Paragraph 2 is changed to read as follows:

2. Price: In consideration for the satisfactory completion of all of the tasks described above, as determined by a responsible agency official, you will be paid a firm fixed price of Not To Exceed THREE HUNDRED TEN THOUSAND ONE HUNDRED DOLLARS and NO CENTS (\$310,100.00). UNCLASSIFIED

UNCLASSIFIED

The following clauses are added in their entirety:

22. IC TRAVEL (Alternate I) (11/01) Travel Costs are a Separate Contract Line Item from the Service Line Item(s)

Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government.

Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:

a. The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the conterminous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation; or

b. The alternate rate (if any) established by the component funding the contract. Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301-10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301-10.124 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g., incidences of civil unrest or natural disaster). A scheduled event (e.g., the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.

Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. The Government has the right to examine such receipts for the purpose of verifying invoices.

23. OVERSEAS EMERGENCY DEPARTURE (11/01)

In the event of sudden breakdown of local law and order, civil or military rioting, war or other dangerous situations, such as a cataclysmic or a natural disaster that seriously threatens personal safety, the United States Government, at its discretion, may attempt to arrange emergency departure for the Contractor or may reimburse reasonable and necessary departure costs incurred by the Contractor.

24. OVERSEAS EMERGENCY MEDICAL TRAVEL (11/01)

In the event the Contractor travels overseas to perform provisions of the contract, the Government agrees to reimburse the cost of reasonable and necessary travel or transportation expenses, as approved by the Agency in its sole discretion, to [location] in the event of Contractor illness, injury, or death which occurs while overseas. It is understood and agreed that eligibility will be based upon the Contractor's conformance with applicable Agency rules, regulations, and policies. It is further understood that all travel expense claims will be submitted only to this Agency, and that adjudication of such claims by this Agency shall be final and conclusive.

UNCLASSIFIED

UNCLASSIFIED

25. MISSING PERSONS (11/01)

In the event the Contractor is determined to be "missing" as defined in Agency regulations, the Contractor will continue to be under contract during the contract period of performance while in missing status as if he/she were continuing to perform the contract on schedule. Compensation under this provision, when added to compensation for services previously rendered under the contract, may not exceed the total contract price. Unless excluded by explicit provisions of the Internal Revenue Code, amounts paid under this provision will be considered taxable income and will be included on the Contractor's Form 1099.

26. VEHICLE INSURANCE & MOTOR VEHICLE ACCIDENTS (ALT III) - IC May Be Considered for Indemnification; Use of a Government-Owned Vehicle Authorized (11/01)

The Contractor is not an employee of the United States Government and shall be responsible for any liability, including liability to third parties, resulting from activities involving motor vehicles, including rental vehicles, privately-owned, and Government-owned vehicles while overseas. The IC may be considered for indemnification for costs incurred as a result of automobile accidents while in the course of using a rental vehicle, privately-owned, or Government-owned vehicle overseas to perform contractual activities, as specified in _____ The IC is authorized to use a Government-owned vehicle for authorized purposes necessary for performance of this contract while overseas. (Transportation to or from an IC's residence is not an authorized use of a Government-owned vehicle.) The contractor shall provide the Contracting Officer or the Contracting Officer's authorized representative with oral notification of an accident or damage to a Government vehicle not later than 24 hours of the occurrence. The contractor shall follow up with written notice, detailing the incident, not later than 5 calendar days after the occurrence. The contractor will cooperate with any investigation the Government may undertake.

27. LIFE INSURANCE (11/01)

The Contractor is permitted to purchase, at Contractor's expense, a \$100,000 unconditional term life insurance policy in his/her name, payable to the beneficiary of choice through an Agency-administered program. If the Contractor decides to purchase such a policy, it will be taken out by the United States Government on his/her behalf and will be effective immediately after administrative processing. This policy will terminate immediately upon termination of this contract.

28. INDEMNIFICATION (11/01)

For reasons of cover, operations and/or security, the Contractor may possibly be considered for indemnification for the costs of legal representation by private counsel and for the amount of any judgment or fine resulting from the performance of this contract if, and only if, the contract includes this indemnification provision. This means that the Independent Contractor who, as a result of activities carried out within the scope of this contract, is sued, subpoenaed, or investigated in his or her individual capacity, or is subjected to investigative, administrative, professional, or State proceedings of any nature, may be indemnified under Section 8 of the Central Intelligence Agency Act of 1949, as amended, for the costs of legal representation by private counsel and for the amount of any judgment or fine entered against that person if the General Counsel, in his or her sole and non-reviewable discretion, determines that the person appears to have been acting in good faith and within the scope of this contract that such indemnification would be in the interests of the Agency, and under all of the circumstances taking into account the legal expenses and the amount of any judgment or fine, the indemnification would be fair and reasonable. Any decision regarding indemnification of the Contractor shall be made by the Director of Central Intelligence in his sole and unreviewable discretion.

29. SERVICE AND CANCELLATION (11/01)

The Government agrees to provide, at a minimum, five (5) working days notice in the event that any block of scheduled services to be provided hereunder is not required in its entirety. Under such circumstances, there are no costs to be borne by the Government in association with the cancellation of a scheduled block of services in its entirety. In the event that the Government fails to provide the indicated minimum notification, the Contractor may invoice the Government for such canceled blocks of scheduled appointments in accordance with the payment terms set forth herein unless, as may be determined by the Contracting Officer, that cancellation is due to an act of God (i.e. singular, unexpected and irregular visitation of a force of nature). In those instances where individual appointments, vice an entire scheduled block of appointments are canceled, the Contractor shall only invoice and be paid for those services actually performed. The Independent Contractor Administrator (ICA) will be informed of all cancellations with less than the required five (5) working days notice for which the Government is to be invoiced. It is further understood and agreed that the Contractor shall provide the COTR a minimum of three (3) calendar weeks notice in the event that any block of services cannot be provided as scheduled. Failure to provide the indicated minimum notification shall be noted as part of the Contractor's performance assessment and taken into account when any renewal of service may be considered.

- Task 1. Provide consultation and recommendations for applying methodology/CONUS
- Task 2. Conduct specific applied research projects/CONUS

2. PRICE (ALT IB) (FEE FOR TASK - WITH ADDITIONAL CONTRACT FUNDS FOR TRAVEL) (11/01)

In consideration for the satisfactory completion of all of the tasks described below, as determined by a responsible Agency official, the contractor will be paid a firm, fixed price of \$348,000.00. This amount will be disbursed as follows:

- Task 1. For the satisfactory completion of consultation and recommendation for applying methodology/CONUS: \$1,000.00/per day.
- Task 2. For the satisfactory completion of conducting specific applied research projects/CONUS: \$1,8000.00/per day.

3. IC TRAVEL (ALTERNATE D) (11/01) Travel Costs are a Separate Contract Line Item from the Service Line Item(s). Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government.

Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:

- The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the conterminous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation; or
- The alternate rate (if any) established by the component funding the contract.

Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301.10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301.10.124 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. incidences of civil unrest or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.

Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. The Government has the right to examine such receipts for the purpose of verifying invoices.

4. NON PUBLICITY (11/01)

It is a material condition of this contract that the Contractor shall not use or allow to be used any aspect of this contract for publicity or advertisement purposes. It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The Contractor may request a waiver or release from the foregoing but shall not deviate there from unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

5. ELECTRONIC INVOICING (03/02)

Invoices may be submitted as tasks or sub-tasks are completed, but not more often than once a month.

If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.

If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC's Independent Contract Administrator (ICA), who in-turn shall input the data into the e-Invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

The Chief of Installation or designee is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

In the event the Contractor, during the performance of this contract, elects to designate a different financial institution for the receipt of payment, notification of such change and the required information specified above must be received by the appropriate Government official 30 days prior to the date such change is to become effective. Contractor's failure to properly designate a financial institution or to provide appropriate payee bank account information will delay payments.

7. PROMPT PAYMENT (11/01)

The Contractor is entitled to payment in accordance with the Prompt Payment Act. Specifically, the due date for making invoice payments shall be on the 30th (calendar) day after the designated billing office has received a proper invoice from the Contractor. Payment shall be considered as being made on the day the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and a proper invoice was received by the designated billing office.

8. TERMINATION (11/01)

In addition to either party's common law right to terminate the contract for default, this contract may terminate earlier than the target date listed on page one for any of the following reasons:

- (b) Upon thirty (30) days notice by either party for any reason.
- (c) By the Director of Central Intelligence or designee, in accordance with the Director's non-reviewable discretion, termination is deemed necessary or advisable in the interest of the United States.
- (d) When the Contracting Officer determines that the IC has failed to fully comply with the security requirements of this contract as a result of the willful misconduct or lack of good faith.

Upon termination of this contract, the Contractor will be required to turn in his/her badge or any other items of identification issued by this Agency as well as any Government-purchased, owned or provided property.

Termination or expiration of this agreement will not release the Contractor from the security restrictions or from the obligations of any

If, during performance under this contract, the IC assumes the custody of United States Government funds or takes possession of property of any nature whatsoever and wherever situated, which property has in fact been purchased with monies of the United States Government, the IC hereby recognizes and acknowledges the existence of a trust relationship, either express or constructive, and agrees to execute whatever documents may be required by the Government to evidence this relationship.

14. STATUS (03/03)

If the IC feels such a situation exists, he/she is obligated to inform immediately the Contracting Officer.

15. INSURANCE (03/03)

Contract No. 2004*P742309*000

IC Name: James E. Mitchell

1. SERVICES (ALT I) (FEE FOR TASK) (03/03)

The Independent Contractor (IC) shall provide psychological consultation and training support services to the debriefing programs of Counter-terrorism Center (CTC):

Task 1. Contractor will provide OCONUS on-site guidance to CTC's debriefing efforts (max. 150 days).

Task 2. Contractor will provide CONUS consultative support and specialized training to CTC (max. 120 days)

2. PRICE (ALT II) (FEE FOR TASK - WITH ADDITIONAL CONTRACT FUNDS FOR TRAVEL) (03/03)

In consideration for the satisfactory completion of all of the tasks described below, as determined by a responsible Agency official, the IC will be paid a firm, fixed price of \$390,000. This amount will be disbursed as follows:

Task 1. For the satisfactory completion of OCONUS on-site guidance, \$1,800 per day (\$270,000 max.)

Task 2. For the satisfactory completion of CONUS consultative support and specialized training, \$1,000 per day (\$120,000 max.)

In addition to the above task fee, this contract also includes Travel Expenses not to exceed \$75,000, Other Direct Costs (related to quick reactive responses) not to exceed \$1,500 and Personal Liability Insurance not to exceed \$1,000. Therefore, the total price of this contract is as follows:

<u>Task fee</u>	<u>Travel</u>	<u>Other</u>	<u>Personal Liability</u>	<u>Total</u>
		<u>Direct Costs</u>	<u>Insurance</u>	<u>Contract Value</u>
\$390,000	\$75,000	\$1,500	\$1,000	\$467,500

3. PERIOD OF PERFORMANCE (03/03)

The period of performance of this contract shall be from 01 January 2004 through 31 December 2004

4. IC TRAVEL (ALTERNATE I) (03/03) Travel Costs are a Separate Contract Line Item from the Service Line Item(s)

Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government.

- Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:

- The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the contiguous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation; or
- The alternate rate (if any) established by the component funding the contract

- Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301-10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301-10.124 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. incidences of civil unrest or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.

Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. The Government has the right to examine such receipts for the purpose of verifying invoices.

5. NON PUBLICITY (03/03)

It is a material condition of this contract that the IC shall not use or allow to be used any aspect of this contract for publicity or advertisement purposes. It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The IC may request a waiver or release from the foregoing but shall not deviate there from unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

6. ELECTRONIC INVOICING (03/03)

Invoices may be submitted as tasks or sub-tasks are completed, but not more often than once a month.

If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.

If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC's Independent Contract Administrator (ICA), who in-turn shall input the data into the e-Invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

- a. the IC's name;
- b. an invoice number;
- c. the invoice date;
- d. the contract number;
- e. a description of the tasks and price for services actually rendered;
- f. dates services performed;
- g. the IC's signature; and,
- h. any other information or documentation required by this contract.

If the IC is working at a field location that precludes the IC from having access to the e-Invoicing system, or that precludes the IC from presenting invoices directly to the ICA, the IC is to present proper and complete invoices to the Chief of the Installation or designee. The Chief of Installation or designee is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

The payment periods designated by the Prompt Payment Act will begin on the date a proper and complete invoice is received in CFO/ Vendor Payments via the e-Invoice system.

For invoices submitted via an ICA (either directly or through the Chief or the Chief's designee at a field installation), the IC shall direct inquiries to the ICA regarding the status of previously submitted invoices.

7. ELECTRONIC FUNDS TRANSFER (03/03)

Payments under this contract shall be made by the Government by electronic funds transfer only. The IC shall designate a financial institution for receipt of electronic funds transfer payments and shall submit the proper information to the Contracting Officer on a Standard Form 1199A or an alternate form provided by the Contracting Officer. In the event the IC, during the performance of this contract, elects to designate a different financial institution for the receipt of payment, notification of such change and the required information specified above must be received by the appropriate Government official 30 days prior to the date such change is to become effective. IC's failure to properly designate a financial institution or to provide appropriate payee bank account information will delay payments.

8. PROMPT PAYMENT (03/03)

The IC is entitled to payment in accordance with the Prompt Payment Act. Specifically, the due date for making invoice payments shall be on the 30th (calendar) day after the designated billing office has received a proper invoice from the IC. Payment shall be considered as being made on the day the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and a proper invoice was received by the designated billing office.

9. TERMINATION (03/03)

This contract may terminate earlier than the end of the period of performance for any of the following reasons:

- a. If the Contracting Officer determines that a real or potential conflict of interest exists with respect to the relationships described in the "Rules of Conduct/Conflict of Interest" paragraph below, the Government may terminate this contract upon ten (10) days notice.
- b. Upon thirty (30) days notice by either party for any reason.
- c. By the Director of Central Intelligence or designee, in accordance with the Director's non-reviewable discretion, when termination is in the interests of the United States.

14. STATUS (03/03)

The IC's legal status under this agreement is that of an Independent Contractor. Nothing contained herein shall be construed as appointing the IC into the civil service of the United States, implying the creation of an employer-employee relationship, or establishing any entitlement to federal retirement benefits or any other federal employee benefits, such as benefits under the Federal Employees' Compensation Act. If the IC feels such a situation exists, he/she is obligated to inform immediately the Contracting Officer.

15. INSURANCE (03/03)

The IC assumes all risks associated with his/her performance under this contract. As such, the IC is encouraged to obtain appropriate insurance (e.g., liability, health, automobile, disability, professional, etc.) to cover such risks. The IC acknowledges that, unless otherwise provided in this contract, the IC will not be reimbursed for any insurance related costs.
