

BERNIE BROS ON CAMPUS

JESSICA and CHARLOTTE walk together on a college campus. Both stop when they notice MATT wearing a "People for Bernie" T-shirt and suit jacket with a campaign button on the front.

Jessica and Charlotte stay back so Matt can't see them.

CHARLOTTE

Oh, hey, Molly, another Bernie Bro.

MOLLY

Yeah, Charlotte, they're everywhere! You can't walk across any of the quads without running into them.

CHARLOTTE

I know. And, if you don't want to talk to them, they make some comment about how you probably support Hillary, like you're garbage to want a woman president.

MOLLY

Hey, let's hang back here and watch for a little bit. Maybe we catch him harassing someone and we can spread it all over Twitter. Expose these misogynist pigs once and for all.

CHARLOTTE

I have class in twenty minutes, but definitely. Let's get this brogressive.

MATT approaches two students walking together, CHAD and LIZZY. Molly pulls out her phone and points it toward Matt.

MATT

Hello, mind if I take a moment to talk to you about feeling the Bern today?

LIZZY

We're kind of going somewhere.

MATT

I'll be quick. Bernie Sanders supports health care for all. He's not owned by Wall Street. His campaign is fueled by people like us, not the 1 percent.

CHAD

I support Ted Cruz. (laughs) Not really. Wait, I actually do for real. Are you still giving away free Red Bull?

MATT

No, we don't give out free Red Bull.

Lizzy and Matt exit.

CHARLOTTE

Typical Bernie-splaining. Like Hillary can't be her own woman and take on Wall Street.

MOLLY

It's always Wall Street with the bros. I bet he waves his finger at the next people he stops.

ANGELA enters.

MATT

Hello, do you have some time to talk about feeling the Bern?

ANGELA

Sure. My friends like Bernie.

MATT

He's very popular with millennials. Lots of students are in debt. Bernie thinks college should be free like K-12 education.

ANGELA

Thanks. I probably will vote Hillary, but I wouldn't mind if Bernie beat Trump.

Angela exits.

MOLLY

Incredible. These bros just promise free stuff to people. Can you imagine how people would react to Hilldog if she did that?

CHARLOTTE

He literally made her defend voting for the first woman president. Check your gender privilege and stop trying to make women feel the bro.

Matt stops BRIDGETTE and JACKIE.

MATT

Hello, do you have some time to talk about feeling the Bern?

BRIDGETTE

What burn? I don't have a burn.

JACKIE

She isn't burned. And who are you?

BRIDGETTE

Yeah, who the fuck are you?

MATT

No, no, I'm a volunteer for Bernie Sanders' presidential campaign.

JACKIE

Oh, you, mean, feel the Bern! Like, that socialist guy. James dressed up like him at the party.

BRIDGETTE

(laughing)

Haha, James had that big bald crazy Jew wig! And wagging his finger!

MATT

Uh. Well, so you know him. Great. He believes we need a political revolution...

BRIDGETTE

*I'll give you a political
revolution.*

JACKIE

(laughter)

*He could never handle our political
revolution.*

BRIDGETTE

Free beer for everyone!

JACKIE

*If one person gets wasted, we're
all getting wasted!*

BRIDGETTE

Redistribution of booze!

Bridgette and Jackie keep laughing and exit.

JESSICA enters.

JESSICA

*Hey, you two! Didn't expect to see
either of you here.*

MOLLY

*Hey, Jessica. We're watching this
Bernie Bro. Any moment he'll do
something sexist and we'll have a
viral video.*

JESSICA

That's ridiculous.

CHARLOTTE

*What do you care? You got some kind
of thing for boys who like Bernie?*

JESSICA

*Charlotte, just the other day you
said Hillary wants to create change
within our shitty reality while
Bernie actually wants to change
that shitty reality.*

MOLLY

No, you didn't, Charlotte. How

could you?

JESSICA

Molly, you said to me a few days ago that Hillary supports policies, which are hurtful to women.

Matt picks up a backpack and exits in the opposite direction.

CHARLOTTE

That's true. It's just become such a cat fight, and it's been getting to me.

MOLLY

Yeah, I was thinking about my grandmother, who is 83 years-old. If Hillary isn't elected, she may never see a woman become president. That's kind of sad, right?

JESSICA

Ladies, America is a dumpster on fire with rats scurrying around while a drunk, rich white man with a monocle pisses on it. This country doesn't just need a woman to win. It needs someone who, regardless of their dick or vagina, can rescue us from our increasingly post-apocalyptic future.

CHARLOTTE

You're right. We should support who we want to support.

MOLLY

And not worry about whether we're good women if we're not with Hilldog.

JESSICA

Now that we've got that settled, I'm hungry. Let's go have some Bernie Sandwiches.

[BLACKOUT.]
