My drivers licence is in good standing as well as my concealed carry licence,

I also have a lifetime hunting licence.
I completed the hunter education course.

I would like my pistol returned to me if anything at least for self protection.

Also the weapon in question has never been involved in a crime.

The pistol was taken due to drinking beer at home & my mother called police for a wellness check on my 13th year old daughter. My daughter currently 21 yrs. old
