E-FILED
IN COUNTY CLERK'S OFFICE
PIERCE COUNTY, WASHINGTON

May 22 2018 11:57 AM

KEVIN STOCK
COUNTY CLERK
NO: 18-2-08238-8

IN THE SUPERIOR COURT OF THE STATE OF WASHINGTON
IN AND FOR THE COUNTY OF PIERCE

CITY OF LAKEWOOD, WASHINGTON, a municipal corporation,

Plaintiffs,

v.

STATE OF WASHINGTON; DEPARTMENT OF SOCIAL AND HEALTH SERVICES; WESTERN STATE HOSPITAL; AGING AND LONG-TERM SUPPORT ADMINISTRATION; WOODVILLE ADULT FAMILY HOME, LLC, MARGARET W. KARIMI, Registered Agent,

Defendants.

COMPLAINT FOR WRIT OF MANDAMUS; AND DECLARATORY AND INJUNCTIVE RELIEF

COMES NOW the Plaintiff, City of Lakewood ("City"), seeking a Writ of Mandamus; Declaratory Judgment and Injunctive Relief against Defendants, State of Washington ("State"); Department of Social and Health Services ("DSHS"); Western State Hospital; Aging and Long-Term Support Administration (ALTSA); Woodville, AFH, LLC; Margaret Karimi, registered agent and sole proprietor of Woodville, AFH, LLC.

I. PARTIES.

1.1 **Plaintiff.** The City of Lakewood, Washington is a municipal corporation organized under the laws of the State of Washington operating in Pierce County,

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

Washington. The City of Lakewood is responsible for the public health and safety of approximately 60,665 citizens residing within the City.

1.2 **Defendant State of Washington**. The State of Washington is a governmental entity.

1.3 **Defendant DSHS.** The Washington State Department of Social and Health Services (DSHS) is responsible for managing many subordinate state agencies and programs including Aging and Long-term Support Administration; Behavioral Health; Children's Administration; Developmental Disabilities; Economic Services; Financial Services; Rehabilitation; and Service and Enterprise Support. DSHS licenses and regulates Adult Family Homes, Enhanced Services Facilities and other outpatient treatment and care facilities.

1.4 **Defendant Western State Hospital**. Western State Hospital (WSH) is a state mental health facility operated by DSHS's Behavioral Health Administration and located in the City of Lakewood, Washington. WSH provides care for the mentally ill, and upon discharge from the hospital, conducts care assessments of patients and facilitates out-patient housing and care for those patients.

1.5 **Defendant Woodville Adult Family Home, LLC.** Woodville Adult Family Home, LLC is a business located at 6909 Topaz Dr. SW in Lakewood, Washington, licensed as an Adult Family Home by DSHS.

1.6 **Defendant Margaret W. Karimi**. Ms. Karimi is the owner, operator and registered agent of Woodville Adult Family Home, LLC.

///

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

II. JURISDICTION AND VENUE

2.1 **Jurisdiction.** This Court has jurisdiction over this matter pursuant to RCW 4.28.020 and RCW 4.28.080.

2.2 **Venue.** Defendants reside and/or do business in Pierce County and venue is proper pursuant to RCW 4.12.010.

III. FACTS AND ALLEGATIONS

3.1 **Incorporation by reference**. The City here re-alleges and incorporates by reference all the statements alleged in Paragraphs 1.1 through 1.6 and 2.1 through 2.2.

3.2 **City's Police Power**. Washington State Constitution Article XI vests the City of Lakewood with police powers to provide for the public health, safety and welfare. Pursuant to its police powers, the City regulates land use planning, development and the operation of businesses within its jurisdictional boundaries.

3.3 **The Growth Management Act**, (GMA) chapter 36.70A RCW, requires the City to adopt a Comprehensive Plan, including a process for identifying and siting essential public facilities.

3.4 **GMA – Essential Public Facilities**. The GMA defines essential public facilities as those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities, regional transit authority facilities, state and local correctional facilities, solid waste handling facilities, and inpatient facilities including substance abuse facilities, mental health facilities, group homes, and secure community transition facilities.

3.5 **Fair Distribution - County-Wide Planning Policies.** The GMA requires each county, in cooperation with cities and towns, to adopt county-wide planning policies.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

The City participated in the development and adoption of the Pierce County County-Wide Planning Policies.

The Pierce County County-Wide Policies call for fair distribution of essential public facilities among jurisdictions. Exhibit A, Declaration of Dave Bugher, Assistant City Manager, providing excerpts from the Pierce County County-Wide Planning Policies, July 27, 2014, at p.1 and 64-67 in Exhibit A-1. The policies relevant to this matter are substantively the same since originally adopted in 1992. Exhibit A-2, excerpts from the originally adopted Pierce County County-Wide Planning Policies (1992).

3.6 **Fair Distribution – Multi-County Planning Policies.** The Puget Sound Regional Council (PSRC) develops policies and coordinates decisions about regional growth, transportation and economic development planning within King, Pierce, Snohomish and Kitsap counties. The PSRC is composed of over 80 jurisdictions, including Pierce County, as well as the cities and towns, ports, state and local transportation agencies and tribal governments within the region.

The PSRC also calls for fair distribution of essential public facilities among jurisdictions so that no one jurisdiction becomes unduly burdened by them. Exhibit A-3, excerpts from the PSRC Multicounty Planning Policies, Vision 2040, at p. 29; 89; and 94-95.

3.7 **State Agencies - Required to Comply with Policies**. Defendants WSH, DSHS, and ALTSA, as state agencies, are required to comply with county and city comprehensive plans and regulations pursuant to RCW 36.70A.103. Defendants WSH, DSHS, and ALTSA, are also, as state agencies, required to adhere to the County-wide Policies pursuant to RCW 36.70A.210(4).

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.8 **Notice to Agencies**. GMA requires local jurisdictions to submit plans and policies to the State Department of Commerce sixty days before adoption. RCW 36.70A.106. The same state department monitors progress and the development of county-wide planning policies. RCW 36.70A.210. The state and its agencies have notice of the adoption of county-wide planning policies and an opportunity to appeal adopted county-wide planning policies. RCW 36.70A.210(6).

State agencies had notice that they were to fairly distribute essential public facilities, including Adult family Homes within Pierce County, as early as 1992.

3.9 **State Violation of Policies**. Defendants have violated and continue to violate the above GMA policies by failing to fairly distribute essential public facilities, including Adult Family Homes, in Pierce County. For example, and as more fully described below, the population of the City is roughly 7 percent of the total Pierce County population, but the City has 29 percent, almost a third, of all the Adult Family Homes in the County. Exhibit A.

3.10 **Adult Family Homes** are a type of group home and are considered essential public facilities pursuant to the GMA. Adult Family Homes are licensed and regulated by DSHS. Only DSHS may revoke or suspend Adult Family Home licenses. RCW 70.128.160.

Adult Family Homes are meant to be an essential component of the state's long-term care system and to reduce institutionalization of "vulnerable" people with "functional limitations" pursuant to RCW 70.128.005.

3.11 "Vulnerable" as used above is not defined in statute.

3.12 People with "functional limitations" is defined as people who need "personal and special care." RCW 70.128.007 (1).

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.13 "Personal care" is not specifically defined by statute, but DSHS's rules state that it "means both physical assistance and/or prompting and supervising the performance of direct personal care tasks as determined by the resident's needs and does not include assistance with tasks performed by a licensed health professional." WAC 388-76-10000.

3.14 "Special care" is defined in statute as "care beyond personal care as defined by the department, in rule" (RCW 70.128.010(8). DSHS's rule, repeating the statute, defines "special care" as "care beyond personal care services" (WAC 388-76-10000).

3.15 Adult Family Home operators must adhere to certain requirements including that they "promote the health, safety, and well-being of each resident" and "ensure that any volunteer, student, employee, **or person residing** within the adult family home who will have unsupervised access to any resident shall not have been convicted of a crime listed under RCW 43.43.830 or RCW 43.43.842, or been found to have abused, neglected, exploited, or abandoned a minor or **vulnerable adult** as specified in RCW 74.39A.056(2)." RCW 70.128.130 (2) and (13) in part and emphasis added.

3.16 Crimes listed under RCW 43.43.830 include: rape, assault, unlawful imprisonment, and sexual exploitation.

3.17 Adult Family Homes must be considered a residential use of property as well as a "permitted use in all areas zoned for residential or commercial purposes" pursuant to RCW 70.128.140. Adult Family Homes are listed as a permitted use in the City's residential zones. Exhibit A.

3.18 **Enhanced Services Facilities** are also considered to be an essential public facility pursuant to the GMA. Unlike Adult Family Homes, Enhanced Services Facilities are not required to be considered a residential use.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.19 Enhanced Services Facilities are designed to assist people with serious issues of substance abuse, mental illness, dangerous behavior or a combination thereof pursuant to chapter 70.97 RCW. The admission criteria is as follows:

> **RCW 70.97.030**
> **Admission criteria.**
> A person, eighteen years old or older, may be admitted to an enhanced services facility if he or she meets the criteria in subsections (1) through (3) of this section:
>
> (1) The person requires:
> (a) Daily care by or under the supervision of a mental health professional, chemical dependency professional, or nurse; or
> (b) assistance with three or more activities of daily living; and
>
> (2) The person has:
> (a) A mental disorder, chemical dependency disorder, or both;
> (b) an organic or traumatic brain injury; or
> (c) a cognitive impairment that results in symptoms or behaviors requiring supervision and facility services; [and]
>
> (3) The person has two or more of the following:
> (a) Self-endangering behaviors that are frequent or difficult to manage;
> (b) Aggressive, threatening, or assaultive behaviors that create a risk to the health or safety of other residents or staff, or a significant risk to property and these behaviors are frequent or difficult to manage;
> (c) Intrusive behaviors that put residents or staff at risk;
> (d) Complex medication needs and those needs include psychotropic medications;
> (e) A history of or likelihood of unsuccessful placements in either a licensed facility or other state facility or a history of rejected applications for admission to other licensed facilities based on the person's behaviors, history, or security needs;
> (f) A history of frequent or protracted mental health hospitalizations;
> (g) A history of offenses against a person or felony offenses that created substantial damage to property.

3.20 Based on the above admission criteria, residents of Enhanced Services Facilities have needs beyond "personal care" or "special care" offered by Adult Family Homes.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.21 **Adult Family Homes and Enhanced Services Facilities are Different Facilities.** Adult Family Homes are not only different from Enhanced Services Facilities, they are statutorily opposite; Adult Family Homes provide services for the "vulnerable," while Enhanced Services Facilities provide services for those with "dangerous behavior."

Enhanced Services Facilities require specialized facilities above and beyond those required for Adult Family Homes. Enhanced Services Facilities are built as secure institutional facilities like some hospitals and prisons. Adult Family Homes are built to residential standards. Exhibit B, Declaration of the City of Lakewood Building Official, Nancy Craig. Specifically, the homes used for Adult Family Homes must meet building criteria adopted in the International Residential Code (IRC). RCW 70.128.040 and WAC 51-51-0325. Id. The IRC includes specifications for things like wheelchair ramps and grab bars. Id. The building requirements for Enhanced Services Facilities, by contrast, are established by the Department of Health and are more similar to secure, institutional facilities than they are to residential homes. RCW 70.97.060; WAC 388-107; and Exhibit B.

3.22 **Adult Family Homes and Enhanced Services Facilities have Different Staffing.** Enhanced Services Facilities require specialized staffing above and beyond those required for Adult Family Homes. Adult Family Homes require only one "qualified" staff member, asleep or awake, to be at the home with a maximum of six residents. Enhanced Services Facilities require at least two staff members to be awake at all times; a registered and/or licensed nurse present on-site at all times and a mental health professional to be on site at least eight hours each day and on-call at all times. Id.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.23 **Converting Adult Family Homes into Enhanced Services Facilities.** Residents of Enhanced Services Facilities and Adult Family Homes require substantially different levels of care and facilities, nonetheless Adult Family Homes may be converted into Enhanced Services Facilities. RCW 70.97.060 (Adult Family Homes "that become licensed as facilities under this chapter (ESF) shall be deemed to meet applicable state and local rules, regulations, permits, and code requirements.") and WAC 388-107-0710 (Conversion of a currently licensed facility to an enhanced services facility).

3.24 Conversion of an Adult Family Home into an Enhanced Services Facility requires the facility to, among other things: 1) ensure previous construction does not jeopardize resident health and safety; and 2) meet enhanced services facility construction requirements before being converted. Id.

3.25 Enhanced Services Facilities are permitted in the City, but only in non-residential areas because the City has determined that Enhanced Services Facilities, unlike Adult Family Homes, are incompatible with residential zones. Chapter 18A LMC. Enhanced Services Facilities are a more intense land use because the target residents require more care and treatment in far more secure facilities than those served in Adult Family Homes.

Adult Family Homes are permitted in residential areas to allow integration of the residents into the community. See, chapter 70.128 RCW. There is no such goal of community integration with residents of Enhanced Services Facilities either in statute or in practice; the facilities are secure, institutional buildings constructed like other institutional facilities that do not allow, no less encourage, community integration.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.26 Currently, there are two licensed and operating Enhanced Services Facilities in Washington State. Exhibit A, Declaration of Dave Bugher. Both are located in non-residential areas. Id.

3.27 **Washington State Department of Social and Health Services** (DSHS) has the duty of issuing licenses and regulating Adult Family Homes pursuant to chapter 70.128 RCW and particularly RCW 70.128.060. DSHS also licenses and regulates Enhanced Services Facilities pursuant to chapter 70.97 RCW.

3.28 **Aging and Long-term Support Administration** (ALTSA) is a division of DSHS. ALTSA and WSH place, or facilitate the placement of, patients into less-restrictive alternatives to in-patient hospital care, including Adult Family Homes and Enhanced Services Facilities.

3.29 DSHS, ALTSA and WSH are under pressure by both legal requirements and the volume of people needing care to offer placements in facilities that offer the least restrictive alternatives to institutional care; e.g., RCW 71.34.740.

3.30 **Adult Family Homes in Lakewood**. Pursuant to the state's Adult Family Home regulatory scheme, operators must submit an application to the City to begin operating a home. Specifically, the state has adopted the International Residential Code, adding a section on Adult Family Homes at IRC Chapter 3, Section R325. The state legislature directed DSHS to adopt rules to regulate Adult Family Homes which DSHS did at WAC 388-76 (Adult Family Homes – Licensing) and WAC 51-51-0325 (repeats International Residential Code as amended by the state with Adult Family Home provisions). The State rules require Adult Family Homes to be "inspected and approved" by the "local building official" before DSHS issues a license. WAC 388-76-10700.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

Therefore, while the City "inspect(s) and approve(s)" Adult Family Homes, it does so only at the state's direction, using state building requirements. State law preempts and precludes any attempt by the City to regulate or otherwise control the licensing, operation or placement of residents into Adult Family Homes.

3.31 The City has identified Adult Family Homes in Pierce County on a map. Exhibit A-4, Declaration of Dave Bugher, attaching and incorporating a map of Adult Family Homes. The City has compared the number of Adult Family Homes located throughout Pierce County to those located within the City. As of May 2018, there are 266 Adult Family Homes in Pierce County and 77 of those are located in the City. Id. Of the 77 Adult Family Homes in the City, 35 of those are located in the Oakbrook neighborhood of the city. Id. While the City of Lakewood is one of 23 cities within Pierce County, 31 percent of Adult Family Homes are located within its jurisdictional boundaries. Id.

Stated another way, while the population of the City is roughly 7 percent of the total Pierce County population, the City has 29 percent of the Adult Family Homes, almost a third of them, most of which are located next to the State's largest mental health facility, which is also within the City's jurisdictional boundaries. Id.

3.32 **Placement of Alleged Murderer in Adult Family Home**. The State recently attempted to place, or otherwise release, at least one resident in an Adult Family Home after that resident had spent most of his adult life at WSH; has a history of violence including murder and assault; and is considered at risk of future danger to himself and others, even when compliant with medications. Exhibit C, Declaration of Chief Zaro. For purposes of this case, and in an effort to respect patient privacy, the City will refer to this person as "Resident A."

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.33 **Public Safety Review Panel.** The release and/or placement of Resident A into the community should have been reviewed by the Public Safety Review Panel (PSRP). It was not.

The PSRP was created in 2010 (Chapter 263, Laws of 2010) to independently assess and provide advice to DSHS and to the courts, "regarding potential risk to safety related to the proposed Conditional Release or Final Discharge of patients found Not Guilty by Reason of Insanity (NGRI) committed to Western State Hospital (WSH) or Eastern State Hospital (ESH)." PSRP Website. The jurisdiction of the PSRP was expanded in 2013 "to include patients civilly committed to WSH or ESH after the court found the criminal defendant not competent to stand trial for a violent offense." Id.

RCW 10.77.270 provides: DSHS "shall establish an independent public safety review panel for the purposes of advising the secretary and the courts with respect to persons who have been found not guilty by reason of insanity, or persons committed under the involuntary treatment act **where the court has made a special finding**."

RCW 71.05.280(3)(b) provides: "At the expiration of the fourteen-day period of intensive treatment, a person may be confined for further treatment … if …(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(4), and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts … or (b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent."

3.34 Defendant WSH violated RCW 71.05.280 because it did not provide PSRP review of the planned release of Resident A from WSH.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

3.35 **Registered Sex Offenders in Adult Family Homes**. The State, through WSH, DSHS and/or ALTSA, is aware or should be aware that at least four registered sex offenders have been placed or conditionally released into an Adult Family Home in the City, namely Woodville Adult Family Home, LLC. Exhibit A-5 (Secretary of State - registration); Exhibit A-6 (DSHS disclosure for Woodville AFH, LLC); Exhibit C (Declaration of chief Zaro); and Exhibit D, excerpt of testimony offered by Mr. Kamari.

The names of the registered sex offenders in the Woodville Adult Family Home are: Chris Lee Benson; Ernest Chappell; Steven Leroy Jordan; and Shawn Tanzy. Exhibit C, Declaration of Chief Zaro. Mr. Chappell was convicted of rape with force and threat in December of 1983 and kidnapping in the first degree in August of 1984. Id. He is reportedly disabled. Mr. Benson pled guilty to second degree child molestation in November of 2014. Id. Mr. Jordan has two convictions for possessing child pornography; one in 2002 and another in 2015. Id. Mr. Tanzy was convicted of child molestation in the third degree in 2000; possession of drug paraphernalia in 2000; assault in 2000; and criminal trespass in 1999 and 2013. Id.

3.36 **More than "Personal" or "Special" Care Required**. Even if Resident A and the registered sex offenders identified above may be described as "vulnerable" pursuant to the Adult Family Home statute, they do not otherwise fit the criteria for residents of an Adult Family Home because they require far more than personal and/or special care. RCW 70.128.010.

Adult Family Homes are not required to have, and do not have, the staff, resources or secure facilities needed to accommodate residents like registered sex offenders, who have a history of violence and/or predation. Placement of registered sex offenders in Adult

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

Family Homes foreseeably risk the safety and security of other Adult Family Home residents, current and prospective, and the general public.

3.37 **Failure to Disclose – Registered Sex Offenders**. Woodville AFH, LLC has seven bedrooms. Exhibit E (Assessor Treasurer Data). Adult Family Homes may accept up to six residents so there are two potential vacancies in this particular home. Publicly available documents about Woodville AFH, LLC, however, do not disclose the fact that four registered sex offenders reside in the home. Exhibit A; A-5 and A-6.

A prospective resident of that and any other Adult Family Home would have no way to know if registered sex offenders currently reside or may later be admitted to reside in a home licensed and regulated by the state. Exhibit A and C.

3.38 **Violation of the Adult Family Home Law - Operator**. As noted above, operators of Adult Family Homes are required to "promote the health, safety, and well-being of each resident" and "ensure that any … **person residing** within the adult family home who will have unsupervised access to any resident shall not have been convicted of a crime listed under RCW 43.43.830 or 43.43.842, or been found to have abused, neglected, exploited, or abandoned a minor or **vulnerable adult** as specified in RCW 74.39A.056(2)." RCW 70.128.130.

Defendant Woodville AFH, LLC has violated the above statutory requirements for Adult Family Homes by admitting registered sex offenders into their home because such admissions are inherently unsafe. By state law, registered sex offenders pose a risk of re-offending. Admitting those with a risk of reoffending into a home meant for vulnerable adults does not "promote the health, safety and well-being of each resident."

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

Defendant Woodville AFH, LLC has violated the above statutory requirements for Adult Family Homes by admitting the particular registered sex offenders into their home. The crimes committed by those offenders are the types of crimes referenced in RCW 80.128.130 (rape, assault, unlawful imprisonment, and sexual exploitation) which necessarily disqualifies them from residing in this or any Adult Family Home.

3.39 **Violation of the Adult Family Home Law – State.** By releasing, placing and/or facilitating the placement of the above registered sex offenders in the Woodville AFH, LLC, Defendants WSH, DSHS and ALTSA have failed to properly care for them as mentally ill citizens of the state and have failed to properly license and/or regulate the home.

3.40 **Illegal Conversion: Adult Family Home to Enhanced Services Facilities.** Their status as registered sex offenders, together with any functional limitations, suggest that the above registered sex offenders require a more secure setting than what is available in an Adult Family Home. The placements by WSH, DSHS and/or ALTSA of Resident A and the registered sex offenders fit the admission criteria for Enhanced Services Facilities in that they have a history of violence and/or predation and/or otherwise meet the admission criteria of RCW 70.97.030.

3.41 The above referenced placements and the operation of the Woodville AFH, LLC, unlawfully attempt to convert Adult Family Homes into Enhanced Services Facilities without the due and proper process; violate the City's code; and ignore the City's lawful exercise of its zoning and regulatory authority. As a result, these placements fail to provide the kind of secure facilities and staffing levels required of them, putting at risk the

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

health, safety and welfare of other Adult Family Home residents, themselves and the general public.

3.42 The City has attempted to learn if WSH, DSHS and/or ALTSA has made or intends to make other such placements like the above referenced placements through a public records request pursuant to chapter 42.56 RCW. In one installment of the state's response to the City's request for public records, the state produced a matrix of the placement of some 407 residents from WSH to other facilities. Exhibit F, State Matrix.

The matrix demonstrates that residents, even if given the exact same classification, are shown to have been placed in Adult Family Homes, Enhanced Services Facilities and in-patient hospital care, which are vastly different facilities from each, rendering such classifications meaningless for purposes of placement and treatment.

3.43 WSH, DSHS and/or ALTSA have ignored the substantially different admission criteria for Adult Family Homes, Enhanced Services Facilities and in-patient treatment by placing those with a history of violence and/or predation into Adult Family Homes. These action not only violate the state's statutory criteria, it violates the City's code and is dangerous.

WSH, DSHS and/or ALTSA have placed and/or may potentially place, those with a history of violence and/or predation in communal living groups with residents who are considered, by state statue, to be vulnerable to abuse, and have done so without ensuring that proper staffing and facilities are provided.

IV. CAUSES OF ACTION

4.1 Writ of Mandamus pursuant to chapter 7.16 RCW. A writ of Mandamus may be issued by any court, except a district or municipal court, to any inferior tribunal,

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

corporation, board or person, to compel the performance of an act which the law especially enjoins as a duty resulting from an office, trust or station, or to compel the admission of a party to the use and enjoyment of a right or office to which the party is entitled, and from which the party is unlawfully precluded by such inferior tribunal, corporation, board or person.

4.2 Declaratory relief pursuant to chapter 7.24 RCW (The Uniform Declaratory Judgment Act). Courts of record within their respective jurisdictions shall have power to declare rights, status and other legal relations whether or not further relief is or could be claimed. An action or proceeding shall not be open to objection on the ground that a declaratory judgment or decree is prayed for. The declaration may be either affirmative or negative in form and effect; and such declarations shall have the force and effect of a final judgment or decree.

4.3 Injunctive relief pursuant to chapter 7.40 RCW Injunctions and CR 65 Injunctions. Injunctions may be granted by the superior court. When it appears by the complaint that the plaintiff is entitled to the relief demanded and the relief, or any part thereof, consists in restraining the commission or continuance of some act, the commission or continuance of which during the litigation would produce great injury to the plaintiff; or when during the litigation, it appears that the defendant is doing, or threatened, or is about to do, or is procuring, or is suffering some act to be done in violation of the plaintiff's rights respecting the subject of the action tending to render the judgment ineffectual; or where such relief, or any part thereof, consists in restraining proceedings upon any final order or judgment, an injunction may be granted to restrain such act or proceedings until the further order of the court, which may afterwards be dissolved or modified upon motion.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

V. PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully prays for the following relief:

A. For an Order Mandating that DSHS revoke Woodville, LLC's Adult Family Home license pursuant to RCW 70.128.160 because the home: 1) has not adhered to the statutory requirements for such homes and 2) has attempted to illegally convert the home into an Enhanced Services Facility.

B. For an Order Mandating that DSHS properly license and regulate Adult Family Homes to ensure that those with a history of violence and/or predation are not placed with vulnerable residents with functional limitations in Adult Family Homes.

C. For an Order Mandating that Western State Hospital discharge patients with chronic mental illness only when those patients have adequate housing and care, commensurate with their illness.

D. For an Order Mandating that the state fairly distribute essential public facilities, including Adult Family Homes and Enhanced Services Facilities, throughout Pierce County in compliance with the Pierce County County-Wide Planning Policies and the Puget Sound Regional Council's Policies.

E. For a Declaration that those with a history of violence and/or predation do not fit the definition of residents eligible for residential treatment and placement in Adult Family Homes, who are, by statute, considered to be vulnerable people with functional limitations.

F. For a Declaration that Defendants have violated the GMA by failing to comply with the Pierce County County-Wide Planning Policies because they have not fairly distributed essential public facilities among jurisdictions, but have licensed and

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

otherwise approved a disproportionate number in the City relative to other Pierce County jurisdictions.

G. For Injunctive Relief restraining all Defendants from hosting, placing and/or facilitating the placement of those with a history of violence and/or predation in Adult Family Homes.

H. For Injunctive Relief restraining all Defendants from converting Adult Family Homes into Enhanced Services Facilities without complying with both state statute and the City's code.

I. For a Moratorium on licensing or otherwise siting Adult Family Homes in the City until all existing Adult Family Homes in the City are fully investigated to ensure that the residents meet the criteria for Adult Family Homes and until Defendants have established a comprehensive plan to provide and equitably distribute essential public facilities, including Adult Family Homes and Enhanced Services Facilities, throughout Pierce County.

J. For Judgment for the reasonable attorneys' fees and costs incurred by Plaintiffs in this lawsuit; and

K. For such other relief as the court may deem just or equitable.

DATED this 22nd day of May, 2018.

Plaintiffs,

v.

STATE OF WASHINGTON; DEPARTMENT OF SOCIAL AND HEALTH SERVICES; WESTERN STATE HOSPITAL; AGING AND LONG-TERM SUPPORT ADMINISTRATION; WOODVILLE ADULT FAMILY HOME, LLC, MARGARET W. KARIMI, Registered Agent,

Defendants.

DECLARATION OF DAVE BUGHER, ASSISTANT CITY MANAGER, CITY OF LAKEWOOD

David Bugher, declares and states:

1. I am the Assistant City Manager for the City of Lakewood and responsible for overseeing the Community and Economic Development Department of the City.

2. I am over the age of eighteen and competent to testify to the matters herein.

3. **The Growth Management Act**, (GMA) chapter 36.70A RCW, requires the City to adopt a Comprehensive Plan, including a process for identifying and siting essential public facilities.

4. **GMA – Essential Public Facilities.** The GMA defines essential public facilities as those facilities that are typically difficult to site, such as airports, state education facilities, state or regional transportation facilities, regional transit authority

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

facilities, state and local correctional facilities, solid waste handling facilities, and inpatient facilities including substance abuse facilities, mental health facilities, group homes, and secure community transition facilities.

5. **GMA – County-Wide Planning Policies – Fair Distribution.** The GMA requires each county, in cooperation with cities and towns, to adopt county-wide planning policies. The City participated in the development of the Pierce County County-Wide Planning Policies.

The Pierce County-Wide Policies call for fair distribution of essential public facilities among jurisdictions. A true and correct excerpt of the Pierce County County-Wide Planning Policies (2014), at pages 1 and 64-67, is attached and incorporated herein as Exhibit A-1. The relevant policies related to essential public facilities have not been substantively changed since 1992 when they were first adopted. A true and correct excerpt of the original Pierce County County-Wide Planning Policies (1992), at pages 38-41, is attached and incorporated herein as Exhibit A-2.

6. **Puget Sound Regional Council – Fair Distribution.** The Puget Sound Regional Council (PSRC) develops policies and coordinates decisions about regional growth, transportation and economic development planning within King, Pierce, Snohomish and Kitsap counties. It is composed of over 80 jurisdictions, including the above counties and other cities and towns, ports, state and local transportation agencies and tribal governments within the region.

The PSRC also calls for fair distribution of essential public facilities among jurisdictions so that no one jurisdiction becomes unduly burdened. A true and correct

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

excerpt of the PSRC Multicounty Planning Policies, Vision 2040, at pages 29; 89; and 94-95, are attached and incorporated herein as Exhibit A-3.

7. **State Agencies - Required to Comply with Policies**. Defendants Western State Hospital (WSH), Department of Social and Health Services (DSHS), and Aging and Long-Term Services (ALTSA), as state agencies, are required to comply with county and city comprehensive plans and regulations pursuant to RCW 36.70A.103. Defendants WSH, DSHS, and ALTSA, are also, as state agencies, required to comply with the County-wide Policies pursuant to RCW 36.70A.210(4).

8. **Adult Family Homes** are a type of group home and are considered essential public facilities pursuant to the GMA. Adult Family Homes are licensed and regulated by DSHS and only DSHS may revoke or suspend Adult Family Home licenses pursuant to RCW 70.128.160.

Adult Family Homes must be considered a residential use of property as well as a "permitted use in all areas zoned for residential or commercial purposes" pursuant to RCW 70.128.140. Adult Family Homes are listed as a permitted use in the City's residential zones.

9. **Enhanced Services Facilities** are also considered to be an essential public facility pursuant to the GMA. Unlike Adult Family Homes, however, Enhanced Services Facilities are not required to be considered a residential use.

Enhanced Services Facilities are designed to assist people with serious issues of substance abuse, mental illness, dangerous behavior or a combination thereof pursuant to chapter 70.97 RCW.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

According to the Department of Health website as of May 16, 2018, there are only two Enhanced Services Facilities operating in the state. Both are sited in non-residential areas.

10. **Washington State Department of Social and Health Services** (DSHS) has the duty of issuing licenses and regulating Adult Family Homes pursuant to chapter 70.128 RCW and particularly RCW 70.128.060. DSHS also licenses and regulates Enhanced Services Facilities pursuant to chapter 70.97 RCW.

11. **Adult Family Homes – Lakewood.** Using the Adult Family Home Locator, I have identified and charted Adult Family Homes on a map, a true and correct copy of which is attached and incorporated herein as Exhibit A-4. Using DSHS data, I have compared the number of Adult Family Homes located throughout Pierce County to those located within the City. A true and correct table recording Pierce County Adult Family Homes is attached and incorporated herein as Exhibit A-5.

As of May 2018, there are 266 Adult Family Homes with a total of 1,513 beds located within Pierce County. As of May 2018, there are 77 Adult Family Homes within the City with a total of 451 beds. Of the 77 Adult Family Homes located within the City, 35 of the homes are located within the Oakbrook neighborhood which is adjacent to Western State Hospital. While the City is only one of 23 cities within Pierce County, 29 percent of all Adult Family Homes are located within the City. Lakewood has one of the highest number of Adult Family Homes per capita in all of Pierce County.

Stated another way, while the population of the City is roughly 7 percent of the total Pierce County population, the City has 29 percent of the Adult Family Homes, most of which are located next to the state's largest mental health facility, which is also within the City's jurisdictional boundaries.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

12. **Woodville AFH.** I have searched publicly available documents related to the Woodville Adult Family Home located at 6909 Topaz Dr. SW Lakewood, WA 98498. I found documents on file with DSHS and the Washington Secretary of State's office related to Woodville AFH LLC, true and correct copies of which are attached hereto as Exhibits A-6 (Secretary of State) and A-7 (DSHS disclosure). None of the publicly available documents provide notice that four of the residents of the home are registered sex offenders.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct to the best of my knowledge, information and belief.

EXECUTED this 18th day of May, 2018 at Lakewood, Washington.

Dave Bugher
Assistant City Manager, City of Lakewood

City of Lakewood
Legal Department

EXHIBIT A-1

Countywide Planning Policies

for Pierce County, Washington

As Amended
Effective July 27, 2014

COUNTYWIDE PLANNING POLICY ON SITING OF ESSENTIAL PUBLIC CAPITAL FACILITIES OF A COUNTYWIDE OR STATEWIDE SIGNIFICANCE

Background - Requirements of Growth Management Act

The Washington State Growth Management Act requires that the comprehensive plan of the County and of each municipality in the County include a process for identifying and siting essential public facilities [RCW 36.70A.200(1)]. "Essential" public facilities include, but are not limited to, those facilities that are typically difficult to site, such as airports, state education facilities, state or regional transportation facilities, state and local correctional facilities, solid waste handling facilities, and in-patient facilities, including substance abuse facilities, mental health facilities and group homes [RCW 36.70A.200(1)]. The State Office of Financial Management is required to maintain a list of essential state public facilities that are required or likely to be built within the next six (6) years. Facilities may be added to the list at any time. The Growth Management Act further mandates that no local comprehensive plan or development regulation may preclude the siting of essential public facilities [RCW 36.70A.200(2)].

Countywide Planning Policy

EPF-1. The County, and each municipality in the County, shall adopt a policy its comprehensive plan, on the siting of essential public capital facilities of a Countywide or statewide nature.

1.1 Essential public facilities must have a useful life of 10 years or more and be either:

1.1.1 a Countywide facility which has the potential for serving the entire County or more than one jurisdiction in the County; or

1.1.2 a statewide facility which serves or has the potential for serving the entire state, or which serves less than the entire state, but more than one county.

EPF-2. The County, and each municipality in the County, shall identify lands useful for public purposes and incorporate such designations in their respective comprehensive plans.

EPF-3. The County, and each municipality in the County, shall incorporate a policy and process in their respective comprehensive plans to identify and site essential public facilities. The process and policy shall include the following components:

3.1 a requirement that the state provide a justifiable need for the public facility and for its location in Pierce County based upon forecasted needs and a logical service area, and the distribution of facilities in the region and state;

3.2 a requirement that the state establish a public process by which the residents of the County and of affected and "host" municipalities have a reasonable opportunity to participate in the site selection process.

EPF-4. The County and municipal policies shall be based upon the following criteria:

4.1 Specific facility requirements:

4.1.1 minimum acreage;
4.1.2 accessibility;
4.1.3 transportation needs and services;
4.1.4 supporting public facility and public service needs and the availability thereof;
4.1.5 health and safety;
4.1.6 site design;
4.1.7 zoning of site;
4.1.8 availability of alternative sites;
4.1.9 community-wide distribution of facilities;
4.1.10 natural boundaries that determine routes and connections.

4.2 Impacts of the facility:

4.2.1 land use compatibility;
4.2.2 existing land use and development in adjacent and surrounding areas;
4.2.3 existing zoning of surrounding areas;
4.2.4 existing Comprehensive Plan designation for surrounding areas;
4.2.5 present and proposed population density of surrounding area;
4.2.6 environmental impacts and opportunities to mitigate environmental impacts;
4.2.7 effect on agricultural, forest or mineral lands, critical areas and historic, archaeological and cultural sites;
4.2.8 effect on areas outside of Pierce County;
4.2.9 effect on designated open space corridors;
4.2.10 "spin-off" (secondary and tertiary) impacts;
4.2.11 effect on the likelihood of associated development being induced by the siting of the facility.

4.3 Impacts of the facility siting on urban growth area designations and policies:

4.3.1 urban nature of facility;
4.3.2 existing urban growth near facility site;
4.3.3 compatibility of urban growth with the facility;
4.3.4 compatibility of facility siting with respect to urban growth area boundaries;
4.3.5 timing and location of facilities that guide growth and development.

EPF-5. The County and municipal policies shall ensure that the facility siting is consistent with the adopted County and municipal comprehensive plans, including:

5.1 the future land use map and other required and optional plan elements not otherwise listed below;

5.2 the identification of lands for public purposes in the land use element;

5.3 the capital facilities plan element and budget;

5.4 the utilities element;

5.5 the rural element;

5.6 the transportation element;

5.7 the housing element;

5.8 the comprehensive plans of adjacent jurisdictions that may be affected by the facility siting;

5.9 regional general welfare considerations.

EPF-6. The County and municipal policies may include standards and criteria related to:

6.1 the time required for construction;

6.2 property acquisition;

6.3 control of on- and off-site impacts during construction;

6.4 expediting and streamlining necessary government approvals and permits if all other elements of the County or municipal policies have been met;

6.5 the quasi-public or public nature of the facility, balancing the need for the facility against the external impacts generated by its siting and the availability of alternative sites with lesser impacts;

6.6 zoning of area around site to protect against encroachment.

EPF-7. The County and municipal policies may include standards and criteria related to:

7.1 facility operations;

7.2 health and safety;

7.3 nuisance effects;

7.4 maintenance of standards congruent with applicable governmental regulations, particularly as they may change and become more stringent over time;

7.5 sustainable development practices.

EPF-8. The County and municipal policies on facility siting shall be coordinated with and advance other planning goals including, but not necessarily limited to, the following:

8.1 reduction of sprawl development;

8.2 promotion of economic development and employment opportunities;

8.3 protection of the environment;

8.4 positive fiscal impact and on-going benefit to the host jurisdiction;

8.5 serving population groups needing affordable housing;

8.6 receipt of financial or other incentives from the state and/or the County or other municipalities;

8.7 fair distribution of such public facilities throughout the County and state;

8.8 requiring state ~~and federal~~ projects to be consistent with this policy.

COUNTY-WIDE PLANNING POLICIES

FOR

PIERCE COUNTY, WASHINGTON

Pierce County

Approved by
the Pierce County
Steering Committee

May 28, 1992

NOTE: See the ERRATA SHEET following Exhibit "C" for minor corrections to this document.

COUNTY-WIDE PLANNING POLICY ON SITING OF PUBLIC CAPITAL FACILITIES OF A COUNTY-WIDE OR STATE-WIDE NATURE

- **Background - Requirements of Growth Management Act**

The Growth Management Act requires that the comprehensive plan of the County and of each municipality in the County include a process for identifying and siting essential public facilities [RCW 36.70A.200(1)]. "Essential" public facilities include, but are not limited to, those facilities that are typically difficult to site, such as airports, state education facilities, state or regional transportation facilities, state and local correctional facilities, solid waste handling facilities, and in-patient facilities, including substance abuse facilities, mental health facilities and group homes [RCW 36.70A.200(1)]. The State Office of Financial Management is required to maintain a list of essential state public facilities that are required or likely to be built within the next six (6) years. Facilities may be added to the list at any time. The Growth Management Act further mandates that no local comprehensive plan or development regulation may preclude the siting of essential public facilities [RCW 36.70A.200(2)].

- **County-Wide Planning Policy**

1. The County, and each municipality in the County, shall adopt a policy and incorporate same in its comprehensive plan, on the siting of essential public capital facilities of a County-wide or state-wide nature.

    1.1 In addition to essential public facilities, other capital facilities included must be for a public use, must have a useful life of 10 years or more and must have a value of at least $25,000 and be either

        1.1.1 a County-wide facility which has the potential for serving the entire County or more than one jurisdiction in the County; or

        1.1.2 a state-wide facility which serves or has the potential for serving the entire state, or which serves less than the entire state, but more than one county.

2. The County, and each municipality in the County, shall identify lands useful for public purposes and incorporate such designations in their respective comprehensive plans.

3. The County, and each municipality in the County, shall incorporate a policy and process in their respective comprehensive plans to identify and site

essential public facilities on the list maintained by the State Office of Financial Management. The process and policy shall include the following components:

3.1 a requirement that the state provide a justifiable need for the public facility and for its location in Pierce County based upon forecasted needs and a logical service area;

3.2 a requirement that the state establish a public process by which the residents of the County and of affected and "host" municipalities have a reasonable opportunity to participate in the site selection process.

4. The County and municipal policies shall be based upon the following criteria:

4.1 Specific facility requirements

- 4.1.1 minimum acreage
- 4.1.2 accessibility
- 4.1.3 transportation needs and services
- 4.1.4 supporting public facility and public service needs and the availability thereof
- 4.1.5 health and safety
- 4.1.6 site design
- 4.1.7 zoning of site
- 4.1.8 availability of alternative sites
- 4.1.9 community-wide distribution of facilities

4.2 Impacts of the facility

- 4.2.1 land use compatibility
- 4.2.2 existing land use and development in adjacent and surrounding areas
- 4.2.3 existing zoning of surrounding areas
- 4.2.4 existing Comprehensive Plan designation for surrounding areas
- 4.2.5 present and proposed population density of surrounding area
- 4.2.6 environmental impacts and opportunities to mitigate environmental impacts
- 4.2.7 effect on agricultural, forest or mineral lands, critical areas and historic, archaeological and cultural sites.
- 4.2.8 effect on areas outside of Pierce County
- 4.2.9 effect on designated open space corridors
- 4.2.10 "spin-off" (secondary and tertiary) impacts

4.2.11 effect on the likelihood of associated development being induced by the siting of the facility

4.3 Impacts of the facility siting on urban growth area designations and policies

4.3.1 urban nature of facility
4.3.2 existing urban growth near facility site
4.3.3 compatibility of urban growth with the facility
4.3.4 compatibility of facility siting with respect to urban growth area boundaries

5. The County and municipal policies shall ensure that the facility siting is consistent with the adopted County and municipal comprehensive plans, including;

5.1 the future land use map and other required and optional plan elements not otherwise listed below
5.2 the identification of lands for public purposes in the land use element
5.3 the capital facilities plan element and budget
5.4 the utilities element
5.5 the rural element
5.6 the transportation element
5.7 the housing element
5.8 the comprehensive plans of adjacent jurisdictions that may be affected by the facility siting
5.9 regional general welfare considerations

6. The County and municipal policies may include standards and criteria related to:

6.1 the time required for construction
6.2 property acquisition
6.3 control of on- and off-site impacts during construction
6.4 expediting and streamlining necessary government approvals and permits if all other elements of the County or municipal policies have been met.
6.5 the quasi-public or public nature of the facility, balancing the need for the facility against the external impacts generated by its siting and the availability of alternative sites with lesser impacts.

7. The County and municipal policies may include standards and criteria related to:

   7.1 facility operations
   7.2 health and safety
   7.3 nuisance effects
   7.4 maintenance of standards congruent with applicable governmental regulations, particularly as they may change and become more stringent over time.

8. The County and municipal policies on facility siting shall be coordinated with and advance other planning goals including, but not necessarily limited to, the following:

   8.1 reduction of sprawl development
   8.2 promotion of economic development and employment opportunities
   8.3 protection of the environment
   8.4 positive fiscal impact and on-going benefit to the host jurisdiction
   8.5 serving population groups needing affordable housing
   8.6 receipt of financial or other incentives from the state and/or the County or other municipalities
   8.7 fair distribution of such public facilities throughout the County
   8.8 requiring state and federal projects to be consistent with this policy.

EXHIBIT A-3

PART III: Multicounty Planning Policies

The multicounty planning policies provide an integrated framework for addressing land use, economic development, transportation, other infrastructure, and environmental planning. These policies play three key roles: (1) give direction for implementing the Regional Growth Strategy, (2) create a common framework for planning at various levels within the four-county region, including countywide planning, local plans, transit agency plans, and others, and (3) provide the policy structure for the Regional Council's functional plans (the Metropolitan Transportation Plan and the Regional Economic Strategy).

Overview

Implementing the *Regional Growth Strategy*. The multicounty planning policies call for concentrating growth within the region's designated urban growth area and limiting development in resource and rural areas. The policies address land use, including urban, rural, and resource lands, urban growth area designations, target-setting for population and employment, and focusing development in centers. They also address the important related issues of providing needed infrastructure and services to manage growth, including transportation facilities. Finally, they recognize the link between development, mobility, the environment, and the economy, and have been designed to provide an integrated approach to sustainability, development, economic prosperity, and the provision of services.

A Common Framework. Under the Growth Management Act, multicounty planning policies provide a common regionwide framework for countywide and local planning in the central Puget Sound region. The unified structure established by the multicounty policies has both practical and substantive effects on city and county comprehensive plans. The multicounty policies provide a mechanism for achieving consistency among cities and counties on regional planning matters. They also guide a number of regional processes, including the Regional Council's policy and plan review process, the evaluation of transportation projects seeking regionally managed funding, and the development

Public Services

Overarching Goal: *The region will support development with adequate public facilities and services in a coordinated, efficient, and cost-effective manner that supports local and regional growth planning objectives.*

Having adequate services and facilities ensures that the region can maintain the health, safety, and economic vitality of our communities. Key urban services include sanitary and storm sewer systems, water supply, energy, telecommunications, public safety and emergency services, schools, libraries, and other community facilities.

New development needs new or expanded public services and infrastructure. At the same time, existing facilities require ongoing maintenance and upgrading. Taking advantage of renewable resources and using efficient and environmentally sensitive technologies can curb some of the need for new infrastructure. A commitment to sustainable infrastructure ensures the least possible strain on the region's resources and the environment, while contributing to healthy and prosperous communities.

The Growth Management Act distinguishes between urban and rural services. For instance, certain services, such as sanitary sewers, are allowed only in the urban area — with very few exceptions. The Act also requires local jurisdictions to determine which facilities are necessary to serve the desired growth pattern and how they will be financed. These provisions are intended to ensure timely provision of adequate services and facilities.

Conservation is key to meeting many of our service and facility needs today and will be even more essential in the future. Reducing waste is more efficient and cost-effective than disposal or clean-up. Reusing materials minimizes the demands for and effects on limited resources. Recycling prevents pollution and helps to protect the environment.

Conservation and more efficient use of services are a vital part of sustainability and are important to ensure that resources will be there for future generations. They can also provide benefits for the climate, particularly in the area of energy efficiency.

VISION 2040 encourages improving infrastructure to support development and maintain healthy and livable communities. Having reliable power, telecommunications, and water supply, along with other services and infrastructure, contributes to quality of life and the region's economic well-being.

VISION 2040 promotes strategic investment in services and facilities to support the *Regional Growth Strategy*. Examples of strategic investments include siting major public amenities, such as libraries and community centers, in centers and compact urban communities. VISION 2040 emphasizes the use of existing and planned facility capacity and investing in facilities and services that reinforce cities as primary locations for growth.

Taking advantage of existing infrastructure and services is both efficient and cost-effective. VISION 2040 also stresses that new public facilities, whether landfills, libraries, or schools, be located in a manner consistent with the proposed growth pattern. These facilities must be constructed and operated in ways that minimize adverse impacts to both people and the environment, and maximize benefits.

Policies are included for the following areas: (1) general services and special service districts, (2) the provision of key regional services, which include solid waste, sanitary sewer, septic, and stormwater, energy, public safety and emergency services, and telecommunications, (3) water supply, and (4) siting facilities, including schools, institutions, and other community facilities. Efficiency and conservation are common themes throughout.

Siting Facilities

Regional capital facilities are transportation, recreation, education, human services, water, sewer, and similar facilities. While capital facilities are essential to our communities, our commerce, and our quality of life, they often affect the environment and adjacent areas.

It is often difficult to locate major facilities, such as airports and landfills, due to the potential for substantial impacts on residences and other nearby uses. Less intensive facilities, such as libraries and schools, are not always located in a manner that supports key growth management principles.

VISION 2040 calls for strategically locating major capital facilities so that they support the *Regional Growth Strategy.* It stresses the importance of investment in capital facilities and amenities to support urban centers and manufacturing/industrial centers. For example, adding amenities that attract people, such as performing arts centers, plazas, parks, and other recreational facilities, is an excellent way to support the vitality of urban centers. VISION 2040 discourages the placement of urban facilities in rural and resource areas.

VISION 2040 stresses equity to ensure that the benefits of regional capital facilities are shared by communities throughout the region. Facilities that generate adverse impacts should not be sited in a manner that unduly burdens certain communities or population groups. Reducing adverse impacts can be addressed not only by avoiding them, but also by providing amenities, such as collocating parks with wastewater treatment plants.

Siting School Facilities. In the central Puget Sound region, school districts own, operate, and maintain the public schools. School district boundaries have been long established and, in many instances, districts that were historically rural have become major suburban education providers, with a host of buildings, facilities, and programs. As a result, there are some districts throughout the four counties that provide school services to both urban and rural populations.

> ***School Siting and Transportation***
>
> *Over the past several decades, it has been the practice of many school districts in suburbanizing areas across the United States to site new schools on large, undeveloped acreages that are neither easy to walk to nor accessible by transit. Districts then either operate large programs to transport students to school sites, or end up requiring students to drive or be driven to school.*
>
> *Source: Issue Paper on Rural Areas*

A careful examination of resources and their optimal allocation could lessen adverse effects of — and to — schools. In some cases, this could mean reassessing current school district boundaries. Schools should be encouraged to become the cornerstones of their communities by locating in more urban settings and designing facilities to better integrate with their urban neighborhoods.

Other Institutions and Community Facilities. Other cultural, civic and religious facilities — including libraries, performing arts centers, sports facilities, and houses of worship — also contribute to creating a sense of community. They better serve their populations when they locate in more centralized places, which people can reach by walking, biking, or using transit. In the long-term, there is increased efficiency and cost-effectiveness by siting and operating facilities that serve a primarily urban population within the urban growth area. At the same time, those facilities and services that primarily benefit rural populations provide a greater benefit when they are designed and scaled to fit within an adjacent town or established rural community.

SITING FACILITIES POLICIES

MPP-PS-21: Site schools, institutions, and other community facilities that primarily serve urban populations within the urban growth area in locations where they will promote the local desired growth plans.

MPP-PS-22: Locate schools, institutions, and other community facilities serving rural residents in neighboring cities and towns and design these facilities in keeping with the size and scale of the local community.

MPP-PS-23: Site or expand regional capital facilities in a manner that (1) reduces adverse social, environmental, and economic impacts on the host community, (2) equitably balances the location of new facilities, and (3) addresses regional planning objectives.

MPP-PS-24: Do not locate regional capital facilities outside the urban growth area unless it is demonstrated that a non-urban site is the most appropriate location for such a facility.

VISION 2040 Public Services Actions

The following VISION 2040 actions have been developed to help implement the public services policies. Detailed information on specific measures that will be used to monitor implementation and performance is contained in *Part IV: Implementation.*

REGIONAL PUBLIC SERVICES ACTIONS

Communication with Legislature Regarding Special Service Districts: PS-Action-1

The Puget Sound Regional Council, on behalf of its member jurisdictions, will communicate to the Legislature that special service districts should be required to comply with the Growth Management Act.

- Short-term \ MPP-PS-4 through 6, 21 through 24
- Results and Products: *letter (or other reporting) to Legislature*

Water Issues: PS-Action-2

The Puget Sound Regional Council will determine its role in addressing regional water issues — including water supply.

- Mid-term \ MPP-PS-17 through 20
- Results and Products: *report and recommendations to Growth Management Policy Board and Executive Board*

Communication with Energy Providers: PS-Action-3

The Puget Sound Regional Council will relay to energy providers the goals and objectives of the regional vision. Providers are encouraged to identify tools and practices to address energy supply and conservation for local jurisdiction planning purposes.

- Short-term \ MPP-PS-12, 13
- Results and Products: *letter (and/or other correspondence) to energy providers*

Telecommunications Report: Action-PS-4

The Puget Sound Regional Council will work with its member jurisdictions and telecommunication providers to monitor the availability of high-speed data communication services.

- Mid-term \ MPP-PS-14
- Results and Products: *report and recommendations to PSRC's policy boards*

LOCAL PUBLIC SERVICES ACTIONS

Special Service Districts Planning: PS-Action-5

Counties, in their review of special service districts' plans, will identify any inconsistencies with local growth management goals and objectives, as well as the regional vision. As part of this review, counties, in consultation with pertinent cities, will work with special service districts to provide guidance for facilities and service planning to ensure that districts develop long-range plans that implement the regional vision.

- Short-term \ MPP-PS-4 through 6, 21 through 24
- Results and Products: *(1) consistency report (or similar) to special districts, (2) recommendations and examples to districts concerning the regional vision*

Facilities Siting and Design: PS-Action-6

Counties and cities will collaborate with special service districts to review district location and design criteria for new schools, libraries, and other such public facilities — to ensure that growth management goals and the regional vision are addressed.

- Short-term \ MPP-PS-21 through 24
- Results and Products: *report (or similar) and recommendations on siting and design criteria*

HOME / PROVIDER	LICENSE NUMBER
WOODVILLE AFH, LLC (Margaret Karimi)	752347

NOTE: The term "the home" refers to the adult family home / provider listed above.

The scope of care, services, and activities listed on this form may not reflect all required care and services the home must provide. The home may not be able to provide services beyond those disclosed on this form, unless the needs can be met through "reasonable accommodations." The home may also need to reduce the level of care they are able to provide based on the needs of the residents already in the home. For more information on reasonable accommodations and the regulations for adult family homes, see Chapter 388-76 of Washington Administrative Code.

Personal Care

"Personal care services" means both physical assistance and/or prompting and supervising the performance of direct personal care tasks as determined by the resident's needs, and does not include assistance with tasks performed by a licensed health professional. (WAC 388-76-10000)

1. EATING

If needed, the home may provide assistance with eating as follows:

Setting anf feeding

2. TOILETING

If needed, the home may provide assistance with toileting as follows:

100% assistance

3. WALKING

If needed, the home may provide assistance with walking as follows:

Stand by assist and as per Residents care plan.

4. TRANSFERRING

If needed, the home may provide assistance with transferring as follows:

One or two person assist , hoyer lift or sit to stand lift.

5. POSITIONING

If needed, the home may provide assistance with positioning as follows:

Every two hours assistance.

6. PERSONAL HYGIENE

If needed, the home may provide assistance with personal hygiene as follows:

All ADLS assistance.

7. DRESSING

If needed, the home may provide assistance with dressing as follows:

Complete dressing assistance , from clothing selection to complete dressing assistance.

8. BATHING

If needed, the home may provide assistance with bathing as follows:

From setting to complete body bath .

9. ADDITIONAL COMMENTS REGARDING PERSONAL CARE

Medication Services

If the home admits residents who need medication assistance or medication administration services by a legally authorized person, the home must have systems in place to ensure the services provided meet the medication needs of each resident and meet all laws and rules relating to medications. (WAC 388-76-10430)

The type and amount of medication assistance provided by the home is:

Assist with medication from reminding to RN delegated tasks like insulin injection and topical creams application.

ADDITIONAL COMMENTS REGARDING MEDICATION SERVICES

Complete medication assistance as per Physicians orders except IV fluids and other hospital tasks.

Skilled Nursing Services and Nurse Delegation

If the home identifies that a resident has a need for nursing care and the home is not able to provide the care per chapter 18.79 RCW, the home must contract with a nurse currently licensed in the state of Washington to provide the nursing care and service, or hire or contract with a nurse to provide nurse delegation. (WAC 388-76-10405)

The home provides the following skilled nursing services:

Nurse delegated tasks only.

The home has the ability to provide the following skilled nursing services by delegation:

Monitor and record vital signs; Monitor blood sugar levels and administer insulin as delegated by RN delegater.

ADDITIONAL COMMENTS REGARDING SKILLED NURSING SERVICE AND NURSING DELEGATION

Specialty Care Designations

We have completed DSHS approved training for the following specialty care designations:

- [x] Developmental disabilities
- [x] Mental illness
- [x] Dementia

ADDITIONAL COMMENTS REGARDING SPECIALTY CARE DESIGNATIONS

Staffing

The home's provider or entity representative must live in the home, or employ or have a contract with a resident manager who lives in the home and is responsible for the care and services of each resident at all times. The provider, entity representative, or resident manager is exempt from the requirement to live in the home if the home has 24-hour staffing coverage and a staff person who can make needed decisions is always present in the home. (WAC 388-76-10040)

- [x] The provider lives in the home.
- [ ] A resident manager lives in the home and is responsible for the care and services of each resident at all times.
- [ ] The provider, entity representative, or resident manager does not live in the home but the home has 24-hour staffing coverage, and a staff person who can make needed decisions is always present in the home.

The normal staffing levels for the home are:

- [ ] Registered nurse, days and times: _____
- [ ] Licensed practical nurse, days and times: _____
- [x] Certified nursing assistant or long term care workers, days and times: There is CNA on site always.
- [x] Awake staff at night
- [ ] Other:

ADDITIONAL COMMENTS REGARDING STAFFING

We maintain a high Staff/Resident ratio at all times.There are at least two CNA staff at all times.

Cultural or Language Access

The home must serve meals that accommodate cultural and ethnic backgrounds (388-76-10415) and provide informational materials in a language understood by residents and prospective residents (Chapter 388-76 various sections)

The home is particularly focused on residents with the following background and/or languages:

English language is the official language of the home.

ADDITIONAL COMMENTS REGARDING CULTURAL OR LANGUAGE ACCESS

Medicaid

The home must fully disclose the home's policy on accepting Medicaid payments. The policy must clearly state the circumstances under which the home provides care for Medicaid eligible residents and for residents who become eligible for Medicaid after admission. (WAC 388-76-10522)

☐ The home is a private pay facility and does not accept Medicaid payments.

☑ The home will accept Medicaid payments under the following conditions:

ADDITIONAL COMMENTS REGARDING MEDICAID

When we admit private pay residents and their private funds run out, we assist Residents to transition to Medicaid.

Activities

The home must provide each resident with a list of activities customarily available in the home or arranged for by the home (WAC 388-76-10530).

The home provides the following:

Cards, Bingo games, walks in the neighborhood for those who are able.

Defendants.

DECLARATION OF NANCY CRAIG, BUILDING OFFICIAL, CITY OF LAKEWOOD

Nancy Craig, declares and states:

1. I am the Building Official for the City of Lakewood and responsible for the Building Department of the City of Lakewood.

2. I am over the age of eighteen and competent to testify to the matters herein.

3. Adult Family Homes are built to residential standards. Enhanced Services Facilities are built as secure institutional facilities like some hospitals and prisons.

4. The homes used for Adult Family Homes must meet building criteria adopted in the International Residential Code (IRC). RCW 70.128.040 and WAC 51-51-0325. WAC 51-51-0325 includes specifications for things like wheelchair ramps and grab bars that are specific to Adult Family Homes. The intent appears to be keeping Adult

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

Family Homes integrated within a residential setting with little impact on the surrounding neighborhood.

5. The building requirements for Enhanced Services Facilities are established by the Department of Health and are more similar to secure, institutional facilities such as nursing homes or assisted living facilities than they are to residential homes. RCW 70.97.060 and WAC 388-107.

For example, WAC 388-107-0710 discusses conversion of currently licensed facilities to an Enhanced Services Facility and the need for meeting resident health and safety requirements for specific new construction requirements. WAC 388-107-0720 discusses specific requirements for electrical fixtures or systems, mechanical equipment or systems, fire sprinkler fixtures or systems, fire alarm fixtures or systems and specific requirements for interior finishes and kitchens and laundries. These requirements are not typical for single-family residences and are not part of the International Residential Code.

In addition WAC 388-107-0420 discusses physical restraints for medical purposes. A single-family residence would not meet the requirements of the International Building Code for basic life safety where any type of restraint is used and could not meet minimum code requirements.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct to the best of my knowledge, information and belief.

EXECUTED this th day of May, 2018 at Lakewood, Washington.

Nancy Craig
Building Official, City of Lakewood

Plaintiffs,

v.

STATE OF WASHINGTON; DEPARTMENT OF SOCIAL AND HEALTH SERVICES; WESTERN STATE HOSPITAL; AGING AND LONG-TERM SUPPORT ADMINISTRATION; WOODVILLE ADULT FAMILY HOME, LLC, MARGARET W. KARIMI, Registered Agent,

Defendants.

DECLARATION OF MIKE ZARO, CHIEF OF POLICE, CITY OF LAKEWOOD

Mike Zaro, declares and states:

1. I am over the age of eighteen and competent to testify to the matters herein.

2. I am the Chief Law Enforcement official for the City of Lakewood, Washington, and it is my duty to ensure public safety in the City of Lakewood.

3. In my capacity as Chief of Police, I receive notices from the Washington State Department of Social and Health Services/Western State Hospital (DSHS/WSH) when certain patients are scheduled to be released. Typically, the above notices are provided 30 days in advance of a release.

4. **Placement of Alleged Murderer in Adult Family Home**. On August 24, 2017, WSH sent the City notice that it intended to release a suspected murderer, referred

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

herein as Resident A, from the hospital. The hospital identified September 6, 2017 as the intended release date, which is less than 30 days from the date of notice.

5. I reviewed the following:

a. An October 25, 2016 DSHS Inspection report of "Alpha Palace House" a true and correct copy of which is attached and incorporated as Exhibit C-1;

b. A July 20, 2017, DSHS Forensic Mental Health Report;

c. An August 24, 2017, letter of Community Notifications Officer Leslie Holloway, a true and correct copy of which is attached and incorporated herein as Exhibit C-2;

d. An August 24, 2017, DSHS Notification of Release, a true and correct copy of which is attached and incorporated herein as Exhibit C-3; and

e. A September 1, 2017 letter from Pierce County Prosecuting Attorney Mark Lindquist, a true and correct copy of which is attached and incorporated herein as Exhibit C-4.

6. Based on the above information, I learned that Resident A had been institutionalized most of his adult life, except for a brief period in which he is alleged to have murdered his roommate; he was not tried for the murder because he was found incompetent to stand trial; and his mental condition is difficult to treat and supervise even when he is compliant with medications in the hospital, but he has not always been compliant with taking those medications.

7. DSHS planned to release Resident A to an Adult Family Home. By statute, Adult Family Homes are residential uses, meant to provide "an alternative to institutional care and promote a high degree of independent living for residents." RCW 70.128.005.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

8. The particular Adult Family Home DSHS intended to release Resident A to is called "Alpha Palace House." Based upon public records, "Alpha Palace House" had been in business less than two years and had already been deficient in administering medications to residents when DSHS planned to place Resident A there.

9. Given Resident A's condition and history, together with the type of independent living expected in Adult Family Homes, I had grave concerns about DSHS's plans to release him from the hospital to this home.

10. After the above release and placement was brought to the attention of state and the City's leaders, DSHS canceled Resident A's release and placement. To date, DSHS has not explained the basis or grounds for the planned release and placement.

11. **Placement of Registered Sex Offenders in Adult Family Homes.** There are currently four registered sex offenders living in the "Woodville Adult Family Home, LLC" an Adult Family Home in the Oakbrook neighborhood of the City.

12. The names of registered sex offenders in Woodville Adult Family Home are: Chris Lee Benson; Ernest Chappell; Steven Leroy Jordan; and Shawn Tanzy.

13. Mr. Benson pled guilty to second degree child molestation in November of 2014. He is a Level 1 sex offender.

14. Mr. Chappell was convicted of rape with force and threat in December of 1983 and kidnapping in the first degree in August of 1984. He is a Level 2 sex offender.

15. Mr. Jordan has two convictions for possessing child pornography; one in 2002 and another in 2015. He is a Level 2 sex offender.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

16. Mr. Tanzy was convicted of child molestation in the third degree in 2000; possession of drug paraphernalia in 2000; assault in 2000; and criminal trespass in 1999 and 2013. He is a Level 3 sex offender.

17. While the public may access general information about registered sex offenders, only law enforcement has access to exact residential addresses.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct to the best of my knowledge, information and belief.

EXECUTED this th day of May, 2018 at Lakewood, Washington.

Statement of Deficiencies	License #: 753004	Completion Date
Plan of Correction	Alpha Palace Home LLC	August 22, 2016
Page 1 of 2	Licensee: Alpha Palace Home LLC	

You are required to be in compliance with all of the licensing laws and regulations at all times to maintain your adult family home license.

The department has completed data collection for the unannounced on-site full inspection of: 8/10/2016

Alpha Palace Home LLC
7402 Coral Ln SW
Lakewood, WA 98498

The department staff that inspected the adult family home:
Emily Vincent, BSN, RN, AFH Licensor

From:
DSHS, Aging and Long-Term Support Administration
Residential Care Services, Region 3, Unit A
PO Box 98907
Lakewood, WA 98496
(253)983-3826

As a result of the on-site full inspection the department found that you are not in compliance with the licensing laws and regulations as stated in the cited deficiencies in the enclosed report.

Residential Care Services — Date: 8/24/16

I understand that to maintain an adult family home license I must be in compliance with all the licensing laws and regulations at all times.

Provider (or Representative) — Date: 8/26/16

WAC 388-76-10430 Medication system.
(2) When providing medication assistance or medication administration for any resident, the home must ensure each resident:
(d) Receives medications as required.

This requirement was not met as evidenced by:
Based on observation, interview and record review, the adult family home (AFH) failed to ensure one of three residents (R3) had [redacted] prescribed medications available in the AFH if needed. This failure placed R3 at risk of medical complications in the event [redacted] had symptoms requiring PRN (as needed) medication and the medications were not available for timely treatment.

Findings include:

All information was obtained on 8/10/16 unless otherwise noted.

Observations revealed several of R3's PRN medications were not in [redacted] medication supply, including [redacted] for [redacted] and [redacted] for [redacted] other PRN medications for [redacted] and [redacted]

Review of R3's record revealed [redacted] was diagnosed with [redacted] and [redacted] A fax from R3's physician dated 8/11/16 documented that R3 was to continue to receive [redacted] and [redacted] as well as [redacted] and [redacted] when needed.

Interview with the AFH Provider revealed R3 had not needed any of the prescribed PRN medications since [redacted] admission to the home on [redacted] 16, so none of the medications had been ordered from the pharmacy.

Attestation Statement

I hereby certify that I have reviewed this report and have taken or will take active measures to correct this deficiency. By taking this action, Alpha Palace Home LLC is or will be in compliance with this law and / or regulation on (Date) 8/13/16 . In addition, I will implement a system to monitor and ensure continued compliance with this cited deficiency.

930 Tacoma Ave. S., Room 946
Tacoma, WA 98402

RE: Lawrence Butterfield – Pierce County Cause No. 10-1-04934-9 for Murder in the 1st Degree

Dear Prosecutor Lindquist,

On June 23, 2017, Western State Hospital (WSH) notified your office of our intent to release Mr. Butterfield on a civil conditional release. At that time your office refiled charges. The re-file resulted in the charges being dismissed due to incompetence to stand trial and he was referred back for civil commitment.

This letter is to inform you that this patient continues not to meet the 71.05 detainment criteria and WSH plans to move forward with the original plan for a civil conditional release to Alpha Palace Adult Family Home located in Lakewood, Washington. So far the owners of this facility have been holding a bed for him. We would like to thank you for waiving the 30 day notification timeframe to allow Mr. Butterfield to release on September 6th, 2017, so he can secure this supported and supervised placement. Please see the attached list of conditions for details of this placement.

Persons detained under RCW 71.05 have the right to be represented by an attorney per RCW 71.05.360(11). This representation is provided to patients by the Department of Assigned Counsel (DAC) located at WSH. Should your office decides to refile charges please proceed with the refile as soon as possible, and in addition to serving WSH, please provide DAC with a copy of the intervening petition.

Again, we appreciate your waiver of the notification timeframe in this case. If you have any questions, feel free to contact Mr. Butterfield's assigned social worker, Jill Olszewski, at (253) 984-4144, or you can email her at: OLSZEJM@dshs.wa.gov.

Respectfully,

Leslie Holloway

Leslie Holloway, Community Notifications Officer

cc: Michael Werner, LICSW, MHP, Manager of Social Work
Ward Chart-Forensic Section

Conditions of Release for MR. LAWRENCE DAVID BUTTERFIELD

1. Mr. Butterfield will remain in residence at Western State Hospital (WSH) until discharged under a Civil Conditional Release on or about 09/06/2017.

2. Mr. Butterfield will reside at Alpha Palace Home, 7402 Coral Lane SW, Lakewood, WA, 98498; telephone: (253) 292-8033; or any other residence as approved by his Expanded Community Service/Multi-Care Behavioral Health Treatment Team. Mr. Butterfield will follow all applicable rules and regulations of the Alpha Palace Home, and he will allow his Expanded Community Service/Multi-Care Behavioral Health Case Manager to visit Mr. Butterfield's place of residence at will.

3. Mr. Butterfield will participate in follow-up mental health care through the Expanded Community Services (ECS) program as administered by Multi-Care Behavioral Health located at 325 East Pioneer Avenue, Puyallup, WA 98372; telephone: (253) 697-8574.

4. Mr. Butterfield will keep all mental health related appointments and follow all mental health treatment recommendations as assigned by his ECS Multi-Care Behavioral Health Treatment Team, his assigned Multi-Care Behavioral Health Case Manager or any other designated Multi-Care Behavioral Health care provider. Douglas Wornell, MD will be Mr. Butterfield's identified psychiatric prescriber. Douglas Wornell, MD,'s Multi-Care Behavioral Health general telephone office number is (253) 697-8574. Mr. Roger Reeve will be the ECS Treatment Coordinator/Case Manager and his Multi-Care Behavioral Health telephone number will be (253) 697-8574.

5. Mr. Butterfield will meet with Mr. Roger Reeve on the day of his discharge from WSH. At that meeting, Mr. Laurence Butterfield will be given an appointment with Douglas Wornell, MD, his assigned psychiatric prescriber for Multi-Care Behavioral Health located at 325 East Pioneer Avenue, Puyallup, WA 98372; telephone: (253) 697-8574.

6. Mr. Butterfield will take all of his psychiatric medications exactly as prescribed each and every day and Mr. Laurence Butterfield will cooperate with all laboratory work as requested.

7. Mr. Butterfield will abstain from the use of all alcohol products, all cannabis products, all legally obtainable recreational substances (e.g. "Spice", "Bath Salts", et al), all mind-altering substances sold or obtained illegally or illicitly, all prescribed medications used illicitly to induce an altered state of consciousness, and all common substances used illicitly to achieve an altered state of consciousness.

8) Mr. Butterfield will comply with and complete all aspects of a comprehensive drug and alcohol assessment as well as fully completing any and all treatment aspects recommend by the drug and alcohol assessment.

9) Mr. Butterfield will comply with any and all urinary drug screens as requested by his Multi-Care Behavioral Health ECS Case Manager, and his Multi-Care Behavioral Health psychiatric prescriber or any other member of the Multi-Care Behavioral Health Treatment Team located at 325 East Pioneer Avenue, Puyallup, WA 98372; telephone: (253) 697-8574.

10) Mr. Butterfield will attend drug and alcohol education groups and /or self-help groups as recommended by his Multi-Care Behavioral Health ECS Case Manager, his Multi-Care Behavioral Health psychiatric prescriber or any other member of the Multi-Care Behavioral Health Treatment Team located at 325 East Pioneer Avenue, Puyallup, WA 98372; telephone: (253) 697-8574.

11) Mr. Butterfield will refrain from any threats or acts of harm to self, others, or property.

12) Mr. Butterfield will maintain own health and safety in the community and not substantially deteriorate in routine level of functioning as established on the day of his discharge from WSH/ day of admission to Alpha Palace Home LLC.

13) Mr. Butterfield will attend all scheduled mental health appointments as instructed by his Multi-Care Behavioral Health ECS Case Manager, and his Multi-Care Behavioral Health psychiatric prescriber or any other member of the Multi-Care Behavioral Health Treatment Team. If Mr. Butterfield has a need for an unscheduled appointment, Mr. Butterfield will call Multi-Care Behavioral Health at (253) 697-8574 and establish a special appointment.

14) Mr. Butterfield will work with his ECS Multi-Care Case Manager, Mr. Roger Reeve to resolve any outstanding fees or fines, if any, issued out of any other court or jurisdiction, including but not limited to Municipal Court, District Court or Superior Court.

The Honorable Jay Inslee
Governor of Washington
PO Box 40002
Olympia, WA 98504-0002

Re: **WSH proposed release of Lawrence David Butterfield**

Dear Governor Inslee:

I am asking you to intervene to prevent officials at Western State Hospital (WSH) from conditionally releasing a schizophrenic, intellectually disabled man with a long history of violent behavior. The last time Lawrence Butterfield was conditionally released, it resulted in my office charging him with murder in the first degree. Although we originally filed the case in 2010, we have been unable to prosecute it because Mr. Butterfield is so mentally ill that he has never been found competent to stand trial.

Mr. Butterfield has a long history of violent behavior. WSH records indicate that two armed assaults against his father were dismissed due to his lack of competency. In 1977 he was charged again, with assault with intent to kill, and was found not guilty by reason of insanity. This resulted in his commitment to WSH in 1980. In 2002, WSH conditionally released him into Pierce County despite him having no prior connection to this county.

In 2010, my office charged him with murder for stabbing his roommate to death. Mr. Butterfield told the arresting officer he had been hearing voices that told him to kill so he went out and acquired a hunting knife. The murder charge against Mr. Butterfield was dismissed in 2011 when he was found not competent and not restorable. The charge was refiled in 2013, 2014, and 2017, because my office received notice that WSH was again proposing to conditionally release Mr. Butterfield into the community. Each time we had to dismiss our prosecution when the doctors concluded that Mr. Butterfield was not competent to stand trial and that it was unlikely competency could be restored.

The most recent competency evaluation, dated July 20, 2017, states that Mr. Butterfield has active auditory hallucinations and that he believes these voices emanate from a microphone that has been placed in his brain. Doctors on the forensic side of WSH have repeatedly found Mr. Butterfield to be at a "moderate to high risk for future serious dangerous behavior" *provided* that he is on his medications. They assess that this risk is significantly higher *if he is not on his medications*. His history demonstrates a pattern of predictable violent behavior. In short, Mr. Butterfield is not healthy enough to be out in the community and he poses a severe risk to others.

Printed on recycled paper

Nonetheless, doctors on the civil commitment side of WSH have scheduled his release on September 6, 2017, and his release plan will have him residing at the Alpha Palace Home in Lakewood and receiving his mental health treatment at Expanded Community Services in Puyallup. His plan does not specify how he will travel from one location to another. His release plan consists of fourteen detailed conditions. From his competency evaluation, there is no indication that he has the mental capacity to understand, remember, or adhere to these conditions. The July 20, 2017, evaluation states that "he continues to exhibit disorganized thoughts and confusion and cognitive slowing" and that he "appeared unable to process information[.]" The proposed release plan is setting Mr. Butterfield up for failure and placing the community at risk.

Mr. Butterfield suffers from serious mental health issues. He deserves quality treatment in a secure setting.

While my office has tried to prevent his release, the criminal justice system was not designed to handle persons so mentally ill that they will never be competent to stand trial. Now it is up to the professionals in the civil commitment arena to protect the public from a mentally ill person who poses a great risk to public safety. The civil commitment doctors at WSH who are proposing Mr. Butterfield's release do not seem to be taking the safety of the community into consideration or the risk assessment of their own doctors on the forensic side. The last time Mr. Butterfield was conditionally released he took a man's life.

Governor, I know you share my commitment to protecting the public and keeping our communities safe. Therefore, I am asking you to intervene and prevent Western State from releasing Mr. Butterfield into the community.

Thank you.

Sincerely,

Prosecutor Mark Lindquist

IN THE SUPERIOR COURT OF THE STATE OF WASHINGTON
IN AND FOR THE COUNTY OF PIERCE

CITY OF LAKEWOOD, WASHINGTON, a municipal corporation,

Plaintiffs,

v.

STATE OF WASHINGTON; DEPARTMENT OF SOCIAL AND HEALTH SERVICES; WESTERN STATE HOSPITAL; AGING AND LONG-TERM SUPPORT ADMINISTRATION; WOODVILLE ADULT FAMILY HOME, LLC, MARGARET W. KARIMI, Registered Agent,

Defendants.

DECLARATION OF BRIANA SCHUMACHER, EXECUTIVE ASSISTANT, CITY OF LAKEWOOD

Briana Schumacher, declares and states:

1. I am an Executive Assistant with the City of Lakewood.

2. I am over the age of eighteen and competent to testify to the matters herein.

3. The following is a true and accurate transcription of public comments made at the City Of Lakewood City Council Meeting of April 2, 2018 by one who identified himself as John Kimari:

> Thank you Mayor and the Council. And thank you for having us here as providers to speak on behalf of the adult family homes. I have been operating an adult family home here in Lakewood since 1986. And it is one of the most challenging you know professions that you can go into. And it is

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

also one of the most rewarding professions that you can engage in. because it involves dealing with people. This is a profession that you are not dealing merchandise. This is a profession you are dealing with emotions and everything.

I would like to relate my comment to the violent offenders because I have been admitting people from Western State Hospital for quite a few years, probably going back to 15 years now. Some of these people have been stigmatized with Mr. Butterfield, some of them have aged. Yes, some of them made a mistake many years, back when they were youth. Now they are in their 70s or close to 80s and they are still in Western State Hospital. And now they are reformed, they have been rehabilitated. The state does a very good job assessing these individuals to know who can go back into the community. I truly commend their work, throughout my 22 years in the adult family home care profession I have never been involved in a situation where we have admitted somebody, you know, through a wrong assessment or anything like that. So they do a very good job and we also on the other side, these individuals who come to live with you, they are admitted into your home, and they become a part of your family. If you meet some of these people that are being talked about, they are some of these best people that you will ever want to meet. Just because someone has made a mistake and have been rehabilitated and they are good individuals who have been put in an adult family home. Our result is to live with these people.

City of Lakewood
Legal Department
6000 Main Street S.W.
Lakewood, Washington 98499

Like I said last time I was here, to ask about providers. Either the issue of the money comes last. You have to provide a goal on a basis of compassion. Do you want to live with this individual, you go meet them, and the process for admitting them is so stringent. You cannot make a mistake. Either from our side or the state side. They are professionals who have worked with these people. And somebody who has been institutionalized for some like ten years. I have someone, she was a young lady, now she just want reform, to go back to the community. It is truly wonderful to give that individual an opportunity to go out to the community and live a decent life. Thank you very much.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct to the best of my knowledge, information and belief.

EXECUTED this 10th day of May, 2018 at Lakewood, Washington.

B. Schumacher
