Ms. Tudor

It was not a suggestion that it was the wrong time and place to have a discussion about other legislation, it was absolutely the wrong time and place.

That was a day for celebrating something that senator Floyd and others have invested a considerable amount of time and political capital in for victims in Oklahoma.

As I have stated in every email you have sent and phone call you have made, I will be more than happy to meet with you about legislation, however if it is specific legislation the author of the bill must be present also. I have this rule for lobbyist and general public, as I will not get drawn into a he said he said type of argument.

If you would like to meet on specific legislation please indicate which bill and coordinate with house author to assure the time works for them as well. If it is regarding the general state of laws and how we can improve them, then coordinate a time with Ashley in my office.

Representative Biggs,

When I spoke with you at the press conference you suggested it wasn't the time or place. I feel I've made myself available to meet with you in the past so I will renew my request to meet with you. I will make myself available to the time and place you determine. Please let me know when that is.
