

# LESO 1033 Program

February 13, 2017

# Video of LESO Program

- <https://www.youtube.com/watch?v=QcCuwfLH54Q>

# Overview

- The National Defense Authorization Act of 1997 authorizes the Department of Defense (DoD) to transfer excess military property to state and local law enforcement agencies. The eligible agencies in law enforcement activities are government agencies whose primary function is the enforcement of applicable federal, state and local laws, and whose compensated law enforcement officers have powers of arrest and apprehension.
- No equipment is purchased for distribution. All items were excess which had been turned in by military units or had been held as part of reserve stocks until no longer needed.

# Overview Continued...

- Since its inception, the program has transferred more than \$6 billion worth of property. In 2014, \$980 million worth of property (based on initial acquisition cost) was transferred to law enforcement agencies.
- Requisitions cover the gamut of items used by America's military -- clothing and office supplies, tools and rescue equipment, vehicles, rifles and others small arms. Of all the excess equipment provided through the program, only five percent are small arms and less than one percent are tactical vehicles.
- More than 8,000 law enforcement agencies have enrolled in the program.

# History

- The Dewey Beach Police Department has been involved in the program since the early 1990's when it was named "North Star".
- Our current administration remained inactive in the program until 2013.
- **CONTROLLED PROPERTY:** Controlled property (equipment) obtained via the LESO Program includes any property that has a demilitarization (DEMIL) Code of B, C, D, E, F, G, and Q. This property remains indefinitely in the DLA's inventory and must be returned when the agency deems the property unusable.

# History Continued...

- **Non-Controlled Property:** Non-Controlled property (equipment) obtained via the LESO Program includes any property that has a demilitarization (DEMIL) Code of A. Ownership and Title of DEMIL “A” items that have been archived will pass automatically from the DLA to the Law Enforcement Agency when they are archived at the one year mark (from ship date) without issuance of any further documentation. This is specifically described in the State Plan of Operations.
- The Dewey Beach Police Department has undergone numerous compliance reviews and all items are subject to spot checks.
- The Dewey Beach Police Department is audited biannually by the Defense Logistics Agency. This last audit/PCR (Program Compliance Review) was conducted on Wednesday, August 23, 2017, at 11:00 A.M. at the Dewey Beach Police Department. Since the onset of our participation in the program we have passed all audits/PCR's.

## Demil Codes

What is a DEMIL Code?

A DEMIL Code is a code assigned to an item by the Item Manager that identifies the required demilitarization

DEMIL Code	Description
<b>A</b>	Non-MLI/ Non-SLI -- Demilitarization not required
<b>B</b>	USML Items - Mutilation (MUT) to the point of scrap required worldwide. DLA Disposition Services shall store for reutilization and mutilate those items declared by the DoD as having no foreseeable DoD reutilization value.
<b>C</b>	MLI(SME). Remove and/or demilitarize installed key point(s) as prescribed in DOD 4160.21-M-1. Defense Demilitarization Manual, or lethal parts, components and accessories
<b>D</b>	MLI(SME). Total destruction of item and components so as to preclude restoration or repair to a usable condition by melting, cutting, tearing, scratching, crushing, breaking, punching, neutralizing, etc. (As an alternate, burial or deep water dumping may be used when coordinated with the DOD Demilitarization Program Office.)
<b>E</b>	MLI(NON-SME). Additional critical items/material determined to require demilitarization, either key point or total destruction. Demilitarization instructions to be furnished by the DOD Demilitarization Program Office.
<b>F</b>	MLI (SME) -- Demilitarization instructions to be furnished by the Item/Technical Manager.
<b>G</b>	MLI(SMIE). Demilitarization required AEDA. Demilitarization, and if required, declassification and/or removal of sensitive markings or information will be accomplished prior to physical transfer to a DLA Disposition Services Field Activity. This code will be used for all AEDA items, including those which also require declassification and/or removal of sensitive markings or information
<b>P</b>	MLI(SME). Security Classified Item Declassification and any additional demilitarization and removal of any sensitive markings or information will be accomplished prior to accountability or physical transfer to a DLA Disposition Services Field Activity. This code will not be assigned to AEDA items.
<b>Q</b>	CCLI. Commerce Control List Item Demilitarization not required . CCLI are dual-use (military, commercial, and other strategic uses) items under the jurisdiction of the Bureau of Export Administration, U.S. Department of Commerce, through the Export Administration Regulations. The types of items under the Commerce Control List (CCL) are commodities (i.e., equipment, materials, electronics, propulsion systems, etc.), software, and technology. The CCL does not include those items exclusively controlled by another department or agency of the U.S. Government.
<p><b>A copy of the Defense Demilitarization Manual, DOD 4160.21-M-1 may be requested from the DLA Logistics Information Service, ATTN: FOI, 74 Washington North, Battle Creek, MI 49037. You may also call Customer Service toll free at: <a href="tel:1-877-352-2255">1-877-352-2255</a>, or email: <a href="mailto:dlacontactcenter@dla.mil">dlacontactcenter@dla.mil</a> with your request.</b></p>

## Was the Town of Dewey Beach aware of the program?

### 4 items for documentation

On 11-4-2016 the Town deposited a check for \$35,405.00 into the General Fund from sale of a D7 Bulldozer. (Document attached)

Our Town Manager and Assistant Town Manager signed off on Program on October 23, 2015. (Document attached)

In April of 2016, the Town traded a Forklift to Dirtworks to help offset cost of demolition of Seasons Pizza building. This building was to be used as additional Police space. (Document attached)

In April 2016 equipment that was no longer serviceable was auctioned. 2 Police vehicles were purchased with the proceeds. LESO program guidelines were followed.

Battle Creek, MI 49037

Dear Program Manager,

Myself being the Town Manager, along with the Mayor and Council of the Town of Dewey Beach are familiar with the 1033 program. And that from time to time the Police Department obtains equipment through the program. We understand that there is controlled equipment within this program and that onsite inspections are conducted yearly on these items. We are aware that the Police Department has recently requested additional controlled equipment, to be utilized during significant weather events as well as natural disasters. And we approve of this acquisition.

Sincerely,

Marc Appelbaum

Town Manager

<b>Total</b>			<b>\$0.00</b>

**To suggest that we need to “begin” accounting is a mischaracterization. This program has not been concealed from anyone and has undergone numerous biannual Program Compliance Reviews (PCR’s) and is subject to "spot" checks at any time. The residents and visitors have seen this equipment in use on many occasions. These items have been used in numerous Hurricanes and other significant weather events such as the Blizzard last week.**

## Who has Oversight of the LESO Program ?

In the August 2017 Audit, 2 Federal representatives from LESO and 1 State Coordinator successfully audited our program. These Audits are performed at minimum every 2 years and each piece of equipment is physically touched and examined in order to pass the Audit. These Audits can be done at any time without notice.

# DLA DISPOSITION SERVICES LESO PROGRAM COMPLIANCE REVIEW OVERVIEW

Per the Memorandum of Agreement (MOA) between the DLA Disposition Services Law Enforcement Support Office (hereinafter “LESO”) and the State, the LESO is required to conduct a Program Compliance Review (PCR) on each state or territory enrolled in the LESO Program every two years.

PCRs are performed in order to ensure that State Coordinators (SC), State Point(s) of Contact (SPOC) and all Law Enforcement Agencies (LEA) within a State are compliant with the terms and conditions of the LESO Program and the LESO MOA with the State.
