

DECLARATION OF STEVEN MNUCHIN

I, STEVEN MNUCHIN, declare as follows:

1. I am the Respondent in the above-entitled action. I have firsthand, personal knowledge of the facts stated herein, and if called as a witness, I could and would competently testify thereto.

2. I submit this declaration in support of my ex parte application to seal the portion of the Court's file containing Petitioner's UCCJEA form FL-105 and the minor children's home address.

3. I am currently the Chairman and CEO of a privately held bank. I understand that my position subjects me to a certain amount of public scrutiny and public ire at the banking industry in general. It is and has always been my desire, and to my understanding the desire of Petitioner, to shield our children from any of the scrutiny and ire directed at me due to my position with the bank.

4. To my knowledge, our home address has only been in the public record once. In October of 2011, a reporter published our home address from a charity event. Shortly thereafter, our family residence was the site of a protest against my bank's mortgage servicing policies. At the time, Petitioner and I were lucky enough to have some advance notice of the protest and were able to get our minor children out of the home before it began. More than 100 people showed up at our residence as a result of our home address being published. We were forced to have LAPD on scene to disperse the crowd. Due to their efforts there was no

violence and the crowd dispersed with limited incident.

5. I can only imagine the psychological harm that would have come to our minor children if they were at the house to see over 100 people protesting at their home. Additionally, without the prior notice and large LAPD presence on scene, I do not think that the protest would have been as placid as it was nor would it have been over so quickly.

6. After this disclosure to the public of our home address, it took some time and some expense to successfully "scrub" the internet of any reference to our home address. Since this incident, we regularly "scrub" the internet for any mention of our home address.

7. Petitioner and I had been very diligent about keeping our home address out of the public record. To my knowledge, the only place in which our home address is currently in the public record is in Petitioner's UCCJEA form FL-105. It is my understanding from my conversations with Petitioner that she too wants this information out of the public record.

8. For the sake of our children's health and well being, I request that the Court seal the portion of the Court's file containing Petitioner's UCCJEA form FL-105.

I declare, under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct.

Executed March \_\_\_\_\_, 2014 at Los Angeles, California.
