

Interviews with 1,002 adult Americans conducted by telephone by ORC International on January 21-24, 2016. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points.

The sample also includes 907 interviews among registered voters (plus or minus 3.5 percentage points).

This sample includes 602 interviews among landline respondents and 400 interviews among cell phone respondents.

**EMBARGOED FOR RELEASE:
Monday, January 25 at 7:00 p.m.**

BASED ON 893 REGISTERED VOTERS AND 14 INDIVIDUALS WHO PLAN TO REGISTER TO VOTE, FOR A TOTAL OF 907 REGISTERED VOTERS -- (SAMPLING ERROR: +/- 3.5% PTS.)

4. How important will each of the following issues be to your vote for President -- will it be extremely important, very important, moderately important, or not that important? (RANDOM ORDER)

METHODOLOGY

A total of 1,002 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Among the entire sample, 28% described themselves as Democrats, 24% described themselves as Republicans, and 48% described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "NA".

Question 4A

How important will each of the following issues be to your vote for president this year -- will it be extremely important, very important, moderately important, or not that important?

A. The economy

Base = Registered Voters
