

LaGuardia Airport Access

Improvement Summary

M60 Alignment

- Consistent with transit needs
- Offers improvement features to benefit Upper Manhattan (125th Street) bus riders

Proposed Bronx Alignment

- Offers direct link from Webster Avenue
- Offers improvement features to benefit Bronx (Webster Avenue and The Hub) bus riders

Woodside via Highway

- Offers direct link from Woodside (LIRR and subway) and Jackson Heights (Roosevelt Avenue/74th Street Station) with connection to numerous subway and bus routes
- Travel times could be considerably improved

Q33

- Shortening the existing Q33 route, while maintaining easy connections to the airport, provides more reliable service for local bus riders
