

**IN THE UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF WEST VIRGINIA
AT BECKLEY**

JAMES RIVER EQUIPMENT VIRGINIA, LLC,

Plaintiff,

UNITED STATES OF AMERICA,

Intervenor Plaintiff,

vs.

Civil Action No. 5:13-cv-28160

JUSTICE ENERGY COMPANY, INC.,

Defendant.

**INTERVENOR UNITED STATES OF AMERICA’S MOTION TO IMPOSE LIABILITY
ON THE ALTER EGOS OF DEFENDANT JUSTICE ENERGY COMPANY, INC.**

Intervenor United States of America (“United States”) moves the Court to enter an order allowing it to seek recovery from the alter egos of defendant Justice Energy Company, Inc. (“JEC”), to pay the civil contempt sanction imposed by the Court on the following grounds:

1. JEC is essentially a shell corporation with no substantive assets that is dominated and controlled by a limited liability company and certain other corporate entities which are dominated and controlled by their shareholders, James C. Justice II and James C. Justice III.
2. It would be an injustice to allow the alter egos of JEC to escape liability for the civil contempt sanction since their decisions and actions directly led to the imposition of the civil contempt sanction on JEC because these alter egos dominated and controlled JEC to engaging in the conduct which led to the imposition of the civil contempt sanction by the Court.
3. The United States believes that under applicable law that the alter egos of JEC are otherwise also liable for the civil contempt sanction imposed by the Court on JEC.

4. In further support of this motion, the United States relies on the deposition testimony of Stephen Ball, James C. Justice III, and James Miller, attached as Exhibits A, B, and C respectively to this motion. The United States also relies on a letter sent to counsel for JEC on May 31, 2019, attached as Exhibit D to this motion.

Therefore, the United States requests that the Court enter an order finding and holding that the alter egos of JEC, including the limited liability company, corporations, James C. Justice II, and James C. Justice III, are liable and obligated to pay the civil contempt sanction imposed on JEC. The United States requests such other and further relief as this Court deems appropriate.

Respectfully submitted,

**UNITED STATES OF AMERICA,
Intervenor,**

**MICHAEL B. STUART
United States Attorney**

P R O C E E D I N G S

STEPHEN BALL,
CALLED AS A WITNESS IN THE FOLLOWING PROCEEDING, AND
HAVING FIRST BEEN DULY SWORN, TESTIFIED AND SAID AS
FOLLOWS:

EXAMINATION

BY ATTORNEY WESTFALL:

Q. Would you state your name, please?

A. Stephen Ball.

Q. Mr. Ball, my name is Fred Westfall. And I
represent the United States in this case. Anytime if
you do not hear or understand a question that I ask of
you, let me know. I'll be happy to repeat or rephrase
the question for you.

1 We're taking your deposition. Have you ever
2 been deposed before?

3 A. Yes, sir.

4 Q. So the general rules are you have to give
5 verbal responses to the questions because the court
6 reporter can't record gestures or nods of the head.
7 And if you, at any time, you need to take a break. If
8 you let me know, we'll be happy to take a break.

9 Do you understand that?

10 A. I do.

11 Q. Okay.

12 Can you --- you've been furnished as a
13 witness in our --- in the James River Equipment
14 Virginia, LLC versus Justice Energy Company,
15 Incorporated case in connection with our United States
16 inquiring on the certain financial information. And I
17 want to show you what's been marked as Exhibit Number
18 1 and have you just take a look at that for just a
19 moment, if you would, please.

20 ---

21 (Whereupon, United States Exhibit 1,
22 Financial Statement of Debtor, was
23 marked for identification.)

24 ---

1 THE WITNESS: I forgot my glasses.

2 ATTORNEY WESTFALL: Be my guest.

3 THE WITNESS: They're just down the
4 hall. I'm sorry.

5 ATTORNEY WESTFALL: We'll just take a
6 break.

7

8 (WHEREUPON, A PAUSE IN THE RECORD WAS HELD.)

9

10 BY ATTORNEY WESTFALL:

11 Q. Would you take a look at page six of Exhibit
12 1, please?

13	A. Okay.
----	----------

14 Q. Is that your signature on page number six?

15 A. It is. Yes, sir.

16 Q. And I notice in looking at your title,
17 you're listed as Vice President and then General
18 Counsel of Justice Energy Company, Incorporated. Is
19 that your position?

20 | A. Yes, sir.

21 Q. Let me just ask you just a couple questions
22 about your educational background. Where did you go
23 to undergraduate school?

24	A. I graduated from Marshville University in
----	--

1 1997 with a degree in finance.

2 Q. And where did you attend law school?

3 A. I graduated from West Virginia University
4 College of Law in 2001.

5 Q. Have you ever been engaged in the private
6 practice of law outside of a corporate setting?

7 A. No, sir.

8 Q. And when --- I take it you're licensed to
9 practice law.

10 Is that correct?

11 A. Yes.

12 Q. And when were you first licensed?

13 A. 2001.

14 Q. And have you always been engaged in the
15 corporate practice of law so to speak since your
16 graduation from law school?

17 A. Yes.

18 Q. And where were you employed after law
19 school?

20 A. My first job was with Blue Stone Industries,
21 Inc., which is also owned by the same owners of
22 Justice Energy. Started as assistant CFO and general
23 counsel.

24 Q. Do you have a --- are you a CPA by chance?

1 A. No, sir.

2 Q. Let's take a look at Exhibit 1. I want to
3 just ask some general questions first. In section one
4 on page one of Exhibit Number 1, it indicates that
5 Justice Energy Company Incorporated is a coal mining
6 business. Is Justice Energy still involved in coal
7 mining?

8 A. Yes.

9 Q. And can you tell me what mines that it
10 currently mine coal in?

11 A. It currently operates what is known as the
12 Red Fox Surface Mine. It's actually located in
13 McDowell County, West Virginia. But the closest town
14 is Bishop, Virginia. It's right on the state line.

15 Q. Does Justice Energy have any other coal
16 mines other than Red Fox?

17 A. No.

18 Q. Does Justice Energy actually own Red Fox?

19 A. No.

20 Q. Who owns Red Fox?

21 A. The Red Fox mine has a few different
22 components to it. Typically with a coal mine, you
23 have the mining permit. You have the coal reserves
24 and then you have equipment associated with that. The

1 mining permit is in the name of Blue Stone Coal
2 Corporation. The reserves are owned by separate
3 company that's unrelated, it's called Rowland Land
4 Company.

5 And it's leased to an affiliate of Justice
6 Energy called James C. Justice Companies, LLC. And
7 Justice Energy operates the coal mine. It does own
8 some of its own equipment but a lot of that equipment
9 is provided to it by affiliate entities.

10 Q. And who are those affiliate entities?

11 A. The primarily --- and in fact I think it's
12 the only other entity, Blue Stone Resources, Inc.
13 provides most of the equipment to Justice Energy
14 Company.

15 Q. Let me kind of --- we talked about a lot of
16 different companies and I want to try and understand
17 the relationships that exist with the companies. So
18 when we talk about Justice Energy, who owns Justice
19 Energy.

20 A. Its parent company is JCJ Coal Group, LLC.

21 Q. And who owns JCJ Coal Group, LLC?

22 A. Blue Stone Mineral, Inc.

23 Q. And who owns Blue Stone Mineral, Inc.

24 A. Blue Stone Resources, Inc.

1 Q. And who owns Blue Stone Resources, Inc.

2 A. James C. Justice, II and James C. Justice,
3 III.

4 Q. And they own them in their individual
5 capacities.

6 Is that correct?

7 A. Yes, sir.

8 Q. Now going backwards for just a moment to Red
9 Fox. I just want to make sure I understand. The mine
10 you said was actually owned by one entity or person.

11 A. The mining permit is in the name of Blue
12 Stone Coal Corporation.

13 Q. Who owns Blue Stone Coal, Corp.?

14 A. Blue Stone Industries, Inc.

15 Q. And who owns Blue Stone Industries, Inc.?

16 A. Blue Stone Mineral.

17 Q. Okay.

18 And you said the reserves are owned by ---?

19 A. James C. --- I'm sorry. James C. Justice
20 Companies, LLC. I'm sorry. They're leased. The
21 leasee is James C. Justice Companies, LLC. The actual
22 owner is, we refer to them as Rowland Land Company. I
23 think they formed a special purpose entity for
24 purposes of owning those reserves. That its title is

1 RLC, TN, LLC.

2 Q. And Rowland Land Company and R --- let me
3 just make sure I get the initial right, R --- I think
4 you said was RLC, TN?

5 A. Yes, sir.

6 Q. Are they related in any way to any of the
7 other companies either Blue Stone Mineral, Blue Stone
8 Resources, James C. Justice, JCJ Coal Group, anything
9 like that?

10 A. No, sir.

11 Q. Okay.

12 So we talked about the reserves in the
13 permit. Who actually owns the mine?

14 A. Just so we're on the same page ---?

15 Q. The real estate for the mine.

16 A. So the surface ---.

17 Q. I tell you ---.

18 A. I'm just --- I'm just trying to ---.

19 Q. Yeah, let me try to clarify this. Is Red
20 Fox a surface mine or a deep mine?

21 A. It is a surface mine.

22 Q. Okay. All right.

23 And so we talk about the reserves. Are
24 those the surface rights or are they separate from

1 being reserves?

2 A. Can I give you a background on how we view
3 it and --- 'cause I just don't want us to talk past
4 one another?

5 Q. That's perfectly fine.

6 A. Typically when we receive a lease to mine
7 coal with it comes the rights to use the surface to
8 remove that coal. And so I don't know specifically
9 who owns those surface. But it is my understanding
10 that RLC, TN owns the surface and then provides us the
11 right to use the surface through our coal lease.

12 Q. Okay.

13 And you said the equipment that's used to
14 mine the coal, some is actually owned by Justice
15 Energy and some is owned by other entities?

16 A. Yes.

17 Q. And who was the other entities that furnish
18 equipment to the Red Fox mine?

19 A. Blue Stone Resources, Inc.

20 Q. Anybody else?

21 A. That's it.

22 Q. Okay.

23 And at this time does Justice Energy have
24 either made leases, rights, or any other ownership of

1 any kind on any mines other than Red Fox?

2 A. No.

3 Q. Okay.

4 Let's take a look at section two on page
5 one, of Exhibit 1 for just a moment. According to
6 Exhibit Number 1, it looks like that, well we already
7 discussed that, but Justice Energy is a wholly owned
8 subsidiary of JCJ Coal Group, LLC.

9 Is that correct?

10 A. Yes, sir.

11 Q. And looking at 5b on Exhibit 1, it says that
12 James C. Justice, III is the President.

13 Is that correct?

14 A. Yes, sir.

15 Q. And under 5c, you're listed next. And what
16 is your position with Justice Energy?

17 A. Vice President and General Counsel.

18 Q. And the third person listed is James T.
19 Miller. And it looks like he's listed as the
20 Treasurer.

21 Is that correct? Secretary and Treasurer.

22 A. That's correct, yes.

23 Q. Are there any other officers, corporate
24 officers, for Justice Energy?

1 A. No.

2 Q. Let's talk a little bit about Mr. Justice,
3 III, and his role in the company. What is his role?
4 I mean, as President, what does he do?

5 A. He oversees the operations of the company.

6 Q. And is he also an officer of any of the
7 other companies in this chain that goes up through to
8 himself as being a part owner?

9 A. He is, yes.

10 Q. What other companies is he an officer of?

11 A. He generally serves as the President of all
12 of the companies so for Blue Stone Resources and Blue
13 Stone Mineral, Inc. Both corporations he serves as
14 the president. Even our LLC, we --- and our operating
15 agreements provide the ability to nominate officers.
16 So we also have traditional officer names in our LLCs.
17 So he's also the President of James C. Justice
18 Company, LLC and JCJ Coal Group, LLC.

19 Q. And I take --- I know we talked about the
20 owner being his father, James C. Justice, II. I'm
21 assuming he's been owner. He's not an officer at any
22 of these companies at the moment.

23 Is that correct?

24 A. That's correct.

1 Q. Let's talk about Mr. Miller for just a
2 moment. Is he an officer at any of the other
3 companies?

4 A. He is, yes.

5 Q. And what other companies?

6 A. Generally speaking, we have the same
7 officers in these companies. For Mr. Miller, it does
8 vary occasionally that he's either secretary or
9 treasurer. He's not always both. Without having that
10 in front of me, I don't want to misspeak but he
11 generally will be either secretary or treasurer or
12 both in all of the --- the same entities.

13 Q. Let's confine it for just a moment to
14 Justice Energy, what does Mr. Miller do as Secretary
15 and Treasurer of Justice Energy?

16 A. Mr. Miller is currently not engaged in any
17 day to day activities with Justice Energy. He's a
18 long time employee for the Justice family and all of
19 their other operations. And he traditionally, has
20 been listed as either secretary or treasurer. He's an
21 accountant by trade.

22 Today, most of his activities either relate
23 to the Greenbrier Hotel or there are a few coal
24 businesses in Kentucky and Virginia that he's

1 overseeing the accounting on. But he's not engaged in
2 anything with Justice Energy on a day to day basis.

3 Q. Okay.

4 And I don't mean to make light of this but
5 basically I take it that his role as secretary and
6 treasurer of Justice Energy is basically more or less
7 ceremonial.

8 A. That's correct.

9 Q. Let go to page 7c for just a moment. Excuse
10 me section 7c on page three of Exhibit Number 1 for
11 just a moment. You have it listed there as \$1.23
12 million. And I'm taking that's the civil penalty
13 involved in this case.

14 Is that correct?

15 A. Yes, sir.

16 Q. Are there any other judgements or liens
17 against Justice Energy other than the civil penalty?

18 A. There are --- there are no other judgements
19 that I'm aware of. As a subsidiary --- indirect
20 subsidiary, Blue Stone Resources, there are some liens
21 with Blue Stone Resources credit facilities that could
22 apply to Justice Energy.

23 Q. And when you say credit facilities, I take
24 it these are entities that make loans to Blue Stone

1 Resources.

2 A. Correct.

3 Q. And when you talk about the type of credit
4 for Blue Stone Resources, just generally, what kinds
5 of credit was extended that might potentially relate
6 to or pertain to Justice Energy?

7 A. So the equipment that Blue Stone Resources
8 owns that's used at the Justice Energy facility, all
9 of that equipment has been financed by various
10 equipment financing companies. And so they would have
11 --- and I think most of those are purchase mining type
12 liens. Some of the other ones are kind of traditional
13 term debt where there's just a security agreement.
14 And there's a pledge of collateral that has a blanket
15 that applies to equipment and fixtures.

16 That would be --- Blue Stone Resources has,
17 I think there's two term loans that have those type of
18 security agreements associated with them.

19 Q. Kind of a cross collateral type arrangement?

20 A. No ---.

21 Q. Maybe that's too simplistic, I'm sorry. I
22 don't mean to be ---.

23 A. No, no, no. It's not too simplistic. It's
24 just that, it's a real general --- it's a real broad

1 security agreement that did not attempt to
2 specifically list items of machinery or equipment or
3 fixtures. It's just one of those that says in all
4 fixtures and equipment and inventory associated
5 therewith.

6 And so, I mean, I think it can be opened to
7 interpretation, whether it's specific or not. But
8 there's definitely some Blue Stone Resources
9 collateral agreements out there that have that type of
10 language in it.

11 Q. Okay.

12 Let's take a look at page ten or excuse me,
13 page four of Exhibit Number 1, section five item
14 number ten. Under real estate it says none. And I
15 think we already gone through this but does Justice
16 Energy actually own any true real estate?

17 A. No.

18 Q. Does Justice Energy have its own office
19 located somewhere?

20 A. No. There's a little mine office that's at
21 the mine site. It's equivalent of a single wide
22 trailer. But typically we lease those from a leasing
23 company.

24 Q. So, just so I make sure, Justice Energy does

1 not have its own corporate headquarters anywhere.

2 Is that correct? Physically, physical
3 corporate headquarters.

4 A. No.

5 Q. Now, I notice, also is going back to page
6 one of Exhibit Number 1, that in terms of the business
7 address for Justice Energy is 302 South Jefferson
8 Street in Roanoke, Virginia. Who else is located at
9 that particular address?

10 A. That's the address where Blue Stone
11 Resources is operated out of. And so to the extent,
12 Justice Energy has any accounting or anything like
13 that, that's all done out of the 302 South Jefferson
14 location. And Blue Stone Resources as the ultimate
15 parent company provides those services to their
16 subsidiaries.

17 There are other --- other coal companies own
18 by the Justice family that operates out of there.
19 There's several of them. Southern Coal Corporation,
20 Kentucky Fuel Corporation, A&G Coal Corporation,
21 Virginia Fuel Corporation.

22 Q. So Blue Stone Resources supplies, for
23 example I'm going to assume. Well maybe I won't
24 assume. Does Blue Stone Resources supply like all of

1 the administrative payroll and financial services
2 needed by Justice Energy Company?

3 A. Yes, they do.

4 Q. And Justice Energy Company does not have any
5 of its own employees who supply or perform those
6 services.

7 A. It does not. That's correct.

8 Q. Does Justice Energy Company have any actual
9 employees?

10 A. Yes. It has some employees that work at the
11 mine site.

12 Q. And what types of employees at the mine site
13 does Justice Energy have?

14 A. It would be the equipment operators for the,
15 you know, the trucks, the bulldozers, the coal
16 loaders, mechanics associated with those machines. It
17 would be hourly labor type employees.

18 Q. In terms of the supervisory personnel at
19 just --- at the Red Fox, I guess it's the Red Fox mine
20 is what we talked about. Are there any supervisory
21 employees employed by Justice Energy Company?

22 A. The foremen are employed by Blue Stone
23 Industries, Inc.

24 Q. Okay.

1 Are there any professional like engineers or
2 any other professional people employed by Justice
3 Energy Company?

4 A. No.

5 Q. Who actually prepares --- well let me go
6 back and ask the question this way, are there any
7 state or federal tax returns prepared for Justice
8 Energy Company?

9 A. They are part of the consolidated tax
10 returns. So there are no standalone tax returns for
11 Justice Energy Company.

12 Q. And when you say consolidated, how are they
13 consolidated?

14 A. Blue Stone Resources, Inc. files a
15 consolidated tax return for itself and all of its
16 subsidiaries. And so they are included, they being
17 Justice Energy, is included in the Blue Stone
18 Resources tax return.

19 Q. And is Blue Stone Resources, is it --- is
20 its tax return part of any other consolidated returns?

21 A. No. It is a C corporation and it files ---
22 other than for its subsidiaries, it files as a
23 standalone.

24 Q. Let's go to page five, Exhibit Number 1,

1 section 6, item number 13 on bank accounts. I'm
2 looking at this Exhibit Number 1 at that particular
3 location. There's only one bank account listed. It's
4 with BB&T. Is this a payroll account?

5 A. I think that's its primary purposes. I
6 don't think that it's limited to only being a payroll
7 account but that is its primary purpose.

8 Q. And when the actual amount of funds put into
9 account to make payroll for the employees, who
10 furnishes those funds?

11 A. Typically those would come from Blue Stone
12 Resources, Inc.

13 Q. Does Justice Energy put any of its own
14 funds into the account?

15 A. No.

16 Q. Does Justice Energy have any --- does it
17 ever generates its own revenues?

18 A. The coal that Justice Energy mine is sold
19 through an affiliate, Blue Stone Coal Sells
20 Corporation. And Blue Stone Coal Sells Corporation,
21 when they receive the revenues from the coals sold,
22 that would be provided by Justice Energy either
23 directly or through Blue Stone Resources to help
24 Justice Energy fund their operations.

1 Currently, Justice Energy operates at a
2 deficit. It's losing money each month. So its
3 shortfall is made up by Blue Stone Resources.

4 So I guess in a way, it does put money in
5 its accounts by the coal that it sells. But
6 currently, it's operating as a deficit.

7 Q. What type of coals do you mine at the Red
8 Fox mine?

9 A. It's what's known as midvol or medium
10 volatile coking coal, metallurgical coal.

11 Q. That's still a pretty good market for
12 metallurgical coal compared to the others.

13 Is that correct?

14 A. Yes.

15 Q. I don't know much about the coal business
16 but I do know a little bit. Metallurgical coal seems
17 to be doing pretty well.

18 Let's take a look at page six of Exhibit
19 Number 1 for just a moment. I'd like to go over, on
20 the right hand column there where it says expense
21 items and ask some questions about that. Item number
22 30 shows a rent paid by Justice Energy of \$118,187.45.
23 What's the rent for?

24 A. It's for a rail siding where coal is loaded

1 on the Norfolk Southern Railway. There's an annual
2 rental that's due with that.

3 Q. And is that paid to Norfolk Southern?

4 A. Yes.

5 Q. And let's look at item number 37 insurance.
6 What --- for \$217,202.80. What's that insurance for?

7 A. The Blue Stone Resources group of companies
8 has a group insurance policy for general liability,
9 property, Workers' Comp. It's a group policy and that
10 total amount is allocated out to the various operating
11 subsidiaries.

12 Ideally, you know, should be proportionate
13 to the amount of coal they're producing is how we
14 typically try to do that. And so that is Justice
15 Energy's allocation of that insurance expense.

16 Q. And the miscellaneous expenses on item
17 number 38. Can you just kind of give me a general
18 idea of what that covers?

19 A. For it to fall in to a miscellaneous
20 category, and I can't remember this specifically off
21 the top of my head, but that generally is just
22 something that is small that doesn't fall into one of
23 these categories above. Or into the categories of our
24 --- one of the categories of our internal financial

1 statement.

2 But if it--- even if it doesn't fit in to
3 one of those categories, if it would exceed say
4 \$25,000 or \$50,000, we would create a name for that so
5 we would know what it is. This is for very small
6 nominal things.

7 Q. Okay.

8 Let's go to the last page of Exhibit Number
9 1. It's an attachment that deal with question 11 and
10 it talks about some equipment. And it deals with
11 equipment that was apparently financed through
12 Caterpillar Financial Services. And just so I make
13 sure I understand, is this when the company was
14 acquired from and I don't know how to pronounce that,
15 it looks like Mechel, M-E-C-H-E-L O-A-O. The company
16 held certain mining equipment that was collateral for
17 loans to Caterpillar Financial Services.

18 After Justice Energy was acquired from
19 Mechel, did it have the Caterpillar equipment or I
20 should say the equipment that was financed by
21 Caterpillar for any period of time?

22 A. I --- yes. Yes.

23 Q. Okay.

24 How long --- well let me ask the question

1 this way. When were the items surrendered to
2 Caterpillar Finance to satisfy the loan obligations?

3 A. I can't recall the exact date but it was
4 very soon after the reacquisition. And no one can
5 pronounce that name by the way so it gets pronounced
6 five different ways. So, I'll say it three different
7 ways while we're talking about.

8 Q. Okay.

9 A. At the time of the reacquisition, Mechel had
10 fallen behind with all of their creditors. And the
11 two big ones, financially speaking, were Caterpillar
12 Financial and Komatsu Financial. Two of which that
13 the Justice organization does a lot of business with
14 and other areas of business as well.

15 And so there was some interest in getting
16 those two accounts cleared up so we could move forward
17 from a business standpoint.

18 And the equipment, it was easier to
19 surrender the equipment than try to figure out a way
20 to pay off the loans. Because they were severely
21 under water and if it weren't for our overall
22 relationship with Caterpillar Financial and Komatsu,
23 probably would not have been able to get those deals
24 done. But they were somewhat --- they were somewhat

1 of an accommodation with us because of the ongoing
2 business.

3 Q. So when was Justice Energy acquired from
4 Mechel or however you pronounce the name of the
5 company?

6 A. Yeah. February of 2015.

7 Q. And looking at again on the last page of
8 Exhibit Number 1, at the end it says currently the
9 equipment used as the Company's Red Fox site is owned
10 by related parties that are rented to the company on
11 an intercompany basis. And I think we already talked
12 about the companies that are furnishing the equipment
13 to Red Fox.

14 Is that correct?

15 A. Yes.

16 Q. And does Justice Energy actually pay any
17 rental user fees or any other kind of --- or provide
18 any other compensation to the companies that are
19 basically renting the equipment to Justice Energy?

20 A. Not currently. In the ordinary course or in
21 a typical situation, we would do that. But because
22 the mine is not generating excess cash flow currently,
23 that's not being done.

24 Q. How long has Justice Energy been running at

1 a loss?

2 A. Justice Energy was idle at the time of the
3 reacquisition in 2015. We briefly operated it. There
4 were some --- there were some coal stockpiles there.
5 The coal, the quality was really bad because it had
6 set there for a very long time. But we --- we loaded
7 some of that coal out in 2016 but didn't really
8 operate the mine.

9 And then the mine was completely idle until
10 2018. And so it's only been operating in total for
11 about ten months now. And all of those months now
12 have been at a deficit. The production hasn't been
13 what we expected it to be.

14 Q. And for the ten months, are we talking about
15 ten months since what period of time?

16 A. So they --- the Justice Energy mine started
17 around --- I think we started hiring men back in late
18 February of 2018. And the mine --- normally takes six
19 to eight weeks to get a mine started up. So I think
20 that it started production probably late April 2018.

21 Q. So from January of 2016 up until February of
22 2018, was the mine, the Red Fox mine, operational?

23 A. No, other than selling some of those coal
24 stockpiles that I mentioned. And so there were some

1 people there doing that. It was not otherwise
2 operational.

3 Q. Again, I'm going to ask some additional
4 questions. If I seem to be repetitive, I apologize.
5 So the accountants for Justice Energy, those are
6 actually supplied by the Blue Stone group.

7 Is that correct?

8 A. Yes.

9 Q. Okay.

10 And who are on the Board of Directors for
11 Justice Energy?

12 A. James C. Justice, III and Jillean, that's
13 spelled J-I-L-L-E-A-N, Justice.

14 Q. And we've talked a little bit about the
15 employees of Justice Energy. The employees that are
16 currently working for Justice Energy had been there
17 roughly since February of 2018.

18 A. Yes.

19 Q. Do you know how many employees that are
20 actually employed there now? Just roughly.

21 A. Yeah, the last time I checked it was
22 approximately 30.

23 Q. Does Justice Energy have any pension plans
24 of any kind?

1 A. The employees of Justice Energy are part of
2 the United Mine Workers bargaining unit. And so
3 there, there is some legacy liability owed to the
4 United Mine Workers' pension plan. So that's all
5 governed by their CBA. Some of the --- there's a
6 distinction if employees start after a certain date.
7 They are not eligible for the pension plan but they
8 have a 401(k) available to them. But that's all
9 dictated by the collective bargaining agreement.

10 Q. And is there a collective bargaining
11 agreement between the UMWA and Justice Energy or is
12 between the UMWA and another entity?

13 A. It's directly with Justice Energy. To be
14 honest with you, that the real reason why Justice
15 Energy continues to operate.

16 Q. At a deficit?

17 A. There would be a larger deficit if they
18 stopped operating.

19 Q. Okay.

20 Do any of the insurance policies of Justice
21 Energy --- well I think you said the insurance is
22 actually provided through one of the Blue Stone
23 companies to Justice Energy.

24 Is that correct?

1 A. Blue Stone Resources, Inc. is the primary
2 insured. But there's a schedule of additional
3 insureds. And Justice Energy is one of those
4 additional insureds.

5 Q. Does Justice Energy have any insurance
6 policies or have any ownership rights in any insurance
7 policies that have a cash value?

8 A. No.

9 Q. Does Justice Energy ever have any
10 stockholder meetings or Board of Director meetings?

11 A. We do --- we do agreements in lieu of
12 meetings. Where it's a closely held business. Jillean
13 is James C. Justice, III's sister. There they work
14 together in a lot of the family's businesses. So I
15 mean we have had not necessarily Justice Energy but
16 the family occasionally will have a board meeting but
17 it's not common. Typically, we dispense with the
18 annual requirements via agreement in lieu of meeting.

19 Q. So they just basically sign a document that
20 says more or less we had a meeting on paper?

21 A. Yes.

22 Q. Okay.

23 And in terms, of corporate minutes, just
24 Justice Energy have any separate corporate minutes of

1 any kind?

2 A. No, just those agreements in lieu of
3 meetings that we just discussed.

4 Q. And other than the BB&T account, are you
5 aware of any other bank accounts that's owned by
6 Justice Energy?

7 A. No.

8 Q. Does Justice Energy have any ownership
9 interest in any kind of foreign bank accounts or
10 foreign investment accounts of any kind?

11 A. No.

12 Q. In fact, does Justice Energy have any
13 investment accounts of any kind?

14 A. No.

15 Q. Does Justice Energy own any stocks or bonds?

16 A. No.

17 Q. And what about reclamation bonds? Does
18 Justice Energy have any reclamation bonds?

19 A. The bonds are in --- the bonds are in the
20 name of Blue Stone Coal Corporation, the permittee.
21 And it's part of what I'll describe as a broader or
22 global bonding program for all of the Blue Stone
23 mining companies.

24 Q. Are those cash bonds or are they surety

1 bonds?

2 A. They're surety bonds.

3 Q. And who is the surety involved or are there
4 --- was there more than one?

5 A. There it's primarily a group called Lexon.
6 My only hesitation is I know globally, we have a
7 couple other smaller bonding companies. I don't think
8 they related to Justice Energy though.

9 Q. Does Justice Energy have any certificates or
10 deposits of any kind?

11 A. No.

12 Q. Does it have any safety deposit boxes?

13 A. No.

14 Q. I may have asked this and forgive me but
15 does Justice Energy own any real estate?

16 A. No.

17 Q. And does Justice Energy have any leases of
18 any kind? Either real estate or coal?

19 A. No.

20 Q. Does Justice Energy have any credit cards?

21 A. No.

22 Q. And does Justice Energy have any letters of
23 credit?

24 A. No.

1 Q. Does Justice Energy have any accounts
2 receivable?

3 A. No.

4 Q. And does anyone owe debts to Justice Energy?

5 A. No.

6 Q. Now we talked about on the mine site that
7 there's like a one of these portable office buildings,
8 I believe. Or something like that. Is there really
9 any office equipment or anything like that in that
10 particular mobile office site or that office site
11 that's on the coal ---

12 A. No.

13 Q. --- on the mine, I'm sorry.

14 A. I'm sorry for talking over you.

15 Q. That's all right.

16 A. No. Typically we have a mine site to
17 satisfy regulatory. Have to have a phone line and a
18 place to have meetings if a safety meeting is
19 required. So it's more for that purpose but it's not
20 a typical office in the sense of, you know, like a
21 bunch of computer equipment and office, you know,
22 office furniture, things like that.

23 Q. And I know this is going to sound kind of
24 weird but I need to ask you this question so forgive

1 me. Does Justice Energy have like any personal
2 property like antiques, jewelry, watches, coins, you
3 know, gold, diamonds, or anything like that?

4 A. No.

5 Q. Okay.

6 And I think we might have covered this but
7 Justice Energy doesn't have any bonds of any kind.
8 Does it?

9 A. No.

10 Q. Does Justice Energy have any lawsuits that
11 are pending against anybody?

12 A. No.

13 Q. And is Justice Energy other than in this
14 particular case, does it have any lawsuits against it?

15 A. I don't believe so.

16 Q. Does Justice Energy have any contracts to
17 either sell coal or produce coal with anyone?

18 A. No.

19 Q. And I take it Justice Energy doesn't have
20 any contracts with either the federal or state
21 government?

22 A. No. Just with the caveat of --- well no
23 it's not the permittee. Sometimes people view mining
24 permits but it doesn't have a mining permits so no.

1 Q. Because Justice Energy is not the permittee
2 that --- for mining the coal there at the Red Fox
3 site.

4 A. Correct.

5 Q. Does Justice Energy have any rental income?

6 A. No.

7 Q. And I think we may have already covered
8 this, does Justice Energy have any liens against it?

9 A. Just what we discussed. This particular
10 matter and then to the extent, it's subject to any of
11 Blue Stone's resources, like it's security agreements
12 as its parent company. But short of that, no other
13 liens.

14 Q. And does Justice Energy have any trust
15 accounts of any kind?

16 A. No.

17 Q. Do you know if there's a separate Dun and
18 Bradstreet report for Justice Energy?

19 A. Not that I'm aware of.

20 Q. Does Justice Energy ever pay any dividends
21 to anybody?

22 A. No.

23 Q. So as we sit here today, what is the capital
24 of Justice Energy? Does it have any capital assets?

1 A. In the --- just so I understand the
2 question, in the form of like stockholder equity
3 capital?

4 Q. Yes.

5 A. I would have to look at the financial
6 statement to answer that for sure.

7 Q. Okay.

8 We're going to talk about a couple that I
9 received ---

10 A. Okay.

11 Q. --- in just a minute so. I'm not sure how
12 to phrase this but I'll do the best I can. Why does
13 Justice Energy exist if it's really not owning
14 anything? What's the purpose of Justice Energy?

15 A. Justice Energy when it was first formed was
16 formed to do exactly what it's doing today. Which was
17 operate the Red Fox surface mine. It's not uncommon
18 for operations to be siloed, for lack of a better
19 description, when collective bargaining agreements are
20 involved.

21 And so, its purpose was and is to operate
22 the Red Fox surface mine. For a long time, in the
23 early 2000s and even, you know, approaching 2010, that
24 mine was an extremely profitable mine. It's in latter

1 stages. What's left is difficult to mine from a mining
2 stand point. So the metallurgical coal market is
3 still good but this is --- this is not the easiest to
4 mine coal for that particular mine. So the costs are
5 a little higher and then what coal is encountered, the
6 quality can be a little more erratic than what was
7 experienced the first 10 or 12 years of the mine.

8 So, you know, it's doing what it was created
9 to do. It's just that what it's doing is more
10 difficult than it was historically.

11 Q. So basically Justice Energy is kind of a ---
12 and I don't want to make light of this but, it's kind
13 of a shell company whose purpose is really just to
14 operate the Red Fox mine.

15 A. Its purpose is to operate the Red Fox mine.
16 I don't know that I agree with the shell company
17 description but that is its purpose.

18 Q. All right.

19 And in terms of the reserves that are still
20 left of the Red Fox mine site, has there been an
21 estimate recently or within the last few years of how
22 much is still left there at the Red Fox mine site?

23 A. Yes.

24 Q. And what is that? What's been the estimate?

1 A. I think the total tonnage number is in the
2 four million ton range. I think the minability of
3 some those tons is questionable. And that there have
4 been, mining studies to determine the best way to try
5 and maximize the recovery of that coal.

6 And I think that under some of those
7 scenarios that the recoverable amount, you know, is
8 about 30 or 40 percent of that four million. Not all
9 of it is recoverable.

10 ATTORNEY CAREY: To clarify, was that
11 within the permit or on the property?

12 THE WITNESS: That's the property.

13 BY ATTORNEY WESTFALL:

14 Q. In terms of the permit, how much is left?

15 A. I don't know that distinction. I just know
16 that that study was done for the whole property.

17 Q. And who did the study?

18 A. It was done in conjunction with, I can't
19 remember if we technically did it. We being Justice
20 Energy or Rowland Land Company did it. But it was
21 part of that lease process.

22 Q. Was there an outside group like an
23 individual group or some sort of professional coal
24 group that came in to do the estimate?

1 A. The principal person that I deal with at
2 Rowland Land Company, his name is Andy Fox. He's a
3 professional engineer by trade. And I don't know if
4 he outsourced that or if he just did that himself. I
5 can't recall.

6 Q. Okay.

7 Let's take a look at Exhibit 2 and 3 for
8 the ---.

9 ---

10 (Whereupon, United States Exhibit 2,
11 Balance Sheet 12/31/16, was marked
12 for identification.)

13 (Whereupon, United States Exhibit 3,
14 Balance Sheet 12/31/17, was marked
15 for identification.)

16 ---

17 ATTORNEY CAREY: Fred, are those the
18 balance sheets?

19 ATTORNEY WESTFALL: Yes, they're the
20 balance sheets for 2016 and 2017.

21 BY ATTORNEY WESTFALL:

22 Q. Now I believe you mentioned before that
23 during this period, basically in 2016 and 2017,
24 Justice Energy was not really doing any operations

1 other than selling these stockpiles that were at the
2 site.

3 Is that correct?

4 A. Correct.

5 Q. Okay.

6 They weren't actively mining at that time?

7 A. No.

8 Q. Okay.

9 Let's take a look at Exhibit 2 which is the
10 unaudited balance sheet for the period ending December
11 31, 2016. Just looking at the first page, it says
12 under accounts receivable there was \$18,000. Do you
13 know what that was for?

14 A. When we looked at this, it was a carryover
15 from the prior year. And to be honest with you, I
16 think it's a mistake. But we --- while this process
17 is going on, we'd not attempted to make any changes to
18 our book. But it was just a carryover from the prior
19 year.

20 Q. Okay.

21 And let's take a look at the next item, it
22 says under inventory and its produced coal, that's
23 listed at \$905,164.20. Was this the stockpile that
24 was on the site?

1 A. Yes.

2 Q. And had --- was that sold?

3 A. Yes.

4 Q. And so there's no more left really of that
5 stockpile.

6 Is that correct?

7 A. That's correct.

8 Q. And looks like under the next section, where
9 it says non-current assets, fixed assets. And it had
10 fixed assets of \$42,771,527.55. What were those fixed
11 assets?

12 A. So when I looked at this number, the first
13 thing I did is to look at the depreciation schedule.
14 Because typically, on our financial statements, fixed
15 assets is just everything that's on the depreciation
16 schedule.

17 That number seemed incorrect to me. It
18 seemed way too high for what Justice Energy does and
19 was doing at the time. And when I reviewed the
20 depreciation schedule, it included a significant
21 amount of underground mining equipment that was
22 actually owned by an affiliate of Justice Energy. And
23 it also included a preparation plant that's in
24 Keystone, West Virginia that's not owned by Justice

1 Energy Company.

2 So that number is incorrect. But what that
3 number reflects is everything that was on the
4 depreciation schedule, under Justice Energy's name as
5 of 12/31/2016.

6 Q. Did Justice Energy own these fixed assets?

7 A. No.

8 Q. Who prepared Exhibit Number 2?

9 A. Exhibit Number 2 is generated from the
10 accounting system, which is called MAS 200.

11 Q. And who has responsibility over that system?

12 A. That has changed. You know, prior to the
13 end of 2016 our senior accountant, her name was Amanda
14 Bulggs. She's a CPA. She left at the end of the year
15 to take another job to be closer to where her family
16 lives. But at the time, these statements were
17 generated, I asked Amanda to generate these. And she
18 generated them for me.

19 Q. When did you say that she left?

20 A. It was right at the end of 2018. There may
21 have been like a week carry over in to this year but
22 it was right at the end of the year.

23 Q. And do you know where she resides?

24 A. She currently, at least she told me, she was

1 moving Bristol. I don't know if that's Virginia or
2 Tennessee. But I know it's right on the state line.

3 Q. Okay.

4 And under other assets, there's like some
5 pre-paid expenses and pre-paid insurance. I take it
6 the insurance is what we talked about earlier as going
7 through the --- that's the share that Justice Energy
8 has to pay over at the group policy.

9 Is that correct?

10 A. Yes.

11 Q. And the pre-paid expenses, do you know what
12 those are?

13 A. That, I can't tell just by looking at this
14 but typically for Justice Energy is would be, you pay
15 the railroad rent in advance. And then sometimes you
16 know, they'll prepay for fuel and things like that.
17 But it would fall in to a category similar to that.

18 Q. Let's take a look under the liabilities and
19 stockholders' equity on Exhibit Number 2 for just a
20 moment. Under the current liabilities has accounts
21 payable of over \$900,000. Do you know what that was
22 for?

23 A. Just general operating expense for operating
24 the mine.

1 Q. And at this time, as I understand, the mine
2 was not operational.

3 Is that correct?

4 A. That's correct. Yes.

5 Q. So why would there be an accounts payable
6 for that?

7 A. It could have been carryover. So, it --- I
8 can't tell just by looking at this particular
9 financial statement. But that would have been the
10 total amount outstanding at the time. So some of that
11 could be really old and some of that would be just
12 general upkeep.

13 I mean, in 2016 it was the time that we were
14 selling the stockpiles that you would have a coal
15 loader. You would have some ongoing reclamation to
16 comply with. Regulatory law, things like that.

17 Q. And under the accrued expense, it looks like
18 it's about almost \$7.4 million. Do you have any idea
19 of what that is? Or what that's for?

20 A. I can't tell just by looking this. No, sir.

21 Q. And the accrued coal taxes, I take it that
22 would be on the stockpile. Maybe some carryover.

23 Is that correct?

24 A. Yeah. Typically those don't drag out too

1 long so I think it would be associated with the
2 stockpile.

3 Q. Take a look at the second page of Exhibit
4 Number 2 for just a moment please. Consolidated
5 income statement is unaudited for the 12 months ending
6 December 31, 2016. We talked about the coal sales.
7 That's from the stockpile that was on the property.

8 Is that correct?

9 A. Yes.

10 Q. And then it has general revenue of \$1.6
11 million. Do you know where that came from? Or what
12 that represents?

13 A. I can just tell you typically on our
14 financial statements what that would represent. I
15 can't tell specifically on this one. It would either
16 be the sale of something that is not coal or --- and I
17 don't know why our accounting system does this, but if
18 there were an inventory adjustment. So they found out
19 there were more coal there than they realized, it
20 shows up as a general revenue adjustment. When they
21 book the additional inventory.

22 Q. And Amanda would have been the person that
23 would be able to tell us where they came from, I take
24 it. Is that correct?

1 A. Yes.

2 Q. Okay.

3 As we go to cost of revenue, the employee
4 expenses are the employees that were working there at
5 the mine.

6 Is that correct?

7 A. Yes.

8 Q. Blasting expense, I take it somebody had to
9 do some blasting work at the mine during that 12 month
10 period.

11 A. Probably related to some reclamation work.
12 A lot of the time with reclamation they need
13 additional material to reclaim high walls. And it
14 will require a little bit of blasting.

15 Q. And then there's a contract labor item.
16 What is that for?

17 A. We were using a third party to provide the
18 laborer. Some of that relates to the fact that it was
19 a union job. And starting and stopping union jobs can
20 be somewhat problematic. And so, a third party was
21 providing the labor.

22 Q. And under legal settlements it says \$1.23
23 million. What is that? Is that the civil penalty in
24 this case?

1 A. That's the civil penalty. The accountants
2 recorded that.

3 Q. And the rest of these expenses other than
4 depreciation basically are all expenses for activity
5 on the mine site.

6 Is that correct?

7 A. Yes.

8 Q. Let's look at Exhibit Number 3 for just a
9 moment. This is the consolidated balance sheet for
10 the period ending December 31, 2017. In looking over
11 Exhibit Number 3, that \$18,000 receivable item still
12 appears to be there.

13 Is that correct?

14 A. Yes.

15 Q. And then under the --- there's no ---
16 there's a list for marketable securities just like in
17 the previous Exhibit 2 and that's zero.

18 Is that correct?

19 A. Correct. Yes.

20 Q. And then under inventory, it looks like you
21 must have sold all of the stockpile because it says
22 there's no further inventory.

23 Is that correct?

24 A. Yes.

1 Q. And again on the fixed assets, this is what
2 we discussed earlier, you're not sure where that came
3 from. Other than it's for equipment perhaps from other
4 sources other than Justice Energy.

5 A. Yes.

6 Q. Okay.

7 ATTORNEY CAREY: And you mentioned the
8 prep plant too.

9 BY ATTORNEY WESTFALL:

10 Q. And the prep plant, which is over in
11 Kentucky somewhere, I believe you said.

12 Right?

13 A. It's in Keystone.

14 Q. Keystone.

15 A. Yes.

16 Q. Okay.

17 And in terms of looking at this other items
18 on the liability stockholder equity, it pretty much is
19 similar to what we talked about in Exhibit Number 2.
20 The same basic sources.

21 Is that correct?

22 A. Yes.

23 Q. Looking at the second page of Exhibit Number
24 3. It looks like there's an item for bank fees of

1 \$732.38. Do you have any idea what that was for?

2 A. Not specifically.

3 Q. Okay.

4 And the fines and penalty, what was --- I
5 take it did MSHA cite you for something or ---?

6 A. That's what the category represents. Either
7 MSHA or DEP.

8 Q. Okay.

9 Let's take a look at Exhibit 4 for just a
10 moment. I received this yesterday.

11 A. Yes.

12 Q. And I kind of wanted to ask you a couple
13 general questions on ---.

14 ATTORNEY CAREY: Can you put the Bates
15 numbers on ---?

16 ATTORNEY WESTFALL: It's 179. It's the
17 property tax.

18 ATTORNEY CAREY: Okay. The return?

19 ATTORNEY WESTFALL: Yeah.

20 ---

21 (Whereupon, United States Exhibit 4,
22 Property Return for Justice/Bluestone,
23 was marked for identification.)

24 ---

1 BY ATTORNEY WESTFALL:

2 Q. Let me just ask you some questions here.
3 Just kind of going through this. Under machinery and
4 equipment, it looks like this return goes from --- I
5 don't know if it really technically goes from 1997
6 forward to 2016 for this first part of it.

7 But it looks like in 2011, there was \$5.9
8 million in equipment. And then in 2012, I'm assuming
9 that that's \$2.4 million. Was this part of the ---
10 the equipment that's listed here, was this part of the
11 --- did this equipment include the Caterpillar
12 equipment that was eventually returned to Caterpillar
13 Financial?

14 A. Some of it, yes.

15 Q. Okay.

16 And in 2016, it shows that there's machinery
17 and equipment of \$1.63 million. What I'm trying to
18 find out is why did that number decrease from 2011 to
19 2016 other than the Caterpillar situation?

20 A. In my understanding of how this form works
21 is you have to look at this columns cumulatively. And
22 so it's not necessarily a decrease. Those are
23 additions for that particular year. And then they,
24 you know, like for example if you look at the 2004,

1 which for us that would have just been a carryover of
2 what Mechel, the prior owner was doing. But, you
3 know, that's only getting valued at 20 percent because
4 it's so heavily depreciated.

5 Whereas the equipment that was added in
6 2016, they're valuing at 92 percent. So this is a
7 cumulative list of --- of everything that was at the
8 mine. But everything 2012 and forward would have just
9 been a carryover of what had been previously
10 submitted.

11 Q. And just so I make sure that I understand,
12 that the amount that's listed for 2016, is that actual
13 physical equipment owned by Justice Energy?

14 A. Yes. That was added in 2016 and it could
15 have been equipment that --- the way that our folks do
16 this and the person at the time, her name --- she no
17 longer works for the company either, but her name was
18 Jaime Fulcher. She was looking at what was actually
19 there at the mine site. And if it was not already
20 submitted in a prior year, she was adding it to the
21 return to make sure that it accurately reflected what
22 was there.

23 I think the problem she was having on this
24 particular return is that it was being submitted

1 jointly for Blue Stone Resources and Justice Energy
2 Company. And it had a lot of old information that was
3 previously submitted by Mechel OAO.

4 Q. And so really, some of this equipment that
5 we're talking about contained in this tax pay --- or
6 this return for 2017 personal property, you know,
7 excuse me, industrial property return for 2017, is
8 most likely equipment that's owned by Blue Stone
9 Resources.

10 A. Correct.

11 Q. Okay.

12 Let's take a look at page 184 or at least
13 it's page stamp is 184 on Exhibit Number 4 for just a
14 moment.

15 There's a listing of equipment and it looks
16 like over on the left hand --- on that particular page
17 says dispose. I take it, is this equipment that was
18 disposed of?

19 A. Yes.

20 Q. Okay.

21 And I'm going through this. So it looks
22 like on pages 184 and 185, that this is equipment that
23 somehow either Blue Stone or Justice Energy disposed
24 of.

1 Is that correct? If you can tell.

2 A. I can't tell for sure but I can tell you
3 what the intent here is because certain machines were
4 included in those prior years on the cover page.

5 Q. Uh-huh (yes).

6 A. Was to go through and try to clear up things
7 that were no longer there. Which was somewhat
8 difficult because many of these items had been
9 disposed of previously by Mechel when they owned it.

10 But it was an effort to try to get a, for
11 lack of a better description, a baseline since our
12 ownership in 2015. Because there were a lot of old
13 things that were still on the return that just weren't
14 there anymore.

15 Q. And so, when I look at pages 186 and 187 of
16 Exhibit Number 4, again this is the continuation.
17 This is still dealing with some of these issues in
18 terms of what equipment is still there and what's not
19 that.

20 Is that correct?

21 A. Yes.

22 Q. Okay.

23 If like I'm looking at the bottom of page
24 187 and I see a lot of Caterpillar equipment listed.

1 And I'm assuming that Caterpillar equipment is no
2 longer there because it was returned back to
3 Caterpillar.

4 Is that right?

5 A. Most of it was, yes.

6 Q. All right.

7 A. On that page 187, for example, the one
8 reason I hesitate to say that all of this was disposed
9 of is and now they're complete junk but those 793s
10 that are handwritten.

11 Q. Yes.

12 A. Some of those Caterpillar rock trucks that
13 are really nothing more than the frame are still on
14 the site up there.

15 Q. So they're ---?

16 A. And so I can't tell if she was intending to
17 dispose of them from a value standpoint because it was
18 no longer an operating piece of equipment. Because
19 it's truly just a frame but ---.

20 Q. Basically scrap.

21 A. Correct. That was my only hesitation in
22 saying that all of them were disposed of per se.
23 Because those 793s were not transferred to a third
24 party but they have become scrap.

1 Q. Okay.

2 Let's look at page 188 for a moment. This
3 is the industrial property return for 2018. And
4 again, looking at this, I see it's going back again
5 for prior years and so on. And it looks like there's
6 been some updating of the numbers. In that first
7 thing, first listing under machinery and equipment on
8 page 188. Because some of those numbers are much
9 greater than what they showed up on page 179. Do you
10 know why the difference is there?

11 A. I think this is a continuation of the effort
12 to get the baseline right. Because previously we had
13 been working with a lot of numbers provided by the
14 prior owner. And this is --- I'm trying to see who
15 worked on this one. This is Jaime Fulcher. I just
16 recall Jaime spent a tremendous amount of time working
17 with the counties, trying to get these number right.

18 Because she felt like a lot of the numbers
19 that had been submitted by Mechel were not accurate.
20 And so she was trying to get them right. It --- I
21 will tell you when I first saw that, it jumped out at
22 me because the old numbers in theory shouldn't change.

23 Because whatever it was for that year, you know,
24 that's what it was. But we were trying to get this

1 cleaned up so it was more accurate going forward.

2 Q. And again, as we discussed before, this
3 equipment we're talking about listed on the property
4 tax or excuse me industrial property tax return for
5 2018 that starts on page 188, is really equipment
6 largely owned by Blue Stone Resources.

7 A. Correct.

8 Q. Let's take a look at industrial property tax
9 return for 2019 that starts on page 192. Because when
10 I look at that, I see a lot of those areas we talk
11 about it forward had been large numbers on the
12 previous return for 2018 like in, like for the year
13 2013 on page 192 are now left blank.

14 But it looks like there was some property
15 listed here as being acquired in 2018. About \$2 ---
16 or if I read that correctly, about \$2.2 million. Do
17 you know what that equipment was?

18 A. Yes. If you look at page 196, those top
19 one, two --- four machines. Blue Stone Resources
20 acquired --- when the job restarted in 2018, Blue
21 Stone Resources acquired those machines to help with
22 the restart of the Justice Energy operation.

23 Q. And as I look at page 196, Blue Stone
24 Resources owns the equipment but shows that the

1 location for all of the equipment is at Justice
2 Energy.

3 Is that correct?

4 A. Yes.

5 Q. Okay.

6 ATTORNEY CAREY: Just for clarification,
7 please.

8 ATTORNEY WESTFALL: Sure.

9 ATTORNEY CAREY: Some of that equipment
10 is actually owned by Justice Energy though.

11 Correct?

12 ATTORNEY WESTFALL: At the bottom.

13 THE WITNESS: So if you look there's
14 really two different categories. There's a separation
15 after about the fourth of fifth line. All those
16 machines at the top were added in 2018. Which is the
17 2018 line item that you and I just discussed.
18 Everything below that are items that were at Justice
19 Energy when it was reacquired in 2015.

20 BY ATTORNEY WESTFALL:

21 Q. Okay.

22 Let me ask you this question and to kind of
23 clear this up. I look at page 196 on Exhibit Number
24 4. The top item on it has an acquisition cost of

1 \$2.247 million with an owner's value of \$2.022
2 million.

3 Is that correct?

4 A. Yes.

5 Q. And those particular items are owned by Blue
6 Stone Resources.

7 Is that right?

8 A. Correct.

9 Q. Then underneath that, I see a listing of
10 several items. Which it looks like the owner's value
11 is totaled to be \$2.5 million. Are those the ones
12 that are owned by Justice Energy?

13 A. Yes.

14 Q. And all of those items are owned by Justice
15 Energy?

16 A. I believe so. Yes.

17 Q. All right. Let's look at Exhibit 5. And
18 this is an equipment list. And it actually looks like
19 5 and 6. I don't know. When I got them, they were
20 two separate documents but then they run together
21 actually.

22 Let me ask you that question first. If you
23 look at Exhibits 5 and 6, is this kind of a running
24 list that runs together or are they actually separate

1 documents?

2 ---

3 (Whereupon, United States Exhibit 5,
4 Equipment list as of 1/21/15, was marked
5 for identification.)

6 (Whereupon, United States Exhibit 6,
7 Depreciation lists 2014-2017, was marked
8 for identification.)

9 ---

10 BY ATTORNEY WESTFALL:

11 A. They run together.

12 Q. Okay.

13 ATTORNEY CAREY: And can you give me the
14 Bates numbers for that?

15 ATTORNEY WESTFALL: Starts with 001.

16 ATTORNEY CAREY: Okay.

17 ATTORNEY WESTFALL: And it looks like it
18 goes through 178.

19 ATTORNEY CAREY: 178. Okay. And you
20 made all that five?

21 ATTORNEY WESTFALL: No. Five is 1
22 through 100. And then 101 through 178 is Exhibit
23 Number 6.

24 ATTORNEY CAREY: Okay. Thank you.

1 BY ATTORNEY WESTFALL:

2 Q. So just generally tell me what 5 and 6 are
3 please.

4 A. Okay. So 5, if you see on the top left hand
5 corner of page --- Bates stamp 001 equipment list as
6 of January 21st, 2015. This was a list generated from
7 Mechel. The transaction ultimately closed on February
8 12, 2015 when it was reacquired. And this was a list
9 they generated that was intended to represent all the
10 equipment that they valued at greater than \$450,000.
11 And that list goes over to Bates number 003.

12 Q. Okay.

13 A. And that's for all companies. Not just
14 Justice Energy. All of the Blue Stone companies.

15 Q. And then we start with 004. This is a
16 depreciation expense report.

17 Is that correct?

18 A. Correct.

19 Q. And how far does that carry over, to what
20 page?

21 A. I think it's 53. Yeah 53.

22 Yes, so this is the full depreciation report
23 as of 12/31/14.

24 Q. Okay. Let me stop you.

1 A. I'm sorry.

2 Q. Okay, pages 1 through 53 represents the list
3 of equipment over \$450,000. Basically at the time ---
4 almost at the time you were closing the deal to
5 reacquire the group.

6 Is that correct?

7 A. Only pages 1 through 3 for that- --

8 Q. I'm sorry.

9 A. --- for that description.

10 Q. Okay.

11 And then you have a depreciation list
12 dealing with that equipment going from 4 through 53.

13 A. Correct. That was the 12/31/15 year end
14 depreciation report for all of Blue Stone that Mechel
15 provided to us.

16 Q. Okay.

17 Now --- starting at page 54 which is part of
18 Exhibit Number 5, it still says depreciation expense
19 report.

20 A. Correct. And this is --- this ties back to
21 pages --- Bates stamped pages 1, 2, and 3. This is
22 the depreciation report as of 12/31. And pages 1, 2,
23 and 3, they were attempting to roll it forward to a
24 date closer to the closing date.

1 Q. Okay.

2 Let's take a look at page 56 for just a
3 moment.

4 A. Okay.

5 Q. This is again in Exhibit Number 5. There's
6 some equipment there listed for Justice --- as Justice
7 Energy being the owner. And it's equipment list as of
8 January 21, 2015. Is this equipment that was actually
9 owned by Justice Energy?

10 A. Yes.

11 Q. And where is that equipment now, if you
12 know?

13 A. Some of that Caterpillar equipment was the
14 equipment that was turned in. And I'll have to double
15 check but I think a couple of these items are still
16 there. They're on the most recent industrial property
17 tax return.

18 Q. Okay.

19 So like the Hitachi hydraulic excavator may
20 still be there?

21 A. The Hitachi excavator is not there. It ---.

22 Q. Where --- I'm sorry. Where is it now?

23 A. I believe it has been sold.

24 Q. Do you know when it was sold?

1 A. Not specifically.

2 Q. Was it sold after 2016? I mean, after
3 January 1 of 2016?

4 A. I don't know the date.

5 Q. Okay.

6 ATTORNEY CAREY: We can find that out
7 for you, Fred.

8 ATTORNEY WESTFALL: Yeah, I need to know
9 that.

10 BY ATTORNEY WESTFALL:

11 Q. Right. Starting with page 57. Looks like
12 another depreciation expense report as of December 31,
13 2014. And it looks like that carries through the end
14 of Exhibit 5, if I'm not mistaken. Can you tell me
15 what that is please?

16 A. It's the same report that started at Bates
17 number 004. Both of these were provided to us by
18 Mechel. I am not sure what the difference is. The
19 bottom line numbers are different. Just by looking at
20 the two, I couldn't --- eyeballing it, I couldn't find
21 the difference other than to say that the numbers were
22 different.

23 Q. Again, looking at Exhibit 5, starting with
24 page four.

1 A. Okay.

2 Q. On these depreciation expense forms not only
3 this one but the one we were just referencing that
4 started on page 57. Let's take a look at those for
5 just a moment. There's some --- if you look at where
6 it says location on these reports ---

7 A. Yes.

8 Q. --- and there's some like initials, like
9 BCC. Now BCC is Blue Stone Coal Group.

10 Is that correct?

11 A. Blue Stone Coal Corporation.

12 Q. Corporation. I'm sorry.

13 A. Yeah.

14 Q. And then there's some others as we go down
15 through here. There might be some other listing of
16 places so those initials are the listings there for
17 location will tell us the natural location of the
18 equipment.

19 Is that correct? At the time of the report
20 is prepared.

21 A. So the BCC would be intended --- yes.

22 There's some companies, like Blue Stone Coal
23 Corporation, at the time they were operating had
24 multiple sites. And so, they could have a separate

1 code for some of those different sites. Like Justice
2 Energy is just a single site though. So when you see
3 Justice Energy you know that that's only Justice
4 Energy.

5 I'm trying to find an example of that.

6 Q. No, let's take a look at page 42 of the
7 Exhibit Number 5 for just a moment. As I look here,
8 for example, it says location equal JHMI.

9 A. Yes.

10 Q. And what is this JHMI.

11 A. Justice Highwall Mining, Inc.

12 Q. So that would tell us, in that particular
13 category, would list like whatever number in it. And
14 they're all located at JHMI.

15 Is that correct?

16 A. Yes.

17 Q. And like on page 43, it says location equal
18 Justice Energy. And it looks like, I'm not sure how
19 many items. I didn't count them up. But that
20 continues over to, it looks like page 44 of Exhibit 5.
21 Those are particular pieces of equipment at that time
22 that were located at Justice Energy.

23 Is that correct?

24 A. Yes.

1 Q. Now let's take a look at page 54, Exhibit
2 Number 5 for just a moment. There's another listing
3 here. It's depreciation expense report. And again,
4 it's got location and it has the initials. That would
5 tell us basically the companies were these particular
6 items of equipment were located.

7 Is that correct?

8 A. Yes.

9 Q. Back on page 55, there's six items listed
10 for Justice Energy and I think as we already discussed
11 some of those Caterpillar equipment that eventually
12 was turned back over to Caterpillar.

13 A. Correct.

14 Q. So really, looking at Exhibits Number 5 and
15 Number 6, we talked about the depreciation expense
16 report but the kind of --- again, these locations are,
17 if you look here where it says like just on page,
18 excuse me, page 101 on Exhibit Number 6 on the first
19 page. It lists some equipment and has Justice Energy
20 for example. Those would be the pieces of equipment
21 associated with Justice Energy.

22 Is that correct?

23 A. Yes.

24 Q. And others may have different --- like

1 there's one here, it looks like --- I'm assuming is
2 Keystone Services or something, like on page 102. For
3 example would have equipment associated with that
4 particular site or location.

5 A. Yeah. Keystone Services is an old
6 preparation plant in Keystone, West Virginia. But
7 yes, that's correct.

8 Q. And all of these, maybe I should --- I don't
9 want to read to, do it too summarily, but all of these
10 locations listed in Exhibit Number 5 and Number 6 are
11 part of the overall companies that are owned by
12 Justice II and Justice III.

13 Is that correct?

14 A. Yes. So each one of these would be a
15 different company. And they would be owned by the
16 chain we discussed earlier where the corporate parent
17 ultimately would be Blue Stone Resources. And then
18 the individual shareholders would be JCJ II and JCJ
19 III.

20 Q. All right.

21 Is there some way through the accounting
22 system of these various groups, that we can determine
23 what equipment was disposed of after January 5, 2016?

24 A. I believe so, yes.

1 Q. Okay.

2 A. If I'm wrong about that, I'll let you know.
3 But I think there's a disposal report that can be ran.

4 Q. Okay.

5 ATTORNEY CAREY: So you want all the
6 disposal equipment after January 5, 2016?

7 ATTORNEY WESTFALL: Well starting with
8 January 5, 2016 really. From there going forward.

9 THE WITNESS: With respect to Justice
10 Energy?

11 ATTORNEY WESTFALL: Probably for all the
12 different companies. I mean, I don't know how detail
13 or how involved that would be but probably for all the
14 companies.

15 ATTORNEY CAREY: You're talking about
16 all the Blue Stone companies.

17 ATTORNEY WESTFALL: Yes.

18 ATTORNEY CAREY: Okay.

19 BY ATTORNEY WESTFALL:

20 Q. If an ultimate decision of some sort had to
21 be made about Justice Energy as far as its future or
22 some sort of business decision of where to go in terms
23 of what direction and a future, who would ultimately
24 have the overall authority to make that decision?

1 A. I'm just trying to think of what ---.

2 Q. Let me rephrase the question.

3 A. Yeah, sorry.

4 Q. That's a poorly worded question and I
5 apologize for that. Let me be straightforward.

6 A. Sure.

7 Q. Justice III and Justice III. If there's
8 going to be some decision about what's going to happen
9 with Justice Energy, would they be the ones that would
10 ultimately either approve or disapprove a decision of
11 what's going to happen with that particular company?
12 Since they're the owners through all the various
13 umbrellas. Or not the umbrellas, through the various
14 corporate structures and so on. Would they be the
15 ones that would have to make --- have the ultimate
16 authority to make a decision on the company?

17 A. And just so I understand the question, do
18 you mean if the company would wind down or something
19 like that?

20 Q. If the company was wind down, if it was a
21 major operational decision that had to be made about
22 the future of the company.

23 A. To my knowledge, any operational decisions
24 today would solely be made by James C. Justice, III.

1 Q. Okay.

2 A. The reason I ask for that distinction is I'm
3 sure James C. Justice, II if it were a winding down
4 type question as a shareholder would have some say.
5 But all operational big picture decisions would be
6 made by James C. Justice, III.

7 Q. And has that been the same since January of
8 2016?

9 A. '17.

10 Q. '17.

11 If I can have a couple minutes, I think I'm
12 about finished.

13 ATTORNEY CAREY: We may have one more
14 page for you. If it came in. That might help ---

15 ATTORNEY WESTFALL: Okay.

16 ATTORNEY CAREY: --- focus things for
17 you.

18 ---

19 (WHEREUPON, A PAUSE IN THE RECORD WAS HELD.)

20 ---

21 BY ATTORNEY WESTFALL:

22 Q. I'm going to show you what's been marked as
23 Exhibit 7 to assist the interview. Can you tell me
24 what that is please?

1 A. Yes. I had asked David Stoneburner who
2 oversees the equipment for our companies to do a
3 physical inspection and inventory of what is actually
4 at the Justice Energy Red Fox mine. And this is what
5 he provided me.

6 ---

7 (Whereupon, United States Exhibit 7,
8 Revised Property list as of March 2019,
9 was marked for identification.)

10 ---

11 BY ATTORNEY WESTFALL:

12 Q. Okay.

13 So this Exhibit 7 is a list of the equipment
14 that's actually located at the Red Fox mine.

15 Is that correct?

16 A. Correct.

17 Q. Who owns that equipment?

18 A. So we added a column to this exhibit and the
19 items in yellow identify equipment that's owned by
20 someone other than Justice Energy. And you'll see a
21 column that says owner, and most of it is Blue Stone
22 Resources. There is one item that's owned by Southern
23 Coal.

24 Q. So the items that are not highlighted in

1 yellow are actually owned by Justice Energy.

2 Is that correct?

3 A. Yes.

4 Q. And do you know if --- has the company
5 assessed any value to any of this equipment that's
6 actually owned by Justice Energy?

7 A. Not recently. Some of these and in fact,
8 most of those items appear on the June 2018 industrial
9 property tax return. And so there was a value
10 associated at that time. But nothing since then.

11 Q. I see on Exhibit Number 7, and I'll hand
12 this back to you but there's two items that are listed
13 as scrap. A Caterpillar 773 Lube Truck and an
14 International Lube Truck. Other than those two scrap
15 items, are the other items on Exhibit Number 7 owned
16 by Justice Energy, are they actually used in the day
17 to day operation of the mine?

18 A. No. And I'm not sure why he did that
19 distinction only for those two because I know that the
20 793s, the Caterpillar 793C Mining Trucks they at least
21 several of them are scrap as well.

22 Q. I think you mentioned earlier that they're
23 basically down to the frame.

24 A. Several of them are, yes.

1 Q. Now, we had an off the record conversation
2 concerning differences between Exhibit Number 1 and
3 the other exhibits that were produced. And there's
4 differences obviously between Exhibit Number 1 and the
5 other exhibits. And this is the opportunity for you
6 to explain why there's a difference. Can you tell me
7 why there's a difference between exhibit --- what's
8 listed on Exhibit 1 and these other exhibits?

9 A. Yes. When I was preparing Exhibit Number 1,
10 I was collecting the financial statement form Amanda
11 Boggs, and when I received those financial statements
12 I noticed the large equipment number that was on the
13 balance sheet. And undertook to take a review of the
14 depreciation schedule. And when I did that, it became
15 obviously to me that there was an error on the
16 depreciation schedule.

17 And that it included several items that were
18 not at Justice Energy or owned by Justice Energy. And
19 so at that point, I, for lack of a better
20 description, interviewed David Stoneburner and a
21 couple people that worked for him. One gentlemen's
22 name is Whitt Broce. To ask them to provide me
23 with the equipment that is actually owned by Justice
24 Energy.

1 And at that point, they advised me that
2 they believed all of that equipment was owned by
3 Blue Stone Resources that was at the Red Fox mine.
4 And so, I did a little bit further research to see
5 if Justice Energy had paid any property taxes or
6 anything like that. And I could not find that they
7 had.

8 So we submit --- we were up against
9 a deadline so we submitted the form which is
10 Exhibit 1. That following week, Mr. Stoneburner
11 approached me and said I had found that the
12 information I gave you last week was inaccurate.
13 And he provided me with the 2019 personal property
14 tax return. He actually had to reach out to McDowell
15 County to get a copy of that. We did not have it
16 in house.

17 And at that point, we immediately started
18 trying to put the pieces together. Going back to
19 2015 to figure out exactly what equipment originated
20 at Justice Energy. What was there today and piece
21 the two together.

22 Q. Looking at Exhibit 7 for just a moment, is
23 that the only --- is that a list of the only
24 equipment that remains owned by Justice Energy?

1 Or is there other potential equipment owned by
2 Justice Energy that's not on Exhibit Number 7?

3 A. This is the complete list.

4 Q. Okay.

5 And so, if we want to determine --- let
6 me ask the question this way, is it possible for
7 your company records to determine what equipment
8 existed as of January 5, 2016 owned by Justice Energy
9 and what's been disposed of between that date up to
10 the present day?

11 A. I can't say for sure but I think that is
12 possible. If I had to guess.

13 Q. All right.

14 ATTORNEY WESTFALL: That's all that I
15 have. Thank you very much.

16 ---

17 EXAMINATION

18 ---

19 BY ATTORNEY CAREY:

20 Q. Steve, just in term of Exhibit 1, you
21 can testify on that. At the time you submitted
22 did you believe at the time that the information
23 was true and accurate based on the inquiry that you
24 had done at that point?

1 A. Yes, I did.

2 Q. And it was subsequent to submitting
3 that you realized that based on your discussion with
4 Mr. who?

5 A. Stoneburner.

6 Q. That is may not be accurate.

7 Is that correct?

8 A. Yes.

9 Q. And at that time did you advise both John
10 and I that it needed to be, further inquiry need
11 to be made to make sure the information that was
12 being provided pursuant to this proceeding was
13 accurate?

14 A. Yes. As soon as I became aware of that.
15 I reached out to counsel to let them know.

16 Q. Okay.

17 ATTORNEY WESTFALL: And that inquiry
18 led to the generation of the Exhibits 2 through 7.

19 Is that correct?

20 THE WITNESS: That's correct. Yes,
21 sir.

22 ATTORNEY WESTFALL: That's all I've got.
23 Thank you. You want him to ---?

24 ATTORNEY CAREY: Read and sign it.

DEPOSITION CONCLUDED AT 11:58 A.M.

* * * * *

1 STATE OF WEST VIRGINIA)

2 CERTIFICATE

3 I, Bradley Scott, a Notary Public in and for
4 the State of West Virginia, do hereby certify:

5 That the witness whose testimony appears in the
6 foregoing deposition, was duly sworn by me on said date,
7 and that the transcribed deposition of said witness is a
8 true record of the testimony given by said witness;

9 That the proceeding is herein recorded fully
10 and accurately;

11 That I am neither attorney nor counsel for, nor
12 related to any of the parties to the action in which
13 these depositions were taken, and further that I am not
14 a relative of any attorney or counsel employed by the
15 parties hereto, or financially interested in this
16 action.

17 I certify that the attached transcript meets the
18 requirements set forth within article twenty-seven,
19 chapter forty-seven of the West Virginia Code.

Attachment to Response of Justice Energy Company, Inc.

Question 11.

When the Company was acquired from Mechel OAO the company held certain mining equipment that was collateral for loans to Caterpillar Financial Services. These items were surrendered to Caterpillar Finance to satisfy the loan obligations. There were additional pieces of equipment that were inoperable that were scrapped for parts and scrap metal. Currently, the equipment used at the Company's Red Fox site is owned by related parties that are rented to the Company on an intercompany basis.

<p>Return is to be filed by ALL Industrial Property owners. The law provides that every incorporated or unincorporated industrial property owner, foreign or domestic, liable to taxation shall make a report in writing to the State Tax Department. West Virginia Code § 11-1c-10 defines Industrial Property as real and personal property, integrated as a functioning unit intended for the assembling, processing and manufacturing of finished or partially finished goods.</p>									
<p>REPORT OF PROPERTY YOU LEASE FROM OTHERS</p> <p>This space is provided for the reporting of property "in charge of, but not owned by" the entity completing this form (as Agent, Bailee, Lessee, or other representative capacity) such as, but not limited to, leased machinery, business or data processing equipment, vending machines, etc. Indicate the name and address of owner, the property leased, the gross annual rent, and estimated value. Attach additional sheets if needed:</p>									
NAME, ADDRESS & PHONE NUMBER OF PROPERTY OWNER		TYPE OF PROPERTY		GROSS ANNUAL RENT		ESTIMATED VALUE		TAX DEPT USE	
<p>REAL ESTATE</p> <p>List Real Estate situated in this county as required. The value estimate is your opinion of market value as of July 1, this year.</p>

The Warehouse Freeport Tax Amendment of 1985 provided that, "Personal property which is moving in interstate commerce through or over the State of West Virginia, or which was consigned to a warehouse, public or private, within the State from outside the State for storage in transit to a final destination outside the State, whether specified when transportation begins or afterward, shall be exempt from ad valorem taxation. Provided that property claimed of such exemption is a new or a different product to be shipped. Personal property of inventories of natural resources shall not be exempt from ad valorem taxation unless required by paramount federal law. Such exemption shall not apply to inventories of natural resources held for the manufacturing and sale of energy." If you have reported assets on "Schedule B" which you believe are not included under the Freeport Amendment, enter the dollar value of the assets at 100% of acquisition cost with detailed information. Note: Use FIFO method of valuing inventory.

Acquisition Cost: \$ _____ Owner's Value \$ _____ Tax Dept. Use _____

SCHEDULE C MACHINERY & TOOLS IN PROCESS OF INSTALLATION			
Machinery or tools purchased but not yet installed are reported here			
DESCRIPTION OF PROPERTY	ACQUISITION COST	OWNER'S VALUE	TAX DEPT USE
MACHINERY IN PROCESS OF INSTALLATION OR CONSTRUCTION			
TOOLS IN PROCESS OF INSTALLATION OR CONSTRUCTION			

SCHEDULE D OTHER PERSONAL PROPERTY			
All other property not reported on other schedules of this return should be listed here. Other personal property may include: business libraries, reference books, storage buildings, furniture & fixtures in process, etc. If you need additional space, please attach a list with acquisition date, acquisition cost, & owner's value.			
DESCRIPTION OF PROPERTY	ACQUISITION COST	OWNER'S VALUE	TAX DEPT USE
STORAGE BUILDINGS			
FURNITURE & FIXTURES IN PROCESS OF CONSTRUCTION			
OTHER PERSONAL PROPERTY - DESCRIBE			

SCHEDULE E INCOMPLETE CONSTRUCTION

Property tax detail report provided is populated from the depreciation program::

Theresa Clement

James C. Justice Companies, Inc. & Affiliates (President, treasurer, manager, owner or other title) Tax Administrator

that it contains a statement of all the real estate and personal property, including credits and investments belonging to the business; that the value ascribed to such property is, in my opinion, its true and actual value, at which I mean the price at which it would sell if voluntarily offered for sale on such terms as are usually employed in selling such property, and not the price which might be realized at a forced or auction sale, and said business has not, to my knowledge, during the 60-day period immediately prior to the first day of the assessment year converted any of its assets into negotiable securities or notes or other evidence of indebtedness for the purpose of evading the assessment of taxes thereon.

Signed

NAME			ADDITIONAL PERMIT #:					
ADDRESS			PHYSICAL LOCATION OF BUSINESS IN WEST VIRGINIA (IF DIFFERENT FROM MAILING ADDRESS):					
CITY			ADDRESS					
STATE ZIP CODE			CITY					
PHONE () EXTENSION			STATE ZIP CODE					
Return is to be filed by ALL Industrial Property owners. The law provides that every incorporated or unincorporated industrial property owner, foreign or domestic, liable to taxation shall make a report in writing to the State Tax Department. West Virginia Code § 11-1c-10 defines Industrial Property as real and personal property, integrated as a functioning unit intended for the assembling, processing and manufacturing of finished or partially finished goods.								
REPORT OF PROPERTY YOU LEASE FROM OTHERS								
This space is provided for the reporting of property "in charge of, but not owned by" the entity completing this form (as Agent, Bailée, Lessee, or other representative capacity) such as, but not limited to, leased machinery, business or data processing equipment, vending machines, etc. Indicate the name and address of owner, the property leased, the gross annual rent, and estimated value. Attach additional sheets if needed.								
NAME, ADDRESS & PHONE NUMBER OF PROPERTY OWNER	TYPE OF PROPERTY	GROSS ANNUAL RENT	ESTIMATED VALUE	TAX DEPT USE				
REAL ESTATE								
List Real Estate situated in this county as required. The value estimate is your opinion of market value as of July 1, this year.								
ITEM 1-DESCRIPTION SHOWN ON LAND BOOKS OR TAX STATEMENTS	SURFACE ONLY	MINERAL ONLY	IN FEE	QUANTITY IN ACRES	OWNER'S VALUE LAND	OWNER'S VALUE BLDG	TOTAL OWNER VALUE	TAX DEPT USE
Red Fox Prep Plant						6500,000	2,632,500	
ITEM 2-If you have added or deleted buildings (if deleted, identify as such) whereby the value of the real property has been altered by more than \$1,000 since last return, describe the improvement or deletion and the location. Owner's value should reflect both material and labor. If work is in progress on July 1 of this year, then report it on Schedule E.								
DESCRIPTION OF IMPROVEMENT OR DELETION		LOCATION		OWNER'S VALUE		TAX DEPT USE		
BUILDINGS ON LEASED LAND								
Buildings permanently fixed or intended for permanent fixture to land which is not owned by entity which owns the building(s). The lease must be a contract which transfers ALL or PART of the right to use of the land, exclusion and disposition from owner to tenant in exchange for a promise to pay rent.								
NAME AND ADDRESS OF LAND OWNER				OWNER'S VALUE BUILDING		TAX DEPT USE		
NOTE: Other leasehold improvements, to be reported on SCHEDULE A, are improvements and/or additions exclusive of buildings, to leased property which have been made by the lessee.

PROPERTY INFORMATION

SCHEDULE A

MACHINERY, EQUIPMENT, FURNITURE AND LEASEHOLD IMPROVEMENTS

Enter all property owned with the acquisition cost by year installed. Begin with the current year and each previous year, as required. Acquisition cost, including the cost of machinery, equipment, furniture and fixtures intended for rent or lease, is defined as 100% of the cost new as shown by books and records and is to include freight, installation charges, trade-ins, federal tax allowances and credit. If equipment was purchased in one year and installed in the following year, the full cost is reportable in the year installed. PROPERTY OWNED AND STILL IN USE BUT WHICH HAS BEEN FULLY DEPRECIATED OR WRITTEN OFF BUT STILL IN POSSESSION BY THE TAXPAYER MUST BE REPORTED. Machinery and equipment which has been fully depreciated and is no longer in use as a part of a production process should be reported in "Schedule F". Property which is intended for rent or lease must be reported at 100% of acquisition cost regardless of period of rent. If leasehold improvements are reported, please include a brief description of the items to assure they are not valued as part of the real property. All vehicles and rolling stock are to be reported in "Schedule I". This section must be completed in its entirety simply attaching a list will not be sufficient.

PROPERTY INFORMATION									
VEHICLES, TRAILERS, BOATS, AIRCRAFT, MOBILE HOMES & ROLLING STOCK									
(Provide Additional Copies For Each Location)									
Property Location (Address, City, Zip Code): _____									
List only those properties licensed in the name of the business as shown on Page 1. Property you are leasing must be reported on Page 1 in the section titled REPORT OF PROPERTY YOU LEASE FROM OTHERS . Properties disposed of after July 1 are taxable for the year and must be listed below. If needed, attach additional sheets. If vehicles are assigned to company employees or others, then provide name and address. Vehicle Identification Numbers (VIN) can be found on the Registration Card. (DO NOT REPORT TRUCKS/TRACTORS THAT HAVE APPORTIONED LICENSE PLATES ON THIS RETURN)									
LICENSED PROPERTY	MAKE	MODEL	YEAR	VEHICLE IDENTIFICATION NUMBER (VIN)	TRUCK GROSS VEHICLE WEIGHT	ACQ. DATE	ACQ. COST	OWNER'S VALUE	TAX DEPT. USE
NON-LICENSED PROPERTY	MAKE	MODEL	YEAR	MOBILE HOME DIMENSIONS, VIN OR AIRCRAFT	TRUCK GROSS VEHICLE WEIGHT	ACQ. DATE	ACQ. COST	OWNER'S VALUE	TAX DEPT. USE
ROLLING STOCK	MAKE	MODEL	YEAR	SERIAL NUMBER	OPTIONS	ACQ. DATE	ACQ. COST	OWNER'S VALUE	TAX DEPT. USE

If additional space is needed for Rolling Stock, please use "Itemized Rolling Stock Report".

West Virginia Code Chapter 11, Article 6H provides that the value of special aircraft property shall be its salvage value. Special aircraft property is defined as "all aircraft owned or leased by commercial airlines or private carriers, or any parts, materials or items used in the construction, maintenance or repair of aircraft which are, or are intended to become, affixed to or part of an aircraft or of an aircraft's engine or of any other component of an aircraft, used as such, by a repair station as defined under Part 145 of Title 14 of the United States Code of Federal Regulations, or any succeeding regulations issued by the Federal Aviation Administration or any successor agency." If you have reported property on "Schedule I" which you believe to be a special aircraft property, enter the dollar value of the property at 100% of acquisition cost.

Acquisition Cost: \$ _____ Owner's Value: \$ _____ Tax Dept. Use: _____

OTHER INFORMATION REQUIRED WITH THIS RETURN

Type of Business Entity (Check One): Corporation ☒ Partnership ☐ Sole Proprietor ☐ Other ☐

Description of Business Activity: Mining

Please enter Federal Employer Identification Number (EIN): 04-3781222

Business Registration Account ID: _____

DEPRECIATION SCHEDULE ATTACHED? Yes ☐ NO ☒ (Explain) Michael purchase \$50, see Attachment

BALANCE SHEET ATTACHED? Yes ☐ NO ☒ (Explain) _____

In lieu of a balance sheet, a Profit or Loss Statement (Schedule C) from your Federal Income Tax Return may be submitted. Failure to attach these items will be grounds upon which the State Tax Department may reject this return. If you need forms or assistance, contact the State Tax Department.

I, _____ (president, treasurer, manager, owner or other title) of _____ do affirm that the information on this return, to the best of my knowledge and judgment, is true in all respects; that it contains a statement of all the real estate and personal property, including credits and investments belonging to the business; that the value affixed to such property is, in my opinion, its true and actual value, by which I mean the price at which it would sell if voluntarily offered for sale on such terms as are usually employed in selling such property, and not the price which might be realized at a forced or auction sale; and said business has not, to my knowledge, during the 60-day period immediately prior to the first day of the assessment year converted any of its assets into non-taxable securities or notes or other evidence of indebtedness for the purpose of evading the assessment of taxes thereon.

Report Assumptions

Report Name: Transfer
Source Report: <Standard Report>

Calculation Assumptions:
Include Sec 168 Allowance & Sec 179: Yes
Adjustment Convention: None

Group/Sorting Criteria:
Group = <Selected Assets> from All Complete Assets
Include Assets that meet the following conditions:
<Selected Assets> from All Complete Assets
Sorted by: System No, Extension

Report Assumptions

Report Name: Depreciation Expense

Source Report: <Standard Report>

Calculation Assumptions:

Short Year: none

Include Sec 168 Allowance & Sec 179: Yes

Adjustment Convention: None

Key Codes:

- a: A depreciation adjustment amount is included in the reporting period.
- b: The asset's business-use percentage is less than 100%.
- d: The asset has been disposed.
- f: The asset has switched from a MACRS table calculation to the MACRS formula calculation.
- t: The asset's depreciation has been limited by luxury auto rules.
- m: The asset's depreciation was calculated using the mid-quarter convention.
- r: The asset's acquired value was reduced to arrive at the depreciable basis.
- s: The asset has switched from declining-balance to a straight-line.
- t: The asset was transferred.
- v: The asset has switched to remaining value over remaining life due to ACE.

Group/Sorting Criteria:

Group = <Selected Assets> from All Complete Assets

Include Assets that meet the following conditions:

<Selected Assets> from All Complete Assets

Sorted by: Entity (with subtotals), System No, Extension

PBC

Bluestone Resources, Inc.

Depreciation Expense Report

As of December 31, 2016

HSC obtained schedule from Aaron Smith. HSC noted that all assets were disposed or transferred out during the year. Appears reasonable, pfr.

--------	-----	----------------	-------------------	------------------	-------------	---------------------------	----------------------	---------------	-----------------------------	--------------------------	-----------------------------	-------------------------------	-------------

Report Assumptions

Report Name: Depreciation Expense

Source Report: <Standard Report>

Calculation Assumptions:

Short Year: none

Include Sec 168 Allowance & Sec 179: Yes

Adjustment Convention: None

Key Codes:

- a: A depreciation adjustment amount is included in the reporting period.
- b: The asset's business-use percentage is less than 100%.
- d: The asset has been disposed.
- f: The asset has switched from a MACRS table calculation to the MACRS formula calculation.
- l: The asset's depreciation has been limited by luxury auto rules.
- m: The asset's depreciation was calculated using the mid-quarter convention.
- r: The asset's acquired value was reduced to arrive at the depreciable basis.
- s: The asset has switched from declining-balance to a straight-line.
- t: The asset was transferred.
- v: The asset has switched to remaining value over remaining life due to ACE.

Group/Sorting Criteria:

Group = <Selected Assets> from All Complete Assets

Include Assets that meet the following conditions:

<Selected Assets> from All Complete Assets

Sorted by: Entity (with subtotals), System No, Extension

Bluestone Resources, Inc.
Depreciation Expense Report
As of December 31, 2017

HSC obtained BEM's depreciation schedule from Aaron Smith's files. The report was footed for accuracy then traced and agreed back to the TB, with no exceptions noted. The amounts were then transferred to the Consolidated Fixed Asset Rollforward at W/P 9000.18. All amounts appear reasonable, NFTDN.

Report Assumptions

Report Name: Depreciation Expense

Source Report: <Standard Report>

Calculation Assumptions:

Short Year: none

Include Sec 168 Allowance & Sec 179: Yes

Adjustment Convention: None

Key Codes:

- a: A depreciation adjustment amount is included in the reporting period.
- b: The asset's business-use percentage is less than 100%.
- d: The asset has been disposed.
- f: The asset has switched from a MACRS table calculation to the MACRS formula calculation.
- l: The asset's depreciation has been limited by luxury auto rules.
- m: The asset's depreciation was calculated using the mid-quarter convention.
- r: The asset's acquired value was reduced to arrive at the depreciable basis.
- s: The asset has switched from declining-balance to a straight-line.
- t: The asset was transferred.
- v: The asset has switched to remaining value over remaining life due to ACE.

Group/Sorting Criteria:

Group = <Selected Assets> from All Complete Assets

Include Assets that meet the following conditions:

<Selected Assets> from All Complete Assets

Sorted by: Entity (with subtotals), System No, Extension

P R O C E E D I N G S

JAMES JUSTICE, III,
CALLED AS A WITNESS IN THE FOLLOWING PROCEEDING, AND
HAVING FIRST BEEN DULY SWORN, TESTIFIED AND SAID AS
FOLLOWS:

EXAMINATION

BY ATTORNEY WESTFALL:

Q. What's your name please?

A. James C. Justice, III.

Q. Mr. Justice, my name is Fred Westfall. I'm
with the U.S. Attorney's Office. I'm asking today, I'm
going to be asking you questions in connection with a
civil penalty part of the case dealing with the James
River Equipment Company case that was pending.

And if at any time you do not hear or

1 understand a question I've asked if you'll let me know,
2 I'll be happy to repeat or rephrase the question for you.

3 Have you ever been deposed before?

4 A. I have.

5 Q. Basic ground rules are you need to give verbal
6 responses to the questions. Because the court reporter
7 can't record gestures or nods of the head. And at any
8 time you need to take a break, if you'll let me know we
9 can take a break. It's not a problem.

10 This will be fairly short so I don't think
11 we'll have --- probably won't take more than just a few
12 more minutes so.

13 Mr. Ball previously testified about the
14 financial aspects of Justice Energy in some detail prior
15 to you arriving here for your deposition today. Can you
16 tell what involvement you normally have in Justice Energy
17 as far as the day-to-day operations of the company?

18 A. I would characterize my day to day at a pretty
19 high level. You know, we have accounting people or legal
20 people in place. Operations people in place. Have some
21 involvement with it just being very high level.

22 Q. Okay.

23 And so when you're talking about high, we're
24 not talking about quantum or quantity. We're talking

1 about supervisor. You're going to be far up the
2 supervisory chain over the Justice Energy?

3 A. Yes, sir.

4 Q. You're probably not going out to the mine site
5 every day to take a look at what's going on.

6 Is that correct?

7 A. I go some but not every day.

8 Q. I want to go back through the business
9 structure for just a minute. Just to ask you some
10 questions along that line. It's my understanding, from
11 Mr. Ball's testimony, you and your father own a group of
12 companies that deal with mining and mining operations and
13 I guess probably you have some other non-mining operation
14 companies as well. So let me just kind of go back
15 through this.

16 Blue Stone Resources, Incorporated. Do you
17 know which companies are under Blue Stone Resources,
18 Incorporated?

19 A. It would probably be better if Steve would go
20 through the list but generally I know most of them.

21 Q. Let me ask the question this way, do you sit on
22 the boards of directors of any of these others --- of
23 these various companies Blue Stone Resources, Blue Stone
24 Mineral, JCJ Coal Room, Justice Energy Company,

1 Incorporated. Do you serve on any of the Boards of these
2 companies?

3 A. I do.

4 Q. Okay.

5 And in terms as I understand it from what Mr.
6 Ball testified earlier, you guys normally do not have
7 real board meetings but you do everything by agreement.
8 You have agreement documents you sign in lieu of board
9 meetings.

10 Is that correct?

11 A. Yes, your --- that's correct. And at the end
12 of 2018, we actually did have a board meeting for another
13 matter. But generally, we do agreements in lieu of the
14 meeting.

15 Q. And in terms of the shareholders of --- well
16 let me go back and rephrase this. These various coal
17 companies whether it's Blue Stone Mineral, Blue Stone
18 Resources, Blue Stone Coal, and Blue Stone Industries,
19 the ultimate control over these companies rest with you
20 and your father.

21 Is that correct?

22 A. Well, we're the shareholders.

23 Q. Okay.

24 And what about your sister? What involvement

1 is the --- Jilleen, what involvement does she have with
2 the companies?

3 A. She's not a shareholder of those companies you
4 referenced but she is a director. Jill and myself are
5 the only directors at this time.

6 Q. Now, I understand from Mr. Ball that there is a
7 collective bargaining agreement in place between the UMWA
8 and Justice Energy Company, Incorporated, dealing with
9 the miners that are currently onsite. Did you have any
10 involvement in the negotiations of the collective
11 bargaining agreement?

12 A. Not really. We're a very small player in the
13 union. Collective bargaining agreement is nationwide and
14 so for good or for bad, we just kind of have to tag along
15 to whatever, you know, the bigger companies agree to.

16 Q. Did you have to sign the collective bargaining
17 agreement?

18 A. Not to my knowledge. No.

19 ATTORNEY CAREY: Let me clarify. When you
20 said him signing personally or any of the companies?

21 ATTORNEY WESTFALL: Well, I understand if
22 there's no --- let me go back and maybe I should ask the
23 question this way.

24 BY ATTORNEY WESTFALL:

1 Q. Are there any other --- other than what Justice
2 Energy Company, Incorporated, are there any collective
3 bargaining agreements involving the UMWA and any other,
4 we'll call them Justice Companies?

5 A. There are. Some of the other Blue Stone
6 subsidiaries --- and I don't really want to tell you the
7 exact ones because I mean, we got a few. Blue Stone Coal
8 was one, Keystone Services is one, Justice Energy is one.
9 They're all covered under a master collective bargaining
10 agreement.

11 Q. Did you have to --- did you and your --- in
12 your corporate capacity or as a shareholder in any
13 capacity have to sign any of these collective bargaining
14 agreements or any of the documents when it relates to the
15 master collective bargaining agreement on behalf of any
16 of these companies?

17 A. I wouldn't have signed as a --- or wouldn't be
18 asked to sign as a shareholder or any personal liability
19 but I really can't tell you if I signed it in a corporate
20 capacity. I may have, I may not have, I just don't know.

21 Q. Okay.

22 The decision making on --- for the over
23 operation of Justice Energy Company, who has that
24 ultimate decision making authority?

1 A. Could you be a little more specific?

2 Q. Sure. Sure.

3 If a decision had to be made about the future
4 direction of the company or a major financial decision
5 had to be made about Justice Energy Company,
6 Incorporated, who would have the ultimate decision making
7 authority over such decisions?

8 A. I guess I would have the ultimate decision
9 making authority and I would certainly consult with the
10 other people on our team, accountants, attorneys, our
11 operations people.

12 Q. Would that be the same for any of the Blue
13 Stone companies as well?

14 A. Generally speaking yes, but you know we have,
15 you know, there's kind of different players in the game.
16 You know, maybe, maybe at Blue Stone Coal they're
17 different operations folks or different accounting
18 people. But you know, I would certainly consult with
19 those on each specific operation.

20 Q. But if there was a major financial decision or
21 some sort of a major direction for the company that is
22 particular --- the ultimate decision making authority
23 would rest with you.

24 Is that correct?

1 A. I think so, yes.

2 Q. I'd like for you to take a look, just briefly.
3 We have some exhibits from Mr. Ball's deposition in front
4 of me, Exhibits 1 through 7. And I'm just going to ask
5 you a general question after you've had a chance to take
6 a look at those. I mean most of them are just financial
7 documents and so on. But the question I'm going to ask
8 you, I'll just go ahead and ask you. Did you have any
9 involvement with the preparation of any of these
10 exhibits? Exhibits 1 through 7?

11 A. I did not, no.

12 Q. Okay.

13 Now I'm going try and I might be a little
14 inarticulate but I'm going to try see through this the
15 best way I can. As I understand, we kind of went through
16 some of the corporate structure and the business
17 structure involved with Justice Energy Company,
18 Incorporated. As I understand it, Justice Energy
19 Company, Incorporated, the parent company is JCJ Coal
20 Group, LLC.

21 Is that your understanding?

22 A. That's my understanding, yes, sir.

23 Q. And in that particular company, the JCJ Coal
24 Group is owned by Blue Stone Mineral, Incorporated.

1 Is that correct?

2 A. Yeah, I better not delve into this because I
3 don't know exactly. But, you know, Steve as far as the
4 structure would be the best to ask.

5 Q. So in terms of the corporate and business
6 structure of the various companies of which you and your
7 father are the shareholders or the ultimate shareholders
8 of, that Steve would be the person who would have the
9 most knowledge about how those companies are structured
10 and how they're interrelated?

11 A. Yes, sir.

12 Q. Okay. That's all that I have. Thank you very
13 much.

14 A. Thank you.

15 ATTORNEY CAREY: We don't have any
16 questions but we will read.

P R O C E E D I N G S

JAMES MILLER,
CALLED AS A WITNESS IN THE FOLLOWING PROCEEDING, AND
HAVING FIRST BEEN DULY SWORN, TESTIFIED AND SAID AS
FOLLOWS:

EXAMINATION

BY ATTORNEY WESTFALL:

Q. Could you state your name, please?

A. James Terry, with a Y, Miller.

Q. Mr. Miller, my name's Fred Westfall. I'm with
the U.S. Attorney's Office. We're here to take your
deposition today in connection with the James River
Equipment Company versus Justice Energy Company,
Incorporated case.

I have just a few questions for you. Anytime

1 you do not understand or do not hear a question that I've
2 asked, if you'll let me know I'll be happy to repeat or
3 rephrase the question for you.

4 Have you ever been deposed before?

5 A. Yes, sir, I have.

6 Q. Basic ground rules, you need to give verbal
7 responses to the questions because the court reporter
8 can't record gestures or nods of the head. And anytime
9 you need to take a break, feel free to let me know and
10 I'll be happy to take a break for you. But I don't think
11 it's going to last long enough for you to take a break.

12 A. Yes, sir.

13 Q. I was going over some documents that were
14 provided to me and in Exhibit Number 1 and there's some
15 documents in front of me. There's Exhibit Number 1,
16 you're listed as a secretary and treasurer of Justice
17 Energy Company, Incorporated. Here you go.

18 A. Yes, sir.

19 Q. Okay.

20 And Mr. Ball previously testified in this case
21 and it's my understanding that you do not have any
22 involvement in the day-to-day operations of Justice
23 Energy Company, Incorporated.

24 Is that correct?

1 A. That is correct.

2 Q. And do you have any real involvement in the
3 corporate activities of Justice Energy Company,
4 Incorporated?

5 A. No, sir.

6 Q. Can you tell me which companies that you are,
7 and in terms of the Justice Companies, which companies
8 you do have an involvement in?

9 A. On the ---?

10 Q. Let's start first --- let me ask the question
11 this way, do you have any day-to-day involvement of any
12 of the Justice Companies?

13 A. Yes.

14 Q. And which ones are those?

15 A. I'm Vice President of Operations at the
16 Greenbrier Hotel Corporation.

17 Q. Okay.

18 In terms of the coal companies and the related
19 coal companies, do you have any day-to-day involvement in
20 their operations?

21 A. There's one coal company, Black Stone Energy.
22 I handle the wire transfers for them.

23 Q. And where's that company located?

24 A. It's based in Beckley.

1 Q. Any other daily involvement or operation ---
2 let me rephrase the question. Any other operational
3 involvement in any of the other Justice Coal companies or
4 their related companies?

5 A. No, sir.

6 Q. And just out of curiosity, what do you do at
7 the Greenbrier?

8 A. I'm Vice President of Operations. I have nine
9 departments that report to me. Food and beverage,
10 retail, spa, casino, golf, entertainment, purchasing,
11 warehouse, and one other that I forget.

12 Q. And do you have any involvement with that nice
13 football field that I saw on the way?

14 A. That's not one of mine.

15 Q. Okay. It looked very nice though.

16 A. There's three fields actually.

17 Q. Yeah, I saw one on the way back from seeing my
18 daughter in Richmond and I was pretty impressed. Because
19 I haven't been down that way in a while.

20 In terms of the Blue Stone companies, are you
21 on any of the boards of the Blue Stone companies?

22 A. No, sir, I'm not.

23 Q. And on terms of Black Stone Energy, are you on
24 the board of Black Stone Energy?

1 A. No, sir.

2 Q. Are you an officer, a corporate officer in any
3 of the Blue Stone companies?

4 A. Yes, sir. I believe I'm secretary treasurer of
5 those also.

6 Q. Okay.

7 And what about JCJ Coal Group, LLC? Do you
8 have any --- do you have any position with that company?

9 A. I'm probably secretary treasurer but I can't
10 say for sure.

11 Q. And in terms of the Blue Stone companies, do
12 you have any involvement of the corporate activities of
13 those companies?

14 A. No, sir.

15 Q. Okay.

16 I think that's all I got. I can't think of
17 anything else. Thank you very much, sir.

18 ATTORNEY CAREY: We don't have any
19 questions and we'll read.

Re: James River Equipment Virginia, LLC v. Justice Energy Company, Inc.
Civil Action: 5:13-cv-28160 (S.D.W.Va.)

Gentlemen:

I have reviewed the deposition testimony of the officers of Justice Energy Company, Inc., and the latest equipment disclosures regarding Justice Energy Company, Inc. After reviewing that testimony and all of the financial and equipment information disclosed to date, it is clear that Justice Energy Company, Inc., is a mere corporate shell and is acting as the alter ego for JCJ Coal Group, LLC, Blue Stone Resources, Inc., Blue Stone Coal Corporation, Blue Stone Industries, Inc., Blue Stone Minerals, Inc., and other corporate entities controlled James C. Justice II and James C. Justice III ("the Justices"). I believe that a motion to impose the obligation to pay the \$1,230,000 contempt sanction assessed by Judge Berger in this case on the other limited liability companies, corporate entities, and shareholders for which Justice Energy Company, Inc., is serving as the alter ego is likely to be successful.

Justice Energy Company, Inc., is merely a shell or alter ego for the other companies controlled by the Justices. Justice Energy Company, Inc., does not own the Red Fox mine or the coal reserves from that mine, the equipment used at the mine, the mining permits, or other assets employed at the mine site. The supervisors are employed by another entity controlled by the Justices, and the sole bank account of Justice Energy Company, Inc., is funded by another company controlled by the Justices. The coal mined by Justice Energy Company, Inc., at the Red Fox mine is controlled and sold by another company controlled by the Justices. Moreover, Justice Energy Company, Inc., does not have its own separate corporate headquarters. All of the actions and activities of Justice Energy Company, Inc., are controlled by the Justices who control the boards of these various entities. While Justice Energy Company, Inc., may be a corporation, it is, in reality, an alter ego and shell controlled

Messrs. Carey, Ellis, Hussell & Wooton
May 31, 2019
Page 2

by the Justices through their other entities and has no real separate existence under the law. I believe that those who control Justice Energy Company, Inc., have a legal obligation and the ultimate legal responsibility to make sure that the contempt sanction is paid.

Judge Berger has set June 6, 2019, as the date for Justice Energy Company, Inc., to submit a proposal, no later than June 6, 2019, informing the Court as to the date by which payment will be made in full or proposing a schedule of payments, to be completed no later than January 1, 2020, for the Court's review. I believe that it would be in the best interests of Justice Energy Company, Inc., and its related limited liability company entities, corporate entities, partners, board members, and shareholders that the contempt sanction be paid immediately or that a payment plan be submitted to the Court that is properly secured and will meet the Court's criteria set forth in the order entered yesterday. I am willing to work with you towards a proposed agreement for a schedule of payments, to be completed no later than January 1, 2020, to pay the contempt sanction as long as those payments will be properly funded. Of course, any such proposed agreement would be subject to DOJ and Court approval.

I intend to make a report to the Court in advance of the June 6, 2019, deadline and file any necessary motions to aid in the collection of the contempt sanction assessed by the Court. If you would like to try to reach an agreement on a potential payment plan to pay the contempt sanction, subject to DOJ and Court approval, in advance of the June 6, 2019, deadline, please do not hesitate to call me.

Sincerely,

MICHAEL B. STUART
United States Attorney
