Re: Open Records Request

Dear Ms. McClung:

I am writing to respond to your recent e-mail inquiry on behalf of *The Frontier* to the Office of Juvenile Affairs, in which you ask, in essence, whether critical incident reports (prepared by the Muskogee County Detention Center), may be released to *The Frontier*.

The records in question are considered "agency records," and as such "are confidential and shall not be open to the general public, inspected, or their contents disclosed." 10A O.S.Supp.2016 § 2-6-102. Should you have any questions, please do not hesitate to contact me.

Sincerely,

Rachel Holt
Assistant Attorney General
