**Description**

Officers received information from a reporter with the Associated Press about a bomb threat at the Apothecary Shoppe located a 6136 E. 51st. The pharmacy has been in the news recently as being involved in the production of chemicals used in the state run executions of prisoners in Missouri. The reporter stated they were told the business had received multiple fire bomb threats at the pharmacies. Agent [Redacted] with the FBI and I responded to the location and made contact with the pharmacy [Redacted] who stated that immediately following their name being released to the media they received a couple of threatening phone calls and emails but the threats where not specific in nature. [Redacted] stated that they have not received any threats in several weeks but would notify law enforcement in the event they received more threats. No suspect information at this time.
