

February 18, 1976

Mr. Charles G. Koch
Post Office 2256
Wichita, Kansas 67201

Dear Charles:

On behalf of the National Libertarian Party I wish to convey to you my sincere thanks for your extremely generous \$10,000 contribution. We will be using the funds you have provided for general administrative and overhead costs.

I believe the Libertarian Party stands ready to emerge as a viable national alternative to the decaying two-party system in America. Whether or not we are able to accomplish this in 1976 depends in large part on our ability to raise significant sums of money. Your contribution will go a long way toward achieving that objective. As I mentioned to you previously, I am also pleased because your support indicates that you approve of the work that has been put forth to date here at national headquarters. We will continue to fight the good fight and will keep you up to date on all significant activities we undertake.

I only recently heard from George that you and Liz are the proud parents of a bouncing baby girl. Congratulations! Here's hoping that by the time she's old enough to vote we'll live in a society which political action will no longer be needed to defend our liberties.

Cordially,

Edward H. Crane, III
National Chairman
