## 1-1. SUMMARY OF INVESTIGATION

This investigation was initiated on 2 Aug 18 based upon information from the 88th Air Base Wing Base Defense Operations Center (BDOC), 88th Security Forces Squadron (88 SFS), Wright-Patterson AFB (WPAFB), OH, who relayed a Security Forces member discharged his firearm to make entry into the Wright-Patterson Medical Treatment Facility (WPMTF), Family Health Red Clinic (FHRC), in response to an active shooter report.

On 2 Aug 18, WPAFB was having an active shooter exercise at the Kittyhawk Chapel. At approximately 1228 hours, WPAFB Fire and 88 SFS received a 911 call from Civ (b)(6);(b)(7)(C) 88 MDG, WPAFB, OH reporting her friend, Civ (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH (b)(6);(b)(7)(C) explained (b)(6);(b)(7)(C) injured her ankle somewhere on base and needed help. As a result, SFS dispatched patrols to the WPMTF to look for (b)(6);(b)(7)(C) SFS members at the exercise were initially confused and believed this report was an exercise inject, as ten role players portraying injured patients were being bused to the WPMTF from the active shooter exercise. After checking with MSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, SFS Wing Inspection Team (WIT), SFS realized (b)(6);(b)(7)(C) call was not part of the exercise plan, and SFS responded to WPMTF to support the real world medical event. Capt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH radioed over the net and mistakenly asked BDOC the status of the med group active shooter as he was traveling to the hospital from the exercise. After hearing (b)(6);(b)(7)(C) radio transmission, Civ (b)(6);(b)(7)(C) 788 CES, Assistant Fire Chief, WPAFB, OH asked SFS members if it was real world; SFS members told Chief (b)(6);(b)(7)(C) they were responding real world, believing (b)(6);(b)(7)(C) was asking about (b)(6);(b)(7)(C) injured ankle.

SSgt (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH contacted BDOC from the WPMTF Emergency Room after hearing over the radio that WPAFB Fire was responding to an active shooter at the WPMTF. (b)(6);(b)(7)(C) reported there was an active shooter at the WPMTF. While BDOC attempted to validate (b)(6);(b)(7)(C) information, he told BDOC if he was going to be second guessed he would hang up, so BDOC was unable to validate how (b)(6);(b)(7)(C) received his information about the possible shooter. (b)(6);(b)(7)(C) four SFS members, and four AFOSI agents responded to complete a walkthrough of WPMTF to confirm the presence of a shooter as no shots were reported. Civ (b)(6);(b)(7)(C) 88 MDG, WPAFB, OH, contacted BDOC and reported there was a real world active shooter and that she (b)(6);(b)(7)(C) was in the FHRC. (b)(6);(b)(7)(C) reported the active shooter based on the lockdown announcement over the intercom and did not actually see or hear an active shooter. After BDOC relayed (b)(6);(b)(7)(C) information, 13 SFS members and one AFOSI agent stacked at the FHRC door and unsuccessfully attempted to gain entry with a key card and by striking the window. (b)(6);(b)(7)(C) heard SFS members along both sides of the FHRC entrance yelling to shoot the glass. Simultaneously, SSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH shouted to wait and struck at the glass with his M-4. As (b)(6);(b)(7)(C) M-4 struck the window, (b)(6);(b)(7)(C) fired at the window five times, resulting in one of (b)(6);(b)(7)(C) rounds striking (b)(6);(b)(7)(C) M-4 along the top rail, which caused (b)(6);(b)(7)(C) to sustain minor injuries from shrapnel. (b)(6);(b)(7)(C) stated he intentionally aimed

and fired at the window to gain access to the FHRC because he believed people were being hurt inside the clinic. (b)(6);(b)(7)(C) used the barrel of his M-4 to clear a hole in the window and opened the door. (b)(6);(b)(7)(C) and others entered the FHRC to confront the reported active shooter.

## 2-1. INVESTIGATIVE ACTIVITIES

2-1. This investigation was initiated on 2 Aug 18 based upon information from the 88th Air Base Wing Base Defense Operations Center (BDOC), 88th Security Forces Squadron (88 SFS), Wright-Patterson AFB (WPAFB), OH, who relayed a security forces member discharged his firearm to make entry into the Wright-Patterson Medical Treatment Facility (WPMTF), Family Health Red Clinic (FHRC), in response to an active shooter report.

2-2. On 2 Aug 18, SA (b)(6);(b)(7)(C) Commander, Air Force Office of Special Investigations (AFOSI) 10th Field Investigations Squadron (10 FIS), WPAFB, OH, coordinated with Capt (b)(6);(b)(7)(C) 88th Air Base Wing Staff Judge Advocate (88 ABW/SJA), WPAFB, OH, regarding the facts and circumstances of the investigation.

2-3. On 2 Aug 18, SA (b)(6);(b)(7)(C) delivered an Electronic Notification Report (ENR) regarding the investigation to Headquarters (HQ) AFOSI.

2-4. On 2 Aug 18, Investigator (Inv) (b)(6);(b)(7)(C) 88 SFS, Investigations (S2I), WPAFB, OH, provided a sworn written statement (Exhibit 1) of her actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) AFOSI 10 FIS, WPAFB, OH conducted a review of her statement which revealed the following information: At approximately 1240 on 2 Aug 18, Inv (b)(6);(b)(7)(C) Inv (b)(6);(b)(7)(C) 88 SFS/S2I, WPAFB, OH, and Detective (Det) (b)(6);(b)(7)(C) 88 SFS/S2I, WPAFB, OH, arrived at the WPMTF for the report of an active shooter. Inv (b)(6);(b)(7)(C) ran inside the WPMTF and joined the patrolmen already on scene against the wall and ready to enter the FHRC. An unidentified individual said the door was locked and a few people suggested breaking the glass. Inv (b)(6);(b)(7)(C) was not sure who made these statements since she was in the back of the formation. Inv (b)(6);(b)(7)(C) heard a male say, "shoot the glass." She then heard a few shots go off, but was unable to see who fired the rounds. After the door was opened, approximately eight 88 SFS members entered the FHRC and proceeded to clear out the rooms.

2-5. On 2 Aug 18, SrA (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH provided a sworn written statement (Exhibit 2) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: At approximately 1240, (b)(6);(b)(7)(C) was dispatched from building 295 to an active shooter incident at the WPMTF. (b)(6);(b)(7)(C) arrived with SSgt (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, SrA (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, and other 88 SFS members at the west entrance of the WPMTF. (b)(6);(b)(7)(C) entered and positioned himself prone to cover the hallway by the elevators south of the entrance by the FHRC. As 88 SFS members were breaching the FHRC, (b)(6);(b)(7)(C) heard a conversation about it being

locked. (b)(6);(b)(7)(C) heard a voice he believed was Inv (b)(6);(b)(7)(C) tell another 88 SFS member to shoot the door. (b)(6);(b)(7)(C) heard three shots and did not see who fired them. Following the shots, (b)(6);(b)(7)(C) cleared out the basement and redirected personnel out of the WPMTF.

2-6. On 2 Aug 18, A1C (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, provided a sworn written statement (Exhibit 3) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) entered the WPMTF with a team of eight to ten 88 SFS members, including (b)(6);(b)(7)(C). The 88 SFS team stacked up on the door to the FHRC, which could not be opened. Multiple defenders attempted trying to kick and push the door open. Someone out of the team shouted, "shoot the door." (b)(6);(b)(7)(C) proceeded to get the door open by shooting three rounds at the door handles.

2-7. On 2 Aug 18, (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 4) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: At approximately 1300 on 2 Aug 18, (b)(6);(b)(7)(C) entered with a group of 88 SFS members through the west entrance of the WPMTF, and they stacked up on the FHRC doors. (b)(6);(b)(7)(C) was at the back of the stack and heard 88 SFS members yelling "open the fucking door." (b)(6);(b)(7)(C) heard another person say "shoot the window." (b)(6);(b)(7)(C) heard three gunshots and the individuals who were stacked on the door began to funnel into the FHRC. (b)(6);(b)(7)(C) did not know who made the statements and later learned it was (b)(6);(b)(7)(C) who fired at the window.

2-8. On 2 Aug 18, A1C (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, provided a sworn written statement (Exhibit 5) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) was in the WPMTF with his fire team conducting clearing procedures room to room when he learned the shooter was in the FHRC. (b)(6);(b)(7)(C) then made his way to the door of the FHRC. (b)(6);(b)(7)(C) stated SFS tried multiple times to get the door open to the FHRC with no success. As 88 SFS members were stacked on the door, people yelled they needed to get into the FHRC now. (b)(6);(b)(7)(C) heard someone yell we need to shoot the door open so they could get in and get to the threat. (b)(6);(b)(7)(C) jumped in front of the door and stated he was going to shoot the door open. (b)(6);(b)(7)(C) fired three shots at the lock on the door to get it open. After (b)(6);(b)(7)(C) fired at the door, it opened and (b)(6);(b)(7)(C) continued with his fire team to clear and open doors in the FHRC until all the rooms were cleared.

2-9. On 2 Aug 18, SrA (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, provided a sworn written statement (Exhibit 6) of her actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) was called to an active shooter incident at the WPMTF. Upon arrival, (b)(6);(b)(7)(C) met with TSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, who instructed her to enter the building and help with clearing rooms and looking for the potential shooter. At that time,

(b)(6);(b)(7)(C) was instructed to go directly to the FHRC. At the door, (b)(6);(b)(7)(C) joined with other SFS members to breach the door into the FHRC. An SFS member attempted to open the door and stated it was locked. They attempted to kick it down and use force to open the door and it did not work. Once 88 SFS members realized they couldn't break it down, she heard someone shout "just shoot it" and heard three shots go off. 88 SFS members then entered the FHRC and proceeded to clear the area. The individual who shot at the door was (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) continued to assist in sweeping the WPMTF covering the second, third and fourth floors.

2-10. On 2 Aug 18, TSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, provided a sworn written statement (Exhibit 7) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) was at the exercise active shooter event at Building 1220, Kittyhawk Chapel. A radio message was relayed of a real world active shooter at the WPMTF. (b)(6);(b)(7)(C) responded to the WPMTF with 12 88 SFS personnel and arrived at the entrance to the FHRC. (b)(6);(b)(7)(C) was on the left side of the door as the point man and had an AFOSI agent he did not know behind him. (b)(6);(b)(7)(C) noticed SSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, Det (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) were part of the team and were ready to gain entry. The door was locked and (b)(6);(b)(7)(C) heard someone say, "What are we waiting for? Break the glass, go in." After an attempt from (b)(6);(b)(7)(C) to break the glass with his M-4 was unsuccessful, (b)(6);(b)(7)(C) heard someone say to shoot the glass. (b)(6);(b)(7)(C) fired his weapon three or four times and the door was opened. (b)(6);(b)(7)(C) made entry into the FHRC and began clearing the location.

2-11. On 2 Aug 18, Det (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 8) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: Det (b)(6);(b)(7)(C) was notified of an active shooter incident at the WPMTF by Inv (b)(6);(b)(7)(C) and responded. Det (b)(6);(b)(7)(C) entered the WPMTF through the side entrance next to the FHRC. (b)(6);(b)(7)(C) was advised by 88 SFS members on scene that the shooter was in the FHRC so he went to the doors of FHRC. The door to the FHRC was locked and Det (b)(6);(b)(7)(C) yelled for someone to break the glass so the door could be opened through the window. Det (b)(6);(b)(7)(C) heard someone yell "shoot that door." Someone came out of the stack from behind Det (b)(6);(b)(7)(C) and fired what appeared to be three shots through the door. Det (b)(6);(b)(7)(C) yelled, "That's enough," and someone broke the glass at that point, enabling 88 SFS members to enter the FHRC. The FHRC was cleared and no shooters were identified. Det (b)(6);(b)(7)(C) did not see who fired their weapon.

2-12. On 2 Aug 18, SSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH provided a sworn written statement (Exhibit 9) of her actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of her statement which revealed the following information: (b)(6);(b)(7)(C) was posted as Police 2-1 with Officer (b)(6);(b)(7)(C) DAF, WPAFB, OH. (b)(6);(b)(7)(C) was participating in the active shooter exercise at the Kittyhawk Chapel when they were dispatched by BDOC to go to the WPMTF. Upon being dispatched, (b)(6);(b)(7)(C) was told someone had rolled

their ankle but there was confusion as to if it was a part of the exercise. (b)(6);(b)(7)(C) responded to the WPMTF Emergency Room (ER) and upon arrival was then told by ER staff there was an active shooter at the WPMTF in the FHRC and the ER had initiated active shooter (b)(7)(E) for the WPMTF. (b)(7)(E) (b)(6);(b)(7)(C) Inv (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C), AFOSI 10 FIS, WPAFB, OH, whose names (b)(6);(b)(7)(C) did not know began clearing the WPMTF first floor when it was confirmed on the radio the active shooter was in the FHRC. (b)(6);(b)(7)(C) joined 88 SFS members who were stacking on both sides of the entrance to the FHRC. They attempted to use a badge to open the door to the FHRC but card access was disabled due to the lockdown and (b)(6);(b)(7)(C) yelled for others to find a way in. 88 SFS members could not locate another entrance, so they attempted to break the glass to get in which was unsuccessful. (b)(6);(b)(7)(C) attempted to step up and strike the window when Inv (b)(6);(b)(7)(C) and other 88 SFS members yelled, "Just shoot the gosh damn thing." (b)(6);(b)(7)(C) stepped in front of the door and fired what (b)(6);(b)(7)(C) believed were five shots into the glass and 88 SFS members were then able to open the door and enter. After clearing the FHRC with Inv (b)(6);(b)(7)(C) Inv (b)(6);(b)(7)(C) and AFOSI agents, (b)(6);(b)(7)(C) noticed (b)(6);(b)(7)(C) still had his weapons. (b)(6);(b)(7)(C) recalled from training that when a defender discharged a weapon it should be taken, so (b)(6);(b)(7)(C) secured the weapon in a room with a defender guarding it until AFOSI could take possession of it.

2-13. On 2 Aug 18, (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 10) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) was involved in an exercise at the Kittyhawk Chapel, WPAFB, OH. (b)(6);(b)(7)(C) were called to respond to a 911 call at the WPMTF. Personnel at the ER told (b)(6);(b)(7)(C) there was an active shooter in the WPMTF; however, the 911 call was concerning someone who had received an injury on WPMTF grounds. (b)(6);(b)(7)(C) made contact with the fire department to establish an incident command center. (b)(6);(b)(7)(C) TSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH and a few AFOSI agents entered the WPMTF to contact the active shooter. The FHRC was where the 911 call originated, so it became their focus. 88 SFS teams arrived and formed entry teams before the shots were reported and (b)(6);(b)(7)(C) acted as a focal point for operations conducted to clear the floors and evacuate personnel. (b)(6);(b)(7)(C) coordinated with Dayton Police Department (DPD) officers and relayed information to the flight chief and assisted in coordinating the clearing of the WPMTF.

2-14. On 2 Aug 18, Inv (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 11) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: During Inv (b)(6);(b)(7)(C) response to the WPMTF active shooter incident, he made entry to the WPMTF at the rotating entry nearest to the FHRC. Upon entering, Inv (b)(6);(b)(7)(C) joined 88 SFS members who attempted to make entry at the FHRC door. (b)(6);(b)(7)(C) asked why entry hadn't been made yet and asked why they hadn't shot their way in. Following Inv (b)(6);(b)(7)(C) question, an 88 SFS member shot four or five rounds from his M-4. The 88 SFS team opened the door and began clearing the FHRC. Inv (b)(6);(b)(7)(C) declared

the FHRC secure, but with remaining locked doors he continued to clear floors four and five of the WPMTF. On floor five, (b)(6);(b)(7)(C) received a master key to the facility from Col (b)(6);(b)(7)(C) 88 MDG/CC, WPAFB, OH and went back to the FHRC to open the remaining locked doors. Inv (b)(6);(b)(7)(C) cleared the locked rooms at the FHRC and was told to stand by.

2-15. On 2 Aug 18, (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, provided a signed sworn written statement (Exhibit 12) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) made entry into the WPMTF from the clinic side. People were already at the door to the clinic. (b)(6);(b)(7)(C) and other defenders were on the right side of the door. Once everyone was stacked along the wall they attempted to make entry. (b)(6);(b)(7)(C) attempted to open the door but it wouldn't open. People began to yell to shoot the glass. (b)(6);(b)(7)(C) shot the glass about three times with his M-4 and (b)(6);(b)(7)(C) used the barrel of his M-4 to make a big enough hole in the window to press the push bar and open the door.

2-16. On 2 Aug 18, (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 13) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: (b)(6);(b)(7)(C) arrived on scene at the WPMTF following the notification of a real world active shooter. (b)(6);(b)(7)(C) did not see other 88 SFS members on scene and notified BDOC he was making entry to the WPMTF. (b)(6);(b)(7)(C) was in the process of clearing the second floor when BDOC broadcast that a real world active shooter was in the FHRC. (b)(6);(b)(7)(C) went downstairs and proceeded to go directly to the reported threat location. (b)(6);(b)(7)(C) saw approximately eight to fifteen 88 SFS members and Security Forces Office of Investigations (SFOI) investigators outside the FHRC. (b)(6);(b)(7)(C) attempted to open the door and it was locked. (b)(6);(b)(7)(C) heard either (b)(6);(b)(7)(C) Det (b)(6);(b)(7)(C) or the SFOI NCOIC say, "Shoot that mother fucker, we need to get in there." (Agent Note: The SFOI NCOIC was Inv (b)(6);(b)(7)(C) stated he wanted to smash the window with his M-4 barrel, and he struck the glass. The glass did not break. While he was still at the door, beginning to back away, he heard three to six gunshots to the right of his head. He backed up quickly. (b)(6);(b)(7)(C) saw a flash come across the top of his M-4 and observed damage to his weapon. (b)(6);(b)(7)(C) was confused, and thought his weapon might have fired when he struck the glass, so he ensured he had all his ammo. (b)(6);(b)(7)(C) did not see who fired the weapon. (b)(6);(b)(7)(C) grabbed a patient she did not know from an exam room along with two other coworkers, locked the door and put a chair in front of the door. After

an undeterminable amount of time, (b)(6);(b)(7)(C) heard approximately 5 shots from a handgun and felt drywall and debris hit her face and head. (b)(6);(b)(7)(C) recalled multiple gunshot holes lodged in her door and the wall as well as the printer above where (b)(6);(b)(7)(C) was seated. (b)(6);(b)(7)(C) heard a male and female voice yelling "Stop," and "This is locked," and saw the door handle jiggle. (b)(6);(b)(7)(C) relayed it was quiet for a while then heard yelling followed by the sound of rooms being cleared.

In addition to her written statement, (b)(6);(b)(7)(C) provided the following information: (b)(6);(b)(7)(C) relayed that she worked in the FHRC and was in her office during the exercise and the Real World (b)(7)(E) (b)(6);(b)(7)(C) believed the male and female voices belonged to Security Forces members.

He observed smoke in the air when the bullets hit the walls in the room. (b)(6);(b)(7)(C) saw the bullet holes after the smoke cleared. He then heard numerous screams coming from outside of the room from unidentified individuals later determined to be 88 SFS members. He heard them yell, "Put your hands up," and "Don't do it." (b)(6);(b)(7)(C) stood by the door before the shots were initially fired, and then barricaded himself under the desk.

(b)(6);(b)(7)(C) stated the MCCO confirmed it was a mistake. (b)(6);(b)(7)(C) continued to participate in the exercise until the second real world active shooter announcement, followed by a (b)(7)(E) announcement, was made. Civ (b)(6);(b)(7)(C) 88 MDG, WPAFB, OH came out of her office and told (b)(6);(b)(7)(C) the announcement was real and to hide. (b)(6);(b)(7)(C) ran into an unknown room in the back of the FHRC with (b)(6);(b)(7)(C) and barricaded herself. (b)(6);(b)(7)(C) locked the door and put a chair underneath the door handle. (b)(6);(b)(7)(C) was under the desk, (b)(6);(b)(7)(C) was to the right of the doorway, (b)(6);(b)(7)(C) was in the back of the room farthest from the door, (b)(6);(b)(7)(C) was near the printer, (b)(6);(b)(7)(C) was on the wall on the

opposite side of the door. Approximately 10 minutes after they barricaded themselves in the room, (b)(6);(b)(7)(C) heard and saw 5 gun shots go through the wall. (b)(6);(b)(7)(C) opened the room door and saw Dayton Police Department (DPD) officers and 88 SFS members began to clear the room. (b)(6);(b)(7)(C) stated (b)(6);(b)(7)(C) was the individual who called 911 multiple times from her office in the FHRC during these events because she misunderstood the 88 SFS members when they said "SF, open up" and thought they had said "MF, open up." (b)(6);(b)(7)(C) interpreted the communication as a derogatory remark which sent her into a panic. (b)(6);(b)(7)(C) stated she heard unknown members walk around the WPMTF halls and yell (b)(7)(E) but many of the WPMTF personnel were unsure what that actually meant. (b)(7)(E) (b)(7)(E) (b)(7)(E) After (b)(6);(b)(7)(C) returned home, (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) from the desk in (b)(6);(b)(7)(C) room. (b)(6);(b)(7)(C) relayed his call-sign. Prior to Lt Col (b)(6);(b)(7)(C) request, (b)(6);(b)(7)(C) was never informed it was shots fired from an SF member.

In addition to his written statement, (b)(6);(b)(7)(C) provided the following information: There was no radio traffic that indicated anyone was going to discharge their weapon to open the door prior to the window being shot.

2-66. On 2 Aug 18, SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) at Building 295, who provided a signed, sworn statement (Exhibit 24) which relayed the following: On 2 Aug 18, (b)(6);(b)(7)(C) was posted at BDOC. (b)(6);(b)(7)(C) arrived at work after the active shooter exercise started. (b)(6);(b)(7)(C) assisted with phone calls and dispatched personnel to the exercise. At approximately 1230, (b)(6);(b)(7)(C) received a 911 call from Civ (b)(6);(b)(7)(C) 88 MDG, WPAFB, OH and stated (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) dispatched patrols from the exercise to attempt to locate (b)(6);(b)(7)(C) near the hospital. (b)(6);(b)(7)(C) received a second call from (b)(6);(b)(7)(C) who relayed a passerby picked (b)(6);(b)(7)(C) up and brought her to the ER. (b)(6);(b)(7)(C) spoke with Capt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, who was at the WPMTF, and explained the situation regarding (b)(6);(b)(7)(C) to him. (b)(6);(b)(7)(C) then asked about an active shooter at building 830. (b)(6);(b)(7)(C) told (b)(6);(b)(7)(C) he believed it was a confusion from the exercise and (b)(6);(b)(7)(C) being mixed together. At 1238, (b)(6);(b)(7)(C) received a call from (b)(6);(b)(7)(C) who stated there was an active shooter at the WPMTF. (b)(6);(b)(7)(C) called the ER back to verify, and (b)(6);(b)(7)(C) verified there was an active shooter. (b)(6);(b)(7)(C) advised (b)(6);(b)(7)(C) to stay on the phone and look through the ER camera system for a shooter. (b)(6);(b)(7)(C) dispatched units to the WPMTF, and patrols initiated their walkthrough. (b)(6);(b)(7)(C) asked (b)(6);(b)(7)(C) if he heard anything suspicious. (b)(6);(b)(7)(C) could not see anything suspicious on the cameras but said the Fire Department told him about the active shooter. (b)(6);(b)(7)(C) received a 911 call about a shooter in the FHRC and on that same phone call (b)(6);(b)(7)(C) heard shots fired. BDOC did not know it was (b)(6);(b)(7)(C) who fired those shots until approximately 30 minutes later. (b)(6);(b)(7)(C) finished up his procedures once the sweeps were completed and evacuation was accomplished.

In addition to his written statement, (b)(6);(b)(7)(C) provided the following information: (b)(6);(b)(7)(C) from the Adolescence Clinic called 911 (b)(6);(b)(7)(C) Police-1 and Police-2 were dispatched to look for (b)(6);(b)(7)(C) communicated that her friend was picked up and brought to the ER. Police-1 and Police-2 cancelled their route, and Police-2 resumed to the ER. (b)(6);(b)(7)(C) called (b)(6);(b)(7)(C) and stated there was a report of an active shooter at Building 830. The 911 call came from a woman whispering about an active shooter in the FHRC which is when shots were heard over the phone. BDOC heard the shots from the phone call and at the time did not know if they were from an SFS member.

2-67. On 2 Aug 18, SA (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 25) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) responded to the 88 ABW Operations Readiness Exercise (ORE) at the Area A Chapel to evaluate agents during an active shooter exercise. Approximately five minutes after SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) arrived to the exercise there was a pause on the exercise due to confusion between SFS members and Fire Department members over radio traffic. SA (b)(6);(b)(7)(C) was asked

by SFS and WPAFB Fire personnel to respond to the medical clinic for a report of a “real world” active shooter. SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) responded immediately to the WPMTF; SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) did not go due to not having ballistic vests with them for the exercise. SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) spoke with (b)(6);(b)(7)(C) who stated there was confusion between the exercise and a medical response and asked AFOSI to assist in doing a quick sweep of the ER area. As SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SFS personnel on scene entered the WPMTF another call out for “real world active shooter” was made. SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) began making telephone calls and notifications due to not having ballistic vests present. As more SFS and civilian police departments began arriving the confusion increased both on scene and in the radio traffic. SA (b)(6);(b)(7)(C) received updates from the agents in the WPMTF as they assisted in clearing the WPMTF and coordinated information with Fire Chief (b)(6);(b)(7)(C). This continued until all bystanders were deemed to be cleared of the WPMTF and AFOSI took control of the crime scene.

2-68. On 2 Aug 18, SA (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 26) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) responded to the base exercise of an active shooter at Bldg 1220, Kittyhawk Chapel, WPAFB, OH. SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) were there to evaluate the AFOSI response of SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) to the active shooter. As AFOSI arrived at the exercise a 911 call came across the fire dispatch, and EMS and SFS immediately responded to the incident. As the exercise was on pause and all AFOSI crime scene processing equipment was present, AFOSI responded to the WPMTF as well. On scene at the WPMTF, SFS believed there was confusion between the exercise active shooter and a medical call, but there was a report of an active shooter in the WPMTF. The only armed and equipped personnel on scene at the time were four AFOSI personnel and four SFS who began conducting a systematic search for an active shooter in the WPMTF. After approximately 15 minutes, additional SFS members and local law enforcement arrived to the WPMTF and SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) continued to coordinate with the agents inside the WPMTF.

2-69. On 2 Aug 18, SA (b)(6);(b)(7)(C) provided a sworn written statement (Exhibit 27) of his actions during the response to the reported active shooter. SA (b)(6);(b)(7)(C) conducted a review of his statement which revealed the following information: At approximately 1215, SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) responded to an exercise inject of an active shooter at the base chapel. Agents were in the process of receiving a briefing when the exercise was paused for a real world notification of an active shooter at the base WPMTF. SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) were instructed to go to the WPMTF by SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C). SFS on scene decided to conduct a preliminary sweep and clear of the WPMTF because they believed it was a mistake and requested armed agents to assist. SA (b)(6);(b)(7)(C) teamed up with a female SFS member who's name he did not know and entered through the WPMTF with his weapon still holstered at this time. After clearing towards the atrium towards the elevators the words “real world active

shooter located at the FHRC” came over the female SFS members’ radio. SA (b)(6);(b)(7)(C) immediately went to the FHRC and drew his weapon as he arrived at the FHRC. Approximately five to eight SFS members were at the door and one SFS Investigator later identified as Det (b)(6);(b)(7)(C) stacked on the door from both the left and right side of the door. (b)(6);(b)(7)(C) attempted to open the door and stated it was locked. At that time another SFS Investigator later identified as (b)(6);(b)(7)(C) came around the corner and stacked on the opposite side of the door (right side). At this point someone yelled to break the glass and (b)(6);(b)(7)(C) attempted to break the glass with the muzzle of his rifle but failed. Following (b)(6);(b)(7)(C) attempt to break the glass the SFS Investigator (b)(6);(b)(7)(C) stepped out of the stack and yelled, “shoot the fucking glass.” Another SFS member stepped out of the stack and fired rounds at the glass window in the door. SA (b)(6);(b)(7)(C) heard three shots fired and someone told him to stop. SA (b)(6);(b)(7)(C) estimated 10-12 seconds passed from the time (b)(6);(b)(7)(C) stated the door was locked and the shots were fired. SA (b)(6);(b)(7)(C) estimated the time between someone yelling “shoot the glass” and the shots being fired was one second. After the shots were fired, someone reached through the window of the door and opened the door to the FHRC. SA (b)(6);(b)(7)(C) continued to assist SFS in clearing and securing the WPMTF.

2-70. On 2 Aug 18, SA (b)(6);(b)(7)(C) arrived on scene at Building 830, WPMTF at approximately 1501. Already on scene were SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), AFOSI 10 FIS, WPAFB, OH The weather was cloudy, approximately 79 degrees Fahrenheit, and no wind. WPMTF is a five story hospital with a basement located on Area A of WPAFB. The main entrance and Emergency Room (ER) is on the South side of the hospital facing south. There is a clinic entrance with a rotating door on the west side of the hospital facing west. Upon arrival, the entrance to the hospital was restricted by SFS and a crime scene was already established in the hallway leading to the FHRC. The interior of the hospital was illuminated by florescent lights. The FHRC was located on the first floor of the hospital to the west of the main entrance and adjacent to the ER. Inside the FHRC was a waiting area, check in desks and multiple offices and patient rooms.

Prior to AFOSI taking control of the scene, SFS personnel had cleared the FHRC of bystanders who had been locked in their rooms and hiding from the report of the active shooter. The scene was changed during this process and objects, medical carts, and other items were moved during the clearing process. At the start of scene processing, many military and civilian workers were attempting to gain access to the scene to retrieve cellular phones and car keys. They were not permitted to enter; however, SA (b)(6);(b)(7)(C) retrieved personal items throughout the scene and provided them to large crowd assembled outside the perimeter of the FHRC. These items were evaluated as potential evidence before being removed.

AFOSI established an evidence collection point in the hallway outside of the FHRC. SA (b)(6);(b)(7)(C) was designated as the team leader and took notes, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) were designated to take notes and sketch the scene, Civ (b)(6);(b)(7)(C), 88 Air Force Mobility Command (AFMC) Public Affairs (PA) and SA (b)(6);(b)(7)(C) photographed the scene (Exhibit 28), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C) and

SA (b)(6);(b)(7)(C) AFOSI 10 FIS, WPAFB, OH were designated as search, interview and support personnel. SA (b)(6);(b)(7)(C) was designated as evidence custodian. SA (b)(6);(b)(7)(C) began the search by having (b)(6);(b)(7)(C) take establishing photographs of the exterior of the structure. SA (b)(6);(b)(7)(C) photographed injuries (b)(6);(b)(7)(C) sustained from his weapon being struck by one of the rounds fired by (b)(6);(b)(7)(C).

SA (b)(6);(b)(7)(C) conducted an initial walkthrough of the scene with SA (b)(6);(b)(7)(C) and donned personal protective equipment (PPE), which consisted of one pair of nitrile gloves. SA (b)(6);(b)(7)(C) noted five shell casings in the hallway outside of the FHRC. At the entrance to the FHRC the door was propped open and the window was broken. Shards of glass were on the floor at the door, inside the FHRC and outside into the hall way of the FHRC. Metal fragments were on the floor at the door and in the hallway outside of the FHRC as well as small fragments of copper. Continuing inside the FHRC the wall straight ahead of the clinic entrance had a Stop sign on it. The wall was the north wall of room 1R19 was labelled wall A. Wall A had three to four apparent bullet defects. In front of the doorway to 1R19 there were two copper metal fragments on the floor. Inside 1R19 the north wall was labelled Wall B. On Wall B two apparent bullet defects were noted. The south side of room 1R19 was labelled Wall C and one defect was noted. To the south of room 1R19 was room 1R33. The North wall in room 1R33 was labelled Wall D and one bullet defect was noted. The south wall in room 1R19 was labelled Wall E and one bullet defect was noted. There was a utility cart in the hallway south of room 1R33 with a blue piece of cloth pull up resting on the top of the cart. In the hallway were small pieces of red plastic and small pieces of blue fiber. There was damage in the cart to two of the red plastic bins and appeared to have been struck by a projectile. The cart was moved by SFS clearing teams but they could not name who specifically moved it. The only information provided was that it was seen in front of room 1R34. Under the cart along the south wall in the hallway was a copper fragment. The outside wall of IR34 was labelled Wall H and had seven apparent bullet defects. Inside room IR34 on the opposite side of the wall to Wall H was labelled Wall F and had five observed bullet defects. The south wall in IR34 was labelled Wall G and consisted of three bullet defects behind a decorative sheet hanging on the wall. IR34 also had a printer on a desk on the east side of the room which contained a bullet defect.

Blood was reported to be found to the east in the hallway outside of the FHRC. As well as outside of stairwell 1 on the east side of the hospital. Two spatter patterns were identified on the floor in the hall and on the lower portion of the wall. Blood Pattern 1 (BP1) was on the floor in the hall and consisted of 15 – 20 stains, some having been wiped on the floor. Blood Pattern 2 (BP2) consisted of blood stains on the lower portion of the hall wall and consisted of approximately 32 smaller stains. SA (b)(6);(b)(7)(C) was notified medical personnel were using fake blood as part of their exercise and BP1 and BP2 were suspected to be from that. SA (b)(6);(b)(7)(C) performed a presumptive test for blood using Quick Check Green on both BP1 and BP2. The results were negative on both stains. The stains were photographed with and without scale. (b)(6);(b)(7)(C) was located on the inner portion of the doorway leading to a stairwell labelled stairwell 1LS1. This stairwell was on the east side of WPMTF. The stain appeared to be multiple transfer stains on the wall. (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

SA (b)(6);(b)(7)(C) photographed all identified metal fragments and shell casings outside of the FHRC as well as fragments found inside the FHRC. All walls containing potential bullet defects were photographed and most of the defects were photographed.

SA (b)(6);(b)(7)(C) contacted SA (b)(6);(b)(7)(C) Forensic Sciences Consultant (FSC), AFOSI 3<sup>rd</sup> Field Investigations Squadron (FIS), Specialty Flight, Joint Base San Antonio (JBSA) - Lackland, TX and briefed her on the scene. SA (b)(6);(b)(7)(C) established Facetime communication with SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) conducted a FaceTime walk through of the scene with SA (b)(6);(b)(7)(C). SA (b)(6);(b)(7)(C) informed SA (b)(6);(b)(7)(C) she would come out to assist in crime scene reconstruction and to get to a point where processing the scene could stop and be secured until her arrival. SA (b)(6);(b)(7)(C) stopped documentation of the crime scene and the crime scene was secured and sealed using evidence tape.

17 Pieces of evidence were collected during the processing of this scene to include 5 brass shell casings, pieces of black fiber, pieces of copper fragments and pieces of metal fragments.

AFOSI collected all evidence and equipment and exited the scene. AFOSI departed the scene and returned to AFOSI 10 FIS, 5215 Thurlow St, building 70, WPAFB, OH, to log and secure all items of evidence.

On 4 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) returned to the scene to conduct reconstruction of the shooting and conduct a search for projectiles in the walls of the FHRC. Agents present for the search were SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C), SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C). AFOSI 10 FIS, WPAFB, OH. The crime scene tape placed on the door from 2 Aug 18 was still intact and did not show any signs of tamper. During the processing the walls were relabeled and the bullet defects were mapped on each surface and re-photographed (Exhibit 29).

Several bullet defects were tested in an effort to determine if they were likely made by a fired projectile. The tests used for this purpose were dithiooxamide (DTO) for the presence of copper residue (jacketing) and sodium rhodizonate (SR) to test for the presence of lead. It is possible for a bullet defect to test positive on one test but not the other depending on the makeup of the

fragment which came in contact with the suspected bullet defect. All measurements taken were approximate.

The exterior to the FHRC was labelled A and when facing the FHRC had a shrapnel pattern west of the broken window labelled A1. The approximate center of A1 to the floor was 4'6" and 1', 1.5" to the right side of the door. There was a suspected bullet defect in the frame of the window on the left side of the window labelled A2. A2 was a bullet defect with a smaller diameter on surface A and a larger diameter on surface C indicating a possible directionality of a projectile moving from outside the window to inside the FHRC. A1 was tested using DTO and SR and had a faint positive for DTO and a positive for SR. A2 was tested using DRO and SR and had a faint positive for both tests. A3 was a defect located on the east door of A. it consisted of a dent in the wood of the door which was 4'6" from the floor and 3'1/4" from the right door frame. A3 was tested using DTO and SR and was positive. A3 looked to be caused by an object striking the door with force. Surface A had two pieces of paper taped to the door. A2 had a hole consistent with a projectile fired through paper indicating it was there at the time the shooting took place. A3 was made through the other piece of paper and showed a directionality of the force moving from right to left to right at a slightly upward angle.

To the right of the door was a half wall labelled B and had a shrapnel pattern labelled B1. The top of the shrapnel pattern was 5' 9" from the floor and the lowest portion of the pattern was 4' 4" from the floor. A large piece of B1 was tested using DTO and SR and had a negative reaction.

The inside of the FHRC door was labelled C. The opposite side of bullet Defect A2 was photographed. Wood was broken from the frame and back towards the interior of the FHRC.

The external north wall of room IR19 was labelled D. D had four suspected bullet defects labelled D1 – D4. D1 was in the upper left corner of the wall and after closer inspection did not appear to be a bullet defect. D1 did not test positive in presumptive tests for lead and copper indicating it was most likely not related to the shooting. D2 was 4'5" from the floor and 7.75" from the left edge of D. D3 went through a sign shaped like a stop sign a quarter of an inch thick made of foam-core material and continued into the wall of D. D3 was 5' from the floor and 1' 7" from the left edge of D. D4 was 5'7" from the floor and 3' from the door frame of room IR19. D5 was located 3'3" from the floor and 2'8" from the door frame of room IR19. A fragmented piece of copper was observed in D4. D1 was believed to be a prior existing hole and was tested using DTO and SR. Both tests had a negative result. D4 was tested using DTO and SR and tested positive using DTO and negative using SR. A cut was put into the wall of D and resulted in the finding of a metal fragment which stopped and rested on the floor inside the wall between D and E. A metal fragment was recovered inside of D4 stopped in the wall. D3 and D4 appeared to travel through to E.

The internal north wall of room IR19 was labelled E. E had three suspected bullet defects labelled E1- E3. E1 was perforated through a framed picture with glass and located 2'2" from

the ceiling and 1'6" from the door frame. E2 was 1'9" from the ceiling and 2'9" from the door frame. E3 was 2'7" from the ceiling and 2'9" from the door frame. E2 was believed to be a prior existing hole and was tested using DTO and SR. Both tests on E2 had a negative result. E1 and E3 appeared to perforate surface E.

The internal south wall of room IR 19 was labelled F. F had two suspected bullet defects labelled F1 and F2. F1 was 4'4" from the floor and 2' from the E wall. F2 was 7' from the floor and 3'7" from the E wall. F2 had a visible piece of projectile imbedded in the wall. F1 appeared to perforate F and F2 had a non-perforating metal fragment recovered in the bullet defect.

The internal north wall of room IR33 was labelled G. G had one suspected bullet defect labelled G1. G1 was 4'3" from the floor and 1 3/4' from a partition in the wall to the west. G1 appeared to be a perforating bullet defect and the wall was not cut.

The internal south wall of room IR33 was labelled H. H had one suspected bullet defect labelled H1. H1 was 2'8" from the floor and 1'5" from the east wall. H1 did not have an exit hole on the external wall in the hallway. The wall was cut and a metal fragment was recovered imbedded in a third layer of sheetrock within wall H.

The external wall of room IR34 was in a hallway south of room IR33 and was labelled I. It had seven suspected bullet defects labelled I1 – I7. I1 was located 6'4" from the floor and 1'2" from the door frame of room IR34. I2 was located 5'1" from the floor and 10.5" from the door frame of room IR34. I3 was located 3'8" from the floor and 5" from the frame of room IR34. I4 was located 3'1" from the floor and 1'2" from the frame of room IR34. I5 was located 2'9" from the floor and 11.5" from the frame of room IR34. I6 was located 1'7" from the floor and 1'4" from the frame of room IR34. I7 was located 1'6" from the floor and 2'7" from the frame of room IR34. Bullet defects I1 – I5 appeared to be perforating through wall I. A hole in the wall was cut to view I6 and I7. One metal fragment was recovered inside I behind I7 imbedded in a piece of metal duct. Another metal fragment was recovered on the floor inside wall I believed to be associated to I6. A dent in the metal duct was observed in line with I6.

The internal north wall of room IR34 was labelled J. J had five suspected bullet defects labelled J1 – J5. J1 was located 6'4" from the floor and 1'1 3/4" from the door frame of IR34. J2 was located 5'1" from the floor and 10.5" from the door frame of IR34. J3 was located 3'8" from the floor and 5.5" from the door frame of IR34. J4 was located 3' from the floor and 1'3" from the door frame of IR34. J5 was located 2'9" 1'1" from the door frame of IR34. J1-J5 were perforating through J.

The internal east wall of room IR34 was labelled K. K had one suspected bullet defect labelled K1 located in a printer on a desk against the wall. The printer was an HP Color Laser Jet Enterprise M553, SN: JPBCJ3W1H8. The location of the printer in the room was 2'4" from the floor and 3' from the north wall. The size of K1 was approximately 85mm long and 25mm wide. K1 had a metal fragment removed from inside the printer.

The south wall of room IR34 was labelled L. L had four suspected bullet defects labelled L1 – L4. L1 was located 2'6" from the ceiling and 7'6" from a partition to the west. L2 was located 3'3" from the ceiling and 6'8" from the partition to the west. L3 was located 5'7" from the ceiling and 7'8" from the partition to the west. L4 was located 6'3" from the ceiling and 8'1" from the partition to the west. Several viewing holes were cut into wall L. There was a concrete wall on the other side of L and five metal fragments were discovered in wall L on the floor.

The west side of the hallway from the main entrance of the FHRC to IR34 had a scale along the west wall which was labelled M. M had one suspected bullet defect labelled M1. The scale was a Scale Tronix brand scale with a SN: of 5002 – 24303. The right side of the scale was located 5'3" from the corner of wall D. M1 was located in a metal railing of the scale on the rail closest to IR34. M1 was 2" from the floor. M1 perforated the railing on one side and left a dent where it failed to perforate the opposite side of the railing. The railing was removed and resulted in the recovery of several large pieces of metal and many small fragments resting where the railing met the scale.

The west side of the hallway from the main entrance of the FHRC to IR34 was labelled N. N had a suspected bullet defect labelled N1. N1 was 2'4" from the floor and 8' ¾" from the corner of wall D. N1 was tested using DTO and SR and tested positive for DTO and negative for SR.

There was a medical cart with supplies believed to be in front of wall I at the time of the shooting. The cart was located west of IR34 at the time of crime scene processing and was moved as Security Forces and Dayton Police Department cleared the FHRC. Tiny fragments of blue fiber consistent with a blue cloth were on the floor in the hallway as well as broken pieces of red plastic from bins located on the medical cart. The cart was not able to be accurately placed where it may have existed at the time of the shooting.

Ballistic rods were used inside the bullet defects along with strings in an effort to show potential trajectory of the projectiles. Due to many of the bullet defects being elongated, projectiles were most likely tumbling and entered the walls sideways or were altered by another external force such as striking the window, walls or the medical cart. The results of the stringing show a potential route of travel for the projectile based on the bullet defect in the wall and should be taken as an estimate and a possible route of travel only.

AFOSI collected all evidence and equipment and exited the scene. AFOSI departed the scene and returned to AFOSI 10 FIS, 5215 Thurlow St, building 70, WPAFB, OH, to log and secure all items of evidence.

2-71. On 3 Aug 18, Lt Col (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH, provided a signed statement (Exhibit 30), which SA (b)(6);(b)(7)(C) reviewed. The statement essentially relayed the following information: (b)(6);(b)(7)(C) was in the FHRC in room 11R37 when she heard the WPMTF intercom page regarding a "real world active shooter." She ensured the clinic was locked down

and patients were safe, and barricaded the doors to her room. (b)(6);(b)(7)(C) heard glass break and someone yelled "security forces, come out, this is your last chance." She overheard someone yell "all clear, you can come out," but was confused by the meaning. She later heard DPD near the ER, but she was unsure if they were really DPD. She remained hidden even when police officers entered her room and did not see her under her desk, as she was unconvinced they were 88 SFS members. She only exited when she heard the call for an evacuation.

2-72. On 3 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) who, on 6 Aug 18, provided a signed, sworn statement (Exhibit 31) relaying the following information: On 2 Aug 18 just prior to noon, (b)(6);(b)(7)(C) responded to the BDOC for a planned base active shooter exercise. The exercise scenario consisted of a shooting at the Kitty Hawk Chapel, and (b)(6);(b)(7)(C) positioned himself at the BDOC to direct his exercise response forces. Approximately 30 minutes after the exercise began, the BDOC received a call from the WPAFB Fire Department relaying they received a (b)(6);(b)(7)(C) call from a female who was possibly injured near the WPMTF and whose phone possibly died before they could obtain more information. (b)(6);(b)(7)(C) confirmed with (b)(6);(b)(7)(C) that the call was not related to an exercise inject, so the BDOC directed a patrol to respond to the area. After confirming the call related to the injury was "real world," (b)(6);(b)(7)(C) turned his attention back to the exercise scenario. At 1240 hours, BDOC received a call from the ER for a possible active shooter in the WPMTF. (b)(6);(b)(7)(C) again confirmed with (b)(6);(b)(7)(C) there was no exercise injects at the WPMTF. BDOC started to hear communication from the exercise Incident Command, who relayed they heard reports of an active shooter at the WPMTF. (b)(6);(b)(7)(C) told (b)(6);(b)(7)(C) and the BDOC controllers to pause the exercise and respond to the WPMTF. Because (b)(6);(b)(7)(C) believed the situation was a miscommunication due to the ongoing active shooter exercise, he remained at BDOC and did not respond to the WPMTF to establish Incident Command with the Fire Department. Initial responders were unable to determine if there was an actual active shooter, and the decision was made on scene to treat the situation as a real world active shooter incident. Incident Command moved from the Kitty Hawk Chapel to the WPMTF, and BDOC controllers began running the active shooter quick reaction checklist. (b)(7)(E)

(b)(7)(E) BDOC started receiving calls from WPMTF personnel whom were sheltered in-place. There was confusion about the exact location of the active shooter threat, and BDOC heard it was at the WPMTF FHRC. As SFS units responded, BDOC heard reports of a barricaded suspect somewhere in the facility, and the on-scene commander, (b)(6);(b)(7)(C) requested assistance from Dayton Police Department Special Weapons and Tactics (SWAT) Team due to the possible barricaded suspect. (b)(6);(b)(7)(C) believed SFS only requested assistance from Dayton SWAT and Montgomery County Sheriff's Office. BDOC was not aware at the time that an emergency call was placed from inside the WPMTF to local law enforcement with a request for immediate assistance at WPAFB, OH from all local law enforcement departments. The Incident Command on-scene soon received more local law enforcement than could be employed with little notice. One BDOC controller, (b)(6);(b)(7)(C) was on the phone with a female who barricaded herself in her office. During the call, (b)(6);(b)(7)(C) heard several shots, and responders reported shots fired at the same time. (b)(6);(b)(7)(C) monitored the radio traffic while responders cleared the facility and relayed information to Col (b)(6);(b)(7)(C) 88th Mission

Support Group (MSG), WPAFB, OH and Wing Leadership at the Emergency Operations Center (EOC). At some point, BDOC was notified either by radio or phone that an 88 SFS member fired the shots. (b)(6);(b)(7)(C) directed (b)(6);(b)(7)(C) to find out who fired their weapon. After receiving two calls from (b)(6);(b)(7)(C) inquiring about the identity of the shooter, (b)(6);(b)(7)(C) put out a net-wide message for whomever fired a weapon to identify themselves. (b)(6);(b)(7)(C) immediately identified himself as the shooter. (b)(6);(b)(7)(C) directed (b)(6);(b)(7)(C) to put (b)(6);(b)(7)(C) on the phone with him, and (b)(6);(b)(7)(C) asked (b)(6);(b)(7)(C) what happened. (b)(6);(b)(7)(C) stated he was clearing the clinic and came to a locked door with a glass window. After the team was unable to break the window, "the TSgt in S2I said to shoot through it," and he did. (Agent Note: S2I is the office symbol for SFS Investigations Section.) (b)(6);(b)(7)(C) contacted (b)(6);(b)(7)(C) and relayed the information about the shots fired. MSgt (b)(6);(b)(7)(C) Anti-terrorism/Force Protection, 88 SFS, WPAFB, OH contacted BDOC to report (b)(6);(b)(7)(C) was injured during the shooting. It was later determined (b)(6);(b)(7)(C) was hit with fragments after (b)(6);(b)(7)(C) fired his weapon. (b)(6);(b)(7)(C) received medical treatment and was released. (b)(6);(b)(7)(C) relocated to the WPMTF with CMSgt (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, who joined (b)(6);(b)(7)(C) in BDOC after the shooting. At the WPMTF, (b)(6);(b)(7)(C) made contact with AFOSI 10 FIS and confirmed AFOSI would be lead on an investigation to determine how the situation became a reported active shooter and the Use of Force by SFS. (b)(6);(b)(7)(C) then proceeded to the Crisis Action Team to represent SFS.

In addition to his written statement, (b)(6);(b)(7)(C) verbally related the following information: (b)(6);(b)(7)(C) found out during after-action meetings that the WPMTF was running a local exercise inject which included 10 exercise patients walking into the Emergency Room with injuries at the same time SFS was running the active shooter exercise. (b)(6);(b)(7)(C) stated no one from the WPMTF called BDOC to report they were starting an exercise. (b)(6);(b)(7)(C) stated Col (b)(6);(b)(7)(C) Inspector General, 88 ABW, WPAFB, OH had the master list of exercise injects. (b)(6);(b)(7)(C) stated approximately 20 minutes expired before BDOC was notified a SFS member fired the shots. (b)(7)(E)

(b)(7)(E)  
(b)(7)(E) (b)(6);(b)(7)(C) was not sure how the code was activated. (b)(6);(b)(7)(C) stated SFS completed an accountability audit of their ammunition and confirmed no other rounds were fired.

2-73. On 3 Aug 18, SA (b)(6);(b)(7)(C) interviewed Civ (b)(6);(b)(7)(C) WPMTF Security Manager, WPAFB, OH at the Readiness Office, WPMTF, WPAFB, OH. (b)(6);(b)(7)(C) provided a signed, sworn statement (Exhibit 32) on 9 Aug 18, which relayed the following information: On 2 Aug 18, (b)(6);(b)(7)(C) role in the exercise was to brief patient volunteers, and explained how they were to behave during the exercise. The exercise at the Kittyhawk Chapel, WPAFB, OH, began seven minutes earlier than scheduled (1153). At 1156, the patients participating in the exercise portion at the WPMTF arrived outside of the ER. (Agent Note: (b)(6);(b)(7)(C) verbally explained that this portion was intended to simulate the arrival of patients in a "real world" active shooter incident, which typically occurs with the help of civilian "Do-gooders" driving injured individuals to hospitals unannounced.) The

patients were instructed not to bang on the ambulance entry doors hard, not to scream loudly, and not to use the word "shooter." They were not visible to anyone that (b)(6);(b)(7)(C) could see. Once they began banging on the door to be let in, the ER staff who participated in the exercise responded quickly, and escorted the "patients" through the ER to the back hallway outside of the ER. While the ER staff worked on the "patients," (b)(6);(b)(7)(C) walked into the atrium and briefed those present that they were conducting an exercise, and not to be alarmed by sights or sounds. (b)(6);(b)(7)(C) noted all visible visitors responded and shook their heads or nodded. Some "patients" were escorted down the hall to the FHRC, where staff there were prepared to treat minimally injured "patients." Once they arrived at the FHRC, the doors were locked for the exercise active shooter, and a technician let them in.

At 1229, (b)(6);(b)(7)(C) received a text message from Civ (b)(6);(b)(7)(C) 88 ABW Inspector General's Office (IG), WPAFB, OH, and SSgt (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH, who inquired about a real-world injured patient screaming outside of the ER.. They asked if (b)(6);(b)(7)(C) went off-script with one of the patients. (b)(6);(b)(7)(C) relayed that they had not, and he went to the front of the WPMTF to investigate the situation. Upon arrival in front of the ER, he did not observe anyone who fit that description. At 1230, (b)(6);(b)(7)(C) relayed that 88 SFS members were being dispatched to the WPMTF to investigate the screaming female. Chief (b)(6);(b)(7)(C) Fire Department, WPAFB, OH, arrived. A few minutes after his arrival, they heard over the radio that there was an active shooter in the WPMTF. 88 SFS members arrived on-scene and entered the WPMTF to clear for a real world active shooter incident. At 1247, (b)(6);(b)(7)(C) texted (b)(6);(b)(7)(C) and relayed that shots had been fired in the FHRC. (b)(6);(b)(7)(C) instructed an unidentified 88 SFS member to validate that none of his teams fired any shots. The unidentified 88 SFS member confirmed they had not. During the exercise, there was no time that the exercise patients were not under the control or supervision of (b)(6);(b)(7)(C) or other response team members.

(b)(7)(D)

2-75. On 6 Aug 18, SA (b)(6);(b)(7)(C) briefed Lt Col (b)(6);(b)(7)(C) 88 ABW/SJA, WPAFB, OH on the facts and circumstances of the investigation.

2-76. On 6 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) at AFOSI 10 FIS, WPAFB, OH, who provided a signed sworn statement (Exhibit 34), essentially relaying the following information: On 2 Aug 18, (b)(6);(b)(7)(C) participated as a mock patient for the active shooter exercise at the WPMTF, WPAFB, OH. (b)(6);(b)(7)(C) was in an exam room later identified as IR34 when the announcement of real world active shooter come across the WPMTF intercom. (b)(6);(b)(7)(C) initially came into (b)(6);(b)(7)(C) room, locked the door and then left. (b)(6);(b)(7)(C) returned to the room and told (b)(6);(b)(7)(C) to go to (b)(6);(b)(7)(C) office with her and (b)(6);(b)(7)(C) and

then (b)(6);(b)(7)(C) continued to do work on her office computer. (b)(6);(b)(7)(C) noticed (b)(6);(b)(7)(C) was alerted by an unknown announcement on her computer at which point (b)(6);(b)(7)(C) went out into the hallway to alert other individuals. (b)(6);(b)(7)(C) came into (b)(6);(b)(7)(C) room at which point they locked the door, turned off the lights, and barricaded the door with an arm chair. (b)(6);(b)(7)(C) stated five bullet shots were fired through the wall and almost hit (b)(6);(b)(7)(C). (b)(6);(b)(7)(C) heard SFS members in the hallway yell police, open the door. (b)(6);(b)(7)(C) was requested to take a photo of the wall by (b)(6);(b)(7)(C) saw a blood spot on the ground at an unknown location and was escorted to the Wright-Patterson Club, WPAFB, OH.

In addition to her written statement, (b)(6);(b)(7)(C) verbally relayed the following information: (b)(6);(b)(7)(C) took photos of the wall inside the room they were located in. (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

2-77. On 7 Aug 18, SA (b)(6);(b)(7)(C) reviewed a statement given to TSgt (b)(6);(b)(7)(C), 88 SFS, WPAFB, OH, by (b)(6);(b)(7)(C) which relayed the following: On 2 Aug 18 at approximately 1240, (b)(6);(b)(7)(C) was dispatched to the active shooter at WPMTF and arrived on scene with (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) SrA (b)(6);(b)(7)(C) TSgt (b)(6);(b)(7)(C) and A1C (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH. They dismounted the van and entered the through the clinic side of the WPMTF. They stacked on a locked door, (b)(6);(b)(7)(C) heard Inv (b)(6);(b)(7)(C) shout "shoot the mother fucking door." (b)(6);(b)(7)(C) stepped out of the stack and fired three shots into the door. Shortly after, the door was unlocked from inside and they continued to clear the WPMTF.

2-78. On 7 Aug 18, SA (b)(6);(b)(7)(C) reviewed a statement given to (b)(6);(b)(7)(C) by (b)(6);(b)(7)(C) which relayed the following: On 2 Aug 18 at approximately 1240, (b)(6);(b)(7)(C) responded to an active shooter threat at the WPMTF. (b)(6);(b)(7)(C) made entry to the side doors nearest the FHRC with several 88 SFS members. There were already 88 SFS members present clearing the WPMTF. Several Security Forces members (b)(6);(b)(7)(C) entered the WPMTF with joined the team down the hall. They were stacked on both sides of the door in the FHRC (b)(6);(b)(7)(C) was across from the door. (b)(6);(b)(7)(C) was near the entryway by the stairwell and watched another hallway across from her. The door the other members were stacked on was locked and (b)(6);(b)(7)(C) heard banging on the door to open it. (b)(6);(b)(7)(C) heard (b)(6);(b)(7)(C) and another male shout at (b)(6);(b)(7)(C) to "shoot the fuckin door." Immediately after, (b)(6);(b)(7)(C) heard 4 shots fired and smoke came from that doorway. 88 SFS members cleared the FHRC. (b)(6);(b)(7)(C) stayed at her location to secure the hallway and stairwell. MSgt (b)(6);(b)(7)(C) TSgt (b)(6);(b)(7)(C) SSgt (b)(6);(b)(7)(C) A1C (b)(6);(b)(7)(C) 88 SFS, WPAFB, OH, stacked with (b)(6);(b)(7)(C) and they proceeded up the stairwell to help clear the second floor.

2-79. On 7 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) conducted a follow up interview of (b)(6);(b)(7)(C) (Refer to Para 2-16) at 88 SFS, WPAFB, OH, who verbally provided the following: On 2 Aug 18, (b)(6);(b)(7)(C) responded to the WPMTF for a real world active shooter. He parked behind (b)(6);(b)(7)(C) vehicle and entered the hospital through the ER. (b)(6);(b)(7)(C) went to the second floor and began clearing the hospital with other SFS members. (b)(6);(b)(7)(C) then reported an active shooter in the Red Clinic over the radio. (b)(6);(b)(7)(C) went downstairs to the FHRC and joined approximately 20 others trying to make entry to the FHRC. (b)(6);(b)(7)(C) stood to the left of the clinic entrance. He tried the right main door and told the others it was locked. (b)(6);(b)(7)(C) was not sure who but believed he heard (b)(6);(b)(7)(C) or the new NCOIC (identified as (b)(6);(b)(7)(C)) of Security Forces Office of Investigations (SFOI) say to shoot the door. (b)(6);(b)(7)(C) tried to hit the window in door with the barrel of his M4 but the glass did not break. Before (b)(6);(b)(7)(C) could strike again, (b)(6);(b)(7)(C) fired his M4 at the window. (b)(6);(b)(7)(C) saw a red flash on his weapon and stepped back to the left. He saw bullet holes in the glass, punched the window with his left hand, and opened the door. (b)(6);(b)(7)(C) made entry and began clearing the Red Clinic. (b)(6);(b)(7)(C) did not remember how many bullet holes were in the window before he broke it. (b)(6);(b)(7)(C) heard approximately three to four rounds fire but could not specify how many due to how loud the shots were. Later on, (b)(6);(b)(7)(C) realized a round hit his upper receiver and damaged the gas tube. (b)(6);(b)(7)(C) was unable to identify which shot struck his M4 (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

When arriving at the FHRC, (b)(6);(b)(7)(C) did not see anyone or hear anything that would have indicated an active shooter situation. However while sweeping the hospital, (b)(6);(b)(7)(C) heard an active shooter was reported in the FHRC from BDOC over the radio, numerous "duress" alarms coming from SFS radio networks and the PA system reporting (b)(7)(E) in the hospital, lead (b)(6);(b)(7)(C) to believe the entire situation as a real world event. (Agent Note: SFS members have a duress button on their radio. If the duress alarm on an SFS radio is pushed it sends an emergency tone across the SFS network indicating an SFS member is in trouble).

2-80. On 7 Aug 18, Civ (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH, provided a signed, sworn statement (Exhibit 35), which SA (b)(6);(b)(7)(C) reviewed. The statement essentially relayed the following information: (b)(6);(b)(7)(C) participated in the practice exercises on 2 Aug 18. He then heard an announcement for a "real world (b)(7)(E) He locked the office door, and heard banging outside the door, but was unable to determine if the noises were gun shots or pounding on walls. He heard episodes of commotion followed by lulls of silence, as well as two instances of glass breaking. He noted the loudest noises were several shots, which also knocked out the power to his computer. He determined the noises outside were 88 SFS members based on the voices, content of the conversations, and chatter from the walkie-talkies. He was instructed to raise his hands and exited, where he was then escorted outside and told to run to the Wright-Patterson Inn, WPAFB, OH.

2-81. On 7 Aug 18, Civ (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH, provided a signed, sworn statement (Exhibit 36), which SA (b)(6);(b)(7)(C) reviewed. The statement essentially relayed

the following information: On 2 Aug 18, she participated in the exercise active shooter drill in the FHRC with Civ (b)(6);(b)(7)(C), 88 MDOS, WPAFB, OH, and A1C (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH. She overheard (b)(7)(E) "this is not a drill." They turned off the lights and placed the crash cart in front of the door, but were unable to lock the door from the inside. They were unable to find direct cover, and took cover behind a gurney. They heard loud noises, and then four to five men in camo gear entered with guns raised and pointed at them. They did not identify themselves. (b)(6);(b)(7)(C) was instructed to raise her hands and leave the room. They were then instructed to exit the FHRC and went to the parking lot.

2-82. On 7 Aug 18, (b)(6);(b)(7)(C) provided a signed, sworn statement (Exhibit 37), which SA (b)(6);(b)(7)(C) reviewed. The statement essentially relayed the following information: (b)(6);(b)(7)(C) was in the FHRC with (b)(6);(b)(7)(C) conducting training for the base exercise. The exam room door was closed due to the drill (b)(7)(E) for the exercise. She then heard "real world, (b)(7)(E) two times over the intercom. They turned off the lights and sat on the floor. She heard loud noises and a man shout to call 911. She then heard banging, followed three gunshots from outside the room. She overheard people checking rooms, yelling "closed door, locked." Her door was opened, and a man stated "opened door, get back," followed by the entrance of three or four people in uniform with large guns who told them to get into the hallway. She saw and smelt smoke, and was led into the parking lot to the Wright-Patterson Inn.

2-83. On 7 Aug 18, Civ (b)(6);(b)(7)(C) 88 MDOS, WPAFB, OH, provided a signed, sworn statement (Exhibit 38), which SA (b)(6);(b)(7)(C) reviewed. The statement essentially relayed the following information: On 2 Aug 18 at 1230, (b)(6);(b)(7)(C) exited the breakroom of the FHRC to assist with the exercise active shooter drill. At 1240, (b)(6);(b)(7)(C) ran into room 1R11, where (b)(6);(b)(7)(C) was, and stated it was a real life active shooter. They shut the door and locked it. (b)(6);(b)(7)(C) heard gun shots and a lot of banging and yelling. (b)(6);(b)(7)(C) spoke with 88 SFS members on the phone, and told them where she and (b)(6);(b)(7)(C) were located. The 88 SFS member on the phone relayed it was 88 SFS members at the door, and (b)(6);(b)(7)(C) opened the door. The 88 SFS members led them into the hallway and outside to be checked and cleared and sent to the Wright-Patterson Inn.

2-84. On 7 Aug 18, (b)(6);(b)(7)(C) provided a signed, sworn statement (Exhibit 39), which SA (b)(6);(b)(7)(C) reviewed. The statement essentially relayed the following information: On 2 Aug 18, at approximately 1235, after participating in the base exercise active shooter drill, she heard that there was a real life active shooter on base. (b)(6);(b)(7)(C) yelled "real life, take cover, barricade yourselves." (b)(6);(b)(7)(C) ran to FHRC room 1R11 with (b)(6);(b)(7)(C) and locked the office door. She called 88 SFS and 911 for help.

2-85. (b)(6);(b)(7)(C) **Interview:** On 8 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C), AFOSI 10 FIS, WPAFB, OH, interviewed (b)(6);(b)(7)(C) at AFOSI 10 FIS, who, following Article 31 rights advisement, declined legal counsel. (b)(6);(b)(7)(C) verbally relayed the following information: (b)(6);(b)(7)(C) was at the squadron armed and prepared to begin his shift on 2 Aug 18. (b)(6);(b)(7)(C) was prepared for an exercise to occur during his shift and was standing by in the training room

when he was driven to the WPMTF to respond to a report of a real world active shooter. (b)(6);(b)(7)(C) entered the WPMTF through the revolving door entrance by the FHRC and took a position on the right side of the hallway at the door. (b)(6);(b)(7)(C) was the first or second person on the right side of the door and heard through the radio the shooter was inside the FHRC. (b)(6);(b)(7)(C) believed the team was stacked on the door for about a minute and were not able to get into the FHRC because the door was locked. The team attempted to gain access, and proceeded to hit, pull, and strike the door and window with a rifle, but attempts were unsuccessful. (b)(6);(b)(7)(C) heard 88 SFS members state "shoot the door" and it was repeated by other 88 SFS members around him. (b)(6);(b)(7)(C) stepped in front of the door from the right to face the door, aimed at the midpoint of the window, and fired his M-4 what he believed to be three times. (b)(6);(b)(7)(C) saw there was no one on the other side of the door before he fired his M-4 and told (b)(6);(b)(7)(C) to move over as he fired. (b)(6);(b)(7)(C) originally considered aiming for a lock on the door but deemed it would be unsuccessful and could cause injuries to his team. (b)(6);(b)(7)(C) did not observe any other SFS members attempting to shoot the window or break it when he fired. (b)(6);(b)(7)(C) heard several times it was a real world active shooter in the FHRC before firing at the window. (b)(6);(b)(7)(C) did not hear gunfire or see a shooter before firing but did not know the type of weapon being used or if the shooter may have had a silencer. (b)(6);(b)(7)(C) felt calm during his response to the WPMTF and felt like he was trained for the situation. (b)(6);(b)(7)(C) concern on scene when he responded was stopping the threat and to prevent the loss of lives from an active shooter. (b)(6);(b)(7)(C) believed with the information he had at the time he had to gain access to the FHRC quickly and felt since other methods failed, shooting the window was the only option available. (b)(6);(b)(7)(C) was armed with an M-4, M-9 Beretta, radio and Oleoresin Capsicum (OC) spray. (b)(6);(b)(7)(C) team did not have a breaching kit and the van they arrived in also did not contain a breaching kit. After making entry to the FHRC, (b)(6);(b)(7)(C) did not see any holes in the wall of the FHRC because he was focused on finding the threat and evacuating bystanders. (b)(6);(b)(7)(C) was familiar with the M-4 weapons system and described the M-4 as a high powered weapon capable of shooting far. (b)(6);(b)(7)(C) estimated he had qualified twice with the M-4, was current on training and took use of force training in the last few months. (b)(6);(b)(7)(C) provided a sketch of the door where they took a position outside of the clinic prior to breaching (Exhibit 40).

2-86. On 8 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) advised Inv (b)(6);(b)(7)(C) of his Article 31 rights, and he declined to make a statement without an attorney present. The interview was terminated.

2-87. On 9 Aug 18, SA (b)(6);(b)(7)(C) reviewed a statement (Exhibit 41) provided by (b)(6);(b)(7)(C), relating the following information: On 2 Aug 18 at approximately 1240, a radio call stated there was an active shooter at the base hospital. At the time, (b)(6);(b)(7)(C) was the incident commander for the 88 ABW active shooter exercise with (b)(6);(b)(7)(C) and MSgt (b)(6);(b)(7)(C), 88 SFS, WPAFB, OH. (b)(6);(b)(7)(C) conferred with (b)(6);(b)(7)(C) to see if the call was part of the exercise or an improperly used exercise inject. (b)(6);(b)(7)(C) did not have any information about the call. (b)(6);(b)(7)(C) and the exercise responders determined a real world response was required. (b)(6);(b)(7)(C) left the exercise area and drove to the base hospital emergency room. (b)(6);(b)(7)(C) (b)(6);(b)(7)(C), 88 SFS, WPAFB, OH entered the emergency room, and the medical staff did not have any information about an active shooter nor know why 88 SFS was contacted. (b)(6);(b)(7)(C)

called the BDOC to ask (b)(6);(b)(7)(C) if there was more information about the active shooter call. During the call, the base hospital public address system was broadcasting a real world active shooter notification, and the facility was locked down. At the end of the call, (b)(6);(b)(7)(C) felt the situation was most likely not a real world situation, but that SFS should initiate sweeps of the hospital until the information could be verified. (b)(6);(b)(7)(C) left the emergency room and briefed AFOSI and Fire Department Dispatch on the decision to go ahead with the sweeps of the facility. (b)(6);(b)(7)(C) took a team and started sweeps of the first floor. (b)(6);(b)(7)(C) and several teams proceeded past the medical lab to the main elevators and began a sweep of the second, third, and fourth floors. While preparing to sweep the fourth floor, (b)(6);(b)(7)(C) heard the radio call stating shots were fired on the first floor. (b)(6);(b)(7)(C) proceeded to the FHRC on the first floor, and he could smell and see gun smoke in the air. A team swept the FHRC, and it was relayed to (b)(6);(b)(7)(C) a SFS member shot the window on the door to enter the area. (b)(6);(b)(7)(C) attempted to determine why the team decided shoot the window. (b)(6);(b)(7)(C) concern was a possible active shooter in the FHRC, and the SFS team attempted to engage them. While (b)(6);(b)(7)(C) worked to determine what happened, Dayton Police Department entered the WTMF and pushed past (b)(6);(b)(7)(C). He stopped the team and briefed them on current information. The DPD team was attempting to take a team to secure (b)(6);(b)(7)(C) the labor and delivery section. (b)(6);(b)(7)(C) believed if there was a threat in the hospital, it would be in the FHRC, and he directed SFS members to hold the entrances. (b)(6);(b)(7)(C) then moved between the main hospital entrance and the clinic to continue coordination of the sweeps and obtain master keys to the hospital. (b)(6);(b)(7)(C) then received information about a 911 call relaying the "shooter" was inside room 1R11, in the FHRC. (b)(6);(b)(7)(C) took a team, entered room 1R11, and removed two females from the room. (b)(6);(b)(7)(C) gave building keys to (b)(6);(b)(7)(C) and directed him to finish clearing the FHRC with a mixture of Dayton PD and SFS members. (b)(6);(b)(7)(C) spoke to (b)(6);(b)(7)(C) who stated he fired his rifle to make entrance into the FHRC after he was ordered to do so by (b)(6);(b)(7)(C). After the facility was cleared, (b)(6);(b)(7)(C) coordinated with the Fire Department, local police, and AFOSI to give an all clear announcement and evacuated the hospital. SFS then released local law enforcement and set up the FHRC for an investigation into the shots fired.

2-92. On 13 Aug 18, SA (b)(6);(b)(7)(C) conducted a review of the WPAFB Fire Department radio and call logs. The review disclosed the following information: The audio files pulled from the Fire Dispatch system were a series of six audio files in varying length. The audio files were a combination of all Fire radio and telephone conversations. Due to how they were provided no times could be approximated as the files would play each transmission from multiple sources. Some of these transmissions could be heard in the background happening simultaneously as the previous transmission. The review disclosed the following additional information: WPAFB Fire and 88 SFS were on 911 calls together and were able to assist each other in hearing 911 callers as one side had difficulty communicating with 911 callers reporting an active shooter in the

FHRC. Following the report of shots fired, approximately 30 off base law enforcement personnel rushed into the WPMC and the Fire Chief reported the Incident Command had lost full control of the Law Enforcement assets. At 1357 of WPAFB Fire's WPAFB 3 10830 Shooter Event 02 Aug 2018 audio file, Fire reported all floors were swept in the hospital, zero victims were found and zero shooters were identified.

2-93. On 16 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed Civ (b)(6);(b)(7)(C) and Civ (b)(6);(b)(7)(C) 788 Civil Engineering Squadron/Dispatch, WPAFB, OH at Bldg 146, Fire Station 1, WPAFB, OH. (b)(6);(b)(7)(C) was working on 2 Aug 18 as the certified dispatcher during the reports of the active shooter at WPMC. (b)(6);(b)(7)(C) was working with (b)(6);(b)(7)(C) and was being trained as dispatcher at the time of the incident. (b)(6);(b)(7)(C) were first made aware of a report of an active shooter when Chief 2, Civ (b)(6);(b)(7)(C) 788 CES, Assistant Fire Chief, WPAFB, OH notified them of a report of an active shooter at WPMC. (b)(6);(b)(7)(C) did not have any 911 calls come through fire dispatch at this time and dispatched fire based on the information provided by (b)(6);(b)(7)(C).

2-94. On 16 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) at AFOSI 10 FIS, WPAFB, OH, who verbally provided the following information: (b)(6);(b)(7)(C) was at the Chapel running a unified command with (b)(6);(b)(7)(C) during the active shooter exercise. (b)(6);(b)(7)(C) noticed two SFS patrols depart quickly and asked (b)(6);(b)(7)(C) where they were going. (b)(6);(b)(7)(C) heard from (b)(6);(b)(7)(C) that they were going to a real world response at the hospital. Following (b)(6);(b)(7)(C) departure from the exercise, (b)(6);(b)(7)(C) heard an active shooter transmission over SFS's radio. (b)(6);(b)(7)(C) radioed the transmission he heard to fire dispatch and went to the WPMTF to assist. (b)(6);(b)(7)(C) acted as the Assistant Fire Chief for the duration of the incident.

2-95. On 16 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) at Building 296, WPAFB, OH who verbally provided the following information: (b)(6);(b)(7)(C) was the incident commander (IC) at the active shooter exercise at the chapel. The exercise was wrapping up and (b)(6);(b)(7)(C) was running through checklists to ensure SFS did not miss any steps. (b)(6);(b)(7)(C) heard "active shooter" over the radio and asked (b)(6);(b)(7)(C) if this was an event for the exercise. (b)(6);(b)(7)(C) checked his master list of injects and stated he did not have anything like that at the hospital and it should be treated as real world. (b)(6);(b)(7)(C) responded to the WPMC and assisted fire in command on the scene. (b)(6);(b)(7)(C) was not aware it was an SFS weapon which was discharged until approximately an hour after the incident was clear.

2-96. On 16 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) at Building 296, WPAFB, OH who verbally provided the following information: (b)(6);(b)(7)(C) worked as NCOIC for Standardization and Evaluation at 88 SFS. (b)(6);(b)(7)(C) was at the active shooter exercise at the chapel on the SFS WIT team observing the SFS exercise response. (b)(6);(b)(7)(C) was asked about the radio traffic from the hospital real world response and verified he did not have any exercise injects at the hospital. (b)(6);(b)(7)(C) advised (b)(6);(b)(7)(C) if it was a 911 call to treat it real world. (b)(6);(b)(7)(C) later learned of the report of an active shooter at WPMC and returned to SFS to arm and went to the WPMC to assist in the real world response.

2-97. On 16 Aug 18, SA (b)(6);(b)(7)(C) and SA (b)(6);(b)(7)(C) interviewed (b)(6);(b)(7)(C) at AFOSI 10 FIS to go over radio transmissions with him from 2 Aug 18 line by line. (b)(6);(b)(7)(C) listened to each transmission and verbally provided the following information: At 1230, (b)(6);(b)(7)(C) was at the base exercise Incident Command (IC) location. At 12:30:31, (b)(6);(b)(7)(C) received the pause-ex instruction for the dispatch of patrols for (b)(6);(b)(7)(C) 911 call. (b)(6);(b)(7)(C) were unsure if this 911 call was a mistaken exercise input or an actual incident. (b)(6);(b)(7)(C) advised (b)(6);(b)(7)(C) (b)(6);(b)(7)(C) he did not have an exercise inject like that planned and should be treated "real world". At 12:37:45, (b)(6);(b)(7)(C) left the exercise IC and went to the ER to see what exactly was happening. (b)(6);(b)(7)(C) believed he was driving in route to the ER when he made the radio transmission, "How is the status of the med group active shooter?" (b)(6);(b)(7)(C) confirmed it was his call sign and his voice but did not realize he made a transmission asking about an active shooter at the WPMTF over the radio until listening to the radio calls. At 12:39, (b)(6);(b)(7)(C) arrived to the ER and spoke to (b)(6);(b)(7)(C). Upon arriving at the ER (b)(6);(b)(7)(C) first heard of a report of an active shooter at the WPMTF but believed it was just confusion.
