INFORMAL RESOLUTION - ADMINISTRATIVE REMEDY (BP-8)

TO: Main (Unit Counselor)
Karas-A (Unit)

1. Briefly state your complaint. Include all details and facts which support your request and the date on which the complaint occurred.

My mail is often being held well beyond the point at which I am supposed to receive it according to BOP policy and federal laws pertaining to the handling of US mail. The provider posted a copy of a staff report to A.W. Yates several weeks ago, but the person who was to receive an envelope for my case had not read that class and postmarked mail still needs to be made over to my receiving it. Clearly this is requested by my Central Inmate Monitoring status which I also asked Yates to have the BOP remove since it was applying existing policy to begin with since SPS does not even want to have to deal with my mail and since this situation takes the staff necessary to monitor my mail without violating federal law by giving it to me later than

2. What action are you requesting to resolve your complaint? removal of my policy.

I request that Yates comply with my request that he ask the BOP to remove me from Central Inmate Monitoring status since it is applied to him in that regard. I was never given the written explanation as to the cause of that status that policy requires and also since the institution lacks the resources to monitor my mail in such a way that does not violate BOP policy and federal law.

3. What have you done and who have you spoken to regarding your complaint?

I've sent an e-mail to Yates, who never replied, on March 28, as my he see via Staff Notification.
