160216 ASSIST OUTSIDE AGENCY LONTZ

On 05/27/16 at approximately 1535hrs, I, Officer Lontz with the Monument Police Department (MPD) was dispatched to the Lewis Palmer School District 38 administration building located at 146 N. Jefferson in reference to a report of computer hacking.

Upon arrival I made contact with Robert Foster who advised that he had received an email from Karen Brofft who is the District 38 superintendent. The email identified a conversation that occurred on 05/20/16 between District 38 school teacher Dewayne Mayo and a parent identified as [redacted] who expressed concern of the security of the school district infinite campus portal. Mayo reported the conversation to Karen Brofft District 38 superintendent via email who brought this to the attention of Foster.

This email prompted a search of the system to see if one IP address attempted to access several student's information in the portal. During the search the IP address belonging to [redacted] had accessed three students information other than his own. The three students were identified as [redacted] and [redacted]

Foster stated that he had contacted the parents of the students asked if they had accessed the portal from the [redacted] household. [redacted] stated that [redacted] had logged on from a mobile device while connected to the wireless network. [redacted] stated that [redacted] was not present at the [redacted] household at the time the information was accessed. [redacted] was unsure where [redacted] was at the time of access but was going to check with [redacted]

160216 Supp 1 Lontz

On 06/18/16 at approximately 1645hrs I made contact with [redacted] who is the [redacted] advised me that [redacted] was aware of my investigation and that [redacted] was over at the [redacted] and accessed the infinite campus via [redacted] cellular phone. [redacted] verified that [redacted] owns a Samsung S5 cell phone. This information is consistent with the information that was provided by the school district who stated that [redacted] information was accessed from a Samsung device from [redacted] IP address.

At approximately 1652hrs I made contact with both victim [redacted] and [redacted] explained that [redacted] is best friends with [redacted] and is over at the [redacted] residence on a regular basis. [redacted] further explained that [redacted] has accessed Infinite Campus account on countless occasions from the [redacted] residence. [redacted] stated that on several occasions [redacted] and [redacted] has exchanged their user names and passwords (date of birth) to each other to access their Infinite Campus accounts.

On 06/19/16 at approximately 1945hrs I met with [redacted] who advised me that there had been a long time issue with the security of Infinite Campus. [redacted] state that [redacted] allowed [redacted] to attempt to access [redacted] account in an attempt to show the systems vulnerability. [redacted] stated that [redacted] was unsure if [redacted] provided [redacted] with [redacted] date of birth.
