Nature of Apparent Violation Contract Violation

#### Apparent Violation Description

I received a call from someone who was referred by UMOS. The caller did not want to identify herself. She said that she spoke to a man from Mexico who is not employed by Borzynski, but is employed by Saul (she did not know the last name). This man said that the terms of his contract are not being honored and that they were not being allowed to talk to anyone or go anywhere. She said they were almost being held "preso". She is calling Pedro Albiter to give him the details. She says about 90 people from Mexico are working for Saul and they are staying at the Hotel Riverside on Hwy 38 in Racine (262) 637-9311 3700 Northwestern Ave, Racine, WI 53405.
