Please note the following:

*The following estimates are based on a specific set of assumptions regarding items such as caseload, inflation, and school district M&O levy certification.

A different set of assumptions would result in different estimates.

*School district estimates for maintenance level are limited to estimated state basic education allocations, local effort assistance payments, and maintenance and operation levies.

*School district M&O and local effort assistance payments estimated at current law include the impact of enactment of ESB 5023, delaying the levy cliff by one calendar year.

ESTIMATED NET STATE AND LOCAL SCHOOL DISTRICT PER PUPIL FUNDING CHANGES BASED ON 2017-19 STATE BIENNIAL BUDGET*

*School district estimates for current law and the estimated impact of the policy changes assume caseload forecast and inflation estimates as of March 2017.
 *School district policy impacts do not include the estimated impact of increased funding school districts may receive as the result of changes in grant program funding amounts, and other items that can not be estimated at the school district level. Examples of items not included in these estimates are: increased allocations under the BEST program, anticipated growth in the number of National Board certified teachers, and pupil transportation formula adjustments.
 *For districts showing a net policy change loss, a hold harmless has been applied.
