

Commissioner

## Department of Economic and Community Development

July 5, 2016

Benjamin Barnes Secretary Office of Policy and Management 450 Capital Avenue Hartford, CT 06106

Dear Secretary Barnes:

Attached you will find a details of the plan for Personal Services spending that we discussed on July 8 which outlines how we plan to operate within available resources for FY17.

DECD's hiring plan is the result of careful consideration about how to best fulfill the agency's core functions in a cost-effective manner. In addition to limiting hiring to critical positions, we have taken steps to function within budgetary constraints including:

- Re-deploying current staff
- Combining functions
- Eliminating previously requested and approved positions

A margin of safety is built into the projections that assures our PS spending will be well within the budget. The salary projections are based on a full year's salary estimates, however the hiring process will take time so actual costs will be further reduced.

DECD recognizes the imperative to manage spending within available resources particularly within the OE budget. We hope to continue to fund tourism and arts grants lines to the fullest extent possible and will continue to work with OPM to identify ways to reduce or eliminate spending.

The strategies we have implemented for FY 17 and beyond include:

- Close administration of all spending to maximize the return on limited resources.
- LEAN and other process improvements to increase efficiency and return on investment.
- Enhanced employee engagement to increase productivity, improved performance and reduce costs. Staff education has reinforced the expectation it is everyone's responsibility to contain spending whenever possible.
- Completion of the IT Revitalization project and strategic IT upgrades will improve efficiency and increase the department's ability to effectively serve its customers.

I am confident that these strategies will enable DECD to meet the challenges of the budget environment that we will face in 2018 while still meeting our core mission of strengthening Connecticut's economic competitiveness.

Regards,

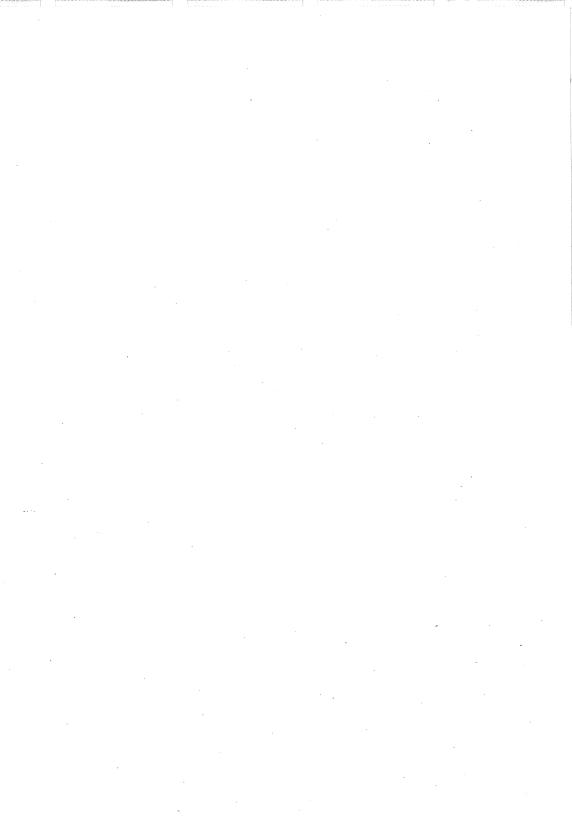

Catherine Smith Commissioner
