Sounds good. If it's next week let's do Thursday after 3pm. I'll be in Europe on vacation so may be unable to join but Aaron from McKinsey will be on. If the week of April 9 is not too late, however, I'd prefer then because I'll back in the office. Defer to you.

Kyle,

How about we set up a call towards the end of next week to touch base? Would Thursday after 3PM or Friday 10-noon or after 3PM work?

Best, Rima

Hi Rima,

You may have seen that the Oversight Board did not certify a fiscal plan for PREPA yesterday (extended the deadline a bit) and so I don't have a public document to share with you just yet.

However I don't want the lack of a public, certified fiscal plan to delay the working group meeting on the Recovery Plan that we discussed last week with Aaron from McKinsey (copied here, as is Tyler Duvall). Defer to you on when would be

the best time for this type of meeting to occur as you work through the Recovery Plan, HUD guidance, HUD action plan, etc.

Let us know and we will work to set something up.

Thanks
