

Time for more police to die.

We are getting our Sig Sauer MCX .223-caliber rifles ready, and very soon,

my partners will head down to Portland Police Department on 109 Middle St.

There they will shoot and kill as many police officers as they can.

Meanwhile, I will get into position at the top of Cumberland

County Parking Garage

on 188 Newbury St.

I have booby trapped the garage with explosives, so don't go there.

Time to take action. More dead cops.
