

For FY 18, the ECS formula components are:

- \$11,000 foundation level
- Need Students (Poverty indicator) are number of English Language Learners (ELL) and number of students in poverty based on U.S. Census Bureau statistics
- Need weighting is 25%
- ENGLPC Weight is 70%
- MHI Weight is 30%
- ENGLPC and MHI Threshold is 1.25
- Minimum Aid Ratio is 10% for Alliance Districts and 0% for Non-Alliance Districts

The phase in for FY 18 is:

The amount to be phased in = Fully Funded Grant for FY 18 – ECS Adjusted Entitlement for FY 17 (ECS Entitlement – MORE lapse)

- For towns where this is a positive number, they have an underage and will receive their FY 17 Adjusted ECS Entitlement plus 20% of the underage.
- For towns where this is a negative number, they have an overage and will receive their FY 17 Adjusted ECS Entitlement less:
 - The entire overage if their per pupil overage (overage divided by resident student count) is between \$0 and \$1,099
 - 33.3% of the overage if their per pupil overage is greater than \$1,100
- Notwithstanding the above, Alliance Districts that would see a loss of funding, would be held harmless at the FY 17 Adjusted Entitlement amount

For FY 19, the ECS formula components are:

- \$12,570 foundation level
- Need Students (Poverty indicator) are number of English Language Learners (ELL) and number of students in poverty based on U.S. Census Bureau statistics
- Need weighting is 25%
- ENGLPC Weight is 70%
- MHI Weight is 30%
- ENGLPC and MHI Threshold is 1.25
- Minimum Aid Ratio is 10% for Alliance Districts and 0% for Non-Alliance Districts

And the phase in for FY 19 is:

The amount to be phased in = Fully Funded Grant for FY 19 – ECS Adjusted Entitlement for FY 17 (ECS Entitlement – MORE lapse)

- For towns where this is a positive number, they have an underage and will receive their FY 17 Adjusted ECS Entitlement plus 40% of the underage.
- For towns where this is a negative number, they have an overage and will receive their FY 17 Adjusted ECS Entitlement less:
 - The entire overage if their per pupil overage (overage divided by resident student count) is between \$0 and \$1,099
 - 66.6% of the overage if their per pupil overage is greater than \$1,100
- Notwithstanding the above, Alliance Districts that would see a loss of funding, would be held harmless at the FY 17 Adjusted Entitlement amount
