HOW TO GET AN ICE CARD

If you have a printer, you can download and print these cards from **naplesnews.com.** If you do not have a printer or computer, go to your local library and you will be able to print from there. Use whichever template fits best in your wallet, and make sure the words "In Case of Emergency" can be seen and is not hidden from view.

In the meantime, use these cards to fill out and keep in your wallet. Keep in mind, however, newsprint is not meant to last forever — so make plans to print and fill out a permanent copy.
