FACTS

29. Under the Mine Act, an “operator means any owner, lessee, or other person who operates, controls, or supervises a coal or other mine or any designated independent contractor performing services or construction at such mine.” 30 U.S.C. § 802.

30. When the operator is a corporate entity, the operator must provide MSHA with various information, including identifying the individual controller of the operator. 30 C.F.R. § 41.11(d). Any changes to the required information, including a controller change, must be reported to MSHA within 30 days of the change. *Id.* § 41.12.

31. The controllers of the defendant operators are currently James C. Justice II, James C. Justice III, and Jillian Justice.

32. Between May 3, 2014, and May 3, 2019, MSHA issued at least 2,297 citations to Defendants for violations of the Mine Act. MSHA assessed civil penalties for each violation pursuant to the Mine Act, totaling at least \$3,954,984.37. *See* Treasury Decl., Ex. 1; MSHA Decl., Ex. 2.

33. Defendants failed to pay the proposed penalties or notify MSHA that it contested the assessed civil penalties and request a hearing. Defendants were informed that the assessments would become a final order if they failed to contest the assessments by operation of law under Section 105(a) of the Mine Act, 30 U.S.C. § 815(a), and that the final order would be enforced under the provisions of the Mine Act. The citations and penalties are, therefore, final orders within the meaning of Section 105(a) of the Mine Act, 30 U.S.C. § 815(a).

34. The various civil penalties became delinquent thirty days after the final order of the Federal Mine Safety and Health Review Commission under Section 105(a) and (d) of the Mine Act, 30 U.S.C. § 815(a) & (d). MSHA sent two demand letters to Defendants and when unable to collect the respective debt for at least 100 days, MSHA forwarded \$2,393,236.97 to the Department of Treasury (“Treasury”) for collection under the FDCPA.

35. Treasury sent a written demand for each delinquent debt upon MSHA’s referral of each debt to Treasury for collection. Treasury attempted to collect these debts, including hiring third-party debt collectors and placing Defendants in the Treasury Offset Program. Despite these collection attempts by Treasury, Defendants still failed to pay the assessed penalty, and Treasury referred the debts to the Department of Justice for collection.

36. After referral to the Department of Justice for collection, the United States Attorney’s Office for the Western District of Virginia made a written demand for the delinquent debts on Defendants on September 5, 2018. Defendants still have failed to pay the outstanding

debt. Interest and additional penalties have been assessed in accordance with 30 U.S.C. § 820(j), 31 U.S.C. §§ 3711(g) and 3717(e), and 28 U.S.C. § 527.

37. MSHA's referral of many of the debts to the Treasury for collection subjected the penalties to additional fees. For the civil penalties identified in Paragraph 32, Defendants owe an additional \$821,386.03 in unpaid fees.

38. The amounts described in Paragraphs 32 and 37, totaling \$3,214,623.00, are due and owing to the United States and have not been paid. *See* Treasury Decl., Ex. 1.

39. Additionally, final orders have been issued against Defendants for an additional 806 violations that MSHA has not referred to Treasury for collection, totaling \$1,561,747.40, which is past due and owing to the United States but has not been paid. *See* MSHA Decl., Ex. 2.

40. As the operators of the mines for which the citations and penalties described above were issued, Defendants are liable for the unpaid civil penalties pursuant to Sections 110(a) and 110(j) of the Mine Act, 30 U.S.C. §§ 820(a) & 820(j).

PRAYER FOR RELIEF

The United States of America respectfully requests the following relief:

1. A Judgment against Defendant for the principal amount of unpaid civil penalties and administrative costs owed to the United States for Mine Act violations, in an amount not less than \$4,776,370.40;
2. A Judgment against Defendants for interest on the principal amount of the unpaid civil penalties at the rate of 8% per annum authorized by Section 110(j) of the Mine Act, 30 U.S.C. § 820(j), plus interest accruing after May 3, 2019;
3. A Judgment against Defendants for the 10% surcharge authorized by the FDCPA, 28 U.S.C. § 3011(a);

4. An order enjoining Defendants from violating, failing, or refusing to comply with an order or decision under the Mine Act, and enjoining them from failing or refusing to comply with any order or decision, including a civil penalty assessment order, that is issued under the Mine Act; and
5. Any other appropriate relief.

DECLARATION

I, Anita M. Triantafilledes, pursuant to 28 U.S.C. § 1746, hereby declare as follows:

1. I am the Manager of the Litigation Policy & Management Branch in the Department of the Treasury, Bureau of the Fiscal Service, Debt Management Services (DMS), Washington, D.C. The information described herein is based on my training, experience,

and review of the records for Defendants A&G Coal Corporation, Alabama Carbon LLC, Justice Coal of Alabama LLC, Black River Coal LLC, Chestnut Land Holdings LLC, Double Bonus Coal Company, Dynamic Energy Inc., Four Star Resources LLC, Frontier Coal Company, Inc., Infinity Energy Inc., Justice Energy Company, Inc., Kentucky Fuel Corp., Keystone Services Industries Inc., M&P Services, Inc., Nine Mile Mining Company, Inc., Nufac Mining Company, Inc. Pay Car Mining, Inc., Premium Coal Company, Inc., S&H Mining, Inc., Sequoia Energy, Tams Management, Inc., and Virginia Fuel Corp. (collectively, “Defendants”).

2. Federal agencies refer delinquent nontax debts to DMS for collection. At the time of referral, and at each agency update, agencies are required to certify to DMS that the debts they refer are delinquent, valid, legally enforceable in the amount stated, and that any required due process has been given.
3. After a debt is referred to DMS by a creditor agency, such as the Department of Labor, Mine Safety and Health Administration (“MSHA”), DMS uses a number of collection tools, to attempt to collect the debt. These tools may include: demand letter(s); phone contact and/or correspondence with the debtor; referral to the Treasury Offset Program (TOP) to reduce any eligible federal or state payments that the debtor may receive; referral to private collection agencies (PCAs), which are under contract with DMS; and referral to the Department of Justice for enforced collection through litigation.
4. DMS charges creditor agencies fees to cover the cost of collection. DMS is authorized to charge these fees pursuant to 31 U.S.C. § 3711(g)(6); *see also* 31 C.F.R. § 285.12(j); 31 C.F.R. § 901.1(f). DMS fees are 30% for any debts that are less than two years delinquent, based on the default date provided by the creditor agency, and 32% for debts

that are over two years delinquent. The fee is computed as 30% or 32% of the principal, plus interest, penalty, and administrative costs of the referred debt.¹

5. In addition, the Department of Justice has authority to charge a 3% fee pursuant to 28 U.S.C. § 527 legislative note.
6. Creditor agencies, such as MSHA, are generally required to pass on all debt collection costs to the debtor. 31 U.S.C. § 3717(e)(1); *see also* 31 C.F.R. § 901.9(c), (f). Costs to the creditor agency include fees charged to the creditor agency. *See id.*
7. The amount owed by Defendants as of May 3, 2019, is \$3,214,623.00.
8. The amount owed is comprised of:

Principal: \$2,393,236.97

Fiscal Service and DOJ fees: \$821,386.03

TOTAL: \$3,214,623.00

DATED this 6th day of May, 2019.

1 When a collection on a federal nontax debt results from offset of payments through TOP, DMS charges the creditor agency the TOP fee of \$17.00 per offset, and does not charge the 30% or 32% fee.

2 The 1994 Appropriation Act (PL. 103-121) authorized DOJ to retain up to 3% of all amounts collected as the result of its civil debt collection litigation activities. Because the DOJ fee is based on amounts collected, the DOJ Fee is calculated by adding principal, interest, administrative costs (including Fiscal Service's fee), penalties and then dividing by .97 and multiplying by .03.
