In the Matter of the Accusation Against: **PRIORITY PHARMACEUTICALS INC.** **4040 Sorrento Valley Blvd., Suite D** **San Diego, CA 92121** **DAVID ZEIGER, President,** **Pharmacist License No. RPH 26202** **Wholesaler License No. WLS 5145** **and** **JANET LEE MARSH** **30842 Wisteria Circle** **Murrieta, CA 92563** Respondents.	Case No. 4346 OAH No. 2014020535 **STIPULATED SURRENDER OF LICENSE AND ORDER AS TO PRIORITY PHARMACEUTICALS, INC.**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Virginia Herold (Complainant) is the Executive Officer of the Board of Pharmacy. She brought this action solely in her official capacity and is represented in this matter by Kamala

D. Harris, Attorney General of the State of California, by Desiree I. Kellogg, Deputy Attorney General and Jonathan I. Lapin, Deputy Attorney General.

2. Priority Pharmaceuticals, Inc. (Respondent) is represented in this proceeding by attorneys John A. Cronin and Peter S. Gregorovic of Fredrickson, Mazeika & Grant, LLP, whose address is 5720 Oberlin Drive, San Diego, CA 92121.

3. On or about December 3, 2007, the Board of Pharmacy issued Wholesaler License No. WLS 5145 to Priority Pharmaceuticals, Inc. (Respondent). The Wholesaler License was in full force and effect at all times relevant to the charges brought in Accusation No. 4346 and will expire on December 1, 2015, unless renewed.

JURISDICTION

4. Accusation No. 4346 was filed before the Board of Pharmacy (Board), Department of Consumer Affairs, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on September 17, 2012. Respondent timely filed its Notice of Defense contesting the Accusation. A copy of Accusation No. 4346 is attached as Exhibit A and incorporated by reference.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 4346. Respondent also has carefully read, fully discussed with counsel, and understands the effects of this Stipulated Surrender of License and Order.

6. Respondent is fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against them; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

8. Respondent understands that the charges and allegations in Accusation No. 4346, if proven at a hearing, constitute cause for imposing discipline upon its Wholesaler License.

9. While Respondent believes that a significant legal issue exists with respect to statutory interpretation of Business and Professions Code section 4126.5, solely for the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a prima facie case for the charges in the Accusation and that those charges constitute cause for discipline. Respondent hereby gives up its right to contest that cause for discipline exists based on those charges.

10. Respondent understands that by signing this stipulation it enables the Board to issue an order accepting the voluntary surrender of its Wholesale License without further process.

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and surrender, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent understands and agrees that it may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Surrender of License and Order, including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

13. This Stipulated Surrender of License and Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Surrender of License and Order

may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Order:

ORDER

IT IS HEREBY ORDERED that Wholesaler License No. WLS 5145 is surrendered and accepted by the Board of Pharmacy.

1. The voluntary surrender of Respondent's Wholesaler License and the acceptance of the surrendered license by the Board shall constitute the imposition of discipline against Respondent. This stipulation constitutes a record of the discipline and shall become a part of Respondent's license history with the Board of Pharmacy.

2. Respondent shall relinquish and therefore lose all rights and privileges as a wholesaler in California as of the effective date of the Board's Decision and Order.

3. Respondent shall cause to be delivered to the Board its pocket license and, if one was issued, its wall certificates on or before the effective date of the Decision and Order.

4. If Respondent ever applies for licensure or petitions for reinstatement in the State of California, the Board shall treat it as a new application for licensure. Respondent must comply with all the laws, regulations and procedures for licensure in effect at the time the application or petition is filed, and while Respondent believes that a significant legal issue exists with respect to the statutory interpretation of Business and Professions Code section 4126.5, it acknowledges that Complainant established a prima facie case for the all of the charges in Accusation No. 4346 and that those charges constitute cause for discipline when the Board determines whether to grant or deny the application or petition.

5. Respondent shall pay the agency its costs of investigation and enforcement in the amount of $70,000.00 as a condition precedent to the granting of any new license or petition for reinstatement. David Zeiger shall be jointly and severally liable for the payment of these costs

6. If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing agency in the State of

California, while Respondent believes that a significant legal issue exists with respect to the statutory interpretation of Business and Professions Code section 4126.5, it acknowledges that Complainant established a prima facie case for the all of the charges in Accusation No. 4346 and that those charges constitute cause for discipline all of the charges and allegations contained in Accusation, No. 4346 for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict licensure.

7. Respondent shall, within thirty (30) days of the effective date of the Board's order, arrange for the destruction of, the transfer to, sale of or storage in a facility licensed by the Board of all controlled substances and dangerous drugs and devices. Respondent shall further provide written proof of such disposition and submit a completed Discontinuance of Business form according to Board guidelines.

8. Respondent may not apply, reapply, or petition for any licensure or registration of the Board for three (3) years from the effective date of the Decision and Order.

ACCEPTANCE

I, David Zeiger on behalf of Priority Pharmaceuticals, Inc., have carefully read the above Stipulated Surrender of License and Order and have fully discussed it with my attorney, John A. Cronin. Case No. 4346 **ACCUSATION**

Complainant alleges:

PARTIES

1. Virginia Herold (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy (Board), Department of Consumer Affairs.

2. On or about December 3, 2007, the Board issued Wholesaler License No. WLS 5145 to Priority Pharmaceuticals Inc. (Respondent Priority). The License was in effect at all times relevant herein and will expire December 1, 2012, unless renewed. Since on or about December 3, 2007, David Zeiger, Pharmacist License No. RPH 26202, has been President of Respondent Priority. Business and Professions Code section 4307 is applicable herein.

The License was in effect at all times relevant herein and will expire January 1, 2013, unless renewed. Since on or about December 3, 2007, Respondent Marsh has been Designated Representative in Charge for Respondent Priority.

JURISDICTION

4. This Accusation is brought before the Board of Pharmacy (Board), Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

5. Section 4011 of the Code provides that the Board shall administer and enforce both the Pharmacy Law [Bus. & Prof. Code, § 4000 et seq.] and the Uniform Controlled Substances Act [Health & Safety Code, § 11000 et seq.].

6. Section 4300(a) of the Code provides that every license issued by the Board may be suspended or revoked.

7. Section 118(b) of the Code provides, in pertinent part, that the suspension, expiration, surrender, or cancellation of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary action during the period within which the license may be renewed, restored, reissued or reinstated. Section 4402(e) of the Code provides that any non-pharmacist license issued by the Board may be canceled if not renewed within 60 days after expiration, and any license canceled in this fashion may not be reissued but will instead require a new application to seek reissuance.

STATUTORY AND REGULATORY PROVISIONS

8. Section 4301 of the Code provides, in pertinent part, that the Board shall take action against any holder of a license who is guilty of "unprofessional conduct," defined to include, but not be limited to, any of the following:

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency.

9. Section 4043 of the Code, in pertinent part, defines "wholesaler" to mean and include "a person who acts as a wholesale merchant, broker, jobber, customs broker, reverse distributor, agent, or a nonresident wholesaler, who sells for resale, or negotiates for distribution, or takes possession of, any drug or device included in Section 4022."

10. Section 4160 of the Code provides, in pertinent part, that a wholesaler license shall be required for a person or entity to act as a wholesaler, that every wholesaler shall be supervised or managed by a Designated Representative in Charge, and that the Designated Representative in Charge shall be responsible for the wholesaler's compliance with state and federal laws.

11. Section 4126.5, subdivision (a), of the Code states:

"(a) A pharmacy may furnish dangerous drugs only to the following:

(1) A wholesaler owned or under common control by the wholesaler from whom the dangerous drug was acquired.

(2) The pharmaceutical manufacturer from whom the dangerous drug was acquired.

(3) A licensed wholesaler acting as a reverse distributor.

(4) Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care. A pharmacy furnishing dangerous drugs pursuant to this paragraph may only furnish a quantity sufficient to alleviate the temporary shortage.

(5) A patient or to another pharmacy pursuant to a prescription or as otherwise authorized by law.

(6) A health care provider that is not a pharmacy but that is authorized to purchase dangerous drugs.

(7) To another pharmacy under common control."

12. California Code of Regulations, title 16, section 1783, subdivision (d) provides, in pertinent part, that a manufacturer or wholesaler shall not accept payment for, or allow the use of an entity's credit to establish an account for, the purchase of dangerous drugs or devices from any person other than the owner(s) or executive officer(s) listed on the permit, on a permit's account.

COST RECOVERY

13. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation of the licensing act to pay a sum not to exceed its reasonable costs of investigation and enforcement.

FACTUAL BACKGROUND

14. For a period of time that included but was not necessarily limited to dates on and/or between January 2009 and December 2011, Respondents were engaged in a business practice that involved the purchase of dangerous drugs from various pharmacies throughout California and the re-sale of those dangerous drugs to wholesalers and pharmacies within and outside California.

15. During that time period, Respondents made purchases from at least fifty (50) different California pharmacies, on at least five hundred (500) occasions. Respondent Priority was not the wholesaler that had supplied the dangerous drugs to any of these pharmacies. Over thirty-five (35) different dangerous drugs were purchased from California pharmacies by Respondents.

16. During and/or prior to that time period, Respondents solicited pharmacies to supply Respondents with dangerous drugs that Respondents would identify to the pharmacies by daily, weekly, or occasional lists of dangerous drugs (with dosages and strengths) titled "ITEMS WE ARE LOOKING FOR" and/or "ADDITIONAL ITEMS WE ARE INTERESTED IN." At the direction and/or pursuant to the encouragement of Respondents, the pharmacies would acquire the dangerous drugs listed by Respondents, typically from the pharmacies' primary wholesaler(s).[1] The drugs acquired by the client pharmacies would then be re-sold to Respondent Priority.

[1] For the purposes of this Accusation, "primary wholesaler" refers to the wholesaler from which the pharmacy purchased the bulk of its dangerous drugs, and/or with which the pharmacy enjoyed a contractual relationship giving the pharmacy an "account" with the wholesaler. Most if not all pharmacies establish a "primary wholesaler" account relationship with a single wholesaler. The pharmacy is issued an account number to use in ordering from the primary wholesaler.

17. All of the client pharmacies utilized by Respondents were community pharmacies, yet all or nearly all of the drugs that were purchased by these pharmacies and re-sold to Respondents were drugs primarily used in hospital or other urgent-care environments. The client pharmacies were purchasing agents for Respondents, buying drugs for Respondents, not their own patients. None of the client pharmacies were licensed by the Board as wholesalers.

18. Respondents offered and/or paid the client pharmacies a premium, typically at least ten (10) percent over invoice (the price at which the pharmacy acquired the drug), plus shipping.

19. At least twenty (20) of the pharmacies eventually turned over their ordering privileges with their primary wholesaler(s) to Respondents, such that Respondents were able to just submit orders directly to the primary wholesaler(s), using the client pharmacies' account information.

20. Respondents re-sold the drugs that were acquired from pharmacies to wholesalers and pharmacies within and outside California, often at a substantial markup. A sampling of over fifty (50) purchase and re-sale transactions revealed an average markup of two hundred thirteen (213) percent, with individual transactions showing markups as high as 3166%, 3255%, and 6363%.

21. Respondents re-sold a portion of the dangerous drugs acquired from pharmacies to other wholesalers. On at least one occasion, Respondents misrepresented and/or omitted such a re-sale or transfer. By way of a transaction on or about August 5, 2011, Respondents invoiced a purchase of a dangerous drug from a Garfield Pharmacy, located in Beverly Hills, CA. However, the shipping label that Respondents provided to Garfield Pharmacy for shipment of the drug to a customer located in Cordova, TN represented that the shipment was coming not from Respondent Priority but from another wholesaler (Vital Healthcare LLC) located in Savannah, GA.

Important Information About Your Address of Record

A licensee's address of record is the address to which all licenses, permits, license renewal notifications, newsletters, other publications, and correspondence from the Board is mailed. This information is considered public information and is available to the public on the Board's Web site. This is the same information provided online by other health profession (physicians, dentists, therapists) regulatory boards, pursuant to the Information Practices Act (Civil Code section 1798 et seq.) and the Public Records Act (Government Code section 6250 et seq.). You may verify your current address of record by using the [illegible] option on the board's web site.

If you do not want your residence address be available to the public, you may use an alternate address, such as a post office box number or a personal mailbox (PMB). However, if you change your address of record to a box number, **you must also provide your residence address**, which will not be available to the public.

If you list your business address as your address of record, remember that all mailings from the Board will go to that address. For some business addresses, receiving personal mail from the Board may be problematic. For example, if you are employed in a large hospital complex with several pharmacies, opportunities for lost mail could exist. Also, using a business address would require you to change your address of record with the Board every time you change your place of employment.

Important Information About Your Address of Record

A licensee's address of record is the address to which all licenses, permits, license renewal notifications, newsletters, other publications, and correspondence from the Board is mailed. This information is considered public information and is available to the public on the Board's Web site. This is the same information provided online by other health profession (physicians, dentists, therapists) regulatory boards, pursuant to the Information Practices Act (Civil Code section 1798 et seq.) and the Public Records Act (Government Code section 6250 et seq.). You may verify your current address of record by using the License Verification option on the board's web site.

If you do not want your residence address be available to the public, you may use an alternate address, such as a post office box number or a personal mailbox (PMB). However, if you change your address of record to a box number, **you must also provide your residence address**, which will not be available to the public.

If you list your business address as your address of record, remember that all mailings from the Board will go to that address. For some business addresses, receiving personal mail from the Board may be problematic. For example, if you are employed in a large hospital complex with several pharmacies, opportunities for lost mail could exist. Also, using a business address would require you to change your address of record with the Board every time you change your place of employment.

CONDUCT:

Non-compliant Sales to a wholesaler- Murphy's Pharmacy was not in compliance with Business and Professions Code section 4126.5, subdivision (a)(4) which states a pharmacy may furnish dangerous drugs only to the following: Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care and only in quantities sufficient to alleviate the shortage. Murphy's Pharmacy did not have independent knowledge of the temporary shortage and allowed Priority Pharmaceuticals to specify the drugs in short supply they wanted the pharmacy to purchase for them. The pharmacy was acting as a purchasing agent for Priority, in addition Murphy's Pharmacy gave their McKesson account number Priority and authorization to order drugs without Murphy's Pharmacy knowing what was being ordered. RPH 42338

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4005 and section 4315 et seq. for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4005, 4315; 4126.5(a)(4) - Furnishing Dangerous Drugs by Pharmacy; pharmacy or wholesale... alleviate temporary shortage

Non-compliant Sales to a wholesaler- RPH Negda DeLaRosa while she was Pharmacist-in-Charge at Super Market Pharmacy was not in compliance with Business and Professions Code section 4126.5, subdivision (a)(4) which states a pharmacy may furnish dangerous drugs only to the following: Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care and only in quantities sufficient to alleviate the shortage. Specifically, RPH Negda DeLaRosa while she was Pharmacist-Charge of Super Market Pharmacy located at 6039 E Florence in Bell Gardens, CA did not have the dangerous drugs in stock, ordered them from Cardinal Health, a wholesaler, and resold them to Priority Pharmaceutical. Super Market Pharmacy did not have independent knowledge of the temporary shortage and allowed Priority Pharmaceuticals to specify the drugs in short supply they wanted the pharmacy to purchase for them. The pharmacy was acting as a purchasing agent for Priority. Super Market Pharmacy depended on Priority to identify the shortages, know what quantity of dangerous drugs was needed to alleviate specific shortages, if a temporary shortage actually existed, or if lack of the drug would result in

a denial of health care, thus increasing the shortage on the following dates and invoice numbers:

Specifically, RPH Mary Ibrahim while she was Pharmacist-Charge of Simon'S Discount Pharmacy located at 7256 Sunset Boulevard in Los Angeles, CA did not have the dangerous drugs in stock, ordered them from HD Smith, a wholesaler, and resold them to Priority Pharmaceutical located at 4040 Sorrento Valley Blvd Ste D, San Diego, CA 92121. Simon'S Discount Pharmacy did not have independent knowledge of the temporary shortage and allowed Priority Pharmaceuticals to specify the drugs in short supply they wanted the pharmacy to purchase for them. The pharmacy was acting as a purchasing agent for Priority. Simon'S Discount Pharmacy depended on Priority to identify the shortages, know what quantity of dangerous drugs was needed to alleviate specific

shortages, if a temporary shortage actually existed, or if lack of the drug would result in a denial of health care, thus increasing the shortage on the following dates and invoice numbers:

DATE	INVOICE NO	WHOLESALERS	AMOUNT

7/9/2011		PRIORITY	$31.00

RE: CI 2011 51413
PETER NABIL TAWFIK
RPH 59522

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4005 and section 4315 et seq. for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4005, 4315; 4126.5(a)(4) - Furnishing Dangerous Drugs by Pharmacy; pharmacy or wholesale... alleviate temporary shortage

Non-compliant Sales to a wholesaler. RPH Peter Tawfik while he was Pharmacist-in-Charge at Kern Avenue Pharmacy was not in compliance with Business and Professions Code section 4126.5, subd. (a)(4) which states a pharmacy may furnish dangerous drugs only to the following: Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care and only in quantities sufficient to alleviate the shortage. Specifically, RPH Peter Tawfik while he was Pharmacist-Charge of Kern Avenue Pharmacy located at 205 W Kern Ave in Mc Farland, CA did not have the dangerous drugs in stock, ordered them from Amerisource Bergen, a wholesaler, and resold them to Priority Pharmaceutical located at 4040 Sorrento Valley Blvd Ste D, San Diego, CA 92121. Kern Avenue Pharmacy did not have independent knowledge of the temporary shortage and allowed Priority Pharmaceuticals to specify the drugs in short supply they wanted the pharmacy to purchase for them. The pharmacy was acting as a purchasing agent for Priority. Kern Avenue Pharmacy depended on Priority to identify the shortages, know what quantity of dangerous drugs was needed to alleviate specific

CONDUCT:

Non-compliant Sales to a wholesaler. RPH Frederick Anderson while he was pharmacist-in-Charge of Medical Arts Pharmacy was not in compliance with Business and Professions Code section 4126.5, subd. (a)(4) which states a pharmacy may furnish dangerous drugs only to the following: Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care and only in quantities sufficient to alleviate the shortage. Specifically, RPH Frederick Anderson while he was pharmacist –in-Charge of Medical Arts Pharmacy located at 8851 Center Dr No 110 in La Mesa, CA did not have the dangerous drugs in stock, ordered them from Cardinal, a wholesaler, and resold them to Priority Pharmaceutical, located at 4040 Sorrento Blvd., San Diego CA 92121: Dubin Medical located at 970 Turquoise St. San Diego, CA 92109; Gulf Coast Pharmaceuticals, located at 995 North Halstead Rd., Ocean Springs MS 39564 and Vital Health Care located at 11 East Lathrop Ave. Savannah, GA 31415. Medical Arts Pharmacy did not have independent knowledge of the temporary shortage and allowed these wholesalers to specify the drugs in short supply they wanted the pharmacy to purchase for them. The pharmacy was acting as a purchasing agent for these wholesalers. Medical Arts Pharmacy depended on the wholesalers to identify the shortages, know what quantity of dangerous drugs was needed to alleviate specific shortages, if a temporary shortage actually existed, or if lack of the drug would result in a denial of health care, thus increasing the shortage on the following dates and invoice numbers:

Non-compliant Sales to a wholesaler. RPH Peter Dolezal while he was Pharmacist-in-Charge at Garfield Prescription Pharmacy was not in compliance with Business and Professions Code section 4126.5, subd. (a)(4) which states a pharmacy may furnish dangerous drugs only to the following: Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care and only in quantities sufficient to alleviate the shortage. Specifically, RPH Peter Dolezal while he was Pharmacist-Charge of Garfield Prescription Pharmacy located at 9400 Brighton Way in Beverly Hills, CA did not have the dangerous drugs in stock, ordered them from Amerisource Bergen, a wholesaler, and resold them to Priority Pharmaceutical located at 4040 Sorrento Valley Blvd Ste D, San Diego, CA 92121. The pharmacy was acting as a purchasing agent for Priority. Garfield Prescription Pharmacy depended on Priority to identify the shortages, know what quantity of dangerous drugs was needed to alleviate specific shortages, if a temporary shortage actually existed, or if lack of the drug would result in a denial of health care, thus increasing the shortage on the following dates and invoice numbers:

Non-Compliant Delivery of Dangerous Drugs. RPH Peter Dolezal while he was Pharmacist-in-Charge of Garfield Prescription Pharmacy was not in compliance with Business and Professions Code section 4059.5 subd (a) which states except as otherwise provided in this chapter, dangerous drugs or dangerous devices may only be ordered by an entity licensed by the board and shall be delivered to the licensed premises and signed for and received by a pharmacist. Where a licensee is permitted to operate through a designated representative, the designated representative shall sign for and receive the delivery. Specifically, RPH Peter Dolezal while he was Pharmacist-in-charge of Garfield Prescription Pharmacy located at 9400 Brighton Way in Beverly Hills, CA sold Dangerous Drugs to Priority Pharmaceutical located at 4040 Sorrento Valley Blvd. in San Diego, CA 92121 on invoice # 2, dated 8/5/2011. But the shipping label provided by Priority Pharmaceutical indicated it was shipped to David Reliance located at 9325 Rancho Park Road in Cordova, TN. The shipping label also indicated it was shipped from Vital Healthcare located at 11 E. Lathrop Ave. in Savannah, GA not Garfield Prescription Pharmacy.
