Description: Search and Seizure Warrant

**AFFIDAVIT IN SUPPORT OF AN
APPLICATION FOR A SEARCH WARRANT**

I, ██████████ being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I make this affidavit in support of an application for a search warrant for information associated with the email address provided for the Google Mail (“Gmail”) Account ██████████@gmail.com (hereinafter the “**Target Account**”), that is stored at premises owned, maintained, controlled, or operated by Google, an email provider headquartered at 1600 Amphitheatre Parkway, Mountain View, CA 94043 (hereinafter “Google”). The information to be searched is described in the following paragraphs and in Attachment A. This affidavit is made in support of an application for a search warrant under 18 U.S.C. §§ 2703(a), 2703(b)(1)(A) and 2703(c)(1)(A) to require Google to disclose to the government copies of the information (including the content of communications) further described in Attachment A. Upon receipt of the information described in Attachment A, government-authorized persons will review that information to locate the items described in Attachment B.

2. I am a Special Agent with Federal Bureau of Investigation (“FBI”) assigned to FBI Headquarters working directly with the Special Counsel’s Office. I have been a Special Agent with the FBI since 2012. Since then, I have conducted national security investigations of foreign intelligence services, espionage, and counterproliferation matters. I have training and experience

related to foreign intelligence services national security investigations, as well as federal financial crimes. I have conducted and participated in various investigations involving multiple threat countries, as well as, national security threats and applicable criminal violations.

3. The facts in this affidavit come from my personal observations, my training and experience, and information obtained from other agents and witnesses. This affidavit is intended to show merely that there is sufficient probable cause for the requested warrant and does not set forth all of my knowledge about this matter.

4. Based on my training and experience and the facts as set forth in this affidavit, there is probable cause to believe that MICHAEL DEAN COHEN has committed violations of 18 U.S.C. § 1014 (false statements to a financial institution), 18 U.S.C. § 1343 (wire fraud), 18 U.S.C. § 1344 (bank fraud), 18 U.S.C. § 1956 (money laundering), as well as 18 U.S.C. § 951 (acting as an unregistered foreign agent) and the Foreign Agents Registration Act (“FARA”), 22 U.S.C. § 611 *et seq.* There is also probable cause to search the information described in Attachment A for evidence, contraband, fruits, and/or instrumentalities of these crimes, further described in Attachment B.

5. This Court has granted two prior search warrants for the **Target Account**, the first on July 18, 2017 and the second on August 17, 2017; those search warrants limited the scope of the search warrant to the period January 1, 2016 through the then-present. The present search warrant seeks for broader authority to search the **Target Account** for the period June 1, 2015 to the present.

JURISDICTION

6. This Court has jurisdiction to issue the requested warrant because it is “a court of competent jurisdiction” as defined by 18 U.S.C. § 2711. *Id.* §§ 2703(a), (b)(1)(A), &

(c)(1)(A). Specifically, the Court is “a district court of the United States (including a magistrate judge of such a court) . . . that has jurisdiction over the offense being investigated.” 18 U.S.C. § 2711(3)(A)(i).

PROBABLE CAUSE

7. As described below, the FBI is investigating COHEN in connection with, *inter alia*, statements he made to a known financial institution (hereinafter “Bank 1”) in the course of opening a bank account held in the name of Essential Consultants, LLC and controlled by COHEN. The FBI also is investigating COHEN in connection with funds he received from entities controlled by foreign governments and/or foreign principals, and the activities he engaged in the United States on their behalf without properly disclosing such relationships to the United States government.

A. Michael Cohen

8. According to press reports and bank records collected during the investigation, COHEN served for over a decade as an executive in the Trump Organization, an international conglomerate with real estate and other holdings controlled by President Donald Trump prior to his presidency. Until approximately January 2017, COHEN was reported to have held various positions within the Trump Organization. During an interview with *The Wall Street Journal* in or around January 2017, COHEN described his role as being “the fix-it guy Anything that [then-President-elect Trump] needs to be done, any issues that concern him, I handle.”¹

9. In or around January 2017, COHEN made public statements that he would resign from the Trump Organization to serve as the personal attorney for President Trump (serving as an attorney to the President in his personal capacity, as opposed to as a member of the White House

¹ “Intelligence Dossier Puts Longtime Trump Fixer in Spotlight,” *Wall Street Journal*, Jan. 11, 2017.

Counsel's Office). COHEN recently has identified himself publicly—including on his personal Twitter account—as a personal attorney for the President. Similarly, based on emails recovered from the **Target Account**, COHEN describes himself as a personal attorney for the President in his signature block.

10. As described in more detail below, on or about March 23, 2017, COHEN submitted paperwork to Bank 1, with whom he had a prior banking relationship and several existing accounts, for the purpose of opening a new account. In the section for customers to provide contact information, COHEN, by hand, struck out a previously provided e-mail address and in its place wrote the **Target Account** as his current e-mail address.

B. Essential Consultants, LLC

11. In or around June 2017, federal agents reviewed information supplied by Bank 1 based on activity that Bank 1 had observed from a number of accounts related to COHEN. According to information provided by Bank 1, COHEN has been a customer since approximately June 2011 and controls several checking and loan accounts, some in his personal name and others in the names of corporate entities. Agents have subsequently reviewed documents and records provided by Bank 1 related to COHEN and these various accounts.

12. Records provided by Bank 1 show that on or about October 26, 2016, COHEN opened a new checking account in the name of Essential Consultants, LLC (“Essential Consultants”); COHEN was the only authorized signatory on the account. On the paperwork associated with opening the account, COHEN listed his Trump Organization Account for contact purposes. Corporate records show that Essential Consultants is a Delaware entity formed by COHEN on or about October 17, 2016.

13. According to information provided by Bank 1, when COHEN opened the Essential

Consultants account, he made the following representations during the course of Bank 1's know your customer ("KYC") procedures:

- a. He was opening Essential Consultants as a real estate consulting company to collect fees for investment consulting work;
- b. He intended to use his experience in real estate to consult on commercial and residential real estate deals;
- c. His typical clients were expected to be high net-worth domestic individuals; and
- d. His purpose in setting up the account was to keep the revenue from his consulting—which he said was not his main source of income—separate from his personal finances.

C. Payment to Person 1

14. Records provided by Bank 1 show that, rather than using the Essential Consultants bank account for real estate consulting work as he had represented, COHEN immediately used the account upon opening to wire funds to an attorney ("Attorney 1"), on behalf of that attorney's client ("Person 1"), who according to press articles is an adult-film star who operates under a professional alias and who was contemplating making public allegations that she had an extramarital affair with then-Presidential Candidate Trump.

15. More specifically, on or about October 18, 2016, the day after COHEN incorporated Essential Consultants but approximately eight days before he opened the bank account in its name at Bank 1, the website *The Smoking Gun* published a story alleging that evidence suggested Person 1 and Trump had previously engaged in an extramarital relationship.²

² The Smoking Gun, "Donald Trump and the Porn Superstar," Oct. 18, 2016, *available at* <http://www.thesmokinggun.com/documents/celebrity/donald-trump-and-stormy-daniels-738920>.

The article also alleged that Person 1 had at one point hired Attorney 1 as her representative.³ Later, on or about November 4, 2016, an article in *The Wall Street Journal* reported that Person 1, represented by Attorney 1, had been “in discussions with ABC’s ‘Good Morning America’ in recent months to publicly disclose what she said was a past relationship with Mr. Trump, according to people familiar with the talks.”⁴

16. Telephone records show that two telephones registered to COHEN have been used to contact a telephone number associated with Attorney 1. From in or around August 2016 through the present, approximately 76 contacts have occurred between the two telephones registered to COHEN and the telephone number associated with Attorney 1. Approximately two dozen calls were exchanged between October 24, 2016 and November 4, 2016.

17. On or about October 26, 2016, the same day as the Bank 1 account was opened in Essential Consultants’ name, the account was funded via a \$131,000 deposit from a different Bank 1 account related to a home equity line of credit (“HELOC”) in COHEN’s name and secured by his personal residence at 502 Park Avenue (Trump Tower Park Avenue) Apt [REDACTED] New York, NY 10022.⁵ COHEN had opened the account in or around February 2016 and had secured a \$500,000 line of credit for the stated purpose of paying off an existing mortgage and HELOC-associated loan costs.

³ On or about June 26, 2017, a review of a cached version of Attorney 1’s professional website revealed that Attorney 1 listed Person 1, referred to by Person 1’s professional alias, as a “representative client.” (The current version of Attorney 1’s website no longer seems to identify Person 1 by name or alias.)

⁴ “National Enquirer Shielded Donald Trump from Playboy Model’s Affair Allegation,” *Wall Street Journal*, Nov. 4, 2016.

⁵ A HELOC is a form of lending that allows a borrower to secure a loan using the equity in a residential property as collateral.

18. Emails obtained from the **Target Account** in the course of the investigation further establish that the Essential Consultants account opened at Bank 1 was not used for the purposes represented by COHEN. For example:

- a. On or about October 26, 2016—the same day COHEN opened and funded the Essential Consultants account with \$131,000 from COHEN’s HELOC account—COHEN received an email at the **Target Account** from Attorney 1 with the subject “Wiring Instructions.” The next day, on or about October 27, 2016, an outgoing wire transfer in the amount of \$130,000 was made from the Essential Consultants account at Bank 1 to an account held in the name of Attorney 1’s law firm (hereinafter the “Attorney 1 IOLTA Account”) at a bank based in Los Angeles (“Bank 2”). Records obtained from Bank 1 show that, on or about October 27, 2016, an employee of Bank 1 sent an email to COHEN with the federal reference number for the \$130,000 transfer of funds.
- b. Also on or about October 27, 2016, COHEN emailed Attorney 1 from the **Target Account** with the subject “wire on behalf of Essential Consultants LLC.” In the email, COHEN asked Attorney 1 to “confirm that the wire received today, October 27, 2016 shall be held by you in your attorney’s trust account until such time as directed for release by me, in writing. Additionally, please ensure that all paperwork contains the correct name of Essential Consultants LLC.” On or about October 27, 2016, Attorney 1 replied, stating “that no funds shall be disbursed unless & until the plaintiff personally signs all necessary settlement paperwork, (the form of which will match the prior agreement). The settlement docs will name the

correct corporation, (Essential Consultants LLC). Plaintiff's signature will be notarized and returned to you via FedEx."

- c. On or about November 1, 2016, Attorney 1 sent an email to COHEN at the **Target Account** with the subject "Facts." In the email, Attorney 1 wrote, "Give this a lesson [sic] and then call me" and attached an audio recording between Person 1 and Attorney 1. On the recording, Person 1 made statements in which she discredited allegations made by another woman that President Trump had engaged in sexual misconduct.

19. Based on the account activity (and the fact that it did not match what COHEN had reported the expected activity would be), employees of Bank 1 investigated in order to determine the ultimate disposition of the \$130,000 in funds. According to information provided by employees of Bank 1, on or about November 1, 2016, a wire transfer in the amount of approximately \$96,645 was made from the Attorney 1 IOLTA Account to a bank account at a third bank ("Bank 3") in the name of Person 1. A notation associated with the wire transfer to Person 1 indicated that the purpose of the payment was "net settlement."⁶ The remaining \$34,355 was transferred from the Attorney 1 IOLTA Account to the operating account of Attorney 1's law firm at Bank 2.

20. By on or about November 4, 2016, *The Wall Street Journal* reported that Person 1 had cut off contact with "Good Morning America," notwithstanding previous discussions to disclose her claimed relationship with Trump. The investigation has not identified any public statements made by Person 1 about any relationship to President Trump since the above-described transfer of funds to her account in or around November 2016.

⁶ Records obtained from Bank 3 confirm the transfer and the notation.

D. Representations about Net Worth to Financial Institutions

21. In connection with the ongoing investigation, the government has reviewed other representations COHEN has made to Bank 1 and other financial institutions, including representations regarding his net worth and financial position. A review to date has identified substantial inconsistencies in COHEN's stated assets, liabilities, and net worth in separate submissions between 2014 and 2017.

22. For example, in or around October 2014, COHEN submitted a "Statement of Financial Condition" as of August 1, 2014 to Bank 1. The document purported to depict COHEN's various assets and liabilities, as well as his net worth. On the document, COHEN claimed to have assets totaling approximately \$99,420,000 and liabilities of approximately \$23,550,000. On the same document, COHEN claimed to have a net worth of approximately \$75,870,000.

23. In or around February 2016, in connection with obtaining the \$500,000 HELOC described above, COHEN submitted a summary of his assets, liabilities, and net worth to Bank 1. COHEN claimed to have assets totaling approximately \$63,435,315 and liabilities of approximately \$10,419,209. On the same document, COHEN claimed to have a net worth of approximately \$53,016,106.

- a. In addition, documents collected from Bank 1 show that COHEN made representations to Bank 1 that he had no contingent liabilities, when in fact, based on documents COHEN submitted to another FDIC-insured financial institution ("Bank 5," described below), COHEN and his wife had personally guaranteed over \$20 million in loans associated with taxi medallions. In or around August 2017, an employee of Bank 1 who served as COHEN's main point of contact at the bank

confirmed that COHEN did not disclose any contingent liabilities, despite that being a standard question that he had to answer whenever seeking monies.

24. In or around May 2017, COHEN was part of a group of real estate investors that sought a \$2 million line of credit from an FDIC-insured financial institution (“Bank 4”), which already held a \$17 million loan on a property owned by the real estate group. In connection with the loan request, Bank 4 requested COHEN submit a “net worth letter” in order to assess his financial condition. On or about May 17, 2017, in response to the request, COHEN submitted a letter to Bank 4 from an accountant. The letter stated that based on representations by COHEN to the accountant, it was the accountant’s understanding that as of May 1, 2017 “his [COHEN’s] current cash position and his various real estate investments holdings . . . [are] currently in excess of \$20.0 million.” The letter did not disclose any liabilities.

a. In November 2017, the government interviewed the accountant who signed the May 2017 letter sent to Bank 4 (“Accountant 1”). The accountant explained that COHEN had directed him to write the letter and specifically only to identify the cash and real estate investment holdings, without identifying any other liabilities that would offset those holdings.

25. Bank records show that COHEN has a lending relationship with a known FDIC-insured financial institution (“Bank 5”) collateralized by New York taxi medallions. Records show that entities controlled by COHEN have approximately \$20,000,000 in notes payable to Bank 5.⁷ According to interviews with Bank 5 employees, throughout 2017 COHEN repeatedly has sought

⁷ The value of the collateral backing these loans (the taxi medallions) currently is worth substantially less than the loans. In May 2017, COHEN himself estimated the medallions to be worth only \$13,950,000. Based on recent medallion sales, the collateral is potentially worth much less. Documents collected from Bank 5 show that COHEN and his wife also signed agreements making them personal guarantors of the \$20,000,000 in loans.

to renegotiate the terms of the loans and sought some debt relief from Bank 5 on these loans. During the course of these negotiations, on or about June 8, 2017, COHEN sent Bank 5 a “Statement of Financial Condition” as of May 1, 2017. The document submitted by COHEN was prepared by the same accountant as the letter submitted to Bank 4 on or about May 17, 2017 (which said that COHEN’s “current cash position and his various real estate investments holdings . . . [as of May 1, 2017 are] currently in excess of \$20.0 million” and did not disclose any liabilities). In contrast to the document submitted to Bank 4, on the document submitted to Bank 5, however, COHEN claimed to have a net worth of approximately \$2,825,000.⁸

- a. According to Accountant 1, at the time he prepared both the May 2017 Statement of Financial Condition and the letter sent to Bank 4, he had believed that COHEN was going to give *both* documents to Bank 4 in order to give an accurate representation of his financial condition. Accountant 1 stated that if he had been told the letter would be submitted to Bank 4 as a stand-alone document, without the Statement of Financial Condition disclosing the outstanding liabilities, he would not have prepared the letter as directed.

E. Foreign Transactions in the Essential Consultants Account

26. As set forth above, in or around October 2016, COHEN made several representations to Bank 1 in connection with the bank’s KYC review process, including that he expected funds deposited into the Essential Consultants account would constitute income from his consulting work, that his consulting clients were expected to be domestic (that is, within the United States), and that he expected his clients to be U.S.-based, high-net worth individuals.

⁸ COHEN claimed to have assets totaling approximately \$41,955,000 and liabilities of approximately \$39,130,000.

27. Records obtained from Bank 1 show substantial transactional activity that appears to be inconsistent with these KYC representations. Bank 1 records show that the account received numerous deposits from foreign businesses and entities that do not reflect the stated client profile for the residential and commercial real-estate consulting services ostensibly being provided by Essential Consultants.⁹ Moreover, public records, media reports, and other publicly available sources, as well as emails obtained during the course of the investigation, indicate that some of these companies have significant ties to foreign governments or are entities controlled by foreign governments.

28. A search in or around July 2017 of the U.S. Department of Justice database of all agents currently or previously registered under the Foreign Agent Registration Act (“FARA”) confirmed that neither COHEN nor Essential Consultants is or has been a registered agent of a foreign government.¹⁰ All FARA registration is handled by the U.S. Department of Justice’s National Security Division in Washington, D.C.

i. Deposits by Columbus Nova, LLC

29. Telephone records related to COHEN’s cellular telephone show that on or about November 8, 2016, the day of the presidential election, a telephone registered to COHEN exchanged the first in a series of text messages with the CEO of Columbus Nova, LLC (“Columbus Nova”). Between approximately November 8, 2016 and November 6, 2017, telephone records show over 1,000 contacts (calls and text messages) between COHEN’s cellular telephones and the

⁹ By contrast, based on a review of emails obtained from the **Target Account** and records obtained from Bank 1, the Essential Consultants account has not received any funds from residential or commercial real-estate consulting services.

¹⁰ The database is publicly available at <https://www.fara.gov/>.

CEO of Columbus Nova. Telephone records show no such text messages or telephone calls between COHEN's cellular telephone and the CEO of Columbus Nova prior to November 8, 2016.

30. Public records show that Columbus Nova, LLC is an investment management firm controlled by Renova Group ("Renova"), an industrial holding company based in Zurich, Switzerland. According to public news accounts, Renova is controlled by Viktor Vekselberg, a wealthy Russian national. Public news accounts also report that Vekselberg is an oligarch with various connections to Russian President Vladimir Putin who publicly met with Putin as recently as in or around March 2017.¹¹ According to the news articles, Vekselberg and Renova currently are involved in various infrastructure projects in Russia, such as the building of an airport in Rostov in advance of the 2018 FIFA World Cup, which is to be held in Russia. Vekselberg has been involved in various symbolic acts seen to be in the Russian national interest, such as the purchase and repatriation of historic Faberge eggs.¹²

31. On or about January 10, 2017, COHEN received an email from the CEO of Columbus Nova with the subject "About us / Russian Union of Industrialists and Entrepreneurs." The CEO told Cohen, "This is the organization that Victor was mentioning yesterday. . . . He is the head of this international relations committee of this group. . . . Will follow up with more later." Similarly, records obtained from the **Target Account** show that COHEN had a calendar entry entitled "Meeting with Victor," scheduled for on or about March 7, 2017 at the location "Renova."

¹¹ See, e.g., "Russia's Putin Meets Tycoon Vekselberg," *Reuters*, Mar. 14, 2017.

¹² On or about September 5, 2016, media outlets reported that Russian authorities arrested two of Vekselberg's closest associates in connection with allegations that a subsidiary had paid over \$12 million in bribes to Russian government officials. Some media accounts speculated that the arrest of Vekselberg's associates, as well as the commensurate searches of Renova's head office, were intended as a warning from the Russian government that it wanted some form of cooperation or value from Vekselberg. See, e.g., "Another Billionaire Incurs Putin's Wrath," *Bloomberg*, Sept. 6, 2016.

32. According to records obtained from Bank 1, since the beginning of 2017, the Essential Consultants bank account received seven deposits, each in the amount of \$83,333 (for a running total of \$583,332.96). The funds for all deposits—six of which were wire transfers and one by check—came from an account at another bank held in the name of Columbus Nova, LLC. The following table summarizes the funds transferred to date:

APPROXIMATE DATE	DEPOSIT
January 31, 2017	\$83,333.00
March 2, 2017	\$83,333.33
March 31, 2017	\$83,333.33
April 28, 2017	\$83,333.33
June 1, 2017	\$83,333.33
June 30, 2017	\$83,333.33
August 1, 2017	\$83,333.33

33. Records obtained from the financial institution (“Bank 2”) where the Columbus Nova account is maintained illustrate that the funds used to pay COHEN originated from a second account in the name of Renova US Management LLC (“Renova US”). For example:

- a. On or about January 27, 2017, the Columbus Nova account at Bank 2 received a deposit of \$83,333 from an account held in the name of Renova US. The same day, a check for \$83,333 drawn on the Columbus Nova account at Bank 2 was made out to Essential Consultants LLC.
- b. On or about March 2, 2017, the Columbus Nova account at Bank 2 received \$83,333 from the Renova US account. The same day, the Columbus Nova account was used to \$83,333 the Essential Consultants account at Bank 1.

- c. On or about March 31, 2017, the Columbus Nova account at Bank 2 received \$83,333 from the Renova US account. The same day, the Columbus Nova account was used to wire \$83,333 to the Essential Consultants account at Bank 1.
- d. On or about April 28, 2017, the Columbus Nova account at Bank 2 received \$83,333 from the Renova US account. The same day, the Columbus Nova account was used to wire \$83,333 to the Essential Consultants account at Bank 1.

ii. Wire Transfers from a Kazakhstani Bank

34. On or about May 6, 2017, COHEN sent an email from the **Target Account** to an individual believed to be Kenges Rakishev. Open-source records identify Kenges Rakishev as the majority shareholder of Kazkommertsbank, another Kazakhstani bank that controls BTA Bank. Rakishev is also the son-in-law of Kazakhstan's ambassador to Russia. According to press reports, BTA Bank recently was implicated in a multi-billion dollar scandal in which a unit of BTA had been used to issue billions of dollars' worth of credit for property development and other deals in Russia, Ukraine, and Belarus that subsequently went bankrupt.¹³

35. In the email sent from the **Target Account** on or about May 6, 2017, COHEN wrote that it was an "honor to spend the evening with you" and that "[t]here are definitely a lot of mutual relationships between the two of us that require our assistance." COHEN also proposed a meeting the following week.

¹³ More specifically, according to a *Forbes* article published in or around February 2017, BTA Bank's auditors PricewaterhouseCoopers identified a \$10 billion discrepancy on the bank's balance sheets. Subsequent investigation by forensic accountants revealed that a unit of BTA had been used to issue billions of dollars' worth of credit for property development and other deals in Russia, Ukraine, and Belarus. The investigation also indicated that funds illicitly had been removed from the bank through shell companies set up in the names of executives' family members. See "How To Get Back A Lost \$10B: One Bank's Tale in Europe's Biggest Alleged Fraud," *Forbes*, Feb. 6, 2017.

36. On or about May 10, 2017, COHEN sent an email to an individual believed to be a BTA Bank executive with an attachment bearing the filename "BTA-1." The attachment contained a purported invoice for \$150,000 from Essential Consultants LLC to BTA Bank in the Republic of Kazakhstan. The invoice, identified by invoice BTA-101 referred to a "monthly consulting fee" pursuant to a "Services Agreement entered into on the 8th of May, 2017." The invoice was directed to the attention of Kenges Rakishev. COHEN also stated he the he would the Certificate of Incorporation for Essential Consultants to the email (but appears not to have attached the document).

37. On or about May 15, 2017, COHEN received an email through the **Target Account** from an individual purporting to be Nurlan Abduov. According to open source information, Abduov is a shareholder of Kazkommertsbank where between April 28, 2016 and July 31, 2017 he held a position of Managing Director and member of the Board of Directors. In the email, Abduov told COHEN that he was contacting him "on behalf of Kenes [*sic*] Rakishev." In the email, Abduov also stated that the "[w]anted to check how we can start to work with you." In addition to COHEN, Abduov's email was addressed to Kenges Rakishev at a different email address.

38. According to Bank 1, on or about May 22, 2017, the Essential Consultants bank account at Bank 1 received a \$150,000 deposit from an account at Kazkommertsbank. According to Bank 1, the listed account holder at Kazkommertsbank was a second Kazakhstani bank named BTA Bank, AO. Bank 1 reported that a message accompanying the wire payment indicated that the agreement was a "monthly consulting fee as per Inv BTA-101 DD May 10, 2017 consulting agreement W/N DD 08 05 2017 CNTR W/NDD 08/05/2017."

39. Non-content information obtained pursuant to an 18 U.S.C. § 2703(d) court order for a different email account used by COHEN [REDACTED] (com) shows that COHEN,

Rakishev, and others from BTA Bank remain in routine contact. Between approximately May 5, 2017 and October 9, 2017, COHEN, through the [REDACTED] com account, exchanged over eighty emails with email accounts controlled by Rakishev and other BTA employees or executives.

iii. Deposits by Korea Aerospace Industries Ltd.

40. According to Bank 1, on or about May 10, 2017 and June 9, 2017, the Essential Consultants bank account received two deposits in the amount \$150,000 (totaling \$300,000 between the two deposits) from a bank account in Seoul, South Korea. According to documents obtained from Bank 1, the account holder from which the money was sent is Korea Aerospace Industries Ltd. (“KAI”). According to its public website, KAI is a South Korea-based company that produces and sells fixed-wing aircraft, helicopter aircraft, and satellites.

- a. Public news accounts report that KAI has numerous interests in the U.S. defense industry. For example, press accounts from early 2017 indicate that KAI has partnered with Lockheed Martin to bid later this year on a \$16 billion U.S. Air Force T-X Trainer Jet Replacement Program. Likewise, on or about October 31, 2017, public media reported that KAI had received an order worth \$48.8 million for the maintenance, repair, and overhaul of 90 F-16 fighter jets operated by the U.S. Air Force.

41. On or about April 28, 2017, COHEN sent an email from the **Target Account** to another individual with the subject “Re: K Project.” In the email, COHEN attached a document purporting to be a “Consulting Agreement” between KAI and Essential Consultants LLC that was to enter into effect on May 1, 2017. The document indicates that Essential Consultants would render “consulting and advisory services, as requested” by KAI; no further information was provided regarding the nature of the consulting and advisory services to be provided. The

document also indicated that KAI would pay Essential Consultants “a consulting fee of One Million Two Hundred Thousand (\$1,200,000.00) US Dollars,” disbursed through eight \$150,000 installments between May 2017 and December 2017.

42. According to publicly available materials and press accounts, as well as the company’s financial disclosures, the Republic of Korea (South Korea) government has significant ties to KAI. KAI itself was formed in 1999 as part of a government-led effort to consolidate South Korea’s aerospace industry manufacturers into a new single entity. KAI holds the exclusive rights for all of the government’s military logistics and aerospace projects.¹⁴ The South Korean government, through the Korea Development Bank, is the largest shareholder in KAI and its largest debt holder.¹⁵ According to information provided by Bank 1, messages related to the transfer of funds from KAI indicated that the purpose of these payments was “consulting services.”

43. Non-content information obtained pursuant to an 18 U.S.C. § 2703(d) court order for the account [REDACTED] com show that COHEN has stayed in touched with KAI employees. Between approximately May 21, 201 and October 23, 2017, COHEN has sent seven emails from the [REDACTED] com account to email addresses at KAI’s email domain (koreaaero.com) and has received three emails from KAI email addresses through his [REDACTED] com account.

F. Payments to Essential Consultants in Connection to Political Activities

44. In addition to the sources of money connected to foreign governments that were paid into the Essential Consultants account as set forth above, the account also was used to receive funds

from U.S. and foreign corporations who appear to have approached COHEN in connection with political objectives in the Trump administration.

i. AT&T Inc.

45. Beginning in or around April 2017, records from Bank 1 show the Essential Consultants account has received approximately \$300,000 in wire payments from a bank account associated with the telecommunications company AT&T Inc. (“AT&T”), as summarized below:

APPROXIMATE DATE	DEPOSIT
April 14, 2017	\$100,000
June 13, 2017	\$50,000
July 17, 2017	\$50,000
August 16, 2017	\$50,000
September 6, 2017	\$50,000

46. In or around October 2016, AT&T announced its intention to acquire media conglomerate Time Warner Inc. (“Time Warner”) for approximately \$85 billion, creating one of the largest integrated media-and-telecommunications companies in world. Given the size of both companies and the potential antitrust implications, AT&T submitted the proposed deal to the U.S. Department of Justice for review. As of early November 2017, public media reports indicate the Department of Justice had not made a decision about the proposed acquisition and was, according to one report, “preparing for litigation in case it decides to sue to block the deal.”¹⁶

47. While campaigning for president, President Trump made statements indicating he disapproved of the proposed merger. For example, on or about October 22, 2016, at a rally in

¹⁶ “U.S. Weighs Suit Against AT&T’s Deal for Time Warner,” *Wall Street Journal*, Nov. 2, 2017.

Pennsylvania, then-candidate Trump stated, “[a]s an example of the power structure I’m fighting, AT&T is buying Time Warner and thus CNN, a deal we will not approve in my administration because it’s too much concentration of power in the hands of too few.” After his election, the president-elect continued to make similar statements. On or about January 17, 2017, president-elect Trump stated “I have been on the record in the past of saying that [the proposed acquisition is] too big and we have to keep competition.” In the January 2017 statement, however, the president-elect added the caveat, “I haven’t seen any of the facts, yet.”

48. Beginning in or around January 2017, telephone records show that that COHEN began to have contact with executives at AT&T. For example, on or about January 20, 2017, records show that a telephone number belonging to COHEN called a telephone registered to a senior vice president of AT&T responsible for legislative affairs (the “AT&T Senior VP”). According to public media reports, on or about January 12, 2017, the AT&T Senior VP and another high-ranking AT&T executive had met with president-elect Trump in New York.

49. On or about February 3, 2017, records obtained from AT&T show that COHEN had a seventeen-minute telephone call with a consultant for AT&T who handled global public affairs for the company (the “AT&T Consultant”). Shortly before the call, the AT&T Consultant sent an email to the AT&T Senior VP with the subject “Cohen backgrounder” and wrote, “I am meeting with him at 10:30 this morning to finalize contract and talk w/ potential scope of work.” Shortly after the call, the AT&T Consultant 2 texted the AT&T Senior VP: “Just had Cohen call. Oh my. All good. Eager to tell you about it.”

50. On or about February 6, 2017, records obtained from AT&T show that the AT&T Consultant emailed the AT&T Senior VP with the subject line “Michael Cohen notes.” The email, which appears to recount a conversation with COHEN, stated that the AT&T Consultant believed

COHEN would be “in town tomorrow – meeting w/ POTUS,”¹⁷ and that COHEN “made the point several times that he doesn’t list clients, doesn’t talk about clients and hopes we won’t be publicizing that he’s working w/ us. I assured him. And I hope he means it.”

51. On or about February 15, 2017, records obtained from AT&T show that COHEN met with the AT&T Senior VP and the AT&T Consultant at the company’s office in Rockefeller Plaza. Shortly after the meeting, COHEN used the **Target Account** to send an email to both individuals, writing “[g]reat to finally meet you today. Lots to do... Can you please send me the executed agreement so that I might counter sign and return to you?” The AT&T Consultant responded to COHEN at the **Target Account**, “[g]reat meeting you as well. I’ll send contract over tomorrow.”

52. Records obtained from the **Target Account** reveal a drafted contract between Essential Consultants and AT&T. The contract contemplates that Essential Consultants “shall render consulting and advisory services to the Company [AT&T],” adding that AT&T would “advise Consultant of those issues and matters with respect to which AT&T Services desires Consultant’s assistance and advice.” The contract calls for AT&T “to pay the Consultant for his services . . . a consulting fee of Fifty Thousand (\$50,000.00) Dollars . . . per month.”

53. According to records obtained from AT&T, on or about April 11, 2017, COHEN and the AT&T Consultant had a call to discuss the first payments to COHEN. On or about April 12, 2017, the AT&T Consultant emailed the AT&T Senior VP with the subject “Cohen,” writing: “Wants the talkers we discussed < says he’s going to be w/ potus this weekend. You want me to work w/[REDACTED]?” The AT&T Consultant then forwarded his email to two other AT&T employees and arranged for a conference call to discuss the “talkers” referred to in the first email.

¹⁷ The acronym “POTUS” stands for “President of the United States.”

54. On or about May 12, 2017, the AT&T Consultant emailed COHEN at the **Target Account**, asking “Hey Michael, Have you heard anything new re merger?” COHEN responded, “Please call me on my private (client only) cell number,” providing him with a cellular telephone number. On or about May 16, 2017, the AT&T Consultant emailed the AT&T Senior VP with the subject “Recess appointment,” writing that “[REDACTED] is talking w/ T sometime in the next 2 days. Cohen is seeing him Thursday. I asked [REDACTED] to add a couple questions to the Morning Consult poll we use – should give us some strong numbers to bolster the argument for doing.”

55. Communications between COHEN and employees of AT&T have continued recently. For example, on or about September 11, 2017, COHEN, using the **Target Account**, sent the AT&T Consultant two emails, including one with the message “[s]peak to you tomorrow.” The other email was a news article entitled “Michael Cohen Would Take a Bullet for Donald Trump,” which profiled COHEN and his relationship to President Trump.

ii. Novartis Investments, SARL

56. Bank 1 records also show that since in or around April 2017, the Essential Consultants account at Bank 1 has received deposits totaling \$599,880 from a Swiss bank account held in the name of Novartis Investments, SARL, as summarized below:

APPROXIMATE DATE	DEPOSIT
4/5/2017	\$99,980
5/15/2017	\$99,980
6/14/2017	\$99,980
7/17/2017	\$99,980
8/14/2017	\$99,980

APPROXIMATE DATE	DEPOSIT
9/1/2017	\$99,980

Novartis Investments, SARL is the in-house financial subsidiary of the Swiss pharmaceutical company Novartis International AG (“Novartis”).

57. While campaigning for president, then-candidate Trump made statements indicating he disapproved of the prices of pharmaceutical drug prices. For example, on or about January 25, 2016, candidate Trump suggested that Medicare could save \$300 billion a year through stronger negotiation with major pharmaceutical companies but that the government did not do so “[b]ecause of the drug companies.” After his election, president-elect Trump made similar statements. On or about January 11, 2017, president-elect Trump stated, “We’ve got to get our drug industry back. Our drug industry has been disastrous. . . . We’re going to start [competitive] bidding and we’re going to save billions of dollars over a period of time.”

58. On or about January 16, 2017, COHEN, using his Trump Organization email address, sent a contact an email asking him to pass a message along to a senior executive of Novartis (“Novartis Executive 1”). The message was a link to an article suggesting that the Trump Administration would consider loosening drug approval standards as a way to bring down costs of pharmaceutical drugs. Emails obtained from Novartis show that COHEN’s contact did in fact forward the email to Novartis Executive 1, who in turn sent the article to an assistant with a request to print out the article.

59. On or about January 31, 2017, Novartis Executive 1 met with President Trump as part of a meeting between pharmaceutical drug company executives and the new White House administration. According to public reports, during the meeting President Trump “vow[ed] to speed the approval of new medicines and ease regulation.”

60. On or about February 2, 2017, COHEN received an email from the above-mentioned contact with Novartis Executive 1's information. The information provided both Novartis Executive 1's official email address and a private email address. On or about February 3, 2017, Novartis Executive 1 emailed COHEN, "Hi Michael, I received your email. This is the best way to reach me. Let's set up a phone call." COHEN subsequently received a calendar invitation for a telephone call with Novartis Executive 1 on or about February 10, 2017.

61. On or about February 13, 2017, COHEN sent an email from the **Target Account** to Novartis Executive 1 with the subject "Novartis Consulting Arrangement," writing that he was attaching "my pro forma consulting agreement." Over the subsequent days, emails indicate that COHEN and different employees from Novartis negotiated the terms of a contract. On or about February 15, 2017, another Novartis executive ("Novartis Executive 2") sent an internal email to another Novartis executive ("Novartis Executive 3"):

I just spoke with Michael Cohen a few minutes ago. He is generally fine with the contract, but want some changes to [sic] the Statement of Work, which he wanted to be more consulting/advisory and less lobbying. He made clear that he would not be lobbying for us (or others) and that he would not be registering as a lobbyist.

On or about February 16, 2017, Novartis Executive 2 sent another email to Novartis Executive 3:

I just spoke with Michael Cohen and received mark-ups of the Agreement and SOW [Statement of Work] from him Regarding the SOW, he has pared it back substantially so that it no longer provides details as to precisely what he will do for us. I pushed him on this, but in his view it would be safer for both of us to say less.

62. On or about February 17, 2017, COHEN through the **Target Account** received an email from Novartis Executive 2 with the subject "Re: Consulting Agreement" and the message "Michael—Attached is our agreement, signed on behalf of Novartis International AG. This version accepted all of the changes that you had sent to me" The attachment was a services

agreement between Novartis and Essential Consultants. The agreement anticipates that Essential Consultants will “provide consulting and advisory services to Novartis on matters that relate to the repeal and replacement of the Affordable Care Act in the US and any other issues mutually agreeable to [Essential Consultants] and Novartis.” The contract also anticipates a “consulting fee of One Million Two Hundred Thousand (\$1,200,000) US dollars,” to be paid to Essential Consultants in even monthly installments over the course of a year.

63. On or about February 18, 2017, Novartis Executive 1 emailed another executive at Novartis:

Confidentially I have put Michael Cohen on retainer to Novartis. He is the former personal attorney¹⁸ to the President, and was influential in the selections of most of the administration. He will provide access and advice for us, but will not lobby. . . . I want to use him to set up meetings when I am in Washington in May Please think through who we should meet and let me know. I will contact Michael and ask him to set up meetings.

64. On or about April 2, 2017, Novartis Executive 2 emailed Novartis Executive 1 and stated that they wanted to assess COHEN’s ability “to secure high-level government meetings” within the Administration, and that there was “no need to divulge our relationship with [COHEN].”

G. Michael D. Cohen & Associates P.C.

65. In addition to monies received through Essential Consultants, banking records obtained through the course of the investigation show that during 2017 COHEN has received significant payments through another corporation with the name “Michael D. Cohen & Associates P.C.” (“MDC&A”). Records from the New York State Department of State, Division of Corporations show that on or about March 21, 2017, COHEN registered the new corporation

¹⁸ At the time, COHEN still represented himself to be a personal attorney to the President. As of November 2017, he continues to make such representations.

“Michael D. Cohen & Associates, P.C.” Bank 1 records also show that in or around March 2017, COHEN opened a new bank account in the name of MDC&A. According to records obtained from Bank 1, COHEN is the sole signatory on the bank account.

66. Records from Bank 1 that since approximately April 2017, approximately \$291,666 has been made into the MDC&A account at Bank 1 from a bank account in the name of the law firm Squire Patton Boggs, as summarized below:

DATE	AMOUNT
April 5, 2017	\$41,666.67
April 28, 2017	\$41,666.67
May 31, 2017	\$41,666.67
June 30, 2017	\$41,666.67
July 31, 2017	\$41,666.67
August 31, 2017	\$41,666.67

Open-source records show that, on or about April 3, 2017, a press release from Squire Patton Boggs announced that the law firm and MDC&A have entered into a “strategic alliance” that “will enable the two firms to work together to advance the interests of their clients.” A search of open-source records has revealed no indication that this relationship has been terminated since April 2017.

67. Records obtained from another FDIC-insured financial institution (“Bank 6”) show that in or around March 2017, a new account was opened in the name of COHEN’s wife (COHEN is not identified as an account holder or signatory). Records from Bank 6 and another FDIC-insured financial institution (“Bank 7”) show that since February 2017, COHEN has received over \$280,000 through checks from President Trump, as summarized below:

APPROXIMATE DATE OF CHECK	AMOUNT
February 14, 2017	\$70,000
March 17, 2017	\$35,000
May 23, 2017	\$35,000
June 19, 2017	\$35,000
June 19, 2017	\$35,000
July 11, 2017	\$35,000
August 1, 2017	\$35,000

In most cases, COHEN endorsed the check over to his wife, who deposited the check into the account the account opened at Bank 6 in her sole name.

H. Recent Representations to Financial Institutions

68. According to Accountant 1, in or around early October 2017, COHEN directed Accountant 1 to prepare another “Statement of Financial Condition” for Bank 5.¹⁹ On or about October 6, 2017, Accountant 1 sent an email to COHEN at the **Target Account**. In the email, Accountant 1 wrote that “[a]ttached is a draft of the new PFS as at September 30, 2017” and attached a draft of the personal financial statement. According to this statement, COHEN claimed that as of September 30, 2017, he had assets of only \$33,430,000 and liabilities of approximately \$45,630,000, leaving him purportedly over \$12 million in debt.

69. In the October 6, 2017 email sent to COHEN at the **Target Account**, Accountant 1 warned COHEN that the financial statement did not list any assets associated with either Essential

¹⁹ Records obtained from Bank 5 indicate that COHEN continues to negotiate over his \$21 million in medallion loans, which he and his wife have personally guaranteed. Information obtained from Bank 5 indicates that COHEN has sought hundreds of thousands of debt relief from Bank 5 as part of negotiation.

Consultants or MDC&A: “[w]e did not add any value for you[r] two operating entities – Michael D. Cohen & Associates POC [*sic*] and Essential Consultants LLC. Please advise whether or not these should be disclosed and what value.” According to Accountant 1, in an earlier conversation COHEN had stated generally that he expected to earn approximately \$5-6 million a year through Essential Consultants and an additional \$70,000 per month through MDC&A; however, COHEN never provided Accountant 1 with any details.

70. On or about October 6, 2017, COHEN, using the **Target Account**, responded to Accountant 1’s email with the answer “[l]ooks good to me.” COHEN never provided Accountant 1 with any instructions to list any assets associated with Essential Consultants or MDC&A. Accountant 1 confirmed that neither entity was ever listed on the finalized Personal Financial Statement, and that COHEN has not made any estimated tax payments on behalf of Essential Consultants.

BACKGROUND CONCERNING GOOGLE MAIL

71. In my training and experience, I have learned that Google provides a variety of on-line services, including electronic mail (“email”) access, to the public. Google allows subscribers to obtain email accounts at the domain name gmail.com, like the Target Account. Subscribers obtain an account by registering with Google Mail. During the registration process, Google Mail asks subscribers to provide basic personal information. Therefore, the computers of Google are likely to contain stored electronic communications (including retrieved and unretrieved email for Google Mail subscribers and information concerning subscribers and their use of Google Mail services, such as account access information, email transaction information, and account application information. In my training and experience, such information may constitute evidence

of the crimes under investigation because the information can be used to identify the account's user or users.

72. In my training and experience, email providers generally ask their subscribers to provide certain personal identifying information when registering for an email account. Such information can include the subscriber's full name, physical address, telephone numbers and other identifiers, alternative email addresses, and, for paying subscribers, means and source of payment (including any credit or bank account number). In my training and experience, such information may constitute evidence of the crimes under investigation because the information can be used to identify the account's user or users. Based on my training and my experience, I know that, even if subscribers insert false information to conceal their identity, this information often provides clues to their identity, location, or illicit activities.

73. In my training and experience, email providers typically retain certain transactional information about the creation and use of each account on their systems. This information can include the date on which the account was created, the length of service, records of log-in (i.e., session) times and durations, the types of service utilized, the status of the account (including whether the account is inactive or closed), the methods used to connect to the account (such as logging into the account via the provider's website), and other log files that reflect usage of the account. In addition, email providers often have records of the Internet Protocol address ("IP address") used to register the account and the IP addresses associated with particular logins to the account. Because every device that connects to the Internet must use an IP address, IP address information can help to identify which computers or other devices were used to access the email account.

with professional responsibility requirements concerning the maintenance of attorney-client and other operative privileges. The procedures include use of a designated "filter team," separate and apart from the investigative team, in order to address potential privileges.

CONCLUSION

79. Based on the forgoing, I request that the Court issue the proposed search warrant.

REQUEST FOR SEALING

80. I further request that the Court order that all papers in support of this application, including the application, affidavit and search warrant, be sealed until further order of the Court. These documents discuss an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may give targets an opportunity to flee/continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, notify confederates, or otherwise seriously jeopardize the investigation.

Respectfully submitted,

Special Agent
Federal Bureau of Investigation

Subscribed and sworn to before me on this 13th day of November, 2017.

The Honorable Beryl A. Howell
Chief United States District Judge

Description: Search and Seizure Warrant

MOTION TO SEAL WARRANT AND RELATED DOCUMENTS AND
TO REQUIRE NON-DISCLOSURE UNDER 18 U.S.C. § 2705(b)

The United States of America, moving by and through its undersigned counsel, respectfully moves the Court for an Order placing the above-captioned warrant and the application and affidavit in support thereof (collectively herein the “Warrant”) under seal, and precluding the provider from notifying any person of the Warrant pursuant to 18 U.S.C. § 2705(b). In regard to the non-disclosure, the proposed Order would direct Google, an electronic communication and/or remote computing services provider headquartered at 1600 Amphitheatre Parkway, Mountain View, CA 94043, not to notify any other person (except attorneys for Google for the purpose of receiving legal advice) of the existence or content of the Warrant for a period of one year unless otherwise ordered of the Court.

JURISDICTION AND LEGAL BACKGROUND

1. The Court has the inherent power to seal court filings when appropriate, including the Warrant. *United States v. Hubbard*, 650 F.2d 293, 315-16 (D.C. Cir. 1980) (citing *Nixon v. Warner Communications, Inc.*, 435 U.S. 589, 598 (1978)). The Court may also seal the Warrant to prevent serious jeopardy to an ongoing criminal investigation when, as in the present case, such jeopardy creates a compelling governmental interest in preserving the confidentiality of the Warrant. *See Washington Post v. Robinson*, 935 F.2d 282, 287-89 (D.C. Cir. 1991).

deems appropriate, not to notify any other person of the existence of the warrant, subpoena, or court order. The court shall enter such an order if it determines that there is reason to believe that notification of the existence of the warrant, subpoena, or court order will result in—

- (1) endangering the life or physical safety of an individual;
- (2) flight from prosecution;
- (3) destruction of or tampering with evidence;
- (4) intimidation of potential witnesses; or
- (5) otherwise seriously jeopardizing an investigation or unduly delaying a trial.

18 U.S.C. § 2705(b). The United States District Court for the District of Columbia has made clear that a nondisclosure order under Section 2705(b) must be issued once the Government makes the requisite showing about potential consequences of notification:

The explicit terms of section 2705(b) make clear that if a courts [*sic*] finds that there is reason to believe that notifying the customer or subscriber of the court order or subpoena may lead to one of the deleterious outcomes listed under § 2705(b), the court must enter an order commanding a service provider to delay notice to a customer for a period of time that the court determines is appropriate. Once the government makes the required showing under § 2705(b), the court is required to issue the non-disclosure order.

In re Application for Order of Nondisclosure Pursuant to 18 U.S.C. § 2705(b) for Grand Jury Subpoena #GJ2014031422765, 41 F. Supp. 3d 1, 5 (D.D.C. 2014).

5. Accordingly, this motion to seal sets forth facts showing reasonable grounds to command Google not to notify any other person (except attorneys for Google for the purpose of receiving legal advice) of the existence of the Subpoena for a period of one year or until further order of the Court.

FACTS SUPPORTING SEALING AND NON-DISCLOSURE

6. At the present time, law enforcement officers of the FBI are conducting an investigation into violations related to 18 U.S.C. § 1014 (false statements to a financial institution), 18 U.S.C. § 1344 (bank fraud), 18 U.S.C. § 1956 (money laundering), as well as 18 U.S.C. § 951 (acting as an unregistered foreign agent) and the Foreign Agents Registration Act (“FARA”), 22

U.S.C. § 611 et seq. arising out of the conduct of Michael D. Cohen. It does not appear that Cohen is currently aware of the nature and scope of the ongoing FBI investigation into him.

REQUEST FOR SEALING AND NON-DISCLOSURE

7. In this matter, the government requests that the Warrant be sealed until further order of the Court and that Google and its employees be directed not to notify any other person of the existence or content of the Warrant (except attorneys for Google for the purpose of receiving legal advice) for a period of one year or until further order of the Court. Such an order is appropriate because the Warrant relates to an ongoing criminal investigation, the full scope of which is neither public nor known to the targets of the investigation, and its disclosure may alert these targets to the ongoing investigation and its scope. Once alerted to this investigation, potential targets would be immediately prompted to destroy or conceal incriminating evidence, alter their operational tactics to avoid future detection, and otherwise take steps to undermine the investigation and avoid future prosecution. In particular, given that they are known to use electronic communication and remote computing services, the potential target could quickly and easily destroy or encrypt digital evidence relating to their criminal activity.

8. Given the complex and sensitive nature of the criminal activity under investigation, and also given that the criminal scheme may be ongoing, the Government anticipates that this confidential investigation will continue for the next year or longer. However, should circumstances change such that court-ordered nondisclosure under Section 2705(b) becomes no longer needed, the Government will notify the Court and seek appropriate relief.

9. There is, therefore, reason to believe that notification of the existence of the Warrant will seriously jeopardize the investigation, including by giving the targets an opportunity to flee from prosecution, destroy or tamper with evidence, and intimidate witnesses. *See* 18 U.S.C.

§ 2705(b)(2)-(5). Because of such potential jeopardy to the investigation, there also exists a compelling governmental interest in confidentiality to justify the government's sealing request. *See Robinson*, 935 F.2d at 287-89.

10. Based on prior dealings with Google the United States is aware that, absent a court order under Section 2705(b) commanding Google not to notify anyone about a legal request, it is Google's policy and practice, upon receipt of a warrant seeking the contents of electronically stored wire or electronic communications for a certain account, to notify the subscriber or customer of the existence of the warrant prior to producing the material sought.

WHEREFORE, for all the foregoing reasons, the government respectfully requests that the above-captioned warrant, the application and affidavit in support thereof, and all attachments thereto and other related materials be placed under seal, and furthermore, that the Court command Google not to notify any other person of the existence or contents of the above-captioned warrant (except attorneys for Google for the purpose of receiving legal advice) for a period of one year unless otherwise ordered by the Court.

Respectfully submitted,

Description: Search and Seizure Warrant

ORDER

The United States has filed a motion to seal the above-captioned warrant and related documents, including the application and affidavit in support thereof (collectively the "Warrant"), and to require Google, an electronic communication and/or remote computing services headquartered at 1600 Amphitheatre Parkway, Mountain View, CA 94043 not to disclose the existence or contents of the Warrant pursuant to 18 U.S.C. § 2705(b).

The Court finds that the United States has established that a compelling governmental interest exists to justify the requested sealing, and that there is reason to believe that notification of the existence of the Warrant will seriously jeopardize the investigation, including by giving the targets an opportunity to flee from prosecution, destroy or tamper with evidence, and intimidate witnesses. *See* 18 U.S.C. § 2705(b)(2)-(5).

IT IS THEREFORE ORDERED that the motion is hereby **GRANTED**, and that the warrant, the application and affidavit in support thereof, all attachments thereto and other related materials, the instant motion to seal, and this Order be **SEALED** until further order of the Court; and

IT IS FURTHER ORDERED that, pursuant to 18 U.S.C. § 2705(b), Google and its employees shall not disclose the existence or content of the Warrant to any other person (except attorneys for Google for the purpose of receiving legal advice) for a period of one year unless otherwise ordered by the Court.
