Honestly, impressed that @KidChronic32 has pushed this far without setting his acct private. But that might be too complicated for him.

## 0 RESPONSES TO 2015.84: DEAR GARY OSTROW

**Patrick** says:

*Your comment is awaiting moderation.*

OCTOBER 29, 2015 AT 8:57 PM

We called you honestly and professionally about our client. We work in cyber bullying, a real field, that's important. You instantly began to swear at me, after admitting that you and Greenfield are friends who support each others blogs for SEO purposes. In this case to SEO under my clients name for advertising. Then when I told you why I called, and you realized you had exposed yourself and Greenfield in possible unethical advertising practices you freaked. Based on this article I cant tell your still angry and its clouding your judgment.

There is nothing honest or ethical about this article or your advertising techniques. Now you say im on cocaine because I dare call you on the phone politely? That's really dishonest my friend. Im sorry your so angry, but what you are doing here is dark, unethical, and not benefiting of a lawyer or the bar you licensed under.

All it is, is text book, cyber bullying. Posted for no other purpose except to hurt others, and encourage your friends, and fellow unethical marketers, to join in on the personal attack of an honest person.
