

2013-14 Connecticut Educator Evaluation Data - Suppressed Teachers By District

The data in the table below have been suppressed to protect the privacy of individual educators. When a field has been suppressed the field has been left blank. The following suppression rules have been applied:

- When all educators receive the same ratings, all rating counts have been suppressed (left blank);
- When the total number of educators who received a certain rating is less than six, but greater than zero, the results for that rating and the results for the rating with the next highest number of educators receiving the rating have been suppressed;
- In the case that two ratings had only one educator receiving each rating, both categories with one educator have been suppressed as was the rating with the next highest number of educators receiving the rating have been suppressed, and
- When after the application of the suppression rules above, none of the ratings has any educators reported, all rating counts have been suppressed (if only zeros would be presented, no data is presented).

Note: The Total Count of Educators may not match the sum of educators receiving evaluation ratings due to suppression and/or educators who were not evaluated under the new model.
