ding and Utilization Data for Advanced Care Planning (ACP) Services
Documentation
Description
The state where the provider is located, as reported on claims.
Number of distinct providers who submitted claims for ACP services.
Number of distinct Medicare beneficiaries receiving ACP services.
Number of claims for ACP services.
Number of ACP services provided. Each line item or revenue center identified with HCPCS code values of '99497' or '99498' is counted as a service. A single claim may have more than one ACP service with each service representing 30 minutes of care.
Number of ACP Services multiplied by 30 (minutes of care) divided by the Number of Claims.
The total charges submitted by providers for ACP services.
Amount that Medicare paid after deductible and coinsurance amounts have been deducted for ACP services.

Medicare Spending and Utilization Data for Advanced Care Planning (A

Note: Data reflect ACP claims with dates of service from January 1 through De
