19-26	6/21/19	email	Sue M.	NA	I am horrified that the comptroller would report undocumented residents to ICE because they have applied for a driver's license. I understand the concern about automatically using a driver's license to apply to vote. This should be easily remedied with some changes to the forms or even expressing the need for more staff to ensure that only citizens can vote. However, by reporting people to ICE, I am horrified and feel that it's an overreaction. Shame on you Stefan Mychajiw. It is your job to follow laws, you and Mickey Kearns cannot take the law into your own hands. This is an abuse of the whistle blower contact system	Sue M. 19-42	6/22/19	email	Sue M.		The use of this Hot Line to report potentially illegal immigrants applying for drivers licenses is, at a minimum, a waste of Erie County resources and, I believe, illegal. More importantly, it's immoral - especially for the obviously purely political and selfish reasons of the current Comptroller.
