Bill,

I have had Alicia in our office re-search her email account. Additionally, I had her specifically look for the email(s) in question. The email still was not found.

Given that the Assembly is not under the duty to retain records in the normal course of business, it is likely that Alicia simply deleted the document(s) you inquired about prior to your initial request. Obviously, the drafters retained their copy of the email which resulted in the discrepancy of the email showing up in their (the drafters') records and not ours.

I hope this information is helpful.

Best Regards,

Steve Fawcett

Office of Speaker Robin Vos

211 West, State Capitol

Phone - 608.237.9136
