

AFFIDAVIT

THE STATE OF TEXAS
COUNTY OF WISE

Before me, the undersigned authority on this day personally appeared

N. GRAVES, a Deputy for the Wise County Sheriff's Department, who after being duly sworn upon oath deposes and says that he has good reason to believe and does believe that (**PAIGE ISABOW HARKINGS W/F, DOB (), TX**

) did commit the offense of **ABANDON/ENDANGER CHILD CRIMINAL NEGLIGENCE - PC 22.041 (c)**, against the laws of The State of Texas on **02/12/2019**. Said reason and belief is based on the following facts and circumstances and is sworn to under oath before the undersigned authority

On 02/12/2019, Corporal Graves was dressed in full patrol uniform and driving marked patrol unit #344 when he was dispatched to 125 CR 4930 in reference to a possible physical disturbance. WCSO Dispatch was able to ping the 911 caller's cell phone location which led deputies to a metal shop located at 125 CR 4930. Upon arrival, Graves observed a male and female outside smoking and the males face appeared to be cut in multiple places and bloody. The female did not appear to have any visible injuries. As Graves was pulling up to the shop, both the male and female attempted to go back into the shop. Graves advised both subjects to stop and Graves approached them. Graves separated both subjects. Deputy Struve and Trooper Womack spoke with the female while Graves spoke with the male. While Graves was inquiring about the assault, he also inquired if there were any other adults or children present during the assault. The male stated, "Yes all four of my kids are inside." Deputy Struve and Trooper Womack conducted a warrant check on both subjects and discovered a CPS Child Safety Check Alert on their identification returns.

Graves advised both Deputy Struve and Trooper Womack to enter the shop to conduct a welfare check on the children. Once inside the shop, both Deputy Struve and Trooper Womack observed four children. One child was wrapped up in a blanket, lying on a heating pad which was on top of a plastic wrapping over a mattress. Two children were locked in a canine kennel and were covered in their own feces. The fourth child was lying in a Pack-N-Play bed wrapped up in multiple blankets. There was a floor space heater directly next to the canine kennel where the two children covered in their own feces were lying. The shop only had electricity connected there was no indoor plumbing and the children were using a non-connected toilet with trash bags around the toilet bowl in which to urinate and defecate. The source of interior heating were unsafe space heaters that were within easy reach of the children and against where the children were sleeping. The children's clothes and bedding were dirty and the children who were in diapers had dirty diapers that appeared to not have been changed in a lengthy amount of time. Food was located inside the residence, however; the refrigerator and pantry were

secured where children were unable to access any of the food and appeared to be malnourished.

Witness my signature this the 12 day of February 2019.
