th Terrace. A short time later that officer runs off to the east. A second officer then walks into the driveway of the residence and stands by the garage doors. The double garage door begins to open, the reverse lights are activated from the vehicle which was parked inside the garage. The Video then concludes.

A second ring video activated a few minutes later which showed emergency personal already on scene treating an individual inside a silver minivan which was now parked on the lawn.

[REDACTED] both stated that they know John Albers has had numerous police interactions since they have known him.

15	01/21/2017	Brian Gressel	Interview of ██████████ Social media video created By John Albers prior to this incident

Contacted:

On Saturday, January 20, 2018, I was assigned lead 15. This lead was to interview ██████████ He was identified as JOHN D. ALBERS', w/m, ██████████ best friend. ██████████

After identifying myself and the reason for my contact, ██████████ gave the following information related to this incident:

I first asked ██████████ to send me the video sent to him by his girlfriend, ██████████ w/f, ██████████ He played the video but there was no sound. Therefore, he retrieved ██████████ phone in order for me to obtain a copy of the video with the audio portion included. Using my phone, I took a video of the video to capture the audio portion. It should be noted the video was done through SnapChat. JOHN's username on SnapChat is ██████████

██████████ said JOHN used to date ██████████ w/f, ██████████. They broke up approximately one month ago after an incident at Pie Five Pizza Company, located at 13366 Metcalf Avenue, Overland Park, KS, where ██████████ works. He said ██████████ stole his father's car at that time which led to JOHN being in jail for a few days. After getting out, he said JOHN was given house arrest, had to wear an ankle monitor, and was told to have no contact with ██████████

Since JOHN was arrested, ██████████ thought he was doing better. He had told ██████████ that he quit drinking and smoking. However, ██████████ said JOHN has recently been "very weird". He recently told ██████████ "thank you for what you've done for me. You've helped me so much." ██████████ said these are things that ██████████ would never say in a random conversation.

While at work today, ██████████ received a call from JOHN that he was unable to answer. He called back, but the call ended without JOHN answering. He called JOHN back a few minutes later but it went to voicemail.

About twenty to thirty minutes later, he received a call from ██████████ Upon answering the call, she shouted "Please God help me!" The call dropped so ██████████ went outside and tried to call her again. However, she did not answer. He then called his

girlfriend, [REDACTED] w/f, [REDACTED], who was with [REDACTED]. She told [REDACTED] that JOHN had contacted [REDACTED] through Snapchat stating he wanted to kill himself. She said JOHN later contacted [REDACTED] via Facetime. During this time, [REDACTED] said JOHN had stabbed himself in the chest.

[REDACTED] said he then contacted his mother, [REDACTED] w/f, [REDACTED], to inform her of the situation.

The interviewed ended after [REDACTED] had no further information to provide regarding this incident.

The video will be preserved as evidence.

This interview was audio recorded. This recording has been attached to this report.

16	01/21/2017	Brian Gressel	Interview of [REDACTED]

Contacted:

[REDACTED]

On Saturday, January 20, 2018, I was assigned Lead 16, which was to interview [REDACTED] regarding her knowledge of the activities of JOHN D. Albers, w/m, [REDACTED] before this incident.

After identifying myself and the reason for my contact, [REDACTED] gave the following information:

[REDACTED] first told me that JOHN has been continuously contacting his ex-girlfriend, [REDACTED], ever since he got out of jail approximately one month ago. She said JOHN had gone to jail that time after stealing his dad's car. Prior to stealing the car, [REDACTED], and she had all been in another car which JOHN had been driving. At that time, she said he was driving so dangerously that he "almost like killed us by driving off the road".

Earlier today, [REDACTED] was at her house along with [REDACTED]. At one point, while asleep, [REDACTED] said [REDACTED] came running into the room screaming, "help me, call the police!". [REDACTED] then saw a live Facetime session that JOHN was in with [REDACTED]. She said JOHN was "popping pills" and drinking "like four different bottles of alcohol". He also said, "I don't want to be alive anymore. It's going to be better when I'm gone. I want you to be happy." [REDACTED] said she was going to call the police.

At 1736 hours, after JOHN hung up, [REDACTED] called 911 on her phone and had [REDACTED] talk to the 911 operator. However, JOHN called back and [REDACTED] gave the phone to [REDACTED] then informed the 911 operator of their concerns for JOHN. A few moments later, [REDACTED] began screaming that JOHN had stabbed himself. [REDACTED] said she did not see this happen. Upon being told that officers arrived at JOHN's house, located at 9309 W 149<sup>th</sup> Terrace, Overland Park, KS, [REDACTED] ended her conversation with the 911 operator.

[REDACTED] contacted [REDACTED] by telephone. She called her because [REDACTED] were heading to JOHN's

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

home to check on him. During this conversation, she heard a loud “bang” and then [REDACTED] said, “Oh shit”. The phone conversation was then terminated.

I asked [REDACTED] if it appeared that JOHN had been drinking on the video. She told me that she saw him drinking. She said he “looked insane” causing her to think that he had already been drinking before she saw the video also.

The interview finished after [REDACTED] had no further information to provide.

This interview was audio recorded. This recording has been attached to this report.

17	01/21/2017	Brian Gressel	Interview of [REDACTED] / Social media video Created by John Albers prior to this incident

Contacted:

[REDACTED]

On Saturday, January 20, 2018, I was assigned Lead 17. This lead was to recover video from [REDACTED] I was told she received several videos from her son, [REDACTED] w/m, [REDACTED] which were created by JOHN D. Albers, w/m, [REDACTED] before this incident occurred.

I contacted [REDACTED] who was still in the area of this incident. After identifying myself and the reason for my contact, she agreed to speak with me in my vehicle and gave the following information:

She told me her son [REDACTED] contacted her earlier in the day by telephone. He gave her an address of [REDACTED] and asked her to respond there to meet him. He said this apartment belonged to his girlfriend, [REDACTED] She was there along with ALBER's ex-girlfriend, [REDACTED] [REDACTED] told her that ALBERS had been using Facetime to communicate with [REDACTED]. [REDACTED] said ALBERS apparently had a knife during these communications which were causing [REDACTED] to become scared.

[REDACTED] said "this has been an ongoing thing with John". She said that SHIELA Albers, earlier in the day, had sent a group message to several of his friends and their parents asking them to "please stop entertaining him when he does this stuff because it just makes it worse". She said that [REDACTED] still continued to talk with him.

[REDACTED] said JOHN was arrested earlier in the day for stealing at Scheels in Overland Park. Due to his continued issues, [REDACTED] had recommend a therapist to [REDACTED] who dealt with childhood trauma. [REDACTED] told [REDACTED] that JOHN had met with the therapist. JOHN later told [REDACTED] that the therapist "gets it". JOHN had also recently went to get re-certified to be a soccer referee. Therefore, they all thought he was getting better.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

I asked [REDACTED] if she knew of any previous issues involving JOHN. She said there was one time that JOHN was being suicidal while he was drunk. She said [REDACTED] later found him in a ditch.

Finally, she said there was a time that JOHN went over to [REDACTED] place of employment, [REDACTED] in Overland Park, KS. During this time, JOHN's dad went over there which later resulted in JOHN stealing his dad's vehicle.

Next, [REDACTED] forwarded me the three videos sent to her from [REDACTED]. These videos were entitled IMG\_1005.3gp, IMG\_1006.3gp, and IMG\_1007.3gp. After viewing them, we noted no sound was present. She told me that [REDACTED] said there had been sound in the videos. I asked her if [REDACTED] would be available to visit with me so that I could also obtain the video with sound. She then told me that [REDACTED] and [REDACTED] mother were at the Johnson County Library located nearby the scene.

I ended the interview with [REDACTED] after she had no further information to provide.

The videos will be preserved as evidence.

This interview was audio recorded. This recording has been attached to this report.

The Albers were sitting in their car in the driveway at [REDACTED] Mr. Albers was in the driver's seat and Mrs. Albers was in the front passenger seat. The Albers had the windows of their vehicle covered with blankets as we spoke with them. They were concerned since the media was on scene and they did not want to be photographed. We approached them at the front passenger door.

Deputy Chief Reynolds and Corporal Waters identified themselves and introduced me as the family liaison. We provided the Albers with our titles and names and advised them we were sorry for their loss. We advised them we were part of the Johnson County Officer Involved Shooting Investigation Team (OISIT) and would be investigating the incident.

While speaking with them verbal consent was given to search their residence,

After a few minutes, the Albers asked if they could leave and go to a friend's residence for the night. I told them we could open 149<sup>th</sup> Terrace and get them through. I asked if they would be willing to sign consent to search forms for the residence and the Honda Odyssey they had given verbal consent to search prior to leaving, they advised they would do so and were ready to leave as soon as they could. They said they would be staying with friends at [REDACTED] and provided me with their cellular phone numbers. I provided them with a business card containing my cellular phone number and told them to call me if they needed assistance moving forward.

Deputy Brungardt provided me with two Johnson County Sheriff's Office Consent to Search forms. He filled out the vehicle information portion for the Albers' van. I explained the consent to search forms would be for the Johnson County Crime laboratory and OISIT Investigators to search the Honda Van and their residence. The Albers said that was fine and Mr. Albers held out his hand and took the forms. I glanced at the forms and told him they were not completed yet as he took them. He signed the first form and flipped the page; and signed the next form. The consent to search forms were signed at 20:22 hours. Deputy Brungardt and I both signed as witnesses to the signatures.

Immediately upon signing the forms the Albers asked if we could move the media and a patrol car, so they could leave. Deputy Brungardt and I contacted the media and asked for a patrol car to move as they pulled out and left.

Immediately after they left, I checked the forms and noticed through a miscommunication between myself and Deputy Brungardt the second form signed by Mr. Albers was printed in Spanish. Deputy Brungardt said the forms had the information for vehicles and residences on each form and they use them for multiple items. Through a miscommunication he provided me with the address as 9304 W. 149<sup>st</sup> Terrace rather than the Elbers' actual address, 9309 W. 149<sup>th</sup> Terrace.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

On Sunday, January 21, 2018 at approximately 08:15 hours, I observed a text message from Mrs. Albers received at 07:45 hour stating,

"Sgt. Rothwell this is Sheila Albers. We need to get my [REDACTED]. When can we go home".

I pulled over and replied that I was sorry for the late reply and I would check on the status of the residence and contact her as soon as possible. At 08:45 hours, I received another text from Mrs. Albers stating,

"My husband is there and they won't let him in. We need [REDACTED]"

I tried to call Mr. Albers at 08:50 hours but the call went straight into voicemail. I replied to Mrs. Albers text and told her of the attempt to contact her husband and told her I would be at the residence in a few minutes.

At approximately 08:55 hours, I arrived and met with Mr. Albers, where he stood speaking with several people in front of the residence. He requested his contacts and [REDACTED] from inside the residence. He told me the [REDACTED] was for his younger son and was hidden from John in a cabinet above the refrigerator, the contacts were disposables and were located under the sink in the master bedroom.

I immediately went inside the residence and retrieved the contacts. I then went into the kitchen and located two sealed, stapled [REDACTED] and retrieved them. The items were turned over to Mr. Albers outside the residence.

Mr. Albers asked me if there was any further information that could be shared with him and asked when he could return to his home. I explained to him the process was not complete and at this point I did not have any information to share with him. I explained the incident was being investigated by the Johnson County OISIT team members and the investigation was going to take time. I told him his residence would be completed at some point today, but I could not provide him with an exact time. I told him as soon as processing was complete at the residence, I would notify him.

I also told Mr. Albers at some point I would like to meet with him and his wife to further explain the investigatory process and speak with them about John. Mr. Albers said he would contact me later in the day to arrange a meeting and thanked me for the assistance in retrieving his items from the residence.

Lead # 20: Contact at the [REDACTED] Residence

On Saturday, January 20<sup>th</sup>, 2018 at approximately 19:38 hours, I began a neighborhood canvas. I responded to [REDACTED] and contacted the residents,

[REDACTED]

and his wife,

[REDACTED]

I first spoke to [REDACTED] and asked him if it was all right to check the exterior of his residence. I told him we had an incident next door and we wanted to be sure everyone was all right and there was no property damaged as a result.

[REDACTED] told me he and his wife were both Ok and they did not notice any damage. He advised he had heard several noises he believed to be gun shots next door. He said they had come home and entered the residence through the garage, left the garage door open and came inside to change clothes so they could go out with friends. After they changed clothes, they began walking towards the garage together and he heard two or three loud noises he believed were gunshots. He and his wife got down and he heard another volley he thought consisted of around ten shots. They waited a few minutes and closed the garage doors. He asked me if the incident involved the Albers' residence. When I told him, it did, he said he was not surprised he knew the police had been at the residence several times.

I then met with [REDACTED] and asked her if she had heard or seen anything. She advised she had entered the room and heard a couple noises she believed were gun shots and then heard approximately 20 more a few seconds later.

I asked if either had observed anything and both stated they had not. They asked me if everything was safe now and I told them it was. They provided me with their contact information and I provided them with a business card and asked them to call me if they remembered anything else.

Lead #22 – Patrol Vehicle Ammunition Count

On 01-20-18 at 1901 hours, I was notified that an officer involved shooting had occurred at 9309 W. 149<sup>th</sup> Ter. Overland Park, KS. 66221 involving Overland Park Police Officers. I arrived on scene and was assigned lead #22 by Detective Waters with the Merriam Police Department. Lead #22 involved conducting an ammunition count of the firearms inside of the patrol vehicles that belonged to the officers that were on scene.

At 2022 hours, I located Overland Park Police patrol vehicle #1P44 on W. 149<sup>th</sup> Ter. and Hayes St. The vehicle had been driven by OPPD Officer Jenison. The patrol rifle and shotgun were locked in place between the front driver and passenger seats. I removed the 5.56mm Rock River Arms rifle and observed serial number [REDACTED]. I removed the magazine from the gun and determined that the rifle did not have any ammunition in the chamber. Sgt. Hruska with OPPD was near me and I asked him how many rounds are supposed to be in the magazine, he replied that it is a 30 round magazine but normally only 28 rounds are kept inside. Sgt. Hruska also stated the shotguns only contain five rounds. I counted the rounds in the magazine and they added up to 30. I removed the Benelli 12GA shotgun from the vehicle and observed serial number [REDACTED]. The shotgun contained 5 shotgun rounds in the tube and none in the chamber. The firearms were placed back into the patrol vehicle.

At 2036 hours, I located Overland Park Police patrol vehicle #1P54 on W. 149<sup>th</sup> Ter. East of Hayes St. The vehicle had been driven by OPPD Officer Vendetti. I located the patrol rifle and shotgun locked in place between the front driver and passenger seats. I removed the 5.56mm Rock River Arms rifle and observed serial number [REDACTED]. I removed the magazine from the gun and determined that the rifle did not have any ammunition in the chamber. I counted the rounds in the magazine and they added up to 30. I removed the Benelli 12GA shotgun from the vehicle and observed serial number [REDACTED]. The shotgun contained 5 shotgun rounds in the tube and none in the chamber. The firearms were placed back into the patrol vehicle.

Overland Park Police patrol vehicle #1P40 was parked in the driveway of 9309 W. 149<sup>th</sup> Ter., facing southwest. The vehicle had been driven by OPPD Sgt. Goddard. The scene was still being processed by members of the Johnson County Crime Lab and I was not able to conduct the round count until 2135 hours. The patrol rifle and shotgun were locked in place between the front driver and passenger seats. I removed the 5.56mm Rock River Arms rifle and observed serial number [REDACTED]. I removed the magazine from the gun and determined that the rifle did not have any ammunition in the chamber. I counted the rounds in the magazine and they added up to 28. I removed the Benelli 12GA shotgun from the vehicle and observed serial number [REDACTED]. The shotgun contained 5 shotgun rounds in the tube and none in the chamber. The firearms were placed back into the patrol vehicle.

On 01-21-18, Detective Waters informed me that Overland Park Police patrol vehicle #1P33 had been removed from the scene before a round count was conducted and was taken to the Overland Park Police Department at 12400 Foster St., Overland Park, KS., 66213. At 1107 hours, I met with OPPD Sgt. Stevens in the parking lot of the police department and he unlocked patrol vehicle #1P33. The patrol vehicle had been driven by OPPD Officer Newlon on 01-20-18. I located the patrol rifle and shotgun locked in place between the front driver and passenger seats. I removed the 5.56mm Rock River Arms

rifle and observed serial number [REDACTED] I removed the magazine from the gun and determined that the rifle did not have any ammunition in the chamber. I counted the rounds in the magazine and they added up to 28. I removed the Benelli 12GA shotgun from the vehicle and observed serial number [REDACTED] The shotgun contained 5 shotgun rounds in the tube and none in the chamber. The firearms were placed back into the patrol vehicle.

On 01-21-18 at 1400 hours, I conducted an interview with Sgt. Goddard (Lead #37). During the interview, Sgt. Goddard stated that he had prepared his less lethal shotgun prior to leaving the parking lot of the Overland Park Police Department on 01-20-18. Sgt. Goddard stated he had left the shotgun on the floorboard of the front passenger seat and did not take it out of the vehicle when he responded to the incident. Sgt. Goddard explained that the Sergeant's patrol vehicles are equipped with a less lethal shotgun that is locked at the rear of the vehicle, patrol officers have the option to sign out a less lethal shotgun at the beginning of the shift.

On 01-22-18 at 1355 hours, I called Sgt. Goddard and asked him if he secured the less lethal shotgun while he was on scene at 149<sup>th</sup> Ter., he said no. Sgt. Goddard stated was driven to his police department by someone with Olathe Police and his patrol vehicle was driven back by Sgt. Hruska. Sgt. Goddard said he was able to get into vehicle #1P40 sometime between 0130 and 0140 hours to retrieve his personal belongings, and he did not see the shotgun on the passenger side.

At 1418 hours, I called Sgt. Hruska and asked him if he secured the less lethal shotgun when he transported the vehicle to the police department, he said no. Sgt. Hruska said he did not see a shotgun on the passenger side. As I was speaking with Sgt. Hruska, he walked out to vehicle #1P40 and saw that the less lethal shotgun was secured at the rear of the patrol vehicle. Sgt. Hruska said the six less lethal rounds were in the side saddle. I asked Sgt. Hruska to provide me with the serial number and model of the shotgun, he said it is a Remington 870 with serial number [REDACTED] Sgt. Hruska suggested I speak with Captain Olney because he was overseeing the video downloads of the patrol vehicles when they were brought to the station.

On 01-23-18 at 1048 hours, I attempted to contact Captain Olney. I left him a message to return my call.

As I reviewed the interview of Sgt. Goddard, he stated he "discharged" the less lethal shotgun after 0100 hours on 01-21-18 when he could re-enter his patrol vehicle in the parking lot of the police station. In the interview, Sgt. Goddard said he placed the shotgun in the cargo drawer. At 1634 hours, I called Sgt. Goddard and asked him to clarify what happened with the shotgun. He said he was allowed to get his duty gear from his patrol vehicle around 0100 hours. Sgt. Goddard stated he noticed the shotgun was on the floorboard of the passenger side and did not appear to have been moved since he placed it there prior to going to the call on 01-20-18. Sgt. Goddard stated he unloaded the shotgun and secured it back in the cargo drawer. Sgt. Goddard was mistaken or did not understand my question when I had called him on 01-22-18 and inquired about the less lethal shotgun.

It should be noted that none of the dash camera videos show Sgt. Goddard's less lethal shotgun being taken out of his vehicle during the call.

Nothing further.

23	01/22/2018	Det. J. Wakefield #114	Review 911 Calls

OISIT #18-01  
Olathe PD #2018-0000981  
OPPD #2018-001376  
Lead #23—Review 911 Calls

On 1/22/2018 I reviewed the 911 calls made to the Overland Park Police Department Dispatch Center regarding this incident. There were two 911 calls received:

#### Call #1

- Received on 1/20/2018 at 1736 hrs.
- Call length 11 mins 27 sec.
- Received from [REDACTED] W/F [REDACTED].

On 1/20/2018 at about 1736 hrs, a female caller who identified herself as [REDACTED] called 911 and reported her ex-boyfriend, who she later identified as John Albers, contacted her through Facetime. [REDACTED] stated there is currently a no-contact order. The dispatcher was obtaining basic information relating to the no contact order from [REDACTED] and she stated, "he is going to kill himself." When asked, [REDACTED] said she did not know his address, she said she had just tried calling his mother and his father, but they did not answer. [REDACTED] attempted to provide directions to his house without providing the exact address. She was able to advise the address was near 151<sup>st</sup> street, but she did not know exactly where.

[REDACTED] stated "he popped, he took a thing of pills, I don't know what they were, and he swallowed them. He is drinking very heavily, he was just chugging and chugging huge bottles of Vodka." She continued by saying "he is saying when the Police get there he is going to stab himself." The dispatcher asked how she knew about this. [REDACTED] stated she saw all of this on Facetime. The dispatcher confirmed that he said he was going to stab himself. [REDACTED] said, "Yes, he said when the Police show up he is going to stab himself, because he is so done with his life." The dispatcher asked if she saw a knife and she stated she did not, but she saw him drinking a lot.

Approximately 6:22 into the call, another unidentified juvenile female began talking to the dispatcher. I could hear screaming in the background. The female indicated [REDACTED] was screaming, she said he called her and he stabbed himself. The female stated he facetimes her, she said [REDACTED] is advising there is blood everywhere. I could hear the dispatcher tell another dispatcher to get medical en-route to the call. The caller advised he was in the basement and he was home alone. She said [REDACTED] was still trying to call John's mom, but she was not answering. The dispatcher asked her to relay any other information she was getting from John. The caller advised he stabbed himself in his stomach and his chest. I continued to hear [REDACTED] screaming and crying in the background.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

I could hear an unidentified adult female's voice in the background asking how he was calling. She stated she thought his number was blocked. The unidentified juvenile female stated he contacted [REDACTED] through facetime and was using his email address. The adult female stated she was almost to John's house and was driving a silver Jeep Patriot.

The dispatcher stated there were officers on scene and she ended the phone call.

## Call #2

- Received on 1/20/2018 at 1747 hrs.
- Call length 2min 9 sec.
- Received from friend [REDACTED]

A female caller who identified herself as [REDACTED] called and stated her friend, John Albers, was posting suicide notes on his story. She continued by saying John is posting on Snapchat. She stated he was posting how he was going to kill himself. [REDACTED] said she did not have his address or phone number, and only had his email address. The dispatcher stated they were working on it and would be checking on it. [REDACTED] confirmed the name John Albers and stated he goes to Blue Valley Northwest. The dispatcher thanked [REDACTED] for her call and ended the conversation.

Lead #24 – Autopsy of John Albers

On 01/21/2018 at approximately 1000 hours, I (Det. C. Spegal) responded to Frontier Forensics Midwest, LLC (40 South 18<sup>th</sup> Street, Kansas City, Kansas 66102) to attend the autopsy of John D. Albers (██████████)

Prior to responding to Frontier Forensics Midwest, I responded to the Johnson County Criminalistics Laboratory (11890 South Sunset, Olathe, Kansas 66061) and contacted Crime Scene Investigator (CSI) Supervisor Andrea Reed. Reed provided me with two knives that were previously recovered from the scene at 9309 West 149<sup>th</sup> Terrace, Overland Park, Kansas. I transported the two knives to Frontier Forensics Midwest, LLC and turned the knives over to Johnson County CSI Amy Shanahan, who also attended the autopsy.

I observed Albers body was in a sealed body bag with red tag # ██████████ CSI Shanahan photographed the sealed body bag and took photographs during the autopsy. The autopsy was conducted by Dr. Altaf Hossain. Dr. Hossain was assisted during the autopsy by Chris Berry and Kelsie Pittsenbarger.

At the conclusion of the autopsy, Dr. Hossain advised preliminary results of the autopsy was that the manner of death was homicide and the cause of death of was gunshot wound of head and chest. A preliminary presumptive test showed the presence of amphetamines and alcohol in Albers system. The final autopsy report will be forwarded pending the toxicology results and the completion of the autopsy report.

CSI Shanahan collected Albers clothing, personal items, and other evidentiary items that were collected during the autopsy (see her supplemental report for further information).

CSI Shanahan later provided me with a compact disc containing the photographs that she took during the autopsy. The compact disc was later entered into evidence at the Olathe Police Department.

Nothing further at this time.

**INITIAL INFORMATION:**

According to the initial investigational information, the decedent was reportedly, arrested and released on January 20, 2018 for an unspecified charge. Later that day, the decedent was at home with friends drinking liquor and taking pills. Late in the afternoon, the decedent began cutting himself with two different knives and his friends became concerned and contacted the police. An Officer arrived to the home to find the garage door up and the decedent in the driver's seat in a van parked in the garage. The van reversed quickly out of the garage towards the Officer. The Officer drew his service pistol and fired thirteen times as the van reached the road and performed a "J-turn". The car went forward a few feet after the turn and came to a stop. The Officer found the decedent seated dead at the wheel. The decedent was pronounced dead at the scene at 1754 hours, January 20, 2018.

**CIRCUMSTANCES OF EXAMINATION:**

The autopsy examination takes place at the Frontier Forensics Morgue in Kansas City, Kansas on 01/21/2018 at 1000 hours under the authority of Johnson County Coroner's Office.

**IDENTIFICATION:**

The body is received in a sealed body bag with an intact red seal number 0002804. Identification was made prior to arrival at this facility.

**EXTERNAL EXAMINATION:**

The body is that of 70-inch White male who is said to be 17 years of age. The body weight is about 142 pounds. The eyes have clear conjunctivae without petechiae. The mouth has native teeth. A tattoo is on the left inguinal area. There are writing tattoos on the left anterior forearm and the wrist. On the back of the right forearm there is a writing tattoo. An ID band is on the left ankle.

**EVIDENCE OF INJURY:**

Gunshot wound A; The entrance hole of about 3/8 inch is in the back of the right ear. It is located about 4 ½ inches right of the posterior midline and 8 ½ inches below the vertex. The gunshot wound is associated with the laceration of the brain, ranging from ½ to 2 ¼ inches. The projectile exits on the left temporal scalp, located about 6 inches below the vertex and 5 inches left of the posterior midline. The trajectory is from right to left, back to front and upwards.

Gunshot wound B: The entrance hole of about ½ inch is at the back of the upper neck. It is located about 9 inches below the vertex, and in the midline. The projectile travels left and upwards, enters the cranial cavity through the occipital bone. The projectile is

**Johnson County, Kansas**

fragmented and the fragments are retrieved from the left temporal scalp, outside the bone but within the skin. Trajectory is back to front, right to left and upwards.

Gunshot wound C: The entrance hole of about  $\frac{1}{2}$  inch is at the back of the left shoulder. The entrance hole is located about 12 inches below the vertex and 3 inches left of the posterior midline. The projectile travels to left and downwards. The exit of the projectile is 5 inches left of the posterior midline. The gunshot wound is associated with the laceration of the muscle and fatty tissue of about  $\frac{1}{2}$  to 1 inch. The trajectory is from right to left and slightly downwards.

Gunshot wound D: The entrance hole of about  $\frac{1}{4}$  inch is in the right back of the torso. The entrance hole is associated with abrasion about  $1\frac{1}{2}$  inches. It is located about 19 inches below the vertex and 4 inches right of the posterior midline. It is associated with the perforation and laceration of the right lung, perforation and laceration of the left lung, laceration of the upper aorta and laceration of the upper pericardium ranging from  $\frac{1}{2}$  inch to  $\frac{3}{4}$  inch. A hollow point, mushroomed projectile and its fragments are retrieved on the left lateral anterior chest under the skin. There is about 2 liters of blood in the left chest cavity and 300 cc of blood in the right chest cavity. There is hemorrhage around the projectile on the left anterior lateral chest. The trajectory is from back to front, right to left and upwards.

Gunshot wound E: Grazing gunshot wound of the right shoulder. On the top of right shoulder is an irregular pink grazing gunshot wound of an area of  $1\frac{3}{4}$  x 1 inch.

Gunshot wound F: The entrance is at the lower lip and is associated with laceration of lower lip and the projectile exits at right lower face. The gunshot wound is about 2 inches long. The trajectory is right to left and slightly downwards.

There is multiple stippling on the right arm, neck, right anterior chest, right shoulder, and right anterior back of the torso.

**Other injuries:**

Stab wounds of the chest: On the left anterior chest, are 31 horizontal stab wounds located about 20 inches below the vertex and 1 inch left of the anterior midline. These stab wounds are in an area of  $3\frac{1}{2}$  x 3 inches. The seven (7) horizontal larger stab wounds measuring  $\frac{1}{4}$  x  $\frac{1}{8}$  to  $\frac{11}{16}$  x  $\frac{3}{16}$  inch. The 24 horizontal superficial stab wounds measure  $\frac{1}{16}$  to  $\frac{1}{8}$  inch. Of the larger stab wounds, the deepest stab wound pierces between 5<sup>th</sup> and 6<sup>th</sup> anterior left intercostal rib space but did not injure the heart, pericardium or lung.

On the back of torso, is a vertical parallel pink abrasion of about  $3\frac{3}{4}$  inches with a gap of  $\frac{1}{2}$  inch. At the lower end of this abrasion, at right angle to this, is a transverse impression in the lower midline back of the torso of about  $3\frac{3}{4}$  inches.

**Johnson County, Kansas**

Three fresh vertical linear cuts are on the right anterior distal forearm/wrist of about  $\frac{3}{4}$  - 1 inch. Proximal to these vertical cuts, are two horizontal cuts of about 1 to 1  $\frac{1}{2}$  inches. A "Z-shaped" cut is on the back of left hand at the index and middle finger junction. In the back of left hand, is a cut of 1/16 inch at the origin of index finger.

A curved pink superficial cutaneous cut is on the anterior mid neck of about 3  $\frac{1}{2}$  inches.

**INTERNAL EXAMINATION:**

The anterior chest and abdominal walls have no extravasation of blood. The pericardial sac, peritoneal cavity, and pleural cavity have no hemorrhage. Ribs, sternum, and clavicles have no fracture.

The 270-gram heart has a smooth epicardial surface and a small amount of subepicardial fat. The coronary arteries arise from the aorta in the normal fashion. The coronary ostia are patent. The right coronary artery supplies the posterior interventricular septum and is without atherosclerosis. The left main coronary artery, left circumflex branches and left anterior descending coronary arteries have no atherosclerotic intrusion of the lumen. The valve cusps and leaflets are normally formed. The descending aorta is patent and has no atherosclerosis.

The right 200 and left 170-gram lung have smooth tan pleural surfaces. The parenchyma is soft and congested. The bronchi have light tan mucosal surfaces.

The 1,090-gram liver has a smooth, intact capsular surface and a sharp anterior margin. The red-brown parenchyma has no intrinsic nodularity. The gallbladder contains about 12 cc of green-yellow bile and has no calculi.

The 80-gram spleen has a smooth, intact capsular surface and a soft dark maroon splenic pulp. The periaortic and mesenteric lymph nodes are not enlarged.

The right 90 and left 90-gram kidneys have smooth cortical surfaces and red-brown parenchyma that has no abnormality. The pelvicalyceal systems are not dilated. The ureters are normal in course and caliber to the urinary bladder. The urinary bladder has a smooth gray-white mucosa and contains about 20 cc of clear urine.

The prostate and testes have no palpable masses.

The pancreas has a light tan nodular parenchyma without hemorrhage or calcification. The adrenal glands have pale yellow cortices.

The esophagus is intact and has smooth gray-white mucosa and is without foreign material.

**Johnson County, Kansas**

The stomach has a light tan mucosa with its normal rugal folds and contains about 10 cc of brown liquid.

The vermiform appendix is present. The small and large bowels are without evident abnormality.

The strap muscles have no injury. The thyroid gland, tongue, epiglottis, trachea, and larynx have no injuries, and there is no foam in the airway, epiglottis, trachea, and larynx.

The reflected scalp has injuries as described above. Injury to the skull and brain is described above. The 1,150-gram brain has symmetric cerebral and cerebellar hemispheres covered by pale transparent leptomeninges. The cerebral cortex and cerebral white matter are tan-white. Caudate nuclei, basal ganglia and thalami are tan. Optic nerves, optic tracks, optic chiasmata are without atrophy and are symmetrical. Mammillary bodies and substantia nigra are without abnormality.

**SPECIMEN EXAMINATION:**

Fluids and tissues are retained for submission to NMS Lab for toxicologic evaluation. Tissues are retained for histologic examination. Fluids, tissues, fingerprints, and blotter paper are archived at this facility.

**TOXICOLOGICAL EXAMINATION:**

Formal toxicological analyses detect small amount of ethanol and amphetamine (Adderall). The decedent had a prescription [REDACTED]; thus, some degree of tolerance and accommodation is expected. Ethanol is not detected at intoxicating level.

Other than the above findings, examination of the specimen(s) submitted did not reveal any positive findings of toxicological significance by procedures outlined in the accompanying Analysis Summary.

Reference Comments:

1. Amphetamine - Femoral Blood:

Amphetamine (Adderall, Dexedrine) is a Schedule II phenethylamine CNS-stimulant. It is used therapeutically in the treatment of narcolepsy and obesity and also in the treatment of hyperactivity in children. Amphetamine has a high potential for abuse. When used in therapy, initial doses should be small and increased gradually. In the treatment of narcolepsy, amphetamine is administered in daily divided doses of 5 to 60 mg. For obesity and children with attention deficits, usual dosage is 5 or 10 mg daily.

Following a single oral dose of 10 mg amphetamine sulfate, a reported peak blood concentration of 40 ng/mL was reached at 2 hr. Following a single 30 mg dose to adults, an average peak plasma level of 100 ng/mL was reported at 2.5 hr. A steady-state blood level of 2000 - 3000 ng/mL was reported in an addict who consumed approximately 1000 mg daily.

Overdose with amphetamine can produce restlessness, hyperthermia, convulsions, hallucinations, respiratory and/or cardiac failure. Reported blood concentrations in amphetamine-related fatalities ranged from 500 - 41000 ng/mL (mean, 9000 ng/mL). Amphetamine is also a metabolite of methamphetamine, benzphetamine and selegiline.

2. Ethanol (Ethyl Alcohol) - Femoral Blood:

Ethyl alcohol (ethanol, drinking alcohol) is a central nervous system depressant and can cause effects such as impaired judgment, reduced alertness and impaired muscular coordination. Ethanol can also be a product of decomposition or degradation of biological samples. The blood alcohol concentrations (BAC) can be expressed as a whole number with the units of mg/dL or as a decimal number with units of g/100 mL which is equivalent to % w/v. For example, a BAC of 85 mg/dL equals 0.085 g/100 mL or 0.085% w/v of ethanol.

**Analysis Summary and Reporting Limits:**

All of the following tests were performed for this case. For each test, the compounds listed were included in the scope. The Reporting Limit listed for each compound represents the lowest concentration of the compound that will be reported as being positive. If the compound is listed as None Detected, it is not present above the Reporting Limit. Please refer to the Positive Findings section of the report for those compounds that were identified as being present.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Lead No	Date	Officer	Synopsis
25	01/20/2018	Det. James McMillian	Interview [REDACTED]

Lead 25

OISIT 18-01  
Olathe PD 2018-0000981  
OPPD 2018-001376

Persons Contacted:

On 01/20/2018, at approximately 2145 hours, I (Det. McMillian) was assigned lead 25 to contact and interview [REDACTED]. I was advised that [REDACTED] was previously on scene at the time of the incident but left prior to being interviewed.

I made phone contact with [REDACTED] who provided her address and agreed for the interview. I responded to her above listed residence where we spoke. My contact with [REDACTED] was recorded and the audio recording was provided to be attached with this case.

[REDACTED] invited me into her home and we spoke at her dining room table. [REDACTED] advised she was thrown into this situation unknowingly because her long-time friend, [REDACTED] knows the people involved. [REDACTED] said [REDACTED] daughter, [REDACTED] is friends with [REDACTED] [REDACTED] used to be involved in a relationship with John Albers. [REDACTED] said she has never met [REDACTED] or John. [REDACTED] advised she is familiar with Sheila Albers, John's mother, because Sheila is a principle and had her kid's years ago. [REDACTED] advised she does not know the Albers in a personal way, it was only Sheila through school.

[REDACTED] explained that she had spent the day with [REDACTED] and they had been shopping in Louisburg, KS. While they were on their back home, [REDACTED] received a phone call from her daughter, [REDACTED] [REDACTED] was talking to [REDACTED] privately, but [REDACTED] could hear

█'s side of the conversation. █ and █ were at █ residence at the time █. Based on what █ was gathering is that John had been in contact with █ and was video chatting with them. John was drinking alcohol and taking pills in the video. At another point, John sent a picture and he was covered in blood because he had stabbed himself. █ advised the girls were scared and called the police.

After the girls had called 911, █ called █ back and informed her that the police wanted █ to respond to John's residence where this was happening. █ told █ not to respond and to have the police call her. When asked where they were at this time, █ wasn't sure but knew they were still returning from Louisburg. █ advised she told █ just to take her home because she didn't want to be involved.

█ advised she did not know where the Albers live, and █ had gotten off onto 151<sup>st</sup> street. █ just thought █ was taking her home. █ said the next thing she knew, they arrived and parked near the Albers home. █ said they parked in front of the corner house right behind a OPPD patrol vehicle. Based on █ description of her location they parked on the north side of 149<sup>th</sup> Terrace facing West from England Street. █ advised after █ parked, █ jumped out of the car.

█ saw 2 or 3 police officers up the street with their guns drawn. She observed a silver minivan moving. █ believed the silver minivan was driving and the police officers were trying to get the van to stop. █ advised she was still seated in █ vehicle and the windows were up. █ could not hear what was going on until she heard approximately 5 gun shots. █ did not see which officer was firing. █ said the van was moving when she heard the first shot. The silver van continued moving before coming to a stop in the front yard across the street. █ said she was more focused on █ and trying to get her back in the car. █ finally got back in the car and █ just held on to her trying to keep █ in the car. █ advised she doesn't remember where the other officers' vehicles were parked, only the one in front of them.

█ said when the silver minivan was moving she remembers seeing an officer on the driver's side, an officer on the passenger side of the minivan and then another officer that was in front of the minivan. █ said the officer in front of the van had to move and she would not have been surprised if the van was going to hit the officer had the officer not moved. █ said it seemed the silver minivan was trying to leave the driveway quickly. █ advised she only saw the van driving forward, and believed the van may have been backed in the garage. █ advised it was also dark outside as well when this was happening.

After the silver minivan came to a stop, █ got out of the car again. █ advised she started having a breakdown. █ was trying to get █ to take her home

but [REDACTED] continued walking up towards the scene. [REDACTED] did not see [REDACTED] again tonight. [REDACTED] advised the resident of the house they were parked in front of gave [REDACTED] their address. [REDACTED] called her husband and he came and got her. [REDACTED] gave her name and phone number to an officer and left with her husband from there. The officers were putting up scene tape when she left.

While talking with [REDACTED] during the times when she described the shooting itself, [REDACTED] was visibly upset while describing what she saw. [REDACTED] added that she saw something that she didn't want to see. [REDACTED] added that [REDACTED] has had 2 strokes and is currently on disability because of that. [REDACTED] said that [REDACTED] stays calm much better than herself, but wanted the investigators to know as well. [REDACTED] further stated that she is aware of an incident that happened a couple of weeks ago involving John that happened at [REDACTED] residence. [REDACTED] was not familiar with the circumstances, just that it was something involving him. [REDACTED] said she has told [REDACTED] to stay away from him because it seemed there was always something going on and [REDACTED] didn't need to be involved.

Overland Park Police Officer

On Tuesday, January 23, 2018, I was assigned Lead #26, which consisted of taking follow up photographs of the Honda Odyssey mini-van, which had been towed to the Johnson County Sheriff's Office Criminalistics Laboratory for processing. I was also assigned, under this lead, to accompany Olathe Police Officers T. Foxworthy and M. Misemer to the Johnson County Criminalistics Laboratory for the download of the vehicle's data.

On Tuesday, January 23, 2018, at approximately 1135 hours, I responded to the Johnson County Sheriff's Office Criminalistics Laboratory, where I took case file photographs of the silver Honda Odyssey minivan. The photographs were taken using my Canon Power Shot SX110 IS, digital crime scene camera. This was done so

the photographs could be shown during the 1300 hours briefing. The photographs were taken back to the Olathe Police Department where they were uploaded to the casefile.

On Tuesday, January 23, 2018, at approximately 1443 hours, I accompanied Olathe Police Officers T. Foxworthy and M. Misemer to the Johnson County Sheriff's Office Criminalistics Laboratory where a download of the Silver 2012 Honda Odyssey minivan was conducted. According to the officers, there was no data available to retrieve. The Bosch Crash Data Retrieval Report, showing **Events Recovered: None**, was downloaded to a flash drive. I transported the flash drive to the Olathe Police Department where the report was uploaded to the casefile.

I have nothing further at this time.

Respectfully Submitted:

IMPORTANT NOTICE: Robert Bosch LLC and the manufacturers whose vehicles are accessible using the CDR System urge end users to use the latest production release of the Crash Data Retrieval system software when viewing, printing or exporting any retrieved data from within the CDR program. Using the latest version of the CDR software is the best way to ensure that retrieved data has been translated using the most current information provided by the manufacturers of the vehicles supported by this product.

Data Limitations

General Information:

These limitations are intended to assist you in reading the event data that has been imaged from the vehicle's SRS control unit. They contain general information and are not specific to this particular event. Event data should be considered in conjunction with other available physical evidence from the vehicle and scene.

Honda and Acura passenger vehicles designated as 2013 or later model year production are designed to be compatible with the Bosch CDR tool. Only some 2012 model year vehicles are compatible with the Bosch CDR tool.

Recorded Crash Events:

Data for front, side, rear and rollover events can be recorded as either non-deployment or deployment events. Both types of events can contain pre-crash and crash data.

- A non-deployment event is recorded if the change in longitudinal or lateral velocity equals or exceeds 8km/h over a 150ms timeframe or another type of non-reversible deployable restraint device other than a front, side, or side curtain airbag (e.g. seatbelt pretensioner) is commanded to deploy. Except as indicated below, non-deployment events are not locked into memory and can be over-written by subsequent non-deployment or deployment events.
- A deployment event is recorded if front airbag(s), side airbag(s), or side curtain airbag(s) are commanded to deploy. Deployment events are locked into memory and cannot be over-written.

The SRS control unit typically records only one event. Two events can be recorded if the TD (time zero) values for each event occur within 5 seconds of each other. Therefore, a non-deployment event can be recorded and locked if it occurs within 5 seconds of a deployment event.

T0 is established by whichever of the following occurs first: (1) the change in longitudinal velocity at the SRS control unit equals or exceeds 0.8km/h over a 20ms timeframe; or (2) the change in lateral velocity at the SRS control unit equals or exceeds 0.8km/h over a 5ms timeframe; or (3) the occupant restraint control algorithm is activated; or (4) a commanded deployment of any type of non-reversible deployable restraint device (e.g. airbag or seatbelt pretensioner). If the time to deploy equals 0, then the command to deploy occurred at T0 or the device was not commanded to deploy during the event.

TEnd (end of event) is established by whichever of the following occurs first: (1) the change in longitudinal and lateral Delta V equals or falls below 0.8km/h over a 20ms timeframe; or (2) the occupant restraint control algorithm resets; or (3) time from T0 exceeds 300ms.

Data:

- Data recorded by the SRS control unit and imaged by the CDR tool is displayed relative to T0, not the time at which the vehicle made contact with another vehicle or object.
- Pre-crash data is recorded at 2 samples per second within the 5 seconds before T0. The sampling point at 0.0 is taken at T0 and is asynchronous with the other sample points. The time between -0.5 and 0.0 is not recorded and is between 1 and 500ms.
- Delta V data is recorded at 100 samples per second from T0 to 250ms or T0 to TEnd plus 30ms.
- Acceleration data is recorded at 100 samples per second from T0 to 250ms.
- Delta V, longitudinal reflects the change in velocity that the SRS control unit experienced in the longitudinal direction during the recorded portion of the event and is not the speed the vehicle was traveling before the event.
- Depending on the severity of the event and the accelerometer characteristics, saturation of the SRS control unit longitudinal or lateral accelerometers may occur, decreasing the recorded Delta V value.
- Time, accelerometer range exceeded is recorded if saturation of the SRS control unit longitudinal, lateral and/or normal (vertical) accelerometer occurs. The recorded data is the time at which the sensor range is first exceeded.

- The maximum recording capability of Deployment Command Data is 254ms or 255ms depending on vehicle model. A recorded value of 254ms or 255ms may indicate that the recording maximum was exceeded. In this case, the deployment command may have occurred between the recorded time and TEnd.
- Speed, vehicle indicated data is the speed indicated to the driver by the speedometer, not actual vehicle ground speed. Data accuracy can be affected by various factors, including but not limited to the following:
  - Significant changes in tire size from the factory setting
  - Wheel lockup or spin
  - Data latency or filtering and hysteresis within the speedometer module
- Accelerator pedal position, percent full is the ratio of accelerator pedal position compared to the fully depressed position.
- PCM (Powertrain Control Module) derived accelerator pedal position, percent full may differ from the accelerator pedal position, percent full under circumstances such as brake override activation or cruise control system engagement. These circumstances are based on vehicle equipment application and vary by model.
- Steering input angle is recorded in 5 degree increments.
- Side air bag suppression system status, right front passenger is recorded when the vehicle is equipped with the Occupant Position Detection System (OPDS).
- Occupant size classification, right front passenger airbag suppressed data is recorded as yes (suppressed) if the front passenger seat weight sensor system determined the passenger seat was empty or occupied by a child-size occupant.
- EV mode data records the vehicle powertrain status, not a driver selected operation mode. EV mode is recorded as On when the vehicle is moving and the internal combustion engine is not operating. EV mode may be recorded as On or Off when the vehicle is stopped.
- If power to the SRS control unit is lost during an event, all or part of the data may not be recorded.

**Roll Rate Data:**

- Vehicle roll rate data is recorded separately from the non-deployment and deployment events as described above. Therefore, the T0 for the roll rate data may differ from the T0 for the other data in this report.
- Roll rate recording trigger (T0) is established by whichever of the following occurs first: (1) a rollover algorithm ON judgment (SRS control unit decision to command deployment); or (2) a change in relative roll angle at the SRS control unit equal to or exceeding 30 degrees (roll angle is not measured, but is calculated from the roll rate data); or (3) the rollover algorithm is activated.
- Once a recording trigger has been met, roll rate data is recorded for one rollover event at 10 samples per second from 1 second before to 2 seconds after T0. If a roll angle trigger is satisfied without a rollover algorithm ON judgment, the recorded roll rate data is unlocked and can be over-written by a subsequent rollover event. Roll rate data triggered by or recorded during a rollover algorithm ON judgment is locked into memory and cannot be over-written.
- If roll rate is detected at the SRS control unit during a non-deployment or deployment event but the recording trigger has not been satisfied, no roll rate data will be recorded. A graph of roll rate data will only be present in this report if roll rate data is recorded.

**Data Element Sign Convention:**

Except as noted below, all data is displayed in SAE J211 sign convention. The following table provides an explanation of the sign notation for data elements that may be included in this CDR report. All directional references to sign notation are from the perspective of the driver when seated in the vehicle facing the direction of forward vehicle travel.

Data element name	Positive sign indicates
Longitudinal Acceleration	Forward direction acceleration
Delta-V, Longitudinal	Forward direction acceleration
Lateral Acceleration	Left to right direction acceleration
Delta-V, Lateral	Left to right direction acceleration
Normal (Vertical) Acceleration	Downward direction acceleration
Vehicle Roll Rate*	See roll rate graph and data (if recorded)
Steering Input Angle*	Left Turn

\*Not SAE J211 sign convention

**Data Source:**

All recorded data is measured and calculated within the SRS control unit except for the following parameters (if applicable) which are transmitted via the vehicle's communication network to the SRS control unit:

- Speed, vehicle indicated
- Accelerator pedal position, percent full
- Service brake
- ABS activity
- Stability control
- Steering input angle
- Engine RPM
- PCM derived accelerator pedal position, percent full
- EV mode

Depending on vehicle feature content, capability, or conditions described above, the following items may not be recorded. If these items are not recorded, they will not be present in this document.

- ABS activity
- Stability control
- Steering input angle
- PCM derived accelerator pedal position, percent full
- Side air bag suppression system status, right front passenger
- Vehicle roll rate

**Hexadecimal Data:**

All data that has been specified for imaging is shown in the hexadecimal data section of this report. However, not all of this data is translated by the CDR tool. The SRS control unit may contain additional data that is not retrievable by the CDR tool.

**Data Imaging:**

If the SRS control unit is imaged outside of the vehicle, ensure that it is not moved, tilted or turned while connected to the CDR tool. Also, after imaging is complete, wait 3 minutes after removing the CDR tool before moving the SRS control unit. Not following this guideline could cause current non-deployment event data to be overwritten and a new event to be recorded. Current fault status could also be altered if the SRS control unit is imaged outside of the vehicle.

**Involved Officer:**

Clayton Jenison  
Overland Park Police Officer

On Wednesday, January 24, 2018, I was assigned Lead #26A, which consisted of taking follow up photographs of the rearview camera and its capabilities of viewing as well as obtain any information from the owner's manual or user guide.

On Wednesday, January 24, 2018, at approximately 1105 hours, I responded to the Johnson County Sheriff's Office Criminalistics Laboratory and took photographs of the backup camera monitor. These photographs depict the backup camera's capabilities. A grid was setup by Crime Scene Investigators with the Johnson County Sheriff's Office Criminalistics Laboratory to assist in the documentation of its capabilities.

I also took photographs and photocopies of the owner's manual and technology reference guide. In the owner's manual, page #323 and page #324, cover the rearview camera. According to the rearview camera display section on page #323, it shows a grid area, which is displayed through the rearview camera. Each grid line has an approximate measurement from the bumper. The first dotted gridline is

approximately 20" from the rear bumper. The second grid line is approximately 39" from the rear bumper. The third grid line is 79" from the rear bumper. The fourth grid line is 118" from the rear bumper. It also states the following:

**The rearview camera has a unique lens that makes objects appear closer or further than they actually are.**

Under the section marked About Your Rearview Camera:

**The rearview camera is view restricted. You cannot see the corner ends of the bumper or what is underneath the bumper. Its unique lens also makes closer and farther than they actually are.**

**Visually confirm that it is safe to drive on before backing up. Do not rely on the rearview display which does not give you all information about conditions at the back of your vehicle.**

**Certain conditions (such as weather, lighting and high temperatures) may also restrict the rear view. Use a soft, moist cloth to keep the lens clean and free of debris.**

**To turn the guide lines on or off, press and hold the RETURN button for about three seconds. If you turn the guide lines off, they remain off until you turn them back on.**

The rearview camera is covered on page #8 of the technology reference guide. The guide states the following information:

**For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.**

Under the section marked How It Works:

**When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the center display.**

**Yellow parking guide lines also appear to help you judge distance**

**The rearview display turns off when you shift out of Reverse.**

Under the section marked Turning the Guide Line On or Off:

**Press and hold Return for about 3 seconds.**

For further information refer to CSI K. Myers crime scene report on her findings of the rearview camera.

I have nothing further at this time.

Respectfully Submitted:

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

On 1/22/2018 at approximately 1734 hours I was provided the above described tablet by Detective Carson Spegal. The reported passcode to the tablet was 062111. The tablet was packaged in a pink plastic evidence bag inside a brown envelope, and was reported to be contaminated with blood. The bag was not sealed. I wiped the tablet with a disinfecting wipe. I noted that the tablet was powered on and required a password. I had been supplied a password of [REDACTED]. This password did not work. Further attempts with the incorrect password may disable the device.

On 1/23/2018 multiple passwords were provided and tried on the tablet. None of the passwords worked. I removed the Sim card from the tablet and used the [REDACTED] to collect the data on it. I reviewed the collected data and observed that the telephone number of [REDACTED] was assigned to the SIM card.

I attached the tablet to a forensic computer and used the [REDACTED] software to start the data collection process. With the tools that I have at my disposal, no data can be collected from this tablet, without the password. The [REDACTED] software did provide some additional information about the device. See the screen capture below.

was stronger than officers and could win in a fight. A PBT showed John's BrAC to be .198 and [REDACTED] opted not pursue charges. John could not be accepted at Marillac due to his intoxication level, so he was transported to Saint Luke's South and released.

OPPD Case #2017-027059—Missing Person/Runaway report

Reported 12-27-2017

John listed as a suspect

John was reported to have taken his father's Acura. John's father responded to Pie Five to pick up John's girlfriend, [REDACTED] had texted John's parents about John's driving and that she was scared. While at Pie Five, John jumped into his father's vehicle and fled the area. Information was obtained that John had responded to a friend's house. The friend was reported to be [REDACTED]. Officer Waggoner responded to [REDACTED] residence. Upon his arrival, John fled out of the back of the house and got into his father's Acura. Officer Waggoner tried to contact John as he drove away by pointing his flashlight at the car and sticking his hand out for John to stop. However, John revved the engine and swerved away from the officer and patrol vehicle. Since John swerved away from the officer, no aggravated assault charges were reported. [REDACTED] reported John made vague suicidal threats that included "I should just kill myself" and "I just want to be done with it all."

Dear Detective Ahring,

RE: John D. Albers [REDACTED] JIAC Records

Pursuant to your request, attached herein you will find Juvenile Intake and Assessment Records (JIAC) on John D. Albers. There are two separate intake events for this client, of record, one occurred on February 11, 2016, the other on December 29, 2017, as John was processed as a juvenile offender in both intake events. All information generated as part of these intake events are contained herein, and fulfill your request for his JIAC records.

I understand this request from you pertains to the scope of your investigation, specific to the Johnson County Officer Involved Shooting Investigation Team (OISIT) regarding John D. Albers. Please know that these records, you requested, are being provided to you as part of the investigative process you identified as listed above, and are not to be used for any other purposes! Pursuant K.S.A. **38-2310, Records of law enforcement officers, agencies and municipal courts concerning certain juveniles; disclosures.**

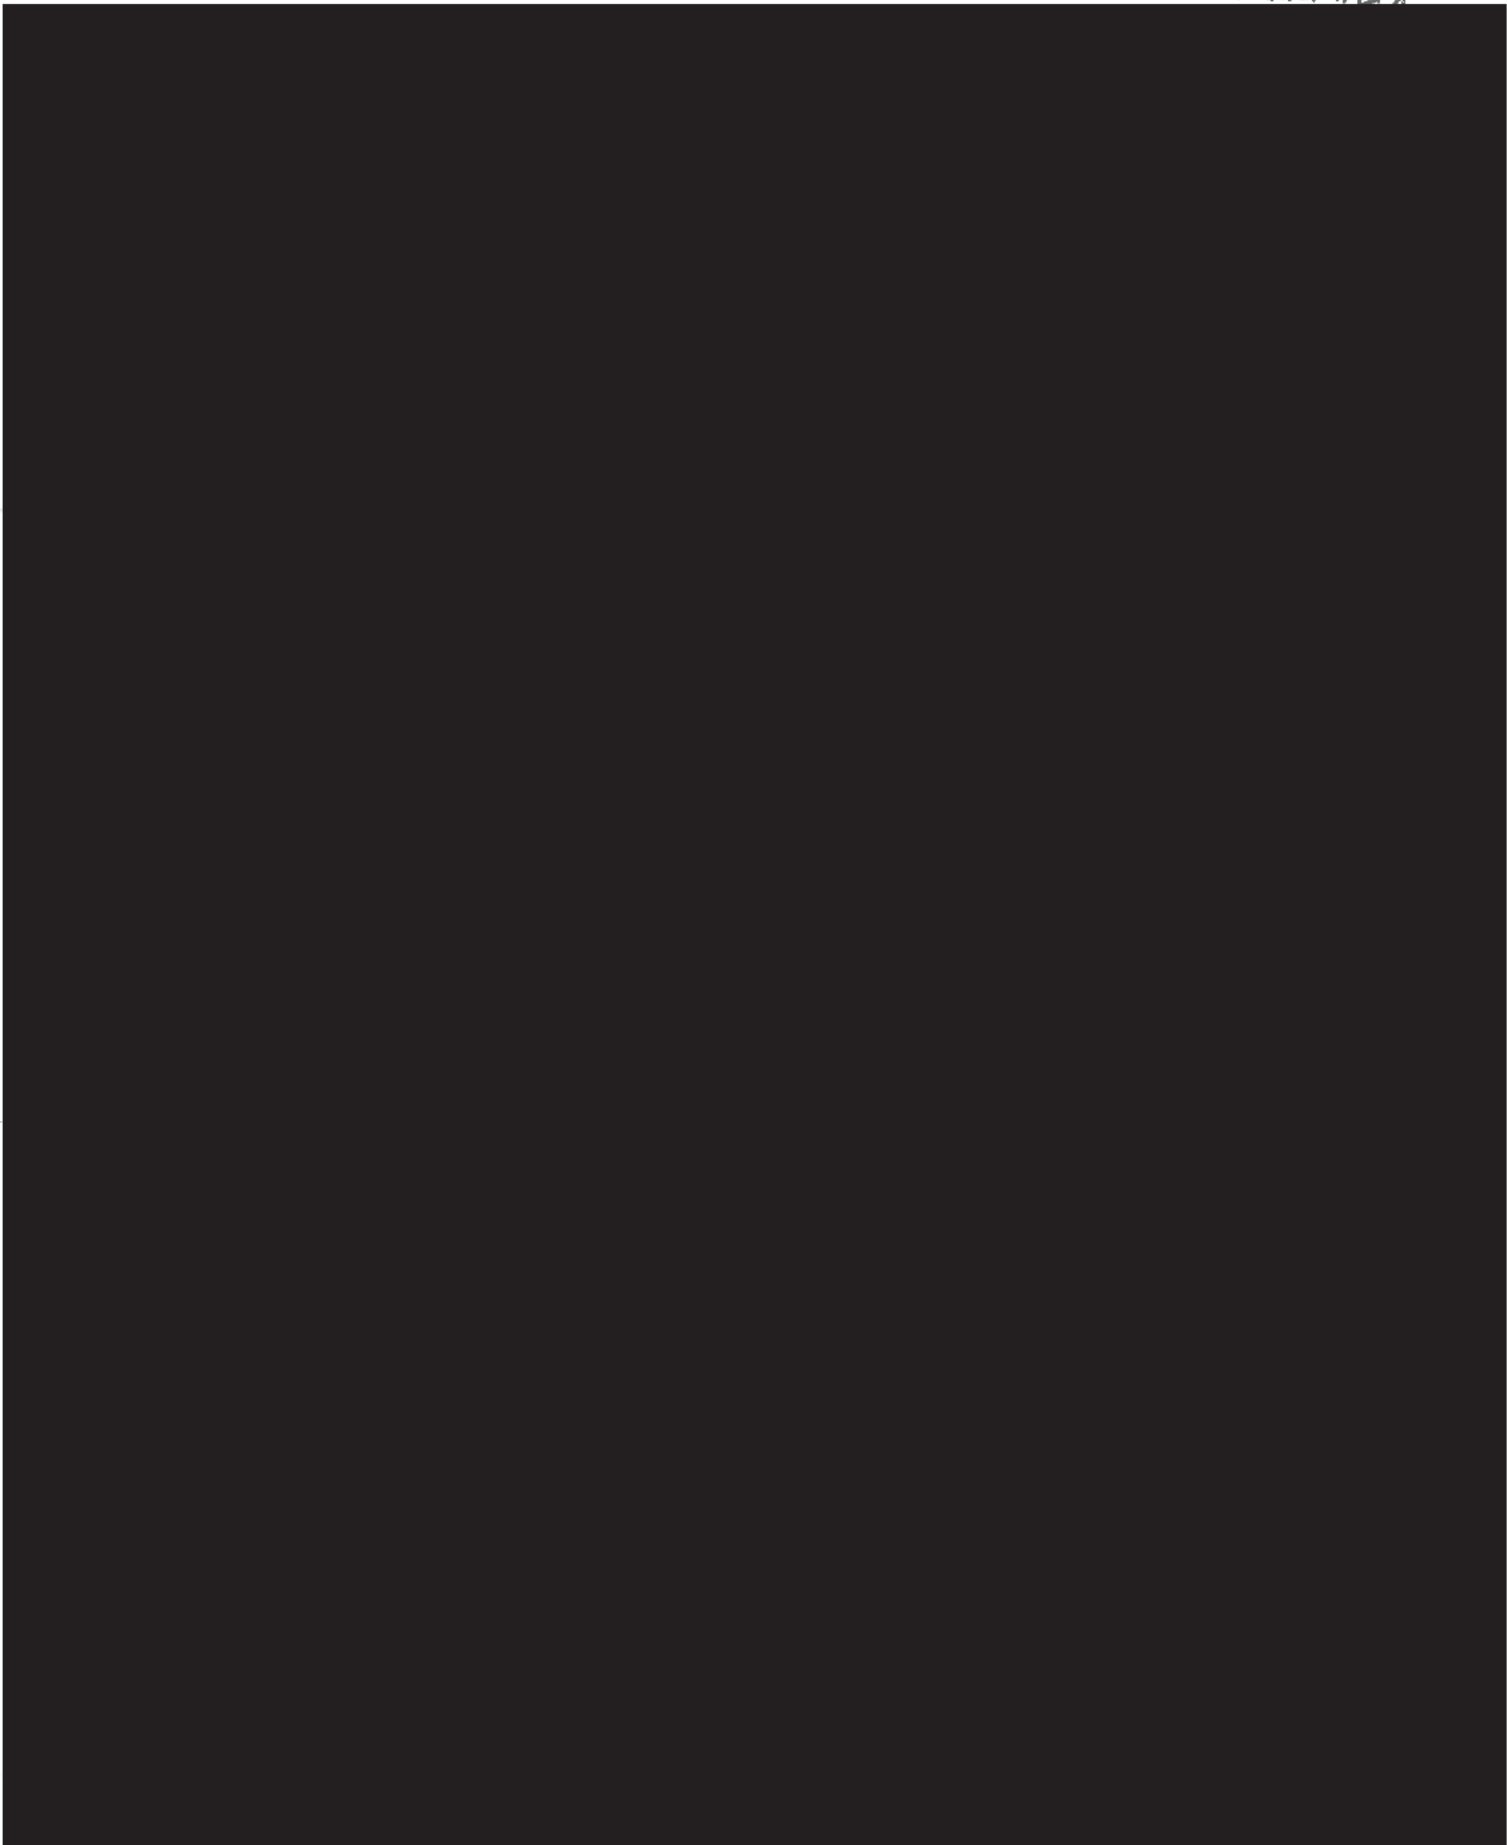

Pursuant to statute, 38-2310 (c) All records of law enforcement officers and agencies and municipal courts concerning an offense committed or alleged to have been committed by a juvenile 14 or more years of age shall be subject to the same disclosure restrictions as the records of adults. Information identifying victims and alleged victims of sex offenses, as defined in article 35 of chapter 21 of the Kansas Statutes Annotated, prior to their repeal, or article 55 of chapter 21 of the Kansas Statutes Annotated, and amendments thereto, K.S.A. 2017 Supp. 21-6419 through 21-6422, and amendments thereto, or human trafficking or aggravated human trafficking, as defined in K.S.A. 21-3446 or 21-3447, prior to their repeal, or K.S.A. 2017 Supp. 21-5426, and amendments thereto, shall not be disclosed or open to public inspection under any circumstances.

If you should have any questions, or should need further assistance regarding the services at JIAC for our client, as identified above, please don't hesitate to contact me. I would be more than willing to assist you.

Respectfully,

LeadNo	Date	Officer	Synopsis
29	01/24/2017	Brian Gressel	Research social media accounts of John Albers

On Tuesday, January 23, 2017, I was assigned Lead 29. This lead was to research any social media accounts which may have been used by JOHN Albers.

I conducted open source searches for "John Albers" and for the following known email, phone number, and usernames as found during the forensic analysis (Lead 33A) of the iPhone used by JOHN:

A Facebook account was found with the username of [REDACTED] and a current profile name of John Albers. The last activity listed was October 14, 2017. His friends list was marked as private. I created a video of the timeline page for this account which has been attached to this report.

I also found an Instagram account with the username of [REDACTED]. This account was marked private. It showed a picture of JOHN and that only eight posts had been made. I took a screenshot of this page which has been attached to this report.

I found a Twitter account with the username of [REDACTED]. The profile name was listed as [REDACTED]. Only three tweets have been made using this account. I created a video of the timeline page for this account which has been attached to this report.

A SnapChat username of [REDACTED] along with a profile name of [REDACTED] was identified as belonging to JOHN in Lead 33A. This account was also identified as belonging to JOHN and documented in Lead 15. Therefore, I did no further research on it for this report.

Searches for the email addresses and the phone number resulted in nothing being found.

Nothing further at this time.

30A	01/23/2017	Brian Gressel	Preservation orders to SnapChat and Facebook

On January 23, 2017, I was assigned Lead 30A. This lead was to send updated preservation orders to [REDACTED], and Facebook. In addition, I sent preservation orders to Instagram and Twitter.

Using the [REDACTED], I sent a preservation request for the username of [REDACTED] and an identification number of [REDACTED]. I also sent a preservation request for the Instagram username of [REDACTED]. No preservation letter was required by these entities. I later received a case number from the portal of [REDACTED] for this request.

I sent [REDACTED] a preservation letter for the SnapChat username of [REDACTED] via email.

Finally, using the [REDACTED], I sent them a preservation request along with a preservation letter. I later received a case number from the portal of [REDACTED] for this request.

The preservation letters sent to [REDACTED] and Twitter have been attached to this report.

Nothing further at this time.

## Lead #31 – Crime Scene Photographs From Johnson County Criminalistics Laboratory

On 01/20/2018, the Johnson County Criminalistics Laboratory Crime Scene Investigation Unit was contacted and requested to respond to the area of 9309 West 149<sup>th</sup> Terrace, Overland Park, Kansas to photograph and process the scene. Crime Scene Investigator (CSI) Kelsey Lynch later provided Deputy Chief Reynolds with a thumb drive that contained some of the crime scene photographs from this incident. The photographs from the thumb drive were downloaded and attached to this report.

Nothing further at this time.

Lead #32—Review news media stories

I was assigned the lead of reviewing news media stories, in an attempt to locate any possible witnesses or additional information.

On 1/23/2018 I reviewed multiple news articles posted online from kctv5.com, kshb.com, fox4kc.com and kmbc.com. I did not locate any stories which indicated there were witnesses or individuals with pertinent information, that have not been contacted.

## Report Review

This report was written in a manner to facilitate the quick review of case related collected data. Hyperlinks are inserted in the document that lead to reports and other files produced during the exam. The Hyperlinks will only work when the report is reviewed from a folder or disc in which the entire report package has been copied to.

**Examiner Note #1:** The collection of data files and other information from cellular phone devices often requires the use of more than one “cell phone forensic software package” or by manually taking screen shots of a powered on phone. This is due to the limitation of hardware\software available and the proprietary nature of cellular phone software. The use of multiple hardware\software packages can result in duplicate documentation of collected data.

**Examiner Note #2:** The amount call history and the text messaging information stored on the phone can be manipulated by the phone user or by normal phone storage processes, prior to the examination of the phone. It is recommended that detail records should be requested from the cellular phone provider to confirm that the data recovered from the phone is consistent with records stored by the phone provider.

**Examiner Note #3:** Many of the software packages extract date and time stamps for call history and messaging. It may be necessary to convert the date and time stamps from GMT to local time. The time stamps should be verified to fit the other known facts and circumstances of the case.

**Examiner Note #4:** The [REDACTED] system is one of the tools used for examinations of computer systems. [REDACTED] Produced a document which explains is system and methodology. It provides definitions for various terms and processes used by its hardware and software. The

## Report Narrative

On 1/22/2018 at approximately 1734 hours I was provided the above described cellular phone by Detective Carson Spegal. The reported passcode to the phone was [REDACTED]. The phone was packaged in a pink plastic evidence bag, and was reported to be contaminated with blood. The bag was sealed.

I removed the phone from the sealed evidence bag. In the bag was the above described cellular phone, a Casemate brand protective case and a “Blue Valley Northwest Student Activity Card” for John Albers. I placed the phone case and the activity card into separate plastic bags. I noted that the phone had what appeared to be spots of dried blood on it. I wiped the phone “clean” with a disinfecting wipe. I noted that the phone was powered on. I used the provided passcode of [REDACTED] to access the phone and place it into “airplane mode.” I noted that the battery to the phone was almost depleted.

On 1/22/2018 I used the [REDACTED] system to conduct a logical data extraction from the subscriber identity module (SIM) that was in the phone. I reviewed the collected data and noted that the assigned telephone number was [REDACTED]. [REDACTED] I observed no other case related data on the SIM card.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

On 1/22/2018 I used the [REDACTED] software to conduct both a file system and a logical data extraction from the phone. I noted the logical extraction did not fully complete. I used the [REDACTED] to conduct a logical data extraction from the phone.

On 1/23/2018 I ran a logical data extraction from the phone using the [REDACTED] software.

## Extraction Summaries

On 1/22/2018 I provided Detective Spegal some preliminary information that I had observed from the collected data. The data provided was:

**The phone number appears to be:** [REDACTED]

**Apple ID\iTunes\iCloud:**  
[REDACTED]

**Facebook Messenger**

I also provided a Timeline Report for 1/20/2018, which was data exported from the  software. This report can be viewed at:

On 1/23/2018 I used the [REDACTED] software to create a [REDACTED] [REDACTED] containing the data collected by the file system and logical data extraction. This will allow for additional examination for searches of the collected data. Due to the size of the data I copied it to a Blue-Ray Disc. I also provided Detective Jason Wakefield from the Prairie Village, Kansas Police Department a copy of the [REDACTED] for a detailed review of the collected data. The disc will be logged into the property room as evidence.

I used the "[REDACTED] feature" of the [REDACTED] to export the data collected by the extraction. The [REDACTED] extracted data can be viewed at:

[REDACTED]

I took photographs of the device and a few of its identifying screens. The photographs can be viewed at:

Additional Examinations of the collected data can be done at a later date if necessary.

A copy of the [REDACTED] and the [REDACTED] extractions will be copied to a disc and logged as evidence.

## Report Documentation

A printed copy of this report will be turned in. A full review of the report must be done electronically to allow access to supporting documents and files.

I returned the above described device to the custody of Detective Carson Spegal on 1/23/2018.

Lead #34 – OPPD Sgt. Goddard Patrol Vehicle Video

On 01-21-18, I was assigned Lead #34 that involved reviewing the in-car video for Overland Park Police Department patrol vehicle #1P40 that was being driven by Sgt. J. Goddard on 01-20-18. The following is a synopsis of what I observed on the footage:

The video is stamped with the date, time, vehicle number, and operating officer's name.

The video begins at 17:44:45 on 01-20-18 and the vehicle is seen in the parking lot of the Overland Park Police Department at 12400 Foster St., Overland Park, KS.

17:45:15, the audio turns on as the vehicle is exiting onto Foster St.

17:45:50, dispatchers advise officers en route to the call that they will switch radio traffic to channel Tac 6.

17:46:22, Goddard states his radio number (#240) and advises he is on Tac 6 and has his "less lethal ready".

17:46:46, Goddard receives radio traffic from Officer Vendetti (radio #233) stating "this kid has run from us before" and "he's a wrestler and always bragging on how he would fight us". Goddard copies the radio traffic.

17:47:14, dispatchers inform officers that the "mom" involved in the call is en route in a silver Jeep.

17:47:40, dispatchers inform officer that they were going to advise her not to enter the house.

17:48:30, Officer Jenison (radio #234), requests a telephone number for the male subject (later identified as John Albers) "to have him come upstairs".

17:48:58, dispatchers inform officers that John is currently on Snap Chat or another form of social media and that "they are observing blood".

17:49:17, dispatchers advise that the reportee did not have a current telephone number for John and that he was currently communicating via iPad.

17:49:23, unable to understand the officer's radio traffic regarding an address.

17:49:34, Goddard advises dispatch he has arrived.

17:49:37, the patrol vehicle turns westbound onto 149<sup>th</sup> Ter. from England St. The video shows Officer Newlon on the Southside of the street near 9305 W. 149<sup>th</sup> Ter. A non-law enforcement female subject can also be seen standing near a silver SUV on the northside of the street in front of 9300 W 149<sup>th</sup> Ter. A

van is seen in the driveway of 9309 W 149<sup>th</sup> Ter., as two shots are heard. Jenison can be seen standing at the rear of the van near the end of the driveway.

17:49:40, the van can be seen accelerating in reverse in the direction of Jenison. Jenison can be seen on the rear passenger side of the van standing on the driveway and moving towards the front lawn to avoid being struck by the van. As the van continues to reverse, it then makes a 180 degree turn onto the street and continues to reverse onto the curb, sidewalk, and towards the front lawn. The van's tires can be heard squealing as it turns. Goddard activates his patrol vehicle's emergency lights as he approaches the driveway of the residence.

17:49:43, the van continues to reverse onto the grass towards Jenison. Jenison can be seen behind the van walking backwards onto the driveway, in order to avoid being struck by the van, with his firearm drawn out in his hands. He then can be heard on the radio advising dispatch of shots fired, as the van appears to slow down. As Jenison is giving his radio traffic, the van begins to speed up as it reverses towards him. The patrol vehicle drives onto the driveway towards the front passenger fender of the van, as the van continues to reverse. The video then shows Jenison moving backwards as he fires his gun twice at the van before he is out of camera view. Goddard can be heard yelling "hey".

17:49:45, approximately 11 shots are heard being fired. The rear passenger sliding door window is seen shattering, along with the front passenger window. John can be seen sitting in the front driver's seat, without a shirt on. As the shots sound, John slumps forward towards the steering wheel, then back into the seat as the last shot is heard.

The standard view of the dash camera video shows Jenison shooting twice until he is out of camera view. I reviewed the panoramic view of the dash camera footage and it shows Jenison shooting and moving backwards as the van is reversing towards him. Jenison is then seen standing near the rear passenger side fender of the van when he is firing as the van continues to reverse. Jenison is out of camera view for the last four to five shots that are fired.

17:49:47, the van is seen traveling northbound at a slow rate of speed. Goddard is heard saying "oh, my god". An officer on scene can be heard yelling "John stop the car, shit" in the background. The patrol vehicle stays parked facing southwest, but the camera continues to record.

17:49:56, an officer can be heard telling dispatch that shots had been fired and medical assistance is needed.

17:50:05, officers can be heard saying John's name. An officer then tells someone (possibly Jenison) to take deep breaths.

17:50:20, the audio begins to have pulsating sounds.

17:50:22, Goddard asks dispatchers to have Med-Act enter the scene. Dispatchers confirm the request with Goddard and he tells them to have medical come in.

17:50:36, officers can be heard attempting to get a response from John by calling his name.

17:50:45, an officer asks "is the car, are we in ne..." Goddard replies "yeah, it's off. We're good".

17:51:16, audio begins to cut in and out.

17:51:23, Goddard advises dispatchers he needs officers to block off the area.

17:51:39, an officer is heard asking "you got a pulse?" a reply is not heard.

17:51:51, Goddard is heard asking someone "are you mom?" A female subject replies that she is not and that she was trying to get ahold of John's mother, "because my daughter is the one that called the police". Goddard then tells the female that she needs to step back and away from the scene. The female asks him "did they hit him?" Goddard tells the female again to step back. The female asks Goddard "you are who I think you are, aren't you?", Goddard replies "who?". The female states "I don't know I've been with the cops so much lately, with this."

17:52:17, Goddard is asked by a male subject "do we know what's going on?". Goddard states "he was suicidal and he tried to run over an officer and the officer shot him". The male subject asks "GSW?" (Gun Shot Wound), Goddard says yes.

17:52:52, an officer advises Goddard "that's mom". The audio then is difficult to understand what is said between the officer and Goddard. Goddard then is heard asking the officer to make sure Jenison is okay.

17:54:32, dispatch asks Goddard "is the suspect the patient?" Goddard replies "correct".

17:55:51, Goddard informs dispatch that Med-Act advised "code black at 1754" hours.

17:57:57, Goddard states "...his name? Yeah we do. We got called to a suicide attempt, he had stabbed himself multiple times. Umm, maybe pills, maybe alcohol as well." The remainder of the comments are difficult to hear and understand due to the audio cutting in and out.

17:59:31, Goddard provides dispatchers with the van's Kansas license plate of [REDACTED] (unable to hear the last character of the tag). Goddard describes the vehicle as a silver van.

17:59:36, Goddard is heard greeting a male subject. The male subject asks Goddard what occurred. Goddard replies "basically, we were called on a suicidal subject. Alcohol, pills involved, was stabbing himself in the home. We were arriving and Jenison, I guess, got here first and I guess he approached the house. I pull up, the car was backing at him, towards him, trying to hit him, he starts firing and the car winds up continuing going back at him. (Unable to clearly hear Goddard's comments)...across the street, spins around, pointing that way. He's 10-40". The male subject asks Goddard if the vehicle was backing as the officer is shooting. Goddard replies "uh, yeah, he's backing out of the garage and shooting at him. Uh, he fired and he's still coming towards him and fired some more and that's where he wound up, but um I mean 10-40." The male subject and Goddard continue to speak, but it is not clear as to what is said due to the audio cutting in and out.

18:03:00, Goddard makes contact with a female and asks her if she lives here. The female states that her daughter was the one calling the police. The female states "I know she called because he (John) was supposed to be blocked because he is not supposed to be talking to his girlfriend, who is her best friend", the audio cuts in and out and I am unable to hear what the female says clearly. The female

mentions "takes pills" and "drinking alcohol". The female continues to say that "he sent another picture saying that he had stabbed himself in the stomach, I don't know if that's true".

18:03:44, the female advises Goddard that they have "dealt with him, many times with this". Goddard asks the female if she saw what happened, she says "yes". Goddard asks the female if the Jeep belongs to her, she said yes. Goddard asks her if she would be willing to sit in her vehicle and write out a statement on what she witnessed, she agreed and said she just needed to calm down.

18:04:29, the female states she was trying to contact John's parents first but the "girls were freaking out" and she told them to call the police because they could not reach his mom. The female also makes the comment, "he's had a, that has been his mission". The female tells Goddard "I'm so sorry you had to do this and deal with". Goddard then tells Officer Vendetti to accompany the female to her vehicle, obtain a statement, and stay with her.

18:07:53, Goddard makes contact with Jenison and asks him if he was "doing alright", he replies "yeah". Goddard asks Jenison if he needs anything, then the audio stops.

18:08:59, audio can be heard again.

18:09:13, Goddard makes contact with a male subject and tells him that one of the officers is obtaining paramedic information and that Newlon is with Jenison. The male subject asks if Jenison is the shooter, Goddard says yes. Goddard advises the male subject that Vendetti was with a witness and what she told him earlier.

18:10:45, Goddard contacts another male subject who asks him what happened. Goddard explains "we got uh, a J21 subject. Apparently, uh, alcohol and pills, had stabbed himself in the basement a couple of times. Um, I'm rolling up and I can see him reversing past towards, uh, towards Jenison. Jenison opens fire and keeps trying to hit him, spins around, yeah and continues firing at him and then winds up, uh, right there." The male subject asks Goddard where the vehicle came from, he replies from the garage. Goddard then advises the male subject of Jenison's position on the driveway during the shooting. The male subject asks Goddard Jenison's current location, he states Jenison is in a patrol vehicle with Newlon.

18:12:58 through 18:14:23, Goddard speaks with a male and female. Due to the audio quality, I am unable to hear clearly what is being said.

18:14:34, the audio clears up and a female is heard telling Goddard that the Crime Lab was asking about the scene. Goddard explains to her that a vehicle was involved with a "10-40 in the vehicle". Goddard states there were multiple shots.

18:14:27, a male subject asks Goddard where Jenison was standing, he stated that most of Jenison's shooting was done while he was standing on the driveway or the front yard. Goddard states "the car spun around, I mean it was, he was flooring it. I mean it was, he was out to do some damage".

18:18:09, audio stops.

18:27:45, two officers are seen walking across the front of the patrol vehicle towards the residence (9309 W 149<sup>th</sup> Ter.). Shortly after, flash lights can be seen through the first floor windows of the house.

18:31:13, flash lights can be seen through the second floor windows of the house.

18:32:53, audio starts back up. A woman can be heard talking and breathing heavily. It is difficult to understand what she is saying. The woman is then heard crying, and mentions the word "son".

18:34:44, two officers are seen walking northbound away from the residence.

18:39:10, Goddard advises a male subject that he notified someone that "he had passed away" and that "mom" was with a friend. Goddard said she mentioned that John had been arrested today for "shoplifting".

18:41:13, a woman can be heard crying. She tells Goddard "I want to see him" and asks if she would be able to see him before he is transported. Goddard advises the woman that he would have to do some checking.

18:44:25, the patrol vehicle's emergency lights are turned off.

18:45:45, audio stops.

19:08:38, video ends.

Nothing further.

Lead #35—Review of Officer Jenison's training records

On Saturday, 01-20-18 at approximately 1743 hours, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers

WM [REDACTED]

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

On 01-22-18, I was assigned Lead #35, which was to review the police training records for Overland Park PD Officer Jenison. The records were provided to me by OPPD Capt. Sutterby. Officer Jenison showed to have KLETC Certification ID #28841.

Prior to attending the police academy, Officer Jenison showed to have received one training course, which was 2016 Introduction to CALEA (2 hours).

Officer Jenison attended the basic full-time police academy class at Johnson County Community College. Officer Jenison was in the 117<sup>th</sup> Class, which began on 01-06-16. Officer Jenison received 657 hours of training during the police academy.

In addition to the police academy training in 2016, Officer Jenison attended 19 other training classes, which totaled 38.5 hours of training. The training included the following subjects

Combat Range, Patrol Rifle, Patrol Rifle Practice, Plain Clothes Range, Shotgun Range, "The First 5 Minutes", Autism and Law Enforcement, Domestic Violence, Driver Training, Field Force, Hemorrhage Control, Legal Updates, Perimeters, Physical Fitness and PAT, Radio Interoperability, Reality Based Training, SFST Review, Social Media, and Uniforms and Courtesies

In 2017, Officer Jenison attended 26 training classes, which totaled 107.25 hours of training. The training included the following subjects

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Combat Range, Patrol Rifle Range, Pistol and Shotgun Range, Plain Clothes Range, DOSCI Card, LE On-Site at a Community Airport, Traffic Flares, "The First 5 Minutes" (twice), ARIDE, Autism and Law Enforcement, Basic Crime Scene, Defensive Tactics, Domestic Violence, Explosive Ordnance Disposal Update, Fair & Impartial Policing, Field Force, Fitness & PAT, i/Mobile, Legal Updates, Officer Involved Shooting, Pre-Log, Report Writing, Responding to Alzheimer's Patients, Secondary Weapon & Patrol Rifle Range, and SFST Review

In 2018, Officer Jenison attended one range session, which was cold weather range training on 01-17-18. The cold weather range training showed to be 1 hour.

After reviewing the above training records, I then focused on Officer Jenison's firearms training. Officer Jenison's Firearms Training Report showed 10 entries, which totaled 10 hours of training. The details of Officer Jenison firearms training showed

05-26-16	2016 Patrol Rifle Practice (1 hour)
06-13-16	2016 Patrol Rifle (1 hour)
07-18-16	2016 Combat Range (1 hour)
09-12-16	2016 Shotgun Range (1 hour)---KS CPOST Qualification
11-28-16	2016 Plain Clothes Range (1 hour)
06-19-17	Combat Range (1 hour)
07-17-17	Patrol Rifle Range (1 hour)
09-11-17	Pistol and Shotgun Range (1 hour)---KS CPOST Qualification
12-04-17	Plain Clothes Range (1 hour)
01-17-18	Cold Weather Range (1 hour) This range was three days prior to the officer involved shooting

The training records provided by OPPD were attached with this report for the case file.

Lead #36—Interview parents of John Albers

On Sunday, 1/21/2018 at about 1110 hrs, Sgt. Rothwell and I responded to [REDACTED] where we made contact with John's parents:

Steven C. Albers

W/M [REDACTED]

Sheila B. Albers

W/F [REDACTED]

Upon arrival we were greeted by Mr. and Mrs. Albers at the front door and invited into the residence. We proceeded to the finished basement where we could have a conversation in private. We introduced ourselves to Mr. and Mrs. Albers and briefly explained the reason for our visit. Sgt. Rothwell told Mr. and Mrs. Albers that the investigation was still ongoing and due to that there was certain information we could not release and questions we could not answer. They were advised we did not know the answers to some questions and we would not want to give them information that was not correct. Mr. Albers asked what information could be released at this time. Sgt. Rothwell advised that their house would likely be released at some point today. Sgt. Rothwell offered assistance with cleaning some of the blood that was in the residence. Mrs. Albers stated she would appreciate that, as she wanted her other sons to see the residence as normal as possible when they return.

Sgt. Rothwell explained the process of the autopsy and stated it would be completed today. They were advised they could choose a funeral home and the arrangements could be made to transfer John to the funeral home of their choice. Mr. and Mrs. Albers stated they were still in the process of deciding which funeral home to use and would contact Sgt. Rothwell when they made the decision.

Mr. Albers stated he was upset at the fact he didn't know more details regarding the incident. He stated yesterday he was told his son had died and had stabbed himself and then he heard it was an officer involved shooting. He said they are hearing a lot of

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

information, but it is all coming from Facebook. Mrs. Albers asked when they would be able to know the autopsy results. I told them I didn't have an answer for that at this time. She asked to give a guess and I told her the final report could take several months, but I believed someone would be able to share preliminary results with them in a shorter time frame.

Sgt. Rothwell told Mrs. Albers that we would like to speak with them separately about the events leading up to this incident. Mrs. Albers stated she would not have a problem providing that information but stated she would rather wait until they had the opportunity to speak with their attorney. Mr. Albers identified their attorney Mike Rader. Sgt. Rothwell told Mr. and Mrs. Albers that Mr. Rader was welcome to contact him also.

Mr. and Mrs. Albers said their immediate goal was to determine a funeral home and be allowed to return to their residence. Sgt. Rothwell advised he would contact them as soon as he knew a time they could return to their residence.

We thanked Mr. and Mrs. Albers for their time and we left the residence.

Respectfully Submitted

Lead #37 – Interview Sgt. Jason S. Goddard

On 01-21-18, I was assigned Lead #37 that involved interviewing Sgt. Jason S. Goddard with the Overland Park Police Department. At approximately 1230 hours, I called Goddard and asked him if he would be willing to meet with me at the Olathe Police Department for an interview at 1600 hours, he agreed.

At 1545 hours, Detective J. Brungardt with the Johnson County Sheriff's Department and I met with Goddard at the Olathe Police Department (501 E. Hwy. 56, Olathe, KS. 66061). I asked Goddard if he wanted to review his patrol in-car video before the interview, he said yes. I escorted Goddard to a cubicle where he reviewed the footage.

The interview was conducted and recorded in an interview room of the Investigations Division. The following is a synopsis of the interview:

I thanked Goddard for meeting with us this afternoon and informed him that I would be obtaining some preliminary information before talking about the call on W. 149<sup>th</sup> Ter.

I asked Goddard about his employment and experience in law enforcement. Goddard stated he is a Sergeant with the Overland Park Police Department and is currently assigned to squad 11 on evening shift in the patrol division. Goddard said he has been an acting Sergeant for the past six months, but "officially" a Sergeant for two weeks. Goddard has been working for the Overland Park Police Department since May of 2006. Goddard indicated he began working for the police department after he graduated college in 2006.

I asked Goddard if he is part of any other units such as a Field Training Officer. Goddard stated he used to be an FTO prior to being a Sergeant and was also a basic evidence technician. Goddard said he currently is in charge of the police department's mentor program.

Goddard's work hours currently are 1530 to 2330 hours, Thursday through Monday with Tuesday and Wednesdays being his days off. I asked Goddard when the last shift he worked prior to 01-20-18, he said Friday (01-19-18) 1530 to 2330 hours. I asked Goddard what time he left the police department on Friday, he said he was not sure because he usually hangs out at the station for a little while after his shift ends, but guessed around 0030 to 0100 hours. I asked Goddard if he recalled what time he went to sleep when he arrived home, he said no. I asked Goddard if he remembers what time he woke up on Saturday morning (01-20-18), he said around 0830 or 0900 hours. Goddard stated he usually wakes up a little earlier on the days he is working.

I asked Goddard what he did prior to going to work on 01-20-18. He said he went to the gym, ate Indian food, returned home, and got ready for work. I asked Goddard what time he arrived at the station, he said around 1515 or 1520 hours. Det. Brundgart asked Goddard if his uniform was at the station, he said no he keeps it at home. Det. Brundgart also asked Goddard if he has a take home patrol vehicle, he said no.

I asked Goddard what uniform he was wearing on 01-20-18, he said he was wearing the exact same type of uniform he was currently wearing. I saw that Goddard was wearing a long sleeve blue uniform shirt that was displaying Overland Park Police patches with Sergeant Stripes, blue tie, duty belt with duty gear, blue duty tactical pants, and black boots. I asked Goddard if he was wearing the same duty belt and equipment, he said yes except he was given a new holster because his old one had glass fragments in it. I asked Goddard if he was wearing his protective vest under his uniform shirt, he said yes. I asked Goddard if he was wearing a coat or jacket on 01-20-18, he said no. I asked Goddard if all of his equipment and uniforms are provided by the police department, he said yes except for the boots and flashlight. Goddard stated that officers have the option to purchase their own outer vest carriers if they chose to wear one over their uniform.

I informed Goddard that the call on W. 149<sup>th</sup> Ter. was dispatched at 1743 hours. I asked Goddard what his shift was like between 1530 and 1743 hours. Goddard replied that he had "backed on a couple of calls" and that there was a "disturbance at Old Chicago" where he gave someone a trespass warning. Goddard stated he also approved a couple of reports and looked for any traffic violations. Goddard said he was also at the Overland Park Police Department to help Sgt. Hruska "post a bond".

I asked Goddard how he was dispatched to the call at 9309 W. 149<sup>th</sup> Ter., he said he was at the station when the other officers were sent to the call. Goddard said he asked for the call because he was at the station and he knew Hruska was on his way to the station to handle the bond, and he (Goddard) was close to the highway. Goddard later explained that his radio number is 230 and Hruska is 240. Goddard said the call occurred in the 240 sector that Hruska supervises, but since Hruska was already in route to the station; Goddard decided to acknowledge the call and had dispatchers show him en route.

Goddard said before he left the station, he was aware that "he's (John Albers) stabbed himself, armed, covered in blood". Goddard stated he prepared his less lethal shotgun, by collecting it from a rear cargo drawer, loading the rounds in the gun, and placing it on the floorboard of the front passenger seat. Goddard stated he prepared the shotgun in "anticipating possibly a need". Goddard later explained that the less lethal shotgun is a Remington 870 with super sock rounds. Goddard stated the officers can check out the less lethal shotguns daily, but the guns are equipped in all of the Sergeant's cars.

Goddard stated he arrived to the scene quickly and as he turns the corner of the street, "I see Officer Jenison behind a minivan, uh, the minivan is backing up. I see him (Jenison) begin to fire". Goddard said he is not sure if Jenison had fired prior to him (Goddard) arriving. Goddard continues to say "the vehicle then accelerates like a J-turn, and then he's (Jenison) now like, he was down closer to the sidewalk and now he was back towards the house and the minivan is backing up towards him again and he then proceeds to fire again. Uh, I see the driver get struck. Looks to be multiple times, goes limp, and the van rolls across the street to the yard where it rests. So then, I jump out of my car, I go running to the car with Vendetti, we check on the driver, he's clearly deceased, nothing we can do for him". Goddard states he noticed Officer Newlon was on scene and has him stay with Jenison. Goddard said once he was relieved from his post with the body, he went to check on Jenison.

I asked Goddard if he had any prior contacts at the residence before the call on Saturday, he said he did not think so. Goddard said that while he was on his way to the address, Vendetti had told him over the radio that there were prior contacts with John and that he was a wrestler and "that he maybe fought with police or ran in the past".

I asked Goddard to tell me again what he saw and what he heard as he made the turn into the neighborhood. Goddard stated dispatchers had advised that the reportee or "mom" would be arriving in a gray Jeep. He said he saw a gray Patriot parked behind a patrol vehicle. Goddard stated he saw the van backing up and Jenison behind the vehicle in a "shooting stance" as he fires into the van. Goddard continues to say that the van then moves "rapidly" and does a "J-turn". Goddard states Jenison moved closer to the garage, the van is "backing towards him", and he (Jenison) "fires again". Goddard said the driver then "slumps" down and the van rolls across into a yard.

I asked Goddard if he heard any shots being fired as he is driving towards the residence, he said "I believe so, yeah". I asked him how many shots he heard, he said "multiple". I asked Goddard if he heard anyone yelling commands, he said he heard someone yelling "stop" and "no" but was not sure who. Goddard said that at the time, Newlon, Vendetti, Jenison, and himself were on scene but he does not know who was yelling. Goddard said he initially thought Jenison was the only person on scene because the other officer's patrol vehicles were parked west of the address.

I asked Goddard if he heard anything else from officers or the driver of the van as his patrol vehicle pulled into the driveway, he said no. Goddard stated the driver of the van never said anything that he could hear. I asked Goddard what happened once the van came to a stop in the yard. Goddard replied that he thought Vendetti radioed in that shots had been fired on the primary channel. Goddard said he and Vendetti approached the van and he was on the passenger side. Goddard stated he is not sure if he shifted the vehicle into park, but he did remove the key from the ignition and placed the keys on the roof of the van. According to Goddard, Vendetti determined John did not have a pulse. Goddard said "the way he was, there was nothing that Vendetti or I could do for him to sustain life or attempt anything". Goddard continued to say that when he reviewed his video, he could see John being struck by rounds as the patrol vehicle pulled into the driveway. Goddard indicated he and Vendetti stayed with John until Med-Act arrived and they confirmed that he was deceased.

Goddard informed me that once another officer arrived on scene, the officer took over his position on the passenger side of the van. Goddard said he then began to handle his other responsibilities of making sure there is a log officer, scene security, asking for additional resources, and briefing his command staff on what happened. Goddard said he then stayed in the area until the Officer Involved Shooting Investigation Team arrived to provide direction. I asked Goddard what he did once the OISIT arrived, he said he was told that an ammunition count, weapons check, and photographs would be conducted at the police department. Goddard said he was told that the patrol vehicles would stay on scene and then he was transported to the station by someone with Olathe Police.

Goddard informed me that prior to leaving the scene, he contacted John's mother (Sheila Albers) and told her that he had passed away but did not tell her how. Goddard said he contacted School Resource Officer Tracy Gibson and had her come to the scene because she knows Sheila personally.

I asked Goddard how long he has worked with the officers on scene, he said Newlon and Jenison have worked for the department for approximately two and a half years and he was not sure about Vendetti.

I asked Goddard to describe to me what was going through his mind when he turned the corner into the neighborhood and saw what was happening at the address. Goddard said "it's a bad deal all around, I mean it's everyone's first nightmare, no one wants to, you know, have to shoot anybody". Goddard also said "we have good training and, uh, we got good people. So, kinda hope for the best".

I asked Goddard what he was thinking or what his concerns were when he saw Jenison and the van moving backwards after conducting the turning maneuver. Goddard said he is not sure what happened between Jenison and the van prior to his arrival, but "once that car did the J-turn and came back at him (Jenison), my concern was he was going to get hit with it".

Det. Brungardt asked Goddard what were the lighting and weather conditions when he arrived on scene, he said it was "light to barely dusk". Det. Brungardt asked Goddard when he realized Jenison was the officer on the call, he replied that he had recognized Jenison's voice on the radio. Goddard indicated he also recognized Jenison because Newlon, Jenison, and Vendetti are "very different looking people" and Jenison is a "big guy" with blond hair. Det. Brungardt asked Goddard if he pulled out his weapon, he said no.

I asked Goddard what happened to the less lethal shotgun he had in his patrol vehicle, he said it remained on the floorboard until he was allowed to retrieve his duty gear from the vehicle after 0100 hours in the parking lot of the police department. Goddard said he "discharged" the shotgun and placed it back in the vehicle's cargo drawer. Goddard said the shotgun was on the floorboard and had not been moved unless someone with the Crime Lab had looked at it.

I asked Goddard if he had a debrief with Jenison, he said no but he checked in on him to see how he was doing. I asked Goddard if Jenison made any statements to him about what happened, he said no that Jenison was "upset" and "teary". Goddard said he told Jenison not to worry. Goddard stated he has had previous in-house training about getting a "back statement" from officers involved in a shooting. Goddard said he felt he did not need one since he was on scene when the shooting occurred.

Det. Brungardt asked Goddard what type of weapon systems he carries in the vehicle, he said a Benelli shotgun and an AR-15. Det. Brungardt asked Goddard if he deployed any of the weapons systems out of the vehicle, he said no. Det. Brungardt asked Goddard if he drew his firearm, Taser, OC, or baton, he said no and that he knew that once the van "rolled away, he (John) was no longer in a position to be operating that car".

I asked Goddard where he was looking as he drove up to the van in the driveway, he said he was looking at the driver. I asked him if he saw John making any movements, he said he did not recall. Goddard stated he was "anticipating" that the van would come his direction and have a "collision".

Det. Brungardt reminded Goddard that he had said earlier that he heard shots being fired as he was arriving on scene. Det. Brungardt asked Goddard if he was driving with the windows of his patrol vehicle up or down, he said he did not remember but he usually drives with them a little bit down.

We asked Goddard if he had any questions, he said no. We thanked Goddard for meeting with us and advised him we would call him if there were any additional questions, he agreed. The interview was concluded, and I walked Goddard out of the building.

Video of the interview was saved onto Olathe Police Department servers.

Nothing further.

Lead #38—Interview OPPD Officer Ryan Newlon

On Sunday, 1/21/2018 at about 1650 hrs, Det. Gressel and I met with Overland Park Police Department Officer Ryan Newlon, at the Olathe Police Department. Upon meeting with Officer Newlon we went to a private office where Officer Newlon reviewed his in-car video regarding this incident. Officer Newlon reviewed the video and did not ask any questions. We then responded to an interview room and began speaking with Officer Newlon at about 1700 hrs.

Officer Newlon indicated he has been employed with OPPD for about 1 ½ years and he graduated from the Johnson County Regional Police Academy in December 2016. Officer Newlon stated he is currently assigned to the evening shift, (1430-2230 hrs) and works Saturday through Wednesday. He stated he has been on this shift for about two weeks. He indicated he is an area car, which means he typically works a certain area, but is occasionally assigned to a district if they are short. Officer Newlon indicated his area is typically South of I-435 and West of Antioch Road. Officer Newlon said yesterday (1/20/2018) he was not assigned to a district and was just working his area. Officer Newlon indicated he is not assigned to any specialty units. Officer Newlon indicated he was wearing his patrol uniform, which consist of an outer vest. He said the outer vest has his name tag and badge displayed on the front and Police displayed on the back. He indicated he was carrying a Glock 22, taser on his chest and OC spray on his belt.

I asked Officer Newlon about his evening on Friday 1/19/2018. He stated he was not working on Friday and he went to bed around 0200 hrs on 1/20/2018. He stated that was a typical time for him to go to bed while assigned to evening shift. He told me he woke up on Saturday 1/20/2018 at 1030 hrs. He stated after waking, showering and getting ready for the day he went to work out at the gym located at the Sanders station. He thought he arrived around 1300 hrs, worked out for about 30-45 minutes before getting ready for his shift to start at 1430 hrs.

I began speaking with Officer Newlon about his shift on Saturday. He stated he only remembered responding to one previous call, which was a bank alarm. He said he had spent the rest of his shift conducting self-initiated activity.

I asked Officer Newlon to tell me about the call regarding this incident. He indicated he was at 151<sup>st</sup> and Stearns, when he was dispatched on an attempted suicide call. He stated he remembered receiving information that the subject had stabbed himself in the stomach, he was on snapchat and there was blood at the scene. He said he also understood they had previous

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

dealings with the subject and he had expressed violent tendencies in the past. Officer Newlon said he believed he gathered all this information from radio traffic he heard while responding to the call. Officer Newlon stated he had not previously responded to this address, and further advised he had no previous dealings with John Albers.

Officer Newlon said he traveled east on 151<sup>st</sup> to England and then north on England to the street the incident occurred on. He indicated he was the first officer to arrive on scene and he parked his marked patrol vehicle about one house to the east of the dispatched address. Officer Newlon stated due to the nature of the call, he waited in his patrol vehicle for another officer to arrive. He stated once the other officer arrived, he put on gloves and started to approach the residence from the east, while the other officer, who was later identified as Officer Jenison, approached from the west. He stated after reaching the front of the house they took a moment to assess the situation. He stated they heard a large dog barking and thought they couldn't approach the front door based on the information they had. Officer Newlon said Officer Jenison asked him if he had his patrol phone on him, which he did not. Officer Newlon said he then ran back towards his patrol car to get his phone. He said while running back he observed a silver Jeep sitting in the roadway and he remembered hearing the calling party was in a silver Jeep. He said he wasn't sure if the calling party was the subject's mother or not, but he knew it was someone related to the call. He said he approached the female in the Jeep in an attempt to get a phone number for the subject inside the residence. He said at the same time he was reaching into his patrol vehicle to retrieve his phone. Officer Newlon said when he turned around and looked, he saw the garage door start to open. He said he then started making his way on the South side of the street back to where Officer Jenison was. I asked where Officer Jenison was and Officer Newlon said Officer Jenison was right by the driveway or right on the driveway. He said Officer Jenison was trying to contact the subject in the vehicle. Officer Newlon said he saw the van start to back up and heard Officer Jenison giving commands to the driver to stop. He said he saw the van accelerate rapidly and noticed it was heading right at Officer Jenison. Officer Newlon said he then heard, what he believed, were three shots. Officer Newlon said he thought he was about 100 feet away from the van when it began to back out of the garage. I asked if he heard Officer Jenison say anything. He said he heard Officer Jenison say stop, please stop, over and over again.

I then asked Officer Newlon to tell me what he was thinking while this was happening. He said, "honestly I don't know exactly what I was thinking, all I was thinking there is somebody in a van and I see the van start to back towards somebody and I start to hear the shots." Officer Newlon said he drew his gun and was starting to approach the van while also trying to maintain cover. Officer Newlon said as he was making his approach, he saw the van "swoop" around and saw Sgt. Goddard's vehicle approach. Officer Newlon said he then saw the van start to back up towards Officer Jenison and there was another volley of fire. He said he didn't remember the number of shots but thought it was about three. He said the van then went forward until it came to a rest across the street.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer Newlon said he began to approach the van along with Sgt. Goddard, Officer Jenison and Officer Vendetti. He said as he was approaching he was told to go with Officer Jenison. Officer Newlon said at that point he holstered his firearm and went with Officer Jenison.

I asked if Officer Jenison made any statement to him. Officer Newlon stated Officer Jenison said, "I thought he was going to run me over." He said this was one of the first things Officer Jenison said and he repeated it several times. Officer Newlon said Officer Jenison was visibly upset and was breathing heavy. He said he saw Officer Jenison do a quick check of himself and noticed he was bent over breathing heavy and his voice was cracking. Officer Newlon said he stayed with Officer Jenison the entire time he was on scene, except for a short time when Officer Jenison was in the ambulance. Officer Newlon said during this time he conducted a protective sweep of the residence along with Officer William Robbins.

I asked Officer Newlon if he could better describe where he believed Officer Jenison was in relation to the vehicle. Officer Newlon said he was in the neighbor's yard when the initial shots were fired. He stated Officer Jenison was on the back-passenger side of the van and after the van turned around, he was still on the back passenger side of the van, but he had moved to the east side of the driveway as the vehicle was turning.

Det. Gressel asked Officer Newlon if he remembered the lighting conditions during this incident. Officer Newlon stated there was a light on towards the kitchen in the house, but the lights in the front of the house were off. He was asked about the lighting conditions outside and Officer Newlon stated he could not remember. Officer Newlon was asked if there were any other civilians outside that he remembered, other than the female he talked to, and he stated there were not.

Det. Gressel and I exited the room to discuss the interview and any potential follow up questions. Upon re-entering the interview room, Det. Gressel asked if Officer Newlon could describe in further detail what he saw or heard that lead him to believe the vehicle was accelerating and heading towards Officer Jenison. He stated the reason he thought it was accelerating towards him was due to the speed of the vehicle. He said in his experience when you back out of a garage/driveway it is typically done at a "nice easy backout". He stated on this occasion the van started slowly and then, "sped up." He further advised "he was already back there, he was about an arms' reach away from the van." He stated Officer Jenison was already yelling and giving commands. Officer Newlon stated Officer Jenison was near the back right side of the van, and as the van was backing Officer Jenison was also backing away, but the van was about an arm's reach away. He said he saw Officer Jenison's arm extend out as the van was coming towards him.

Det. Gressel asked if he could better explain how the van turned. He said, "it seemed like the front of the van just whipped around in a completely different direction." He said Officer Jenison stepped around to the back side of the van to stay away from the front of it, but the van then continued backing up the driveway again, as he was trying to make his way off to the side.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

I asked how far he thought the van was away from Officer Jenison, and he stated he believed it was about 3-4 feet, if not closer. He said Officer Jennison was almost directly behind the van as it initially started to back towards him after the turn. Det. Gressel asked if Officer Newlon would be able to draw a diagram describing the turn. Officer Newlon agreed to draw a diagram, which is attached to this report. While completing the diagram, Officer Newlon stated the vehicle initially backed out of the garage, completed the turn near the end of the driveway, and then backed up the driveway towards the residence again.

Officer Newlon was asked if he discharged any of his weapons and he stated he did not. He also stated he did not retrieve any weapons from his vehicle.

Officer Newlon was asked if he could briefly describe what he saw when he conducted the protective sweep of the residence with Officer Robbins. Officer Newlon stated the reason for the sweep was to make sure there was nobody else in the residence. He said they started in the garage due to the door already being open. They entered the kitchen, where they saw alcohol bottles, an empty pill bottle and a bloody knife on the counter and blood on the floor. He said there was not a whole lot of blood and he expected to see more blood based on the information he received while enroute to the call. He said those were the main things of note as they made their way through the house. He said they did locate a canine in the upstairs master bedroom. Officer Newlon said after clearing the house he returned to Officer Jenison and eventually drove him to the Sanders station.

Det. Gressel and I thanked Officer Newlon for his time and concluded the interview. This interview was video recorded and later uploaded to MIDAS by OPD Detective Spegal.

Adam Michael Vendetti (W/M [REDACTED])  
OPPD  
12400 Foster St  
Overland Park, KS  
[REDACTED]

On 01/21/2018, I (Det. McMillian) and Det. L. Smith, were assigned lead 39 which was to contact OPPD Officer Adam Vendetti and arrange for an interview.

At approximately 1230 hours, I contacted Officer Vendetti via his cell phone. After introducing myself to him, I requested him to respond to the Olathe Police Department for a voluntary interview. Officer Vendetti agreed to respond at 1430 hours.

Upon his arrival, Officer Vendetti was allowed to review his in-car video of his response and actions taken to this incident. After viewing the in-car video, Officer Vendetti was escorted to interview room 3 which was being recorded. It was explained to Officer Vendetti that this interview was voluntary on his behalf. Officer Vendetti's interview was recorded and attached with this case.

Officer Vendetti advised he began working for the Overland Park Police Department in 2015. Prior to Overland Park, Officer Vendetti worked for the Middletown Township Police Department in New Jersey for 13 years. Officer Vendetti is currently assigned to the Patrol Division with Overland Park on evening shift in area 3. He works from 1430-2230 hours. In addition to Officer Vendetti's patrol responsibilities, he is also on the Crisis Intervention Team (CIT), an evidence tech and is also a Mentor to new officers.

On the date of this incident (01/20/2018), Officer Vendetti was working his normal shift in area 3 in district 233 which is also his radio number. In this district, the boundaries are from approximately 123<sup>rd</sup> Street down to 143<sup>rd</sup> Street and from the Olathe border to Antioch. Prior to his shift yesterday and going to work, Officer Vendetti said

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

he slept for approximately 7 hours. After the incident and going home last night, Officer Vendetti advised he slept for approximately 8 hours prior to coming in for the interview.

When the call came out for this incident, Officer Vendetti was patrolling a construction area in his district around 133<sup>rd</sup> street. He heard the radio call get dispatched involving Unit 234 (Officer Jenison) and Unit 237 (Officer Newlon). It was dispatched as a J-21 (suicidal subject). They were given information that the suicidal subject was broadcasting himself on video, and was armed with a knife, stabbing himself. Officer Vendetti advised it was reported there was also a lot of blood as they were dispatched. Officer Vendetti pulled the call notes because of the type of call it was and the fact that he is also a CIT. The call involved John whom he was familiar with and has been on calls at this location before. Approximately 4-6 weeks ago, John had battered [REDACTED] after drinking a bunch of alcohol. John had started to flee towards the west, which is why Officer Vendetti staged his response to that side of the street. They ended up having to take John to the hospital to get a medical clearance at St. Luke's South, prior to John being admitted to Marillac. John told the officers at the time that if they took him to Marillac, he wouldn't fight the police. Officer Vendetti said approximately a week or two after this call, he was familiar with officers dealing with John again and him stealing his dad's car. Officer Vendetti didn't have direct involvement with this call. Officer Vendetti advised during that call, John was reported as an endangered juvenile runaway.

Officer Vendetti continued going through his response to the scene. Officer Vendetti broadcast over the radio that John has previously run from the police and made statements of being a wrestler and wanting to fight the police on prior contacts. Officer Vendetti said he pulled up the map to the call and he could see that the other 2 units were approaching from England Street. He turned off his siren as he began to approach the residence on 149<sup>th</sup> Terrace. As he was pulling in, his perception of the way Officer Jenison standing in the driveway, was that Officer Jenison was in a shooting stance. Officer Vendetti advised he had "tunnel vision" at this point and could see Officer Jenison standing in this position and he could see the garage was open at the residence.

Officer Vendetti advised he had no idea of what was going on inside the garage. He didn't know if John was standing there with a knife, since it was reported he was armed. Officer Vendetti advised because of the tunnel vision, if there was radio traffic about what Officer Jenison was seeing, he didn't hear it. Officer Vendetti then sees the silver minivan backing out of the garage towards Officer Jenison. Officer Vendetti advised he could not tell the angle of the vehicle backing out in reference to Officer Jenison's position. Officer Vendetti explained that he couldn't tell if Officer Jenison was directly behind the vehicle or off to the side and did not know what Officer Jenison perceived.

Within seconds of the van coming out of the garage, Officer Vendetti advised he heard the first couple of gunshots. Officer Vendetti advised, and you could hear him say

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

on the in-car video, "what the fuck" and he then "slammed" his patrol vehicle into park. As Officer Vendetti is exiting his vehicle, the silver minivan does a turnaround as he approaches. After the silver minivan turns around, Officer Vendetti jumps out of the way as a reaction. Officer Vendetti explained that he was reacting to more gunshots and he did not know what was going on. Officer Vendetti did not know if the shots were coming from Officer Jenison or from John inside the minivan. Officer Vendetti later advised that he knew John still had control of the van because it went from reverse back to drive.

After the shots rang out, Officer Vendetti began giving commands to John to stop the van. When Officer Vendetti was giving commands to John to stop the van, the van was rolling forward towards him. Officer Vendetti advised he then ran up to the driver's side door of the van as it approached the neighbor's house. Officer Vendetti was asking Sgt. Goddard if the vehicle was in park because he was worried about the van continuing into the neighbor's house. At this point, Officer Vendetti advised that he could see John slumped over in the driver's seat (he demonstrated on video). Officer Vendetti advised that he had to lift John's head up as he was reaching across the front of him to check John's pulse. Officer Vendetti used his left hand to check the right side of John's neck. Officer Vendetti advised that he could not find a pulse on John's carotid artery and believed him to be dead. As he was checking on John, Officer Vendetti also advised that he began calling out shots fired on his police radio and requested medical personal to respond "ASAP". Later in the interview, Officer Vendetti described that as the minivan was passing him in the street, he could see John slumped over in the seat.

Officer Vendetti advised when he observed John, John did not have a shirt on. Officer Vendetti was not sure of what type of pants John was wearing, but thought it could be gray sweats. Officer Vendetti said he could see an injury he believed to be a gunshot wound on top of John's right shoulder and he could see blood all over John's abdomen. Officer Vendetti advised there was blood coming from John's face. Officer Vendetti said all of this happened very quickly and he was doing multiple things at the same time, while also being concerned for officer safety. Officer Vendetti said that Sgt. Goddard just appeared to him at the passenger window of John's van. It wasn't until he reviewed the video that he could see what Sgt. Goddard had done as Sgt. Goddard arrived.

Officer Vendetti was not sure how the minivan came to a stop. Officer Vendetti said he can only assume that John's foot came off the accelerator pedal. Officer Vendetti said he remembers trying to locate the gear shift for the van and he couldn't find it. Officer Vendetti advised he can only assume Sgt. Goddard put the van into park. Officer Vendetti advised that he remembers seeing Officer Newlon approaching them and then he saw Officer Jenison. Officer Vendetti advised he saw Officer Jenison's face as he was walking up to the van and Officer Jenison was "all fucked up". When Officer Vendetti was describing seeing Officer Jenison's face after the shooting, Officer Vendetti became emotional as he recalled the events. Officer Vendetti told Officer Newlon to take Officer

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Jenison to Officer Vendetti's patrol car to keep him away from John. Officer Vendetti said he wasn't sure if Officer Jenison knew at that time if John was dead. Officer Vendetti advised he remained at the van until the medical units arrived. Officer Vendetti updated medical personnel about John's condition. The medical units were on a different radio channel and it was Officer Vendetti's perception that they were not aware that shots had been fired.

After the medical units took over, Officer Vendetti advised he went to check on Officer Jenison and Newlon. He also advised that [REDACTED] who was associated somehow with John's family had responded to the scene. [REDACTED] was walking up to the scene and the van. Officer Vendetti escorted [REDACTED] back to her vehicle, took down her information which he later passed on to a supervisor on scene. [REDACTED] did indicate that she was with someone else initially at the scene, but that person left. Officer Vendetti believed it could be [REDACTED] daughter. Sgt. Hasz asked Officer Vendetti to run John in the computer and pull his history for responding investigators and Med-Act. Officer Vendetti advised he didn't take any statements from anyone at the scene. Officer Vendetti advised this should all be on his in-car video because the cameras were still recording at this point. Major Henson later deactivated his equipment. Officer Vendetti was then put on perimeter security on the west side of the scene until relieved to respond back to his PD. Officer Vendetti never unholstered his weapon during this incident.

Officer Vendetti described after seeing his in-car video, it assisted him with details that he had not observed or seen when he initially arrived. Officer Vendetti advised because of his tunnel vision, he was focused on Officer Jenison and didn't see Officer Newlon and Sgt. Goddard until after the shooting. Officer Vendetti also described his memory of the event more like snapshots and photographs than one fluid memory of what happened during this call.

Officer Vendetti advised he was dressed in his long sleeve duty uniform with a mock turtle neck. His ballistic vest is worn underneath his uniform shirt. His badge and name plate were pinned to his uniform shirt, along with his service stars and his CIT pin. His duty gear is placed around his waist on his duty belt, which includes in his department issued Glock 22 .40 caliber handgun, 2 extra magazines, a taser and an ASP (collapsible baton). Officer Vendetti said he is left hand dominate and carries his duty gun on his left side. Officer Vendetti also carries a folding knife that is his own, not issued by his agency. Officer Vendetti advised he does not wear a body camera. In reference to his in-car video, the camera automatically turned on during this event because his emergency equipment was activated. The microphone worn on his belt also is set to automatically turn on, which it did in this case. Officer Vendetti did not utilize any other recording equipment during this incident.

Lead #40---Interview Overland Park PD Officer Clayton Jenison

On Saturday evening, 01-20-18, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived, they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers  
WM [REDACTED]

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

On 01-24-18, Olathe PD Det. Spegal and I were assigned Lead #40, which was to interview

Overland Park PD Officer Clayton Jenison  
WM [REDACTED]

Clayton voluntarily responded to the Olathe PD at approximately 1345 hours. Clayton was with his attorney,

Morgan Roach  
[REDACTED]

Clayton and Attorney Roach were provided a private room prior to the interview to watch OPPD in-car video files of the incident. The in-car video provided to Clayton was the Watch Guard video from his patrol unit and the Watch Guard video from Overland Park PD Officer Newlon's patrol unit. Based on where Clayton parked his patrol vehicle, video of the shooting incident was not captured, which was the reason he was allowed to view video from Officer Newlon's patrol unit. After reviewing video, Attorney Roach exited the room and advised they were ready to proceed with making a statement.

At approximately 1427 hours, Clayton, Attorney Roach, Det. Spegal, and I moved to an interview room. Clayton was advised he was there to make a voluntary statement, which he understood.

Prior to asking Clayton about the shooting incident, we obtained background information. Clayton stated he was hired by Overland Park PD on 12-07-2015. Clayton advised he had no

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

prior police experience, but served in the military. He attended the police academy from January 2016 through April 2016. Following his police academy graduation, Clayton completed the field training program. Clayton stated he was currently assigned to the Patrol Division and was work evening shift. Clayton advised his assigned district was 234, which is located in south Overland Park. Clayton said his shift hours were from 1430 hours to 2230 hours. Clayton stated his current days off were Thursdays and Fridays.

Clayton provided details about his uniform, which included his outer vest displaying an Overland Park police badge and the word "POLICE" on the back. Clayton said the outer vest carried the majority of his equipment to include his police radio. Clayton stated he wore a long sleeve patrol uniform under his outer vest, which displayed an Overland Park PD patch on one sleeve. Clayton stated his duty weapon was a Glock 22 .40 caliber handgun issued by his department. Clayton advised he carried his handgun on his right side (strong side) of his duty belt.

Clayton was asked about any recent training. Clayton advised on Wednesday of last week (01-17-18) he attended a "cold weather" range, which focused on officers using their weapons while wearing gloves. Clayton stated during the range he shot his patrol rifle and Glock 22 handgun.

Clayton advised on Friday, 01-19-18, he was off work and went to bed at approximately 2230 hours. Clayton said he woke up on Saturday morning, 01-20-18 between 0800 and 0830 hours. Clayton advised he went to Hy-Vee, Dunkin Doughnuts, and spent time relaxing with his wife prior to going to work.

Clayton stated he went into service following shift change/roll call on 01-20-18. He could not recall exactly what his patrol activities were prior to the incident. Clayton recalled trying to get his vehicle washed, but a fire call came out and the car wash was not working. Clayton said he drove south to the fire call/gas leak, which was in the area of W. 179<sup>th</sup> and Quivira. Clayton said he possibly stopped a vehicle, but he was not sure.

Clayton was asked to provide his account for what occurred when he responded to a call on W. 149<sup>th</sup> Terrace. Clayton was allowed to provide his account of the incident uninterrupted. At the conclusion of his account, follow up questions were asked regarding additional details. Below is a summary of the information Clayton provided.

Clayton stated he responded from area of 143<sup>rd</sup> and Grant. Clayton could not recall the exact address of the call, because the in-car computer maps the call for him. Clayton advised the info for the call showed an attempted suicide. Clayton said he drove lights and sirens to the call. Clayton stated he parked on a side street near the address and thought his camera was pointed at the house. Clayton advised while enroute to the call dispatch advised the subject had been actively cutting himself and was threatening to stab himself. Clayton said dispatch advised the subject's parents were not home and that the subject had sent out information via social media. Clayton could not recall if he had handled a call at the address previously. Clayton mentioned they had recently switched shifts and only worked the area for about two weeks.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Clayton stated he switched over to TAC 6 (radio channel) and approached the address on foot with Officer Newlon. Clayton advised he positioned himself behind a tree in the front yard and could hear a dog barking from within the home. Clayton advised he shined his light on the windows of the house. Clayton said dispatch had provided info about the subject's mother being enroute to the address in a white Jeep. Clayton said Officer Newlon left his position and returned toward his vehicle to get a phone. At around the same time, a female arrived in a white SUV. Clayton believed the female was the subject's mother and Officer Newlon made contact with her.

Clayton stated he felt he could best cover the front door if the subject exited the house, by standing closer to the garage door, so he moved from the tree toward the garage door area. Clayton said this area would offer him protection if the subject exited the front door and he felt he could control the situation from that position. Clayton said he did not know the subjects intentions, which could have been "self-harm" or "homicidal tendencies."

Clayton advised as he moved toward the garage, the garage door began to open. Clayton commented the subject's mother opened the garage door when she arrived, but then Clayton said he was not sure if the subject's mother opened the garage door or if the subject did.

Clayton said to contain the area and not knowing what was in the garage, not knowing what the subject's relationship with his mother was (who he believed to be standing on the road with Officer Newlon), he unholstered his service weapon and approached. Looking into the garage, Clayton observed a silver van with the brake lights on. Clayton later stated he did not see anyone in the vehicle, but when the reverse lights came on he knew someone was in the vehicle. Clayton then commented he knew the subject was home by himself. Clayton said he wanted to contain the situation and not let the subject leave, which is why he was behind the vehicle.

Clayton states the van started moving backward. Clayton stated he told the subject to stop, but he did not stop. Clayton said he tells the subject to stop again. Clayton described himself as "running backwards" at this time. Clayton said he was "afraid he was going to hit me", which was the reason he "shot" the first time. Clayton could not provide a distance on how far the vehicle was away from him, but stated it felt like it was "from me to you" away. During the interview, Clayton and I were seated approximately 5 feet away. Clayton said he felt it was "pretty close" to him and it was not stopping. Clayton stated he felt the vehicle was going fast enough to be a threat and cause him bodily harm. Clayton was not sure how many rounds he fired but said "two to three." Clayton was asked what caused him to stop shooting during this initial backing incident. Clayton said he was not sure, but commented about getting out of the way and trying to get on his radio. Clayton said after watching the video, it might be because the brake lights coming on, but he was not sure. Clayton was not able to provide any further detail about his movements of getting out of the way from the van.

Clayton said after these shots were fired he got on his radio to inform shots had been fired. Clayton advised the vehicle accelerated in reverse rapidly past him. Clayton described the

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

vehicle as doing a "U-turn" that caused the rear of the vehicle to be facing toward him again. Clayton described himself as being positioned "dead center" right between the wheels. Clayton said the vehicle accelerates back toward him. As Clayton described this the first time his voice cracked and he paused to take a deep breath. Clayton said he fires again "fearing" he was going to be struck. Clayton said "I believed he was going to hit me." Clayton again described himself as "running" backwards as the vehicle backs up toward him. Clayton said he fired until the vehicle started moving forward. Clayton stated "he" does stop and goes forward. Clayton said when the vehicle began moving forward he felt it was no longer a threat to him, which was when he stopped firing. Clayton was not sure how many rounds he fired, but thought it was between "five and seven." Clayton was asked during this time if he could see the driver, but Clayton advised he never saw the driver until he approached the vehicle to assist with live saving measures.

Clayton said the vehicle came to a rest in the neighbor's yard across the street. Clayton said he holstered his weapon and moved to the vehicle to help assist in performing life saving measures. Clayton commented the reason they were sent to the call was to help the subject. Clayton stated his intentions on that day were not to shoot the subject, but instead get him the help he needed.

Clayton said as he approached the vehicle, Officer Vendetti instructs Officer Newlon to get him (Clayton) back. Clayton said Officer Newlon escorted him to the back of Officer Vendetti's vehicle. Clayton was asked about any conversation that took place between him and Officer Newlon. Clayton recalled breaking down and saying "I thought he was going to hit me." Clayton described himself as being very emotional, crying, and at one point dry heaving. Clayton stated he was later placed in a patrol car in an attempt to get him to relax.

Clayton stated he did not know when Sgt. Goddard arrived on scene, but recalled his vehicle pulling up. Clayton said he did not know when Officer Vendetti arrived, because he did not recall seeing him until the van had rolled across the street.

At approximately 1500 hours, we took a break and exited the interview room. At approximately 1509 hours, the interview was continued.

Clayton was asked to further explain his movement around the time the garage door was going up. Clayton said he moved from the tree, which was not a lot of cover for him, closer to the house. Clayton said as he walked closer to the house the garage door was opening. Clayton said he unholstered his weapon. Clayton said he knows he is there for someone who attempted suicide, but he does not know what is waiting for him inside the garage. Clayton said the vehicle is "on" and reverse lights are on. Clayton said his main thing was to keep "him here", so they could get him help. Clayton said the vehicle started reversing and he told him to stop. Clayton said the vehicle does not stop. Clayton said he was moving backward and again tells "him to stop", but he does not stop. Clayton said he shoots and tried to move out of the way. Clayton said he then gets on the radio saying "shots fired."

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Clayton was asked what he was thinking when the vehicle was backing toward him after he told the driver to stop. Clayton responded "I am thinking he was going to hit me." Clayton said he was afraid if he was hit that he was going to get knocked down and run over. Clayton stated he did not want that to happen and added he did not know what "his" (driver's) intent was.

Clayton stated he had not discussed the incident with anyone outside of his spouse, attorney, and peer support group with work.

Clayton was asked if he had any information to add that was not covered in the interview. Clayton stated he provided all the information he could recall. Attorney Roach was asked if he had any further questions, but he did not.

The interview was concluded at approximately 1514 hours. The interview was recorded on video. A DVD with the recorded interview was later provided to Det. Spegal, so it could be placed into the Olathe PD property room as evidence.

On 01/22/2018, I (Det. James McMillian) and Det. L. Smith, were assigned lead 43 to interview Overland Park Fire and Med-Act personnel that responded to the scene. We were informed that Engine 45 responded to the scene which included Firefighters John Heffernon, Ryan Konzem, Danny Meeker and John Gottshall. Med-Act unit 1145 included Shawn Morkert and Gabe Hajmohammad.

I called Captain John Heffernon who advised that all the above listed personnel were currently on duty at Fire Station 5, 16279 Antioch Rd. Overland Park, KS. Captain Heffernon requested we could respond to their location to speak with them. After arriving, Det. Smith and I contacted the crew. I spoke with Shawn Merkert, John Gottshall and John Heffernon. Det. Smith contacted Ryan Konzem, Daniel Meeker and Gabe Hajmohammad.

Shawn explained that he works for Overland Park Med-Act and rides with Gabe Hajmohammad. Gabe works for Johnson County Med-Act. Shawn said all Overland Park Med-Acts are shared with Johnson County like this. Each ambulance has a paramedic and a lieutenant, but it could vary which agency has the supervisor.

Shawn advised they were dispatched to this call as a code 2 behavior subject and to stage for the police. Code 2 is one unit going emergency response and other units just responding without emergency equipment. Shawn was driving the ambulance and Gabe was navigating. While en route, their response was upgraded to a code 1 response, but they still needed to stage and wait for the police to clear the scene. It was reported that a male was stabbing himself in the basement of the home. Police cars were also passing them in emergency response. They staged near a library located around the corner from the residence. Shawn said they had just pulled into their staging area when they received a radio call giving them clearance to respond. Shawn said he recalled thinking that the clearance to enter happened quickly, because usually it takes a while for the police to clear the scene for them to enter it. Shawn also advised their radio dispatchers are separate from the police and don't hear updates directly from the police officers on scene.

After hearing the scene was secure, they responded to the residence. Shawn said as they rounded the corner to turn onto 149<sup>th</sup> Terrace, something didn't seem right. Gabe told him the address was a couple houses down the street on their left. Shawn could see a police car parked sideways in the driveway with a door open. Shawn said this is not a typical response that he sees from the police. He confirmed the address again with Gabe and parked. Shawn saw another police car had parked in the street in front of him and

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

then saw a minivan that was in the yard across the street. Shawn said the van in the yard added to his confusion because he thought they were going to a residence. As they were getting out of the ambulance, one of the officers told them the call involved the van. Shawn said he started to realize that this situation was a high stress situation based upon how the police were acting. A woman was also approaching the scene and an officer was giving her commands to stay back.

Shawn said he moved to the driver's side of the minivan and as he was walking up he noticed the driver's side mirror was broken and it appeared to be a bullet hole. He started seeing that windows of the van were broken and sees the driver of the minivan is slumped to his left with a moderate amount of blood on him. Shawn realized this is more than a person stabbing themselves in the basement.

Shawn then began scanning the driver for injuries and began medical treatment. One of the officers told him that the driver had been shot. Shawn added that this all happened in a matter of seconds. Shawn said he checked for a pulse on the patient's carotid artery. He also held up the patient's head to see if he could establish an airway. Other medics were helping get their monitoring equipment set up while Shawn put the pads on the patient. The lines for the pads had been snapped on and Shawn put a pad on each of the patient's upper arms and on each side of the patient's abdomen. Shawn said the patient was not showing any signs of life through the monitoring equipment. He also attempted to listen to the patient's heartbeat by using a stethoscope. Shawn requested Ryan Konzem to check for a pulse which he did on the carotid artery as well. Shawn said he went through 4 checks (including Ryan's) to determine if the patient was showing any signs of life. Shawn then pronounced the patient type black (deceased).

Shawn said he could tell more things were going on beyond the initial call, so he and the crew were trying to be mindful of the crime scene. Shawn said he accessed the patient through the driver's door window and did not open the door. He recalled another firefighter letting them know the van was in park when they initially got there. Shawn and Ryan were the only people from his crew that had contact with the patient's body.

Shawn said the patient was slumped over to his left and was seat belted in the van. The patient was not wearing a shirt and he could see stab wounds on his abdomen. Shawn observed an injury to the patient's right shoulder that looked consistent with a gunshot wound. Shawn observed blood dripping from behind the patient's left ear, but he did not locate the source of the blood. Shawn observed what he thought were old injuries on the patient's right wrist and saw writing on the patient's left forearm. He specifically remembered seeing [REDACTED] written in a heart. Shawn remembered this because he calls his wife [REDACTED] with the same spelling. He also noticed the patient's skin changing color, turning into a pasty white which was not that way when they arrived. Shawn said this indicated to him how fresh this scene was. Shawn observed glass shards scattered throughout the van and on the patient.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Shawn was contacted by a female officer that he assumed was an investigator and was asked to evaluate the officer that was involved in the shooting. Shawn contacted Officer Jenison in the back of the ambulance and did an assessment on him. Shawn said Officer Jenison was hyped up and his adrenaline was still going. His heart rate and blood pressure were extremely elevated. Officer Jenison told Shawn that he thought the van was going to hit him. Officer Jenison said he didn't think he had fallen, he wasn't sure if he was shot and he didn't think he got hit by the van. Officer Jenison told him that the van was backing out of the garage right at him and he had to jump out of the way. Officer Jenison told him that he pulled out his weapon, he had to shoot and then the van turned around and started coming at him again. Officer Jenison said he had to shoot again and was not sure if the subject in the van was shooting back at him.

I contacted Firefighter John Gottshall. Gottshall advised he was the engine driver for this call. The call was dispatched as a code 2 behavioral. They followed the ambulance on the way to the call without their emergency lights. As they approached 151<sup>st</sup> and Antioch he remembered seeing a white police SUV driving with its emergency equipment on passing by. As they continued to the scene the call got upgraded to a code 1 stabbing. They staged around the corner from the residence and were not there very long when they were cleared to enter the scene. As he followed the ambulance to the residence he saw a white police SUV parked sideways in the driveway. Gottshall assumed it was the same police vehicle that passed them earlier. Gottshall said he was trying to figure out what was going on because the police usually don't park their vehicles on a scene like this.

Gottshall got out of the fire truck and observed a van parked across the street in the yard. The Med-Act crew and firefighters went to the minivan and he approached the driver's side. He could see that the driver's door window was busted out. He observed the patient in the driver's seat with blood on him and a bullet wound on his shoulder. Shawn and Ryan were checking and treating on the patient. Gottshall did not have any direct involvement with the patient. Gottshall also advised one of the officers on scene had told them the patient had been shot and it wasn't until later he learned it involved an officer. Gottshall said Shawn treated the police officer in the ambulance. Gottshall said the officer looked "distracted" and "really freaked out". Gottshall did not speak or interact with the officer.

I spoke with Firefighter Captain John Heffernon. Heffernon said they were dispatched to a self-inflicted stabbing in the basement of a residence and to stage for the police department. They staged a block or two away from the residence. They hadn't been stopped in the staging area for much more than a minute when they receive radio traffic that the scene was clear. As they arrived, he began to walk towards the residence. He remembered thinking it was unusual because there was a police car parked crooked in the driveway with the door open. He then heard someone yelling at them that it was

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

“over here” at which time he observed a minivan in the yard across the street. Heffernon said he didn't even see the minivan when they arrived because he was looking on the other side of the street trying to identify addresses.

Heffernon said that most of the crew approached the minivan on the driver's side but he went to the passenger side. He remembered seeing a police officer at the passenger door. Heffernon said he looked into the minivan and verified the minivan was in park. One of the officers told him that this involved multiple gunshots. Heffernon said he remained on the passenger side of the van and let the paramedics work with the patient. Shawn made the notification that the patient was type black. Heffernon advised he made the notifications through his chain of command because they were going to be on scene for an extended period of time. Heffernon said he remembers hearing an officer talking about dealing with the patient before. In the previous contacts, the patient was suicidal, but the officers had been able to talk him down.

The following interviews were conducted by Det. L. Smith. His report is listed below.

On Monday, January 22, 2018, I was assigned Lead #43, which consisted of interviewing the fire/medical staff from the Overland Park Fire Department and Johnson County Med Act, who had responded to the call.

On Monday, January 22, 2018, at approximately 1045 hours the prearranged interview began of GHALIB A. HAJMOHAMMAD, W/M, [REDACTED] (cell phone # [REDACTED]). The interview was audio recorded and later uploaded to this case file. The following is a summary of the interview:

Ghalib stated he is employed by Johnson County Med Act and is assigned to Overland Park Fire Station #5. On Saturday, January 20, 2018, he was assigned to Unit #1145 and his partner was Lt. Shawn Morkert with the Overland Park Fire Department.

Ghalib explained they were dispatched to a code 2 behavioral call and were told to stage for the police. Ghalib said they arrived in the area and staged at the library down the street from the call. He said they were dispatched on the main fire channel and upon their arrival, they switched to the operations channel. Ghalib said he pressed the button on their mobile data terminal (MDT) to show his unit had arrived. He said while en route to the scene they were told the patient had lacerations to the abdomen and chest and Overland Park Medical Center (OPR) was the closest trauma hospital. Ghalib said he received a lot of information on the MDT, but he didn't have time to read it as they were informed the scene was secure and they could respond to the address.

Ghalib explained upon their arrival, he saw a police car parked in front of the house and the garage door to the house was open. He said they stopped in front of the house and

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

were summoned over, by an officer, to a gray Honda Odyssey. Ghalib said when they were initially dispatched to the call, they were told the victim was in the basement.

Ghalib said he grabbed the cardiac monitor and jump bag and followed Lt. Morkert over to the vehicle. Ghalib said he looked at the patient and saw lacerations to his belly. Ghalib said he could not tell how deep they were. Ghalib explained the patient was sitting in the driver seat of the van and didn't believe the subject had a seat belt on.

According to Ghalib, Lt. Morkert hooked up the cardiac leads to the patient and used a stethoscope to check for vitals. Ghalib said they were following crime scene protocols, meaning he was handing Lt. Morkert the equipment so there was only one person touching the patient. He said Lt. Morkert did not find any signs of life and had another firefighter, who is a paramedic, also check for a pulse on the patient. Ghalib identified this firefighter as Ryan Konzem. Ghalib said after this took place, he got on his firefighter radio and advised dispatch that the patient was triaged type black, meaning deceased. He said he heard Battalion Chief Brian Eitel acknowledge his radio transmission as well. Ghalib said he left the cardiac leads on the patient since he was pronounced dead.

Regarding Ghalib's observations at the scene, he said the vehicle was in the middle of the yard and he saw what he thought were "brake marks" in the yard. He said it looked like the driver had slammed on the brakes and stopped in the middle of the yard. He also said the ground was wet. Ghalib said he did not hear anything being said that was relevant to this case while at the scene.

Ghalib said after about 5 to 10 minutes of being on the scene, a medical evaluation was done on the Overland Park Officer. He said this was performed by Lt. Morkert inside their ambulance. He said he assisted in the medical evaluation by putting the blood pressure cuff and oxygen sensor on the officer. He said Battalion Chief Eitel was also present in the ambulance when the medical evaluation was conducted. He said the officer was crying and Battalion Chief Eitel was speaking with him.

Ghalib said he did not write any reports on this incident as Lt. Morkert did all of the documentation. No other pertinent information was obtained and my interview with Ghalib concluded.

On Monday, January 22, 2018, at approximately 1108 hours, the prearranged interview took place of RYAN M. KONZEM, W/M, [REDACTED] (cell phone # [REDACTED]). The interview with Ryan was audio recorded and later uploaded to this case file. The following is a summary of the interview:

Ryan is a firefighter/paramedic with the Overland Park Fire Department. Ryan is normally assigned to Station #4, but worked at Station #5 on the day of the incident.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Ryan stated they were dispatched to a self-inflicted stabbing and were told to stage for the police. Ryan said during the response, he was in one of the jump seats on Engine 45 (E45) and Captain Heffernon was in charge of the radio traffic. He said they staged about a block away from the scene. Ryan was not familiar with the location; therefore, he did not know the area of where they staged.

Ryan said he heard the scene was secure, so they responded to the scene. He said since he is a paramedic his duties at the scene could either be patient care or firefighter related. He said when they arrived, he got the cot out of the ambulance and took it over to the ambulance crew. He said he saw the patient and was told by Lt. Morkert that this was an officer involved shooting and not just a stabbing. He said he helped the ambulance crew with patient assessment.

Ryan said he could visually see that the patient was not breathing, and he checked the carotid artery on the right side of the patient's neck. He did this with protective gloves on. Ryan said the monitor showed pulseless electrical activity and then asystole (cardiac flat line). I confirmed with Ryan that these findings are not conducive for signs of life.

Ryan described the victim as having a pale complexion. He said he observed two stab wounds on the left side of the victim's abdomen, a bullet injury to the victim's right shoulder and a bullet injury to the back of the victim's head. He described this bullet injury as "oozing" and "draining" blood. Ryan later said the victim was not wearing a shirt and he could not recall what type of pants the victim had on. He said the victim was located in a gray minivan.

Ryan said he wrote a report on this event and Captain Heffernon will know how to get a copy of it. No other pertinent information was obtained and the interview with Ryan concluded.

On Monday, January 22, 2018, at approximately 1128 hours, the prearranged interview took place of Daniel P. Meeker, W/M, [REDACTED], (cell phone # [REDACTED]). The interview with Daniel was audio recorded and later uploaded to this case file. The following is a summary of the interview:

Daniel is a firefighter at Overland Park Fire Department Station #5. Daniel said they were dispatched to a behavioral call and he was in the jump seat on the driver side during their response to the scene. He said they responded and staged in the area of 151<sup>st</sup> Street and England. He said the call notes on the Mobile Data Terminal (MDT), indicated the subject had stabbed himself and was located in the basement of the residence.

Daniel said they heard the scene was secure, so they responded to the scene. Daniel said since he was on the driver side, the house they were sent to was on his side of the vehicle.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

He said when they pulled up he noticed a police car at the house and the garage door to the house was open. He said there was some confusion at the scene as he had started to walk up the driveway to the house and was told by Captain Heffernon that the victim was in a vehicle.

Daniel said he went down to the vehicle on the passenger side and put his head in the open window. Daniel later said the glass on the front passenger side window was broken out and some of the glass was on the front passenger seat. He said he saw Shawn Morkert and Ryan Konzem at the front driver side door of the vehicle with the victim. Daniel said he opened the front passenger door, put his hand on the passenger seat to steady himself, and checked to make sure the vehicle was in park. Daniel said he was wearing nitrile gloves and was careful not to put his hands on blood or glass that was on the passenger seat.

Daniel said he waited to see if they were going to do patient care, left the passenger side of the vehicle and went over to the driver side. He said he was standing by the driver side mirror and saw the victim. He said the victim had two stab wounds on his abdomen and was not wearing a shirt. Daniel later said he saw a bullet wound on the victim's right shoulder, which he described as a "graze" or "exit" wound and a bullet wound on the back of his head or neck. He described this wound as having blood flowing out of it.

Daniel said he was told that this was an officer involved shooting, but could not recall who told him this. He said it was either someone from the fire department or ambulance crew.

Daniel said he did not write a report of this incident. No other pertinent information was obtained and my interview with him concluded.

A phone call was later placed to 913-888-6066, which is the office for the Overland Park Fire Department. I spoke with Sue Steger and requested a copy of all the reports pertaining to this incident. Sue later sent me an email with the reports as an attachment. The reports will be placed with this case file.

All of the above contacts were recorded individually. The audio recording will be attached with this case.

**Narrative**

**Summary of Events**

DISPATCH: Medic 1145 was emergency dispatched to roadway for stabbing. Medic 1145 immediately responded to the scene.

CHIEF COMPLAINT: Upon arrival EMS found patient sitting upright in the front seat of a minivan parked in the front yard of a home with seatbelt in place. The patient was pulseless and apneic. Pt. had large amounts of bleeding from abdomen and head. He has multiple visible puncture wounds to his torso. The pt. is shirtless making visible assessment possible.

HISTORY: Bystanders state the pt. had stabbed himself in the abdomen initially with unknown weapon. It was reported that minutes later, the pt. was shot with a handgun multiple times however unable to determine exact number of time.

ASSESSMENT: Arrived to find a 17 y/o male sitting in the front drivers seat of a minivan. No external damage to the van and no airbag deployment noted inside. Pt was unresponsive, apneic. SKIN: W/P/D, large amount of visible body fluids about the torso. HEAD: airway- patent and clear; manual jaw thrust maneuver performed to verify airway was clear and patent. No respiratory effort made by the pt. throughout.

RENDERED TREATMENT: Asses, EKG, Manual jaw thrust maneuver, Listen for heart tone.

Pt. was left in place and great effort was made to preserve possible crime scene. Lt. Morkert performed all pt. contact other than FM Konzern verified absence of carotid pulse.

On 01-21-2018 Detective J. Waters assigned Lead #44 review the blue and white striped notebook located on a couch in the basement of 9309 West 149<sup>th</sup> Terrace, Overland Park, Kansas.

The notebook is blue and white striped, composition, 100 sheets, college ruled notebook. There is writing on the front to include; 2018, Ease, Zengchove, Fuck 12, Lilzom, and a heart with J&K.

According to Hiwiki.com "Fuck 12" is a slang term used to refer to the police or any other law enforcement agencies. (See attached) According to urbandictionary.com "Fuck 12" means fuck the police (12 narcotic officers) the saying "Fuck 12" is mostly used in Atlanta, Georgia and Oakland, California. (See attached)

The first 20 pages of the notebook had handwritten logs of journals starting 01-01-2018 at 3:39 p.m to 01-20-2018. The last two pages of the notebook had pencil scribbings and math problems/equatations. It appeared a page had been torn out of the notebook. The back of the notebook had the word Lilzern wrote on the back.

The following is a transcript of the first 20 pages of the notebook. Some of the handwritten material was unable to be read due to legibility. The areas in the notebook which were unable to be read will be described as (unintelligible) or (unintelligible x #of words). The notebook was believed to belong to John Albers.

father showed up I stole his car and skrt'd off. My whole mind was in such a dark place. Well you might think why did you also kill urself when going I35 on highway in my dad's car. Finally I called [REDACTED] reminded me suicide is for pussys. So I drove to his house after I calmed myself down and pulled over. I was not just mad, that [REDACTED] broke up w me I was furious cuz my whole life is so fucked up. And she made a comment that my past is a big problem for her cuz at parties people say oh that sucks we (unintelligible) John. Anyways I got to [REDACTED] house. Well a cop showed up. So I ran out the back and hopped fences then (unintelligible) got to the car. Then I stated to drive off but the cop was in the middle of the street. So I sped up and he moved. Then I got on the highway and I started to drive to Colorado but I knew I didn't have no gas. So I drove to my KCK buddies house [REDACTED] were all there. [REDACTED] ended up calling me 10000 times (unintelligible) I finally answered. She was not okay she was having a breakdown and she said she still loves me. Then she convinced me to take her w me to Colorado to stay with [REDACTED] roommate). In the middle of the night the police found and took my dad's car. But [REDACTED] told me he could still take me cuz his friend [REDACTED] drive me all 9 hrs as long as I could pay gas. They weren't going to charge me any extra. The morning came I didn't sleep at all cuz all them niggas were snoring. Anyways (unintelligible) me [REDACTED] left KCK and came back to OP so I could empty my bank account. I took out 350 and left 50 in the account. Then [REDACTED] never answered the phone so we left OP. Then 30 mins later she calls. So we turn around and drove to [REDACTED] [REDACTED] told me it would be a trap but I didn't listen. When I arrived there [REDACTED] gave me a hug but she didn't have any of her stuff and then I realized she was just stalling then my parents show up and [REDACTED] try to hold me but I ran then I realize the car was back where I started so I made my way back sprinting at full speed cuz I knew 12 was on their way but [REDACTED] tried to stop me and I tripped and accidentally body checked her and we both fell to the ground and I tripped on the curb by the (unintelligible). Then I got up and tried to help [REDACTED] up but then my [REDACTED] tackled me and tried to pin me to the ground. I got up but he still had a hold of me. Meanwhile [REDACTED] pulled out his bat but he wouldn't attack w/o my permission. [REDACTED] got videos of my [REDACTED] choking me then shoving me down the stairwell. I fought (unintelligible) by screaming and pushing but my [REDACTED] took my and hoodie shirt and it was like 5 (degrees) F outside. Anyways I dove (unintelligible) the car and [REDACTED] skrt'd off (unintelligible) prob ran over my [REDACTED] foot. Well we got half way thru Kansas til [REDACTED] called me told me cops came to his house and his girl is going thru labor any day so he decided to drop [REDACTED] off cuz [REDACTED] was telling he would pick him up cuz his parents won't let him go to CO. So me and [REDACTED] started headed to KC the I called my [REDACTED] and the first thing she said to me was I assaulted my girlfriend. So I put her on block again. At this point I knew I going to be cuffed right when I went home. So me and [REDACTED] decided to stay in Topeka. We went to 4 different hotels 100 for ones that let 18 years old and cash. So we finally found best Western. I pay \$100 for 1 night. That was some really good sleep. I had another conversation with my girlfriend and I ended up pinky promising her I would come back the next day (29<sup>th</sup>). Before we left Topeka my dumb ass got [REDACTED] to buy me a \$80 (unintelligible) and \$30 worth of (unintelligible). [REDACTED] drove a total of: 8hrs. I only had to drive a total of 2hrs. We smoked weed after I knew it would be good for me cuz the last time B4 the 12/29/17 was 12/20/16. So I burned my whole year of soberness from weed. I showed up here at (unintelligible) 2pm high as.f cuz when I come home my [REDACTED] searched me found the vape shit and I went straight to bed then 10 mins later, I get booked and sat here. From 2pm on the 29<sup>th</sup> til 7pm on the 30<sup>th</sup> I slept in my cell not eating or nothing. Then I 30<sup>th</sup> I came out for dinner then I worked out W 100 sit up and 50 push up before returning to bed. The 31<sup>st</sup>... my

(unintelligible) was boring I played checkers almost the whole day and watched the Chiefs take the W. Today I moved pods to a (unintelligible) shitty one but they say it's a (unintelligible) for being good. Anyways there was a girl with a wheelchair so they had to split up the pod that I was in so they can make it a girls pod. The food is real shitty. Meralics food is so much better. Hopefully I get out tomorrow bc that's what someone told me on the phone when I first got here. When I leave I'm going completely change honest to god. I will be a way better child for a while at least. Well I'm take a napp."

"6:36 pm

I miss [REDACTED] so much. She is basically all I think about our first (unintelligible) and her smile. Fuck miss her amazing eyes. Those finger nails (unintelligible) I miss her so much. When I get out I'm treat her hella right. We I get out Imma follow my parents rules I'm sick of having my life stripped away. When I get out I'm fucking live my life and all my friends are gonna love me and I'm get involved (unintelligible) and I'm quit my jealousy."

"9:45 pm

Dinner was gross We ate (unintelligible x2) Black eye peas. If I don't get out tomorrow Ima be pissed."

"1/2/18 7:48 am

Last night I didn't fall asleep til 4 am. We had to move pods yesterday to the shitty oldest pods in the jail. I stayed up reading "The Ulitmate Pardon" by Bill Corum. I got exactly 100 pages from 10 til 4. I think I get out today around 1."

"1/8/17 10:30 am

So I ended up getting out the second but I'm on house arrest w a (unintelligible) anklet and a drug and Alc mointer on the other leg. I'm not allowed to have any contact w [REDACTED] [REDACTED] (unintelligible) [REDACTED] at (unintelligible x2) new year eve party. When I only reason I turned myself In Cuz she promised me we would be together until I get out of Jail. On the 4<sup>th</sup> I came to school and I (unintelligible) officially I'm kicked off wrestling and this is my 4<sup>th</sup> substance abuse In my high school (unintelligible) So no more athletics the whole rest of high school. Also on the 4<sup>th</sup> my dumb ass drove to the bank after school and my House arrest officer said it If I do something sketchy like that again I'm going to JDC. The 5<sup>th</sup> I relized (unintelligible) is hella guy so I transferred. Also I payed [REDACTED] (unintelligible) my Nike Giftcard W \$25 on it and \$7 in cash which I had to tell the (unintelligible) I needed money for gas. But I still got my (unintelligible). Saturday All I did was paint my room It's finished now and looks hella good. Greenish tan to grey and two walls are orange. Sunday I reffed (unintelligible) from 10-4 then I (unintelligible) the rest of the day. Today I'm planning on giving [REDACTED] (unintelligible) a (unintelligible) for free if I can come to her next party. I had soccer after school and I'm nervous cuz I haven't been to practice or games in a couple of weeks But I'm hoping (unintelligible) will just \$14 (unintelligible)."

█ already has a new man. I thought that maybe I could forgive her and win her back but now she's a bitch. (unintelligible) I should have listen to █ and the two other girls from ONW. They told me all █ does is use guys and she's a back stabber. Fuck her (unintelligible x2) I only turned myself in bc she made me pinky promise her I would. Fuck I'm such a fool. ldk y I didn't listen to (unintelligible) and (unintelligible) and █ and all the other people that warned me about her. I want my shit back (unintelligible) but I'm worried she won't give all of it back. Yesterday soccer practice went good me and █ had a good talk and I pretty much told him the only reason I was in trouble w the law cuz I got kicked out the house. I told him I was in jail for a week and he said If I need anything come to him and (unintelligible) keep my behavior in check. I have court tom at 9:15 am I'm super nervous bc I don't know what will happen either good or bad. Last night my dad read me the email (unintelligible) my lawyer will use to help me and It basically explains what happened and that I mental issues which they are going to try to fix threw more therapy. I'm kind of happy that I got kicked off wrestling bc It was so hard and annoying but on the other hand I was (unintelligible x2) of good love I still have soccer. I (unintelligible) █ yesterday and she's helped me (unintelligible) relize that I can't ever go back to █ Also me and █ are now pretty close. I have also got close to █ and █ They all have kep me (unintelligible) them which has helped a lot. I have soccer tonight (unintelligible) indoor (unintelligible x2)"

"1/15/18 2:45 pm

So on the 11<sup>th</sup> I got off house arrest and earned diversion. School was cancelled on Thursday the 11<sup>th</sup> Cuz of snow. Friday (unintelligible) at 9am School bc we had a Thursday schedule. Saturday I reffed two games In the morning then meet up w █ and had a (unintelligible x2) not aloud to play w (unintelligible) till further notice. (unintelligible) was also (unintelligible x2) party (unintelligible) but guess who is still not trustworthy (unintelligible). █ didn't want to go to the party bc █ couldn't come and he wanted to be loyal so he come over and spend the night. First sleep over I have had since summer. And I still was fucked cuz in the morning (middle of the night) my mom took █ (unintelligible) and took his (unintelligible) and made him go home at 7:10 also I had mo gave me my Z (unintelligible) inbetween my pointer and middle finger."

"1/13

█ already found out about it and they are (unintelligible) pissed. Yesterday I slept the whole day. I think me and █ are dating again I'm just not allowed to have any contact w her but I dgaf I (unintelligible x2) her any (unintelligible) her cuz I still love her. I am planning on taking her to prom cuz I can myb get off diversion in 4 months. That's my goal. Also missing the ritz and seeing all my friends getting to do what ever they want makes me (unintelligible x2) to (unintelligible x3). Also I think I want to be a detective when I grow up. (unintelligible) Im playing w legos cuz we don't have school today or tomorrow but (unintelligible) Im not aloud to leave the house cuz Im not trustworthy. locked up but had left me under the impression that I would be w her when I got out. [REDACTED] and I are officially back together bcause she made promises like she wont [REDACTED] (unintelligible x3) her (unintelligible x3). And I promise loyalty and less jealousy (unintelligible x6). I still love her even tho she told me she [REDACTED] cuz we have technically broken up and I still remember all the good memories about her with our First dates and her smile and he amazing eyes. But the next problem that we have its going to be officially over bc almost everyone told me not to go back to her like I do and they don't know all the good she and I had they only see the negative . My parents found all my phix pods on Monday night so I have (unintelligible) x3) everything else but low key I (unintelligible) on u and smoked a Cig yesterday and Tuesday. (unintelligible x4) good I made (unintelligible x3). My therapy is going really good Im benefiting a lot. (unintelligible x4) to go up I got (unintelligible) back and Im sober from everything."

"1/19/18 10:43 am

Im trying to change and Im going to. I skipped 6 hr and drove to [REDACTED] cuz I was planning on breaking up w her. But I couldn't I still love her but I got my hoodie and (unintelligible) back. [REDACTED] is transferring to our school soon. I have quit vaping and drinking and smoking and my body feels better. Today my case manager came and [REDACTED] replies to her about me vaping so I might lose diversion. Me and [REDACTED] need to get a better relationship cuz (unintelligible) its horrible. This is going to be hard be I am committed now. I have to go take a drug test during HHT Im gona pass but I was planning on going to MR. H cuz I have a last 6 hr. Also I wrote random answers on my Chem test (unintelligible) I talked to [REDACTED] for most of the hour then I talked to (unintelligible) cuz I need to actually be into changing. I just grabbed [REDACTED] [REDACTED] and mad cuz she got called down to [REDACTED] Im leaving school to take the durg test at 11 and its 10:40 so ya."

"10:01am 1/20/18

I passed my drug test. Then I came back to school and skipped 5 and 6 to take a nap and they excused my absents. Then [REDACTED] came over after school and he hung out til 10:30 pm. (Unintelligible) Im in a 5 hr recertification course for refereeing. I just got caught shoplifting at Scheels. I am a complete fuck up."

"1/20/18 Today I got caught Shoplifting at Scheels. I now have additional charges and way to much to come back from. My [REDACTED] just told me I am literally a disappointment and never going to change. Well [REDACTED] Your Compeltly right I love you But now Im gone life will be 100% easier. [REDACTED] we fight so much but I do love you. [REDACTED] I love you so much and I need to both to not end up like me. These days (unintelligible)"

"[REDACTED] I love you all so much. Yall have always been there and I need yall to protect [REDACTED] and my little brothers when Im gone. [REDACTED] I remember when I first meet u at NW and you and [REDACTED] were pissed at that nerdy kid and I threatened to kick his ass. We have been friends even since then. Then the night of when we (unintelligible) out and drove 100 in the minivan (unintelligible x2) [REDACTED] (unintelligible x7) and I took off my shirt and got (unintelligible x3) when I said my abs are sexy as shit. (unintelligible) the lake trips were lit. [REDACTED] the time we went (unintelligible x5) and when we speak Spanish to each other hella lit. Me (unintelligible)."

the ground and I tripped on the curb  
by the way. Then I got up and tried to  
help [redacted] up but then my [redacted] touched me and  
tried to pin me to the ground. I got up but  
he still had a hold on me meanwhile  
[redacted] pulled out his knife but he had no  
attack w/o my permission. [redacted] got  
videos of my [redacted] Choking she then  
showing me down the sidewalk. I  
fought with [redacted] by scratching and pushing but  
my [redacted] took my [redacted] and snatched shirt  
and I was like 50ft outside. Anyway  
I dove into the car and [redacted] shirt off  
[redacted] push ran over [redacted] foot. Well  
we got caught my thru Kansas til [redacted] called me  
told me cops came to his house and his girl is going  
thru labor every day. So we decided to drop peter off cuz  
[redacted] was telling he would pick him up cuz his

parents won't let him go to CO, so me and Neh started  
headed to KC. the I called my [redacted] and the first  
thing she said to me was I assaulted my girlfriend so  
then I put her on black cocaine. At this point  
I know I going to be killed right when I get  
home. So me and [redacted] decided to stay in  
Tapeka, we went to 4 different hotels. I work  
for ones that let 18 years old and cash. So we  
finally found best western. I pay 400 per the  
night. That was some really good sleep. I  
had another conversation with my girlfriend and  
I ended up kinda promising her I would come  
back the next day (28th). Before we left  
Tapeka my dumb ass got [redacted] to buy me a  
\$50 TPRV and \$30 worth of fuel. On the ride  
home I drove cuz on the 28th. [redacted] drove a  
total of 8hrs. I only had to drive a total  
of 2hrs. We smoked weed after I know  
I would be good for the cuz the  
last time. BH the 29th was 12/20/16. So I  
burned my whole year of sobriety from weed. I  
shined up here at 11th. 2pm high cuz  
when I had had my [redacted] searched we  
found the vape still was I went straight  
to bed then 10 mins later I got locked  
and sat here. From 2pm on the 29th to 7pm on  
the 30th I slept in my cell not eating or  
nothing. Then I 30th I came out for dinner  
then I worked out w 100\$ sleep and so put  
up before returning to bed. The 31st my duty

was having I played checkers almost  
the whole day and watched the clebs take  
the W. Today I moved pods to a real  
shitty one but they say I'ds are about for  
being good. Anyways there was a girl with  
a wheel chair so they had to split up the  
pod and I was in so they commuted  
it to girls pod. The food is real shitty  
meatless food is so much better.  
Hopefully I get out tomorrow by then  
what she told me go to a place  
when I first get here. When I leave  
I'm going completely change heart to god  
I will be a very better child for  
a while atleast. Will I see her or not.  
6:36pm

I miss [redacted] so much. She is beautiful and I think about our  
first kiss and her smile. Fuck miss her curving  
eyes. Those finger nails. I miss her so  
much. When I get out I'll treat her better right.  
When I get out I'ma follow my parents rules I'm  
sick of having my KIC stripped away. When I  
get out I'm fucking love my KIC and all my friends  
are gonna love me and I'ma get invited home and  
I'ma give my love to [redacted].

9:45pm

Dinner was [redacted] we are some black Black eye  
peas. If I don't get out tomorrow I'ma be  
pissed.

1/2/18 7:48 am

Last night I didn't fall asleep till 4 am. We had to move pods yesterday to the ship's oldest pods in the Jull. I stayed up reading "The Ultimate Pardon" by Bill Corum. I got exactly 100 pages from 10+114.

I think I get out today around 1.

1/8/17 10:30 am

So I ended up getting out the second best Faron house across w a leg amulet and a bag and the monitor on the other leg. I'm not about to have any contact w [redacted] So we are clear and [redacted]

[redacted] at Rachel during new years Eve party. When I only reason I turned myself in. Liz she promised me we would be together when I get out of Jail. On the 4th I came to school and I found out I'm kicked off wrestling and this is my 4th substance abuse in my high school career so no more chances the whole rest of [redacted] Also on the 4th my dumb ass drove to the bank after school and my House arrest officer said if I do something sketchy like that again I'm going to JOC. The 5th I released [redacted] is better guy so I transferred as well. Also I payed [redacted] my Nike Bible cost w \$25 on it and \$7 for cash which I had to tell the brigs I needed money for gas. But I still got my pods. Surprisingly all I did was paint my room it's finished now

and looks better good. Greenish turn to grey  
and two with an orange. Sunday I  
felted falsal from 10-4 then I clothes  
the rest of the day. Today I'm planning on  
giving [redacted] a pot for free if I can  
come to her next party. I have soccer after  
school and I'm nervous cuz I haven't been  
to practice or games in a couple of weeks.  
But I'm hoping crew will just fly by.

1/9/18 1:17am

[redacted] already has a new man. I thought that maybe  
I could forgive her and win her back but nah  
[redacted] yesterday I should have listened to  
[redacted] two other guys from ONW  
that told me all [redacted] does is use guys and  
she's a such slasher. Fuck her man yesterday  
I only turned myself in bc she made me  
promise her I would. Fuck I'm such a fool  
I should have listened to talk and pay and  
[redacted] and all the other people that  
warned me about her. I want my shoes back tho  
but I'm worried she won't give 'em back. Yesterday  
before practice weal god me and [redacted] had a  
good talk and I pretty much told him the other  
reason I was in trouble w the law cuz I got kicked  
out the house. I told him I was in jail for  
a while and he said if I need anything  
come to him and to also keep my behavior in  
check. I have curfew at 9:15pm I'm super  
nervous bc I don't know what will happen

also I had [redacted] give me my 2 teeth between  
my pointer and middle finger. 1/13 [redacted] messy  
found out about it and they are fucking pissed  
yesterday I slept the whole day. I think me  
and [redacted] are doing awful. I'm just not about  
to have any contact w her but I guess I still  
fit her cuz I still love her. I'm planning  
on getting her to prom cuz I can maybe get off  
for 4 months. That's my goal. also missing the ritz and  
seeing all my friends getting to do well cuz they want  
money we definitely want to buy into changing. Also  
I think I want to be a detective when  
I grow up. In I'm playing w keeps cuz  
he don't have school today or tomorrow but  
like I'm not about to leave the house cuz

I'm not trust worthy. My [redacted] went to  
a costume party on sat and my [redacted] ordered the  
addins super dave to go w his "tricking" song gilly  
and he ordered girls size on accident so I  
got fit him but they fit me so I got them.  
cuz. Also today is [redacted] bday cuz we  
got god demands and my dad left to go out  
of town for work.

1/18/18

[redacted] told me last night while we were fit  
til 4am that [redacted]

and [redacted] I'm low key glad that  
he [redacted] but I can't believe

that [redacted] while I was

locked up. Yes she told me we were broken

B4 I got locked up but had left me  
under the impression that I would be with her when  
got out. [redacted] and I are officially built together  
because she made promises like she would cheer  
on me and she will become communicative in my  
career her stuff is on Sharp. And I promised  
loyalty and less jealousy and - obviously  
the love and security. I still love her because  
she told me [redacted] 'Cuz  
we have feelings for each other and I see  
I remember all the good memories about  
her with our first dates and her smile  
and her amazing eyes. But the next  
problem that we have is going to be  
left. either one be almost everyone  
told me not to go back to her. But I  
don't know her like I do and they don't know  
all the good she and I had they  
only see the negatives. My parents  
think will my phis puts on Monday Night  
So I had good hopes and everything  
else but when I changed on it and  
smoked a cig yesterday and today.  
Phis on Tuesday was good I made out of  
swags. My therapy is going really  
good I'm barely doing it. Slowly they are  
to go up I got her back and I'm sober  
from everything. 11/11/18 10:43am  
I'm trying to change and I'm going to. I sleep  
6 hr and drive to [redacted] 'Cuz I was promised in

breaking up w her. But I couldn't I still  
w/ her but I got my hoodie and sweater  
back. [redacted] Is transferring to our school  
soon. I have quilt reply and laboratory and  
smoking and my badge looks better. Today my  
cure manager came and my [redacted] repeated to  
her about the vaping so I might use diversion.  
Me and my [redacted] need to get a better relationship  
CUZ kn its horrible. This is going to be hard  
be I am compromised now. I have to go thru a drug  
test during HHTT Im gonna pass but I was  
planning on going to [redacted] CUZ I have a last  
chance. Also I wrote random comments on my  
chem test then I talked to [redacted] for  
most of the hour then I talked to [redacted]  
CUZ I need to completely be into chemistry.  
I just grabbed [redacted] and [redacted] CUZ she  
got called down to [redacted] from leaving  
school to take the drug test at 11 and its  
10:40 so ye.

10:10am 1/20/18

I passed my drug test. Then I came back  
to school and skipped 5 and 6 to take a nap and  
they assumed my absences. Then [redacted] came  
over after school and he hung out till  
10:30 pm. PM Im in a 5hr reced it. earlier course  
for refereeing.

I just got caught shoplifting at  
schools. I am a complete fuck up.

1/20/18

Today I got caught Shop lifting at school.  
I now have additional charges and way too much to  
come back from. My [redacted] just told me I am  
literally a disappointment and I'm never going to change.  
Well [redacted] your completely right I love you  
but now I'm gone & life will be 100% easier, ~~and~~  
[redacted] we fight so much but I do love you.  
[redacted] I love you so much and I need  
to both to not end up like me.

These days

## 12 (Police Slang)

12 is a slang term used to refer to the police or any other law enforcement agencies. The 12 slang derives from Adam-12, a TV series which ran from 1968 to 1975.. The TV show Adam-12 is a television police drama that followed two police officers of the Los Angeles Police Department (LAPD), Pete Malloy and Jim Reed, as they rode the streets of Los Angeles in their patrol unit, 1-Adam-12.

It's very common for criminals to yell "12" if any cops are coming to warn their fellow criminals.

This slang is highly popular in hip hop lyrics. [Migos](#), a popular rap group from Atlanta had a song titled "Fuck 12" which is a song about cops interfering with their criminal activities, in the song, they said "It's a knock at my front door - 12 kickin in my front door - Now we running out the back door - Drop the pistol, this the life of that bando."

## 12 Joke

- When I was 11 I turned 13 cause I don't f\*ck with 12.

45	1/22/18	Dana Gouge	Review of Officer Jenison In-Car Video

OISIT: 18-01

Olathe PD: 2018-0000981

Review of Officer Jenison's In-Car Video

Lead #45

The video was provided to me on a USB drive in a sealed envelope by Corporal Jeremiah Waters with the Merriam Police Department following an OISIT briefing at the Olathe Police Department at approximately 1016 hours on 1/22/2018. I took the USB drive to my office and loaded the videos onto my computer at approximately 1056 hours and returned the USB drive to the envelope. It was sealed and later returned to Corporal Waters.

Upon watching the panoramic and standard versions of the video, I noted the following:

The video begins with Officer Jenison's police vehicle in a parked position in a parking lot. No sound was activated initially. The first time displayed on the video was approximately 17:43:08 on 01/20/18. The video had stamps indicating the Overland Park Police Department and Officer Clayton Jenison. At approximately 17:43:22 the vehicle begins to move forward.

As the vehicle pulled onto the street, lights were activated at approximately 17:43:37, along with the sound. The siren was activated at approximately 17:43:39. Officer Jenison (234) advised dispatch he was at 143<sup>rd</sup> and Grant at approximately 17:43:44.

The dispatcher stated, "234, 237 in route for a J21 attempt at 9309 W 149<sup>th</sup> Terrace". Officer Jenison drove west on 143<sup>rd</sup> to Switzer, where he turned left (south). The vehicle travelled south on Switzer to 147<sup>th</sup>, where it turned left (east). Officer Jenison turned right (south) onto Carter Street. The dispatcher told the officers the parents were not home and the subject was in the basement.

At approximately 17:45 the dispatcher advised officers to switch to TAC6 channel. At 17:46 Officer Jenison switched to TAC6. Next, the car went left (east) on 149<sup>th</sup> Terrace then north on Hayes Street, where Officer Jenison turned around facing south. (N38.85722 W94.69532) At 17:47:03 he stopped on Hayes at the intersection of Hayes and 149<sup>th</sup> Terrace. 9401 W 149<sup>th</sup> Terrace and 9309 W 149<sup>th</sup> Terrace are both partially visible in the video.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Between 17:47 and 17:48 Officer Jenison approached 9309 W.149<sup>th</sup> Terrace on foot. He contacted Officer Newlon in the yard and there was conversation about a dog and trying to get a phone number. Officer Jenison appeared to use his radio to request a phone number for the child and have him come upstairs. He then asked Officer Newlon if he had his car phone with him. Officer Jenison said he thinks there is a "mom right there."

At approximately 17:49:23 Officer Jenison is visible on the driveway near the garage doors. Officer Jenison can be heard saying, "ok a mom's just showed up we'll try to get an address for her." As he was saying this, at 17:49:26 the garage door started opening.

At 17:49:34, the vehicle began backing out of the garage and Officer Jenison yelled, "STOP!" He again yelled "STOP" at 17:49:35. The vehicle was visible, backing from the garage toward Officer Jenison. Officer Jenison backed away from the vehicle. He yelled, "STOP" again and fired two (2) shots at approximately 17:49:38, according to the video. Officer Vendetti's vehicle arrived at approximately the same time, stopping west of the scene.

The suspect vehicle appeared to stop briefly at 17:49:40 and resume backing at 17:49:41. Officer Jenison again yelled, "STOP." The car continued backing and turning until it was facing away from the house and was partially on the street and in the yard. The engine was revving and the tires were squealing on the pavement.

Officer Jenison can be heard on the video calling into dispatch that shots had been fired at approximately 17:49:45. Then a volley of shots are fired. Approximately eleven (11) additional shots were fired between 17:49:46 and 17:49:48. The suspect vehicle then began rolling forward toward the street. An officer can be heard yelling, STOP, JOHN, STOP THE CAR, as it rolled across the street.

Officer Jenison then called into dispatch that shots had been fired at 17:49:55. Another officer can be heard calling dispatch for medical assistance for the suspect. Officer Jenison was breathing very heavily and uttered, "fuck."

Around 17:50:38 an officer walked Officer Jenison to the rear of Officer Vendetti's vehicle. The officer was telling Officer Jenison to take deep breaths and another voice asked if he was OK. Officer Jenison replied that he was "good."

Officer Jenison's voice became high pitched, with a distraught emotional tone and said, "I thought he was going to run me over man." The other officer attempted to calm Jenison by talking to him and telling him he is good. Officer Jenison continued to breathe deeply and loudly. At approximately 17:51:17 Officer Jenison repeated that he thought he was going to be run over by saying, "I thought he was going to run me over man." The other officer said, "I know."

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

At approximately 17:51:45 Officer Jenison directs someone to the suspect van. He then told someone to keep the mom back. At approximately 17:52:10 Officer Jenison appeared to throw up or have dry heaves. The video showed Officer Jenison appear to be weeping. At approximately 17:54:48 an officer moved Officer Jenison's police vehicle to block the roadway.

While continuing to weep Officer Jenison said, "I didn't want to do it" at approximately 17:56:37. Officer Jenison asked for a phone at approximately 17:56:59 because he wanted to tell his wife he was good. At approximately 17:58:30 Officer Jenison said, "I fucking told I told him to stop. I fucking told him to stop." Another officer said he heard him. Officer Jenison, while he continued to weep, again said, "I fucking told him to stop." At approximately 18:00:05 Officer Jenison said "I \_\_\_\_\_ that fucking kid man." *I was unable to understand a word in the previous sentence. This is indicated with a "\_\_\_\_\_".*

At approximately 18:01 an officer can be seen using crime scene tape to secure the scene. At approximately 18:01:37 a male voice asked, "How's it going?" Officer Jenison replied by saying, "How you doing sir? I'm doing alright." A male voice advised him to take some deep breaths. The video ended at approximately 18:01:59.

Lead No	Date	Officer	Synopsis
46	01/22/2018	Brian Gressel	Review and document Officer Vendetti's in-car video.

On Monday, January 22, 2018, I was assigned Lead 46. This lead was to review and document the in-car video of the vehicle driven by Officer Vendetti during this incident.

The video was contained on a 32GB Sandisk USB (Universal Serial Bus) flash drive. On this drive, I located a ZIP file which had been titled Overland\_2018001376Vendetti1P54\_20180121\_0021.zip. I then watched the video by selecting the WGVPlayer.exe file which contained a player along with the recordings created by the WatchGuard in-car video system.

The video was one hour, twenty-two minutes, and twenty-two seconds in length. The time listed at the beginning of the video is 17:44:47 hours. It starts with Vendetti driving southbound on Melrose Lane approaching 135<sup>th</sup> Street in Overland Park, KS. He turns west onto 135<sup>th</sup> Street and activates his emergency lights and sirens at 17:45:18 hours. He does a u-turn at Nieman Road. He then drove eastbound until turning south on Switzer Road. While southbound, Vendetti identified himself as radio number "33". He told other responding officers "This kid has uh run from us before. He was a wrestler. He's always bragging out here to fight us." These comments were in reference to JOHN Albers, w/m, [REDACTED]. Next, Vendetti turned eastbound on 151<sup>st</sup> Street. As he approached his turn for northbound Carter Street, Vendetti turned off the sirens to his vehicle. As he completed his turn to northbound Carter Street, the dispatcher advised all officers, "Looks like he's on SnapChat currently and another form of social media talking about his J21. They are observing blood."

Vendetti arrives on scene at 17:49:35 hours. He parked along the south side of the road in between the properties of 9309 W 149<sup>th</sup> Terrace and 9401 W 149<sup>th</sup> Terrace. As he arrives, Officer Jenison can be seen walking backwards, with his arms extended in front of him, down the driveway away from the residence at 9309 W 149<sup>th</sup> Terrace. A silver van is seen backing toward Jenison. Officer Newlon is seen in the street, east of 9309 W 149<sup>th</sup> Terrace, moving toward Jenison. Sergeant Goddard is seen turning from northbound England Street going west on 149<sup>th</sup> Terrace.

As the silver van almost clears the garage, it appears to speed up toward Jenison who has backed up just past the halfway point of the driveway toward the street. Two shots are heard being fired at 17:49:37 hours by Jenison. During this time, Vendetti is heard stating, "What the!" The van slows down but again speeds up. It then turns counterclockwise at the end of the driveway until it faces north toward the street with its front wheels just in the street. While the van turned, Jenison is seen trying to avoid being struck by moving within the center of the spiral turn of the van. He ultimately ends up in

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

the center of the driveway, approximately halfway between the street and the residence along the passenger side of the van.

The van next started backing up toward the residence. At the same time, Sergeant Goddard pulls up to the northeast corner of the driveway with his emergency lights activated. Vendetti exits his vehicle and can be seen running in the middle of the street toward the van and Jenison. Vendetti yells, "Stop the car!" However, the van then backs up rapidly toward the house and the direction of Jenison. Multiple shots are then heard being fired by Jenison at 17:49:45 hours with the last one fired at 17:49:47 hours. Vendetti yells, "Shots Fired! Shots Fired!" As the van begins to roll forward, Vendetti with his right hand raised up, palm forward indicating to stop, yells, "Stop! Stop! John, stop the car! Shit!" The vehicle rolls northbound across the street coming to rest in the yard. As it passes Vendetti, he grabs the front driver's handle of the door apparently attempting to open it or to stop the vehicle. He then uses his radio to state, "We have shots fired. He's down. We need medical ASAP!" As the vehicle comes to a stop, Sergeant Goddard, Officer Jenison, Officer Newlon are seen moving toward the van.

While attempting to gain contact with JOHN, Vendetti states, "John, John, John, John. God damn it. Glove up, glove up. John are you alright." He then tells Jenison, "Are you okay? Alright. Alright. Go, go hang out by my car." Newlon then escorted Jenison to the rear of Vendetti's patrol vehicle. As he walked by the front of the vehicle, Jenison is seen holding his hands to his face.

Medical personnel arrive on scene at 17:51:09 hours. Vendetti tells them JOHN suffered several gunshot wounds. He also told them he has been unable to find a pulse. They assess JOHN and determine that he is deceased.

Vendetti next checks on the condition of Jenison. Jenison can be heard gasping. Vendetti tells him, "It's alright. It's alright. It's okay. Breathe. Just breathe. It's okay." Vendetti leaves Jenison with Newlon so that he can go help secure the scene.

At 17:57 hours, Vendetti can be heard telling an unknown subject, "It happened pretty quick." "I did not shoot." "I'm familiar with John so I put myself on the call". "I saw Jenison." "He looked like he was issuing some kind of commands, but I couldn't hear because I was still in my vehicle." "I saw the suspect vehicle whip out in reverse." It should be noted this conversation was difficult to understand because the audio continuously cut out.

At 18:09 hours, while speaking with an unknown male, Vendetti states that Jennison and Newlon are in his patrol vehicle. When asked if they were okay, he states, "No, well, Jenison is not."

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

At 18:11 hours, Vendetti is assigned to maintain a crime scene log for the western perimeter.

At 18:38 hours, the Overland Park Fire Department and Johnson County Med-Act personnel began leaving the scene.

At 18:56:26 hours, Vendetti's microphone is turned off. It is turned on again at 18:59:01 hours. At 19:02:01 hours, the microphone is again turned off for five seconds. At 19:02:29 hours, it is turned off again for fifteen seconds. At 19:03:19, it is turned off for six seconds. At 19:05:29, the microphone is turned off for five seconds.

The video ends at 19:07:08 hours.

Nothing further at this time.

Lead #47 – In Car Video Review Ofc. Newlon

On 01/21/2018 at approximately 1700 hours, I (Det. C. Spegal) was assigned Lead #47 to review Officer Newlon's in car video footage. I reviewed the video and observed the following:

The video footage began on 01/20/18 at approximately 1743:37 hours (according to the time stamp on the video surveillance footage). I observed Ofc. Newlon's vehicle turn eastbound on 151<sup>st</sup> from Stearns Place. After Ofc. Newlon turned eastbound onto 151<sup>st</sup> Street, he activated his vehicle's emergency lights and siren. After the lights and siren were activated, the microphone turned on and I could hear some of the radio traffic. I heard the dispatcher state that the subject stated that he was going to stab himself and that he was done with life. The dispatcher advised that the subject was currently in the basement, there were no parents at home, and Med Act was going to stage. I heard another officer ask to add him to the call because he was familiar with the subject. I observed Ofc. Newlon continue to travel eastbound past Switzer Road and turn left onto northbound England Street. As Ofc. Newlon was turning onto England Street, he turned off his emergency lights and siren. I observed Ofc. Newlon turn westbound on 149<sup>th</sup> Terrace and stopped his vehicle. As Ofc. Newlon turned onto 149<sup>th</sup> Terrace, there was a dark colored sport utility vehicle stopped at stop sign of eastbound 149<sup>th</sup> Terrace and England Street.

At approximately 1745:40 hours, Ofc. Newlon parked his vehicle about one house to the east of 9309 West 149<sup>th</sup> Terrace. I observed a sport utility vehicle drive past Ofc. Newlon traveling westbound. I also observed a white passenger vehicle pass Ofc. Newlon traveling eastbound. I was unable to see a license plate or other identifying information on the vehicles. I heard dispatch advise the officers on the call to switch radio traffic to "TAC 6".

At approximately 1746:34 hours, I observed Ofc. Newlon exit his patrol vehicle and walk westbound in front of his vehicle on the north side of road. Ofc. Newlon stopped just in front of his patrol vehicle.

At approximately 1746:43 hours, I observed Ofc. Jenison's patrol vehicle traveling eastbound to the west of Ofc. Newlon's patrol vehicle. I observed Ofc. Jenison's patrol vehicle turn north on Hayes Street. I observed Ofc. Jenison's vehicle turn around in the street and park facing southbound on Hayes Street. I observed two passenger cars following Ofc. Jenison's vehicle. The vehicles continued northbound on Hayes Street after Ofc. Jenison's vehicle turned around. As Ofc. Jenison was parking his vehicle, I observed another sport utility vehicle drive past Ofc.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Newlon traveling westbound. I observed Ofc. Newlon walk south across the street and then another sport utility vehicle passed him traveling westbound. I was unable to read the license plate on either vehicle.

At approximately 1747:45 hours I observed Ofc. Jenison walk from his vehicle, across the street and toward the address of 9309 West 149<sup>th</sup> Terrace.

At approximately 1748:09 hours, I observed both officers approach the house. I heard what sounded like a dog barking inside the house and I heard the officers talking about the dog. Ofc. Jenison remained north of the residence in the front yard near a tree, while Ofc. Newlon remained at the west corner of the single car garage door. I heard Ofc. Jenison ask if they could get a phone number for inside the residence. I observed another passenger car driving eastbound past the residence. I then heard Ofc. Jenison ask Ofc. Newlon if he had a phone. Ofc. Newlon advised that he did not have a phone, but that he would run back to his vehicle and grab his phone.

At approximately 1749:00 I observed Ofc. Newlon running back toward his vehicle. I observed what appeared to be headlights pulling up behind Ofc. Newlon's vehicle. I then heard Ofc. Newlon state, "That's his mom". Ofc. Jenison was standing behind a small tree in the front yard of residence at that time. I heard Ofc. Newlon ask someone to stay back and then he asked if the person had a phone number for "him".

At approximately 1749:19 hours, I observed Ofc. Jenison start walking toward the garage door of the house.

At approximately 1749:25, I observed the garage door begin to open as Ofc. Jenison was reaching the driveway of the residence. Ofc. Jenison continued walking toward the garage door while the garage door was opening. As the garage door was almost fully opened, I observed the brake lights and reverse lights from the minivan inside the garage were illuminated. I observed Ofc. Jenison take two steps backward down the driveway toward the street. I heard Ofc. Newlon say, "Oh, wait" to the person that he was talking to.

At approximately 1749:33 hours, I observed that the garage door was fully opened. As soon as the garage door is fully opened, I observed the van began backing out of the garage.

At approximately 1749:35, I heard Ofc. Jenison yell "stop" as he began stepping backward down the driveway toward the street. I heard Ofc. Jenison yell "stop" a second time. As Ofc. Jenison is stepping backward, it appeared to me that he began to draw his firearm from his holster.

At approximately 1749:37 hours, I heard Ofc. Jenison yell "stop" a third time. After Ofc. Jenison yells stop, I observed him fire two shots in rapid succession. Ofc. Jenison continued walking backwards as he was firing and stopped firing after the second shot. Ofc. Jenison was almost to the sidewalk area after he fired the second shot. Just before Ofc. Jenison fired the two

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

shots, I observed Ofc. Vendetti arrive on the scene to the west of the residence. Ofc. Vendetti parked his patrol vehicle on the south side of the street facing east. After the second shot is fired, I observed the brake lights on the van illuminate and the van stopped briefly.

At approximately 1749:40 hours, I observed the van accelerate at a high rate of speed in reverse. I heard Ofc. Jenison yell "stop" a fourth time. At that time, the van's rear tires were near the sidewalk and the vehicle made a sharp J turn.

At approximately 1749:41 hours, I heard the tires screeching as the van made the sharp J turn and was accelerating backwards at a high rate of speed toward the house. I observed the vehicle back up into the yard in a southeast direction toward Ofc. Jenison. I observed Ofc. Vendetti exit his patrol vehicle and run toward the van. I observed Ofc. Jenison on the sidewalk area and he had turned around facing toward the north, so that he was facing toward the van. At this time, I observed Sgt. Goddard's patrol vehicle enter the video surveillance frame and his vehicle is traveling westbound. I observed the emergency lights on Sgt. Goddard's vehicle illuminate as his vehicle passed Ofc. Newlon's vehicle. Sgt. Goddard's vehicle continued to travel westbound toward the driveway and the van. I observed the van continue to back up in a southerly direction toward Ofc. Jenison. I observed Ofc. Jenison appeared to be trying to call out on his radio as he continued to move back away from the van.

At approximately 1749:44 hours, I observed the van continue traveling backward toward Ofc. Jenison and the house. The van was completely off the street at that time. I observed Ofc. Jenison stepping backward up the driveway toward the house. I heard Ofc. Jenison yell "stop the car". I then observed Ofc. Jenison begin to fire as he went back to a two-handed shooting stance. I observed Ofc. Jenison fire what appeared to be 11 rounds in rapid succession as the van continued to drive backward. Ofc. Jenison was stepping backward and toward the east as he fired. I observed that around the time that Ofc. Jenison was firing his final shots in the series, the van stopped moving backward. I observed the van then slowly start rolling forward at approximately 1749:47 hours.

At approximately 1749:49 hours, I observed Ofc. Vendetti run up toward the van as it is rolling forward. I observed Ofc. Vendetti had his hand extended toward the car and was yelling "stop the car, stop John, stop the car". I observed Sgt. Goddard exit his patrol vehicle and start running toward the van. I observed Ofc. Newlon moving into the camera view and toward Sgt. Goddard's patrol vehicle.

The van continued to roll across the street and into the neighbor's yard on the north side of the street. Ofc. Vendetti, Sgt. Goddard, and Ofc. Newlon ran toward the van. Ofc. Vendetti and Sgt. Goddard approached the driver's side. Ofc. Jenison then began to walk across the street toward the van. I observed Ofc. Jenison reholster his handgun as he was walking across the street. Sgt. Goddard ran around the front of the van and approached the front passenger side door. I heard, who I believe was Ofc. Vendetti yelling "John, John, John". As Ofc. Newlon and Ofc. Jenison

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

approached the passenger side rear of the vehicle, Sgt. Goddard opened the front passenger side door of the vehicle. I heard what sounded like Ofc. Newlon telling Ofc. Jenison to "stay back".

At approximately 1750:13 hours, I observed Ofc. Newlon and Ofc. Jenison walk away from van toward the street. I heard what sounded like Ofc. Jenison breathing very heavily. I heard Ofc. Newlon say, "Hey, deep breaths man, deep breaths".

At approximately 1750:22 hours, I heard Ofc. Vendetti say, "Are you okay?" as Ofc. Newlon and Ofc. Jenison were walking toward Ofc. Vendetti's patrol vehicle. I heard Ofc. Jenison say "Yeah, I'm good". I heard Ofc. Newlon telling Ofc. Jenison to come with him.

At approximately 1750:36 hours, I heard Ofc. Jenison say, "I thought he was going to run me over man". Ofc. Jenison sounded very upset and sounded as if he was about to cry as he was speaking. I heard Ofc. Newlon say something else, but I could not understand what he was saying.

At approximately 1751:06 hours, Ofc. Newlon appeared to get on the radio and advise that "one subject was down. Officer is 10-4".

At approximately 1751:15 hours, I heard Ofc. Jenison again state, "I thought he was going to run me over man". Ofc. Newlon stated "I know" and kept repeating "Hey".

At approximately 1751:20 hours, I observed Med Act and a fire truck pull up on scene. I heard Ofc. Jenison say "Fuck". Ofc. Jenison said something else, but I could not understand what he said. Ofc. Newlon said "Hey, but, hey, you're 10-4 man".

At approximately 1751:38 hours, I saw a white female subject run westbound past Ofc. Newlon's vehicle and she was running toward the van. I heard what appeared to be Ofc. Jenison yelling to Med Act and Fire personnel, "He's in the van, in the van. Keep the mom back". I observed fire and Med Act personnel begin walking up toward the van.

At approximately 1752:02 hours, I heard Ofc. Newlon state, "Listen man, you did what you, deep breaths man, hey". I heard Ofc. Jenison say "Yeah". I then heard what appeared to be Ofc. Jenison dry heaving as if he was about to vomit. I heard Ofc. Newlon say, "I'm sorry you got me man because I don't know what the fuck to say to you. Alright?" Ofc. Jenison responded, "Your good man". I could hear what appeared to be Ofc. Jenison taking a series of deep breaths.

At approximately 1752:33 hours, I observed a Med Act employee get a stretcher out of the ambulance and begin roll the stretcher up toward the van.

At approximately 1753:12 hours, I heard Ofc. Newlon tell Ofc. Jenison to come back over to his location and to get out of the street. Ofc. Newlon appeared to be speaking to a Med Act or Fire

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

employee and stated, "No holes, he's okay". I then heard someone ask him if he was okay. It sounded as if Ofc. Jenison then began crying.

At approximately 1754:01 hours, I observed Ofc. Newlon walking toward Ofc. Jenison's vehicle. Ofc. Newlon yelled to Sgt. Goddard that he was moving Ofc. Jenison's car to block the street. Sgt. Goddard advised him to tape off the street. Ofc. Newlon moved Ofc. Jenison's car to block the street. Ofc. Newlon removed some traffic cones from Ofc. Jenison's vehicle and placed them in the street.

At approximately 1755:46 hours, Ofc. Newlon returned to the area where Ofc. Jenison was at.

At approximately 1756:35 hours, I could hear what sounded like Ofc. Jenison sobbing. I heard Ofc. Jenison state, "I didn't want to". Ofc. Newlon replied "I know. Nobody ever wants to man. Okay? Nobody ever wants to". Ofc. Jenison continued crying and then asked Ofc. Newlon if he could get his phone out of his patrol vehicle. Ofc. Jenison stated that he wanted to tell his wife something, which sounded like "I'm good". Ofc. Newlon said "Here you go. That's the most important thing man, the wife, alright?"

At approximately 1758:30 hours, I heard Ofc. Jenison say, "I told him to stop". Ofc. Newlon responded, "I know". Ofc. Jenison then stated, "I fucking told him to stop". Ofc. Newlon responded, "I know. I heard you man". Ofc. Jenison appeared to start crying again and stated, "I fucking told him to stop". Ofc. Newlon stated, "You did".

At approximately 1800:44 hours, I observed a Med Act employee roll the stretcher back to the ambulance and loaded the empty stretcher into the ambulance.

At approximately 1802:12 hours, I heard someone talking with Ofc. Newlon and someone asked if they were okay. Someone then approached Ofc. Newlon and asked him if he was one of the first officers on the scene and he advised them that he was. At that time, the microphone shut off and I could not hear any sound or their conversation.

At approximately 1802:30 hours, I observed a Med Act supervisor arrive on the scene.

At approximately 1803:50 hours, the microphone was turned back on. I heard someone ask Ofc. Newlon whose car he was by. Ofc. Newlon responded that it was Ofc. Vendetti's vehicle. The person asked him where his car was at and Ofc. Newlon stated his vehicle was at the other end of the street.

At approximately 1804:15 hours, the microphone turned back off and there was no sound throughout the remainder of the video.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

At approximately 1805:47 hours, I observed Sgt. Goddard talking to the white female who ran up to the scene. Sgt. Goddard walked the female subject back to the east behind Ofc. Newlon's patrol vehicle.

At approximately 1811:42 hours, I observed a white van pull up in front of Ofc. Newlon's vehicle. The vehicle appears to be an Overland Park Police Department Crime Scene van.

At approximately 1818:53 hours, I observed Sgt. Goddard again talking to the female that showed up on scene.

At approximately 1820:27 hours, the female subject walked back to the east and off camera view.

At approximately 1827:56 hours, I observed two officers enter the garage of 9309 West 149<sup>th</sup> Terrace.

At approximately 1834:43 hours, I observed the two officers exit the garage.

At approximately 1838:46 hours, I observed Med Act and the fire truck leave the area.

At approximately 1839:17 hours, I observed the Med Act supervisor leave the area.

At approximately 1842:10 hours, I observed an officer place evidence tape up around the inner perimeter on the east side of the residence and van.

At approximately 1918:29 hours, the in-car video footage ends.

All times noted are approximate times and are according to the time stamp on the video surveillance footage. The information in this report is a summary of my observations of the video and not a direct transcript of the video.

Nothing further at this time.

Clayton Jenison  
Overland Park Police Officer

On Sunday, January 21, 2018, I was assigned Lead #50, which consisted of witnessing the vehicle being removed from the scene and following the tow truck to the Johnson County Sheriff's Office Crime Lab. I was told Kidd's Tow was order for the vehicle removal.

On Sunday, January 21, 2018, at approximately 0144 hours, Alex Grable with Kidd's Tow, arrived on the scene. Prior to his arrival, I filled out the Johnson County Sheriff's Office Towed Vehicle Report, which I had him sign. Alex was given his copy of the report for his records. Alex used a flatbed tow truck to remove the vehicle from the scene.

On Sunday, January 21, 2018, at approximately 0157 hours, the vehicle was towed from the scene and I followed the tow truck to the Johnson County Sheriff's Office Crime Lab. At approximately 0215 hours we arrived at the Crime Lab. Sgt. Barney with the Johnson County Sheriff's Office Communications Division had the Crime Lab garage bay open and waited on arrival. The vehicle was then placed inside the garage bay for later processing.

I have nothing further at this time.

Lead #51 – [REDACTED] Video/Audio

On 01-20-18 at approximately 2105 hours, an Overland Park Police Officer, who was conducting scene security, informed me that the resident of [REDACTED]<sup>th</sup> Ter., Overland Park, KS., 66221 possibly had surveillance video of the shooting that occurred at 9309 W 149<sup>th</sup> Ter.

I contacted the resident, identified as [REDACTED], cell phone # [REDACTED]. [REDACTED] informed me that he has a couple of Canary surveillance cameras inside his house and thought he may have captured either video and or audio of the incident. [REDACTED] said he was not home when the shooting occurred and wanted to review his surveillance system, but was not sure of the time he should look for, I informed him that the officers received the call around 1743 hours. [REDACTED] said he would review the footage and contact me if he located anything.

At approximately 2148 hours, I re-contacted [REDACTED] at his home. [REDACTED] informed me that his system did not capture any video of the shooting, but thought that it may have recorded sounds of shots being fired. I asked [REDACTED] to show me the footage. The video was of the inside of his residence and it was determined that the sounds [REDACTED] thought was gunfire, was of his cat playing inside house.

[REDACTED] stated he had sent a copy of the video to my email. The video was later downloaded, saved onto a disc, and entered into evidence.

Nothing further.

Lead # 52: Releasing the residence to Steven C. Albers & Sheila B. Albers

On 01-21-2018 at approximately 14:45 hours, Corporal Waters, Detective Wakefield and I responded back to the Albers' residence,

9309 W. 149<sup>th</sup> Terrace  
Overland Park, KS

to complete a walk through and subsequently release the residence back to the family.

After confirming the Johnson County Crime Laboratory personnel had completed processing we entered the residence through the front door at 14:50 hours.

Once inside the residence we completed a final walk through with Crime Laboratory personnel. Nothing of note was discovered during the walk through.

Upon completing the walk through at 15:15 hours, I re-contacted Mrs. Albers via text messaging and subsequently by telephone. During the phone call I told her the processing at the residence was completed. I told her we had some preliminary results from the autopsy that could be released. I also wanted to confirm she still wanted us to clean the scene as Detective Wakefield and I had previously offered to do. Mrs. Albers said she would call her attorney,

Mike Rader  
11150 Overbrook Road Suite # 200  
Leawood, KS 66211  
Office: (913) 266-2300  
Cellular: [REDACTED]

And call me back. At 15:24 hours, Mrs. Albers returned my call to let me know they would appreciate us cleaning the residence.

The blood located on the kitchen floor and counter was cleaned using household cleaners. The glass fragments in the driveway and front yard was also cleaned. While cleaning the glass at the front of the residence, Chanel 5 News arrived and parked on the street. I notified Mrs. Albers of their arrival and asked her if she had planned to enter through the garage.

The Albers arrived at the residence at approximately 15:43 hours. They pulled directly into the garage. Corporal Waters and I met the Albers at the front door of the residence and were invited into the living room area.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

I told the Albers we had taken care of cleaning the residence to the best of our abilities and explained to them the area cleaned was not significant. I told them the preliminary results of the autopsy indicated John had had amphetamines in his system and we were still awaiting results to determine his blood alcohol levels. The Albers advised John had a prescription for [REDACTED] which could explain the amphetamines in his system.

I told the Albers the cause of death was determined to have been a gun shot. They asked how many rounds. I explained I did not have that information and we would receive the autopsy report which would provide that information. They asked when that would be available and we explained it would be several weeks and could not provide them with an exact date.

Mr. Albers said he could not understand how the Police responded to assist his son and then killed him. That was not offering assistance.

During the conversation we discussed obtaining a statement from them in the future. The Albers said they wanted to cooperate and would contact their attorney and let me know. I told them to contact me if they have any questions. I also told them to feel free to provide my number to their attorney.

The conversation with the Albers was recorded with a digital voice recorder.

Respectfully Submitted,

Sgt. Nick Rothwell # 245

Mr. Rader called to check if processing had been completed on the Albers' Honda Odyssey van. I advised him I would check with the Johnson County Crime Laboratory and re-contact him.

I spoke CSI K. Meyer and confirmed the processing of the vehicle was complete and the vehicle could be picked up.

I again spoke Mr. Rader and told him the vehicle could be picked up from the Johnson County Crime Laboratory. He said he would contact the Albers' insurance company, Encompass, to pick the vehicle up. He requested the opportunity to view the vehicle prior to Encompass taking possession.

I then spoke CSI K. Meyer about Mr. Rader's request and found he could respond to the Johnson County Crime Laboratory if he signed a written request form. CSI Meyer sent me the form, which was sent back to her for Mr. Rader to sign when he arrived.

Mr. Rader was advised he could view the vehicle at the Johnson County Crime Laboratory, but he would need to sign a request form upon his arrival. He agreed to do so. It was determined the Honda would be moved outside after he had the opportunity to view it to await a tow being arranged by Encompass.

I asked Mr. Rader if he had the opportunity to meet with the Albers regarding their meeting with me to provide a statement. He said he had spoken to them briefly and would contact me if they decided to do so.

On Friday, February 9<sup>th</sup>, 2018, CSI K. Meyer notified me via e-mail that Encompass had towed the Honda from the lot the previous day.

As of today's date, Monday, February 19<sup>th</sup>, 2018, I have not received any contact from Mr. Rader.

Lead #53: Interview Officer Williams Robbins with Overland Park Police Department

#### Attachments:

On 01-21-2018 Detective J. Waters assigned Lead #53, to interview Overland Park Police Department Officer William Robbins. The interview was conducted at the Olathe Police Department interview room number 3. The interview was video recorded and attached to the case file.

Officer Robbins provided the following biographical information:

Robbins, William S. w/m. [REDACTED] Employed for the Overland Park Police Department for three (3) years.

Officer Robbins said he worked the evening shift (1430-2230) on 01-20-2018. He wore his issued black uniform pants and long sleeved shirt with an exterior tactical vest.

Officer Robbins said he was patrolling and heard Officer Venndetti speak over the radio. He heard Officer Vendetti say, "Get out of the car, man down, get medical here now." He also heard approximately 3 to 5 gunshots over the in-car radio.

Officer Robbins said upon his arrival he was ordered by Major Henson to place police tape up on the outer and inner perimeter of the Officer involved shooting scene. He said an inner perimeter was set up due to the neighbors were coming out of their residences. He said Officer Newlon spoke to Colonel Haper. Officer Robbins was then instructed to assist Officer Ryan Newlon with a protective sweep of the 9309 West 149<sup>th</sup> Terrace, Overland Park, Kansas residence.

Officer Robbins said he entered into the residence through the garage door. He had his department issued firearm and flashlight out while conducting the protective sweep. I asked if he discharged his weapon in the house. He said no. The garage door lead into the kitchen. Officer Robbins said he observed blood on the kitchen floor near the base of the kitchen island. He also observed a long wood handled kitchen knife with blood on it. The knife was lying on top of the kitchen island counter. He also observed a bottle of Titos vodka and a blue bottle that looked like tequila. He also observed an empty bottle of prescription pills on the top of the kitchen island. He

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

said a cabinet door was open in the kitchen which contained liquor bottles. He assumed the bottles on the kitchen island were empty. He did not observe any other knives on the kitchen island. Officer Robbins said when he left the kitchen area he stepped around the blood on the kitchen floor. Officer Robbins cleared the first floor of the residence and did not locate any people.

Officer Robbins said he went to the basement of the residence. He said the lights were turned off and went to part of the basement. He assumed it was a bedroom belonging to John Albers due to numerous soccer apparel lying around. He said the bedroom had a bed, dresser, and a chair. He said the room was messy with the bed unmade, clothes and papers scattered throughout the bedroom. He then went to the basement area where a television, couch, and chairs were. He said the basement area was kept and clean. Officer Robbins said he did not locate any people in the basement.

Officer Robbins then went to the upper/upstairs part of the residence. He encountered two dogs. The dogs ran into the master bedroom which were secured in that bedroom. He placed a red bean bag chair in front of the bedroom door to indicate the dogs were in there. He did not locate any people upstairs.

I asked Officer Robbins if he observed or spoke with Officer Jenison. Officer Robbins said yes, when he had hung the police tape. He said Officer Jenison sat in the car with Officer Newlon. He said Officer Jenison had a "blank stare". Officer Robbins told Officer Jenison to relax and he (Officer Jenison) did not have to talk about the incident. He said Officer Newlon was speaking to Officer Jenison about their pets (dogs). Officer Robbins said he and Officer Jenison were Veterans of the military. Officer Robbins said he pulled Officer Jenison aside and said if he needed anything to give him a call.

Officer Robbins said he was told to secure the back side of the residence to make sure nobody entered the area. Officer Robbins said he cleared the scene at 2220 hours. Officer Robbins said he completed a report.

OISIT 18-01

OPPD # 2018-001376

Lead #54

On 01/20/2018 at approximately 1815 hours I was notified of the Johnson County Officer Involved Shooting Team activation at 9309 West 149th Terrace Overland Park Kansas 66221.

On 01/23/2018 at approximately 0800 hours I was assigned Lead # 54, Look into the purpose and potential side effects for the drug Adderall.

According to Drugs.com, Adderall is a combination of amphetamine and dextroamphetamine which are central nervous stimulants that effect chemicals in the brain and nerves that contribute to hyperactivity and impulse control.

#### PURPOSE:

Adderall is used to treat Attention Deficit Hyperactivity Disorder (ADHD)

#### SIDE EFFECTS:

Hallucinations

Aggression

Hostility

Paranoia

New Behavioral Problems

#### WARNINGS/PRECAUSIONS

Adderall may exacerbate symptoms of behavior and thought disorder in psychotic patients.

New onset psychosis or mania may occur with stimulant use.

Adderall usage may be associated with Aggressive Behavior or hostility.

Adderall may cause new or worsening psychosis (unusual thoughts or behavior) especially if you have a history of depression, mental illness or bi polar disorder.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

## PATIENT RESPONSIBILITY

Manufacturers of Adderall require the patient to notify their Doctor if the patient (or any family member) has/had depression, mental illness, bi-polar disorder, psychosis or suicidal thoughts or actions. In addition, the patient must inform the Doctor if he/she is currently taking opioid medicine, herbal products or medicine for depression, mental illness, Parkinson's disease and migraine headaches.

Manufacturers also recommend avoiding mixing Adderall with certain other medications that are also stimulants for the central nerve system. These medications will severely interact with Adderall. These combinations of medications can cause a condition called serotonin syndrome.

Serotonin syndrome is a potentially life-threatening drug reaction that causes the body to have too much serotonin, a chemical produced by nerve cells.

Serotonin syndrome most often occurs when two drugs that affect the body's level of serotonin are taken together at the same time

Sergeant Palmieri

# Adderall

**Generic Name:** amphetamine and dextroamphetamine (am FET a meen and DEX troe am FET a meen)

**Brand Names:** *Adderall, Adderall XR, Mydayis*

## What is Adderall?

Adderall contains a combination of **amphetamine** and **dextroamphetamine**. Amphetamine and dextroamphetamine are central nervous system stimulants that affect chemicals in the brain and nerves that contribute to hyperactivity and impulse control.

Adderall is used to treat **narcolepsy** and **attention deficit hyperactivity disorder (ADHD)**.

Adderall may also be used for purposes not listed in this medication guide.

## Important information

Adderall may be habit-forming, and this medicine is a drug of abuse. **Tell your doctor if you have had problems with drug or alcohol abuse.**

**Stimulants have caused stroke, heart attack, and sudden death in people with high blood pressure, heart disease, or a heart defect.**

Do not use this medicine if you have used a **MAO inhibitor** in the past 14 days, such as isocarboxazid, linezolid, methylene blue injection, phenelzine, rasagiline, selegiline, or tranylcypromine.

Adderall may cause new or worsening psychosis (unusual thoughts or behavior), especially if you have a history of depression, mental illness, or bipolar disorder.

You may have blood circulation problems that can cause numbness, pain, or discoloration in your fingers or toes.

Call your doctor right away if you have: **signs of heart problems** - chest pain, feeling light-headed or short of breath; **signs of psychosis** - paranoia, aggression, new behavior problems, seeing or hearing things that are not real; **signs of circulation problems** - unexplained wounds on your fingers or toes.

You may not be able to use Adderall if you have **glaucoma**, overactive thyroid, severe agitation, moderate to severe high blood pressure, heart disease or coronary artery disease, or a history of drug or alcohol addiction.

## Before taking this medicine

Do not use this medicine if you have taken an MAO inhibitor in the past 14 days. A dangerous drug interaction could occur. MAO inhibitors include isocarboxazid, linezolid, methylene blue injection, phenelzine, rasagiline, selegiline, tranylcypromine, and others.

You may not be able to use Adderall if you are allergic to any stimulant medicine. You may not be able to use Adderall if you have:

- high blood pressure, heart disease, coronary artery disease (hardened arteries);

LEAD 54  
02/27/18 2018-0000981

- overactive thyroid;
- glaucoma;
- severe anxiety, tension, or agitation (stimulant medicine can make these symptoms worse); or
- a history of drug or alcohol addiction.

Some medicines can interact with amphetamine and dextroamphetamine and cause a serious condition called serotonin syndrome. Be sure your doctor knows if you also take opioid medicine, herbal products, or medicine for depression, mental illness, Parkinson's disease, migraine headaches, serious infections, or prevention of nausea and vomiting. Ask your doctor before making any changes in how or when you take your medications.

**Stimulants have caused stroke, heart attack, and sudden death in certain people.** Tell your doctor if you have:

- heart problems or a congenital heart defect;
- high blood pressure; or
- a family history of heart disease or sudden death.

To make sure Adderall is safe for you, tell your doctor if you or anyone in your family has ever had:

- depression, mental illness, bipolar disorder, psychosis, or suicidal thoughts or actions;
- motor tics (muscle twitches) or Tourette's syndrome;
- seizures or epilepsy;
- an abnormal brain wave test (EEG); or
- blood circulation problems in the hands or feet.

Taking Adderall during pregnancy can cause premature birth, low birth weight, or withdrawal symptoms in the newborn baby. Tell your doctor if you are pregnant or plan to become pregnant.

Amphetamine and dextroamphetamine can pass into breast milk and may harm a nursing baby. You should not breast-feed while you are using this medicine.

Adderall is not approved for use by anyone younger than 6 years old.

## How should I take Adderall?

Take Adderall exactly as prescribed by your doctor. Follow all directions on your prescription label. Your doctor may occasionally change your dose. Do not take this medicine in larger or smaller amounts or for longer than recommended.

Adderall may be habit-forming. **Never share this medicine with another person, especially someone with a history of drug abuse or addiction.** Keep the medication in a place where others cannot get to it. Selling or giving away this medicine is against the law.

Read all patient information, medication guides, and instruction sheets provided to you. Ask your doctor or pharmacist if you have any questions.

You may take Adderall with or without food, first thing in the morning.

Do not crush, chew, break, or open an **extended-release capsule**. Swallow it whole.

Adderall: Uses, Dosage, Side Effects & Safety Info - Drugs.com

To make swallowing easier, you may open the capsule and sprinkle the medicine into a spoonful of applesauce. Swallow right away without chewing. Do not save the mixture for later use.

While using this medicine, your doctor will need to check your progress at regular visits. Tell any doctor who treats you that you are using this medicine.

Adderall can cause unusual results with certain medical tests. Tell any doctor who treats you that you are using this medicine.

Store at room temperature away from moisture, heat, and light.

Keep track of your medicine. Adderall is a drug of abuse and you should be aware if anyone is using your medicine improperly or without a prescription.

## What happens if I miss a dose?

Take the missed dose as soon as you remember, but not late in the day. Skip the missed dose if it is almost evening. Do not take extra medicine to make up the missed dose.

## What happens if I overdose?

Seek emergency medical attention or call the Poison Help line at 1-800-222-1222. An overdose of amphetamine and dextroamphetamine could be fatal.

Overdose symptoms may include restlessness, tremor, muscle twitches, rapid breathing, confusion, hallucinations, panic, aggressiveness, muscle pain or weakness, and dark colored urine. These symptoms may be followed by depression and tiredness. Other overdose symptoms include nausea, vomiting, diarrhea, stomach pain, uneven heartbeats, feeling light-headed, fainting, seizure (convulsions), or coma.

## What should I avoid while taking Adderall?

This medication may impair your thinking or reactions. Be careful if you drive or do anything that requires you to be alert.

Avoid drinking fruit juices or taking vitamin C at the same time you take Adderall. These can make your body absorb less of the medicine.

## Adderall side effects

Get emergency medical help if you have **signs of an allergic reaction to Adderall**: hives; difficult breathing; swelling of your face, lips, tongue, or throat.

Call your doctor at once if you have:

- **signs of heart problems** - chest pain, trouble breathing, feeling like you might pass out;
- **signs of psychosis** - hallucinations (seeing or hearing things that are not real), new behavior problems, aggression, hostility, paranoia;
- **signs of circulation problems** - numbness, pain, cold feeling, unexplained wounds, or skin color changes (pale, red, or blue appearance) in your fingers or toes;
- a seizure (convulsions);
- muscle twitches (tics); or
- changes in your vision.

Seek medical attention right away if you have symptoms of serotonin syndrome, such as: agitation, hallucinations, fever, sweating, shivering, fast heart rate, muscle stiffness, twitching, loss of coordination, nausea, vomiting, or diarrhea.

Adderall can affect growth in children. Tell your doctor if your child is not growing at a normal rate while using this medicine.

Common Adderall side effects may include:

- stomach pain, loss of appetite;
- weight loss;
- mood changes, feeling nervous;
- fast heart rate;
- headache, dizziness;
- sleep problems (insomnia); or
- dry mouth.

This is not a complete list of side effects and others may occur. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

See also: [Side effects \(in more detail\)](#)

## What other drugs will affect Adderall?

Ask your doctor before using a stomach acid medicine (including Alka-Seltzer or sodium bicarbonate). Some of these medicines can change the way your body absorbs Adderall, and may increase side effects.

Tell your doctor about all your current medicines and any you start or stop using, especially:

- lithium or other medicine to treat depression or mental illness;
- blood pressure medicine;
- a blood thinner such as warfarin, Coumadin, Jantoven;
- cold or allergy medicine that contains a decongestant;
- opioid (narcotic) medicine; or
- seizure medicine.

This list is not complete and many other drugs can interact with amphetamine and dextroamphetamine. This includes prescription and over-the-counter medicines, vitamins, and herbal products. Give a list of all your medicines to any healthcare provider who treats you.

## Where can I get more information?

- Your pharmacist can provide more information about Adderall.

Remember, keep this and all other medicines out of the reach of children, never share your medicines with others, and use Adderall only for the indication prescribed.

Lead #56 – John Albers Tattoo

On 01/21/2018 at approximately 1000 hours, I (Det. C. Spegal) responded to Frontier Forensics Midwest, LLC (40 South 18<sup>th</sup> Street, Kansas City, Kansas 66102) to attend the autopsy of John D. Albers (W/M [REDACTED]). My observations during the autopsy were completed in my report under Lead #24.

During the autopsy, I observed Albers had what appeared to be a homemade tattoo on his left lower abdomen. Johnson County Crime Scene Investigator (CSI) Amy Shanahan took photographs during the autopsy, which included a photograph of the tattoo (see CSI Shanahan's report for further information). The tattoo appeared to be "Isaiah 43:13".

I conducted an open source internet search of "Isaiah 43:13" and located a bible verse from Isaiah Chapter 43 verse 13 which states, "Yes, and from ancient days I am he. No one can deliver out of my hand. When I act, who can reverse it?"

(<https://www.biblegateway.com/passage/?search=Isaiah+43%3A13>).

I also conducted an open source internet search of Isaiah Chapter 43 versus 1 through 3, which states, "But now, this is what the Lord says – he who created you, Jacob, he who formed you, Israel: 'Do not fear, for I have redeemed you; I have summoned you by name; you are mine. When you pass through the waters, I will be with you; and when you pass through the rivers, they will not sweep over you. When you walk through the fire, you will not be burned; the flames will not set you ablaze. For I am the Lord your God, the Holy One of Israel, your Savior; I give Egypt for your ransom, Cush [a] and Seba in your stead"

(<https://www.biblegateway.com/passage/?search=Isaiah+43%3A1-3&version=NIV>).

CSI Shanahan later provided me with a compact disc containing the photographs that she took during the autopsy. The compact disc was later entered into evidence at the Olathe Police Department.

Nothing further at this time.

58	01/22/2018	Brian Gressel	Review of social media videos created by JOHN Albers

On Monday, January 22, 2018, I was given Lead 58. This lead was to review and document the social media videos created by JOHN Albers which were collected in Lead 15.

The 1 minute 33 second video begins by showing an unknown white male who is not related to this incident.

Next, it shows six handwritten pages contained within a notebook. These pages match ones found in a notebook which was documented in Lead 44 by Detective Brungardt.

The video then shows JOHN Albers. He is wearing a white long sleeve shirt and smoking a white cigarette. There is music playing in the background. The username of [REDACTED] is displayed in the upper left corner. There is a cabinet behind him which contained numerous bottles of apparent alcoholic beverages. During the video, JOHN makes the following statements:

“Fuck it. Someone needs to find my journal and then can read it to people and shit. I’m done with this. I’m going back to jail if I don’t die right now. Call...they’ve already called the cops but I’m killing myself. So, I love people. You know who you are. Come to my funeral, but I’m done. Fucking done. All these people on my arm, I love all of you. Find my journal.”

The scene switches to JOHN holding a knife to his chest. While doing this he states, “I love you people. Come to my funeral.” The video then ends.

Lead #59---Follow Up on Overland Park PD Case #2017-027059---Checking for In-Car Video for John Albers fleeing in his father's vehicle---Determined no video available

On Saturday evening, 01-20-18, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived, they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers  
WM [REDACTED]

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

On 01-23-18, I was assigned Lead #59 to follow up with Overland Park PD on case report #2017-027059 to determine if any in-car video showed John fleeing from a friend's residence in his father's vehicle as police arrived. Details of the report were

Reported 12-27-2017

John's father responded to Pie Five to pick up John's girlfriend, [REDACTED]. [REDACTED] had texted John's parents about John's driving and that she was scared. While at Pie Five, John jumped into his father's Acura and fled the area. Information was obtained that John had responded to a friend's house. The friend was reported to be [REDACTED]. Officer Waggoner responded to [REDACTED] residence. Upon his arrival, John fled out of the back of the house and got into his father's Acura. Officer Waggoner tried to contact John as he drove away by pointing his flashlight at the car and sticking his hand out for John to stop. However, John revved the engine and swerved away from the officer and patrol vehicle. Since John swerved away from the officer, no aggravated assault charges were reported. [REDACTED] reported John made vague suicidal threats that included "I should just kill myself" and "I just want to be done with it all."

Overland Park PD Det. Tinnin checked into the case to see if any in-car video was available from Officer Waggoner's patrol vehicle. It was determined Officer Waggoner's video was not

Note

CD of audio

On 01-22-2018 Lead Officer J. Waters assigned lead number 60, to interview the Blue Valley Northwest School Resource Officer (SRO). Overland Park Police Department Officer Richard Spandle was interviewed at the Blue Valley Northwest (BVNW) High School located at 13260 Switzer, Overland Park, Kansas 66213. The interview was audio recorded and attached to the case file.

Officer Spandle provided the following biographical information:

Spandle, Richard w/m, [REDACTED] cell phone [REDACTED]

Officer Spandle had been an SRO for the last seven (7) years and had been at Blue Valley North West High School for the last two (2) years. Officer Spandle said some of his duties included; Child in Need of Care, Thefts, and battery cases. He also was a general resource for the students at the high school.

I asked Officer Spandle if he knew John Albers. He said John Albers transferred from Blue Valley West in October 18, 2016. He had met John during the 2017 school year. John's mother, Sheila Albers, was the principal at [REDACTED] Officer Spandle had filled in as the SRO at [REDACTED] and got to know Sheila. Officer Spandle learned that John's mental health and conduct had recently been declining. He learned this through conversations with Sheila.

I asked Officer Spandle to tell me about John Albers. He said he does not know John personally. He said outside of school John had conduct problems and had risky behaviors. He said John played soccer and was a wrestler at the school. He added, John had been quiet with no issues or problems while at school.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer Spandle spoke of an incident when John did not report to school. Sheila Albers contacted Officer Spandle for assistance in getting John to school. Officer Spandle said John showed up to school without any intervention.

Officer Spandle spoke of an incident around December 2017 with John. He said John had stolen his dad's (Steve Albers) car which was later recovered in Kansas City, Kansas. The incident ended up with John being restrained by his dad. John was taken to Juvenile Intake and Assessment Center for that incident.

On 01-20-2018, Officer Spandle worked off-duty security at Holy Cross Elementary School for a fundraiser from 1400-2200 hours. Officer Spandle said he heard Officer 233 radio traffic. Officer 233 yelled in a "stressful voice" over the portable radio. He heard Officer 233 say, "Stop the car" and what sounded like multiple gunshots. He later learned of the address belonging to John Albers.

Officer Spandle said he had talked to Dr. Amy Murphy. Dr. Murphy was the Blue Valley North West High School Principal. He said Dr. Murphy showed up at the scene to provide assistance/support to Sheila Albers. Officer Spandle said he had not spoken to Sheila since the incident. He said there was a vigil for John at the Sunset Ridge School which he did not attend.

I asked Officer Spandle who else I could speak with regarding John Albers. He said [REDACTED]

The interview ended.

Officer Spandle escorted me to [REDACTED]. [REDACTED] entered his office and said School District Attorney [REDACTED] wanted to know what questions would be asked to school employees before the interviews were conducted. [REDACTED] requested me to contact [REDACTED] and handed me a notepad with her contact name and number on it. (See attached)

Officer Spandle escorted me out of the building. Officer Spandle said Sheila had told him that John had an issue with [REDACTED] due to childhood trauma. Officer Spandle said that conversation took place in the fall of 2017. Officer Spandle could not expand further regarding that conversation. This conversation was not audio recorded.

I left the building.

W/M [REDACTED]

[REDACTED] stated he was not at the scene and didn't know John Albers very well. He stated he only knows of John through his girlfriend, [REDACTED]. [REDACTED] refused to provide any additional information regarding [REDACTED]. [REDACTED] said he knew John was suicidal based on conversations he had with [REDACTED]. He told me John had been snapchatting directly with [REDACTED] about 15 minutes prior to this incident, but he did not know the exact details of the snapchat. [REDACTED] also said he heard John was planning on running away the night of the incident, with another friend named [REDACTED]. John did not have any other information regarding [REDACTED] other than he is on house arrest.

[REDACTED] said he does not know specifically what happened that night, but he wanted to call in because he felt bad for the officer involved and thought he was likely put in a tough position. He said it was his belief that John wanted to kill himself and based on that he put everyone else in a bad spot. [REDACTED] again stated he did not have any direct information regarding this event but wanted it to be known that he felt bad for the officer.

## Lead #63 – Goddard/Newlon Video To Lab

On 01/22/2018 at approximately 1000 hours, I (Det. C. Spegal) transported two thumb drives, which contained Officer Newlon's and Sgt. Goddard's in car video to the Johnson County Criminalistics Laboratory. The two thumb drives were logged into evidence at the Johnson County Criminalistics Laboratory under lab item #24 and lab item #25. The two thumb drives were provided to Forensic Scientist Mark Phillips and requested that he conduct a sequential image export of the videos.

At approximately 1630 hours, I contacted Phillips and he provided me with three discs containing the sequential image export from the videos (see Phillips' report for further information). One of the discs was logged into evidence at the Olathe Police Department and the remaining two discs were retained as working case file copies. The two thumb drives remained in the custody of the Johnson County Criminalistics Laboratory.

Nothing further at this time.

64	1-22-2018	Sgt. Nick Rothwell #245	Interview: Officer Kendrick

OISIT #18-01

Olathe PD #2018-0000981

OPPD #2018-001376

Lead # 64: Interview with Officer Kendrick

On Monday, January 22, 2018 at 12:06 hours, I conducted an interview with Officer Jared P. Kendrick of the Overland Park Police Department (Telephone # [REDACTED]). The interview was conducted in an interview room at the Olathe Police Department.

Officer Kendrick has been with the Overland Park Police Department for nine years; all of them in the Patrol Division. He currently works day shift from 06:00 - 1600 hours.

Officer Kendrick was aware he was being interviewed in reference to his arrest of the suspect in this case,

John D. Albers

W/M [REDACTED]

9309 W. 149<sup>th</sup> Terrace

Overland Park, KS

on Saturday, January 20<sup>th</sup>, 2018 call at Scheels (6503 W. 135<sup>th</sup> Street, Overland Park, KS).

I asked Officer Kendrick to explain the call at Scheels.

Officer Kendrick said on Saturday, January 20<sup>th</sup>, 2018 at approximately 13:00 hours, while working a theft case at Scheels, he was made aware of a second theft. The loss Prevention Officer (LPO) told him that a coach, upstairs, had noticed a referee, John Albers acting strange. John had left the area and was wearing different pants when he returned. They also noticed John was wearing more clothes than when he had arrived initially. The LPO was able to locate John, on camera, grabbing items from the store and taking them to the bathroom. Tags for the clothes were recovered in the bathroom where John had been.

The LPO asked Officer Kendrick what they should do. He told them John was maintaining unauthorized control of the items and it was obvious he attended to steal them.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

At 13:22 hours he put himself out on the theft case involving John Albers.

A Manager and an LPO went upstairs and brought John down to the Loss Prevention Office. John asked the Manager and the LPO several times for a warning.

Officer Kendrick Mirandized John almost immediately. While doing so, he observed John look down, run his hands through his hair. He asked John if he understood his Miranda warning, he replied with "Yes Sir".

Officer Kendrick asked John if he took the clothes and if he was planning to take them without paying for them. John confirmed he had taken them and had not planned to pay for them. John asked him what he would be charged with. When told he would be charged with theft he appeared upset. John asked if he could just be let go. When told he could not just be let go, he told Officer Kendrick he was on diversion and asked what class misdemeanor theft was. When he was told it the theft would be a Class A Misdemeanor. His facial features indicated he was angry and was upset at getting charged for theft.

Officer Kendrick had John call his Father, Steven Albers to come get him. When John made the call he told his Father, he had fucked up and stolen from the store.

When John was asked to return the items he had stolen, he stood up, took off his hooded sweatshirt, took off a shirt from underneath, placed it on the table, put his hooded sweatshirt back on and sat back down. The Scheels LPO told John he needed to return what he had stolen and if it was determined he had stolen other items he would be charged with another theft. John immediately stood back up. Officer Kendrick asked what he was doing. John replied he was not done yet as he took off his shoes, took off sweatpants he had over his jeans, took off his hooded sweatshirt, removed another shirt and placed it on the table, then put on his hooded sweatshirt and sat back down.

When Mr. Albers arrived John told him he knew he had screwed up. Mr. Albers made a statement similar to , you lost diversion, lost your job, banned from the store, and you are getting charged with theft is there anything else you would like to fuck up in your life right now.

Mr. Albers told Officer Kendrick this was the third contact John had with the police in the last month.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

While completing the civil restitution with Scheels, John asked if they could complete the paperwork outside because he was embarrassed standing there. As they left the

store he remembered Mr. Albers asking John if there was any more embarrassment he wanted to put himself through or something similar.

Officer Kendrick said he did not have a body camera and his mic pack did not function inside Scheels, so he utilized his digital recorder while on the call. He downloaded the audio to SharePoint at the conclusion of the call.

The interview was concluded at 12:23 hours.

On 01/22/2018 at approximately 1000 hours, I (Det. C. Spegal) responded to the Johnson County Criminalists Laboratory. I contacted Crime Scene Investigator (CSI) Kelsey Lynch and obtained a copy of the Johnson County Sheriff’s Office Criminalistics Laboratory Evidence Receipt for the items that were recovered from 9309 W. 149<sup>th</sup> Terrace, Overland Park, Kansas (see attached).

I also retrieved a white handkerchief with a prayer embroidered on it in red lettering, a handcuff key, and a small green piece of crochet cloth that were recovered from the inside of Officer Jenison’s ballistic vest. I received the items from CSI Amy Shanahan. Officer Jenison had previously requested that he be provided with the personal items. I transported the items back to the Olathe Police Department and they were later released to Officer Jenison.

Lead #68—Review OPPD Radio Traffic Recordings

I was assigned the lead of obtaining and reviewing the OPPD radio traffic recordings. I was provided a CD from OPPD Captain Sutterby, with a copy of two 911 Calls (Lead 23) and all of the radio traffic for this incident. On 1/22/2018 I reviewed the CD which contained two audio files of radio traffic

OP PRIM audio 1743 to 1752 hours

OP TAC6 audio 1746 to 1900 hours

While reviewing the OP PRIM audio I made the following notes:

- **Dispatch-Tone-234** and 237 were dispatched to 9309 W. 149<sup>th</sup> Terrace on a J-21 attempt
- **234**-responding from 151<sup>st</sup> and Stearns
- **237**-responding from 143<sup>rd</sup> and Grant
- **Dispatch**-advised the R/P was calling regarding a male by the name of John who had taken pills and has been drinking heavily. The R/P saw this on facetime and told the R/P he was going to stab himself and he was done with life. The subject is currently in the basement and no parents are home, Med-Act is in route to stage-1744hrs
- **233**- Add me to the call I am familiar with that kid
- **Dispatch**-Copied 233 and asked if 230 copied the call

Persons Contacted:

On 01/23/2018, I (Det. McMillian) received lead 69 in reference to contacting [REDACTED] name and phone number were in the call notes for this call, but it was unknown if she had been contacted or had information related to this investigation.

At approximately 0910 hours, I called and spoke with [REDACTED]. I explained the nature of my contact at which time [REDACTED] explained that she had spoken to an officer about what happened. [REDACTED] said her daughter, [REDACTED] made a post on social media in support of the police officer involved in the shooting. [REDACTED] received responses that were mostly positive, except for messages received from [REDACTED]. [REDACTED] believed the messages were threatening in nature, specifically towards the officer involved.

I was able to locate an information report taken by Overland Park PD, case number 2018-001398. This information was documented by the reporting officer. Photographs of the messages were also recovered during the reporting process.

My contact with [REDACTED] was recorded and attached with this report.

Lead # 70: Phone Consent

On Monday, January 22, 2018 at approximately 14:38 hours, I was contacted at the Leawood Police Department by the Albers' attorney,

Mike Rader  
11150 Overbrook Road # 200  
Leawood, KS 66211  
Office: (913) 266-2300  
[REDACTED]

I had previously spoken to Mr. Rader on the phone and had scheduled to meet with him to discuss several things. He had requested a copy of the property receipt containing the items removed from the Albers residence and van. We also discussed the possibility of the Albers consenting to a search of the following items,

Silver/White Apple I-Pad Serial # [REDACTED]  
Black Apple iPhone 7 (Model A1778) [REDACTED]

Mr. Rader was provided with a Leawood Police Department Consent to Search form containing the above listed items. He advised he would not be meeting with the family today but would contact them via the telephone and obtain verbal consent.

At approximately 1443 hours, Mr. Rader obtained verbal consent from the Albers and supplied the following passwords for the devices,

iPad: [REDACTED]  
iPhone: [REDACTED]

During the conversation with the Albers, Mr. Rader relayed to me that the iPad belonged to Mrs. Albers.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Mr. Rader said he would contact me when he meets with the family and would provide me with the signed form to supplement the verbal consent.

I provided Mr. Rader with a copy of the items recovered from the Albers' residence. I told him we did not have a list of the items recovered from the van as that portion of the investigation was ongoing.

Mr. Rader told me the Albers would be willing to make a statement next week. He said John's funeral was scheduled for Friday and they needed some time. He asked if I had any more information that could be released to him for the Albers. I told him there was no further information that could be provided at this point in the investigation. He requested that I call him in lieu of the Albers with any information in the future.

Mr. Rader asked if there was an expected date for the conclusion of the OISIT investigation. I told him the goal was to present the findings to the Johnson County District Attorney's Office at the end of the week or early next week.

Mr. Rader and I exchanged business cards and contact information at the conclusion of our meeting.

Officer: Thank you. Is it accurate that you \_\_\_\_\_ stuff \_\_\_\_\_ bathroom in a locker?

Albers: Yes sir.

Officer: And is it accurate that you intended to later pick that up with it, with it on your body or in your arms or somehow in order to take it without payment.

Albers: Yes sir.

Officer: Ok. Because the state statute of theft includes concealment with the intent to commit a theft, and we have that, you uh, it's basically treated as the commission of a theft.

Albers: I never admitted to \_\_\_\_\_

Officer: How would you buy it without the tags?

Albers: I never left the premises.

Officer: That's what I just explained to you. Theft is concealing with the intent to commit a theft. To, to deprive the owners of the value of that item permanently which is what you just told me you later intended on doing. So you have matched the statute of theft.

Albers: What charges will this be?

Officer: Theft.

Albers: What cost is a misdemeanor?

Officer: If it's under \$1,500.00 it's a class B or C. Why?

Albers: I'm on diversion.

Officer: Well this is gonna mess with your diversion. \_\_\_\_\_

Albers: What?

Officer: Who is your diversion through?

Albers: The court. What do you mean?

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer: What agency. Johnson County Kansas, Wyandotte County Kansas, Overland Park Kansas...

Albers: Um

Officer: \_\_\_\_\_

Albers: \_\_\_\_\_

Officer: Cause Johnson County Missouri is not too far. That's why I asked.

Albers: Is there any chance I can just give it back and leave?

Officer: No they say they want to press charges and there's already probable cause to prosecute so for you to do that over their heads would be unfair cause they can rightfully press charges. Class A non-person misdemeanor. Except for provisions 5 or 6.

Albers: Can I call my parents?

Officer: How old are you?

Albers: 17

Officer: Yes we will have to call your parents.

Albers: uh

Officer: There are no exceptions. \_\_\_\_\_

██████████ Yep

Officer: What's your last name?

Officer: And you helped with the shop right?

[REDACTED]: Um

Officer: Talking to him.

[REDACTED]: Yep

*Two people were then talking over each other and it was unintelligible.*

Officer: Your first name from last one was?

[REDACTED]

Officer: Is [REDACTED] your real first name? And [REDACTED] your middle name?

Albers: No

Officer: [REDACTED] your legal first name?

Albers: No

*Multiple people were then talking over each other and it was unintelligible.*

Officer: Ok [REDACTED]. Do you have your ID on ya sir? Sir? Do you have your ID on ya? I need to borrow that. You still live on 149<sup>th</sup> Terrace?

Albers: Yeah

Officer: 137 clear arrest. Put me on another juvenile male shoplifter at Scheels.

Albers: Am I going to juvie

Officer: I'll call and ask. \_\_\_\_\_ question?

Albers: If I did \_\_\_\_\_.

Officer: \_\_\_\_\_ We'll just have to wait and see \_\_\_\_\_ your number. I'll call and ask.

Albers: Cause the lady said I could use one

Officer: That's what they said.

Albers: That's before you \_\_\_\_\_.

Officer: Yeah,

Albers: That's different \_\_\_\_\_

Officer: Yeah

*Multiple people were then talking over each other and it was unintelligible.*

Officer: So we're gonna call them just for a check alright. And we're gonna still get your mom on the way here. Cause 95% chance you're going with mom. If they really want you to go to JDC for whatever reason, then we'll go to JDC \_\_\_\_\_.

Officer: What's your phone number John?

Unknown Male: These would cost the most.

Officer: The affidavit.

Officer: If you're in Scheels just go to the right. Staff will help you. Ask for loss prevention. There's a guy in a gray shirt walking out. Are you in the store? No not upstairs.

Unknown Male: Ok

Officer: No No I'm seeing a guy in a gray shirt walking out are you in the store?

Unknown Male: I'm in this store.

Officer: Ok. From the front desk just go to the right if you're walking in and they'll talk to you. Hey John, you need to sit down. \_\_\_\_\_ Alright stand up before your dad gets here. We'll double check and make sure there's nothing else on you.

Unknown Male: So we \_\_\_\_\_ going \_\_\_ bunch of items \_\_\_\_\_

*Loud rustling noises were making it difficult to understand anything being said.*

Father: \_\_\_\_\_

Officer: Sir stop yelling

Unknown Male: That's where we are right now. Officer \_\_\_\_\_

Officer: Told him his rights. Sir could you put the phone down?

Father: Put the phone down.

Officer: Ok, Told him his rights, just let you know, he admitted he intended on taking the \_\_\_\_\_ and leaving with it. I explained the state statute to conceal with intent to deprive the owner of the value of. Which absolutely matches. \_\_\_\_\_ before they even talk to him. And I was like yes we will allow you to prosecute in that in that manner. Um then he agreed to that he intended to take it

Father: um hum

Officer: Make sure \_\_\_\_\_ then he started takin off the stuff he had on there. Making sure they had all the clothes.

Father: um hum

Officer: then he sat down

Father: um hum

Officer: Then he explained hey if there is anything else on you that the client is missing, we'll charge an additional theft, cause you're doing it all over again.

Albers: \_\_\_\_\_

Unknown: \_stop

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer: Then, after he sat down he was like he wasn't done yet. Proceeded to take off the shoes, took off his pants, took off another shirt, after he took off the other shirt, underneath his clothes, that he tried to conceal after he got caught.

Father: um hum

Officer: So I'm not talking about additional theft, but that's just kind of the state of mind he's in right now.

Father: \_\_\_\_\_ no interaction with police in the last 30 days.

Officer: He said he was working on diversion.

Father: right

Officer: but it's not in the courts yet?

Father: right

Officer: Ok, because I didn't have anything that showed up.

Father: Right. Haven't done that part. Just got the paperwork.

Officer: I told him, I mean it's obvious, \_\_\_\_\_ this will probably mess up his diversion. Um. Other than that, there's a form in my car. I was already here for one arrest or I would have brought one out already. So we have to go to my car with you guys together and you guy will just have to sign out that um, that you will call the juvenile intake assessment center

Father: um hum

Officer: within 24 hours. Which they're open till 8PM tonight. To make an appointment for an assessment later. Other than that...

Father: \_\_\_\_\_ were just there

Officer: Yeah I know. Other than that since you're not an adult the Johnson County Court will make a court date later.

Father: \_\_\_\_\_

Officer: And I don't foresee then not charging something where obviously the store

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Father: Right

Officer: is going to follow through and go to court and stuff like that. You know it's not like a place that kind of relies on their prosecution so. They're getting ready with all the paperwork

Unknown Male: A few things before you guys get out of here um that we do here at Scheels. First thing, he's banned from the store for a year or \_\_\_\_\_ 18 \_\_\_\_ this Scheels right here and throughout the United States. Also the state of Kansas allows us a retail store to charge a person with shoplifting or in this case a minor the parents \$50.00 so restitution is for us to make up a little bit of money you know to make up for the time that we've spent doing this. \_\_\_\_\_. So if you can make him pay that I recommend you do it before you leave so you don't forget. If you forget \_\_\_\_\_. So again we can do that before you go today, get you a receipt. Um so this is acknowledging that you're banned from the store for a year. You sign this, it's not an admission of guilt, or anything like that, just need your signature acknowledging you know you're banned from the store for a year. Sign \_\_\_\_\_.

*Multiple people talking, unable to understand what is being said.*

Unknown Male: Do you want to take care of that restitution before you leave today?

Father: Ah, yeah, I guess so.

*Multiple people talking, unable to understand what is being said.*

Officer: I'll come back with a new case number too.

Unknown male: Great appreciate it.

Officer: \_\_\_\_\_ you can \_\_\_\_\_ for it later sir. \_\_\_\_\_ child, you pay for them whenever you want so.

Father: Yeah I'll pay for it now.

Officer: Yeah I understand but I don't want \_\_\_\_\_. I have come back for the \_\_\_\_\_ stuff for both of them anyway.

*Multiple people talking, unable to understand what is being said. Sounds like a crowd.*

Albers: You want me to go to the car and get his paperwork?

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer: No. your dad would have to sign anyway.

Albers: \_\_\_\_\_ embarrassed \_\_\_\_.

Officer: It's just something we are required to do. Not intended to embarrass you but it's out of my control.

Father: Should we call a case manager first or call intake.

Officer: I already called intake. They weren't that worried about it but they also didn't get his name, they just didn't seem to be worried, worried about his name.

Father: Oh yeah

Officer: \_\_\_\_\_ call the case manager.

Father: Ok

Officer: Obviously intake at your, at your leisure. I guess that can be first to. It's kind of up to you. It's Saturday, most case workers don't answer on Saturday.

Father: I don't know

Officer So, intake you know where \_\_\_\_\_ is right? \_\_\_\_\_

Father: Yeah. And you wonder why we don't let you leave the house. Any questions? Why?

Officer: What's your zip code?

Father: 66221

Officer: Thank you. He's 17?

Father: Um hum

Officer: [REDACTED]

Father: That's his number.

Officer: Ok

Father: Not that he'll probably have that number for much longer.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

Officer: Your name is Steven with a V

Father: Yeah

Officer: [REDACTED]

Father: Um hum

Officer: [REDACTED] Again just your signature on the bottom, right, just to call the assessment. Yeah. You sign on the bottom. The courts will contact you guys, probably at your phone number as far as when there is a court date.

Father: \_\_\_\_\_

Officer: I don't foresee this not getting charged. I've been surprised before, but... \_\_\_\_\_  
So I guess this means his coaching here is done.

Father: Yeah, yeah \_\_

Officer: yep. You guys are good to go. Thanks for coming out so quick.

Lead #72 – Recover Cellphone From Johnson County Criminalistics Laboratory

On 01/22/2018 at approximately 1530 hours, I (Det. C. Spegal) responded to the Johnson County Criminalistics Laboratory. Upon arrival, I contacted Crime Scene Investigator (CSI) Ashley Hoffmeier and she provided me with John Alber's (W/M [REDACTED]) cellphone that was recovered from the vehicle (see CSI Hoffmeier's report for further information).

I transported the cellphone back to the Olathe Police Department and provided the cellphone to Det. Foster. I also provided Det. Foster with the iPad that was previously collected from 9309 West 149<sup>th</sup> Terrace, Overland Park, Kansas, so that Det. Foster could perform a forensic examination of the devices (see Det. Foster's report for further information).

On Saturday, January 20, 2018, I was assigned as the Family Liaison during this investigation.

As Family Liaison I had in person and telephone contact with the Albers and their Attorneys, Mike Radar and Michelle Marvel. The personal contacts and phone calls were documented in previous leads. The numbers associated to these conversations are:

Steven Albers: [REDACTED]

Sheila Albers: [REDACTED]

Mike Rader: [REDACTED]

Michelle Marvel: [REDACTED]

In addition to phone calls, I had several text conversations with Mrs. Albers on Sunday, January 21<sup>st</sup>, 2018.

My phone was downloaded to preserve the call log involving any and all calls associated to contact with the Albers or their Attorneys, Mike Radar and Michelle Marvel. My text conversations with Mrs. Albers were also downloaded.

The call logs and text conversations were downloaded to a disc and submitted with this report on the disc for Lead #75. Any future correspondence will be documented in supplemental reports under this lead.

at her residence. During the interview with [REDACTED] we were accompanied by her parents,

I explained to [REDACTED] that I was assisting in the investigation into the incident occurring on Saturday, January 20<sup>th</sup>, 2018 involving John Albers.

I asked her how long she had known John Albers. [REDACTED] said she had met John at Blue Valley West High School her freshman year. When she met him they both were in the same circle of friends, but they were not really close friends. John transferred to Blue

Valley Northwest High School his sophomore year. She transferred this year to Blue Valley Northwest.

I asked [REDACTED] if they had remained friends after his transfer. She said prior to John transferring he was hanging out with a different crowd, mainly his soccer teammates. She had removed him from her Snapchat list until they ended up in an English class together this year. She said they had not become super close but had hung out together with other friends on occasion.

I asked [REDACTED] if she had spoken with John on Saturday, January 20<sup>th</sup>, 2018. [REDACTED] said she saw what he posted on his Snapchat account. She said he posted a video and asked if I had seen the video. She said she had screen recorded it and would show it to me.

[REDACTED] played the video on her phone. I recognized the video as the video John posted on his Snapchat account. I took a video of [REDACTED] phone with my phone as she played it. I asked her to keep the video until it could be confirmed we would not need to copy it in another manner. She agreed to do so.

[REDACTED] said after viewing the video on John's Snapchat Story she tried to call him. She looked at her phone to confirm the time she placed the call. Her call log showed she placed the call at 17:51 hours. She did not reach John when she called, the call went to voicemail. She left a long message on the voicemail but could not remember what she said other than "Don't kill yourself you are a great guy".

I asked [REDACTED] if she tried to contact John in any other way. She said she sent him a Snapchat message. She showed me the message on her phone. The message said "JOHN STOP NO WHAT THE HELL DUDE STOP IT RIGHT NOW". I took a photograph of the message on [REDACTED]'s phone.

[REDACTED] said after she tried to call John she met with her Mother to let her know what she had seen. They decided not to go to John's house because she knew others were going to the residence to check on him via Snapchat responses.

I asked [REDACTED] if she could provide any other names or contact information for people who might have gone to the residence or who might have information that could assist this investigation. She provided the following:

[REDACTED] [REDACTED] did not provide biographical or contact information. She said [REDACTED] was a Blue Valley West student and she thought he was John's best friend.

# Johnson County Multi-Jurisdictional Officer-Involved Shooting Investigation

██████████ said ██████████ was not friends with John but she had heard he had driven by the crime scene and recorded it with his cellular phone. She said ██████████ would probably not be a good contact because he did not like the Police.

██████████ did not provide any biographical or contact information. ██████████ said ██████████ was a Blue Valley Northwest Student and friends with John. ██████████ went to the residence after the incident was over.

██████████ said is a mutual friend who had known John since grade school. Telephone ██████████

I asked ██████████ if John had ever threatened to do harm to himself prior to this incident. ██████████ said she had never heard him directly, but she had heard from others he had threatened to do harm to himself in the past. I asked when she had heard that and who had told her about it. She said she could not remember when but it had gone around the school before.

I asked her why she was referred to as ██████████ on John's phone. She said ██████████ had introduced them and it was a running joke.

I asked ██████████ if she knew if John used any alcohol, drugs, had vaped or used nicotine. She said she knew he smoked and drank alcohol because it was on this Snapchat Story. She also said he had smoked "Weed" before because he had posted it on Snapchat in the past. She said he didn't on Saturday though. I asked how she could know that for sure. She said he would have posted it on the video if he had it, that's the type of person he was.

██████████

knew John well and could tell you about him. ██████████ said to her Mother, "what about vaping". ██████████ said, "no not just about vaping".

██████████ said she thought "John had been caught shoplifting; his Dad yelled at him and made him feel bad".

██████████ said if you want information about John you should talk to ██████████. I asked if she knew ██████████ or had her contact information. She said she did not know ██████████ but had heard John talk about her. She thought ██████████ went to one of the Olathe High Schools.

██████████ said she thought John felt like a failure, got drunk, and smoked his last cigarette because he wanted to kill himself.

██████████ said she was not friends with John on any other social media sites. She communicated with him on Snapchat. "She thought putting out the video was cry for help".

██████████ asked if I knew for sure how many times John had been shot by the Police. I told her the investigation was still ongoing and we were still determining what occurred during the incident.

██████████ asked when we would be releasing the information on this case. I told her it was still ongoing and it would take a while. When the investigation was complete we would release it to the Johnson County District Attorney's Office. Once they were done reviewing it, they would meet with the family before releasing any further information.

██████████ and ██████████ both told me they hoped it was soon because the students needed closure. ██████████ said the whole school talks about it every day. She said she had organized the balloon drop at the elementary school with ██████████

I provided ██████████ with a business card containing my contact information and asked her to call me if she thought of anything else that would be pertinent to the investigation.

On Saturday evening, 01-20-18, Overland Park PD officers responded to a suicidal subject call at 9309 W. 149<sup>th</sup> Terrace in Overland Park. When officers arrived, they attempted to make contact at the residence and subsequently an officer involved shooting occurred. The subject shot by police was identified as

John D. Albers  
WM [REDACTED]

John was pronounced deceased at the scene. The Johnson County Officer Involved Shooting Investigation Team (OISIT) was activated to investigate the shooting.

On 01-23-18, I was assigned Lead #76, which was to contact a subject named [REDACTED] who had called into provide information in regard to the officer involved shooting. I called

[REDACTED]  
WM [REDACTED]  
[REDACTED] Terrace  
Overland Park, KS  
[REDACTED]

[REDACTED] seemed somewhat shook up when I spoke to him on the phone. [REDACTED] stated the information reported in the media was not accurate. He stated he did not want to speculate what occurred, but had information. [REDACTED] agreed to meet the following morning.

On 01-24-18 at approximately at 0800 hours, I responded to [REDACTED] residence. [REDACTED] seemed a bit nervous when I arrived and grabbed some coffee, which appeared to calm his nerves. [REDACTED] advised he did not want his name in the report and I did not address this issue with him. [REDACTED] advised he had called Overland Park PD to provide information but was referred to the OISIT.

[REDACTED] said on the evening of 01-20-18 he attended a daddy/daughter dance with his daughter. Prior to the dance, [REDACTED] said he went to dinner with his daughter and was returning home between 1745 and 1750 hours. [REDACTED] advised he was with his daughter and

driving his silver Toyota Avalon. [REDACTED] stated he was driving north on England. As he drove north past W. 149<sup>th</sup> Terrace, he observed one police vehicle parked in front of the residence where the officer involved shooting occurred. [REDACTED] said the patrol vehicle had its emergency lights on and was parked on the south side of road about 10 feet west of the driveway. [REDACTED] said the patrol vehicle was facing west. Based on his description, [REDACTED] described the location of where OPPD Sgt. Goddard's vehicle had stopped.

[REDACTED] stated the garage door to the residence was shut. [REDACTED] stated he did not see police officers walking around or outside of the vehicle. [REDACTED] assumed the patrol officer had stopped there to approach the address. [REDACTED] advised he did not witness shooting. [REDACTED] said his daughter asked to turn around, so they could see what the police were doing, but he continued north on England to his home.

[REDACTED] repeatedly stated he did not know what occurred and he did not want to speculate what had happened. [REDACTED] added he did not know what he would have done if he was the officer.

[REDACTED] was provided my card and told to contact me if he had any further information.

OPPD 2018-001376

On 01/23/2018, I (Det. McMillian) was assigned Lead 78 to prepare a subpoena for medical records for John Albers. I was also asked to prepare a search warrant affidavit for Snapchat records.

Based upon information received throughout the investigation, I requested medical records from the following people/places.

Marillac, 4000 Cambridge St. Kansas City, KS 66160. Fax number 913-588-2495.

Saint Luke's Hospitals, 4401 Wornall Rd Kansas City, MO 64111. Fax number 816-932-3415.

Children's Mercy Hospital, 2401 Gillham Rd Kansas City, MO 64108. Fax number 816-701-4034.

Responsive Centers for Psychology and Learning, 7501 College Blvd Overland Park, KS 66210. Fax number 913-469-5266.

I prepared a search warrant and affidavit for the Snapchat account of [REDACTED]. The search warrant and affidavit were signed by the Honorable Judge McCarthy of the Johnson County District Court. I served the search warrant to Snapchat via their email address of [REDACTED]. When the search warrant request for information is returned to me, I will complete an inventory receipt. I will also provide a copy of the warrant information and receipt to the Johnson County District Court clerk. When the requested information is received, it will be documented on lead 57.

On 01/25/2018, I received the subpoenas from the DA's office that had been signed by the judge. I served all the above-mentioned providers by Fax, except [REDACTED] which was served via email at the request of her attorney, Chris Brackman. A [REDACTED]

OPPD 2018-001376

On 01/26/2018, at approximately 0830 hours, I (Det. McMillian) responded to the Johnson County Crime Lab, 11890 S. Sunset, where I contacted Mark Phillips. Mark prepared an investigative copy disc which contains frame by frame images of Sgt. Goddard's in car video.

I reviewed the images and observed the following. It appears you can see shots being fired in frames 534, 542, 550, 558, 565 and 573. In frame 574, Ofc. Jenison is out of camera range. I uploaded all of the images related to this video to MIDAS. The disc was provided to Det. Spegal to log into evidence.

**RESULTS, CONCLUSIONS & INTERPRETATIONS**

**Lab Item 7: 40 S&W caliber Glock model 22 Gen 4, black semiautomatic pistol with magazine and three live Speer 40 S&W caliber cartridges, S/N: RVR763**

Lab Item 7 was examined, test fired, and found to be a functional firearm.

- Lab Item 26: One fired Speer 40 S&W caliber cartridge case**
- Lab item 27: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 28: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 29: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 30: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 31: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 32: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 33: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 34: One fired Speer 40 S&W caliber cartridge case**
- Lab Item 35: One fired Speer 40 S&W caliber cartridge case**

vs

Case No. \_\_\_\_\_

\_\_\_\_\_

**ORDER OF COURT COSTS FOR LABORATORY FEES**  
Pursuant to K.S.A. 28-176

This matter comes before the court for consideration of a motion by \_\_\_\_\_, through the undersigned attorney, for an order of court costs in the amount of \$400.00 per offense for forensic science or laboratory services or forensic computer examination services provided in connection with the investigation in this case. K.S.A. 28-176 provides that any person convicted or diverted, or adjudicated or diverted under a preadjudication program pursuant to K.S.A. 22-2906 et seq., 38-2346 et seq., or 12-4414, and amendments thereto, of a misdemeanor or felony contained in chapters 21, 41, or 65 of the Kansas Statutes Annotated, or a violation of K.S.A. 8-2,144 or 8-1567, shall pay a separate court cost of \$400.00 to the Johnson County Sheriff's Office Crime Laboratory for each offense in which forensic science or laboratory services, forensic computer examination services or forensic audio and video examination services were provided in connection with the investigation.

THEREUPON after making due inquiry, the court finds that the defendant is required to pay the laboratory analysis fee, pursuant to K.S.A. 28-176. The court finds the defendant was convicted, adjudicated or diverted of \_\_\_\_\_ offenses in which exams were conducted, at a fee of \$400.00 for each offense, for a total amount of \$ \_\_\_\_\_. This fee shall be paid by the defendant to the clerk of the court, and credited to the Johnson County Sheriff's Office Crime Laboratory Fee Fund.

IT IS SO ORDERED.
