Mr. Joel Eisenbaum
KPRC Channel 2

Re: Harris County Emergency Services District No. 11 (the "District") – Investigation into Cypress Creek Emergency Medical Services, Inc.'s ("CCEMS") Employee

Dear Mr. Eisenbaum:

On Monday, February 4, 2019, you informed the District of KPRC Channel 2's investigation into a CCEMS employee allegedly operating a private business from a CCEMS maintenance facility. The District contracts with CCEMS solely for the provision of emergency medical services for the benefit of the residents of the District. The District is neither involved in nor responsible for the day-to-day management of CCEMS employees or facilities and CCEMS' functions and operations extend beyond those services for which the District contracts. The District takes these allegations seriously and will continue to investigate what, if any, impacts the allegations have on the District's contract with CCEMS. The District will take any actions necessary to ensure that District funds were not misused by the alleged acts of this CCEMS employee.

Sincerely,

Regina D. Adams
Radcliffe Bobbitt Adams Polley PLLC
General Counsel for the District
