Analysis by the Legislative Reference Bureau

Current law prohibits a person from manufacturing, distributing, or delivering
marijuana; possessing marijuana with the intent to manufacture, distribute, or
deliver it; possessing or attempting to possess marijuana; using drug paraphernalia;
or possessing drug paraphernalia with the intent to produce, distribute, or use a
RECREATIONAL USE OF MARIJUANA

With respect to recreational use of marijuana, the bill changes state law to permit a Wisconsin resident who is at least 21 years of age to possess no more than two ounces of marijuana and to permit a nonresident of Wisconsin who is at least 21 years of age to possess no more than one-quarter ounce of marijuana. Generally, under the bill, a person who possesses more than the maximum amount he or she is allowed to possess, but not more than 28 grams of marijuana, is subject to a civil forfeiture not to exceed $1,000 or imprisonment not to exceed 90 days or both. A person who possesses more than 28 grams of marijuana is guilty of a Class B misdemeanor, except that, if the person takes action to hide the amount of marijuana he or she has and the person has in place a security system to alert him or her to the presence of law enforcement, a method of intimidation, or a trap that could injure or kill a person approaching the area containing the marijuana, the person is guilty of a Class I felony. The bill also eliminates the prohibition on possessing or using drug paraphernalia that relates to marijuana consumption.

The bill creates a process by which a person may obtain a permit to produce, process, or sell marijuana for recreational use and pay an excise tax for the privilege of doing business in this state. The bill requires a person to obtain separate permits from the Department of Revenue to produce, process, distribute, or sell marijuana, and requires marijuana producers and processors to obtain additional permits from the Department of Agriculture, Trade and Consumer Protection. The requirements for obtaining these permits differ based on whether the permit is issued by DOR or DATCP but, in general, a person may not obtain such a permit if he or she is not a state resident, is under the age of 21, or has been convicted of certain crimes; in addition, a person may not operate under a DOR permit within 500 feet of a school, playground, recreation facility, child care facility, public park, public transit facility, or library and may not operate as a marijuana producer under a DATCP permit within 500 feet of a school. A person who holds a permit from DOR must also comply with certain operational requirements.

Under the bill, a permit applicant with 20 or more employees may not receive a permit from DATCP or DOR unless the applicant certifies that the applicant has entered into a labor peace agreement with a labor organization. The labor peace agreement prohibits the labor organization and its members from engaging in any economic interference with persons doing business in this state, prohibits the applicant from disrupting the efforts of the labor organization to communicate with and to organize and represent the applicant’s employees, and provides the labor organization access to areas in which the employees work to discuss employment rights and the terms and conditions of employment. Current law prohibits the state and any local unit of government from requiring a labor peace agreement as a condition for any regulatory approval. The permit requirements under the bill are not subject to that prohibition.

The bill also requires DATCP and DOR to use a competitive scoring system to determine which applicants are eligible to receive permits. Each department must...
issue permits to the highest scoring applicants that it determines will best protect the environment; provide stable, family-supporting jobs to local residents; ensure worker and consumer safety; operate secure facilities; and uphold the laws of the jurisdictions in which they operate. Each department may deny a permit to an applicant with a low score.

Under the bill, a person who does not have a permit from DOR to sell marijuana may not sell, distribute, or transfer marijuana, or possess marijuana with the intent to sell or distribute it. A person who violates the prohibition is guilty of a Class I felony except that the felony classification increases to a Class H felony if the person sells, distributes, or transfers the marijuana to a person who is under the age of 21 (minor) and the person is at least three years older than the minor. The bill prohibits a DOR permittee from selling, distributing, or transferring marijuana to a minor and from allowing a minor to be on premises for which a permit is issued. If a permittee violates one of those prohibitions, the permittee may be subject to a civil forfeiture of not more than $500 and the permit may be suspended for up to 30 days. Under the bill, a minor who does any of the following is subject to a forfeiture of not less than $250 nor more than $500: procures or attempts to procure marijuana from a permittee; falsely represents his or her age to receive marijuana from a permittee; knowingly possesses marijuana for recreational use; or knowingly enters any premises for which a permit has been issued without being accompanied by his or her parent, guardian, or spouse who is at least 21 years of age.

In addition, under the bill, a person who is cultivating marijuana plants without a permit who possesses more than six marijuana plants that have reached the flowering stage but not more than 12 at one time is subject to a civil forfeiture not to exceed $1,000 or imprisonment not to exceed 90 days or both. If the person possesses more than 12 plants that have reached the flowering stage at one time, the person is guilty of a Class B misdemeanor, except that, if the person takes action to hide the number of plants he or she has and the person has in place a security system to alert him or her to the presence of law enforcement, a method of intimidation, or a trap that could injure or kill a person approaching the area containing the plants, the person is guilty of a Class I felony.

MEDICAL USE OF MARIJUANA

With respect to the medical use of marijuana, the bill changes state law to permit a person to use marijuana for medical use to alleviate the symptoms or effects of a debilitating medical condition or treatment. A person’s primary caregiver also may acquire, possess, cultivate, or transport marijuana for a person suffering from a debilitating medical condition or treatment if it is not practicable for the person to acquire, possess, cultivate, or transport marijuana independently or the person is under the age of 18.

The bill requires the Department of Health Services to establish a registry for persons who use marijuana for medical use. Under the bill, a person may apply for a registry identification card by submitting to DHS a signed application, a written certification by the person’s physician that the person has or is undergoing a debilitating medical condition or treatment and that the potential benefits of the person’s use of tetrahydrocannabinols would likely outweigh the health risks for the
person, and a registration fee of not more than $150. DHS must verify the information and issue the person a registry identification card. A registry identification card is generally valid for four years and may be renewed. DHS may not disclose that it has issued to a person a registry identification card, or information from an application for one, except to a law enforcement agency for the purpose of verifying that a person possesses a valid registry identification card. The bill also requires DHS to promulgate a rule listing other jurisdictions that allow the medical use of marijuana by a visiting person or allow a person to assist with a person’s medical use of marijuana. The bill treats documents issued by these entities the same as registry identification cards issued by DHS.

The bill also requires DHS to license and regulate compassion centers to distribute or deliver marijuana or drug paraphernalia or possess or manufacture marijuana or drug paraphernalia with the intent to deliver or distribute to facilitate the medical use of marijuana. The bill prohibits compassion centers from being located within 500 feet of a school, prohibits a compassion center from distributing to a person more than six live marijuana plants and three ounces of usable marijuana (maximum medicinal amount), and prohibits a compassion center from possessing a quantity that exceeds, by an amount determined by DHS, the total maximum medicinal amount of marijuana of all of the persons it serves. An applicant for a license must pay an initial application fee of $250, and a compassion center must pay an annual fee of $5,000. The bill also requires DHS to register entities as tetrahydrocannabinols-testing laboratories. The laboratories must test marijuana for contaminants; research findings on the use of medical marijuana; and provide training on safe and efficient cultivation, harvesting, packaging, labeling, and distribution of marijuana, security and inventory accountability, and research on medical marijuana.

The bill requires health insurance policies, known in the bill as disability insurance policies, and self-insured health plans of the state or of a county, city, town, village, or school district that provides coverage of prescription drugs and devices to provide coverage for the medical use of THC in accordance with requirements specified in the bill and any equipment or supplies necessary for the medical use of THC. The coverage of the medical use of THC may be subject under the policy or plan only to the exclusions, limitations, and cost-sharing provisions that apply generally to the coverage of prescription drugs or devices under the policy or plan.

**GENERAL REGULATION OF MARIJUANA**

Under current law, a person may not operate a vehicle with a detectable amount of a restricted controlled substance, which includes delta-9-tetrahydrocannabinol (THC), in his or her blood, regardless of impairment. Penalties for violating this provision increase with the number of violations. Under the bill, a person may not operate a vehicle with a THC concentration of 5.0 ng/mL or more, instead of a detectable amount, in his or her blood. The bill does not change the penalty structure.

Under the fair employment law, no employer or other person may engage in any act of employment discrimination against any individual on the basis of the individual’s use or nonuse of lawful products off the employer’s premises during
nonworking hours, subject to certain exceptions, one of which is if the use impairs the individual’s ability to undertake adequately the job-related responsibilities of that individual’s employment. The bill specifically defines marijuana as a lawful product for purposes of the fair employment law, such that no person may engage in any act of employment discrimination against an individual because of the individual’s use of marijuana off the employer’s premises during nonworking hours, subject to those exceptions.

Under current law, an individual may be disqualified from receiving unemployment insurance benefits if he or she is terminated because of misconduct or substantial fault. The bill specifically provides that an employee’s use of marijuana off the employer’s premises during nonworking hours does not constitute misconduct or substantial fault unless termination for that use is permitted under one of the exceptions under the fair employment law. Also under current law, the Department of Workforce Development must establish a program to test claimants who apply for UI benefits for the presence of controlled substances, as defined under federal law. If a claimant tests positive for a controlled substance, the claimant may be denied UI benefits, subject to certain exceptions and limitations. The bill excludes THC for purposes of this testing requirement. As such, under the bill, an individual who tests positive for THC may not be denied UI benefits.

The bill exempts THC, including marijuana, from drug testing for certain public assistance programs. Currently, a participant in a community service job or transitional placement under the Wisconsin Works program (W2) or a recipient of the FoodShare program, also known as the food stamp program, who is convicted of possession, use, or distribution of a controlled substance must submit to a test for controlled substances as a condition of continued eligibility. DHS is currently required to request a waiver of federal Medicaid law to require drug screening and testing as a condition of eligibility for the childless adult demonstration project in the Medical Assistance program. Current law also requires DHS to promulgate rules to develop and implement a drug screening, testing, and treatment policy for able-bodied adults without dependents in the FoodShare employment and training program. The bill exempts THC from all of those drug-testing requirements and programs. In addition, because THC is not a controlled substance under state law under the bill, the requirement under current law that the Department of Children and Families promulgate rules to create a controlled substance abuse screening and testing requirement for applicants for the work experience program for noncustodial parents under W2 and the Transform Milwaukee Jobs and Transitional Jobs programs does not include THC.

Unless federal law requires otherwise, the bill prohibits a hospital, physician, organ procurement organization, or other person from determining the ultimate recipient of an anatomical gift on the sole basis of a positive test for the use of marijuana by a potential recipient.

The bill changes state law regarding marijuana. It does not affect federal law, which generally prohibits persons from manufacturing, delivering, or possessing marijuana and applies to both intrastate and interstate violations.
The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

days prior to the application date.

(cm) Notwithstanding ss. 66.0134 and 947.21, an applicant with 20 or more
employees may not receive a permit under this section to operate as a marijuana
distributor or marijuana retailer unless the applicant certifies to the department
that the applicant has entered into a labor peace agreement, as defined in s. 94.56
(1) (a), and will abide by the terms of the agreement as a condition of maintaining
a valid permit under this section. The applicant shall submit to the department a
copy of the page of the labor peace agreement that contains the signatures of the
union representative and the applicant.

(cn) The department shall use a competitive scoring system to determine which
applicants are eligible to receive a permit under this section. The department shall
issue permits to the highest scoring applicants that it determines will best protect
the environment; provide stable, family-supporting jobs to local residents; ensure
worker and consumer safety; operate secure facilities; and uphold the laws of the
jurisdictions in which they operate. The department may deny a permit to an
applicant with a low score, as determined under this paragraph. The department
may request that the applicant provide any information or documentation that the
department deems necessary for purposes of making a determination under this
paragraph.

(d) 1. Before the department issues a new or renewed permit under this section,
the department shall give notice of the permit application to the governing body of
the municipality where the permit applicant intends to operate the premises of a
marijuana producer, marijuana processor, marijuana distributor, marijuana
retailer, or microbusiness. No later than 30 days after the department submits the
notice, the governing body of the municipality may file with the department a written
objection to granting or renewing the permit. At the municipality’s request, the
department may extend the period for filing objections.

2. A written objection filed under subd. 1. shall provide all the facts on which
the objection is based. In determining whether to grant or deny a permit for which
an objection has been filed under this paragraph, the department shall give
substantial weight to objections from a municipality based on chronic illegal activity
associated with the premises for which the applicant seeks a permit, the premises
of any other operation in this state for which the applicant holds or has held a valid
permit or license, the conduct of the applicant’s patrons inside or outside the
premises of any other operation in this state for which the applicant holds or has held
a valid permit or license, and local zoning ordinances. In this subdivision, “chronic
illegal activity” means a pervasive pattern of activity that threatens the public
health, safety, and welfare of the municipality, including any crime or ordinance
violation, and is documented in crime statistics, police reports, emergency medical
response data, calls for service, field data, or similar law enforcement agency records.
(e) After denying a permit, the department shall immediately notify the applicant in writing of the denial and the reasons for the denial. After making a decision to grant or deny a permit for which a municipality has filed an objection under par. (d), the department shall immediately notify the governing body of the municipality in writing of its decision and the reasons for the decision.

(f) 1. The department's denial of a permit under this section is subject to judicial review under ch. 227.

2. The department's decision to grant a permit under this section regardless of an objection filed under par. (d) is subject to judicial review under ch. 227.

(g) The department shall not issue a permit under this section to any person who does not hold a valid certificate under s. 73.03 (50).

(2) Each person who applies for a permit under this section shall submit with the application a $250 fee. Each person who is granted a permit under this section shall annually pay to the department a $2,000 fee for as long as the person holds a valid permit under this section. A permit issued under this section is valid for one year and may be renewed, except that the department may revoke or suspend a permit prior to its expiration. A person is not entitled to a refund of the fees paid under this subsection if the person’s permit is denied, revoked, or suspended.

(3) The department may not issue a permit under this section to operate any premises which are within 500 feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation facility, child care facility, public park, public transit facility, or library.

(4) Under this section, a separate permit is required for and issued to each class of permittee, and the permit holder may perform only the operations authorized by the permit. A permit issued under this section is not transferable from one person
to another or from one premises to another. A separate permit is required for each place in this state where the operations of a marijuana producer, marijuana processor, marijuana distributor, marijuana retailer, or microbusiness occur, including each retail outlet. No person who has been issued a permit to operate as a marijuana retailer, or who has any direct or indirect financial interest in the operation of a marijuana retailer, shall be issued a permit to operate as a marijuana producer, marijuana processor, or marijuana distributor. A person who has been issued a permit to operate as a microbusiness is not required to hold separate permits to operate as a marijuana processor, marijuana distributor, or marijuana retailer, but shall specify on the person’s application for a microbusiness permit the activities that the person will be engaged in as a microbusiness.

(5) Each person issued a permit under this section shall post the permit in a conspicuous place on the premises to which the permit relates.

(b) Subject to ss. 111.321, 111.322, and 111.335, no permittee may employ an individual if any of the conditions under s. 139.972 (1) (c) 1. to 7. applies to the individual.

(2) A retail outlet shall sell no products or services other than usable marijuana or paraphernalia intended for the storage or use of usable marijuana.

(3) No marijuana retailer may allow a person who is under the age of 21 to enter or be on the premises of a retail outlet in violation of s. 961.71 (2m).

(4) The maximum amount of usable marijuana that a retail outlet may sell to an individual consumer in a single transaction may not exceed the permissible amount under s. 961.70 (5).
A marijuana retailer may not collect, retain, or distribute personal information regarding the retailer’s customers except that which is necessary to complete a sale of usable marijuana.

No marijuana retailer may display any signage in a window, on a door, or on the outside of the premises of a retail outlet that is visible to the general public from a public right-of-way, other than a single sign that is no larger than 1,600 square inches identifying the retail outlet by the permittee’s business or trade name.

No marijuana retailer may display usable marijuana in a manner that is visible to the general public from a public right-of-way.

No marijuana retailer or employee of a retail outlet may consume, or allow to be consumed, any usable marijuana on the premises of the retail outlet.

A marijuana retailer may operate a retail outlet only between the hours of 8 a.m. and 8 p.m.

Except as provided under sub. (5), no marijuana producer, marijuana processor, marijuana distributor, marijuana retailer, or microbusiness may place or maintain, or cause to be placed or maintained, an advertisement of usable marijuana in any form or through any medium.

(a) On a schedule determined by the department, every marijuana producer, marijuana processor, or microbusiness shall submit representative samples of the marijuana and usable marijuana produced or processed by the marijuana producer, marijuana processor, or microbusiness to a testing laboratory registered under s. 50.86 for testing marijuana and usable marijuana in order to certify that the marijuana and usable marijuana comply with standards prescribed by the department by rule, including testing for potency and for mold, fungus,
pesticides, and other contaminants. The laboratory testing the sample shall destroy any part of the sample that remains after the testing.

(b) Marijuana producers, marijuana processors, and microbusinesses shall submit the results of the testing provided under par. (a) to the department in the manner prescribed by the department by rule.

(c) If a representative sample tested under par. (a) does not meet the standards prescribed by the department, the department shall take the necessary action to ensure that the entire lot from which the sample was taken is destroyed. The department shall promulgate rules to determine lots and lot numbers for purposes of this subsection and for the reporting of lots and lot numbers to the department.

(10) (a) A marijuana processor or a microbusiness that operates as a marijuana processor shall affix a label to all usable marijuana that the marijuana processor or microbusiness sells to marijuana distributors. The label may not be designed to appeal to persons under the age of 18. The label shall include all of the following:

1. The ingredients and the tetrahydrocannabinols concentration in the usable marijuana.

2. The producer’s business or trade name.

3. The licensee or registrant number.

4. The unique identification number.

5. The harvest date.

6. The strain name and product identity.

9. The name of laboratory performing any test, the test batch number, and the test analysis dates.
10. The logotype for recreational marijuana developed by the department of agriculture, trade and consumer protection under s. 100.145, or the logotype for medical marijuana developed by the department of health services under s. 146.46, whichever is appropriate.

11. Warnings about all of the following:
   a. Risks of marijuana use and pregnancy and risks of marijuana use by persons under the age of 18.
   b. The prohibitions under ss. 23.33 (4c) (a) 2g. and 3g. and (b) 2n., 30.681 (1) (b) 1g. and (bn) 2. and (2) (b) 1g., 343.10 (5) (a) 2., 343.12 (7) (a) 11., 346.63 (1) (b), (2) (a) 2., and (2p), and 350.101 (1) (bg) and (cg) and (2) (bg).

   (b) No marijuana processor or microbusiness that operates as a marijuana processor may make usable marijuana using marijuana grown outside this state. The label on each package of usable marijuana may indicate that the usable marijuana is made in this state.

   (11) (a) No permittee may sell marijuana or usable marijuana that contains more than 3 parts tetrahydrocannabinols to one part cannabidiol.

   (b) No permittee may sell marijuana or usable marijuana that tests positive under sub. (9) (a) for mold, fungus, pesticides, or other contaminants if the contaminants, or level of contaminants, are identified by a testing laboratory to be potentially unsafe to the consumer.

   (12) Immediately after beginning employment with a permittee, every employee of a permittee shall receive training, approved by the department, on the safe handling of marijuana and usable marijuana and on security and inventory accountability procedures.
1  **139.974 Records and reports. (1)** Every permittee shall keep accurate and
2  complete records of the production and sales of marijuana and usable marijuana in
3  this state. The records shall be kept on the premises described in the permit and in
4  such manner as to ensure permanency and accessibility for inspection at reasonable
5  hours by the department’s authorized personnel. The department shall prescribe
6  reasonable and uniform methods of keeping records and making reports and shall
7  provide the necessary forms to permittees.
8  
9  (2) If the department determines that any permittee’s records are not kept in
10  the prescribed form or are in such condition that the department requires an unusual
11  amount of time to determine from the records the amount of the tax due, the
12  department shall give notice to the permittee that the permittee is required to revise
13  the permittee’s records and keep them in the prescribed form. If the permittee fails
14  to comply within 30 days, the permittee shall pay the expenses reasonably
15  attributable to a proper examination and tax determination at the rate of $30 a day
16  for each auditor used to make the examination and determination. The department
17  shall send a bill for such expenses, and the permittee shall pay the amount of such
18  bill within 10 days.
19  
20  (3) If any permittee fails to file a report when due, the permittee shall be
21  required to pay a late filing fee of $10. A report that is mailed is filed on time if it is
22  mailed in a properly addressed envelope with postage prepaid, the envelope is
23  officially postmarked, or marked or recorded electronically as provided under section
24  7502 (f) (2) (c) of the Internal Revenue Code, on the date due, and the report is
25  actually received by the department or at the destination that the department
26  prescribes within 5 days of the due date. A report that is not mailed is timely if it
27  is received on or before the due date by the department or at the destination that the
department prescribes. For purposes of this subsection, “mailed” includes delivery by a delivery service designated under section 7502 (f) of the Internal Revenue Code.

(4) Sections 71.78 (1), (1m), and (4) to (9) and 71.83 (2) (a) 3. and 3m., relating to confidentiality of income, franchise, and gift tax returns, apply to any information obtained from any permittee under this subchapter on a tax return, report, schedule, exhibit, or other document or from an audit report relating to any of those documents, except that the department shall publish production and sales statistics.

139.975 Administration and enforcement. (1) The department shall administer and enforce this subchapter and promulgate rules necessary to administer and enforce this subchapter.

(2) The duly authorized employees of the department have all necessary police powers to prevent violations of this subchapter.

(3) Authorized personnel of the department of justice and the department of revenue, and any law enforcement officer, within their respective jurisdictions, may at all reasonable hours enter the premises of any permittee and examine the books and records to determine whether the tax imposed by this subchapter has been fully paid and may enter and inspect any premises where marijuana or usable marijuana is produced, processed, made, sold, or stored to determine whether the permittee is complying with this subchapter.

(4) The department may suspend or revoke the permit of any permittee who violates s. 100.30, any provision of this subchapter, or any rules promulgated under sub. (1). The department shall revoke the permit of any permittee who violates s. 100.30 3 or more times within a 5-year period.

(5) No suit shall be maintained in any court to restrain or delay the collection or payment of the tax levied in s. 139.971. The aggrieved taxpayer shall pay the tax
when due and, if paid under protest, may at any time within 90 days from the date of payment sue the state to recover the tax paid. If it is finally determined that any part of the tax was wrongfully collected, the secretary of administration shall pay the amount wrongfully collected. A separate suit need not be filed for each separate payment made by any taxpayer, but a recovery may be had in one suit for as many payments as may have been made.

(6) (a) Any person may be compelled to testify in regard to any violation of this subchapter of which the person may have knowledge, even though such testimony may tend to incriminate the person, upon being granted immunity from prosecution in connection with the testimony, and upon the giving of such testimony, the person shall not be prosecuted because of the violation relative to which the person has testified.

(b) The immunity provided under par. (a) is subject to the restrictions under s. 972.085.

(7) The provisions on timely filing under s. 71.80 (18) apply to the tax imposed under this subchapter.

(8) Sections 71.74 (1), (2), (10), (11), and (14), 71.77, 71.91 (1) (a) and (c) and (2) to (7), 71.92, and 73.0301 as they apply to the taxes under ch. 71 apply to the taxes under this subchapter. Section 71.74 (13) as it applies to the collection of the taxes under ch. 71 applies to the collection of the taxes under this subchapter, except that the period during which notice of an additional assessment shall be given begins on the due date of the report under this subchapter.

(9) Any building or place of any kind where marijuana or usable marijuana is sold, possessed, stored, or manufactured without a lawful permit or in violation of
s. 139.972 or 139.973 is declared a public nuisance and may be closed and abated as such.

(10) At the request of the secretary of revenue, the attorney general may represent this state or assist a district attorney in prosecuting any case arising under this subchapter.

(11) The tax imposed under this subchapter does apply to the sale, distribution, or delivery of medical marijuana as described in s. 50.85 (1).

139.976 Theft of tax moneys. All marijuana tax moneys received by a permittee for the sale of marijuana or usable marijuana on which the tax under this subchapter has become due and has not been paid are trust funds in the permittee’s possession and are the property of this state. Any permittee who fraudulently withholds, appropriates, or otherwise uses marijuana tax moneys that are the property of this state is guilty of theft under s. 943.20 (1), whether or not the permittee has or claims to have an interest in those moneys.

139.977 Seizure and confiscation. (1) All marijuana and usable marijuana produced, processed, made, kept, stored, sold, distributed, or transported in violation of this subchapter, and all tangible personal property used in connection with the marijuana or usable marijuana is unlawful property and subject to seizure by the department or a law enforcement officer. Except as provided in sub. (2), all marijuana and usable marijuana seized under this subsection shall be destroyed.

(2) If marijuana or usable marijuana on which the tax has not been paid is seized as provided under sub. (1), it may be given to law enforcement officers to use in criminal investigations or sold to qualified buyers by the department, without notice. If the department finds that the marijuana or usable marijuana may
deteriorate or become unfit for use in criminal investigations or for sale, or that those
uses would otherwise be impractical, the department may order it destroyed.

(3) If marijuana or usable marijuana on which the tax has been paid is seized
as provided under sub. (1), it shall be returned to the true owner if ownership can be
ascertained and the owner or the owner’s agent is not involved in the violation
resulting in the seizure. If the ownership cannot be ascertained or if the owner or
the owner’s agent was guilty of the violation that resulted in the seizure of the
marijuana or usable marijuana, it may be sold or otherwise disposed of as provided
in sub. (2).

(4) If tangible personal property other than marijuana or usable marijuana is
seized as provided under sub. (1), the department shall advertise the tangible
personal property for sale by publication of a class 2 notice under ch. 985. If no person
claiming a lien on, or ownership of, the property has notified the department of the
person’s claim within 10 days after last insertion of the notice, the department shall
sell the property. If a sale is not practical the department may destroy the property.
If a person claiming a lien on, or ownership of, the property notifies the department
within the time prescribed in this subsection, the department may apply to the
circuit court in the county where the property was seized for an order directing
disposition of the property or the proceeds from the sale of the property. If the court
orders the property to be sold, all liens, if any, may be transferred from the property
to the sale proceeds. Neither the property seized nor the proceeds from the sale shall
be turned over to any claimant of lien or ownership unless the claimant first
establishes that the property was not used in connection with any violation under
this subchapter or that, if so used, it was done without the claimant’s knowledge or
consent and without the claimant’s knowledge of facts that should have given the
claimant reason to believe it would be put to such use. If no claim of lien or ownership
is established as provided under this subsection the property may be ordered
destroyed.

139.978 Interest and penalties. (1) Any person who makes or signs any
false or fraudulent report under this subchapter or who attempts to evade the tax
imposed by s. 139.971, or who aids in or abets the evasion or attempted evasion of
that tax, may be fined not more than $10,000 or imprisoned for not more than 9
months or both.

(2) Any permittee who fails to keep the records required by s. 139.974 (1) and
(2) shall be fined not less than $100 nor more than $500 or imprisoned not more than
6 months or both.

(3) Any person who refuses to permit the examination or inspection authorized
under s. 139.975 (3) may be fined not more than $500 or imprisoned not more than
6 months or both. The department shall immediately suspend or revoke the permit
of any person who refuses to permit the examination or inspection authorized under
s. 139.975 (3).

(4) Any person who violates any of the provisions of this subchapter for which
no other penalty is prescribed shall be fined not less than $100 nor more than $1,000
or imprisoned not less than 10 days nor more than 90 days or both.

(5) Any person who violates any of the rules promulgated in accordance with
this subchapter shall be fined not less than $100 nor more than $500 or imprisoned
not more than 6 months or both.

(6) In addition to the penalties imposed for violating the provisions of this
subchapter or any of the department’s rules, the department shall revoke the permit
of any person convicted of such a violation and not issue another permit to that person for a period of 2 years following the revocation.

(7) Unpaid taxes bear interest at the rate of 12 percent per year from the due date of the return until paid or deposited with the department, and all refunded taxes bear interest at the rate of 3 percent per year from the due date of the return to the date on which the refund is certified on the refund rolls.

(8) All nondelinquent payments of additional amounts owed shall be applied in the following order: penalties, interest, tax principal.

(9) Delinquent marijuana taxes bear interest at the rate of 1.5 percent per month until paid. The taxes imposed by this subchapter shall become delinquent if not paid:

(a) In the case of a timely filed return, no return filed or a late return, on or before the due date of the return.

(b) In the case of a deficiency determination of taxes, within 2 months after the date of demand.

(10) If due to neglect an incorrect return is filed, the entire tax finally determined is subject to a penalty of 25 percent of the tax exclusive of interest or other penalty. A person filing an incorrect return has the burden of proving that the error or errors were due to good cause and not due to neglect.
