FOI/2006/1166	"The cost of official entertaining incurred by your department since January 1 2003. Also a list of guests who attended dinners or gatherings held by ministers which were paid for by the department - figures to be broken down by minister. " In a telephone conversation with Jerry Kelleher, requester agreed to the following: 1. Official entertainment means an official function hosted or attended by the Taoiseach/Minister of State which was paid for out Departmental funds. 2. It was agreed that if names of guests were to be provided , the addresses were not as this would contravene the privacy requirements of the invitees. 3. He clarified that he was only looking for guest lists of 50 and under. 4. It was agreed that functions hosted by the Department on behalf of the President were exempted, this means Presidential Inauguration and State Dinners etc Having explained that there were circa 1,100 functions attended by the Taoiseach for the past 3 years of which circa 70/80 were paid for by the Dept he would initially only accept a list of those functions in date order with a description of the event. Following receipt he would then come back looking for additional information including costings. This was deemed acceptable to me. [This list does not include functions hosted by Ministers of State or functions hosted by other sections at which the Taoiseach/Minister of State attended - this must be compiled separately by the sections involved.] To summarise what is now required is a list as follows: Date Description of function/event. On addition, run the category list for the National Day. END	20/01/2006
