Dear Gabby, As we discussed on Tuesday October 6, 2015, I am divesting my interest in a company that had invested in a management company of a potential LNNP. As we agreed I will furnish whatever necessary information including a copy of my banking information to show that all money was returned. This information will satisfy any and all conflict of interest that could have potentially occurred in the performance of my job duties as the CPO and CRC. Please let me know what information the Department would like.

Thanks you

Daniel
