Morning!! Will you head directly to the Temple University event from votes? I can have Quin meet you over there. They are assembled in 1309 Longworth.

We are voting now!! Quin said you were headed to the gym.

You want to take some time and go out for ice cream on Wed after the tele town hall? It might be nice. It was an intense week and I feel I added unnecessary tension and I do don't want you to be the brunt of it. Now I feel very bad.

That sounds great :) please don't feel bad either! I just want to always be on the same page so I can anticipate and be the touchstone you need down here. I can bear the stress and tension. 😊 trust me.

Ok so my iPhone keeps "recents" for numbers of incoming and outgoing calls. bUT it only goes back about 30 or so calls. Is there any way you know to pull up numbers from previous week. I got a call from on Landdowne near Easter that was a tree man I need to contact. If you know- is there a way to troll further back

Anstine class on the senate side. They expect you around 11, but could take you earlier if you want to go straight there from the floor. Just let me know and I'll give Bernie Comfort the heads up! They will be in 628 Dirksen.

Ok 😊 to you. Votes then right to Anstine. Looks like 2nd vote isn't til around 2

Correct! Wonderful!

So much, so sudden. Kinda still in the "blown away" stage

I know what you mean. It's certainly a lot to process.

Dear

As you bask in this moment of extreme joy, I want to share with you my sentiment of how richly it is deserved. You are kind and sensitive and caring and infectious with your laugh. You are and have been a complete partner to me and you have brought me much happiness. It is a very, very lucky man who might get to be your partner for more of your life. If this is indeed the "one", I hope you will find great contentment. I pray that you might be blessed with children that you will raise so wonderfully in your image.

As I walked this evening and glanced over at the White House I smiled at the irony that on a day that I had to say "no" to the President and to the Speaker of the House, I got to say "yes" to you. I hope that the former will be judged as a vote of conscience and the latter as an expression of care.

There is a funny saying that "Man plans
and God laughs" I hope that we each discover
our paths through His light. From time to time,
when I need perspective, I will sit quietly in the
embrace of the Viet Nam Memorial, the war I
grew up with. I found surprisingly close together
the names of _____ from Montana
and _____ from Pa. (surprisingly). As I
traced the names with my finger, I wondered who
they were and why their plans ended so sadly and
abruptly. As we travel our paths together, I am
comforted that there is more unwritten.

Thank you for all that you have done for me,
and for all you continue to do. I thank God
for putting you into my life and for all that
we have seen, and experienced and generously
shared together.

With all of my heart,
Patrick
