Summary table, main benefit by regional council, latest quarter
Summary table, main benefit by regional council and benefit type, latest quarter
Summary table, main benefit by regional council and client type, latest quarter
Auckland regional council, by benefit and client type, since September 2013
Bay of Plenty regional council, by benefit and client type, since September 2013
Canterbury regional council, by benefit and client type, since September 2013
Gisborne regional council, by benefit and client type, since September 2013
Hawkes Bay regional council, by benefit and client type, since September 2013
Manawatu-Wanganui regional council, by benefit and client type, since September 2013
Marlborough regional council, by benefit and client type, since September 2013
Nelson regional council, by benefit and client type, since September 2013
Northland regional council, by benefit and client type, since September 2013
Otago regional council, by benefit and client type, since September 2013
Southland regional council, by benefit and client type, since September 2013
Taranaki regional council, by benefit and client type, since September 2013
Tasman regional council, by benefit and client type, since September 2013
Waikato regional council, by benefit and client type, since September 2013
Wellington regional council, by benefit and client type, since September 2013
West Coast regional council, by benefit and client type, since September 2013
Regional council unknown, by benefit and client type, since September 2013

Explanatory notes	
Working age	Working-age clients are aged 18-64 years. This definition reflects the minimum age of eligibility for most main benefits and the age of qualification for New Zealand Superannuation.
Non-working age and receiving a main benefit	In some cases benefits may be received by individuals outside of 'working age' (i.e. 18-64 years). Examples of this include individuals being eligible for a benefit from a younger age, or people over 65 years receiving the Emergency Benefit due to residency issues impacting on their eligibility for superannuation.
Ethnicity protocols	Ethnicity data is self-identified and multiple ethnicities may be chosen by an individual as fits their preference or self-concept. Multiple selected ethnicities are then prioritised into a hierarchy. The Māori ethnicity has the highest priority in this hierarchy, followed by Pacific peoples. NZ European has the lowest priority. This is to ensure that smaller and politically significant ethnic groups do not get overwhelmed by the larger ethnic groups. A single ethnicity is assigned to an individual based on this hierarchy. Ethnic groups do not currently align with Statistics New Zealand ethnicity groupings.
Continuous duration	The length of time the client has continuously been receiving any main benefit.
Suppression	In certain circumstances low numbers may potentially lead to individuals being identified. Due to these privacy concerns, numbers for some categories of clients have been suppressed or aggregated. Secondary suppression rules have also been applied when required. Suppressed numbers have been replaced by an 'S'.
Regional Councils	New Zealand has 12 Regional Councils. There are also 5 unitary authorities (Gisborne, Marlborough, Tasman, Nelson, and in the Chatham Islands) which combine regional and local councils into one organisation. Unitary authorities are shown in both TLA and regional council information. Chatham Islands is not reported separately due to low numbers but included in the 'Other/Regional Council Unknown' category for the summary tables.

Other Notes

- Percentages may not add up to 100 percent due to rounding.
- The time series for Regional Council data begins from September 2013. Retrospective benefit numbers before then cannot be generated.
- Jobseeker Support - Work Ready includes those receiving Jobseeker Support - Work Ready (Training).
- 'Other main benefits' includes the remaining benefit categories such as Emergency Benefit and working-age Youth Payment/Young Parent Payment (YP/YPP).
- Total for Sole Parent Support includes unspecified child age.
- There are no data tables for Chatham Islands Regional Council because numbers were too small.
- At September 2013, total Supported Living Payment (SLP) recipients included one client who was not assigned a subcategory.

Working-age recipients of main benefits by Regional Council - latest quarter
