Re: Flatrock Hawcreek School Corporation  
Prayers at School

Dear Mr. Jayne:

Please be advised that the undersigned represents the Flatrock Hawcreek School Corporation. I have been provided with your letters dated June 2<sup>nd</sup> and August 10, 2017 with regard to allegations of scheduled prayers at school-sponsored events. I have spoken to the school corporation's superintendent regarding your letters in detail.

At this time, the school corporation and the superintendent have taken all appropriate and reasonable steps to make sure the school is in compliance with the constitutional principles of separation between church and state. While we disagree with much of the factual allegations raised in your letters, please be assured that the school takes the allegations raised seriously and such matters have been discussed accordingly.

Sincerely,

Scott C. Andrews
