Exceptional Service as an Assistant District Attorney

This certificate is hereby presented to Stephanie Lombardo in recognition of your hard work, dedication and sacrifice whereby bringing credit upon the office and the Law Enforcement Community.

Stephanie is assigned to our appellate unit, where she handles Appeals, Post-Conviction Relief Petitions, miscellaneous hearings and serves as my representative to the adult Drug Treatment Court and Veteran's Treatment Court. Stephanie is one of few attorneys in our office who regularly appears in Federal Court to address Federal Habeas Corpus petitions filed by prisoners.

Her involvement in such major cases as the Greg Hess PCRA, the Joseph Fitzpatrick appeal, and the Timothy Jacoby cases has been integral to preserving these hard-won convictions.

Attorney Lombardo's work ethic and willingness to work long nights and weekends has made her a go-to when complex legal matters arise or special research projects pop up, typically assigned by Chief Deputy Tim Barker.

In addition to her advocacy in the appellate realm, Attorney Lombardo recently assisted Senior Deputy Prosecutor Justin Roberts with the successful homicide prosecution of Kwilson Coleman, a retrial that many saw as a long shot at best because of key eyewitness testimony which was unavailable at retrial.

As District Attorney of York County, it gives me great pride to award you this commendation for your excellent service and continued pursuit of Justice.
